Austin, Tex.—About the only cheerful remark heard around Texas Legislative halls of late is, "Think how bad it would be if it weren't air conditioned!"

(House and Senate chambers are cooled this year for the first time, though most of the rest of the Capitol is not as yet.)

Many remember summer sessions in pre-air conditioned days. Scorching extraordinary was the one in 1949 which ran to July 6, longest regular session in Texas history.

Lawmakers and reporters complained that the huge granite blocks in the Capitol walls collected heat like a dutch oven. Coat and tie rules in the legislative chambers added to the misery.

Some observers said that the 1949 Legislature (which also had a tax problem) didn't really quit. It just sort of melted down. A special session was called the next winter to clear up money problems.

For all its comforts, air conditioning hasn't taken the sweat out of passing a tax bill.

Both House and Senate have passed tax bills, and a new conference committee was put to work to try to piece them together. But the floor action preceding passage gave no indication that any of the conflicting groups is ready to give an inch.

House membership is split three ways into (1) those who don't want the majority of new taxes to fall on business, (2) those who don't want a majority to be sales taxes and (3) those who apparently don't want any new taxes.

Each of the first two groups has been able to defeat the other's proposals with the help of the "no-taxers." Hence, despite public impatience and their own weariness, lawmakers have been ensnared in a one-step-forward-and-two-backward pattern.

**SOMETHING OLD, SOMETHING NEW** — Given to the conference committee on taxes were a new bobtailed bill from the House and an old, nearly full-size bill from the Senate.

House bill would raise about \$106,000,000 over two years — about \$70,000,000 less than is needed. Senate bill, designed to raise about \$160,000,000, is the same one passed by the Senate in the first special session. It contains more sales taxes than business taxes which the House refused to accept on the last round.

Cut from the House bill before passage were the \$50 deductible sales tax (a 2 per cent levy on costs over \$50) and the natural gas severance beneficiary tax. Both fell by the wayside in one of the "if you kill my tax, I'll kill yours" sessions.

Remaining in the bill were levies on which the House has been able to agree all along — on cigarettes, liquor, auto sales and corporation franchisees.

"New wrinkles" added were (1) a licensing fee for private clubs that sell liquor and a 10 per cent tax on mixing drinks and (2) a 1.5 per cent sales tax on boats, motors and airplanes.

Bill also contains a provision to cut the sulphur tax from \$1.10 to \$1.03 a ton.

House conferees, none of whom served on the committee last sessions, are Reps. Menton J. Murray

of Harlingen, Frates Seeligson of San Antonio, Wesley Roberts of Lamesa, Joe Ed Winfree of Houston and John Allen of Longview.

Senate conferees include four who served before: Sens. Rudolph Weinert, Dorsey Hardeman, Bruce Reagan and Jimmy Phillips, plus one new member, Sen. Wardlaw Lane.

**SENATE OKAYS BEACH BILL** — After considerable haggling and several close votes, the Senate passed a bill to guarantee public access to public beaches.

Mustang and Padre Islands are exempted from the provisions of the bill. Sen. Bruce Reagan of Corpus Christi, who sponsored the amendment, said that the islands were being developed with a systematic plan for public parks, beaches and recreation areas.

Opponents to the exemption said it would allow at least one-third of the beaches on the islands to be under private control.

As passed by the Senate, the bill does not try to define boundary between state and private land, but simply affirms the public's right to come and go from state beaches by way of roads.

**FEE BILL ADDED TO CALL** — A bill to let state colleges charge a \$30 a semester activity fee got a new lease on life when Gov. Price Daniel submitted it to the Legislature.

Bill had been introduced twice, but fizzled out in the Senate when Sen. Henry Gonzalez challenged it on two points: (1) it was not "within the governor's call" for the session and (2) in order to be reconsidered "within the call," it would have to be regarded as a revenue-raising measure which must originate in the House.

Governor Daniel's action changed this, and the Senate went back to work on the bill. A similar bill was passed by the House last session.

**NO DEADLOCK HERE** — Easiest agreement of the session was on a bill appropriating money to pay legislative expenses.

Both House and Senate gave final passage to a bill transferring \$400,000 from the cigarette tax fund to pay costs of the second special session.

