Advice from the Seniors

Since we seniors will be graduating tomorrow night, we decided that it would now be safe to reveal a few of the secrets that we have used to get through CHS.

First, always sit on the first seat, right in front of the teacher's desk, in any of Mr. Black's, Mr. Welch's, Coach Amonett's, Mrs. Manard's or Mrs. King's classes—they'll look right over you to the fellow on the back, so you won't have to study. Of course, this doesn't apply to Mrs. Todd's classes 'cause she seats you according to your grade. Second, always look straight at the teacher, and even if you're daydreaming, seem absorbed in what he's saying—he'll be so pleased that you're so interested and feel so sure that you're getting everything possible from the class, he'll overlook you and question those who he thinks aren't paying attention. Third, always laugh at the teacher's jokes. It not only makes a good impression, but also takes up class time. Finally, find a real smart kid who has all the classes you do who can give you a five-minute summary of each night's lessons.

Seriously, the secrets we really have used aren't the ones I've mentioned. Actually, the means of success in school aren't secrets at all, but in proportion to the number of people who know them compared to those who should, they are fathoms deep. The key to success is simple: realize that the teachers are humans, more than that, they are humans who are interested in you and in exposing you to as much knowledge as possible. Always cooperate with your teachers—study your assignments, participate in classroom discussions, hand written work in when it's due. Doing a little extra work hurts no one and may pay high dividends in the future. Dig things out for yourself—you'll remember it a lot longer if you do. Learn to pay attention in class—take notes and ask questions when you don't understand. Learn, as the class progresses, to relate facts to one another, sometimes to other courses or to daily experiences. This helps you retain the material.

Of course, there's plenty of time for extra-curricular activities, and they have a place in high school life; however, a student should remember that knowledge is the most important, and it is a wise person who budgets his time to include study as well as fun. The high school years are a wonderful time of life, and you can make them as pleasant as you want. We hope that your other years in high school will be as profitable as ours have been.

Thanks for a Good Year

We, the Senior Class, would like to express our appreciation to the many people who have helped us during our senior year.

First of all, we would like to thank our two sponsors, Mr. Black and Mr. Welch, who have helped us in every way possible. Not all people would be willing to give of their time and effort to sponsor a group of senior students. Our deepest appreciation also is extended to our class mothers,

Mmes. Henry Borchardt, Bert Ekern, James Sandlin, Harry Traweck, J. B. Fairchild, Fred Wehba, Bill McClain—who have helped to make it possible for our senior trip. We especially want to express our thanks to our teachers who have had the patience and goodness to help us in every way possible. The business men have also contributed their time and support in our money making efforts. The people who have entertained us at various functions, etc., are to be given a big "thank you," too. Yes, we have had a good year which has largely been made possible by you.

To the Seniors

Even though you have been "childish and immature," (ha), you have been good examples for us, the lower classmen. We shall miss you next year. We realize that you will be going on to bigger and better things, so we'll just shed a few tears and wish all the luck and happiness possible in your futures.

The History of the 1962-63 Senior Class

It is interesting to note that of the graduating seniors, only 23 began in the first grade together in 1951. Those that did begin are Gena Adecock, Jeanette Bolibruch, Marolyn Denton, Carolyn Eubanks, Faunaine Fairchild, Lynda Mechell, Linda McClain, Judy Traweck, Ely Wehba, Keaton Barker, Bob Borchardt, Dale Doyal, Joe Drabek, Paul Bax Ekern, Bennie Hopkins, Junior Hopkins, Kenneth Hough, M. L. Speer, Jimmy Thompson, Nolan Tole, Charles ten Brink, Judy Sandlin and Donald Hinkle.

Of the seniors who began in the first grade together, three—Charles ten Brink, Judy Sandlin and Jeanette Bolibruch—did not attend the Crowell School for the complete twelve years. Charles' family moved to Electra at the middle of his first year. He finished his first five years of grammar school in Electra. The ten Brinks returned to Crowell where Charles finished the rest of grammar school. After finishing the eighth grade in Crowell, Charles spent two years in a Catholic seminary in Little Rock, Ark., but he finished high school in Crowell.

