Mrs. Bill Klepper Feted with Bridal Shower in Vernon

The home of Mrs. Neal Slappey, 2203 Beaver Street in Vernon, was the scene Saturday afternoon for a miscellaneous bridal shower honoring Mrs. Bill Klepper of Crowley.

Mrs. Klepper was formerly Miss Dorothy Hlavaty, daughter of Mrs. Minnie Hlavaty of Vernon and W. F. Hlavaty of Thalia.

Mrs. Slappey headed the receiving line and presented guests to the honoree; her mother, Mrs. Hlavaty; Mrs. T. B. Klepper, mother of the groom; Mrs. Newell Hofmann, sister of the honoree, and Mrs. Allen Fish, aunt of the groom, all of Crowley.

The honoree selected a white brocade sheath dress for the occasion and wore black shoes. Her corsage of holly red, feathered carnations, tied with matching ribbons, was a gift of the hostesses. Other members of the receiving line were presented corsages of white mums, tied with white ribbons.

Mrs. Neal Slappey showed guests to the refreshment table which was covered with a holly red chamois taffeta cloth and overlaid with a skirted cloth of white net, chosen colors of the bride.

At one end of the table, red carnations and jade foliage were arranged inside and around a white satin covered bird cage. Inside the cage was a pair of glistening silver love birds. On either side of the arrangement were three holly-red, cathedral candles in crystal candelabra. The other end of the table held the crystal punch bowl, which was filled with holly-red punch. White cake squares, topped with tiny red roses, and mixed nuts, were served from crystal trays. The guest napkins were white, lettered in red.

Mrs. John Carmichael and Miss Lydia Schomker alternated at the punch service and Mrs. Claud Hardison and Mrs. J. G. McCarron served the cake. Assisting in the dining room were Miss Betha Stinnett and Miss Pat Condon.

Mrs. Emmitt Martin and Mrs. Wayne Byars presided at the register table which held a single long-stemmed red rose bud in a crystal bud vase. Names of the guests were recorded in a white leather musical bride's book.

Hostesses alternating in greeting the guests and showing the gifts were Mesdames William L. Koon, Gladner M. Young, Glen Raub, T. L. O'Steen, P. D. Chaney, Walter Hofmann, Bob Fitzsimmons, Martha Meads Tooley, T. J. McGill, Roy Hofmann and Evelyn Cole.

Soft recorded music was played during the afternoon.

Other hostesses for the lovely affair were Mesdames A. A. Hingst, E. D. Rogers, Sam Maier, Bob Hardison and Peggy Slapper Daulcy of Little Rock, Ark.

The hostesses presented Mrs. Klepper with numerous pieces of Revere Ware and a steam iron.

The wedding of the former Miss Hlavaty and Mr. Klepper was an event of Jan. 23. His parents are Mr. and Mrs. T. B. Klepper of Crowley.

Miss Barbara Lee Fairchild Honored with Bridal Shower

Miss Barbara Lee Fairchild, bride-elect of L. H. Wall Jr., was honored with a bridal shower Saturday at the Adelpian Club house.

Miss Fairchild is the daughter of Mr. and Mrs. J. B. Fairchild of Crowley and the groom-elect is the son of Mr. and Mrs. L. H. Wall of Northside.

Mrs. James Sandlin greeted the guests and presented them to the receiving line composed of Miss Fairchild's mother, Mrs. J. B. Fairchild; Mrs. L. H. Wall, mother of the groom-elect; Mrs. Joe Eddy, the bride's grandmother, and Mrs. A. J. Wall, grandmother of the groom-elect.

The honoree was attired in a blue sheer wool dress. Her corsage, a gift from the hostesses, was of white carnations.

Piano music was softly played while seventy-three guests registered in the musical bride's book where Mrs. DuWayne Elliott presided.

The refreshment table was decorated in the bride-elect's chosen colors of fuchsia and white.

A white satin, floor-length cloth covered the table. The floral arrangement consisted of a pink heart, trimmed with white net and pink ribbon, accented by an ar-

Mrs. Thompson greeted the guests and presented them to Mrs. Klepper, the honoree; her mother, Mrs. Minnie Hlavaty of Vernon; and Mrs. T. B. Klepper, mother of the groom.

Mrs. Frank Gribble presided at the register table which was covered in white and highlighted with a red and white nosegay. The wedding guest book was used.

Mrs. Newell Hofmann, sister of the bride, invited the guests into the dining room where the red and white motif further prevailed. The table cloth of white linen in Italian cut-work design was featured with a large heart of red satin and net, centered with tiny wedding bells. The base was covered in small hearts and cupids with red satin streamers, lettered in white, "Dorothy-Bill," alongside, and red and white carnations extended from the heart.