This brings legislative expenses thus far to about \$2,700,000.

**LAND SALE APPROVED** — House passed a bill that would allow the state to sell a tract of about 40 acres just north of the State Hospital in Austin.

State Hospital Board has declared the system does not need the land. Austin city officials would like to see it privately owned so property taxes could be collected on it. Location is such that it could be used for a shopping center.

Bill sets the minimum price at \$1,500,000.

**TEC TO MOVE** — Texas Employment Commission will be the first state agency to move into one of the new buildings being built north of the Capitol.

Beginning July 16, TEC will cart some 686 employees and 11,000 items of furniture and equipment from 11 rented buildings to its new headquarters.

Operation is to continue around the clock and be complete on July 20. Unemployment checks will not be issued July 17, but delay is expected to be made up by end of the next week.

## THIS WEEK -In Washington

With **Clinton Davidson**

Uncle Sam wants to know whether if you farm, you have running water in your hog pen and whether you have a wooden or a metal roof on your chicken house.

The Census Bureau has begun coaching several thousand agents who will be around next fall to ask you those and 181 other questions about your farm and its operation.

That will be the farm census taken every five years. Farmers will be included, again, in the national census to be taken in 1960. Some will receive a third visit in the fall of 1960 just to check on what they've been doing since 1959.

"Some of them," chuckles Ray Hurley, head of the Census Bureau's pollsters, "could be getting pretty sick of us before it is over."

**Mules Left Out**

Uncle Sam doesn't care how many mules you have, at least not to the point of asking. This will be the first time since the farm census began 85 years ago that mules have been dropped from the questionnaire.

Nor will farmers be asked, as they have in the past, whether they have electricity. It really doesn't make much difference, Hurley explained, because we already know that 96 per cent of them have electricity on the farm.

The same questions will not be asked in all parts of the country. Naturally, they are not going to ask a Maine farmer how many bales of cotton he grew, nor will they want to know how many oranges were grown in Minnesota.

Housewives in a dozen Southern states will be asked if they still use a home churn to make butter. The question will not be asked in other states. The count will include, in all states, such household appliances as electric dryers, home freezers and washing machines.

**No Secrets**

Don't, Hurley cautions, try to keep secrets from the census taker. "We want the whole truth and nothing but the truth," he says. "All of the information," he promises, "will be for the use of the Census Bureau only."

None of it will be divulged to such inquisitive people as the tax assessor or the income tax man. The census takers will be sworn to secrecy, too.

Many of the questions will be personal. Census will want to know how much money you made last year and where it came from. It'll want to know, for example, how much you owe your veterinarian, your lawyer, your bank, your hired help and your tax collector.

There is a chance, though, that although the debt questions are on the questionnaire they may not be asked. Hurley admits, "we're having a lot of squawks on that one and we may not be permitted to ask it."

It will take several months after the questions have been asked before the answers can be compiled into a complete report that will give the most accurate picture obtainable of what actually is going on down on the farm.

**States to Spend \$25 Billion in Current Fiscal Year**

The Tax Foundation notes that the 48 states (excluding Alaska) spent \$23.5 billion in the 1958 fiscal year, are likely to spend \$25 billion in the current fiscal year, and around \$27 billion in fiscal 1960.

## Miss Joan Roberts and Lt. Downey Wed at N. J. Roberts Home

In a simple, but dignified and impressive service in the home of her grandparents, Mr. and Mrs. Jack Roberts Sr. of Crowell, Miss Joan Roberts of Fort Worth became the bride of Lt. Merwin L. Downey of Fort Carson, Colo., at 5 p. m. on July 4.

Vows were exchanged before a setting of tall baskets of white gladioli on either side of the picture window. Nuptial music was furnished by Noel Wilkins, at the piano. Paul Manning, minister of the First Christian Church of Crowell, officiated.

The bride, who was given in marriage by her grandfather, Mr. Roberts, was wearing a royal blue Italian silk suit, a halo hat of white feathers and black pumps. She carried a cascade arrangement of white marguerite daisies, showered with white satin ribbons atop a white Bible.

