**Oh Those Graduation Announcements**

Now is the time for all good seniors to send out their graduation announcements. This statement is one that is apparent to the seniors and is causing them much trouble. By trouble, I don't just mean the addressing, sealing, and stamping. The biggest problem students are faced with is making the announcement list. In years past, it has come to be the tradition for the graduation

announcements to be thought of as a "dun for a gift." This makes the list-making process very difficult for most students, for very few use the telephone directory as their guide. Very often there is someone to whom the student would like to send an announcement, but he is afraid to because the person is just an acquaintance or because the person would feel obligated to buy a gift when he could not afford it.

There is another hazard connected with sending graduation announcements — overlooking someone, therefore, and hurting his feelings.

These two difficulties have cost most of the CHS seniors many hours of concentrated deliberation. We, as seniors, hope that those of you who receive announcements from us will consider them as announcements and will give a gift only if you want to.

**Methodist Women Entertain Seniors**

The women of the Methodist Church were hostesses to the seniors, their sponsors, and the superintendent at a banquet in the church basement at noon on April 25.

Each guest was presented a red carnation as he entered the attractively-decorated room to be greeted by a "studious owl graduate." The tables arranged in a cross shape were centered by a beautiful red carnation arrangement from which red runners extended. Name cards were in the form of a diploma and a graduation hat.

The delicious meal consisted of green beans, new potatoes, fried chicken, Jello salad, rolls, tea, and strawberry short cake.

Rev. John Fitzgerald introduced the guests, Rev. and Mrs. Gene Moore, who gave the program. They sang "The Holy City" afterward, Rev. Moore gave an interesting talk entitled "Why Am I Here?"

The seniors wish to thank the Methodist Church for making this annual event possible.

**FFA Boys Have Barbecue**

The FFA sponsored its annual Father-Son barbecue Friday night April 26 at the VA building. The fathers had plenty of beef to eat; their boys made sure of it.

The officers opened the meeting and served the food; the program committee presented an agriculture film. All together, everyone had plenty to eat and lots of fun.

**1963-64 Cheerleaders Elected**

Signs of school's drawing to an end are multiplying. For instance, last week six cheerleaders for the 1963-64 school term were elected; chosen were two juniors, two sophomores, 1 freshman, and 1 eighth grader. Representing next year's seniors will be co-head cheerleaders, Jo Wynn Ekern and Barbara Bell; juniors, Mary Sue Speer and Scherry Goodwin; sophomore, Lynda Whitley; freshman, Lanette Lemons.

**Junior-Senior Banquet Coming Up**

The members of the junior class are making final plans for the Junior-Senior banquet which will be held May 10. Decorations and color schemes are being planned by the junior girls, assisted by their sponsor, Mrs. E. C. King. Several different committees have been appointed to do the various jobs. These committees are working to complete their specific projects. The class is looking forward to entertaining the Senior Class, the faculty, and the Junior Class mothers. Be sure to turn in your date's name if you want to be seated together. Boys, how about those dates.

The Dewey Decimal Classification System is the method by which the books in our school library are classified and arranged in the shelves. There are ten general divisions of books with numbers as follows: 000-099, general works; 100-199, philosophy,

aesthetics; 200-299, religion; 300-399, social sciences, sociology; 400-499, linguistics; 500-599, pure science; 600-699, applied science; 700-799, arts and recreation; 800-899, literature; and 900-999, history. Biographies are listed under 92's and 920's and are arranged alphabetically by the name of the people written about. Fiction books are arranged alphabetically by the author's last name. The Dewey Decimal Classification number for any book that is non-fiction can be found by looking in the card catalogue.

**The Flapping Lip**

Here we are again with great news; so here goes! We hear the band kids got a little wet Friday.

Speer, what happened at Vernon?

Together Saturday night at the Plaza were Mary Sue-Gary, Mike G-Jean, Kenny-LaRue, Bobby-Barbara, Mary Ann-Ken, Paula-Woody, Karen-Otis.

At the Youth Revival Tuesday night were Ruth-Philip, Karen-Otis, Elaine-Mike S. Jill-Larry. Riding around Saturday night were Rosa-Randy A.

Why are Sandra and Toye called the "mudpuddle kids"?

Why was Scherry disappointed last week end?

Is there a new boy in school named Mike Taylor?

James, what was so interesting to you and Ronni Sue concerning Rickey's car?

Riding around Sunday were Eilly-Boob, Barbara-Jon Lee.

Couples at the Youth Revival Friday night were Barbara-Bobby, Jill-Larry, Philip-Ruth.

Ronni Sue, who has a new "collector's item"?

