FOARD COUNTY RECEIVES RAIN THURSDAY, SATURDAY

County's '62
Bonds
at \$74,361

Crowell Receives 1.82 Inches in Rains Late Last Week

Rainfall resulting from cool fronts moving across this area last week brought a total of 1.82 inches to Crowell last week with other parts of the county reporting as high as 4 inches. C. D. Hall of the Black community reported four inches from the rain last Thursday while .92 inch fell in Crowell. Another rain Saturday afternoon brought .9 here and a heavy rain fell in the Thalia area Saturday also.

REV. CLARENCE BOUNDS

Rev. Clarence Bounds in 50th Year as Minister

Rev. Clarence Bounds, retired preacher, is this year observing his fiftieth year as a Methodist minister. In recognition of his golden anniversary year, he preached at King Memorial Church on Sunday, July 22, for the morning service.

Here in Crowell he is a teacher of the Down Town Bible Class and is class song leader. He retired in 1953 but supplied for six years after retirement.

Rev. Bounds began his long church career as a local preacher on the Bridgeport Circuit in 1913. In Northwest Texas Conference, he served at Oak Street in Abilene, Post, Estelline, Rule, Childress King Memorial, and at Booker and Whiteface.

Little Leaguers to Have Swimming Party Tonight

All members of Foard County Little League, including all volunteer workers and PeeWees, will have their annual swimming and ice cream party on Thursday night (tonight) from 7 to 8 p. m., according to Little League president Marion Crowell.

Each Little Leaguer is requested to bring his uniform to the local swimming pool, as pictures may be taken of each club, and uniforms need to be turned in to procurement agent Mike Bird.

BLOODMOBILE TO BE IN CROWELL FRIDAY

Twenty Firemen Attend Meeting Thursday Night

Preceding the July 26 meeting of the Crowell Volunteer Fire Department attended the ice cream supper at the Community Center. The Fire Department bought tickets for all twenty members present.

At the department meeting following, members agreed that the GMC tank truck should be kept and used within the city limits. City water supply was discussed and trucks checked for gas, oil, water and hose.

At the July 12 meeting, 18 were present and drill was confined to practice with pumper. Hook-ups were made and hose inspected.

The 20 men present for the July 26 meeting were Joe Glover, Baylor Weathered, Jimmy Everson, Jack Spikes, Bill Thompson, Frank Cooper, Bill Lynch, Duane Boren, Houston Adkins, Mike Bird, Fire Chief Cecil Davis, Charles Branch, Pat Pittillo, Fred Glover, Dayton Everson, Vernon Whitley, Martin Jones, E. H. Shrode, Gaylon Whitley and Roy M. Whitley.

Last Rites for C. O. White Held at Methodist Church

Funeral services for C. O. White of Fort Worth, father of Mrs. Morris Diggs of Crowell, were held at 2 o'clock Wednesday afternoon in the Crowell Methodist Church. Officiating were Rev. Humphrey, Christian Church minister of Fort Worth, and Rev. John Fitzgerald, pastor of the Crowell Methodist Church.

Interment was made in the Quaker Cemetery directed by Womack Funeral Home.

Mr. White, 85, died in a Fort Worth hospital Monday, July 30.

Two Foard County 4-H Youths Win Talent Club Tour

Miss Jean Burkett and Joe Drabek Win Trip From Foard County

The Talent Club will soon observe its 21st birthday. The highlight of the observance will be the initiation of 16 new members, all outstanding 4-H'ers, and the club tour.

The new Talent Club members and the counties they represent are: Jean Burkett and Joe Drabek, Foard; Janice Schwalk, Ochiltree; Richard Stevens, Moore; Terry Langkeit, Lipscomb; Kenneth McCasland, Wheeler; Janis Higgins and Dick Plank, Deaf Smith; Cheryl Culwell and Stanley Young, Swisher; Emily Cotton, Hookley; Donald Smith, Cottle; Nancy Duncan, McCulloch; Lanier Price, Concho; Kay Gessling, Jim Wells; and Albert Menn, Nueces. The list was released by Floyd Lynch, state 4-H Club leader.

Lynch added that total membership in the club now stands at 338. The Producers Grain Corporation has sponsored the club since its organization by J. Frank Triplett, longtime vice president and general manager of the corporation. The club's membership list contains the names of some of the state's most outstanding former 4-H members. Lynch said.

The 1962 members will meet in Amarillo on August 12 for their initiation and to begin a tour the following day, which will take them to Lubbock, San Antonio, Corpus Christi, Houston, Austin, Brownwood and back to Amarillo on the 18th. They will visit farmer-owned cooperatives before leaving Amarillo and others in Lubbock. Points of historic interest will be visited in San Antonio while the Gulf of Mexico will get major attention at Corpus Christi.

The Farm Credit Administration will be visited in Houston as well as the San Jacinto Monument and Battleship Texas. The 4-H'ers will make the San Jacinto Battlefield trip via the Houston Ship Channel for a first-hand look at this great seaport. In Austin, they'll visit the State Capitol and University of Texas. Brownwood will be their night stop on the return trip to Amarillo.

Foard County residents were reminded again this week that the Bloodmobile from the Red Cross Blood Bank in Wichita Falls will be in Crowell tomorrow, Friday, August 3, to collect blood. The Bloodmobile will be set up at the new Community Center and will be in Crowell from 12 noon until 6 p. m.

The rules for eligibility for donors are: persons from 21 to about 60 (ages 18 to 21 with parents' written consent) are acceptable as blood donors if they have not had malaria within the last two years, major surgical procedure within the past year, or had required a blood transfusion themselves within the last six months, or have had hepatitis.

A great deal of preparation and planning by local health officials and committees has preceded this second visit of the Bloodmobile in the hopes that a large amount of blood might be given. Forty pints were taken at the first visit six months ago. A group of Red Cross volunteer women had a preparatory meeting last month and a door-to-door campaign was conducted this week to urge local residents to respond to the need for blood.

Prior to Foard County becoming a member of the regional blood bank in Wichita Falls, whenever a patient at the local hospital needed blood, it was necessary for some member of the family to contact those who had the blood type needed and ask them to give. This is not necessary now, as blood is shipped promptly from the blood bank when it is needed here. However, this blood from the bank must be replenished, and the Bloodmobile will be in Crowell tomorrow to replenish that which has been used locally in the past six months.

Methodist Bible School to Be Held August 4 through 11

The Crowell Methodist Church Bible School opens Saturday, Aug. 4, at 4 p. m. with a registration, picnic and horned-toad race at the Methodist Church. To climax the afternoon of fun, the horned-toad winning the race will be crowned king.

The Bible School will be held Monday morning through Friday morning from 9 a. m. through 11 a. m. There will be plenty of fun for everyone, and interesting handwork and Bible study.

The Co-Laborers Class will have a tea for the closing and sharing period which will be in the church basement at 7 p. m. Sunday evening.

Director of the Bible School is Miss Dorothy Erwin and Mrs. C. V. Barker is publicity chairman. Posters will be placed in the downtown store windows showing the date: August 4 through Aug. 11, from 9 to 11 a. m.

Antique Gun Has "Crowell, Texas" Inscribed on It

Frank X. Tolbert, who writes a column, "Tolbert's Texas" daily in the Dallas Morning News, one day last week had a portion of his column devoted to an antique gun which has Crowell, Texas, inscribed on it. The portion of his column telling about the gun follows:

"Red Jackson, Dallas' internationally renowned dealer in antique firearms, is trying to find something about the background of a Remington, 5-shooter, .38 caliber rim-fire revolver which he has acquired recently. On one side of the pistol there is an engraving which reads, "Lulu Dobson, Dec. 15, 1880." On the other side is inscribed, "Sonny, Crowell, Texas." I'm curious, too, about Lulu and Sonny."

ings Bonds sales in Texas the first 6 months of 1962 total \$76,720,875, which represents 102.3 per cent of the 75 dollar Freedom Bond goal for Texas. June bond sales in Texas were \$11,489,268.

These figures were reported by Mr. Self, chairman of Foard County Savings Bonds Committee. Mr. Self also reported that sales in Foard County were \$1 for the first 6 months of year. This figure represents per cent of the 1962 sales of \$110,000. June sales here are \$10,519. Foard County is one of the leaders in District 15.

The achievement of the Freedom Drive goal in Texas illustrates to the Nation that we stand ready to do our part in our fight for freedom. Bond dollars will help our country economically and at the same time will help our country economically.

Chairman Self concluded.

VOTERS ATTENTION

In this issue of the News there appears the full text of one or more of the Constitutional Amendments to be voted on at the upcoming General Election on November 5. So that you may be fully informed, we urge that you read each proposed measure in its entirety, and study all of them carefully before you go to the polls to cast your vote.

Brief digest of the 14 proposed Amendments follows:

AMENDMENT ONE ON THE BALLOT (HJR 25)—Provides workmen's Compensation Insurance for the employees of all political subdivisions.

