Foard Farmers Can Still Sign for Feed Grain Program

Although the time is getting short, there is still an opportunity for those feed grain producers of Foard County to take part in the 1963 feed grain program. March 22 is the date that concludes the sign-up period.

According to Mrs. Jean L. Reeder, Office Manager of the Foard County Agricultural Stabilization and Conservation Services office, producers of feed grain in the county should know these principal features of the 1963 program:

(1) The program is voluntary; (2) it applies to corn, grain sorghum, and barley—for these crops, the base acreages are added together, into one "feed grain base" for the farm; (3) a payment may be earned for diverting acreage from these feed grains to a conservation use; (4) a substantial price-support payment is also being made available to those farmers who participate in the 1963 feed grain program; and (5) only participants will be eligible for price-support loans and purchase agreements on the 1963 corn, grain sorghum, and barley crops.

"All farmers are invited to come into the office for additional details and at least have your individual payment figured," Mrs. Reeder concluded.

Scattered light showers which preceded a Pacific front which moved into this area Sunday brought .23 inch of much-needed moisture to Crowell. Reports from east and southeast portions of the county were that from one-half to three-quarters of an inch was received in that area while in the northeast part, up to an inch was reported. The west part of the county received about the same as Crowell except for a strip near the Rasberry oil field where up to an inch was reported.

The first shower in Crowell fell early Sunday morning with intermittent light rain through the morning.

The front evidently kicked up dust on the Plains and a red haze of dust was high in the air over this area later Sunday afternoon.

The relative humidity gauge at the News office dropped from 100 per cent humidity at 4 o'clock Sunday afternoon to 25 per cent by 5:30 as the dry dusty air moved in.

High and low temperatures recorded during the past week follow:

March 7: high 64, low 33.
March 8: high 70, low 37.
March 9: high 63, low 31.
March 10: high 66, low 38.

4-H Girls Clothing Workshop to Begin Thursday, March 14

The girls interested in sewing in the 4-H Clothing Workshop have met and enrolled. The first meeting will be Thursday, March 14.

The girls making blouses will meet at the Youth Center and the girls making dresses will meet in the basement of the Methodist Church. The purpose of the first meeting will be to cut out their garments.

The girls will work in the following divisions: the first year girls will make skirts; the second year girls will make blouses; the third year girls will make simple dresses and the junior leader girls will make dresses and suits.

The following leaders have agreed to help in the clothing workshop: Mmes. N. L. Looney, Bob Thomas, W. F. Bradford, Kenneth Halbert, A. B. Calvin, Loraine Carter, Milton Hunter, Bill Nichols, Donald Norris, B. J. Halenack, Grover Moore, Bob Abston, Warren Haynie, O. E. Ketchersid, and Misses Jean Burkett and Bettie Ann Welch.

"If you are interested in working with these 4-H's, we still need some leaders," Mrs. Virginia Ilse, County H. D. Agent, said in announcing the workshop.

Sherry Hall Wins Crowell School Spelling Bee

Sherry Hall won the local Spelling Bee last Thursday morning and will represent Crowell Elementary School in the county try-out next Monday afternoon. Virginia Stapp was the runner-up and these two contestants spelled thirty words each after the other four contestants were eliminated. Virginia missed the word, "canister." Sherry corrected her and went on to spell "canopy" to capture the championship. The other four contestants were Deborah Jones, Joe Mike Fish, Janis Gray and Vikki James.

The representative for Foard County will be determined next Monday afternoon at two o'clock in the Crowell High School auditorium when Cathy Moore of Thalia Elementary School and Sherry compete. The winner will spell in the district meet at Wichita Falls on April 20.

C. W. Carroll's 81st Birthday Observed Sunday, March 10

Scattered light showers which preceded a Pacific front which moved into this area Sunday brought .23 inch of much-needed moisture to Crowell. Reports from east and southeast portions of the county were that from one-half to three-quarters of an inch was received in that area while in the northeast part, up to an inch was reported. The west part of the county received about the same as Crowell except for a strip near the Rasberry oil field where up to an inch was reported.

The first shower in Crowell fell early Sunday morning with intermittent light rain through the morning.

The front evidently kicked up dust on the Plains and a red haze of dust was high in the air over this area later Sunday afternoon.

The relative humidity gauge at the News office dropped from 100 per cent humidity at 4 o'clock Sunday afternoon to 25 per cent by 5:30 as the dry dusty air moved in.

High and low temperatures recorded during the past week follow:

March 7: high 64, low 33.
March 8: high 70, low 37.
March 9: high 63, low 31.
March 10: high 66, low 38.
March 11: high 72, low 37.
March 12: high 72, low 46.
March 13: low 35.

W. B. Griffin Died Early Tuesday After Long Illness

Funeral services for W. B. Griffin, 79, retired farmer and longtime resident of this community, were held at the First Baptist Church Wednesday at 2:30 conducted by Rev. C. T. Aly of Wichita Falls, a former pastor of the church, assisted by Rev. Glenn Willson, pastor.