New steadies: Kenny-LaRue.

What's this we hear about two dogs and a tire at the North Pocket Park Saturday?

Let's really make the most of our short time left this year. It's just about four more weeks.

**100 Texas Counties Qualify as Modified Brucellosis Free**

Nearly half of the counties in Texas now qualify as modified certified brucellosis areas, and more are in the process of certification, says Joe Burkett, county agent.

Counties are granted a modified certified status when the disease has been reduced to not more than one per cent of the

cattle and not more than one per cent of the herds, explains Burkett. He points out that incidence of the disease in such has declined more than 90 per cent since 1954, and believes disease can be eliminated by the state with the present education program.

Also, cases of the human form of the disease, undulant fever, at an all time low. Once reported by the thousands, only 500 were detected in the U. S. in 1962 and fewer still are expected during this year, says Burkett.

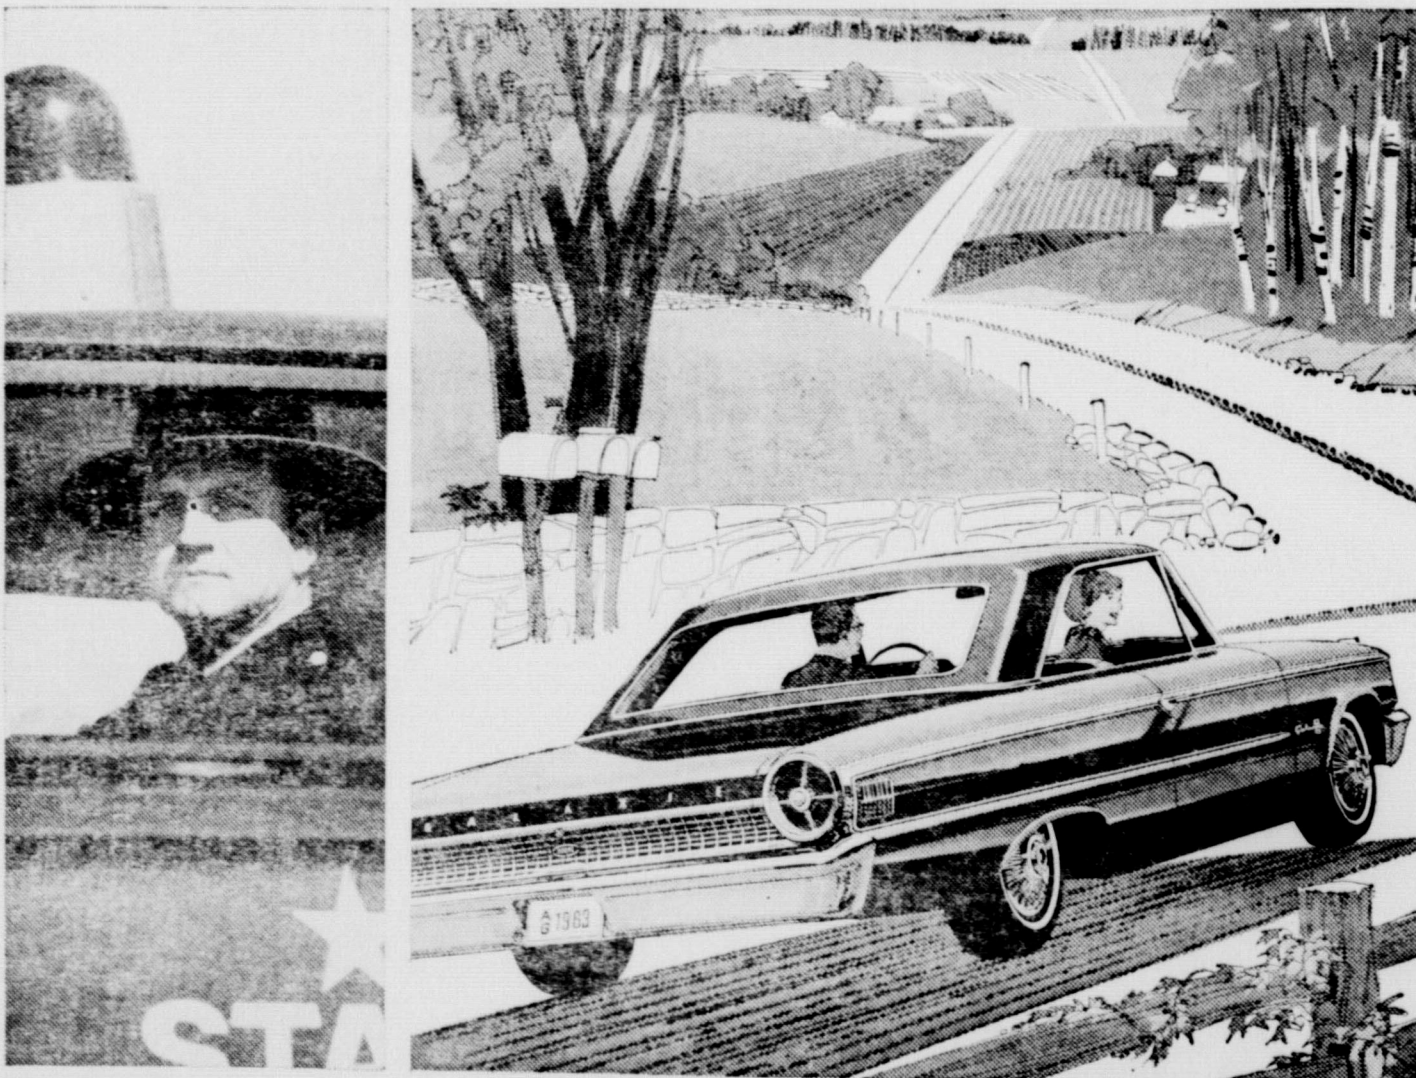

An important part of the program is market cattle testing says Burkett. For this time cattle are back tagged or tagged with the owner's herd through sales records. Blood samples taken at packing plants and infested cows are discovered eradication measures are planned by the herd owner and the veterinarian. At present, about 75 per cent of the cattle tested in this manner are found free of disease, he says. The milk test is the method used to screen dairy herds for brucellosis.

**TOTAL PERFORMANCE:**

**IF YOU KNEW WHAT HE KNOWS... YOU'D BE DRIVING THE 1963 TOTAL PERFORMANCE FORD**

Ford is traditionally the nation's Number One police car. The reason: Total Performance!

When it comes to cars the police don't take chances. Put yourself in a State Trooper's shoes. Every day you must patrol hundreds of miles in your cruiser. Mileage and time grind into a man and his machine. But when the bell rings you've got to be ready. Chase. Turn. Corner. Quick stop. You've got to be able to do it all if you're going to do your job.

Listen to a trooper list the reasons why he prefers a Ford and you realize how difficult it is for any car to measure up to his standards. The car must be strong... it has to stand up to big mileage. It must be silent... when you practically live in a car a rattle can sound like a kettle drum. It must be swift... powerful enough to catch any car on the road. It must be sure... dependable even in the face of the unexpected. Strong. Silent. Swift. Sure. A four-word outline of total performance. The police demand it. That is why they choose the total performance Ford. Why should you settle for anything less?

