Observe Golden Wedding Anniversary

October Savings Bonds Sales Here Total \$7,475.00

October E and H Savings Bonds in Foard County totaled \$7,475, according to George Self, chairman of the county Savings Bonds committee.

Sales for the first ten months of 1960 were \$86,651, which represents 78.8 per cent of the county goal of \$110,000. First ten months sales in Texas were \$1,248, or 78.2 per cent of a goal of \$1,650,000.

Savings Bonds are an investment in the future. For years the Treasury Department sold bonds as a doorway to opportunity—a home, college education, retirement, or some other dream of the future. But today the future is threatened. With the dawn of the missile age, the world is aware that one more war will be the last. The hope of the future is for peace—for some guarantee that there will be a future to look forward to. We must have the power—the strength to keep peace, the knowledge to make lasting economic stability, help strengthen America's peace power."

Self concluded.

WILDCATS DEFEATED IN REGIONAL TILT 12 TO 8

The Crowell High School football team lost to the Albany Lions 12 to 8 at Stamford last Friday night in a IA regional play-off game. These two powerful bi-district championship teams were just about as evenly matched as they were last year when Crowell came out victorious 8 to 7. This loss was Crowell's first for the season in 12 games.

The Lions won the toss of the coin and elected to receive the ball at the opening of the game. However, the Wildcats took over when Don Welch pounced on an Albany fumble at the Lions' 24-yard line. Crowell made its first 20-yard penetration at this point, but failed to pick up a first down due to a 5-yard penalty. After two exchanges of punts, Albany made its best drive of the game when the Lions marched 79 yards to send halfback Jim Woods over for the first score of the game from the 13. The extra point try was no good. This touchdown was made just two minutes before the first quarter was over.

The Wildcats set the next touchdown up for Albany when they fumbled on Crowell's 29-yard line, and immediately drew a 15-yard

Wildcats Place Seven on All-District Team

The Crowell High School football team placed seven boys on the all-district team and five received honorable mention. These selections were made by the coaches of District 11A.

The Crowell boys who made the offensive team were Joe Barry and George Moss, ends; Gary Carpenter, tackle; Taylor Johnson; guard; Wesley Cummings and Ronnie Bradford, backs; Guy Todd Jr. was placed on the defensive team.

The honorable mention boys from Crowell were Jerry Setliff, James Borchardt, Jim Mac Gafford, Gerald Howard and Dale Doyal.

EDITORIAL

The 1960 Wildcats

This edition of the Wildcat is dedicated to the 1960 Crowell Wildcat Football Team. Yes, the 1960 football season has officially ended; however, we can never forget the exciting moments that our team has given us. The Wildcats have ended their schedule with an outstanding record—11 wins to only 1 loss; they are also the owners of a bid-district championship.

Everyone is always unhappy to see football season end, but even more so are the seniors of '61 who realize that they have participated in their last game. Joe, Wes, Taylor, Bill, Jack, Guy, George, Boob and Don have worn the "fighting Wildcat jerseys" for the last time. Other seniors having participated for the last time in connection with the football season are Margie, Carol, Kay, Jan-

ise, Dorothy and Marsha. Yes, the seniors will be back in future years to see Crowell play, but, for them, it will never be quite the same.

Although the '60 season is now officially a page in the Wildcats' history, it is a living memory in the hearts of all Crowell Wildcat supporters, and it will be for many months. Yes, the fans who have watched with hope and perhaps with a tear or two—who have backed the Wildcats through wins and through a loss, wish to thank the CHS Wildcats and their coaches for one of the best seasons ever. And for a demonstration of good sportsmanship, not only when they won, but also when they bowed in defeat.