Mr. Griffin passed away in the Foard County Hospital early Tuesday morning following a long period of declining health.

Burial was in the Crowell Cemetery under the direction of Womack Funeral Home.

Pall bearers were Ray Brown, Ray Shirley, Mike Rasberry, Charles Branch, Mike Bird and Glen Goodwin. Assisting with flowers were Mrs. Glen Goodwin, Mrs. Milton Hunter, Mrs. T. S. Haney and Mrs. J. B. Rasberry.

Wiley Bura Griffin was born November 5, 1884, in Union County, North Carolina. He came to Red River County, Texas, with his parents in 1896 and lived there until the death of his father in 1899. He then moved to Georgia where he lived until he moved back to Texas in 1908, settling in Foard County. He was married to Miss Leona Elizabeth Harrison at Gracemont, Okla., on December 23, 1915. To this union were born three sons and four daughters. Two daughters died in infancy.

He is survived by his wife; two daughters, Mrs. Effie Foster of Floydada and Mrs. Clarence Oster of Pecos; three sons, Riley R. Griffin of Odessa, Thomas C. Griffin of New Orleans, La., and Alton R. Griffin of Lubbock; five granddaughters and six grandsons.

Mother of Mrs. Luther Tamplen Died March 12 in Sherman

Mrs. T. J. Hough, mother of Mrs. Luther Tamplen of Crowell, passed away in a hospital in Sherman on March 12 at 5 a. m. following a short illness.

She is survived by three children, Mrs. Tamplen of Crowell, L. J. Hough of Sherman and Paul Hough of Whitesboro. She also had nine grandchildren, and twelve great grandchildren.

PTA Pancake Supper Last Week Grosses \$283.00

The P. T. A. pancake supper held at the school cafeteria on Monday, March 4, grossed \$283.00.

On behalf of the PTA, the president, Loraine Carter, and the members of the executive board, wish to express appreciation to all who made this supper a success.

Local women prepared the food; the Boy Scouts and Camp Fire Girls assisted in serving; and the grammar school students sold tickets. Fred Wehba arranged for food donations from various companies, as follows: Swindell's, the sausage; Quaker Oats, the Aunt Jemima products; Kimbell's the oleo and syrup; Carnation Co., the milk and cream; Folger's, the coffee.

There will be no other meeting of the PTA in March. The last meeting of the year will be on April 15 at which time there will be the installation of officers for the 1963-1964 school term.

Two People Are Hospitalized After Wreck Friday

A two-car collision at the intersection of US 70 and the Seymour road last Friday sent a Gilliland man and a Quitaite woman to the Foard County Hospital. Arthur Horne of Gilliland and Mrs. Winnie Hamilton were hospitalized overnight as a result of the crash.

According to Sheriff P. W. Taylor, Mrs. Hamilton was making a U turn on US 70 when the accident occurred. Mrs. Horne was in the car driven by her husband. Extensive damage resulted to both cars.

Singing Sunday

Third Sunday singing will be held at the Free Will Baptist Church next Sunday beginning at 2 p. m. Everybody is invited to attend.

You and Your Parents

One of the hardest jobs in the world is to be a teenager. Probably the next hardest job is to be a teenager's parent. Since these two jobs must be done simultaneously, the problems are doubled, and life can become miserable for both parties—you and your parents.

Your parents try to guide you as they think is best. You may not think it's best for you; you pull back. Other times, you push forward in a direction you want to go. Your parents pull back. During the teenage years, in-

tense new feelings occur that you may not quite know how to handle. One minute you're on Joy Mountain—life is so wonderful! The next minute you've fallen into the deepest part of Gloomy Gulley—you'll never smile again! You laugh, then you cry. At times the smallest thing can hurt your feelings. Other times you amaze yourself by getting angry and lashing out at everyone.

With all this going on inside you, how can your parents have problems? First, your parents are people, too. They have their own feelings (and sometimes it's probably to murder you and do the world a favor) and rights as individuals. Parents, however, do not come equipped with E. S. P.; they cannot predict your moods or know how you will take this or that. You sometimes think that parents were created merely to console, appease, and make allowances for you. You forget that your parents are "grown up" teenagers who have been through this once themselves. They have foresight; they reprimand you when you go astray because they love you and know what is best for you in the long run.

Remember the Teen Age is a difficult decade. These are the years when a child is transformed into an adult. Don't think, however, that you as a teenager are the only one to suffer from "growing pains"—your parents are having them along with you!

Senior Personality

Entering the senior spotlight this week is a brown haired, hazel eyed 6'3" boy. The subjects he takes are Algebra II, chemistry, biology, English IV. His hardest subject is English; his favorite, algebra.

Other favorites of his include the color, blue; actor, Gary Cooper; actress, Natalie Wood; sport, basketball; season, summer; pastime, hunting quail or playing billiards. His favorite meal would consist of fried chicken, gravy, green beans, corn on the cob, peach cobbler, and tea.

Jimmy has been influenced most by his parents, the pastor of the First Baptist Church, and his teachers.