Judy Sandlin attended Crowell Grade School until her parents moved to Brownsville in the middle of her fifth year. The Sandlins returned to Crowell when Judy was in the seventh grade. She has been with the senior class since that time.

Jeanette Bolibruch attended school in Odessa during her sixth, seventh and eighth grades, returning to join her class in her freshman year.

Pat Brown joined this class in 1952; she began her first year of school in the second grade.

Several students have moved from other schools to the Crowell School system. Oliver Baylor entered here in the fourth grade. Before coming to Crowell, Oliver attended school in Dundee, Okla. and Clovis, N. M.

Teresa Wright and Sammy Hudgens are some of the many Thalia students who have come to Crowell to attend high school. Teresa finished grammar school in Thalia, but she has attended Crowell High School since her freshman year. Sammy attended Thalia grammar school through the first four grades, but after that, he attended school in Amarillo until his sophomore year when he came to Crowell.

Bill Fitzgerald enrolled in the

CHS in his sophomore year. Before coming here, Bill was a student in the Vernon schools.

The most recent addition to the 1962-63 graduating class is Larry Andrews. He has been a member since November, 1962.

These thirty seniors will soon be graduating.

Future Plans of Seniors

Although the 1963 senior class is one of the smallest classes ever to graduate from Crowell, all of its thirty members can look forward to a happy future. Those who seek to find their happiness by going to work after graduation are Oliver Baylor and Junior Hopkins. The latter plans to move to Wichita Falls for employment. Still undecided about the future are Nolan Tole, Kenneth Hough, Bennie Hopkins, Larry Andrews and Jeanette Bolibruch.

These five girls are headed for business college: Ely Wehba, and Sue Cates to Fort Worth Commercial College; Carolyn Eubanks to Abilene Commercial College; Patricia Brown to Midland Business; and Gena Adecock to Odessa Business College after a trip to the altar.

Several colleges and universities across Texas will be the future homes for sixteen of the 1963 graduates. Keaton Barker, Faunaine Fairchild and Jimmy Thompson have chosen Texas Tech as their new home. M. L. Speer and Bob Borchardt will attend Texas Christian University next fall. Joe Drabek will go to the University of Dallas. Paul Bax Ekern plans to attend Eastern Montana at Billings, Mont. Judy Sandlin has chosen West Texas State University. Charles ten Brink will be at the University of Houston. Judy Traweck will attend Baylor University. Teresa Wright's new home will be at Abilene Christian College. Sammy Hudgens plans to attend Sul Ross College. After her marriage, Linda McClain will attend North Texas State University. Marolyn Denton will go to Southwestern Assemblies of God College. Bill Fitzgerald has not yet made his selection of a college.

Donald Hinkle plans to make a bid to be in the Texas Game and Fish Commission.

It will be interesting to check this list several years from now to see how many did what they now plan to do.

(Note, the prophecy was in the form of articles in the various sections of the Foard County News of 1975. Of course it's all in fun. Don't take it seriously.)

Crowell School Board announced yesterday that next year's basketball coach will be Carolyn Eubanks.

Sports section: Oliver Baylor, sports reporter for the Foard County News, got a comment from Coach Dale Doyal on last night's game. Quote, "I believe our 13th defeat last night was due to Randy Amonett playing the bass drum so loudly that ace quarterback Mark Hesse couldn't call the plays."

Sue Cates won the "Master's Golf Tournament." She is the first woman ever to win this great event.

Society column: It was announced last night that Gena Adecock will be head fashion designer for next year at Neiman Marcus in Dallas.

The Last Will and Testament of the 1963 Seniors

We, the seniors of 1962-63, being physically frail, mentally immature, but spiritually courageous, do hereby make, publish, and declare this, our last will and testament.

First, to our Superintendent, Mr. Graves, we, the senior class, will Linda McClain, in hopes she will make him a good daughter-in-law.