AMENDMENT TWO ON THE BALLOT (SJR 9)—Raises the limit on use of state funds to assist needy aged, needy blind and needy children from Forty-seven Million Dollars (\$47,000,000) to Fifty-two Million Dollars (\$52,000,000).

AMENDMENT THREE ON THE BALLOT (SJR 22)—Permits location of hospital districts in Ochiltree, Castro, Hansford and Hopkins Counties.

AMENDMENT FOUR ON THE BALLOT (HJR 46)—Provides for a State program of acquiring conservation storage facilities in reservoirs.

AMENDMENT FIVE ON THE BALLOT (HJR 51)—Creates hospital districts and limits their power.

AMENDMENT SIX ON THE BALLOT (HJR 36)—Authorizes retirement, disability, and death benefits for elected and appointive officers and employees of counties and political subdivisions who have served in such capacity for twelve (12) years or more.

AMENDMENT SEVEN ON THE BALLOT (SJR 13)—Insures continuity of state and local governmental operations in periods of emergency, resulting from disasters caused by enemy attack, by providing for the prompt and temporary succession to the powers and duties of public office, except members of the Legislature.

AMENDMENT EIGHT ON THE BALLOT (SJR 7)—Establishes a limit of Two Million, Five Hundred Thousand Dollars (\$2,500,000) per year on the amount that may be paid out of state funds for assistance payments to the totally and permanently disabled.

AMENDMENT NINE ON THE BALLOT (HJR 70)—Authorizes the construction, equipping, maintenance and financing of home for the aged in Titus County and permits the Legislature to authorize the creation of two (2) hospital districts in Brazoria County.

AMENDMENT TEN ON THE BALLOT (SJR 12)—Permits state employees to serve as consultants or on advisory committees, as members of a Public School Board, provided they are not members of the teaching profession, with a state agency or any political subdivision thereof.

AMENDMENT ELEVEN ON THE BALLOT (SJR 25)—Authorizes the sale of repossessed lands in the Veterans Land Fund, to any buyer, after having been first offered for resale to veterans.

AMENDMENT TWELVE ON THE BALLOT (SJR 19)—Delegates zoning powers to any county bordering on the Gulf of Mexico or the tidewater limits thereof.

AMENDMENT THIRTEEN ON THE BALLOT (SJR 6)—Provides for taxes or bonds previously voted in any Independent School District, major portion of which is in Dallas County, shall not be abrogated, canceled or invalidated by any change in boundaries and authorizes the continuance of the levy on taxes after such change without further election.

AMENDMENT FOURTEEN ON THE BALLOT (HJR 32)—Provides for trials de novo on all appeals from actions, rulings, and decisions of administrative or executive agencies of government.

Interim-Minister Named for First Christian Church

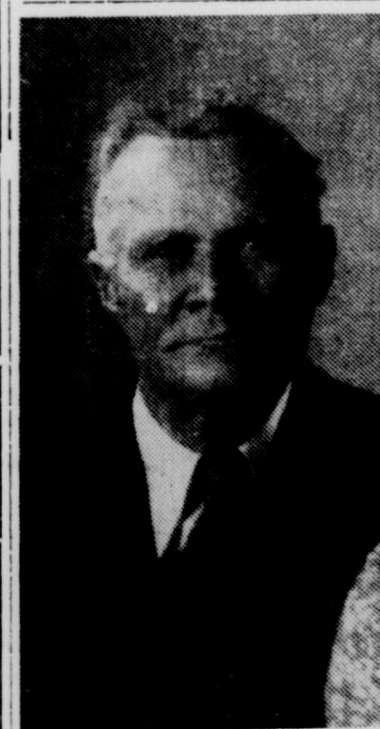

Jim Maddux, preacher-student at Midwest Christian College in Oklahoma City, is now serving as interim-minister at the First Christian Church in Crowell. Mr. Maddux will serve the local church until a full-time minister is secured.

Mr. Maddux, a native of Joliet, Ill., is a talented tenor singer and is singing specials during the revival meeting at the local church.

Move to Vernon

Mr. and Mrs. E. G. Whitten of the Rayland community are moving to Vernon this week where they have purchased a home.

Mr. and Mrs. Whitten have sold their farm near Rayland. They had been residents of Foard County for the past thirty years.

William S. Bell, 30, Died in Edinburg

William Stephen (Bill) Bell, 30, died at Grandview Hospital in Edinburg last Thursday night after a lengthy illness. An attorney with the law firm of Kelley, Looney, Littleton and McLain, he had lived in Edinburg for the past two years. He was the son of the late Wm. S. Bell of Crowell and was born here. He was a graduate of Sharyland High School and of the University of Texas, and a veteran of the Korean War. He was a member of the Edinburg Rotary Club and of the First Methodist Church. Mr. Bell was a nephew of Mrs. M. L. Hughston, Fred Bell and Mrs. Cornelia McDaniel of Crowell.

Surviving are his wife; a daughter, a son, his mother, Mrs. George Handley, all of Edinburg.

Mrs. McDaniel of Crowell and Mrs. Annie Bell of Charlie attended the funeral services in Edinburg Saturday afternoon.

Miss Chatfield to National Convention on Alcoholism

Miss Sharon Laraine Chatfield, daughter of Mr. and Mrs. Nick Chatfield, has been granted a scholarship to the convention of the United States National Committee for the Prevention of Alcoholism to be held at Seattle Pacific College in Seattle, Wash., August 6-17.

Miss Chatfield will leave Crowell August 1. She will spend several days in San Francisco, Calif., before going on to Seattle. She will also attend the World's Fair before returning home.

24 Indicators Watched for Signals of Future Trends in Business

U. S. News & World Report points out that there are 24 leading indicators which are watched closely by economists for signals of future trends in business in general. As of a recent date, 17 of these indicated declines; 4 indicated improvement, but to a less favorable extent than was the case a few months ago; only three indicated continuing improvement.

Mr. and Mrs. Robert Hammonds and family and Mrs. L. H. Hammonds were in Wichita Falls visitors Thursday.

Dates, Limits Are Announced by Commission

The Texas Game and Fish Commission at its quarterly meeting in Austin, July 29, established a number of seasons and bag limits for the regulatory counties of the state.

Deer and Antelope Seasons—Probably the most important changes occurred in the Panhandle and Trans-Pecos districts where the pronghorn antelope season was increased two days over last year and the mule deer season was extended to Dec. 15. Biologists suggested the deer increase because of a surplus which needed to be removed. The Trans-Pecos deer season will run from Dec. 1 through Dec. 15. Antelope may be taken from Sept. 29 through Oct. 7.

The antelope hunt in the Panhandle will run the same from Sept. 29 through Oct. 7. Both doe and buck pronghorns may be taken in the Panhandle this year, but only one antelope per season. A special antelope permit is required. Landowners in areas designated by the Commission for antelope hunting will issue these permits.

All counties under regulatory authority in the Panhandle where approved by the Commission, will have antlerless deer hunting by special permit.

Two bucks will be the limit in counties of the Southeast District, except that antlerless deer may be taken by permit, and a person may not kill or possess more than three deer in the aggregate.

Sept. 29 through Oct. 7 has been set for the antelope hunt in the Possum Kingdom District. The deer season in the district for Borden, Nolan and Taylor counties will be Nov. 16 through Dec. 5. Bosque, Brown, Ellis and Mitchell season will be Nov. 16 through Dec. 31. All others will be from Nov. 16 through Dec. 15. The deer bag limit in Possum Kingdom District has been increased to two bucks in all counties except Borden, Nolan and Taylor.

For the next season, antlerless deer in the Southeast District will be those with no hardened antler protruding through the skin. The bag limit in this district will be two bucks, except that antlerless deer may be taken by special permit, but a person may not kill or possess more than three deer in the aggregate.

Pheasant Season Changes—The wild pheasant season for the Panhandle District has been changed from two week ends to seven consecutive days. This year the season will run from Dec. 1 through Dec. 7 with two cock pheasants the daily limit and four cocks the possession limit.

Turkeys Dates and Limits Altered—Frio will be the only county in the South Central District to have a three-gobbler limit per season. Other counties in the district will have a two-gobbler limit because the regulations in these counties do not justify a greater bag limit.

In the Possum Kingdom district, most counties will have a turkey season to conform with their deer seasons. Nolan and Taylor counties will be open to turkey hunting Nov. 16 through Dec. 5. Borden County will not have an open season. All other counties in the district will have a season from Nov. 16 through Dec. 15. The bag limit for the season will remain one gobbler.

Fish Regulations Changed in Some Counties—The limit on channel, blue and flathead catfish in the Edwards Plateau District will be 25 per day, with no possession limit. Lake Travis, in Burnet County, will have a 25 per day limit on crappie. All lakes in the district, including Travis, will have no possession limit on crappie. The limits on black bass will be 15 per day and no possession limit except on Lake Travis where the daily bag limit is set for 15 a day, none of which can be under seven

inches, and not more than 10 over 11 inches long.

Approved by the Commission, will have antlerless deer hunting by special permit.