After graduation, he plans to attend Texas Tech where he will

train to become a bookkeeper. As you may have guessed by now, our senior personality is none other than one of the Wildcat typists, Jimmy Thompson, son of Mr. and Mrs. Marlin Thompson.

Jimmy, we wish you the best of luck in all your plans for the future.

Senior Work Day

Saturday, March 9, nineteen seniors participated in the senior work day; the proceeds will be used for the senior trip. Below is a list of students who worked and the merchants for whom they worked:

Adkins Station, Don Hinkle; Borchardt Chevrolet, Bob Borchardt; City Dry Cleaners, Teatra Wright; Crowell State Bank, Fauncine Fairchild; D&T, Jimmy Thompson; Farmers Elevator, Judy Traweek; Ferguson Drug, Sue Cates; Hospital, Jeanette Bolibruch; Jones Gulf, Joe Drabek; Harris Ford Sales, Sammy Hudgens; McClain Grocery, Linda McClain; McLain Impl., Chas. ten Brink; Humble Station, Benjie Hopkins; Shirley Youree, Judy Sandlin; Tole Station, Nolan Tole; Wehba's, Elly Wehba; Womack's, Carolyn Eubanks; Leon Spear, M. L. Spear; Bert Ekern, Paul Ekern.

The senior class wishes to express its thanks to the merchants who participated in this money-making project.

Sports

Tennis spotlights. The sports news this week: Friday, March 8, Spear & Ekern played in San Saba, winning the first round against Mason, 2-6, 6-0, 6-2. During the second round, the Wildcats tangled with the number two doubles team in the state; the wildcats were defeated, 6-1, 6-0 and were eliminated from the tournament.

Saturday, Vernon played host to about 12 teams in a practice tournament. Spear and Ekern won the first round against Vernon No. 2 team 4-1, 4-0 and then won second round against Mike Gamble and Mike Ratliff 4-0, 4-1. This victory put them in the finals against Barwise. The Barwise boys put up a good battle, taking the first set 2-6. The Crowell team

took over the situation then, winning the next two sets 6-4 and 6-3.

Next week end the team goes to Vernon for a regular tournament. Because of last week's victory, it will probably be seeded first.

Students Take Tests

Last Tuesday, March 5, Bill Fitzgerald, a senior student, took the National Merit Scholarship Qualifying Test.

On March 2, Charles ten Brink and Dale Doyal took the CEEB test in Wichita Falls.

Nelda Chappell, a junior student, has been recommended by the English department to participate in the 1963 NCTE Achievement Test sponsored by the National Council of Teachers of English. This test is given only to juniors. Only one student from each 500 students may participate. The test will be taken in April, but the results will not be known until 1964.

How Did You Spend That Extra Day?

Kenny, went to Seminole; Charles, working calves; Ken, I ate; Freddie, worked in the store; John Carl, I painted; Otis, I went bowling; Rickey, played handball; M. L. and Paul Bax, played tennis; Myrtle, washed windows; Joe, worked a little bit; Corder, went to Odessa; Sherry and Mary Sue, went to Winters; Judy T., I got up at 4:30 to deliver papers and went to the dentist; Gena, went to hospital; Dena, went to Tyler, Ruth, went to Lubbock; Carolyn, went to hospital; Jon Lee and Bob, went to Lubbock; Jimmy, went hunting.

Read 21 Books a Year!

If you have trouble finding time to read, think about these things. It has been said that an average reader can read 300 words a minute of ordinary reading. In 15 minutes, he can read 4,500 words. If he reads 15 minutes a day for a week, he will have read 31,500 words. This number multiplied by 52 (the number of weeks in a year) gives a grand total of 1,638,000 words. That

is the total number of words of average reading an average reader can do in just 15 minutes a day for one year.

The length of books varies from 50,000 to 100,000 words. The average is about 75,000. This means that in a year, the average reader can read more than 21 books by reading only 15 minutes each day.

Surely you can find 15 minutes during the day to read a good book. (Note: It is not recommended that you read during a class because it is very hard to concentrate when a teacher is talking). Who knows, you might even like the book so much that you could read 20 minutes a day. Just think, if you multiplied 20 times (why are you taking my pencil away from me?)

The Flapping Lip

Well, here we are for another big week. The Lip hopes all enjoyed their week end trips.

Otis and Ken, ya'll better leave those "for sale" signs alone. Together Friday night were Sandra-Toye.

Seen at the Plaza were Kenneth-Ronnie, Paula-Woody, Otis-Scherry, Bobby-Jean, Charles-Judy T., Judy L.-Henry.

Seen together Thursday and Sunday night were Jo Wynn-Art Lynn, Barbara-Bobby, Scherry-Paul Bax, Sandra-Toye.

Why do they call Paul Bax "Slick," and also where is your jacket, "Mr. Success"?

What is the new topic in the gym third period. Pat B., Judy H., and Linda W. know.

Together over the week end were Pat B. and Al.

Bob, why do people like to drag with you?

Seen together Saturday night were Paul Bax-Mary, M. L.-Pat, Mike-Mary Sue, Sandra-Toye.