The maid of honor, Miss Anne Collins of Plainview, wore a beige silk shirt maker dress, a small hat of white flowers and white accessories. She also carried a cascade bouquet of white marguerite daisies.

Garland Denton of Crowell and Fort Worth, was best man. The ushers were Jim Davis and Jack Roberts III, brother of the bride,

both of Fort Worth.

Parents of the bride are Mr. and Mrs. Joe Y. Roberts of Fort Worth. Mr. and Mrs. Marvin Downey of Hawley are the parents of the groom.

The wedding was attended by relatives and a few intimate friends of the family.

A reception was held immediately after the ceremony. The serving table was covered with a white linen cut work cloth and centered with an arrangement of white marguerite daisies in a large silver basket. Punch was served from a crystal bowl by Miss Nancy Downey, sister of the groom. After the bride and groom had cut the first slice of cake, the cake was served the guests by Miss Linda Yadon of Fort Worth. The table appointments were all crystal and silver.

Mrs. Joe Roberts, mother of the bride, wore a black and white silk print dress with black accessories. Mrs. Downey chose rose lace with matching accessories for her son's wedding. Mrs. Billie House, maternal grandmother of the bride, wore navy sheer with black accessories. Mrs. Jack Roberts Sr. wore lavender sheer cotton with black accessories. All four wore corsages of white split carnations. The men of the bridal party wore white carnation boutonnières.

When the couple left for the groom's post at Colorado Springs, the bride was wearing a dark checked suit of disciplined cotton.

Both Lt. and Mrs. Downey are graduates of Texas Tech in the class of 1958, and Lt. Downey entered service immediately upon graduation in January, 1958. Mrs. Downey had been employed by Southwestern Bell Telephone Co. in Dallas since her graduation.

Out of town guests for the wedding were:

Mr. and Mrs. Joe Y. Roberts, parents of the bride; Jack Roberts III, brother of the bride; Miss Leona Young, her great aunt; Miss Linda Yadon and Jimmie Davis, all of Fort Worth; Mr. and Mrs. Marvin Downey and Nancy of Hawley, parents and sister of the groom; Mrs. Billie House of Tulsa, grandmother of the bride; C. O. Fritz, Wilmington, Calif., grandfather of the bride; Reid Fritz, Houston, her great uncle; Dr. and Mrs. Tom Ray Roberts and Cynthia Anne, Dallas, Mrs. Jack Roberts Jr. of St. Louis, Mo., and Mrs. Bert Self of Vernon.

Other guests present were Mr. and Mrs. M. L. Hughston, Mrs. John S. Ray, Miss Jean Whitby and H. L. Ayers.

## Merl Kincaid and Mrs. Cummings of Austin Marry in Dallas

Merl Kincaid of Crowell and Mrs. Irwyn C. Cummings of Austin were united in marriage at the Shamrock Shores Church of Christ in Dallas Saturday evening, June 27, at 7:30 o'clock. Curtis Camp, Church of Christ minister, performed the ceremony.

Following the marriage a small reception was held at the home of Mr. and Mrs. Paul Johnson. Cake and fruit punch were served.

Attending the wedding and reception were Mr. and Mrs. Robert Max Cummings of Houston; Mr. and Mrs. Paul Johnson of Dallas, and Robert and Miss Frances Kincaid of Crowell; and Mack Coker of Jacksonville, Texas.

For a wedding trip, Mr. and Mrs. Kincaid went to Florida, and then to Nassau, Bahamas. They will return to Crowell by way of the Southern States and New Orleans. Upon their return, they will reside in Crowell where Mr. Kincaid is president of the Crowell State Bank.

Mrs. Kincaid was formerly a teacher in the Austin Public School System.

**Tea Honors Mrs. Cummings**  
A tea honoring Mrs. Cummings was given at the home of Mrs. W. B. Johnson on Tuesday afternoon, June 16.

Present for the affair were Mrs. Cummings, Miss Frances Kincaid, Mesdames Paul Shirley, J. M. Hill, Jr., Fred Youree, Henry Borchardt, Jack Turner, Hubert Brown, C. R. Seale, and Mrs. Johnson.

### Troop 1 Girl Scouts

The Girl Scouts held their regular meeting on June 26 at the home of their leader, Mrs. Ray Shirley.