Whatever your special demands and needs, the total performance Ford is the car most likely to satisfy you all the way down the line. You can prove this for yourself.

First, look at Ford's astounding record in open competition this year in the grueling Daytona, Riverside and Atlanta 500's, and in the demanding Pure Oil Performance Trials. Only a car with total performance could roll up so many impressive wins.

Second, before you buy any new car, test-drive the solid, silent Super Torque Ford. If you haven't driven one lately, you can't really know what a new Ford is like. Make this important discovery—if it's built by Ford, it's built for performance... total performance.

### Two Minutes With the Bible

The Rightness of God

There are many theological words which most people — even most Christian people — do not understand. Among these is the Bible word "righteousness." Actually, though, this word is very simple and we ought to understand about God's righteousness even before we learn of His love.

Righteousness is simply an old word for rightness. When we say that God is righteous we simply mean that what He does is always right; that He will not and cannot do anything that is not right. This is why Paul declares in Rom. 1:16-17:

"I am not ashamed of the gospel of Christ, for it is the power of God unto salvation to every one that believeth . . . for therein is the righteousness (the rightness) of God revealed . . ."

We are proud to proclaim the gospel of the grace of God because it emphasizes God's rightness. The gospel does not tell us that God will overlook our sins or wink at them and smuggle us into heaven. It doesn't tell us that He will forgive us if we are sorry enough or do enough good deeds to counterbalance our sins. By no means. The "gospel of the grace of God" is based on His rightness. It is the wonderful message that

"Christ died for our sins," that He paid for them Himself so that He might justly offer us forgiveness and declare us righteous.

Rom. 3:25 puts it beautifully. There the apostle declares that since our sins were paid for by Christ at Calvary God can now "be just—and the Justifier of him who believes in Jesus."