Two bucks will be the limit in counties of the Southeast District, except that antlerless deer may be taken by permit, and a person may not kill or possess more than three deer in the aggregate.

Sept. 29 through Oct. 7 has been set for the antelope hunt in the Possum Kingdom District. The deer season in the district for Borden, Nolan and Taylor counties will be Nov. 16 through Dec. 5. Bosque, Brown, Ellis and Mitchell season will be Nov. 16 through Dec. 31. All others will be from Nov. 16 through Dec. 15. The deer bag limit in Possum Kingdom District has been increased to two bucks in all counties except Borden, Nolan and Taylor.

For the next season, antlerless deer in the Southeast District will be those with no hardened antler protruding through the skin. The bag limit in this district will be two bucks, except that antlerless deer may be taken by special permit, but a person may not kill or possess more than three deer in the aggregate.

Pheasant Season Changes—The wild pheasant season for the Panhandle District has been changed from two week ends to seven consecutive days. This year the season will run from Dec. 1 through Dec. 7 with two cock pheasants the daily limit and four cocks the possession limit.

Turkeys Dates and Limits Altered—Frio will be the only county in the South Central District to have a three-gobbler limit per season. Other counties in the district will have a two-gobbler limit because the regulations in these counties do not justify a greater bag limit.

In the Possum Kingdom district, most counties will have a turkey season to conform with their deer seasons. Nolan and Taylor counties will be open to turkey hunting Nov. 16 through Dec. 5. Borden County will not have an open season. All other counties in the district will have a season from Nov. 16 through Dec. 15. The bag limit for the season will remain one gobbler.

Fish Regulations Changed in Some Counties—The limit on channel, blue and flathead catfish in the Edwards Plateau District will be 25 per day, with no possession limit. Lake Travis, in Burnet County, will have a 25 per day limit on crappie. All lakes in the district, including Travis, will have no possession limit on crappie. The limits on black bass will be 15 per day and no possession limit except on Lake Travis where the daily bag limit is set for 15 a day, none of which can be under seven

inches, and not more than 10 over 11 inches long.

Shifts Continue in Farm Real Estate

The average value per farm in Texas increased from \$48,378 to \$64,950 between 1959 and 1962, according to C. H. Bates, economist of the Texas Agricultural Extension Service.

In this same period, the average size of farms increased from 631 to 710 acres. This year the land on the average Texas farm is worth \$59,302. Buildings are worth an additional \$5,648. The average value for land and buildings is about \$91 per acre, he said.

The rate of sales of farm land accelerated some during the last year also. The number of farm title transfers in Texas rose from 51.8 per 1,000 farms in 1960-61 to 58.2 in 1961-62.

A study by USDA's Economic Research Service shows the average value per acre of farm real estate reached a new high of \$123 per acre in the U. S. in 1962, 5 per cent higher than in the previous year. The average farm has 336 acres, and is worth \$41,400. About \$32,800 of this is accounted for by land, and the balance, \$8,600, by farm buildings, Bates said.

Navigating the Life Ship—In bad weather, when there are heavy fogs and storms at sea, the navigator is obliged to take his bearings frequently to know where

he is. If he doesn't do this, of course, he is liable to wreck his ship by running onto hidden rocks. Every man is the navigator of his life ship, and if he doesn't take his bearings, he is liable to wreck his life ship on the rocks of failure. If he would save himself from this wreck, take your bearings frequently.—Marden

Cannot Prosper on Gasoline Sales Alone—The marketing vice president of the American Oil Company that service station operators have to rely increasingly on batteries, and automotive accessories for profitable operation in the future. As he sees it, "the present competitive conditions and those likely to prevail for years to come, no dealer no jobber can prosper on gasoline sales alone."

Proposed CONSTITUTIONAL AMENDMENT NUMBER EIGHT ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.

SENATE JOINT RESOLUTION NO. 7 proposing an Amendment to Section 51-b of Article III of the Constitution of the State of Texas, relating to assistance to needy persons totally and permanently physically or mentally disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps and not feasible for vocational rehabilitation, and who are residents of the State of Texas, who have resided in the state for at least one (1) year continuously immediately preceding the application and who have resided in the state for at least an additional five (5) years during the nine (9) years immediately preceding the application for assistance; and providing further, that no individual shall receive assistance under this program for more than one (1) year continuously during any period when he is receiving old age assistance, and to the extent of such assistance as may be provided by the Legislature.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51-b of Article III of the Constitution of the State of Texas, relating to assistance to needy persons totally and permanently physically or mentally disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps and not feasible for vocational rehabilitation, and who are residents of the State of Texas, who have resided in the state for at least one (1) year continuously immediately preceding the application and who have resided in the state for at least an additional five (5) years during the nine (9) years immediately preceding the application for assistance; and providing further, that no individual shall receive assistance under this program for more than one (1) year continuously during any period when he is receiving old age assistance, and to the extent of such assistance as may be provided by the Legislature.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51-b of Article III of the Constitution of the State of Texas, relating to assistance to needy persons totally and permanently physically or mentally disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps and not feasible for vocational rehabilitation, and who are residents of the State of Texas, who have resided in the state for at least one (1) year continuously immediately preceding the application and who have resided in the state for at least an additional five (5) years during the nine (9) years immediately preceding the application for assistance; and providing further, that no individual shall receive assistance under this program for more than one (1) year continuously during any period when he is receiving old age assistance, and to the extent of such assistance as may be provided by the Legislature.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51-b of Article III of the Constitution of the State of Texas, relating to assistance to needy persons totally and permanently physically or mentally disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps and not feasible for vocational rehabilitation, and who are residents of the State of Texas, who have resided in the state for at least one (1) year continuously immediately preceding the application and who have resided in the state for at least an additional five (5) years during the nine (9) years immediately preceding the application for assistance; and providing further, that no individual shall receive assistance under this program for more than one (1) year continuously during any period when he is receiving old age assistance, and to the extent of such assistance as may be provided by the Legislature.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51-b of Article III of the Constitution of the State of Texas, relating to assistance to needy persons totally and permanently physically or mentally disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps and not feasible for vocational rehabilitation, and who are residents of the State of Texas, who have resided in the state for at least one (1) year continuously immediately preceding the application and who have resided in the state for at least an additional five (5) years during the nine (9) years immediately preceding the application for assistance; and providing further, that no individual shall receive assistance under this program for more than one (1) year continuously during any period when he is receiving old age assistance, and to the extent of such assistance as may be provided by the Legislature.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51-b of Article III of the Constitution of the State of Texas, relating to assistance to needy persons totally and permanently physically or mentally disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps and not feasible for vocational rehabilitation, and who are residents of the State of Texas, who have resided in the state for at least one (1) year continuously immediately preceding the application and who have resided in the state for at least an additional five (5) years during the nine (9) years immediately preceding the application for assistance; and providing further, that no individual shall receive assistance under this program for more than one (1) year continuously during any period when he is receiving old age assistance, and to the extent of such assistance as may be provided by the Legislature.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51-b of Article III of the Constitution of the State of Texas, relating to assistance to needy persons totally and permanently physically or mentally disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps and not feasible for vocational rehabilitation, and who are residents of the State of Texas, who have resided in the state for at least one (1) year continuously immediately preceding the application and who have resided in the state for at least an additional five (5) years during the nine (9) years immediately preceding the application for assistance; and providing further, that no individual shall receive assistance under this program for more than one (1) year continuously during any period when he is receiving old age assistance, and to the extent of such assistance as may be provided by the Legislature.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Mr. and Mrs. Welton Nickel and family were guests at the Tole reunion at Lake Pauline Sunday afternoon.

Marshall Messick and his sister of Vernon visited in the T. R. Cates Jr. home Sunday.

menu. Potato salad or corn-on-the-cob go good with chicken and a mixed green salad, an appetizer tray, sliced bread or rolls and a beverage will make for eating suited to the taste of just about anyone, adds Beanblossom.

The sauce used during the chicken-quing process is mighty important. If you don't have a favorite recipe, the specialist suggests you pick up a copy of MP-312, "Let's Have a Chick-n-quing" from your county extension office and try the sauce he likes. The publication also contains other information which outdoor cooks can use to advantage.

Included is a discussion of grills and barbecue pits. Hints on cooking, including starting the charcoal fire and heat requirements, Beanblossom, in the publication, also calls attention to safety hints which can help make the affair even more pleasant and enjoyable, including the tools you will need to do a first class job.

And this final reminder from the specialist, don't cook the chicken too fast. Allow plenty of time for the job and when it is finished, you'll put a product on the table that you and your guests will enjoy and discuss for weeks to come.

Proposed CONSTITUTIONAL AMENDMENT NUMBER NINE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.

