A. Girls of Crowell High School Working on Summer Projects

Ruth Kenner, home economics teacher in Crowell High School, says girls in her classes are doing a great deal of work in her courses during the month of June, with thirty girls enrolled for this work. Kenner had the following about her students:

Projects from Nancy Archer, Bowder, Beverlie Gray, Judith, Terri Thomas and Wilton have been received. The girls have really been working hard.

Paula Sparks is re-doing a table to go in the living room of their new home.

These girls are making their summer time count. They will receive a half credit when projects are finished.

The following girls will be sending in a report soon: Carolyn Akers, Jeanette Bolibruch, Pat Brown, Patricia Cates, Rhetta Cates, Marjorie Denton, Carria Driver, Carolyn Hickman, Judy Howard, Nancy McCurley, Lynda Mechell, Catharine Pittillo, Ruth Sanders, Beverly Thompson and Yvonne Wheeler.

The annual Boren reunion was held at the Beaver County Free Fair building in Beaver, Okla., July 1 and 2 with Mr. and Mrs. Tom Boren as hosts.

Ottinger and children, Vicki, Linda and Mabel, Mr. and Mrs. Jesse Cunningham and children, Mike and Linda, Oklahoma City; Mr. and Mrs. Judson Rhoads, Portales, N. M.; Mr. and Mrs. Ernest Boren, Crowell; Mr. and Mrs. David Boren and son, D. J., and Miss Johnnie Ownbey, Stinnett; Mr. and Mrs. Leon Grist and children, Gary, Marsha and Kim, Shellytown.

Mrs. Charles Adamson and children, Lela, Arlene, Barbara and Terry, Graham; Mr. and Mrs. Melvin Copenhaven, Meade, Kansas; Mr. and Mrs. Earl Boren and grandchildren, Teddie and Robin, Mrs. Marilyn Proctor and children, Kevan and Linda, Ashland, Kansas; Julia Hurt, Woodward, Okla.; Mr. and Mrs. Roy Cunningham, Beaver, Okla.; and Mr. and Mrs. LaVerne Davis, Boyd, Okla.

Next year the reunion will be held with Mr. and Mrs. Tom Boren, Delta, Colorado.

Gordon Cooper Family Has Reunion Here During Week End

Mr. and Mrs. Gordon Cooper had a family reunion with their five children and their families over the July 4 week end.

Present for the occasion were Paul Cooper of Fort Worth; Rev. and Mrs. Bob Cooper and three sons, Glen, Gary and Gordon Burns, of Kingsville; Mr. and Mrs. James M. Cooper and sons, James M. Jr. and John Matthew, of Fort Worth; Mr. and Mrs. Roy Bassett of Perryton; and Captain and Mrs. B. C. Cooper and two daughters, Mary Anne and Carolyn Elizabeth, who have returned from a three-year stay in Westphalia, Germany; and also Mr. Cooper's sister, Mrs. Sewell Roy, and husband of Amarillo.

Captain Cooper's next assignment will be in the Pentagon in Washington, D. C.

Wins Trophy at Twirling Contest July 24 in Tulsa, Okla.

Miss Faucine Fairchild attended the annual National Baton Twirling Association contest on July 24. The contest was held in Tulsa, Okla., and six states—Texas, Oklahoma, Illinois, Kansas, Mississippi and Missouri—were represented.

Miss Fairchild was presented the first place trophy as "Miss Oil Queen Personality Majorette." She also was awarded fourth place medal on her twirling solo.

Miss Fairchild is the daughter of Mr. and Mrs. J. B. Fairchild. She will be a junior next year in Crowell High School.

Foard County Mill Strengthens Hold On First Place in Little League Play

Last week's Little League activity saw Foard County Mill strengthen its hold on first place, and V. F. W. once again broke into the win column.

On Tuesday night the Foard County Mill team defeated the second place Farmers Elevator by a score of 16 to 4. Danny Walling gave the Farmers 2 runs, 2 hits and 2 walks, and Joe Mike Fish gave up 2 runs, 1 hit and 3 walks, while they and their teammates were getting 16 runs on 9 hits and 5 walks. This game saw Joe Mike Fish hit 4 for 4 to help his own cause, and Randy Smith hit 3 for 4 including 1 home run. Jackie Eddy and Larry McBeath also got one hit each.