The minutes were read and approved and the roll was called. After that, the girls went into the kitchen to make old-fashioned sugar cookies. Refreshments of the cookies the girls made and lemonade were served, and the girls got about 3 or 4 cookies to take home.

The girls met again July 3 at the home of Mrs. R. G. Rasberry. Mrs. Baylor Weathered told the girls about Girl Guides in England. The girls had many questions to ask after Mrs. Weathered finished her talk. Refreshments were served. The girls joined hands, gave the motto, promise and slogan, to close the meeting. —Shirley Mike Rasberry, reporter.

### Thalia H. D. Club

The Thalia Home Demonstration Club met July 2 in the home of Mrs. W. G. Chapman. Collect for club women was the opening exercise. Mrs. Robert Hammonds, president, had charge of the meeting. Mrs. Merl Moore, secretary-treasurer, called the roll and 16 members answered with "a safety

hazard in my home."

Mrs. Roy Shultz was elected vice president to take Mrs. Pat Payne's place. Mrs. Payne has moved to Kansas.

An enjoyable afternoon was spent with Mrs. Chapman who served cookies and bottled drinks. Mrs. Keith Maxwell of Vernon was a visitor.

The next meeting will be Sept. 3 with Mrs. Leroy Henry as hostess.

### Vivian H. D. Club

Homemade games, how to make and play them was the program of the Vivian Home Demonstration Club in the home of Mrs. Arthur Sandlin on Thursday, June 26.

"You and your family will be happier, healthier and more relaxed if you learn to play together in your own home or back yard," stated Mrs. Claudie Carroll as she showed the ladies how to make and play some home-made games.

Miss Myrtle Fish gave the opening exercise. Roll call was answered by 7 members and 1 visitor, Mrs. Allen Fish.

It was voted by the club not to meet again until September.

A picnic supper was planned for the club members and their families for Thursday night, July 16, at the community house.

The club plans to have an all-day meeting and make plastic flowers at a later date.

Cokes and cookies were served at the close of the meeting by the hostess.

## Foard County Little League News

by Marion Crowell, President

It was a peculiar thing last week. This column was written on Sunday night, and the statement was made that we had had no one hit on the head. Then, on Monday night, little Van Wisdom caught one squarely on top of his protective helmet. Everyone had quite an anxious moment, but Van straightened back up, trotted down to first base, turned and gave us a big, wide grin. Van had been the first to test our protective helmets, and they had proved to be quite satisfactory! (Van tested it again on Friday night in a more painful episode, showing how essential that little helmet really is.)

Well, it just HAD to happen! For awhile Barry Berg and Larry Henry blasted away at the little horseshide and almost knocked the outfield fence loose from its moorings, but didn't hit ball OVER the fence. But, in the past two weeks, Barry has hit three over into the cars (two in two consecutive games last week), and, against Farmers Elevator last week Larry hit one that was marked home run from the crack of the bat! Home run leaders now are: Barry Berg 3, Bob Bird and Jackie Brown, 2 each; John Schilling, Ronnie Clifton and Larry Henry,

# 13 WAYS TO RUIN CROWELL

1. Don't pay taxes. Let the other fellow pay his. Vote against taxes. Then fuss because streets are not kept up.
2. Never attend any of the meetings called for the good of the town. If you do, don't have anything to say. Wait until you get outside and then cuss those who made the suggestions. Find fault with everything that was done.
3. Get all the city will give you, and don't give anything in return. Write unsigned letters to the editor demanding more for your tax dollar.
4. Talk cooperation, but don't do any work for your city unless you get paid for it. And by all means refuse to serve unless they make you chairman.
5. Never accept an office. It's easier to criticize than to do things. Accuse anybody who serves in an elected office of being a publicity seeker.
6. Don't do any more than you have to. When others willingly and unselfishly give their time to make a better town, howl because the town is run by a clique.
7. Don't back your fire department or your police department. Don't thank them for endangering their lives that you might have a safer town in which to live. Demand special treatment, raise Cain if anybody expects you to obey traffic and parking laws.
8. Look at every proposition in a selfish way. If you are not the one that gets the most good out of it, vote against it. Never consider what it will do for the town as a whole.
9. Don't do anything for the youth of your town. Criticize them as potential delinquents. Keep your feet on them. Encourage them to move away when they grow up.
10. If you have good town leaders, don't follow them. Take a jealous attitude, and talk down anything they say.
11. Don't work on any committee. Tell them, "I'm too busy."
12. Don't say anything good about your town. Be the first to point up its shortcomings. Pretend that if trouble comes your way it will be residents of some other town who will visit you while you are ill; bring in the fire department if your home is burning; comfort you if you lose a dear one; stand back of you in disaster.
13. And don't support your local retail stores and industries. Claim the prices and services in stores in other towns are better. Claim industry and its payroll hurts the town. But if you need a donation, ask your local stores. Expect them to back you, but don't back them.

