STATE CAPITAL
Highlights
AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

Austin, Tex.—In previous presidential nominating years, Texas Democrats have had their hands full with in-the-family fights.
Who would control the Texas delegation to the national convention was often a hotter question than how the entire national convention would go.
But this year the focus is wider. Many Texas Democrats hope and believe that Texas Sen. Lyndon Johnson will be not only a front runner but the winner of the party presidential nomination.
This makes Texas strength in proportion to other states and the number of states going "with" Texas a matter of greatest concern.
In this respect, Texas won a sugar-coated defeat at the National Executive Committee meeting. Rules were changed so that Texas now gets 61 delegate votes out of a total of 1,511 instead of the old formula.
Five extra votes sounds good, but actual effect is to change Texas' share of the total from approximately 4.3 per cent to 4.1 per cent.
GOP FIRES ROUND—Texas Republicans, too, are stirring themselves for the election year ahead.
Legislative committee of the GOP aimed a sweeping broadside at the activities of this year's Legislature. There are no Republican members in what the GOP called "the worst Legislature in Texas history." It accused the "Democratic monopoly session" of spending \$3,000,000 for its salaries, staffs and expenses and enacting a heavy load of so-called "padding" taxes. It also made some uncomplimentary remarks about action or inaction in regard to water law, election law, criminal law, lobby law, etc.
Texas Republicans will probably bear more calls to battle when GOP National Chairman Thurston B. Morton makes a seven-city swing through Texas in November. His theme is to be "Recruit for '60."
IN WITH THE SHOW—Texas' highway building program can keep moving ahead, said State Highway Engineer DeWitt Greer, since federal enactment of a one-cent hike in the gasoline tax promises more funds.
Greer said the expected funds would enable Texas to move at about 75 per cent its present speed. "This will be most helpful," he said, "to keep us on an even keel."
Meanwhile, the Highway Department went about its mammoth business. Low bids totaling \$18,045,080 were tabulated by the Department on road and bridge building projects put up for bids.

NO BONDS, NO BOATS—Highway Department has seaway as well as roadway problems.
Current difficulty involves the state-operated ferry between Galveston Island and Bolivar Peninsula. Owners of submerged land crossed by the ferries obtained a court order requiring the ferry operators to have personal liability bonds against possible damage to the property. Highway Department said that neither the state nor the ferrymen were able to pay for the bonds.
It looked as if the ferries, which carry some 95,000 autos a month, would have to shut down. However, the landowners bringing suit agreed to a stay of enforcement on the court order until Sept. 28 to give time for something to be worked out.
INSURANCE LAW UPHELD—An Austin district court has upheld the constitutionality of a law which authorizes the Board of Insurance to decide whether insurance company management is competent, fit and worthy of public trust.
Mr. and Mrs. Carl Jordan of Dallas, formerly associated with the Great United Life Insurance Co., brought the suit to test the 1955 law.
Since constitutionality of a law is involved, the case may be appealed directly to the State Supreme Court.
GAS TAX TEST AHEAD—Another court test is ahead after national gas pipeline companies make their first payments under the new severance beneficiary tax passed by the Legislature last summer.
Attorneys for gas companies say suits challenging the constitutionality of the act will be filed after the first payments are made in October.
Gas companies won their court battle against the old gas gathering tax a few years back requiring the state to refund the taxes paid.
A dead person may vote, legally, if he mails an absentee ballot and then dies before election day.

Accidental Work Deaths Hit Low

Accidental work deaths hit a record low last year, according to the National Safety Council.
On-the-job accidents last year still accounted for 13,000 fatalities. But even that number was a decrease of 900 from the 1957 figure.
"Accident Facts," the statistical yearbook of the Council, just off the press, lists 1,800,000 disabling work injuries last year—a drop of nearly 100,000 from 1957.
The Council says a decrease in the number of hours worked and a drop in employment contributed to the accident reduction.

Modern Traffic More Deadly Than War

Modern traffic is more deadly than war.
This is revealed in the 1959 edition of "Accident Facts," statistical yearbook published by the National Safety Council.
The booklet shows that 1,265,000 persons have died in this century in motor vehicle accidents.
By comparison, 604,778 Americans have been killed in battle or died of wounds in all this nation's principal wars—from the Revolutionary War through the Korean conflict.

Comic strips are believed to be read by well over half the nation's adults.

Color printing was used as early as 1457 in Germany.

Toughest Driver in Town!
Careful Percy McFidget—who would believe that he's harder on his car than anybody in town? Why, he never goes over 35 or takes a trip over 10 miles!
Actually this kind of driving is very hard on a car engine because the engine seldom gets "warmed up" sufficiently. The oil tends to be sluggish. Sludge forms in the crankcase. The way is open for dangerous wear and corrosion.
But there's something you can do about this, to protect your motor. If you have to do a lot of start-and-stop driving at low speeds, as most of us do, use Trop-Artic Motor Oil. It flows fast . . . resists sludge formation . . . helps your car run better, longer. Get Trop-Artic Motor Oil at any station where you see the Phillips 66 Shield.