Wildcats Bow to Albany Lions

Well, this is it! No more football until next year. Of course, we all wish we could have won the ball game Friday night and gone on to quarterfinals, but it looks like Albany got the breaks. They covered us 12-8 in a razzle-dazzle game played at Stamford Friday night. It is not whether or not we have won or lost, but how we have played the game. Our Crowell Wildcats have never had a bad name for unsportsmanlike conduct in all the years they have been playing. This is what really counts! These boys have done a fine job during this season of playing and should be saluted. The seniors who will graduate this school year will surely be missed. They are Taylor Johnson, Wesley Cummings, Gary Allen Carpenter, Joe Barry, George Moss, Don Welch, Guy Todd, Bill Smith and Jackie Hickman. A great big salute goes to the fighting Crowell Wildcats.

A Salute

The C. H. S. Cheerleaders would like to give a special salute to the pep squad, band, and football fans for the spirit that has burst from under their hats during the past football season. We—Margie Rasberry, Carol Bell, Carria Driver, Alta Bartley, Elly Wehba and Barbara Bell—have certainly enjoyed your cooperation as we had a good turnout for all pep rallies, games, and the bonfires.

Now as football season ends and basketball practice begins, let's all turn our ears toward the high school gym and support Coach Erwin and the Wildcat basketball team.

A Note of Thanks

The football team, coaches, and school wish to express their appre-

ciation to all the people who have been so generous in furnishing rides for the boys this year. Thanks also go to Carole Fisch who called for the rides.

Special

The Juniors would like to thank all for their wonderful cooperation in helping with the cake sale. Please keep up the good work.

Girls Basketball News

After seeing defeat once by each of these teams—Benjamin and Rochester—the C. H. S. girls basketball team showed a victorious smile as they stomped both teams, one here and one there, last week.

In the first game with Rochester, the girls saw defeat by one point. Once again they felt the sting as the clock slowly ran out of time and they lost to Benjamin by one point.

The girls have played eight games this season, winning three and losing five. Each of the five games was lost by no more than three points.

As the girls are trying to improve and to learn new plays, they plan to attend the Oklaunion tournament—Wednesday through Saturday.

Senior Personalities

Our senior of the week has dark brown hair, brown eyes, and a height of 5'6". Her favorite foods are chocolate chip cookies, pizza pie and vanilla Cokes—what a combination! In her pastime, she enjoys music by Ray Charles, Johnny Mathis and Fats Domino. Her favorite expression is "You say my teeth nearly fell out of my head." When she was asked her easiest and hardest subject, she replied, "I really don't think any are too hard! English is the easiest."

Yes, you're right, her name is Carole Sue Fisch. She was a cheerleader for 1959-60; this year she is editor of the Wildcat. In 1960 she served on the annual staff. Carole's pet peeve is Pittsburgh Pirates. I wonder why? She is a member of Spanish Club, F. H. A., Student Council, M. Y. F., and Sub-Junior Columbian Club. Her parents have influenced her the most in life. After graduation, she plans to enter S. M. U.

Best of luck to you in the future, Carole.

This senior has brown hair and brown eyes, and a height of six feet. His favorite sport is basketball. Steve Magnene and Briget are his favorite actors, and Roy Austin is his favorite singer. A friend has influenced him the most. Danny Rader is his pet peeve.

Math is his easiest subject, and English is his hardest. His favorite expression is "Ha! Heee! Haw!" He enjoys all types of food. His favorite pastime is running around. He has been a member of the B team in basketball.

I guess you are wondering who this senior is; well, his name is Roy Washburn. He is a member of F. F. A. After graduation, Roy thinks he will attend college, but he has not decided which one he will choose.

Best of luck to you in the future, Roy.

United Youth to Meet

The United Youth is to meet Sunday night at 8:30 o'clock at the First Christian Church. All high school students are cordially invited to attend.

C. H. S. Library

When you get the feeling that you are being required to read an excessive number of books or magazine articles in your classwork, the advertisement recently published by International Paper Co. may be a consolation to you. The ad said, in part:

"We asked 100 company officers 'How many magazines, books and newspapers have you read in the past week?' Their answers totaled magazines, 338; books, 53; newspapers, 1,490.

"Then we asked 100 men in the same age group whose salaries had never reached \$7,500 a year. Their answers totaled: magazines, 229; books, 28; newspapers, 1,177. The conclusion is as clear as print. 'Men who read more achieve more.'"