"M. L., next time try to be a little more prompt," said Pat.

Well, the mice are getting fat again this week—wonder why?

What plan for the week end caused trouble for Ruth and Philip this week? Hmm.

Seen together Sunday afternoon were Sharon-Junior P., Sharon-Evry, Saunna-Mike H.

Saunna, why were you mad at yourself Sunday? Could it have been because of a boy who drives a blue and white Chevrolet? We bet Donna knows.

Let's all have fun and give the lip something to flap about next week.

Progress

The man who invents a better plow, designs a better machine, builds a better chair, plants a

tree, or builds a great railroad contributes to the well-being of the people, whereas the advocate of political cure-alls, even though his intentions are noble, rarely adds much to real progress. Happiness and prosperity are rooted in economic progress. The nation that makes heroes of its business men, its builders, will always enjoy three meals a day and a good

bed, while the nation that makes heroes out of its politicians will become slaves, often hungry and shelterless. No government can give anyone anything until someone has produced it. Only as production is stimulated and encouraged by adequate rewards, will a nation prosper.—Scandal Sheet Graham.

Daytona is no "private" test arranged by a manufacturer to favor his car's strong points. It is open competition—anyone can enter—and the one thing that is proved by its searing 500 miles is just exactly how well a car hangs together. At Daytona, Florida, on February 24, five brand-new 1963 1/2 Fords showed the world what durability means by sweeping the first five places. And that has never been equaled in Daytona history!

The box score at the left tells the true story...car endurance that takes brutal punishment and comes back for more.

No proving ground can equal this kind of torture. Daytona was a challenge we welcomed, a chance to prove in open competition the essential durability that makes possible the silence, the solid road-grip, the ease of control, the balanced braking...and

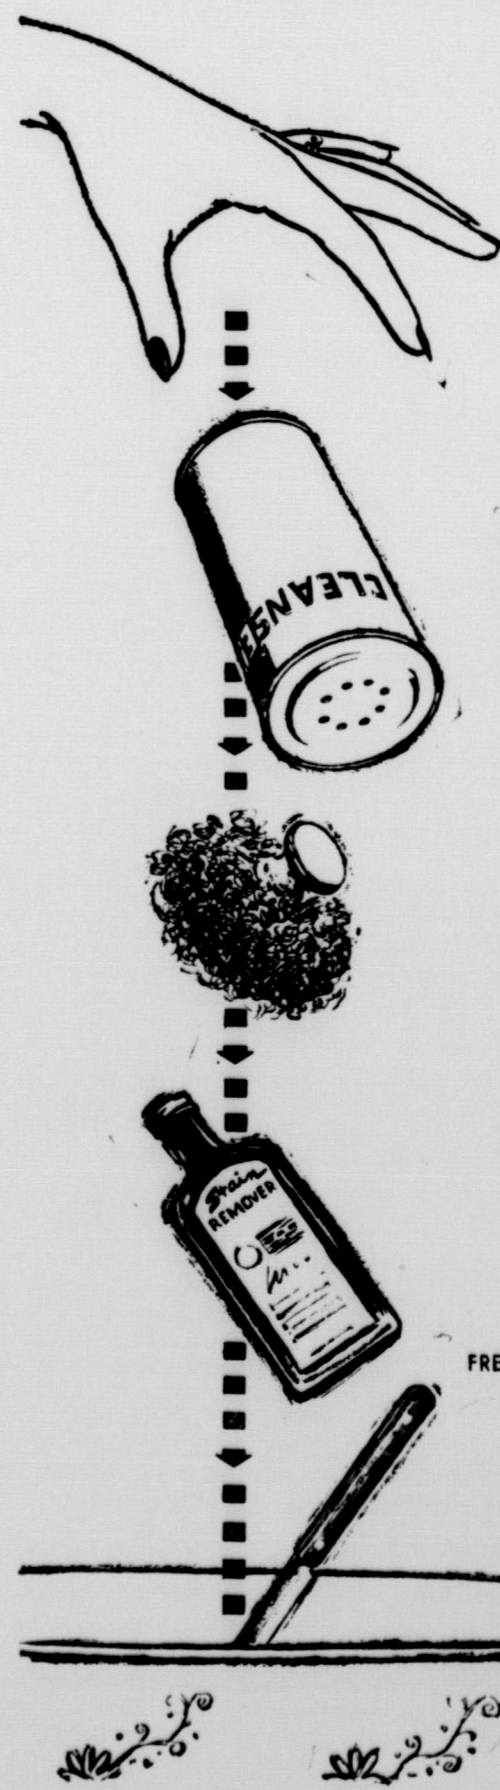

all the other things that go into Ford's concept of total performance.

These were the same '63 1/2 Super Torque Fords that made styling history at their preview at Monaco, and which were recently announced at your Ford Dealer's. They're yours now; get behind the wheel and find out for yourself what total performance means!

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

Austin, Tex.—Some like it hot. Some like it cold.

Politicians seem to prefer the latter. So, candidates again will campaign from the freezing weather of January and February, right up to the heat of summer.