For centuries religious people have said to each other: "We must be truly sorry for our sins and do all the good we can and surely God will forgive and accept us." But this is not the gospel. The gospel gives us more solid ground to plant our feet upon. It says to every man, woman and child: "Your sins were paid for by Christ at Calvary. Trust in Him and you will be saved." This is gospel (good news) indeed, for it is based on the just payment of the penalty for sin.

### Local Students to Perform in Enid Festival

Nearly 11,000 high school musicians from five states will pour into Enid, Okla., in northwest Oklahoma this week for the gigantic 31st annual Tri-State Music Festival, sponsored by Phillips University and the citizens of Enid. Some 22 musicians will participate in the Festival from Crowell High School, Earl Hesse, local band director, reported.

The 85 concert bands, 77 choral groups, 11 orchestras, and 45 marching bands; 2,928 soloists, and 579 small ensembles will play and sing before a corps of 50 adjudicators representing the finest music education specialists in America at this famous "Music Classic of the Southwest."

Among the guest celebrities will be Ralph Hermann of New York, musical director of the American Broadcasting Co., an international composer and award winner who has written two selections to be world-premiered at Tri-State. Other internationally known musicians who will appear in special roles are Lt. Col. Santlemann, former leader of the U. S. Marine Band; Dr. Frank Simon, former assistant conductor of the famed Sousa Band; Dr. Archie Jones, president of the American Choral Conductors; Capt. Robert Landers of the Singing Sergeants, U. S. Air Force Band.

The indoor competition will be Thursday and Friday with the marching events Wednesday and Thursday nights. The Phillips Concert, featuring the University Band and Chorus, the guest soloists, and guest conductors, is Friday night. The 85 bands will march in the Million-Dollar Parade Saturday morning and the select members of the Tri-State Symphony, Chorus and Band, 1,000 strong, will play the matinee and evening concerts under the direction of the famed guest conductors.

### Hard to Understand

"It's a bit hard to understand how a government now losing money can make money by reducing its income. It's like taking a pay cut to help pay your bills, only the Washington folks say it will work. . . . Looks like it's about time Washington goes old-fashioned and decides to live on its income, not monkey with everybody's affairs in the hope some easy miracle of prosperity without effort might be achieved." — Liberal, Kansas, Times.

**More on Upcoming Wheat Referendum**

by Jean L. Reeder, Foard County ASC Office Manager

One of the major changes in the proposed 1964 wheat program deals with certificates.

It is also an important change, consequently it is necessary that Foard County farmers understand how it will work.

Simply, the certificates will provide for a two-price system in the marketing of wheat. Certificate wheat, which will be marketed at a higher price, will be grain used for food and export, and non-certificate wheat, which will bring a lower price, will be used for feed and for seed.

The certificate will be worth seventy cents per bushel and will give the farmer a basic support price of \$2 per bushel on the national average. Non-certificate wheat will have a loan rate of \$1.30 per bushel which is the anticipated world market price.

Certificates will be issued to participating farmers on a basis of 80 per cent of the normal production of their farms.

The government will also share in the certificate program. For, though certificates will be issued for some 975 million bushels, on a basis of 80 per cent of the national marketing quota, the government also will receive certificates for their share of the quota.

The government's wheat will come out of CCC carryover stocks. Now, if the certificate program seems at first glance to be complicated it isn't. Though it must, of course, be comprehensive enough to cover many situations, it will operate in a relatively simple manner.

Certificates will be issued through the county ASC office well ahead of harvest. The buyer of the grain will purchase both the wheat and the certificate, the wheat at the market price and the certificate at face value, which is 70 cents.

Any unused certificates not needed due to low yields may be redeemed by the farmer at his county ASC office.

**They Were Right!**

"Without doubt, the men and women who founded our republic knew that freedom to speak and to publish would be abused. They also knew that their liberty would not be safe unless they had the right to talk and write as they chose, and that is why they demanded that there be added to the new Constitution a Bill of Rights that spelled out these freedoms in black and white. They were right!"—Tempe, Ariz., News.

**Inability of People to Take Criticism**

"Often these days we read that youngsters, and even some adults, have sought violent redress against those who have criticized their failures and shortcomings. Usually, the comment on these happenings stresses the fact that the persons involved have sought a violent solution. That is indeed a problem of major consequence in present day society. But it perhaps tends to be ignored that the problem has another facet: the evidently increasing inability of people of all ages to take criticism."—Virginia, Minn., Daily News.

Do you know how easy it is to take a corner with a Corvair or park one? Turn this newspaper sideways and it will give you a pretty good idea. The wheel handles just about that easily.

The Corvair's engine is in the rear, for not only greater traction, but more balanced weight distribution. And that's what makes the steering so completely effortless.