The ad went on to point out that some colleges have been offering reading courses for businessmen, and that these men are likely to make more money as a result. "But what if their incomes failed to rise by a single penny?"

it asks, "They would still be wealthier beyond measure. For their interests have stretched galaxy wide—and will never shrink back."—Copied.

Policy of Planned Aggression

FBI Director J. Edgar Hoover says, "The Soviets and their satellites have abused and will continue to abuse every privilege available to them. Soviet espionage agents have avidly acquired books, pamphlets, maps, technical journals and military publications for their military value. Russian intelligence files are filled with aerial photographs of this nation's cities, port facilities, missile bases concerning our transportation system and other strategic areas. Data items, major industries, technological advances and other achievements are carefully collected by Soviet and satellite agents, many operating with diplomatic immunity from the United Nations in New York and their embassies in Washington, D. C. Despite Khrushchev's blatant mouthings regarding peace and fellowship among nations, it is pure folly to ascribe these tactics to any other course but one of planned aggression."

About the only thing one can't buy these days is a reputation.

Democrats in charge of both Congress and the White House for the first time in eight years will make new farm legislation one of their first 1961 objectives.

President-elect John F. Kennedy has named special committees of non-government experts to work with the next Secretary of Agriculture in developing recommendations he plans to send Congress in late January or early February.

Most observers here think that although Congress probably will make changes in farm legislation, these are likely to be delayed by extended debate until too late to be made effective for 1961 crops.

There are many changes in present farm programs which the Secretary can make without additional legislation. Discretionary authority granted him under present laws will permit him to raise most price supports and to impose stronger production controls.

Parity of Income Promised

Mr. Kennedy has told farm leaders here his recommendations will be "substantially those I proposed during the campaign." They will be aimed, he said, at (1) raising farm income, (2) reducing surpluses, and (3) adjusting production to demand at reasonable prices.

The key farm promise was to "secure full parity of income for the American farmer." He defined parity income as one "which gives average producers a return on their invested capital, labor and management equal to that which similar, or comparable, resources earn for non-farm employment."

That promise became a hot campaign issue when the Department of Agriculture estimated it would require a 50 per cent increase in prices received by farmers and result in a 25 per cent increase in food costs. Mr. Kennedy said both figures were too high.

Supply Management

"We intend," Mr. Kennedy said, "to assure this parity of income primarily through supply management—the adjustment of supply to demand at parity income prices."

This, he said, would be accomplished through loans and purchases, marketing quotas, land retirement, and diversion of surpluses through an expanded Food for Peace program and establishment of an "emergency reserve" of foods and fibers.

Mr. Kennedy said production and marketing controls would be put into effect "only when at least two-thirds of the producers vote their approval in a referendum."

He warned, however, that in order to attain full parity income farmers must be prepared to accept "sacrifice and discipline." He added he believed farmers will be willing to accept whatever controls that are necessary to reverse the long decline in farm income.

Miss Janise Yvonne Morris Is Bride of Jerry Pritchard

The First Baptist Church of Margaret was the scene Friday night of ceremonies uniting Miss Janise Yvonne Morris, daughter of Mr. and Mrs. A. J. Morris of Crowell, and Jerry Don Pritchard, son of Mr. and Mrs. J. D. Pritchard of Quanah. Rev. L. M. Cox, pastor of the church, performed the double ring ceremony.

The front of the altar was decorated with an archway adorned with white mums and greenery. The arch was flanked on either side by candelabra and baskets mixed with white gladiolus and mums.

Traditional wedding music was provided by Misses Jo Ann Schwarz and Jeanette Moody. The bride, given in marriage by her father, wore a bouffant gown fashioned of white slipper satin, tulle and lace. The lace bodice featured a high-neck lace jacket complemented with tiny buttons and overskirt of matching lace fell to a veil in both front and back. Her veil of nylon tulle was caught to

a satin covered tiara encircled with pearls. Her bridal bouquet featured an arrangement of a white orchid and white carnations. The tradition of something old, something new, something borrowed, something blue, and a sixpence in her shoe, was carried out.