This preference on the part of office holders became evident when the Texas House of Representatives killed a bill by Rep. Howard Green of Fort Worth that would have moved the Spring voting dates to August and September.

Rep. Green urged passage of his bill to bring the voting dates closer to the general election and thus cut campaigning time in half. But the House would have none of it. Legislators decapitated the bill 97 to 44.

Opponents argued that August was vacation time, therefore a poor time to try to get out the voters.

Green countered with a reminder that absentee voting took care of that problem.

But the House refused to concur. In fact members proved their almost total dislike for the bill by a most unusual move. They struck the enacting clause . . . which was like severing a head and leaving only the body.

TRESPASSING BILL — Rep. Bill Rapp of Raymondville wants to simplify trespassing convictions.

He has introduced a bill that would allow a landowner to establish ownership simply by going into court and swearing he owns the land. But Rapp found few supporters when he appeared before the House Criminal Jurisprudence Committee.

Rep. Travis Peeler of Corpus Christi backed him up. "I know of no convictions in my area," he said. "It is so absurd to spend maybe \$500 to establish title to get a \$50 conviction, no one tries

it."

Rapp told the committee, "I own no land, but I feel that a man who owns land should be able to keep me off if he doesn't want me on. People know they can get by with trespassing under the present law, so they trespass."

He said ranchers in his part of Texas are especially plagued with trespassing hunters.

Criminal jurisprudence committee agreed with Rapp that a man should be able to protect his land from hunters who might mistake cows for deer. But some were afraid that the bill could be used to establish title in an ownership dispute.

So the bill was sent to a subcommittee to have the wrinkles ironed out.

A 14-MAN JURY? — House criminal jurisprudence committee praised a bill by Houston representative Paul Floyd and sent it to the House for a vote.

Bill provides for the selection of one or two alternate jurors, to be used in case regular jurors become ill.

Present law calls for only 12 men. Often this results in mistrials because a juror may become sick midway through a trial.

Under Floyd's bill, the 13th and/or 14th juror would sit through the entire trial and follow regular jury rules. But he would sit in on a verdict decision only if one of the regular dozen became incapacitated.

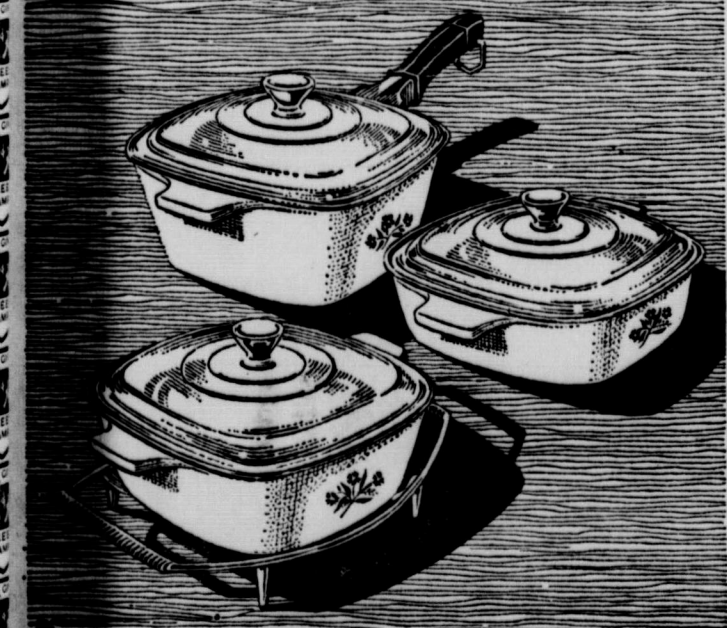

Reid Pyle of Iowa Park visited here this week with his sister, Mrs. Houston Adkins, and family.

Mike Bird and three sons, Dan Mike, Bob Mike and Terry Mike, and Houston Adkins and Randy spent the week end in Austin attending the state finals of the State high school basketball games.

LUXURY CAR: RIDES, RESPONDS AND LOOKS LIKE IT OUGHT TO COST A RANSOM

You're looking at our Impala Super Sport Convertible which, along with its cousin the Sport Coupe, absolutely embarrasses higher priced cars.

That special trim and those front bucket seats merely hint at the comforts you find built into every Impala Super Sport.

Performance? It's remarkable, an understatement we can afford when there are 7 engines to choose from. One of which is the popular 340-hp Turbo-Fire 409", a wizard in traffic and a joy on the open road. And others all the way up to 425 hp.

If you want an extra flourish or two, mull over extra-cost options like floor-shift four-

speed manual or Powerglide transmission, Positraction, fade-resistant sintered-metallic brake linings, and a tachometer to relay what's cooking up front.

Just before you rush off to your Chevrolet dealer, may we remind you that both Impala Super Sports offer the new Comfortilt steering wheel*. You adjust it to suit your driving style, flick it out of the way for easy entry and exit.

All three Chevrolet series—Biscayne, Bel Air and Impala—deserve a long look. Super Sports demand it.

Super Sport equipment* available on both Impala Convertible and Sport Coupe. *Optional at extra cost.