The engine is air cooled, too. No radiator. No water or antifreeze. No boiling over or freezing up to worry about. It takes the weather and the terrain as it comes.

From the News . . .  
**THIRTY  
YEARS AGO**

News items below were taken from the Friday, May 5, 1933, issue of the Foard County News:  
When Mitchell Allee, 17, graduate from Crowell High School on May 19 with the honors of valedictorian, he will leave the school with one of the finest records ever achieved by a student in this section of Texas.

Miss Evelyn Jones is getting along nicely in the Baylor hospital at Dallas following an operation last Monday.

Foard County received its first real rain in several weeks on Wednesday and Wednesday night with moisture ranging from one-half to two inches over the county. At Crowell the rain measured 1.50 inches.

The grand jury met last week and returned no indictments, but reported that they have found some illegal voting and other irregularities in the county that should be condemned.

Births in Foard County during 1932 exceeded deaths by 101, according to figures just released by the State Department of Health. There were 135 births and some 34 deaths registered.

Without having the opportunity of displaying its ability in bringing good luck to the Crowell High School football teams, "Franklin D." the 7-months-old bobcat mascot of the Crowell Wildcats, came to the end of his earthly existence Sunday night or Monday morning.

Crowell will be represented in the State Interscholastic Meet at Austin on Thursday night, Friday and Saturday of this week by Dick Todd, member of the local track team, and the one-act play cast, consisting of Jim Lois Gafford, Crockett Fox and Mitchell Allee.

Granville Lanier, Leon Solomon, Guy Crews, Wallace Scales, Eulace Fleisher and Ted Solomon have returned from several days fishing at Lake Kemp. They report a fine catch of about 200 lbs. of bass and channel cat.

C. W. Carroll of the Gambleville community brought a poultry freak to the News office Thursday. It was dead turkey that had not completely emerged from its shell. It had only one eye, which was located on the turkey's forehead, and it had no upper bill.

M. F. Crowell left Wednesday for Brownwood to attend a W. O. W. meeting.

Four Crowell churches, Christian, Methodist, Baptist and Presbyterian, will cooperate in a daily vacation Bible school to be held at the Baptist Church for two weeks early in June.

Present indications are that thirty-one students will receive diplomas at the CHS commencement exercises on Friday, May 10.

An Indian preacher will speak at 10:30 Friday morning in the Methodist Church.