Strawberry punch, cookies, nuts and mints were served by Mesdames Cecil Carroll, J. T. Hughston, Ray Brown and Fred Collins.

The lovely gifts were displayed by various members of the house party in adjoining rooms.

Mrs. Clyde Bowley, president of the class, had charge of the opening exercise. Mrs. C. C. McLaughlin led in prayer. Mrs. Cora Belle Whitley brought the devotional using as her subject the different kinds of perfume found in the Bible. Her thoughts were taken from scriptures found in Exodus, Proverbs and Daniel. Mrs. McLaughlin led in a Bible quiz. Mrs. Davis gave a very interesting reading, subject, "The Prodigal Son."

A delicious salad plate with coffee was served to ten members and two guests, Mrs. J. W. Carroll and Mrs. Elry Jones of Brownfield.

The Thalia W. S. C. S. met in the home of Mrs. Les Hammonds Monday afternoon of last week. The theme of the lesson was "Re-kindling the Gift"—revitalized old religions.

Mrs. B. A. Whitman brought her call to worship by reading the hymn, "In Christ There Is No East or West."

Mrs. J. E. Langley then led in prayer, followed by two songs sung by the group. Mrs. Ed Huskey read the Scriptures from Matthew 28:16-20, Acts 1: 6-8, Timothy 1:6, followed by another song. Information talks were given as follows: Islam: A Religion of Submission, by Harriet Berg;

Hinduism A Way of Life by Ethlen Hammonds; Buddhism, a Religion of Compassion, by Mrs. Les Hammonds.

In 1934 the world's first radar apparatus was developed at the Naval Research Laboratory.

We want to express our appreciation for the kindness of our neighbors and friends at the wonderful gifts we have received since we lost all we had in the fire that destroyed our store on Jan. 11.

May God richly bless you all Mr. and Mrs. Dink Russell 30-1tp

Truscott Baptists Enter Program of Achievement

The Truscott Baptist Church has entered the 1959 Texas Baptist Church Achievement program. Pastor Homer Stephens said this week.

Sponsored by the Baptist General Convention of Texas, the program is designed to stimulate interest in small-church work. Outstanding achievement by pastors and churches in areas of church, community and world improvement are recognized.

More than 350 Texas Baptist town and country churches entered the program last year. Participating churches in recent years recorded twice as many baptisms per member as the Southern Baptist Convention average.

Each church in the program sets up goals for advancement in the three areas. An inventory questionnaire furnishes suggestions for projects, such as health, education, community recreation programs, citizenship training, race relations studies and world missions.

Pastors recognized in each of the convention's 17 geographical districts, receive a parchment scroll and the church a metal plaque which may be displayed in a prominent position outside the building.

Churches in the open country and in towns up to 2,500 population and all Latin-American churches and missions are eligible to enter this program. About two-thirds of the denomination's 3,812 churches are classified as town and country congregations.

Records and scrapbooks of program progress are made under the direction of three special committees. The scrapbooks are the basis for judging on the associational, district and statewide levels.

Darwin Farmer, direct missions associate for the convention, is in charge of the program. He said the "enlistment of a church's total membership in active service" is the program's primary value.

GOES AND GOES AND GOES ON A GALLON!

Biscayne 4-Door Sedan shows the Fisher Body beauty of Chevrolet's lowest priced series for '59.

CHEVY'S NEW HI-THRIFT 6

More miles are back in a gallon of regular-grade gas—up to 10% more—and Chevy's new Hi-Thrift 6 engine puts them there. It also gives you more "git" in the speeds you drive the most.

Here's an engine that always seems able to coax extra miles out of a tank of regular-grade gas. In fact, if you're one of those drivers who keep tab on things like gas mileage, you'll soon see for yourself that this new Hi-Thrift 6 gets up to 10% more miles a gallon.

Another thing you'll like about this 135-h.p. 6 is the extra pep it gives you for passing and climbing hills. This is due to higher torque at normal speeds.

It may be hard to believe anything that looks and moves like this '59 Chevy can be such a stickler for economy. But—whether you pick the Hi-Thrift 6 or a vim-packed V8—this is just one more reason Chevy's the car that's wanted for all its worth. Stop by your dealer's and see.

The smart switch is to the '59 Chevy!

Thought of the Week

"Ten reasons why I swear." (Written by a soldier during the last war.) 1. It pleases mother so much. 2. It is a fine mark of manliness. 3. It proves I have self-control. 4. It indicates how clearly my mind operates. 5. It makes my conversation so pleasing to everybody. 6. It leaves no doubt in anyone's mind as to my good breeding. 7. It impresses people that I have more than an ordinary education. 8. It is an unmistakable sign of culture. 9. It makes me a very desirable personality among women and children. 10. It is my way of honoring God who said, "Thou shalt not take the name of the Lord thy God in vain." (Copied.)