I, Dale Doyal, will my athletic ability to John Schilling in hopes that he, too, will make all-state fullback.

I, Judy Sandlin, tearfully leave my genuine love of first period algebra II to Ronni Oliphant. To Mrs. Todd, I will the apple crate I have used to stand on—this is so that other "runts" may reach the blackboard.

I, Bennie Hopkins, leave my undying love for school and the CHS faculty to Dennis Garrett.

I, Marolyn Denton, leave my singing ability to Terri Thomas. To Judy Howard, I leave the long bus route that I have loved for the past 12 years.

I, Bill Fitzgerald, leave the remaining packages of the carton of chewing gum to Philip Welch; with it goes the following note, "Since I didn't need quite so much as I thought I would, I hope you can use it."

I, Judy Traweck, leave my driving ability to Kenneth Carroll so that next time he can knock down his own garage.

I, Joe Drabek, will my streamlined physique to John Carl Borchardt and suggest that he counts those calories.

I, Ely Wehba, leave my habit of going with tall boys to Ruth Sanders. Along with this goes my 4 1/2 inch heels, elevated flats, step ladder, and other necessary equipment.

I, Keaton Barker, leave (I hope) my ability to blush at the slightest thing to Kenneth Campbell. Good luck, Pete, you'll need it.

I, Faunaine Fairchild, leave my flute, baton, and pickle to Arcina Garrett. Also, my ability to "love 'em and leave 'em," I leave to Kathy James.

I, Junior Hopkins, leave nothing, because I need it all. I just take my wife and leave.

I, Lynda Mechell, by special request, leave my blue wig to Nelda Chappell. Also, I leave the

ability to graduate in 3 1/2 years to Brenda Durham.

I, Paul Bax Ekern, will my book entitled "How to Keep a Girl in Every Town" to Bobby Bond who needs it badly.

I, Gena Adecock, will the busy city of Truscott to Carolyn Hickman and leave to tie the knot.

To CHS, the 1963 seniors want to present a legend in its own day—one of the sweaters Jo Frances willed to Sharon Wharton; Sharon Jeanette Moody; Jeanette to Nancy McCurley. Nancy took the rest with her, but we felt that one should be preserved.

I, Oliver (Buck) Baylor, knowing how much Mrs. Todd will miss my smiling face in the first seat, first row, am giving Gamble McCarty instructions so that he can take my place next year.

I, Carolyn Eubanks, leave to Cara Browder and Yvonne Wheeler all the fun I've had these past four years and hope that they have as much fun next year as I did this year.

I, Charles ten Brink, will my 2000 ways to get out of class "legally" to Woody Lemons. Also, I leave Beverlie—forever (sob)!

I, Jeanette Bolibruch, will my ability to get tickled and giggle to Jo Wynn Ekern. Also, because of my great admiration for Mr. Welch, I leave my body and brain to the biology lab.

I, Donald Hinkle, leave my ability not to get stuck in the country, but to get stuck in town, to Mike Shrode.

I, Linda McClain, bequeath the prestige that I acquired by going with the superintendent's son to Barbara Bell, so she'll have it if she and the principal's nephew should decide to rekindle the old flame.

I, Sammy Hudgens, leave my ability to flirt with the waitress and get extra food free to Larry Henry. Also, my cowboy boots and shirts, I leave to Patricia Cates who I think would make a dandy cowgirl.

I, Teresa Wright, leave the title of "Queenie," which Mr. Black has dubbed me for the last two years, to Judy and Joy Little, the Queens of Good Creek.

I, Jimmy Thompson, leave Mrs. Manard's scribbling to next year's "Wildcat" typist. Also I leave four inches of my height to Kenney Bill Owenby, so that CHS can really have a basketball star next year.

I, Patricia Brown, leave my Scarlet O'Hara waist (18") and ways to LaRue Gidney. Also, to my little cousin, Cloma, I leave five or six of my A's.

I, M. L. Speer, leave my love of tennis, my 14 karat gold tennis racket, and my tennis balls to James Neeley. Also, I leave the band in the good hands of Barry Barker.