Also on Tuesday night, in one of the highest scoring contests of the year, the VFW Vets defeated the Rotary Braves by the score of 21 to 19. Three hits out of 4 trips to the plate by Randy Simmons, 2 for 3 by Gary James, and 2 for 4 by Steve Weathered set the pace for the Vets. One hit each by Ike Everson, Don Bill

Statter, Doyle Goodwin and Rudy Magee also helped earn the victory.

The Rotary side of the score board shows Steve Bell and Joe Ray Burkett with 2 hits for 3 at bat, and 1 hit each for Davis Barrera, Lanny Hubble, Pete Matthews and Bobby Barrera.

Thursday night action saw the Foard County Mill go further out in front by once again defeating the Farmers Elevator, this time by the score of 7 to 6. Joe Mike Fish once again led the hitting for the Millers by getting 2 safeties in 4 appearances. One hit each was registered by Jackie Eddy, Larry McBeath, Gary Tole, Danny Walling, Randy Smith, Larry Hughston, Harvey Ward and Carl Chapell.

For the Farmers Elevator, Don Ray Borchardt got 2 for 3 and Ronny Evanson, Danny Gobin and Lee Looney got one each with the hit by Gobin going over the fence for his second home run of the year.

In the night cap, Rotary evened the series with VFW by defeating them 12 to 6. Mike Nichols pitched the entire game for Rotary and in so doing chalked up his fourth win of the season. The record books show one hit each for Davis Barrera, Lanny Hubble, Mike Nichols, Bob Shirley and Bobby Barrera.

The VFW got 6 hits along with their 6 runs, Doyle Goodwin leading the way with 2 for 3. One hit each was racked up by Steve Weathered, Randy Simmons, Don Bill Statter and Gary James.

Activity for the week of July 3-9 will see VFW meet Foard County Mill and Rotary contesting Farmers Elevator.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin, Tex.—Texas' tax debate continues! Not as lively now as during the legislative session—but many voices are being heard. It's sort of a "speak now or forever hold your peace" period. Some type of tax bill, undoubtedly the biggest in Texas history, will have to be passed in July or August, and those with something to say are rushing to get in their licks.

Legislators report that the small scale "great debate" is proving very helpful in stirring up opinions from previously silent constituents. They're hoping to discover enough home district reaction to guide them to a swift, sure solution when they return for the special session July 10.

Eight Central Texas lawmakers, in a reply to Gov. Price Daniel's report to the people, say that raising \$341,000,000 in new revenue will require a "broad coverage tax."

Although five of the eight voted with the governor during the session, several objected to a "hit and miss" tax approach.

Some say that people in their districts object to selective taxes on grounds that "it's not fair to tax my product and not my neighbor's."

IN THE WIND—A number of new approaches to tax plans already battled around during the regular session are being worked on by lawmakers during this interim. Among plans being considered are these:

1. By Rep. Charles N. Wilson of Trinity (sponsor of the 2 per

cent sales tax passed by the House last session)—a new sales tax that would be linked, Siamese-twin fashion, with a corporation income tax.

2. By Rep. George T. Hinson of Mineola (a frequent sponsor of legislation favored by the governor)—a 2 per cent tax on everything selling for \$5.00 or more, with the usual food and drug exemptions.

3. By Rep. Ben Atwell of Dallas—selective excise taxes of 2 per cent on a long list of items, but generally exempting the bed rock necessities of life.

NEW COMMITTEE AT WORK—Governor Daniel's new tax study committee, made up mostly of the board chairmen for various state agencies, got off to a diplomatic, soft-footed start.

Several lawmakers took a dim view of having "another study group," recalling that the last one had come up with a payroll tax plan that never caught fire. Texas voters, they pointed out, selected their legislators to write the tax laws and will hold the legislators responsible for the outcome.

Members of the committee made it clear that they don't intend to dictate to the Legislature. But they do hope to be able to indicate some possible paths of compromise among the various plans for which the legislators have shown favor.