THIS WEEK -In Washington

With

A bill introduced recently by Sen. Herman E. Talmadge of Georgia would guarantee every farmer an income of up to \$25,000 a year in direct payments out of the Federal Treasury.

This Utopian pie in the sky proposal has been placed before the Senate Committee on Agriculture for study and hearings along with some 200 other farm measures designed to "cure" the low-income complaint of farmers.

The colorful former Georgia governor, in presenting his bill, told the Senate farmers cannot be the only group placed in the position of having to "root, hog or die" while others have collective bargaining and protective tariffs.

Critics of the bill compare it to the ill-fated Brannan Plan of 1909 and 1910 when the then Secretary of Agriculture Charles F. Brannan, but emphatically rejected by Congress and most farm groups at that time. It has, however, been brought up again in every Congress since 1919.

Five-Point Program
Sen. Talmadge said his plan would "restore American agriculture to a free-enterprise basis, bolstered by a system of compensatory payments limited to domestically consumed basic commodities." The five points of the plan are:

1. Eliminate all acreage controls and government loans.
2. Assign each farmer a domestic production quota based on units (bushels, bales, pounds, etc.) of production.
3. Guarantee and pay to each farmer an income bonus of the difference between the price he receives for his quota and 100 per cent of parity.
4. Require each farmer to submit a bill of sale with his application for direct payments.
5. Impose a maximum of \$25,000 as the amount of government payments any one farmer could receive in one year.

How much would such a program cost? Sen. Talmadge estimates that the cost would range from \$1.5 billion to \$2.5 billion a year. Other estimates, however, have ranged up to \$10 billion or more a year.

Cheap Food
Similar farm plans over the past decade have had support, as well as opposition, both in and out of Congress. They have been supported by the Farmers Union, which now employs Mr. Brannan, but opposed by the Farm Bureau and Grange.

The principal objections are that (1) the cost to the Treasury would be prohibitive, and (2) farmers would have to depend on appropriations by Congress each year for a major portion of their income.

Some labor leaders see an advantage to consumers because of lower food prices. Since there would be no price supports or production controls, farmers very likely would produce enough to force prices to absurdly low levels.

The government would be paying a sizable portion of every family's food and clothing bill. It would, naturally, have to collect additional taxes to pay the subsidies, as well as salaries of thousands of additional government farm administrators.

Such a program, it would seem, is one in which no one would win and everybody, in the end, would lose.

Henry Hazlitt writes, in Newsweek: "Instead of adding further to our foreign-aid and international lending institutions, which subsidize foreign socialism, inflation, and exchange control, we should be thinking of how to taper off and terminate such programs; how to stop confusing political with economic goals; and how to return the business of foreign investment to private hands. Not until we have done this will the world get back to stable, hard, and convertible currencies; to private enterprise, and to real economic progress."

Friends Abroad
"Instead of shaking our heads and muttering about the foreign complainers, maybe we should pay more attention to the friends we have abroad. Among the best of them are the doughty, resourceful Dutch people. Not only are they generous in their appraisal of Americans, but they are deeply appreciative of the help we give, of whatever kind. And many of them go to great lengths to demonstrate how they feel." — Leesburg, Fla., Daily Commercial.

On Sept. 20, 1814, after the national Capitol had been destroyed by the British, Congress moved into Blodgett's Hotel under guard of U. S. Marines.

Mr. and Mrs. Delbert Burks and daughters, June and Janice, of Ogden and Mrs. R. W. Burks of Paducah spent Sunday of last week with Mr. and Mrs. John Fish.

About Your HEALTH

A precedent-setting venture in chronic disease management has been launched by the State Department of Health. Immediate beneficiaries are 12,000 patients housed in Texas' 587 licensed nursing and convalescent care homes.

Built around nutritional and nursing needs of elders, the program promises to be the biggest boon to their health and comfort since passage of the nursing home licensure law in 1953. It works like this:

On request of county health officers and local health department directors, a nutritionist, a chronic disease nurse and two sanitarians instruct local health department staffs and nursing home operators in proper care of elder citizens, many of them disabled by chronic illness to the point of being bed-fast.

A physio-therapist will be added to the team later. Many people are lying helplessly in bed, dependent on others for every need.

With help they might learn to feed and bathe themselves—making the difference between optimism and despondency.

The program is purely educational, intended solely to help local communities meet their responsibilities toward aged and infirm citizens.

