Former Foard Resident Succumbs in Dallas Aug. 4th

Funeral services were held in Levelland on August 8 for A. L. Honeycutt, 68, who passed away on August 4 in a Dallas Veterans Hospital. He moved to Foard County in 1908 from Gainesville with his late parents, Mr. and Mrs. W. R. Honeycutt, and was the brother of Mrs. Lester Ownby of this city and Mrs. Carl Haynie of Truscott.

A veteran of World War I, Mr. Honeycutt moved to Levelland from Chillicothe in 1938. His wife preceded him in death on July 11 last year. Three daughters and one grandson survive.

Mr. and Mrs. Carl Haynie, Mr. and Mrs. Warren Haynie and children and Mr. and Mrs. Virgil Johnson attended the services. Burial was in the Levelland cemetery.

Mother of Mrs. W. L. Yarbrough Died in Paducah Monday

Services for Mrs. Nina Olevia Sheek, mother of Mrs. W. L. Yarbrough of Crowell, who died Monday in a Paducah hospital, were held Tuesday afternoon at the First Christian Church in Paducah.

Mrs. Sheek was born June 15, 1884, in Collin County, Texas, and had been a resident of Cottle County since 1907. She had been in ill health for the past seven years.

Survivors include a son, Lloyd Sheek of Pasadena, Texas; three daughters, Mrs. Yarbrough of Crowell, and Miss Arlene Sheek and Mrs. C. E. Nash, both of Paducah; three grandchildren and two great grandchildren.

Brother of Mrs. N. J. Roberts Died Friday in Durango, Colo.

Willis H. Young, 71, former Crowell resident and brother of Mrs. N. J. Roberts, died last Friday night in a Durango, Colo., hospital following a short illness. Funeral services were held Monday afternoon in Durango.

Mr. Young was born in New Mexico in 1890. He came to Crowell as a child with his two sisters, Mrs. Roberts and Miss Leona Young of Fort Worth, and was reared in the home of the late Mr. and Mrs. J. W. Cope. Mrs. Cope was his aunt. After leaving here he settled in Durango and lived there the remainder of his life. The only visit he ever made back to Crowell was in 1945.

Survivors include his wife; two sisters; three daughters and two sons. One of his daughters, Marjorie, now Mrs. Joe Wast of Denver, Colo., lived in Crowell four years with Mr. and Mrs. Roberts and finished high school here.

Donations Still Being Sought for Center

Contributions to the new community center are still coming in, states Leon Speer, finance chairman. There are a number of people who have not yet been contacted, but some will attempt to see them.

The abstract to the building is being checked by Foster Davis and Leslie Thomas, and it is thought that transfer of title to the City of Crowell may be made some time this week. Claude Callaway is the realtor who has helped bring about the transaction.

It is also hoped that some improvement on the building may be begun next week. The more money that is given, the better the center can be made for the enjoyment of the public.

The following have made contributions since last week: Mrs. Winnie Brown, Mrs. Karl Brink, Coca-Cola Bottling Co., Paul Shirley, R. E. Dunn, Margaret Welch, Frank Weatherall, C. C. Ribble, Ray Hysinger, W. A. Dunn, Crowell Masonic Lodge and J. C. Prosser.

Skeet Shoot to Be Held Sunday Afternoon

The VFW post of Crowell will sponsor a skeet shoot Sunday afternoon at 3 o'clock at the Charlie Wishon ranch 1 1/2 miles west of Crowell.

Eligible Voters Urged to Cast Ballot August 24

Wheat producers who have planted more than 13.5 acres of wheat in at least one of the years 1959, 1960 or 1961 are eligible to vote in the August 24 referendum, except those who have a feed wheat exemption for the 1961 crop.

Secretary of Agriculture Orville Freeman has called for the widest possible participation in the referendum and has emphasized the importance of the determination that growers will make — whether or not marketing quotas will be effective on the 1962 wheat crop. A two-thirds majority of growers must approve before quotas go into effect. Approval of quotas will also make the new wheat stabilization program available to wheat producers.

The wheat stabilization program will set 1962 wheat acreage allotments by 10 per cent. If quotas are approved, cooperators will be eligible for the 1962 wheat price supports of \$2.00 a bushel. The present support level is \$1.79, which is 75 per cent of parity.

If quotas are not approved, there will be no limit on marketings, but support at 50 per cent of parity would be available to farmers who comply with their wheat acreage allotments.

Goal of the new program is to reduce government stocks of wheat — now near 1 1/2 billion bushels — by 100 million bushels. Estimated savings to taxpayers would be \$50 million the first crop year.

