Discussion Centers on Possibility of **New Bond Issue**

The Crowell School Board met in special session last Monday ght to discuss the possibilities of presenting a bond issue to the Independent School District for The drive will continue through the purpose of making certain improvements on the school plant. It was decided at this meeting to hold an election on this matter in the near future. There were eight representatives of bonding companies at this meeting to make bids for employment as advisors in preparing these bonds. In case the voters approve the bonds, they will be placed on open market and sold to the best bidders. The tist Church, will speak to the company, Almon & McKinney Inc. of Dallas, was engaged for this service. Morris Dudley, representative for this firm, informed the board that it would take an increase of 18 to 20 per cent in the present tax rate to absorb the payments of the anticipated issue. According to Mike Bird, president of the Crowell School Board. detailed information pertaining to the bond election will be in next week's Foard County News. He also states that there will be a mass meeting in the school auditorium between now and election time for the purpose of more fully informing the patrons about the purpose and cost of the bonds. Dr. Floyd Golden, representative of Rittenberry & Rittenberry Architects of Amarillo, and Morris Dudley, representative of Almon & McKinney Inc. Bonding Company of Dallas, will be present at this meeting to answer any questions pertaining to the bond issue.

o'clock.

Local World War I **Veterans Have Meeting Monday**

A special meeting was held in Crowell on January 14 of World War I veterans who heard the outline of the World War I program that is coming up this year in Washington.

This program was explained by 13th District Commander Thomas J. Edwards of Graham, and the 13th District President of Women's Auxiliary, Mrs. Amanda Fairless of Gainesville. At this meeting, a special eulogy was said for Mrs. Linda Sellers who passed away in 1962. Other visitors were Mrs. Adele Edwards of Graham and Ronald H. Fairless of Gainesville.

Coffee and cake were served after the meeting by the Auxiliary.

NEW DIRECTOR-Leon Speer of Crowell, shown above, was elected last week as a director of the Vernon Savings and Loan Association.

to give you more quality for your money

The Ford Motor Company spent \$100 million in the past two years alone to bring you a combination of quality features found in no other cars. And here's how Ford quality pays off for you...whether you drive the big Super Torque Ford, the middleweight Fairlane, or the fun-filled compact Falcon!

Superiorride and performance. For example, \$10 million was poured into the development of the Super Torque Ford's incred-Ibly smooth new ride. Additional millions went to design 6- and 8-cylinder engines that let you choose sensational performance or sparing gas economy ... all with minimum maintenance.

More care-free driving. Millions more were spent to perfect Ford's twice-a-year or 6,000-mile maintenance features . . . now in all Fords and Falcons*. You save time and money. Example: you roll 36,000 miles between major chassis lubes!

Greater safety. Brakes adjust themselves when necessary. Roofs are reinforced. Doors have safety locks.

Added luxury. Richer, longer lasting upholsteries. Carpeting that wears up to twice as long as in some cars. Improved insulation insures a quieter ride.

P.D.A.F. Smarter styling. Ford's Thunderbird-inspired lines have set

the trend that the whole industry now follows! Greater resale value. From the big, important items like specially galvanized vital underbody parts and long-life

batteries . . . to the "tremendous trifles" such as extended-life light bulbs and stainless steel exterior screws . . . your Ford or Falcon will stand up better over the years. Will be worth more when time comes to trade.

And don't forget-Ford Dealers are quality dealers! We want to keep you happy after you buy . . . and this is your finest guarantee of value!

Will Do Extensive Damage to Economy

"The Internal Revenue Service announced it would require businessmen to get a receipt for every cent spent on expense ac counts, what the money was spent for, the time of day it was spent, why it was spent, and if its spending was instrumental in obtaining business for which it was spent. If even one cent could not be accounted for, then the entire account would not be allowed. When the storm came, as it should have come, IRS relented and changed some of its regulations. But the core of the matter re mains, and if it is put into full force it will put many places out of business, create more unemployment, close literally hundreds of resorts, and do other damage. -Carthage, Tenn., Courier.

One Bottle Cap Worth One Stamp

THE FOLLOWING CROWNS ARE GOOD FOR TRADING STAMPS:

> Royal Crown Cola Nehi Orange Nehi Strawberry Nehi Grape Nehi Lemonade Upper 10

A. Crowns that are good for free trading stamps are the ones that bear our name on the crown. The crown reads like this: Bottled by Royal Crown Bottling Co., Wichita Falls, Texas, and Altus, Oklahoma.

B. Customers in Wichita Falls and Altus should turn your crowns in at our plant between 8:30 a. m. and 4:30 p. m. Monday through Friday.

C. Customers living in other towns turn your crowns to your Royal Crown Cola dealer after you have saved 100 or more. Put your name and address on the sack and in the sack with number of crowns and the kind of stamp you want. The dealer will give crowns to our Royal Crown salesman and we will mail stamps direct to you.

D. Pick up an extra carton of Royal Crown Cola or one of the delicious flavors today at your favorite store and start saving the crowns now!

'Thank you for your interest in this subject." Mr. Jones says he doubts the program will be placed in prac-

tice in the near future. Scratch pads-25¢ at News office.

With Marion Crowell in charge George Self made his annual pre dictions for the new year. Mr. Self has been giving this program early in January for many years. He makes predictions as to what may happen during the new year,

with a large proportion of his predictions coming true. Plans were completed at this meeting for putting on the football banquet in cooperation with

the Lions Club.

GHEVROLET... the Quality truck!

WALK AROUND IT. SEE THE DIFFERENCES.

Start at the rear of this Fleetside pickup. Grab the tailgate and pull hard. No give. Two wedge latches keep it tight. Now unfasten them and let down the gate. Jump up and down on it. Does it sag? Notice how the chains are wrapped in rubber so they won't rattle or mar paint. Now look at the lower side panels. Two walls. You

might dent the inside one but it won't show through. The floor will never rust. It's select wood, not metal.

Now please sit in the cab a minute. Comfortable? It also is double walled and the roof is insulated. Let's start 'er up and look for a washboard road. Chevrolet coil-spring suspensions fight road shock better than other types, good for the truck, load and the driver. There are other things. But you can see why this is a truck that does a job without a lot of pampering. It's built right. Which is why it's usually worth more at trade-in. When would you like us to deliver it?

Safety Inspection Sticker Deadline Is April 15, 1963

1

Col. Homer Garrison Jr., Di Nutritional Level rector of the Texas Department of Public Safety, this week urged Texas automobile owners to "do girls are born to families that their shopping early" this year live better. But he's not talking to reduce the last minute rush about virtue, ladies; he's talking about the nutritional level."--

All vehicles coming under the Terre Haute, Isd., Tribune. provisions of the Texas Vehicle Inspection Act must secure the 1963 inspection sticker by April 15, 1963. After that date, vehicles not displaying the new inspection sticker will be operating in violation of the law and the operators of those vehicles will be subject to arrest, Garrison said.

He reported that approximately one-half of the inspection period has expired and about one-fourth of the vehicles in the state have been inspected. Unless the number of inspections is increased appreciably soon, he added, long waiting lines will be forming at inspection stations as the April 15 deadline approaches.

"There are approximately 5,000 authorized inspection stations in the state and they are ready and capable of handling the inspection of all vehicles without delay if the owners of uninspected vehicles do not wait until the last few days before the deadline," Garrison said.