There's nothing like Savings Bonds for a happy future

Smart eggs have nest eggs! Most farmers know the good that comes from systematic saving. And more than one farmer has had the money he needed for new equipment because he put the money away earlier... in the form of U. S. Series "E" Savings Bonds. Savings Bonds are a wonderful way of getting ready for the things you, too, will need—like new farm buildings... the youngsters' education... or a long vacation. Your banker can show you how Savings Bonds fit into your picture. Stop in and talk it over! P.S.—If you're interested in Savings Bonds that give you current income, by check every 6 months, ask for details on Series "H" Savings Bonds. BUY U.S. SAVINGS BONDS The U. S. Government does not pay for this advertising. The Treasury Department thanks for their patriotic donation, The Advertising Council and CROWELL STATE BANK

Our Weekly Sermon

David, Listen! A 17-year-old orphan sat in his room at a Chicago boarding house recently, and thoughtfully composed a note. "I have reached the end of my rope," David Wallace Meeker began, "I smoke and cannot stop. I steal. I lie. I'm failing in typing and trigonometry. I have been thrown out of my physics class."

The boys was a diabetic. His parents who had been divorced were both dead. You cannot read what I am writing, David. For you it comes too late. But if I could have talked with you a few weeks ago, I would have said this:

Very early you have come to grips with man's basic problem: his inability to do good and to refrain from doing evil... his need of a Saviour from sin.

The great apostle Paul, caught in this conflict, cried out in despair, "Who shall deliver me?" The answer—"I thank God through Jesus Christ our Lord."

David, listen! Jesus Christ can deliver from the power of sin. Commit your life and soul to Him, and He will give you victory! "The end of your rope?" No, David. Life truly begins when you come to know Christ!

Labor to Fight Measure "The executive council of the AFL-CIO has declared that although it accepted the Kennedy-Ervin bill as it was reported out of committee, amendments adopted on the floor before Senate passage make the measure, in its opinion, anti-union as well as anti-corruption. Therefore it will fight the measure.

Rucker; Mrs. R. H. Cooper, \$5.00; Mrs. O. B. Davis, \$10.00; Mrs. Edith Bell, \$5.00; Mrs. H. W. Gray, \$10.00; Mr. and Mrs. C. C. McLaughlin, in memory of Mr. and Mrs. Arnold Rucker.

Mrs. Roberts issued the following statement concerning the cemetery:

"Our much publicized annual meeting was held at the Men's Bible Class room on June 19 with about 10 present. The president gave a report of the year's work, also a financial report, mentioning that only two months this year have we received donations that exceeded our outgo. There have been no permanent improvements this past year, but every month there are unforeseen expenses. This spring we've renewed our house insurance for three years.

"There's the periodic purchase of tools, gas and oil for the power mower, monthly water bills and machine shop bills to keep the mower in condition. We have an occasional plumbing bill.

"At this meeting, we voted to raise our caretaker's salary. Now with all the rains, he needs help, someone to follow the mower to trim the edges. We need extra dirt. We need some kind of shed near the house, something we've never had.

"I take to these meeting a ledger beginning with 1944 with the names of every contributor in these 15 years. Surely you want your name on this roll.

"As always at these annual meetings, we elected officers for the ensuing year. No changes this time, only Mrs. O. B. Davis elected vice president. Mrs. Roberts assumed duties as president for her 32nd year. This is a continuous service since June 1927."