Farmers will vote at local polling places throughout the 39-state commercial wheat area. County Agricultural Stabilization and Conservation committees will have charge of the referendum locally. Producers desiring more information on the referendum are invited to call on this committee or local ASC office personnel. Local county agents can also supply detailed information.

EVANGELIST AND SINGER FOR UNION REVIVAL

ROBERT L. SUMNER
Evangelist

Music and messages that can save your life! This is the theme of a special 15-day series of services starting August 27 and ending September 10 at the Methodist Church. Evangelist Robert L. Sumner of Dallas will be the evangelist for the revival.

Formerly the associate editor, contributing editor of The Lord, the largest independent Christian weekly in the nation, the visiting speaker in churches he has engaged is an already well known minister in addition to his pulpits. In the majority of the nation's states, his radio addresses reach hundreds of foreign countries around the world.

Evangelist Sumner is the author of several large clothbound and numerous popular booklets on various themes which have had a combined circulation in excess of a third of a million copies. A review of one of his books, "Man Sent from God," by Dr. George S. Reuter, research director of the American Federation of Teachers, defining it as "one of the best sermons of this century," was in the Congressional Record. Senator John McClellan of Kansas. Other books written by Sumner have been chosen different times by various radio book clubs.

Revival Slated at Truscott Church

The revival meeting will begin at the Truscott Methodist Church at 8 p. m. and run through Sunday, August 27, it has been announced by the pastor, Rev. T. H. Taylor. LESLIE (BUD) LYLES
Song Leader

Leslie (Bud) Lyles will take part in services of the union revival at the Methodist Church Aug. 27-Sept. 10 at 7:30 each evening.

Mr. Lyles is heard regularly as announcer and soloist on the Voice of Revival, a nation-wide gospel broadcast conducted by Evangelist John R. Rice. Before his association with Dr. Rice, Mr. Lyles was active in youth work. Soon after his graduation from Bob Jones University in 1951, he took up duties as director of Christian service at a Bible Institute in New Jersey. He also taught speech subjects. Mr. Lyles appeared in many concerts throughout the Eastern states as soloist with the choral ensemble under the direction of John C. Hallett.

In 1957, Bud, as he is known to many friends, accepted a position as Bible Club and music director with Youth for Christ in a northern Illinois city. His work with the youth choir there brought him an invitation from the Greater Chicago Area Evangelical Free Churches to take part in their annual music retreat at Camp Wila-Bay, Wisconsin.

A winsome personality and a ready smile are assets which Mr. Lyles has found helpful as a song leader in churches, camps and evangelistic crusades in many areas. His rich baritone voice has been heard in solo interpretations of the grand old themes of the church, the pulsing Negro spirituals and tender, moving gospel songs all handled with equal facility.

Mr. Lyles is also a fervent preacher. His direct approach and scriptural answers to problems which young people face have made him a favorite speaker at youth rallies, camps and conferences and churches.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin, Tex.—Texas has crossed the great divide of controversy and entered the field of general sales taxation.

To the central collection point for the operation of the state's business, this means some \$320,000,000 in the next two-year period.

To the individual taxpayer, the cost is unknown, but educated guesses already are being made.

James McGrew, research director for the Texas Research League, has estimated it will cost the average Texas family \$25 to \$30 a year, "maybe less if they don't buy any furniture or home appliances."

With some exceptions, the general sales tax will be two percent on purchases of 25c or more.

Passage of the tax bill and the attending publicity caused many a man—and woman—on the street to suddenly realize that there already was a state sales tax on such things as cosmetics and appliances.

Actually, the sales tax bill was only part of the tax package handed down by the lawmakers. In addition to the \$320,000,000 estimated to come from this source, they passed a corporate franchise tax worth \$20,500,000. They increased drivers' license fees by \$7,250,000. They made a bookkeeping transfer of motor fuel tax funds totaling \$4,000,000. They also taxed dedicated gas reserves \$3,330,000. And they passed a bill designed to bring in some \$3,000,000 from abandoned prop-

erty.

In addition, the Legislature previously had passed a tax on private clubs, calculated to raise some \$4,000,000.

Roughly, it is figured that all these things will cover the state's needs for the next two-year period, and provide for a school teachers' pay raise of \$810 per year.

ESCHEAT BILL OMITTS BANKS—Gov. Price Daniel won a partial victory in his long fight to tighten the state's escheat law. It's the law under which abandoned cash and property held by private business and industry is supposed to revert to the state.