HOUSE JOINT RESOLUTION NO. 79 proposing an Amendment to Article IX of the Constitution of the State of Texas by adding thereto a new Section authorizing the creation of two (2) hospital districts in Brazoria County, one of which shall include all or part of the West Columbia, Brazoria and Damon Independent School Districts and the other contiguous with the Sweeny Independent School District, providing for a possible consolidation of the two, providing a mode of funding and also authorizing construction, equipping, maintaining, and financing of a home for the aged in Titus County.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Article IX of the Constitution of the State of Texas is amended by adding thereto a new Section to read as follows:

"Section 191a. The Legislature may authorize the creation of two (2) hospital districts in Brazoria County, one of which shall include all or part of the West Columbia, Brazoria and Damon Independent School Districts and the other contiguous with the Sweeny Independent School District, providing for a possible consolidation of the two, providing a mode of funding and also authorizing construction, equipping, maintaining, and financing of a home for the aged in Titus County.

"Such districts, if created, may be authorized to levy a tax not to exceed twenty-five cents (25¢) on the one hundred dollar valuation of taxable property within the districts, provided no tax may be levied until approved by a majority vote of the participating resident, qualified, property-owning voters who may have duly rendered their property for taxation. The maximum rate of tax may be changed at subsequent elections, provided existing obligations are not impaired, but in no event shall any change in rate exceed twenty-five cents (25¢) per one hundred dollar valuation.

"The maximum tax rate submitted shall be sufficient to discharge such obligations, liabilities, and responsibilities and to acquire, construct, maintain and operate the hospital system, and the Legislature may authorize the district to issue tax bonds for the purpose of the acquisition, construction, purchase, repair or renovation of improvements and initially equipping the same and such bonds shall be payable from said twenty-five cent tax.

"(b) In addition to all other ad valorem taxes authorized under this Constitution and the laws of the State of Texas, Titus County is hereby authorized and empowered to levy, assess and collect a tax not exceeding twenty-five cents (25¢) on the one hundred dollar valuation of taxable property in said County on any one year for the purpose of paying the principal and interest on any bonds issued by said County for the purpose of constructing and equipping a home or homes for the aged persons in said County and to pay the maintenance and operation expenses thereof, provided said bonds and tax shall have been authorized at an election or elections held for that purpose by a majority of the qualified electors of Titus County, who own taxable property in said County and who have duly rendered the same for taxation, voting at said election. This provision shall be self-enacting and no enabling legislation hereunder shall be required. Any bond issued hereunder shall be issued in accordance with the General Laws except as herein otherwise provided."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at the General Election to be held the first Tuesday after the first Monday in November, 1962, at which election all ballots shall have printed thereon:

"FOR the Constitutional Amendment authorizing the construction, equipping, maintenance and financing of a home for the aged in Titus County and for permitting the Legislature to authorize the creation of two (2) hospital districts in Brazoria County, one of which is to include all or part of the West Columbia, Brazoria and Damon Independent School Districts, and the other contiguous with the Sweeny Independent School District, also providing for a possible consolidation of the two by qualified voters of such districts, and providing for all necessary construction, equipping, maintaining and financing if authorized."

"AGAINST the Constitutional Amendment authorizing the construction, equipping, maintenance and financing of a home for the aged in Titus County and for permitting the Legislature to authorize the creation of two (2) hospital districts in Brazoria County, one of which is to include all or part of the West Columbia, Brazoria and Damon Independent School Districts, and the other contiguous with the Sweeny Independent School District, also providing for a possible consolidation of the two by qualified voters of such districts, and providing for all necessary construction, equipping, maintaining and financing if authorized."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

The Way I See It

by E. B. Germany

All of us know that Americans enjoy the highest standard of living ever experienced by any nation at any time in the history of the world. We have more conveniences, more work-saving machines and more fabulous methods of transportation and communication than have ever before existed on the face of the earth.

All of us know these things, but how many of us ever stopped to think just why this is so? Few of us give much thought to the reasons that the United States has made more mechanical and technical and scientific progress within the past century than entire civilizations made in the thousand years preceding.

There is a reason, a very basic one, but one which is consistently overlooked.

I read a little article the other day in one of the reading rack booklets that are distributed down at the plant. It gives such an effective illustration of this simple truth that I want to pass it along to you.

The article is called "Competition Does It," and is reprinted from a booklet entitled "Selected Readings," printed by the National Research Bureau.

It says, "Suppose, in the year 1861, you had been asked to choose the easiest among the following projects:

1. Deliver letters and packages to the country's population.
2. Deliver the human voice around the earth in less than one twenty-fifth of a second.
3. Deliver an event, like a Shakespearean drama, into any American living room in motion and color, at the time it is taking place.

4. Deliver 115 individuals from Los Angeles to Baltimore in three hours and nineteen minutes.

5. Design and build a horseless carriage like the ones described in 1961 advertisements.

Which of the five would you have chosen as the easiest to accomplish? The first, for certain. The other four would, in 1861, have been looked upon as dreams of a Jules Verne.

Yet a century later, the last four are so commonplace that we take them for granted. Only the first remains substantially as it was a hundred years ago, inefficient as always, and incurring a \$2 million daily deficit!

Government planners have had charge of the first. It is their monopoly. Men acting competitively, cooperatively, voluntarily — in

economic freedom—have wrought the four miracles and countless thousands of others."

So it is competition and the American free enterprise system which it makes possible, that has brought this land of ours the untold riches, the unequalled comfort and the wonderful life we enjoy.

Competition has proved what it can do for a country, when allowed to function freely, without interference.

The other systems, with government controls, government ownership of basic industries and other symptoms of the disease called socialism, have also proved what they can do for a country and for a people. Millions of Chinese are starving to death today under a communist government in which there is no free enterprise and no competition. Millions of Russians, subjects of a similar government, are without the real necessities of life.

Competition does pay off for everyone. And everyone suffers when the government takes over and eventually strangles free enterprise and dries up the prosperity it produces.

Government never takes over in one sudden, swift move. Nations lose their freedoms gradually, little by little in what seems like painless and unimportant steps. We have lost much in this country already. We should be ever watchful for these little steps to socialism.

We should select lawmakers and other public officials that we know will fight to halt these steps and protect our right of competition. That's the way I see it.

"Freak Squeaks of 1961" Is Roundup of Unusual Accidents

Chicago—Traffic accidents on the island of Bjarkoey, Norway, rose sharply in 1961 to an unprecedented rate equal to 5,000 accidents per 10,000 registered vehicles.

The Arctic island has an area of five square miles, a population of 730, one road, one truck, and one station wagon, the island's only taxi. The truck and the taxi collided at a bend in the road.

This is one of the tales in an article "Freak Squeaks of 1961," the National Safety Council's annual roundup of odd and unusual accidents. It appears in the February issue of Traffic Safety magazine, published by the Council.

Water started a fire in Laramie, Wyo. The water was in a gallon jug in a station wagon, and the sun shining through it ignited a sleeping bag. Heat from the fire

caused a gasoline lantern to overflow, adding fuel to the fire.

Richard Matheny badly damaged his car when he swerved off Illinois highway 460 to avoid hitting a deer. He got another auto to continue his business. A short time later he ran off the same highway and into a fence — to avoid hitting another deer.

Matheny's deer were not the only animals involved in unusual accidents. Mail carrier Buck Henson of Greer, S. C., was trying to shoo away a barking dog when a small boy ran from a nearby house and bit the postman on the arm. And John Johnson got two bites for one when he hooked a catfish in Chestnut Creek near Cleveland, Tenn. The 20-pound fish bit him when he landed it.

In Olympia, Wash., a Saint Bernard dog leaped playfully from a pickup truck onto a small auto driven by Marvin Morger. Repairs necessary to the dented hood and smashed windshield were estimated at \$150.

The year's most unusual snack was not enjoyed by a Marietta, Ga., housewife. While eating watermelon, she swallowed a yellow jacket wasp which flew into her mouth. It stung her throat on the way down.

Policemen—and women — had

their troubles too. George R. Mischner was directing traffic in New York City when he stepped backwards into an open manhole.

He managed to grab the edge of the hole to keep from falling 15 feet on the bottom. And Police Matron Albina Jenko in Milwaukee, Wis., dislocated her jaw when she yawned at 3:30 one morning.

Baseball stars added to the list of unusual mishaps. Don Newcombe, former major league pitcher and star for Spokane in the Pacific Coast League, was scheduled to go against Hawaii in Honolulu. He couldn't make it after he received an eye injury when he bumped into a palm tree. And Alvin Dark, manager of the San Francisco Giants had to have his little finger bandaged after he snagged it on a metal stool he threw in anger after a losing game.

Seventeen-year-old Leland Larison of Hilmar, Calif., shot himself in the right foot with a 20-gauge shotgun as he demonstrated to friends how he had shot himself a few weeks before in the right foot with a 20-gauge shotgun.

Meanwhile, across the country in Birmingham, Ala., eight-year-old Johnny Hines fell out of a swing and broke his right wrist.

The next day he fell while playing football and broke his left wrist.

In Globe, Ariz., Mrs. Lena Berry broke her leg when she slipped and fell while walking down a hill. She was hurrying to a first aid class. In Bangor, Me., a woman described only as being of "generous proportions," got stuck in her bathtub. Two gallant firemen each took an arm and—with eyes averted—tugged hard until she was extricated.