We, the seniors, leave to Mr. Welch, 74 reams of paper, 52 pencils, and the promise to take Paul Bax "the Pack rat" Ekern with us when we leave.

I, Nolan Tole, leave to Nancy Archer my artistic ability so that the desks in Mr. Welch's room need never go unadorned, especially with fine art like this.

I, Sue Cates, leave my crush-proof box of Winstons, not to Judy Sandlin, but to Paula Sparks. To Elizabeth Pittillo and to Beverly Thompson, I leave the reminder, "Be proud you're a red-head!"

I, Bob Borchardt, unselfishly give my little book filled with Vernon and Wichita Falls girls' addresses to James Corder. I won't be needing it in Europe.

To Coach Amonett, we promise to leave, hoping that with our departure he'll regain his football winning streak.

To Principal Black, we give a bottle of Super Duper Tranquilizers so that nothing we may do

on the senior trip will upset And, finally, to Mrs. Manard so that she will never forget best, although her most important class, we leave our autographed baby rattle.
Signed: Senior Class of 1963

Bonds Sales Here in April Total \$8,350.00

George Self, chairman of Foard County's Savings Bonds Committee, reports that Series E and H Savings Bonds sales in Foard County totaled \$8,350.00 in April. Sales for the first four months in 1963 were \$26,970.00 and 27 per cent of the year's goal has been achieved.

April bond sales in Texas totaled \$12,327,195. Sales for the first four months of the year were \$52,615,000 which represents 34.9 per cent of the state's 1963 bond goal.

"The 1963 Freedom Bond Drive is in full swing throughout the nation. Literally thousands of bond volunteers are working to bring the bond message to all Americans. We of the Foard County Bond Committee urged all citizens of Foard County to buy at least one bond during our Freedom Bond Drive which ends July 4," Chairman Self said.

Little League Season Off to Good Start

Foard County Little League got off to a great start on the local field here last week as each team in the league wound up the first week of play with something to show in the win column.

On opening night, May 14, Farmers Elevator outscored V. F. W. by an 8-4 score in the early game, and Crowell State Bank spanked Foard County Mill by a 13-5 score in the late game. These games were preceded by the annual Little League parade where in all Little Leaguers and Pee Wees were led by Sheriff Percy Taylor, followed by the Crowell Wildcat Band under the direction of Earl Hesse.

On Friday night, May 17, each game ended in a 7-7 tie, as each of the four scrappy teams refused to go down in defeat, and the time limit endings found the score knotted in each game.

Details of last week's games are as follows:

Tuesday night, May 14, 6 p. m.: Farmers Elevator 8, VFW 4. A double by Leslie Hopkins and a single by Buff Nelson, coupled with two walks and two errors, plated five runs in the first inning for the Yankees, while Mike Weatherred's single in the third helped the elevator crew push across two more. Bruce Ferguson scored another in the fifth to bring the Yankee total to eight runs.

VFW's Vets were led in hitting by Ike Everson (two-for-three).

Kenneth Sellers and Rudy Magee hit doubles for VFW, while Ruben Castaneda and Billy Dishman hit singles. This game also featured a sensational catch at second base by Mike Weatherred and good catches in the outfield by Everson and Terry Bird.

Tuesday night, May 14, 8 p. m.: Crowell State Bank, new entrant in the local league, opened league play with a 13-5 victory over Foard County Mill. The Cardinals enjoyed a one-run lead in the first inning, but the Bankers turned on the power for the remainder of the game.

For Crowell State Bank, Pete Matthews hit three-for-three; Gary Eddy hit two-for-four, while Eddie Whitley, Frog Smith, Junior Carroll, George Brown and Barry Branch each came through with a base hit when it helped the most.

Paul Stapp's line drive home run featured the Cardinal attack. Terry Crews hit a single and a double in three official times at bat; and David Myers and Marc Lopez hit safely for their part in the Cardinal attack.