After several attempts the Legislature passed a bill requiring institutions holding such property to report it to the state. Banks, however, were exempt from the provisions of the bill, much to the dismay of Governor Daniel.

"With everyone else covered," he said, "the banks cannot hold out much longer. The enforcement procedures should include banks and I shall continue to fight for this, both as a principle and as a means for the state to obtain property it already owns under the present escheat law."

PROBLEM AT GATESVILLE—Recent breaks at the Gatesville School for Boys, and the death of an attendant beaten with a baseball bat, have focused attention on that institution which is without walls or barricades of any kind.

A delegation of attendants came to Austin, talked with Governor Daniel and complained that measures which they are allowed to take are too indefinite. They said no attendant is allowed to "discipline" inmates of the school. Sometimes the boys will mind and sometimes they will not.

Dr. James A. (Jack) Turman, executive director of the Texas Youth Council, told the men that changes were being made which would help. A maximum security unit is being built, a trade school is under contract, and a double maximum security fence is in the works for the worst offenders.

LEGISLATIVE COUNCIL SWAMPED—The Texas Legislative Council has been requested by the Legislature to look into a host of things which may require new laws.

One request asks a study of the adequacy of the present cattle brand inspection laws. It was pointed out that Texas, unlike many other western states, has no state-wide brand registration system, relying on county by county registration which permits duplication of brands.

TLC also has been asked to look into the problem of job discrimination because of age; problems of urban mass transportation; and the feasibility of using state

parks as evacuation centers in the event of enemy attack.

HOUSE STREAMLINES—The House of Representatives has voted to do away with more than a third of its committees in order to streamline its operations.

House's 43 committees will be reduced in the 1963 session to 25 by combining several groups. Seniority would determine the membership of one-fourth of each committee.

TEXAS BUSINESS GOOD—Business activity in Texas dropped three per cent in June, from an all-time high in May, reports the UT Bureau of Business Research. But it still was seven per cent above the level of one year ago.

June activity also was the second highest for any month since the bureau began computing in 1935.

Prospects are fine for good business conditions to extend well into 1962. This partially as a result of the expanded arms program, resulting from the Berlin situation.

However, the agency said there is a possibility of inflation plaguing the economy again.

STATE GUARD STRENGTH REPORTED—With the possibility of calling up the National Guard for active duty, Adjutant General James E. Taylor has been furnished a report on the active strength of the Texas State Guard—1,104 officers and enlisted men in active reserve units, and 218 officers in the ready reserve un-

assigned.

Corps has a total authorized strength of 10,000, when mobilized to full table of organization. All officers and men in this service serve without compensation and provide their own uniforms.

The State Guard is subject to being called by the Governor for internal security service.

INSURANCE BOARD MEMBER RESIGNS—Dr. Robert W. Strain has resigned as a member of the State Board of Insurance. He is to become executive secretary of the National Association of Insurance Agents. With 100,000 members it is one of the largest trade organizations in the country.

Governor Daniel said of Strain's work on the board: "Dr. Strain's term on the board has been marked by fine progress in the administration of the insurance laws, and he has made lasting contributions to the State of Texas in this field. He has served with distinction and great ability in a highly important position."

Strain joined the board in March of 1958. Formerly he was an associate professor of insurance at the University of Texas.

COLLEGIANS URGED TO STAY WITH IT—Colonel Morris Schwarz, State Director of Selective Service, has advised college students to stay with their studies and not be disturbed by increased draft calls.

He predicted no change in the present policy of not drafting anyone under the age of 22, "at least in the foreseeable future," and said college students will be considered for scholastic deferment and likely will be deferred if they are full-time students making passing grades.

He reported Texas draft boards currently have more than 8,000 college students deferred on the basis of education.

Two Minutes With the Bible

The Love of God

Millions of people—even religious people—are afraid of God and are struggling to earn His favor. They suppose that salvation is the reward of showing enough love to Him.

If only they would believe what God Himself says: that if we ever saved it will be entirely because He loved us and graciously provided for our salvation.

The Apostle Paul, in the Bible, called God "The God of Love" (II Cor. 13:11) and John declared that "God is love" (I John 4:8). Thus John goes on to say:

"Herein is love, not that we loved God, but that He loved us and sent His Son to be the propitiation for our sins" (I John 4:10).

This is why salvation is so often called a "gift" in the Bible. It is the expression of God's love to sinners. And so St. Paul tells us:

"(We) were by nature the children of wrath, even as others, but God who is rich in mercy, for His great love wherewith He loved us, even when we were dead in sins, hath quickened us together with Christ. By grace ye are saved" (Eph. 2:3-5).