Miss Linda Caddell and John Willard Rogers Jr. Marry

Miss Linda Carole Caddell, daughter of Mr. and Mrs. W. F. Caddell of Knox City and former Truscott resident, became the bride of John Willard Rogers Jr. at 2:30 p. m. March 3 in the First Christian Church, Seymour. Rev. Robert Devin, pastor, officiated at the single ring ceremony.

Mr. Rogers is the son of Mrs. Antonette Rogers and Willard Rogers.

The bride wore a white cotton brocade suit accented by four large pearl buttons and green accessories.

Matron of honor was Mrs. Antonette Rogers, mother of the groom, and best man was A. D. Smith.

The bride is a graduate of Knox City High School and Garland's Institute of Hair Design, Abilene. She is a former resident of Truscott.

The groom graduated from Seymour High School and attended the University of Houston for two years.

The couple will establish residence in Wichita Falls.

Gambleville Club Has Family Night

Twelve members of the Gambleville Home Demonstration Club and their families enjoyed a family night party at the home of Mr. and Mrs. Milburn Carroll last Friday night. There were thirty-five present.

Games of 12 and 84 were played during the evening.

Columbian Club

The Columbian Club met at the home of Mrs. Homer Black in Truscott on Wednesday, March 6. The club met for study and business with Mrs. Marion Chowning presiding. The pledge of allegiance was led by Mrs. M. N. Kenner.

The devotional was given by Mrs. R. J. Thomas, the scripture from 1st Thess. and story from "Stream in the Desert." Roll call was made by Mrs. Ray and answered by current event of the day.

Mrs. Jack Brown was leader of the study and her subject was "Brazil," and she also showed pictures of the country. Mrs. Howard Bell talked on the history, culture and customs. Mrs. Crowell told of the new capital, Brazilia, and the great Amazon river. Mrs. Jackie Brown told that the communists ruled the nation and how much trouble that had arisen among the people.

One new member was accepted into the club. The hostess served refreshments to 11 members and one visitor. The next meeting will be at the home of Mrs. Marion Chowning March 20.

Drug Fair Attended by Crowell, Thalia Nurses

Sub-District Texas Graduate Nurse Association sponsored a drug fair that was held in Vernon March 5 from 1:30 to 8 p. m.

The drugs were prepared by 13 representatives of Wichita County Medical Representatives Association. Three Vernon pharmacies furnished door prizes and two other Vernon drug stores furnished refreshments. A Vernon bottling firm provided free soft drinks.

A total of 133 persons attended the fair which included Quanah, Iowa Park, Chillicothe, Childress, Parkburnett, Thalia and Crowell. Those attending from Crowell were Mrs. Edith Roark, Bettie Gafford, Iola Huskey, Loys Gordon, Roberta Barker, Eunice Jones, Roxie Hough and Miss Bettye Duncan. Attending from Thalia were Miss Odessa Moore and Mrs. Texas Ford.

Graduate nurses held a brief meeting at the conclusion of the fair. The next graduate nurse association sub-district meeting will be at Crowell on April 2.

Rotary Speaker Opposed to Trinity River Canal to Gulf

R. Wright Armstrong, a strong opponent of the proposed Trinity Canal from Fort Worth and Dallas to the Gulf Coast, was the principal speaker at the Rotary Club meeting Wednesday.

Mr. Armstrong called the proposed canal a fantastic comic opera scheme to throw away your money.

"You people in West Texas will help to pay for this pipe-dream water highway if it is ever built, because the whole idea is based on the use of money taken out of the pockets of every taxpayer in the United States.

"Maybe you haven't been brainwashed on this canal deal like the people in Fort Worth and Dallas have. The newspapers in both cities are strong for the canal, and they're doing everything they can to sell it to the people. It has been that way for more than thirty years, and some of my friends think I'm fighting a losing battle in an effort to head off this terrific waste of tax money to build something that is not needed in the first place.

Mr. Armstrong stressed the fact that the barge lines will not pay one cent for the use of this canal, and the railroads and other forms of transportation will be taxed to give these barge operators a free

ride. He cited a statement made by Will Rogers back in the 1930's. Will made a classic remark about the Trinity River when he heard all the ballyhoo about making this doubtful stream into a canal from Fort Worth to Dallas and on to the Gulf. He said he had looked at the Trinity, and he thought the best thing to do would be to pave it.

Mr. Armstrong further stated, "Some of you may have read or heard about the famous report of the Army Engineers, published last June. The canal lobbyists and the newspapers in Fort Worth and Dallas will tell you that this report proves beyond a doubt that the Trinity Canal is a must, not only for Fort Worth, Dallas and the Trinity basin, but for a great portion of West Texas and Oklahoma, including your own county. We have a copy of that famous report—we paid \$25 for it. It's in five volumes. It's nine inches thick. It cost you and the other taxpayers about a half million dollars. That figures roughly \$2,000 an ounce just for the report! The last I heard, gold was only \$85 an ounce!"