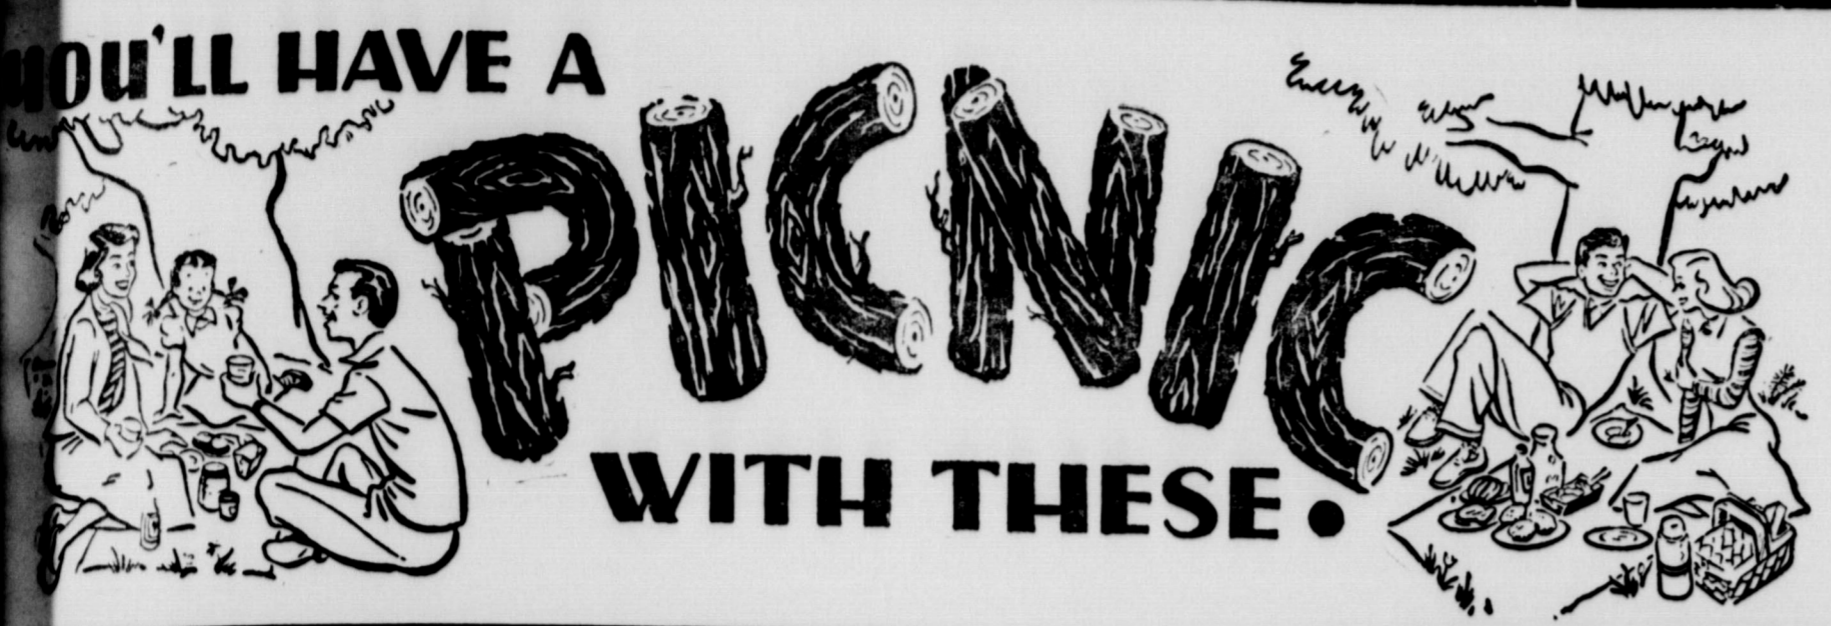

Prospects for finishing the Crowell gymnasium appeared more favorable this week as a result of the Texas Senate passing the Moffett bill which allows school districts to secure loans for self-liquidating projects.

"There really isn't much doubt left in anyone's mind that we are becoming one of the laziest nations on earth . . . We have better cars and use them for any trip of over a hundred yards. Golfers don't walk any more, they ride around the course in a golf cart . . . But now we have stumbled across a new and even gristlier gadget. Browsing through our favorite out-of-town paper the other day (the Wall Street Journal) we came across a little paragraph that says a Denver firm has now come up with a battery powered push button spinning reel."—Vale, Ore., Enterprise.

## Bridal Shower Honors Miss Linda Kay McClain Saturday

Miss Linda Kay McClain, bride-elect of Bill Graves, was honored with a miscellaneous bridal shower on April 27 at the Community Center.

Guests were greeted by Mrs. Henry Berhardt who presented them to the receiving line composed of the honoree, her mother, Mrs. Bill McClain; and Mrs. Grady Graves, mother of the prospective groom.

Miss Jo Wynn Ekern registered the guests in the bride's book. On her table was a crystal vase holding an arrangement of white rose buds.

Mrs. Elton Carroll ushered guests to the refreshment table, which was covered with a white linen embroidered cloth. A crystal epergne held a lovely arrangement of white carnations and white roses. The fruit punch with aqua colored ice rings was served from a crystal punch bowl. Aqua colored wedding bells decorated the white cookies, carrying out the bride-elect's colors.

Misses Judy Sandlin and Judy Trawack served the guests, assisted by Mrs. Bert Eason and Mrs. Gordon Erwin.

Miss Gena Adcock played piano selections throughout the calling hours.

Hostesses at the gift display tables were Meses. James Sandlin, Irving Fisch, Glen Goodwin, John Rader and Ramon Pasberry. Assisting with their duties were Meses. Guy Todd, Leo Cates and Martin Kralicko.

Mrs. Grover Johnson of Wichita Falls, President of the Santa Rosa District of the Texas Federation of Women's Clubs, was the guest speaker at the last meeting of the Adolphian Club Wednesday, April 24, at the Adolphian Club house in Crowell.

## Mrs. Grover Johnson Speaker at Public Affairs Program

Mrs. Grover C. Johnson of Wichita Falls, President of the Santa Rosa District of the Texas Federation of Women's Clubs, was the guest speaker at the last meeting of the Adolphian Club Wednesday, April 24, at the Adolphian Club house in Crowell.

## no "REA" in this STATE

Because REA is short and easily remembered, some people associate the entire rural electrification program with the symbol. To refer to the independent home-owned Electric Cooperatives simply as, "REA" is just as inaccurate as calling a neighbor who financed his home, "Mr. FHA," "Mr. VA" or "Mr. First National Bank."

REA is a Federal Government agency with headquarters in Washington, D. C. The REA doesn't own or operate electric power lines. The lines serving rural homes and farms in this area are owned and operated by us local people. We simply joined together to provide ourselves with electric power — the only way most of us could obtain it.