Death of Mrs. M. L. Self Removed Another Pioneer of County

Mrs. M. L. Self, who died at her home in Thalia on Sept. 21, 1959, was one of the very few remaining first settlers who still lived in the community.

Mrs. Self's mother died when she was only seven weeks old. She had two sisters and two brothers. Her older sister, who later became Mrs. T. A. Johnson, was only twelve years old when the mother died.

When she was 15 years old, the family came west to the new country. Everyone was talking about the possibilities, which included their horses and a small herd of cattle.

This journey took the family, in covered wagons and on horseback, thirteen days. They settled in the Thalia area.

The Pigg family consisted of three girls: Nannie, who became Mrs. T. A. Johnson; Fannie, who became Mrs. E. D. Shaw; and May; also two boys, W. E. and Charlie, and the father, Mrs. Self was the last living member of this family following the death of her brother, W. E. Pigg of Crowell, a few years ago.

In 1893 May Pigg met and married Mark L. Self, a young man from Missouri who was staying with his half brother, J. H. Self, and family. Seven children were born to Mr. and Mrs. Self, all of whom are living.

Their first home was about one mile south of Thalia on the Covington land now owned by Mrs. O. R. Grimm.

After that they took up some land just south of where the Thalia Cemetery is located. Here they lived in a half dugout and a one-room house. About 1902 they bought the farm, which Mrs. Self still owned, for less than \$5.00 an acre.

"For your information, the Federal Government is the largest electric power producer in the country, the largest insurer, the largest lender, and the largest borrower, the largest landlord and the largest tenant, the largest holder of grazing land, and the largest holder of timberland, and the largest owner of grain, the largest warehouse operator, the largest ship owner, and the largest truck-fleet operator!"

"In this year of prosperity, we are not requiring our government to live within its income from Federal taxes. We are going further into debt, borrowing from future generations, devaluing the dollar more and more in order to obtain more government handouts today!"—Benton, Mo., Democrat.

Cub Scout Pack No. 49 Has Meeting Monday Night

Cub Scout Pack No. 49 observed its regular monthly Pack meeting in the Methodist Church basement on Monday evening with 18 of the 24 Cubs present.

The Webelos Den under the direction of Den Chief M. L. Speer presented the opening ceremony. The opening was a flag folding ceremony and the singing of a Cub Scout song and "America."

In the award ceremony, Cubmaster Carl Hudson and Junior Assistant Cubmaster M. L. Speer presented the following boys with their awards: Junior Carroll, Gold Arrow and 2 Silver Arrows; Larry Hughston, Silver Arrow; Carl W. Hudson, 2 year service star, Gold Arrow, Silver Arrow and Denner stripes; Eddie Carl Browder, 2 Silver Arrows; Bob Shirley Silver Arrow; Glenn Doyle Goodwin, 2 year service star, and Don Bill Statter, 2 year service star.

The closing ceremony was presented by Den 1, under the direction of its Den Mother, Mrs. Carl Hudson. The flag of the United States was presented and the group pledge their allegiance to the flag.

The October theme is "Aesop's Fables," and the October pack meeting will be Nov. 2 at 7 p. m. in the Methodist Church.

Foreign Aid Paying Debts

"Federal foreign aid... has been employed by the United States for a number of years. But what many Americans probably do not know is that American dollars, extended under the prevailing plan, are being used to retire the debts of numerous foreign countries."

Mrs. Roberts stated, "Thanks to those who help carry on our cemetery upkeep. Due to the copious rains we need excess dirt and luckily have had some hauled from the city streets. The caretaker will see to the work needed as soon as the weather and ground will permit. Please give him time."

"We have recently had some work done on our sexton's house, which adds materially to the appearance of our general set-up. Where else in our area can you find a cemetery with a fence such as ours, graded streets, city water, soldiers' marker and a substantial home for a salaried caretaker? All of this is made possible by regular donations from those who care."

"Our rummage sale continues through the fall Saturdays. Bring your clothing to the building on the west side of the square."

Down Town Bible Class

Mrs. W. A. Dunn and Mrs. Bob Thomas of Margaret sang two hymns as duets in the opening exercises of the Down Town Bible Class Sunday morning. They were accompanied by Mrs. Bill Klepper, who also played for the group singing which was led by Rev. Clarence Bounds.

Twenty-three men were present to hear Recie Womack bring the lesson.

Government Used to Run on What Interest Costs Now

Game Violators Now to Be Tried in County Court

All future game violation cases, involving the forfeiture of hunting or fishing licenses, will be filed in county court, according to H. D. Dodgen, executive secretary of the Game and Fish Commission.

The higher courts have held that a justice of the peace is without jurisdiction to try prosecution wherein money penalty and option or forfeiture of license are both involved.

Cases still may be filed in justice court where no license is involved, such as an arrest for fishing with a rod and reel in a home county without a license.

Several counties in Texas already have been filing cases under county court law, according to the director.