Miss Wanda Moore of Crowell served as maid of honor. She wore a blue velvet sheath dress. Her head piece was made of white net attached to a crown of white velvet. She carried a nosegay of white carnations with blue streamers. Miss Sue Roberson of Oklawaha served as candlelighter. Miss Roberson wore a blue brocaded tulle dress and hat fashioned with nylon net attached to a satin bow. Her corsage was white carnations.

Mrs. Morris, mother of the bride, wore a navy blue dress and beige accessories and a corsage of pink carnations. Mrs. Pritchard, mother of the groom, wore a navy blue dress with black accessories and her corsage was of pink carnations.

Following the ceremony, a reception was held in the home of Mr. and Mrs. Grover Moore. Miss Dorothy Nell Denton of Crowell registered the guests in the bride's book.

The bride's table carried out her chosen colors of blue and white. A three tiered cake was placed in the center of the table. Mrs. Gary Griffith, Misses Dorothy Wehba, Martha Fish and Joyce Latimer presided at the refreshment table.

Following the reception, the couple left for a short trip. The bride traveled in a plum and black sheath dress. Her accessories were of the same colors, and she wore a white corsage.

The couple will make their home in Crowell until the bride finishes her senior year of high school. The groom is a graduate of Quanah High School and is now employed at the Quanah Acme & Pacific Railroad.

Miss Ruth Ellen Short Weds Lindell McBeath

On Thursday night, Miss Ruth Ellen Short and Lindell McBeath were wed in a double ring ceremony in the Thalia Baptist parsonage with Rev. W. B. Fitzgerald officiating.

The bride was attired in a white sheath dress with black accessories. Her corsage was of white split mums, centered with a large glamma that sparkled with diamond dust. She was attended by Miss Helen Vessel, maid of honor, who was attired in a light blue dress. Her corsage consisted of a white num with pink maline and ribbon, and also sparkled with diamond dust.

Miss D'Lois Shultz, bridesmaid, was attired in a light purple sheath dress. Her corsage was a white num with purple ribbons, sparkled with diamond dust.

Attending the groom as best man and groomsmen were Gary Carpenter of Thalia and Johnny Wehba of Crowell.

Miss Bronte Gooden Honored at Several Social Functions

On Monday, Nov. 14, Mr. and Mrs. Glen Fox were hosts at a western style barbecue honoring Miss Bronte Gooden of Adelaide, South Australia, and introducing her to some of their friends and relatives.

Guests gathered on the back lawn and were served buffet style and seated at quartet tables scattered about the lawn.

Must Stimulate Creativity

Business education must more to stimulate creativity imagination, in the view of Carl H. Madden, dean of the College of Business Administration at Lehigh University. As he said, at the beginning of a business career "the primary phasis should be on liberal education and broad fundamental economic and corporate management."

Should Remove the Slaughtering on Nation's Highways

"J. Edgar Hoover, chief of the Federal Bureau of Investigation, says 'Just as through research and positive action we have isolated and conquered the germs of so many dread diseases, so can we remove the slaughtering which litter our highways with broken and battered bodies. But it cannot be done by showing pity or offering excuses for those who wantonly violate the basic rules of traffic safety.'"

"Two of the greatest dangers on our roads are the drunken and reckless drivers. Why should anyone feel compassion for them? Their actions show as much disregard for law and order as do the acts of a burglar who follows a carefully laid plan to steal in the night. Also, in many instances, they are a far greater threat to human safety."—Middlebury, Vermont, Independent.

Case of Fire . . .

"If fire strikes your home, first get everyone out of the house. Then call the fire department. If the fire has gained headway, the first two or three minutes after you discover it may be the most important minutes of your life."—Menomonee Falls, Wis., News.

Reduction in Gas Tax Would Rate Headlines Like First Man to Moon

"South Dakota motorists had a chance to sign petitions calling on Congress to drop the four-cent per gallon tax to three cents. Congress originally had promised to drop the tax from four to three on June 30, 1961, after it was enacted a year ago for a 22-month period.