Friday night, May 17, 6 p. m.: Crowell State Bank and Foard County Mill were stopped at curfew time in the early game, with each unable to whip out the other, and each had to settle for a 7-7 tie in a 7 inning game that featured the individual brilliance of Terry Crews for the mill crew, and Pete Matthews and Gary Eddy of the bankers.

Crews hit three-for-four (a triple, a double, and then, in the extra frame, a two-run homer over center field fence). Terry also made a downright impossible catch of a line drive in the third inning to end a potential rally for the bankers.

Bill Kinsey, with two-for-three, and Danny Naylor, with two-for-four, were the other mill hitters.

Pete Matthews hit three-for-three for the Bankers, scoring three runs himself, while allowing only 2 runs in the three innings he pitched. Junior Carroll hit a double and a single in three official times at bat to finish out the list of Crowell State Bank hitters.

Friday night, May 17, 8 p. m.: Not to be outdone, VFW and Farmers Elevator struggled to a 7-7 tie in a game that was stopped by the curfew with only five innings played.

Farmers Elevator went into the fifth inning trailing by a 7-3 score but managed to couple two walks, a hit batsman, and Bruce Ferguson's clutch single to score four runs and tie up the game. Mike Weatherred garnered the only other hit for the elevator crew, as Rudy Magee allowed only one hit in his four innings of pitching, while striking out ten men.

For VFW, Ruben Castaneda, with two singles, was the leading hitter of the night, while Rudy Magee, Jimmy Hammonds and Terry Bird each smacked one base hit.

In their first game of the season, the PeeWees also played to a tie (4-4) with Lee Whitley and Bill Erwin playing starring roles.

end of the first week of play, it just hasn't worked out that way at all. We've had close games all the way with very few walks, and the double tie games of Friday night left little to be desired from the fan's standpoint.

Pitching, supposedly weak this year, while obviously not up to last year's standards, is just pretty fair on each club. Rudy Magee and Ruben Castaneda look good for VFW. You can say the same for Terry Crews, Larry Ellis and Jimmy Johnson of Foard County Mill, Pete Matthews and Gary Eddy of Crowell State Bank, and Leslie Hopkins and Billy Hord for Farmers Elevator.

In the hitting department: Paul Stapp and Terry Crews are now charter 1963 members of the Home Run Club; Pete Matthews has batted one thousand for the first week to lead all hitters percentage-wise, while Bruce Ferguson has endeared himself to his managers with his clutch hitting.

Yes, it looks like another great year for Little League. I'd hate to try to predict who'll win it this year!

Highway Patrol Reports Two Rural Accidents Here in April

The Highway Patrol investigated two rural accidents in Foard County during the month of April, according to Sgt. D. R. Dowdy, Patrol Supervisor of this area.

These wrecks accounted for two persons injured and property damage in the amount of \$850.00.

The rural accident summary for Foard County from January through April of 1963 shows a total of 15 crashes resulting in no persons killed, ten persons injured and an estimated property damage of \$5,685.00.

Cloudy, Wet Weather Delaying Harvest

Moisture totaling .34 inch was recorded here as the result of showers which fell during the night Tuesday and early Wednesday morning. Cloudy weather and a few scattered showers which fell in the county Sunday had already stopped the harvest which was gaining momentum.

Skies remained cloudy Wednesday, with the harvest delayed for at least a few more days.

High and low temperatures recorded for the past week follow:

May 16: high 100, low 73.
May 17: high 90, low 69.
May 18: high 89, low 64.
May 19: high 91, low 66.
May 20: high 80, low 56.
May 21: high 81, low 63.
May 22: low 54.

FHA Plans Cotton Insect Control Program in Area

Due to the extensive damage caused by cotton boll weevils in the rolling plains this past year, the Farmers Home Administration has been called upon to finance a large number of farmers for their 1963 crops.

In an attempt to prevent a recurrence of last year's loss, F. O. Smith, FHA supervisor serving Foard, Hardeman and Wilbarger counties, announced here this week that several FHA borrowers have planted a few rows of cotton extremely early to be used as a trap crop in determining the extent of cotton boll weevil survival in the area.