Louise and Ruth Murasky are 21-year-old twins in Garfield Heights, Ohio. Not only do they look alike, but they do things together. Both are nurses, and a few days after Louise cut her right leg on a glass lamp shade, Ruth cut her right leg when a bottle exploded.

Sleepwalking, Mrs. Faith Blake, 43, of Fort Lauderdale, Fla., apparently decided to cease being a pedestrian. Sound asleep one night, she went to the garage and started the car. The damage was estimated at \$450 to the car and \$300 to the garage.

Traffic was tied up a few miles west of Olney, Ill., when a panel truck collided head-on with a car it was towing. The truck tried to pass a semi-trailer truck and ran off the pavement. The car be-

ing towed broke loose, spun 180 degrees and overturned in the highway. The panel truck bounced through a drainage ditch, returned to the highway, and hit the car.

Highway signs are intended to help drivers, but Carl M. Gelbke, 34, of Kalamazoo, Mich., found they weren't placed quite right for airplane drivers. Gelbke, a student pilot, crashed in the median of Interstate 94 after he became lost and brought his plane close to the ground to read a sign. His craft hit a high tension wire.

Mayor Harold J. Grady of Baltimore, Md., was handed an appropriate schedule sheet during Fire Prevention week. One of his secretaries dropped a cigarette cinder on the paragraph which mentioned the special week, and scorched the word "hazards" in a sentence reminding him he was to say a few words of warning about fire hazards.

And 14-year-old Steven Hardina announced he was giving up baton twirling after he shook up Ventura, Calif. With a mighty toss, Steve sent his baton so high that it struck two 4,000-volt power lines. This blacked out a 10-block area for an hour, started a grass fire, and knocked a radio station off the air.

Big things happened in the Maris' and Martie's assault on the Mighty Bambino's batting order crowded the pennant race. Khrushchev said he could sometimes make mistakes, and a lot of other things happened. But a lot of folks are still talking about the dizzy things that happened to them during the year.

Worry

He worried about his wealth, he worried about his health, he worried about his business, he worried about his wealth.

She worried about the children she worried about her clothing, she worried about the neighbors, she worried about her woes.

They worried about their pets, they worried about their future, they worried about their debts.

They worried, still they worried, but alas! They worried about a lot of things that not come to pass!—Kleiser.

Proposed CONS NUMBER EI

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.

SENATE JOINT RESOLUTION NO. 11, proposing an Amendment to the Constitution of the State of Texas, to be held on November 6, 1962.

IT IS RESOLVED BY THE SENATE OF THE STATE OF TEXAS:

Section 1. That Section 4 of the Constitution of the State of Texas be amended by adding it to read:

The foregoing notwithstanding, the State of Texas shall have first preference in the sale of any land owned by the State of Texas, in such quantity as may be desired, and at such price as may be determined by law, or as may be provided by law.

This Amendment shall become effective upon its adoption by the people of the State of Texas at an election to be held on the first Tuesday after the first Monday in November, 1962.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.

HOUSE JOINT RESOLUTION NO. 36, proposing an Amendment to the Constitution of the State of Texas so as to authorize for elected and appointive officers and employees, who serve in such capacity for twelve (12) or more years in any county or other political subdivision, a Retirement, Disability and Death Compensation Program.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Subsection (b) of Section 62 of Article XVI of the Constitution of the State of Texas is amended to read as follows:

"(b) Each county and any other political subdivision of this State shall have the right and the Legislature may enact appropriate regulatory laws to provide for and administer a Retirement, Disability and Death Compensation Fund for its elected and appointive officers and employees; provided some is authorized by a majority vote of the qualified voters voting in such election of the county or other political subdivision. No person shall qualify for benefits unless he shall have served in such capacity for at least twelve (12) years, except for those persons otherwise qualified prior to the effective date of this Amendment. The amount contributed by the

county to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the county and State."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors in this State at an election to be held on the first Tuesday after the first Monday in November, 1962, of which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment authorizing retirement, disability, and death benefits for elected and appointive officers and employees of counties and political subdivisions who have served in such capacity for twelve (12) years or more."

"AGAINST the Constitutional Amendment authorizing retirement, disability, and death benefits for elected and appointive officers and employees of counties and political subdivisions who have served in such capacity for twelve (12) years or more."

Sec. 3. Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such legislation shall not be invalid by reason of its anticipatory character.

Sec. 4. The Governor of Texas shall issue the necessary proclamation for the election and the Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

PERSONALS

Minnie Allen returned Sunday after several weeks with relatives at Houston.

Chapman has returned after a week's stay with relatives in Gladewater.

Sanders and family from Wash. spent Monday in the home of Mr. and Mrs. Seale.

H. H. Haston returned Sunday from Loop after his visit with her daughter underwent surgery.

Mrs. Bud Chapman and family have been visiting in Gladewater the last few days.

Howard, instructor at Western Union College, Texas, visited last week at the home of the Nick Chats.

Mrs. Lynn McKown and family, Lowell and Kenneth, of Dallas and Mrs. H. W. McKown spent Sunday here visiting Mr. and Mrs. Grover Cole.

Mrs. Stanley Neel and son, James, visited last week in Okmulgee, Okla., with son and brother, James Jr., attending college there.

Mrs. Elvin Owens of Okla., was here with her mother, Preston Owens, and other relatives.

Becky Pilcher from Tucuman, spent last week here with her uncle and aunt, Mr. and Mrs. Jack Seale.

Mrs. Charles Davis and sons, Kirk and Bick, of Okla., spent the week here visiting his father, Earl. They left Tuesday for Fort Worth to visit Mr. Davis' sister, Sale Stout, and family. Mr. Davis, graduates of the Baptist College in Plainville, is teaching in the Baptist College in Riverside.

Mr. and Mrs. Jack Seale spent the week end in Brownwood and Abilene.

Mr. and Mrs. Ray Brown left Wednesday morning for a vacation trip to Denver, Colo.

Mr. and Mrs. Martin Jones and daughters, Carolyn and Deborah, spent last week vacationing in Colorado.

Visiting in the home of Mr. and Mrs. Earl Love Friday was Calvin Chesser, a brother of Mrs. Love whom she hadn't seen in 7 years.

Bill Moore of Thalia, Henry Johnson, Elton Carroll and Grover Cole attended a meeting of the Royal Arch Chapter in Quannah Thursday night of last week.

Mr. and Mrs. Irving Fisch and daughter, Miss Carole Fisch, left Sunday for a two-weeks trip to California.

Marjorie Marie Walker of Clarksdale, Miss., is visiting here with her grandmother, Mrs. J. N. Ribble, and Mr. Ribble.

Mr. and Mrs. Marion Benham and daughters, Beverly and Barbara, of Lovington, N. M., spent Friday night and Saturday visiting Mr. Benham's mother, Mrs. G. J. Benham.

Mr. and Mrs. Pete Collins and family of Carrollton spent the week end here visiting his mother, Mrs. Jessie Collins, and other relatives.

Mr. and Mrs. Fred Vecera and children, Paula and Junior, returned home from a week's vacation to Padre Island, Brownsville, Old Mexico and San Antonio.

Mr. and Mrs. George Owens and two children of Temple City, Calif., were here last week visiting Mr. Owens' mother, Mrs. Preston Owens, and other relatives.

Miss Debbie Nuckols of Springfield, Mo., granddaughter of Mr. and Mrs. Bob Carroll, spent several days last week with Carolyn Nichols of the Black community.

A card received from Mr. and Mrs. W. T. Ross of Flomot, former Margaret residents, stated that they had been to Anchorage, Alaska, and had attended the World's Fair in Seattle and were spending the rest of the week in Portland. They visited a son and family in Alaska, leaving Lubbock by plane July 10 for Seattle and taking a jet from there to Anchorage.

Mr. and Mrs. Lee Black left Friday for a week's trip to Ruidosa, N. M.

Mrs. Doug Buchanan of Post was here during the week end on account of the illness of her mother, Mrs. Ed Tharp.

Mr. and Mrs. John Wheeler and family returned home Sunday after a week's visit with relatives in California.

Mr. and Mrs. Joe Eddy spent last week in Abilene visiting their daughter, Mrs. Larry Campbell, and family.

Mack Boswell, associate editor of a daily newspaper in Miami, Okla., was visiting friends here Tuesday morning en route to Plainview.

Mr. and Mrs. Perry Nuckols and children, Debbie and Greg, spent last week with Mrs. Nuckols' parents, Mr. and Mrs. Bob Carroll, and with her brother, Oran Carroll, and family.

Mrs. Ed Mechell returned Saturday from Vancouver, Washington, where she visited her daughter. Making the return trip also was her granddaughter, Chris Thompson.

Mrs. S. H. Ross and Mrs. J. C. Prosser and daughters spent last week visiting their daughter and sister, Mrs. L. S. Smith, and family of Wichita Falls. Mike Smith returned home with them for a visit.