... after that the kindness and love of God our Saviour toward man appeared, not by works of righteousness which we have done, but according to His mercy He saved us ... (Tit. 3:4, 5).

Does all this mean that God overlooks sin or condones it? By no means! In His love He paid for our sins on Calvary's cross "that He might be just and the Justifier of him that believeth in Jesus" (Rom. 3:26). This is why we read in Rom. 5:8:

"... God commendeth His love toward us, in that while we were yet sinners Christ died for us."

Some Questions And Answers on New Sales Tax

Questions from a Consumer

When does the tax go into effect? September 1, 1961.

How much will this new sales tax cost me? That will depend on how much you earn, how much you spend of what you earn and how you spend it. You may pay substantially more one year than you do the next because you happen to buy furniture or some other major item of taxable merchandise one year and not the next.

On the average, however, the American people spend about 24 per cent of their total income on items subject to this tax. This means that a man with an income of \$5,000 a year will spend about \$1,200 on taxable goods and will pay an annual sales tax of about \$24.00.

What are the main things on which I will pay the sales tax? Furniture, household and kitchen appliances, most clothing, household supplies, toys, restaurant meals and electric and gas utility services.

What are the main things on which I will not pay the sales tax? Groceries, housing (whether you own or rent), medical and dental expenses, insurance, telephone service, your car and the gasoline you buy to run it.

Why won't the tax apply to a car? Because motor vehicles have been subject to a selective sales tax in Texas since 1941. That tax is now at the rate of 1 1/2 per cent and will not be increased by the new sales tax bill. Because the state already levies taxes on such things as cigarettes, gasoline and beer, they too will be exempt from the new sales tax.

What about a television set which is already subject to a state tax? The new sales tax will apply to television sets, but the old state tax has been repealed. Actually the tax on television sets, radios, and air conditioners is reduced from 3 to 2 per cent by the new tax bill. The tax on cosmetics is reduced from 2.2 to 2 per cent.

How will I pay the tax? When you buy something that is taxable, the retailer will add the tax to the purchase price. He will determine the correct tax by applying a tax "bracket" stated in the

law. For example, purchases under 25c will not be taxed. If the price is between 25c and 74c you will pay a tax of one penny; the tax will be two cents on items costing from 75c to \$1.24, and so on. Over the long haul, this bracket system is designed to average out to a 2 per cent tax on what you buy, and it enables the retailer to collect the tax without the nuisance of stamps or tokens.

Can I get credit for this tax when I pay my Federal income tax? Yes, this tax is levied on the consumer. Probably the Internal Revenue Service will shortly issue a special bulletin which will provide an easy way to determine how much of a deduction you may take. IRS has done this for all other sales tax states. Of course, you can always keep your own records and use them instead of the standard IRS deduction.

Questions from Retailers

Won't this be difficult for me to collect? Collection of the new tax will impose some additional responsibilities on you and your employees, but similar duties are being handled with no great difficulty by 1,200,000 other retailers in the 35 sales tax states. Most retailers, including grocery stores, are already collecting some state and federal excise taxes and have some experience on which to rely.

How will I collect this tax? By a prescribed bracket system which will tell you how much tax to add to any given sale. Briefly you will not collect a tax if the sale is less than 25c; if it is between 25c and 74c you will collect one penny tax; if it is between 75c and \$1.24 you will collect two pennies and so forth.

Will I have to keep track of the pennies I collect? No. You will pay the state a flat 2 per cent of your taxable sales. A test run in one large Texas department store indicated that the bracket would actually produce 2.02 per cent. In other cases it might be slightly less, but the vendor discount system will insure that you do not lose money.

What is the vendor discount system? If you pay the state the tax due on your taxable sales within the time it is due—that is before the last day of January, April, July and October, you will be permitted to keep 1 per cent

of the tax due to compensate you for your time and trouble and to make sure that the bracket system hasn't cheated you. If you will estimate your tax and pay it early, then the state will permit you to keep 3 per cent of the tax due. A warning is necessary, however: If you do not pay the tax when it is due, you lose all discounts and you will have to pay at least a 5 per cent penalty, and the longer you delay, the higher the penalty will grow.

Just how do I get the 3 per cent discount? By the middle of the second month of the quarter, you must estimate and pay a tax for the entire quarter. Let us take an example: You estimate that you will sell \$100,000 worth of taxable goods during January, February and March. Before Feb. 15, you file an estimated tax return with the Comptroller and send him a check for \$1,940—\$2,000 estimated tax less 3 per cent discount. Then in April you will file an amended or final return. If it shows that you actually owed the state a tax of \$2,100, you would remit an additional \$99.00—the amount due the state less the normal 1 per cent discount to which you are entitled on taxes remitted at the proper time.