If overwintering weevils attack the trap crops in sufficient numbers, then all FHA borrowers will apply two early season applications of poison to their regular crop in order to destroy the emerging weevils and thereby prevent the late season buildup which did so much damage to the area cotton crop the past year.

This is the control system that has been used by successful farmers in the blackland area of Texas for a number of years.

During the weeks of May 20 and 27, a number of entomologists from the Plant Pest Control Division of the Department of Agriculture, the State Department of Agriculture and the Texas Extension Service will conduct a survey under the direction of Dr. J. C. Gaines, head Department of Entomology, Texas A&M College, for the purpose of determining the survival and infestation rate of overwintering weevils in the trap crops.

L. J. Cappelman, state director of Farmers Home Administration, has advised that FHA borrowers in some 29 counties in the rolling plains area of the state have co-

Little League News

BY MARION CROWELL

Tuesday, May 14, was "blast-off" day for both astronaut Gordon Cooper and Foard County Little League. A malfunction in a diesel engine plus a haywire radar caused a cancellation of the blastoff on Tuesday for Mr. Cooper. Not so with Little League. It went into orbit per schedule without a hitch, with its usual parade.

In pre-game activity, Frog Smith of Truscott received his bright, shiny, new baseball for being the champion button salesman. Gary Cates gave the Little League pledge and the invocation.

The crowd was excellent . . . probably one of the largest ever assembled for L. L. play . . . and Faye Lynch and Mrs. A. C. Roberson did themselves proud with their collections.

Both games were good for season openers and indicated that this year's race should be a corker.

First game impressions: Paul Stapp might be the power hitter of the year. His home run in the late game was a screaming liner over the McLain sign in center field. Pete Matthews with a perfect night at bat (three hits and a walk) looks potent . . . ditto for Gary Eddy . . . Terry Crews is a terrific performer for a 10-year-old . . . and the same goes for Kenneth Sellers of VFW (he rapped out a double on the first Little League pitch he faced) . . . and 10-year-old Bill Lynch should be one of the finer glove-men and base runners in the league.

Looks like a hard year on managers and a great year for the fans. With a predominance of 10-year-olds in the league this year, it looked as though we'd see lots of big, big scores with many, many walks, but, as of the

How to invest freedom in the installment plan

There's no way to buy freedom because it's not for sale. But you can make a sound investment in freedom by investing regularly in U.S. Savings Bonds.

As your savings grow, you get closer to financial freedom in a desirable state for each of you. If America is to be financially strong.

At the same time, your dollars go to work for another kind of freedom . . . the kind you'll find fully described in a document conceived nearly two centuries ago at Independence Hall.

A Chevy II wagon looks this big when you load it up

and this big when you gas it up

That, in the eyes of most Chevy II wagon owners, is just about the size of it. A king-size appetite for cargo. But a dainty one for gas. And this, we hardly need add, is just the kind of wagon we planned it to be. Taut and trim as it is on the outside, we went to great lengths to keep it BIG where a wagon should be BIG. The load platform extends a full nine feet from the back of the front seat to the tip of the lowered tailgate.

And for all the pepper we packed into that 6-cylinder engine (there's also a choice of an even thrifter 4 in most models), we were careful to keep it simple, easy to service—and a real stickler on economy. Feel in a traveling mood? Well—happy coincidence—this is the time of year your Chevrolet dealer feels in his most generous trading mood. Looks like it's high time you two got together.

G. A.'s Observe 50th Anniversary

Mother's Day marked the 50th anniversary of G. A. work and the 75th year of W. M. U. In observance of this occasion, the week of May 12 through May 17 was set aside to honor these organizations.

The girls honored their mothers on Mother's Day by sitting in a reserved place with them in church.