"They are going to fix it so you can haul your grain down to Fort Worth and then load it in barges to go to the Gulf. Won't that be wonderful! But those canal ballyhoo artists don't say too much about how long it will take that barge to get from Fort Worth to the Gulf. We've been studying this report for several months, and we can't even find a schedule from Fort Worth. But from Dallas, the Army Engineers say it will take 84 decimal 40 hours to go downstream to Houston. That means that a barge leaving Dallas at noon on Monday would arrive Houston at 12:24 a. m. Friday. That's an average of 3.68 miles per hour downstream. No telling how long it would take for these creeping barges to climb up the stairway of locks from a level to Fort Worth—a lift that would be equal to a 60-story building. And they don't say anything about what it would cost to transfer the grain from trucks or box cars to the barges at Fort Worth or how long the transfer would take.

"These canal people say that Fort Worth and Dallas will wither on the vine without this ditch. But look at the first page of your fact sheets and you will see that Dallas and Tarrant counties have grown faster than all the Gulf Coast counties—and much faster, percentage-wise, than a number of metropolitan areas in other states where water transportation is available. If water transportation is all it takes, why isn't Galveston the largest city in Texas. It has a wonderful harbor—probably the best on the entire Gulf Coast. It's connected with the Gulf intracoastal canal. And yet Galveston is smaller than Lubbock, and its rate of growth is much less.

"The Army Engineers estimate that the entire comprehensive plan for development of the Trinity River basin will represent a cost of some 900 million. 747 thousand of your tax dollars. And bear in mind that this figure is an estimate. To show how these estimates have worked out in the past, they just missed the cost of the U. S. portion of the St. Lawrence Seaway by 95 per cent—it cost nearly double their estimate.

"This 900 million dollars includes a lot of things beside navigation, such as flood control, recreation, fish and wildlife, etc. The Engineers estimate that the first cost chargeable to navigation will be only 505 million, 331 thousand of your tax dollars. They also estimate that the annual cost for operating and maintaining the canal will be 21 million, 610 thousand dollars.

"These people have looked into the crystal ball and come up with some fantastic figures on the tonnage that will be handled on this 370-mile ditch. They plan to handle more than 72 million tons of freight in the year 2070—a mere 107 years from now. Keep these figures in mind—72 million tons a year on a 370-mile canal, with barges moving downstream at less than 4 miles an hour. Now compare that 72 million tons a year with the actual tonnage handled on the entire Santa Fe system in the year 1961. The Santa Fe operates about 13,000 miles of railroad from Chicago to the West Coast and the Gulf of Mexico, and runs long-high-speed freight trains 24 hours a day. But in 1961, the Santa Fe handled only 66,253,768 tons. That's nearly 6 million tons less on 13,000 miles of high-speed railroad than the Army Engineers say they will handle on this muddy monstrosity only 370 miles long 107 years from now.

"There are some downright amusing things in this report of the Army Engineers. They have every kind of figure you can imagine. For example, in Table 6 on page 15 of Appendix III of Vol-

ume 2, we learn that in 1954 the 148 Texas counties and the 30 Oklahoma counties in the so-called 'traffic area' had 10,181,580 chickens, four months old and older. I don't know what that has to do with the feasibility of the Trinity Canal, but it's wonderful to have that priceless bit of information. And did you know that in these same 178 counties there were only 35,622 mules and mule colts in 1954? That's nine years ago, but it must be important, or it wouldn't be in the report.

"All of us are interested in government economy. The more the government spends, the more it has to take out of your pocket and mine. Please remember that only people pay taxes. You hear a lot about taxing the oil companies, the public utilities or some other industry. But in the end the people who buy the goods and services pay the taxes, because the taxes are figured in on the price. And remember, too, that there ain't no such thing as a free lunch! These so-called free government hand-outs for such things as the Trinity Canal aren't free at all. Somebody has to pay the bill, and that somebody is you and all the other taxpayers in this great country of ours.

"There are a number of railroads between Fort Worth, Dallas and Houston, and I know that none of them has all the business it can handle. It is my firm belief that these railroads could contract to haul all the freight that is offered between these points for the \$21,610,000 a year which the Army Engineers say it will cost just to operate and maintain the Trinity Canal. That would save the taxpayers the first cost of \$505,331,000 for Trinity navigation. The customers would get faster service, and this would provide employment to a lot of railroad people who would pay taxes and buy consumer goods. In addition, the railroads would make a profit on the deal, and would pay taxes on that profit.

"These canal boosters will tell you that their scheme is a sound business proposition. In every speech I've made, I've included a proposition to see just how much they believe what they say. Here's my proposition: Let's get the law amended so that the Trinity River Authority can issue revenue bonds, just like the Texas Turnpike Authority did to build that fine toll road between Fort Worth and Dallas. Then let's float a bond issue and build the canal, with all the dams and locks it will take to bring these creeping barges up stairs from Houston to Fort Worth. Then let's have these barge operators pay a toll large enough to retire the bonds, with interest, plus the actual cost of operating and maintaining the canal, plus a few cents for the working fund.