Half the course is spent in explaining and demonstrating to local health department staff members what their tasks are regarding nursing homes in the county, and in detailing how those tasks can be accomplished.

Standards which homes must meet before being licensed are carefully discussed. Nurses are taught how to handle chronic disease patients. Sanitarians are encouraged to make frequent inspections, and to impress on home operators the importance of scrupulous personal and premise cleanliness and improved nursing care.

The object of such instruction is to help local health department personnel become proficient in assisting and advising nursing home operators in providing higher standards of care.

Operators come in for their share of attention in a section of the course designed to meet daily problems they encounter. Discussion subjects, selected by operators themselves, range from records the law requires to be kept to special diets.

As an adjunct service, the Department provides food purchasing guides showing the amount and type of food needed for aged men and women, and evaluation guides for weekly menus.

Time has dealt harshly with most nursing home residents. The State Health Department is determined to help them hold onto the threads of their old dignity.

Transit Inquiry Voted

The Senate has voted to authorize its Commerce Committee to undertake a \$100,000 investigation of national transportation policies. The resolution calls for a study of government regulatory policy, ownership and merger of transportation concerns, government aid programs and passenger service.

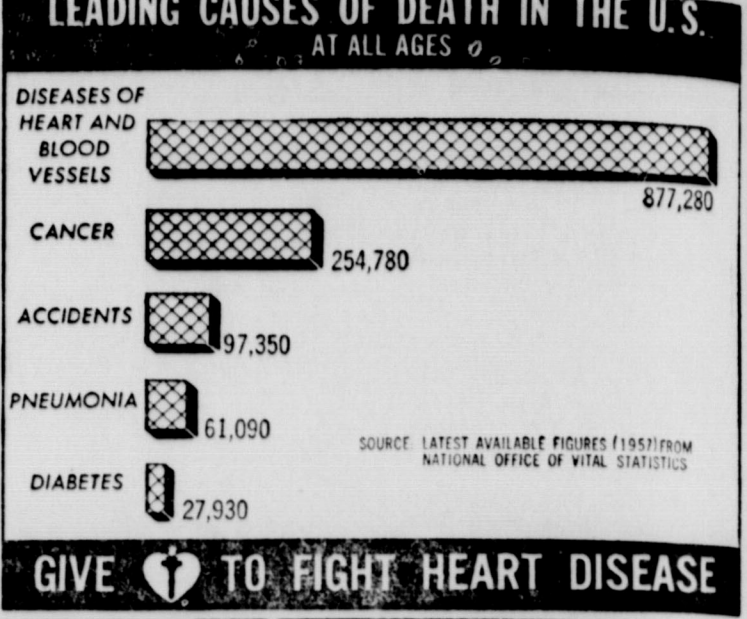

Kremlin Wants Berlin

Writing from Berlin, Joseph Alsop says: "What the Kremlin wants is this city, Nikita Khrushchev's threats to Berlin are most emphatically not primarily intended to force the West to recognize the East German government, or to promote German confederation, or to produce another summit conference. They are primarily intended to secure the surrender of free Berlin."

Sales Increase 8 Per Cent

A Harvard University study shows that sales by food chains increased by 8 per cent last year. Three per cent of this is attributed to higher prices, 2 per cent increased population; and the remainder to increased use of processed and frozen foods and increased sales of nonfoods.

MRS. MARY D. BROWN

We certainly want to thank everyone who helped to make our food show and sale such a success last week end. We made more money than ever before on the sale, and we had more girls than ever before entering the show.

So many of you asked for the recipe of the Mince-meat Bars that we're using it for our recipe this week.

Mix thoroughly 1 tsp. soft butter, 1 and 1/2 c. brown sugar (packed), 2 eggs, 2 tsp. molasses, 1 tsp. vanilla.

Sift together and stir in 2 c.

sifted flour, 1/2 tsp. salt, 1/2 tsp. soda, 1 tsp. cinnamon, 1 tsp. cloves. Stir in: 3 tbsp. hot water. Then stir in 1/4 c. almonds, sliced (any nuts), 1/4 c. seedless raisins (cut in two), 9 oz. pkg. mince-meat, broken up with fork. Spread thin in 2 well greased 13x9 oblong pans. Dough puffs and fills any holes as it bakes. Bake in 400 degree oven until, when touched lightly with finger, no imprint remains, about 12-15 minutes.

As soon as dough is done, spread immediately with a mixture of 1 and 1/2 c. sifted confectioners sugar, about 3 tbsp. hot milk, 1/2 tsp. vanilla, 1/2 tsp. almond flavoring.

Cool and cut into squares or diamonds.