On Monday, May 13, in a joint program the WMU and GAs had their birthday party. Adorned with bonnets and aprons, the mothers of the GA girls enjoyed a most inspiring program presented by the Martha Low GA girls. While Sherry Goodwin read the history of these auxiliaries, the girls pantomimed in full costume the characters that were instrumental in organizing these groups. After she presented a very appropriate devotional, Mrs. W. F. Stasser, WMU president, was given a gold pin, with a small diamond mounted on the WMU emblem, by Mrs. Glenn Willson, GA director, on behalf of the WMU and GA girls, in appreciation of her faithful service. After this program, they went to the banquet room for birthday cake and punch.

Next, on Wednesday evening at 8 p. m. at the Baptist Church, the girls had their presentation service. A program was presented with all of the GA members participating; after which, Mrs. Stasser presented awards to the girls who had passed their first step to become maidens to the following girls: Betty Whitfield, Shelia Haynie, Mieke Owens, Sara Bell, Kay Shirley, Sheri Speer, Joan Williams, Rita Coffey, Niki Woods, Shayne Garrett, Sherry Prince. They received a green octagon which is a symbol of maidens. Mrs. Joe Don Brown, one of the new counselors, gave this group their charge, which is a challenge for them to continue to work hard for their next step.

But the week was not all work for the girls. On Friday afternoon, six cars of girls and counselors left the Baptist Church for the Quanah park for a picnic. Carrying out the theme for the week, each girl took her picnic lunch in a decorated box for an old fashioned box supper. A very good time was enjoyed by all.

They report they now have 40 members in Girls Auxiliary and hope soon to have 50 in their 50th year of work. Not only have the girls grown in numbers, but each step they take brings them closer to Christian maturity.

The girls and their leaders thanked the WMU and the counselors and mothers who helped to make the week such a success. It was an experience the girls will always remember.

Only two girls were presented the green octagon with the star symbolizing ladies in waiting, the second step the girls take. They were Sheryl Willson and Vicki James. Mrs. A. L. McGinnis, another new counselor, gave this group their charge.

The older girls adorned with their awards symbolizing the steps they have accomplished sat in a reserved pew.

This Sort of Thing Is Ridiculous

"In last year's appropriation for the Department of Health, Education and Welfare, Congress allocated some \$840 million for the National Institutes of Health. This was \$60 million more than had been requested in the administration's budget and \$781 million more than the NIH had received ten years earlier—in the 1953 fiscal year. No one wishes to deny adequate funds for research leading to the causes and cure of afflictions—cancer, heart disease, arthritis, and many others that beset mankind. But, this sort of thing is ridiculous—the only inevitable result will be wasteful

Something new in FRIGIDAIRE refrigerators?

YOU BET!

Think back over recent developments in flameless electric refrigerators. Freezing compartments have grown steadily larger reducing the refrigerated area. At the same time home freezers have gone into countless homes. Result? Lack of adequate refrigerated food storage space. Well... here's the answer... Frigidaire's new "Mini-Freeze" refrigerator! It's designed strictly for the housewife with a home freezer, for it has 96% refrigerator space and only 4% freezer space for ice cubes and the like. This new innovation can be yours for a small down payment and sensible monthly terms — even less with trade-in. Call West Texas Utilities today — or better still, go by and see the sensational new Frigidaire "Mini-Freeze" refrigerator.

WE TURN OUR EYES TO THE FUTURE

THE EARTH IS THE LORD'S

Consider the future

It is the unfolding of God's plan—and the evidence of His will be the test of our vision—as it is the goal of our life. It can hold a land of fruitful fields and green pastures—or a poverty of neglected earth. It can provide a wealth of trees and game, and fish in streams—or harassed preserves of remnant Nature, widely and rarely seen. The future is the imminence of tomorrow, demanding preparation. We cannot escape it or the responsibility that goes with it. It can supply ample water for many to use—if we will act to meet the need. It can provide abundance, welcome and needed—or reckless depletion leaving our heritage abused. It is the purpose of our efforts—and will produce rewards or deserv.

It can enhance the dignity of man—or witness the beginning of human values. It will demand faith in God—and test our desire to serve. It will be the judgment of our past—as it is the conscience of our future. It is a legacy to our children—and to our children's children.

Consider the future—consider it well!