Rotarians Bill Givens and Roy Sanson of Quannah, Lee Crews of West Columbia and Fred E. Lewis of Lubbock were visitors at the Wednesday noon meeting of the Rotary Club July 25.

Mrs. Bob Thompson and daughters, Cheryl and Melissa, of Fort Worth have been here visiting their mother and grandmother, Mrs. R. J. Thomas, and other relatives.

Mr. and Mrs. Marvin Bryson and two children of El Paso and Mrs. Bryson's sister, Theresa MacTavish of Massachusetts are visiting this week with Mr. Bryson's parents, Mr. and Mrs. Malcolm Bryson.

Mr. and Mrs. Joe Ward were responsible for a treat at Thompson's Care Home Sunday afternoon when eight singers from the First Christian Church singing convention entertained the patients with favorite hymns.

Mr. and Mrs. Elmo McClellan of Lubbock were here Sunday visiting Mrs. McClellan's mother, Mrs. Ed Tharp, patient in the Crowell hospital. They also visited Mr. McClellan's sister, Mrs. R. E. Sparks, in the Thomson Care Home.

Roy Farrar of Stockton, Calif., Mr. and Mrs. Roy Farrar Jr. and daughter, Debbie, of Madera, Calif., Mrs. Alta Hollis of Burbank, Calif., and Mrs. L. D. Grimsley of Olt, are visiting in the home of Mr. and Mrs. Dave Adams and with other relatives. Mr. Farrar and Mrs. Grimsley are a brother and sister of Mrs. Adams.

Families attending the annual State Highway Department picnic Saturday at Childress were Mr. and Mrs. Baylor Weathered and family, Mr. and Mrs. J. W. Golden and daughter, Mr. and Mrs. Dayton Everson and family, Mr. and Mrs. Buster Manning, and visitors were Shirley Mike Rasberry, Mike Nichols, Archie Kell and David Myers.

Mrs. C. O. Nichols and daughter, Mrs. Irene Curry of Shreveport, La., have returned from a trip to California. They visited Oscar Nichols and family of Los Angeles, Mr. and Mrs. Jack Bailey and family of Lampoo, Calif., and Jim Bailey and son, Marvin, and daughter, Mrs. Weed, near San Francisco.

Recent visitors in the home of Mr. and Mrs. Jim Ewing have been Mrs. Lonie Jolly and children, Wesley and Betty, of Quannah; Mr. and Mrs. Carl Roberts of Wichita Falls; Mr. and Mrs. Everett Thurman of Dallas; Mr. and Mrs. Fred Thurman of Canyon; Herman Thurman of Wellington; Mr. and Mrs. Roy Holly and Mr. and Mrs. Clarence Cook of Wellington.

Rev. and Mrs. Clarence Bounds went to Paducah Sunday where Rev. Bounds filled the pulpit at the 11 o'clock service in the absence of the pastor, Rev. Grady Adeock. They were dinner guests of a friend of Rev. Bounds, Joe Sampson, and wife. Rev. Bounds will preach at Margaret next Sunday morning and administer communion.

The children of Mr. and Mrs. H. E. Minyard had a reunion at the home of their parents here in Crowell over the week end. Children present were Mr. and Mrs. Clyde James and daughters of Crowell, Mr. and Mrs. E. L. Minyard and family of Corpus Christi, Mr. and Mrs. Joe Minyard and family of Newell, S. D., A. L. James of Lockett, Mr. and Mrs. Duane Nichols and son of Borger, and John Warren of Seymour.

Card of Thanks
With grateful heart, I want to say "thank you" friends, for the lovely Birthday party and gifts. It will be a birthday long remembered. May God bless each and every one of you.
Mary Sparks.

No Doubt About It!
"Is this milk fresh?"
"Fresh? Why three hours ago it was grass."

From the News
THIRTY YEARS AGO

News items below were taken from the Friday, August 5, 1932, issue of the Foard County News:

Jimmy Fox, Herculean batsman of the Philadelphia Athletics, is being picked by baseball critics as the man who will make the fans forget the mighty Babe Ruth. When he pounded out his fortieth home run the other day, Fox was more than a month ahead of the Babe's mark at that date in 1927, which was Ruth's record season of 60 home runs.

At a meeting of the Foard County Taxpayers League last Saturday afternoon, a resolution was unanimously adopted which recommended that the voters of Precincts 2 and 4 go to the polls Saturday and vote off the special 15 cent road tax.

Greater interest is being shown by the farmers of Foard County in the feeding of hogs than in many years and large numbers of self-feeders have been constructed during the past several weeks.

Crowell continued its winning streak by defeating Burk Burnett 7 to 3 in a baseball game at the local park Sunday afternoon. This contest gave Crowell seven straight victories. Playing for Crowell were Eubanks, Bell, Sloan, Myers, LaRue, Ashford, Norman, Meason, McDaniel, Fish, Henry and Rasberry.

Rev. William A. "Billy" Sunday was today on record with the opinion that bandits are better than brewers. Addressing 3,000 delegates to the Chicago dry assembly at the Des Moines camp grounds last night, the noted evangelist said, "We're better off with bandits than we would be with brewers. Since prohibition went into effect, we have built 500,000 new homes, 65 per cent of them owned by men who never owned a home before."

Lebert Swain, Paul Crews, Tom Beverly and Garland Shults left this week on a trip to California.

Edwin Greening returned Tuesday night from Dallas where he had been working for the past two and one-half months.

Luther Denton and family of Crowell and Mr. and Mrs. W. Ingle of Margaret left this week for a visit of two weeks in Tennessee.

Work on auditing Foard County's books was started at the court house last Friday by the firm of Alfred-Lambert Co., certified public accountants of Wichita Falls.

What's new? Cattle growers in Montana are trying the system of quick freezing beef before shipment, rather than transporting carloads of live animals to market.

Leon Solomon of Crowell was a visitor in Thalia awhile Saturday.

Mr. and Mrs. Clint Simmons and Mr. and Mrs. Grover Nichols and son, Claren, attended the singing convention at Medicine Mound Sunday.

Call Them What You Like; They Still Cause Misery

Call them red bugs. Call them harvest mites. Call them chiggers. By whatever name, they mean sleepless nights and ceaseless spasms of itching misery. This is their season. It will last from now until cold weather cuts into their ranks. A few people have an apparent immunity to chigger attacks, but the vast majority of us are oh-so-susceptible. They—the chiggers—have a special affinity for low, damp places covered with vegetation. Bermuda grass harbors them well, but for some unexplainable reason they are not usually found in carpet grass.

Just for the record, it's the larvae which do the damage, attaching themselves with their mouthparts and sucking blood until they become engorged and fall off. The fiery itching is caused by an anti-coagulant material they inject into their host.

Although adult chiggers—large, red and velvety—are probably harmless to humans, their wayward offspring can be serious as well as annoying. Not that they spread any specific disease — at least not in this country—but their bites demand scratching which frequently causes secondary infections in the form of sores and boils.

To learn where chiggers are harboring, stand a piece of black cardboard on end where you suspect their presence. If after a few moments you see tiny yellowish or pinkish mites accumulating on the upper edge, you know it's time to check your supply of insecticide.

Chiggers attack lizards, snakes, birds, and rodents with the same vigor and resourcefulness they display in attacking humans. No distinction is drawn between man and lesser animal species, which is hardly complimentary to us Homo sapiens.

Light applications of sulphur dust on lawns and low branches of shrubs have been used successfully for years to control chiggers.

'By the Number'

'Anyone who served in the infantry can tell you how it was to do things 'by the number.' And you did it that way—or else! Big government is getting to be like that. Everything coming to the compulsory order. Your own initiative, your independence is slowly, but surely being taken over by the big boys who think it is best for you to do things their way—"by the number."—Rosholt, S. D., Review.

Mr. and Mrs. P. D. Moseley of Canadian were in Crowell visiting relatives and friends Tuesday.

PROPOSED CONSTITUTIONAL AMENDMENT NUMBER ELEVEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.

SENATE JOINT RESOLUTION
To propose an Amendment to Section 49-b, Article III of the Constitution of Texas by adding thereto a provision authorizing the resale of lands of the Veterans Land Fund remaining unsold after having been first offered for sale to veterans, to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now provided by law, or as may hereafter be provided by law.

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas by adding thereto a provision authorizing the resale of lands of the Veterans Land Fund remaining unsold after having been first offered for sale to veterans, to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now provided by law, or as may hereafter be provided by law."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and this Amendment shall be published in the manner and for the length of time required by the Constitution of this state.

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended by adding thereto the following: "The foregoing notwithstanding, lands in the Veterans Land Fund which have been first offered for sale to veterans and which have not been sold may be resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now provided by law, or as may hereafter be provided by law. The Amendment shall become effective upon its adoption."