DOWN THE DRAIN—Some legislators are fretting over the loss in state revenue resulting

from the Legislature's failure to pass a tax plan during the regular session.

Here is the way they see it:

1. Bills passed by a simple majority vote take effect 90 days after the close of the session. If a tax bill had been passed in the regular session, it would have taken effect the last of August and money from it would be accruing September 1 when the new fiscal year begins.
2. If a bill is passed by a simple majority in the special session—say about August 10—it will not take effect until November 10.
3. A \$340,000,000 tax bill covering the 24-month period would raise money at the rate of about \$14,000,000 a month. But between September 1 and November 10, nothing would come in from the new bill. This waiting period of two months would mean the loss of some \$35,000,000 in state revenue which would have been raised if the same bill had been passed earlier.

Question that immediately rises is: Can the Legislature pass a tax bill by a two-thirds vote of both houses so that it will go into effect immediately (As done in 1959).

Today legislators are dubious. As the new tax bill is expected to affect more items, many legislators feel that it would be unfair to expect businessmen and storekeepers to get ready overnight to charge all sorts of new taxes.

NEW WORLDS TO CONQUER—With the election of John Tower as U. S. Senator, exultant leaders of the Texas Republican Party feel they have a foot solidly in the door.

Beyond the door, that they hope to swing wide, is a two-party Texas with the GOP sharing political power in Texas on a roughly equal basis.

New goals are being carefully considered. All but one (Travis) of Texas' big metropolitan counties went for Tower, as well as large sections of West Texas. In these areas, except where a very popular Democrat is entrenched, the Republicans can be expected to bid for places in Congress, the Legislature and even county jobs.

First test is due in Bexar County where Congressman Paul Kilday is due to resign to become judge of the Court of Military Appeals. Bexar County went for Tower last month.

Under the present law, Kilday's successor will be determined in a one-shot, high-man-wins, special election, probably next fall. There is some talk of trying to get the Legislature, during its special session, to pass a law which would require a run-off in special congressional elections. This would reduce Republican chances.

CONTEMPT OF COURT—Court of Criminal Appeals ruled that a person cannot be held in contempt of court for an act committed outside the court room.

In the case in point, a district judge had held a man in contempt of court for assaulting him (the judge) at a filling station. Judge sentenced his assailant to 72 hours imprisonment and a \$100 fine.

Nope, said the appeals court. Contempt of court has to take place in the court room.

Interesting Facts
Did you know the bathtub was invented in 1850, and did you also know the telephone was invented in 1875? This probably doesn't mean much to you, but just think, if you were living in 1850, you could have sat in the bathtub for 25 years without the darn phone ringing—Santa Fe Magazine.

Exists 'Rift' Which Communists Are Exploiting

A warning from J. Edgar Hoover of the FBI: "There is a rift in our land and a vital rift—the communists are exploiting it. Unfortunately, this involves many people across the country engage in reckless charges against one another. The label of 'unist' is too often indiscriminately attached to those whose views differ from the majority. Those whose lives are not led up to what one segment of society might decree to be the 'right' are too frequently charged 'Reds.' Attributing even a tinge of communism is not only irrational, but contributes to hysteria and fosters great fears."

Employ 800,000

Railroads had nearly 800,000 employees in 1943, the nation's freight in times, and much more in 1944—for example, 51 per cent of 1943. They directly employ 800,000 people, and provide direct employment for another 100,000 through the 123,000 they spend for material supplies annually. Their income comes to nearly \$1 billion.

WOMACKS

ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

No other wagon can match Ford's features (or popularity!)

Ford wagons have features that only America's station wagon specialists can bring you. There's more room. Ford's extended load deck is the longest and widest in its field. There's more convenience. You can have a power-operated roll-down rear window in any Ford wagon. There's more distinction. The Country Squire (above) is the only wagon in its field with body panels that look like mahogany, wear like steel.

There are more savings. Ford's Ranch Wagon is America's lowest priced,* full-size wagon. And like all Ford, every Ford wagon is built to be more service-free, give 30,000 miles between chassis lubrications, 4,000 miles between oil changes. Stop waiting for that wagon you've always wanted. Swap for a '61 Ford wagon now! Save for a '61 Ford, the wagon America loves most!