The REA helped us with starter loans, and we still look to REA for technical advice and loans to extend and build heavier lines. But, by law, every penny of REA loans must be repaid — with interest — by the same local people who are consumers-owners-operators of this rural electric system. We're the real owners. REA is just our banker.

Her subject was "Our Heritage from the Texas Federation." She enumerated the monuments established in public affairs by the State of Texas by the early-day club women and told of the ways in which these women accomplished their work. These same ways might be used today in solving problems of destruction on the highways, the sale of narcotics, juvenile delinquency and the printing and distributing of obscene literature. The club women of today must feel responsible for the correction of these problems of human conduct.

Out of town guests for the afternoon were, in addition to Mrs. Johnson, Mrs. John Carmichael of Vernon, State chairman of the Gardens Division of the Texas Federation and consultant of the Santa Rosa District; Mrs. Ralph White of Burk Burnett, public affairs chairman of the district and Mrs. Mamie M. Bell of Austin.

Home town guests were Mrs. N. J. Roberts, Mrs. John S. Ray, Mrs. Roy Ayers Sr., Mrs. Roy Fox and Mrs. M. N. Kenner from the Columbian Club, and Miss Jo Wynn Ekern from the Sub-Junior Adolphian Club.

The program began with the pledge of allegiance to the flag and two musical numbers: a vocal solo, "The Lord's Prayer," by Mrs. Leslie Thomas, and a piano solo by Mrs. Glen Halsell Jr.

Hostesses for the event were Mrs. Earl Hesse, Mrs. Bob Thomas and Mrs. W. B. Johnson.

## Mrs. Norris and Mr. Ketchersid Married

Mrs. Ella Paulene Norris became the bride of Homer Charles Ketchersid on April 14. The ceremony was performed at the West-side Church of Christ with Rev. C. M. Walkup officiating.

Mrs. Donna Baize, daughter of Mrs. Norris, gave her mother in marriage, and Mrs. Charlecia Hunter, daughter of Mr. Ketchersid, gave her father away.

Flower girl, Delores Hunter, is the granddaughter of Mr. Ketchersid, and Johnny and Ronny Baize, grandsons of the bride.

## Former Crowell Man Married in Victoria

Miss Erin Elaine Nance, daughter of Mr. and Mrs. Wilbur A. Nance of Victoria, and Nelson Ivan Abston of Victoria, son of Mr. and Mrs. Tom N. Abston of Quannah, were united in marriage April 1 at 9:30 a. m. at the Downtown Church of Christ.

Minister Benard Neville performed the double ring ceremony in a setting of white gladioli blossoms and asters.

The bride chose a white silk-linen original designed suit with tiered sculptured lines. She wore white accessories and her jewelry was a single strand of pearls. Her veil was attached to a silk organza petal cap with organza rosebuds, and her corsage was of white sweetheart roses.

The matron of honor was Mrs. Loraine Griffin of Victoria and she wore a blue linen sheath with white accessories, and her corsage was of white carnations.

Lee Pooley of Victoria served the groom as best man.

## Truscott Blue Birds and Camp Fire Girls

Pauline Quintana and Helen Quintana were chosen to serve as presidents of the Truscott Camp Fire Girls and Blue Birds, respectively, at the regular meeting on Thursday, April 25, in the home of Mrs. Jack W. Brown.

Other Camp Fire Girl officers, who will serve two week terms, are Shirley Robinson, vice president; Bette Sue Barry, secretary; Elvera Palacio, treasurer; and Nancy Looney and Rosa Linda Quintana, song and game leaders. Ruth Brown will be Blue Bird secretary-treasurer.

The girls voted a unanimous "thank you" to the Truscott H. D. Club which has offered to give the groups use of a room at the community house free of utility charge.

Ruth Brown showed the group how to dry wild flowers in sand. Each member was asked to bring an old loose leaf notebook to the next meeting, May 2, at the community house.

The girls sold out within an hour of opening their bake sale Saturday, April 27. Enough baked goods were sold to pay individual and group national registration fees and to buy official handbooks.

## Piano Recital Given Last Friday Evening

The piano students of Misses Gayle Smith and Gena Adeock presented a spring recital Friday evening at 6:30 in the high school auditorium. Those students participating in this event were Betty and Julia Whitfield, Janis James, Sarah Nell ten Brink, Cathy and Kristi McLain, Rheta and Rhonda Howard, La Nell and Veda Lyn Everson.