Two Minutes With the Bible

The Apostles of the Nations
Not Matthew, or Mark or Luke; not Peter or James or John, but Paul alone wrote, by divine inspiration:
"For I speak to you Gentiles (or, of the nations) inasmuch as I am the apostle of the Gentiles (nations); I magnify mine office" (Rom. 11:13).
Note well that Paul did not magnify himself, but his office, to which he had been appointed by the glorified Lord Himself. In defending his apostleship before the Galatians, he wrote:
"But I certify you, brethren, that the gospel which was preached of me is not after man.
"For I neither received it of man, neither was I taught it, but by the revelation of Jesus Christ" (Gal. 1:11,12).
In many other passages the apostle claims to speak as a direct representative of Christ (See 1 Cor. 11:23; 15:3; Eph. 3:2,3; 1 Thess. 4:15, etc.)
To Timothy, Paul wrote concerning his own writings: "If any man teach otherwise, and consent not to wholesome words, even the words of our Lord Jesus Christ, and to the doctrine which is according to godliness, he is proud, knowing nothing," et. This could not indicate more emphatically Paul's claim that his words were "the words of the Lord Jesus Christ," received from Him by direct revelation.
To the Corinthians, who questioned this, the apostle wrote:
". . . If I come again I will not spare, since ye seek a proof of Christ speaking in me" (II Cor. 13:2,3).
The proof of this claim? This was overwhelming indeed, for Paul was used more than any other apostle to found churches and lead men into the knowledge and joy of salvation. To the Corinthian believers he wrote what he could have written to many thousands of others: "The seal of mine apostleship are ye in the Lord" (I Cor. 9:2).

will fill the Museum of Fine Arts. Six other fine museum-type buildings will have special exhibits for the Fair: Texas Hall of State, D. A. R. House, Museum of Natural History, Aquarium, Health and Science Museum and Garden Center.

The Dallas Symphony Orchestra will present a free Symphony Spectacular in the Cotton Bowl October 12.
The 1962 Agricultural Show will depict the story of wildlife in Texas. Some of the finest livestock in the world will be at the Fair for the tenth annual Pan-American Livestock Exposition. And in the Women's Building, Texas Kitchen Window will present demonstrations of food preparation and nutrition free several times daily.
"Circusland" will include a representative number of historical items from the Hertzberg Collection in San Antonio, the most extensive assortment of Circusiana in the world.

Texas Cattle and Sheep Producers Lead Nation

Texas leads all other states in the liveweight production of cattle, calves and sheep, but ranks 15th in hog production. Iowa is the top hog producing state by a wide margin.
The total number of pounds of cattle and calves produced on Texas farms during 1961 reached 2.8 billion pounds, reports Ed Uvacek, extension livestock marketing specialist. During the same period, sheep and lamb production amounted to 195 million pounds while 28.8 million pounds of hogs were produced, he says.
Thus, Uvacek points out, Texas production last year of cattle and calves represented almost 10 per cent of the nation's total output. Though the number of sheep and lambs produced in Texas far exceeds the next ranking state, the percentage of liveweight production amounted to only about 12 per cent of the nation's total.
This, Uvacek says, is due to the fact that Texans are not as heavily in the lamb feeding business as are operators in California and Colorado.

1962 State Fair Offers Fun, Facts

Don't overlook the educational aspects of the State Fair of Texas in Dallas this October.
James H. Stewart, general manager of the Fair, points out that the 1962 "Exposition of Nations" October 6 through 21 will offer an unusual number of exhibits which combine fun with facts.
The Telephone Exhibit in the World Exhibits Building will feature a full-size model and explanation of Telstar. Other space exhibits will include the Space Kitchen in the Electric Building, a life-size model of the eating area and equipment which will feed astronauts in outer space. "This Atomic World" in the Varied Industries Building will feature short stage demonstrations on the beneficial applications of atomic energy.
The Natural Gas Building will display a revolutionary, compact gas turbine in operation.
At the Texas International Trade Fair in the World Exhibits Building, fairgoers will see objects of art and industrial products of nations around the world. "Arts of Man," a survey of the entire art history of the world.

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT NUMBER THIRTEEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.

SENATE JOINT RESOLUTION NO. 6 proposing an Amendment to Article VII of the Constitution of Texas by adding a Section to be known as Section 3-b, providing that school taxes levied in any independent school district, the major portion of which is located in Dallas County, shall not be abrogated, canceled or invalidated by a change in boundaries nor shall bonds voted, but unissued at the time of such change, be invalidated by such change; authorizing the levy of taxes after such change without further election in the district as changed; providing an exception in the case of the annexation or consolidation of whole districts; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VII of the Constitution of Texas be amended by adding thereto the following:
"Section 3-b. No tax for the maintenance of public free schools voted in any independent school district, the major portion of which is located in Dallas County, nor any bonds voted in any such district, but unissued, shall be abrogated, canceled or invalidated by change of any kind in the boundaries thereof. After any change in boundaries, the governing body of any such district, without the necessity of an additional election, shall have the power to assess, levy and collect ad valorem taxes on all taxable property within the boundaries of the district as changed, for the purposes of the maintenance of public free schools and the payment of principal of and interest on all bonded indebtedness, outstanding against, or attributable, adjusted or allocated to, such district or any territory therein, in the amount, at the rate, or not to exceed the rate, and in the manner authorized in the district prior to the change in its boundaries, and further in accordance with the laws under which all such bonds, respectively, were voted; and such governing body also shall have the power, without the necessity of an additional election, to sell and deliver any unissued bonds voted in the district prior to any such change in boundaries, and to assess, levy and collect ad valorem taxes on all taxable property in the district as

changed, for the payment of principal of and interest on such bonds in the manner permitted by the laws under which such bonds were voted. In those instances where the boundaries of any such independent school district are changed by the annexation of, or consolidation with, one or more whole school districts, the taxes to be levied for the purposes hereinabove authorized may be in the amount or at not to exceed the rate theretofore voted in the district having at the time of such change the greatest scholastic population according to the latest scholastic census and only the unissued bonds of such district voted prior to such change, may be subsequently sold and delivered and any voted, but unissued, bonds of other school districts involved in such annexation or consolidation shall not thereafter be issued."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the State of Texas on the first Tuesday after the first Monday in November, 1962, at which election all ballots shall have printed thereon the following:
"Article VII of the Constitution of Texas, by adding thereto Section 3-b, providing that taxes or bonds previously voted in any independent School District, the major portion of which is in Dallas County, shall not be abrogated, canceled or invalidated by any change in boundaries and authorizing the continuance of the levy of taxes after such change without further election."
"AGAINST the Amendment to Article VII of the Constitution of Texas, by adding thereto Section 3-b providing that taxes or bonds previously voted in any independent School District, the major portion of which is in Dallas County, shall not be abrogated, canceled or invalidated by any change in boundaries and authorizing the continuance of the levy of taxes after such change without further election."
If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective on and after the date of its adoption.
Sec. 3. The Governor shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this state.

Public-Be-Damned Gasoline Tax

There's one thing you can say with certainty about the motorist. He isn't the forgotten man! The tax collectors—state and federal—remember him with a vengeance. According to U. S. Bureau of Public Roads estimates, tax receipts on motor fuel accounted for 64 per cent of total state highway-user taxes during the year just closed. In terms of dollars, they came to \$3.5 billion. And this wasn't all by any means—for the federal tax, of four cents a gallon, added up to a handsome \$2.4 billion. There is, however, a very definite question as to just how long this goose is going to give ever-increasing golden eggs. While state and federal taxes on gasoline have risen 59 per cent in the last decade, the rate of increase in gasoline consumption has, in late years, shown a substantial decline. For instance, when the federal tax was increased in 1956, there was a growth rate decline in 40 states. The same thing happened almost identically when the latest increase went into effect in 1959—39 states reported a consumption fall-off. So what we seem to be witnessing is an example of the ancient and irrevocable law of diminishing returns. The combined federal-state gas tax now averages more than 10 cents a gallon. So motorists drive less, or shift to the smaller cars. And government in the long run, is a major loser.

Valuation of Tech Campus \$41,575,674

Valuation of the Texas Tech campus is now \$41,575,674, figured on the original cost of buildings. Since 1949, more than \$30,000,000 in capital improvements have been added, and it is estimated that additional improvements will total more than \$20,000,000 by 1970. Eight buildings and the expansion of the football stadium were completed last year at a cost of \$4,750,000. Now under construction are five buildings costing \$3,885,325. These buildings include a new library, and addition to the Student Union building, an addition to the Science building, dairy facilities and animal and poultry facilities. A new women's dormitory will be started soon, costing approximately \$2,700,000.

What Then?