Right to Work

"Every man should have the right to work where he should please, when he pleases, and not have to pay tribute for the privilege. Most of the workmen of this country are not union workers and they seem to be doing all right without being governed and controlled by self-appointed heads."

*Agricultural Marketing Service study of selected bakeries showed net profit after taxes at less than one-half cent per pound.

Increased operational costs in the bakery and flour mill are responsible for the higher price of bread, according to the United States Department of Agriculture. A USDA bulletin, "Marketing Margins for White Bread," points out that bread prices have increased 39 per cent in the past 10 years. The study disclosed that the cost of bread ingredients has remained fairly constant during the past decade. The cost of wheat to the miller in 1948 averaged 2.8 cents per pound loaf of bread, and the same in 1958. The cost of flour to the baker rose from 3.5 cents in 1948 to 3.6 cents last year.

The survey shows that the farmer's share of the consumer bread dollar for all agricultural products used in bread has declined from 24 per cent in 1948 to 16 per cent last year.

"The increase in bread prices resulted from the higher costs of labor, transportation and other non-ingredient expenses," the bulletin stated. "Hourly earnings in bread-baking and similar establishments are 33 per cent more than they were 10 years ago. Fringe benefits have increased ninefold."

The baker received 16.2 cents for a pound loaf of bread last year, as an average. The retail margin, according to USDA, was 3.1 cents. The baker retained nine-tenths of a cent as a profit before taxes, less than one half cent per loaf after taxes.

A separate study made by the Department's Agricultural Marketing Service showed that the profits of six leading baking companies have declined 42 per cent on the basis of sales during the 10 year period. Profits decreased from 4 per cent of sales in 1948 to 2.3% last year.

The report stated that "Even if the farmer had donated his wheat, white bread would still have cost consumers about 17 cents per loaf (retail) in 1958."

settled it, Mr. Benson stayed. The next rhubarb was over who would pitch for farmers when Mr. Benson wasn't in the game. Both the National Grange and the Farm Bureau claimed they had been sent to Washington to pitch for farmers.

Out in left field the Farmers Union heckled the Republicans and cheered whenever the Democrats came to bat.

Runs, Hits and Errors

During the more than eight months legislative season the farmers' team had a total of 218 times "at bat," that being the number of farm bills introduced. Some 43 batters got on base by having their bills approved by one of the agriculture committees. All but a few were left stranded.

The first runner over the plate was a bill to prevent the Secretary of Agriculture from ruling on REA loans. Umpire Eisenhower, however, thumbed the runner out with a veto.

The farm team protested and asked Congress to overrule the umpire. The Senate said it was a bum decision, but the House said he had called the play correctly.

The next two runners were the bills to reduce acreage allotments and increase price supports for wheat growers and to freeze tobacco price supports for five years. Again, Mr. Eisenhower ruled that both runners were out at the plate.

The President insisted that he wanted a wheat bill passed this year and sent Mr. Benson to the plate as a pinch hitter. He didn't

Perhaps as good a way as any to describe what happened to farm legislation in the first session of the 86th Congress is to write the story as a baseball writer, raised on the farm, might tell it.

There is no question but that farmers' legislative team finished last in the 1959 Congressional League, along with the Washington Senators in the American League.

President Eisenhower opened the season, as usual, by throwing out the first ball. Congress hadn't finished warming up when the President fired a brand new farm program proposal to the Hill.

Secretary of Agriculture Ezra Benson then went in to pitch for the Administration. The first batter he faced was the House Agriculture Committee. That committee refused to swing at his offering, claiming that he wasn't getting it over the plate.

The same thing happened when he moved over to the other side of the Capitol and made the same pitch to the Senate Agriculture Committee. Mr. Benson left the mound with the count two balls and no strikes.

Trouble on the Mound

Mr. Benson had not much more than sat down on the bench when a dispute arose as to just whose team he was on, anyway. The Secretary insisted that he was on the farmers' team, but there were protests from the stands that he was a ringer; that he really was a pitcher for consumers.

Umpire Eisenhower ruled that he belonged on the farmers' team and refused, despite protests, to thumb him out of the game. That

COMET RICE
Hawaiian Surprise

1 cup Comet Rice
2 tsp. cooking oil
2 tsp. salt
1 small can tomatoes
1 frying size chicken
4 cup finely sliced onion
3/4 cup water
1/4 tsp. pepper
1 small can peas
1 pineapple chunks
1 clove garlic, crushed (optional)
1/4 cup chopped pimento (optional)

Cut the chicken into pieces, brown in hot fat, to which crushed garlic and onion have been added. Add water, cover, and simmer 25 minutes. Add rice, salt and pepper, cover, and continue simmering. Cover tomatoes, and continue stirring occasionally. Add peas, mix thoroughly, and simmer 15 minutes longer, stirring occasionally. Add canned peas, mix thoroughly, and cook uncovered for 5 minutes, or until liquid has evaporated. Serve hot, garnished with pineapple. Serves 4 — complete cooking time 55 minutes.