"We didn't see or have a chance to sign one of these so-called petitions. But if the gas tax or any other kind of tax goes down instead of up it will rate headlines along with the first man into space."—Rosholt, S. D., Review.

The District III 4-H Club council will meet Saturday, Dec. 3, at the Haskell National Bank. 4-H'ers going from Foard County will be Wanda Moore, secretary of District council; Bobby Bond and Joe Wyn Eker, alternate delegates to the council.

The annual District 4-H Gold Star banquet will be held Wednesday, Dec. 7, in the KRBC, Abilene TV station, at Abilene. The Gold Star boy and girl, Joe David Drabek and Linda Mechell, and their parents, along with the county extension agents and their husband and wife, will be guests at this banquet.

Our recipe for the week is: Sweet Breads Scald 1 cup milk. Add and stir in 1/2 cup sugar, 1 and 1/2 teaspoons salt, 6 tablespoons shortening. Cool to lukewarm. Measure into bowl 1/2 cup lukewarm water, and 1 tablespoon sugar. Sprinkle or crumble in 2 pkgs. or cakes dry or compressed yeast.

Let stand until dissolved (5 to 10 minutes for dry yeast), stir. Add lukewarm milk mixture. Add and stir in 2 eggs, well beaten. Add and stir in 4 cups sifted all-purpose flour. Stir only enough to dampen flour.

To make 9 muffins and 1 coffee cake. Fill well greased muffin pans half full. Pour remaining batter into well greased 8 inch square pan. Mix together one-half cup brown sugar, 2 tablespoons shortening, one-fourth cup chopped nuts.

Sprinkle on top of muffins and coffee cake. Cover with clean towel. Let rise in warm place, free from draft, until doubled in bulk, about 50 minutes. Bake in moderate oven at 400 degrees about 25 or 30 minutes.

Research Discovers Possible New Use for Wheat

USDA scientists have discovered a possible new use for wheat. In laboratory tests, acid-modified wheat flour has proved equal to commercial sizing material for imparting strength to paper. Some papers sized with modified flour gained 43 per cent in bursting strength, 20 per cent in tensile strength and 93 per cent in folding endurance. Papers treated with modified-flour size were comparable to paper treated with widely used commercial sizes in brightness, opacity, freedom from discoloration and other desirable properties.

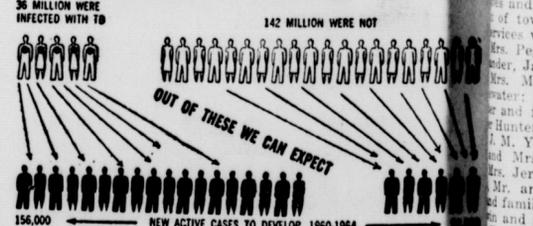

Successful chemical modification of wheat flour by reacting it with ethylene or propylene oxide was first reported by ARS in June of 1959. It was found that these chemically modified flours mix readily with water to form a free-flowing paste, a quality desirable in industrial paper making. USDA chemists also reported that chemically modified flour could be stored with a moisture content of 5 per cent or less. On the basis of recent performance tests with laboratory-scale equipment, it is expected that at least one of the acid modified flours will perform satisfactorily in high-speed paper making machines, according to workers at the ARS's Northern Utilization Research and Development Division, Peoria, Ill.

Northern Laboratory scientists believe that if modified flours are introduced into the paper-making industry, substantial new markets for wheat could develop. Their interest in wheat flour for this purpose is based on availability of flour as a raw material in large quantities at a relatively low cost, and the broad industrial potential of a material that combines starch and gluten, both valuable for adhesive qualities.

THE ORIGIN OF FUTURE TB CASES

Most new cases of tuberculosis will come from people now infected. The 20 per cent of our nation's population estimated to have been infected with TB germs sometime in the past will contribute three out of four of the new cases in the next few years. The rest will come from people not now infected. Christmas Seal donations help to find these infected people.