The Communist meeting was a success until one of the unenlightened comrades stood up and asked: "Comrade, what will happen to my unemployment checks when we overthrow the government?"—Scandal Sheet.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford
 TEXAS PRESS ASSOCIATION

Austin, Tex.—Gov. Price Daniel and water conservation leaders are launching a campaign to win voter approval of Constitutional Amendment No. 4 on the general election ballot November 6. Daniel's Statewide Water Conservation Committee will meet on September 10 to map the campaign. Other statewide organizations are being urged to join the effort. This amendment would allow the Texas Water Development Board to use part of its \$100,000,000 water loan fund to pay for the added height needed to fully utilize damsites in Texas. Story is this: When cities or the Federal government build reservoirs, there may not be enough demand for water in the area to build the dams to their full height. Water studies have indicated that in 20 to 50 years, the full yield of all presently-proposed reservoirs will be needed to supply the 21,000,000 Texans expected by the year 2010. But if the dam and reservoir are built only to meet present or near-future needs, there will be greatly increased costs later on since recreational and other developments will have been built around it. Cost could run two or three times as much, then, to build the developed land and raise the dam. In the long run, sponsors argue, the amendment would save Texans many millions. If it passes, the Development Board could pay for the added cost now and hold the water storage space until cities or industries in the area need the water and are willing to pay for it. Then the revenue can be used to pay off the long-term bonds the Board issues. Two samples of the need are in the news these days. Lavon Reservoir near Dallas was built mainly for flood control by the U. S. Army Corps of Engineers. Now more space is needed for water supply purposes. Today, however, the North Texas Municipal Water District, which supplies water to 10 cities in the area, will have to pay about 60 to 70 per cent more than it would have cost them in the first place. Cooper Reservoir on the Sulphur River is being delayed, right

COURTS TAKE A HOLIDAY—Justices of the Texas Supreme Court and the Court of Criminal Appeals have shed their long black robes for the remainder of the summer. The massive doors to their elegant chambers in the Texas Supreme Court Building won't be opened again until they reconvene on October 1. Both courts are "supreme courts" because of a unique judicial set-up that Texas shares with the State of Oklahoma and England. Civil cases appealed from lower courts come to the Supreme

SAFETY PLAN LAUDED—Governor Daniel credited organizations such as the Junior Chamber of Commerce and the Texas Federation of Women's Clubs with awakening public interest in the use of safety belts in automobiles. He said that Texas Department of Public Safety statisticians have informed him that their accident reports show that "500 lives could have been saved in Texas traffic in 1961 alone if drivers and front-seat passengers, in particular, had been wearing seat belts." This would have reduced that year's traffic toll by nearly one-fourth. Jaycees and members of TFWC have been conducting safety belt campaigns.

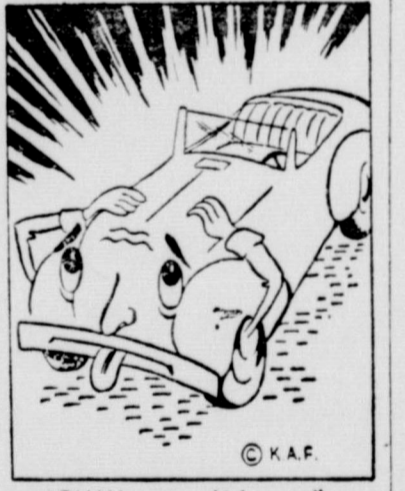

WILSON CITES ODD CURES—Attorney General Will Wilson noted the recent U. S. District Court's refusal to allow naturopaths to prevent the State of Texas from prosecuting them for practicing medicine without meeting qualifications of the Medical Practices Act. Wilson called the decision "a valuable tool with which the peo-

POPULATION ZOOMING—State Health Commissioner J. E. Peavy estimates that Texas' population passed the 10,000,000 mark Friday. He based his prediction by computing births, deaths and migration since April, 1960. At that time Texas had a population of 9,579,677. Then Texans registered 570,250 births and 176,500 deaths or a natural increase of 393,750. Assuming that the 1950-1960 rate of migration has continued, 25,500 more people have moved into the state than out, during the calculated period. That would give the state a total population of 9,999,927 on July 26. Dr. Peavy figured Friday was "10 Million Day," since more than 400 people are added daily by the excess of births over deaths.

LEGISLATORS' LIBRARIAN LEAVING—Miss Doris Connerly, the 1919 University of Texas law graduate who has directed a reference library for State representatives in the Capitol for 34 years, won't be in the statehouse when the 58th Legislature meets next January. She will retire on September 30. Miss Connerly became director of the Legislative Reference Library in 1928 when Dan Moody was governor. She and the late Gov. Beauford Jester were former classmates and friends. However, she won't pick a favorite among the Texas governors she has worked with. But she does say that she considers herself fortunate to have served during the terms of Coke Stevenson, Allan Shivers and Price Daniel. "These men played an important role in Texas' growth in economics and culture," she says. "Texas' legislative library was established by the Legislature in 1909 to furnish legislators with factual and historical material. But thousands of state workers and citizens interested in state business have used its services, including the file on "State Statutes and Session Laws." These date back more than 150 years and relate to all 50 states in the union.

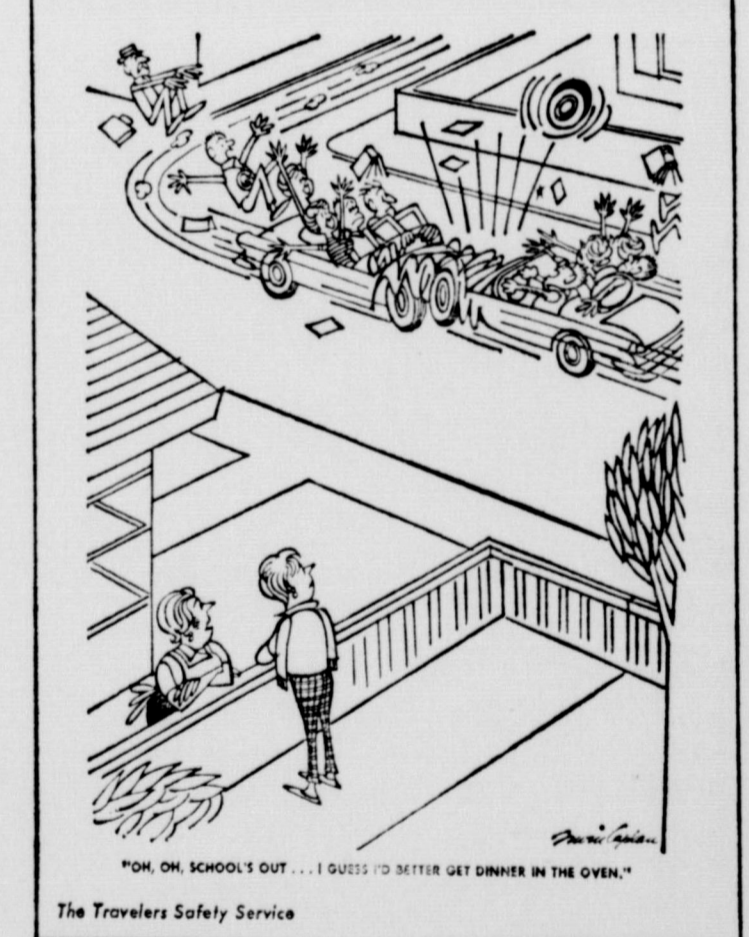

SAFETY PLAN LAUDED—Governor Daniel credited organizations such as the Junior Chamber of Commerce and the Texas Federation of Women's Clubs with awakening public interest in the use of safety belts in automobiles. He said that Texas Department of Public Safety statisticians have informed him that their accident reports show that "500 lives could have been saved in Texas traffic in 1961 alone if drivers and front-seat passengers, in particular, had been wearing seat belts." This would have reduced that year's traffic toll by nearly one-fourth. Jaycees and members of TFWC have been conducting safety belt campaigns.

EUROPE STEAMS AHEAD: The Port of Rotterdam is busier than ever as the European Common Market sells more—and buys more too. Trade between the Common Market and the U. S. has increased 44 percent in four years.

—Page 8—
Foard County News
 Crowell, Texas, August 2, 1962

He cites state's evidence including: One naturopath who treated patients by sending catnip, parsley and strawberry leaf tea through the mail without having seen the patients. Another who claimed to be qualified to give psychiatric treatment by an extension course from the University of California. U. of C. denied any knowledge of such a course. Another claimed to use an electronic machine to detect cancer, cataracts, arthritis and hardening of the arteries from urine specimens sent to him through the mail. Members of the department of electrical engineering at Texas A&M College found the machine incapable of detecting vibrations or diagnosing any form of illness. James L. McNeese Jr., attorney for the naturopaths, said he would appeal the ruling against his clients to the U. S. Supreme Court. The naturopaths have filed a \$1,000,000 slander suit against the attorney general, but no hearings have been held.

Short Snorts
 The U. S. Senate has confirmed two promotions to Major General: Thomas S. Bishop of Austin, Adjutant General of Texas, and Everett S. Simpson of Amarillo, Commanding General of the 36th National Guard Division. State Treasurer Jesse James reported the deficit in the General Revenue Fund increased from \$28,351,556 to \$33,083,117 since July 9. Rep. Charles N. Wilson of Trinity has asked C. Smith Ramsey of San Augustine, chairman of the Board of Regents of State Teachers Colleges, to explain the firing of Prof. R. C. Koenig at Sam Houston State College.