## Truscott H. D. Club

Fifteen regular members and 6 visitors were present for the regular session of the Truscott Home Demonstration Club held in the home of Mrs. Gillespie. The president opened the meeting with the THDA prayer said in unison. Mrs. Hickman led the group in a song. The 15th chapter of John was read as a devotional by Mrs. Solomon. She also read a poem entitled "Have You a Friend?"

Program on furniture refinishing was given by the agent, Miss Kinsey. She said "you can save money if you refinish worthwhile old pieces of furniture or buy unfinished pieces so they can be finished to suit one's decor. On woods such as oak, mahogany, or walnut, you would use a finish to show the grain. On others to cover up poor grain, you would use paint, enamel, or lacquer. Before you start removing the finish, have ready sand paper, steel wool, clean rags, putty knife, paper, cans, bottles, and brushes.

Mrs. Gillespie led the group in a game after which she served refreshments. Next meeting will be May 9 at the community center.

## T. E. L. Class

T. E. L. Sunday School Class of the First Baptist Church met in the home of Mr. and Mrs. C. C. Ribble Thursday evening, April 25. A delicious fish supper was served to 10 members, 1 associate member and 1 guest.

## Secret to Traffic Safety Lies in Careful Hands

The secret to traffic safety that holds the wheel, in the hands of the driver who feels and all other drivers rights on the road, is the of the driver whose attitude is stated like this:

"I promise to drive that nobody in it will hurt or killed; I promise my car so that no other in any other car will ever or killed because of a with mine; I will keep on my driving while I am; I will watch every driver and be prepared thing unexpected be and if he insists on change for the road, I will let it to him. I would not meeting him entirely that him head-on now, or later courts. I would rather be live driver than a brave and crash!"

**Foard County News**  
 Crowell, Texas, May 2, 1963  
 From the News . . .  
**THIRTY YEARS AGO**

News items below were taken from the Friday, May 5, 1933, issue of the Foard County News:

When Mitchell Allee, 17, graduates from Crowell High School on May 19 with the honors of valedictorian, he will leave the school with one of the finest records ever achieved by a student in this section of Texas.

Miss Evelyn Jones is getting along nicely in the Baylor hospital at Dallas following an operation last Monday.

Foard County received its first real rain in several weeks on Wednesday and Wednesday night with moisture ranging from one-half to two inches over the county. At Crowell the rain measured 1.50 inches.

The grand jury met last week and returned no indictments, but reported that they have found some illegal voting and other irregularities in the county that should be condemned.

Births in Foard County during 1932 exceeded deaths by 161, according to figures just released by the State Department of Health. There were 135 births and some 34 deaths registered.

Without having the opportunity of displaying its ability in bringing good luck to the Crowell High School football teams, "Franklin D." the 7-month-old bobcat mascot of the Crowell Wildcats, came to the end of his earthly existence Sunday night or Monday morning.

Crowell will be represented in the State Interscholastic Meet at Austin on Thursday night, Friday and Saturday of this week by Dick Todd, member of the local track team, and the one-act play cast, consisting of Jim Lois Garford, Crockett Fox and Mitchell Allee.

Granville Lanier, Leon Solomon, Guy Crews, Wallace Scales, Eulace Flesher and Ted Solomon have returned from several days fishing at Lake Kemp. They report a fine catch of about 200 lbs. of bass and channel cat.

C. W. Carroll of the Gambleville community brought a poultry freak to the News office Thursday. It was dead turkey that had not completely emerged from its shell. It had only one eye, which was located on the turkey's forehead, and it had no upper bill.

M. F. Crowell left Wednesday for Brownwood to attend a W. O. W. meeting.

Four Crowell churches, Christian, Methodist, Baptist and Presbyterian, will cooperate in a daily vacation Bible school to be held at the Baptist Church for two weeks early in June.

Present indications are that thirty-one students will receive diplomas at the CHS commencement exercises on Friday, May 10.

An Indian preacher will speak at 10:30 Friday morning in the Methodist Church.

Prospects for finishing the Crowell gymnasium appeared more favorable this week as a result of the Texas Senate passing the Moffett bill which allows school districts to secure loans for self-liquidating projects.

**We Are Becoming One of the Laziest Nations on Earth**

"There really isn't much doubt left in anyone's mind that we are becoming one of the laziest nations on earth . . . We have better cars and use them for any trip of over a hundred yards. Golfers don't walk any more, they ride around the course in a golf cart . . . But now we have stumbled across a new and even gristlier gadget. Browsing through our favorite out-of-town paper the other day (the Wall Street Journal) we came across a little paragraph that says a Denver firm has now come up with a battery powered push button spinning reel."—Vale, Ore., Enterprise.