Why was this pre-payment plan put in the law? Because in the first year of the new tax there will be a collection lag. This device, it is estimated, will reduce the amount of collection lag by about \$19 million. In effect, the pre-payment plan reduced the tax needs of the state by \$19 million.

What kind of a form will I file with the state? The comptroller will devise a form in the very near future. It will probably be simple enough to fit on an IBM card.

Do I have to get a license from the state? Yes, but there is no charge for this permit. If you now pay the state store tax you will automatically receive an application for a sales tax permit.

Do I have to buy a special cash register that keeps track of exempt and taxable sales? Not unless you wish to do so. The comptroller will work out some reasonable and simple methods of enabling you to separate taxable and non-taxable sales. Doubtless he will consult with your trade association as well as with tax administrators in other states in de-

The party line golden rule

People on telephone party lines have a daily opportunity to practice the principle of the golden rule.

Sometimes, when you pick up the receiver, you expect the party line to be in use. But your call is delayed only when the party line is tied up for an excessive length of time.

So the best rule for party line users is the golden rule. To put it simply "Do unto your party line neighbor as you would have your party line neighbor do unto you."

Bell of Vernon and the granddaughter of Mr. and Mrs. Arthur Bell of Margaret. The groom is the son of Mrs. Gene Pavlicek and the late Garner Samuel.

Rev. Truman Boyd, former pastor of the Margaret Baptist Church, performed the wedding ceremony.

The bride was given in marriage by her father. She wore a white embossed cotton sheath. Her veil was shoulder length of silk net attached to a satin covered coil. Her bouquet was centered with white gardenias surrounded with agapantha atop a white Bible.

Miss Carolyn Bell, sister of the bride, was maid of honor. She wore a full skirted blue embossed cotton dress with matching hat. Best man was Bobby Joel Earthman.

A reception was held following the ceremony. Miss Daisy Pollock registered the guests. Miss Marcella Graf and Miss Diane Richardson attended the punch service at the table covered with a white lace cloth over blue. White gladioli and greenery decorated the house.

The bride is a student at Vernon High School where she has been a majorette for the past two years.

The groom was graduated from Vernon High School in May. He is presently attending Vernon's School of Beauty Culture in Fort Worth where the couple will make their home.

Out of town guests included Mr. and Mrs. D. M. Prescott and Jimmy Boren of Wichita Falls, Sandra Broderick of Laredo, and Mr. and Mrs. Arthur Bell of Margaret.

Changes Explained In Social Security

There was one recent change in the social security law that, while minor, directly or indirectly affects everybody under 72 receiving old-age or survivors insurance benefits. This was a change in the so-called "retirement test."

Under the old law, a person could earn \$1200 and receive all of his monthly social security benefits. \$1 in benefits was withheld, however, for each \$2 he earned from \$1200 to \$1500, and \$1 for

each \$1 earned over \$1500. Under the new law, only \$1 is withheld for each \$2 earned from \$1200 to \$1700 with an additional dollar withheld for each dollar earned over \$1700.

This means that under the new law a person eligible for social security benefits may earn up to \$1700 and receive more in total earnings and benefits than under the old law. Of course, for each \$1 earned over \$1700, \$1 is withheld in benefits.

An important part of this change, too, is that it applies to earnings for this year. People who are receiving benefits and earning \$1500 or more may get more information about this by inquiring at the Wichita Falls social security office.

There is no change in the provision that, regardless of how much a beneficiary earns in a year, he will get a benefit check for any month in which he is over 72, or in which he neither earns more than \$100 in wages nor performs substantial services in self-employment.

Crowell Chapter No. 916, Order of the Eastern Star, observed its annual Robert Morris program at

a stated meeting on August 8 at the Masonic hall. Mrs. Alyce Graham, worthy matron, and W. R. Moore, worthy patron, presided.

Mrs. Graham conducted a quiz on the founder of the Order. Those participating were Mrs. Bernice Carroll, Pearl Moore, Cornelia McDaniel, Cressie Erwin, Marilyn Brown, Joyce McGinnis and Miss Lottie Russell. Mrs. Graham then read an appreciation poem. Mrs. Agnes Dunn and Vera Thomas sang "Whispering Hope."

Mmes. Thomas and Graham served refreshments in the banquet room to the members and guests.