"If this Trinity Canal scheme is really a sound business deal, these canal bonds ought to sell like hotcakes. The president of

the Trinity Improvement Association is also president of a large and successful insurance company in Dallas. Let's let his company in on the ground floor for a few hundred million dollars' worth of these bonds. If this is a sound business deal, this fine gentleman should jump at the chance to make such a wonderful investment for his policy-holders!

"But if it isn't a sound business deal with private capital, it isn't a sound business deal with your tax money and mine!

"I've made another proposition to all my banker friends in Fort Worth and Dallas. I've said many times that I will borrow all the money they will let me have with these canal bonds as security. If it's a sound deal, these bankers should be anxious to get in on it with some of the money of their depositors. But somehow they don't seem interested in my proposition.

"The fate of the Trinity Canal will be decided in Congress. Your Congressman won't know how you feel if you don't tell him. If you think it's a good idea—tell him! If you think it's a wasteful pork-barrel scheme, tell him that!"

From the News . . .

THIRTY YEARS AGO

News items below were taken from the Friday, March 17, 1933, issue of The Ford County News:

A prohibition rally is to be held Sunday afternoon at 3 o'clock at the Rayland Baptist Church.

Another Ford County mule has displayed maternal tendencies and last week it defied four men to take a small calf from it. The mule belongs to R. N. Beatty of the Vivian community and the incident occurred on his farm.

The Crowell State Bank resumed normal operations Wednesday following the nation-wide bank holiday of several days. No restrictions as to deposit withdrawals came with the opening and the bank is now operating the same as it was before the holiday was declared.

A ten per cent reduction in city renditions over those of last year was ordered at a meeting of the city council of Crowell last week.

Regular spring football training for Crowell High School will begin Monday.

The most successful season in Crowell athletic history came to an end for the Crowell High School Wildcats at the State basketball meet at Austin last week. After defeating Big Spring 38 to 33 in the opening round, it remained for Thomas Jefferson High School of San Antonio to eliminate the Wildcats from the state race and to finally smash Crowell's undefeated record, which stood at 33 consecutive victories when the local quintet entered their final game with the Alamo City team, Crowell losing by the score of 46 to 28.

The basketball squad was honored Wednesday at the Rotary luncheon and the team was presented a 4-month-old bobcat (now Wildcat) by the Club. The wildcat, christened "Franklin D. Roosevelt," was captured by Ruel Scott on his farm in the Good Creek community several weeks ago.

Travis Fox suffered a broken left arm Monday morning as the result of a run-away of a team that was pulling a stalk cutter, upon which he was riding on his father's farm a few miles north-east of Crowell.

Pat McDaniel assumed duties last week as janitor for the local school system.

W. S. Carter and family returned Tuesday from several days visit with relatives in Oklahoma.

Cleo Lankford is able to be around town on crutches and is recovering satisfactorily from a broken leg he sustained January 20 when a wagon loaded with five bales of cotton passed over his leg.

Reporting for track workouts last week were Billy Jake Middlebrook, Dick Todd, Lewis Gibson, Ralph Benham, Mitchell Allee, Francis Todd, Guy Whitfield, Melvin Joy, Herbert Rettig, Bill Dungan, Clinton Ball, Sam Crews Jr., Dar-in Bell and William Wisdom.

Drilling has been resumed on the Texas Co.-L. K. Johnson No. 3 after shutting in the flow of 41 million cubic feet of gas.

A community Sunday School was organized at the Black school last Sunday.

Tax Man Sam Says—

In country towns everybody knows the Postmaster is Uncle Sam. (He just doesn't wear whiskers and striped pants.) Most postmasters carry tax forms to take care of uncle's business. If your local office doesn't have the tax forms you can get them by mail from Internal Revenue Service, 2101 Pacific Ave., Dallas, Texas. You may want to order a copy of "Your Federal Income Tax" or the "Small Business Tax Guide" (both are priced at 40c each) while you are getting your forms.

The Riverside Home Demonstration Club met Tuesday, March 5, in the home of Mrs. Henry Bice. Seven members answered roll call. Mrs. G. M. Moore gave statistics on the long range program in Foard County as part of the opening exercise. Mrs. Adkins brought a report from council. The report from the 4-H committee was given by Mrs. Taylor. The EEE committee report was brought by Mrs. Adkins. Mrs. Iiseng brought a very interesting demonstration on selection of dress materials. The club adjourned after refreshments were served. The next meeting will be in the home of Mrs. G. M. Moore on March 19th.

Screwworm Reporting Brings Fast Action

Does sending in screwworm samples produce any results? If Kinney county livestockmen ever had any doubts that collecting specimens brings quick action, that doubt no longer exists. Within hours after a sample submitted by a producer from that county was confirmed as a screwworm, emergency procedures were in force and additional sterile flies were being dispersed. The same prompt action can be taken anywhere in the state, if producers will send in samples, screwworm eradication officials say.

Officials hope that because they were able to take prompt action, the migration of screwworms from Kinney county will have been prevented, and expanded fly drop, spraying and inspection is being continued. An outbreak in that