Symptom of International Friction

Senator Barry Goldwater writes in National Review: "Armament races throughout history have always been a symptom of international friction—not a cause of it. Friction does not disappear by rival nations suddenly deciding to turn their swords into plowshares. No nation in its right mind will give up the means of defending itself without first making sure that hostile powers are no longer in a position to threaten it. The Communist leaders are, of course, in their right minds. They may preach general disarmament for propaganda purposes. They may also seriously promote mutual disarmament in certain weapons in the knowledge that their superior strength in other

weapons would leave them, on balance, decisively stronger than the West. . . . If all nuclear weapons suddenly ceased to exist, much of the world would immediately be laid open to conquest by the masses of Russian and Chinese manpower."

Americans to Spend More on Centennial Than on Civil War

According to Newsweek, Americans will spend more money on or because of the four-year Civil War centennial than the \$9 billion the North and South spent to fight the war itself. Advertisers are finding Civil War "tie-ins" for everything from frozen foods to jet planes as the centennial, with malice toward none and souvenirs for all, nears its shooting star. The first official shots will be commemorated in Charleston on April 12 with a 15-minute holocaust over and around Fort Sumter.

The area of Texas is one-eighth of the entire United States.

Uncle Sam guarantees almost double your money back

When you hold U.S. Savings Bonds 17 years, 9 months

U.S. Savings Bonds keep on growing after regular maturity. In fact, a \$25 Bond will pay you \$36.25 at the end of 17 years, 9 months. The cost to you—\$18.75.

The reason is an extra 10-year earning period. It means you can set up an attractive plan for extra income or retirement. And you can do it for just pennies a day.

Other nice features about U.S. Bonds: you can buy them on the Payroll Savings Plan. Your Bonds are replaced free if stolen or destroyed. And every Bond is a share in a stronger America.

Doesn't this sound like a good way to save for your goals?

From the News THIRTY YEARS AGO

News items below were taken from the Friday, July 3, 1931, issue of The Foard County News:

The soldier and sailor statues that were ordered for the purpose of placing them on the concrete pedestals, where the German cannon is now located on the court house lawn, have arrived and the doughboy statue has already been paid for and has been removed from the depot.

Up to Thursday afternoon, a total of slightly more than 625,000 bushels of wheat had been brought to the 6 grain elevators of Foard County.

Jackrabbits have been doing considerable damage in most every section of Foard County. One of the principal reasons given for this damage is because the dry weather has killed all the green vegetation in the pastures and field crops offer the only source of food for the rabbits.

L. V. Robertson, former Crowell photographer, came in from South Texas Monday for a short visit here.

Howard Benham, assisted by his sister, Mrs. Hubert Brown, entertained the Epworth League at the home of the latter with a delightful picnic on Tuesday evening.

There will be more stubble land terraced this year in Foard County than ever before, according to Fred Rennels, county agent.

In a wedding at the home of Rev. B. J. Osborn, pastor of the Crowell Methodist Church, on Saturday, June 27, Miss Ruby Cox became the wife of Rex Traweck. The young couple are making their home west of Truscott.

Mrs. Eb Scales is getting along nicely in the Crowell hospital following an operation Sunday.

Eli Smith was installed as president of the Crowell Rotary Club at the Wednesday noon luncheon.

The Truscott Eidel Weis Bridge Club had its regular meeting last Thursday morning. The Truscott Jolly Eight Bridge Club met on Thursday also.

The Margaret 4-H Club met June 26 at the school house with 9 members and Miss Hale present. We elected Miss Mattie Russell as our sponsor and Juanita Boman reporter.

Mrs. Arthur McMillan was hostess to a large number of little girls and boys last Saturday afternoon at a party in honor of the fifth birthday of her little daughter, Mary Katherine.

Mrs. J. R. Beverly was hostess to two delightful forty-two parties last Friday in her home.

Far Different From a Pension

In discussing the proposal to provide government medical services to persons drawing social security benefits, the Toledo (Ohio) Times observes: "This is a far different kind of thing than a pension. If workers are to be taxed regardless of health insurance, why can't they be taxed for housing insurance? Certainly the guarantee of a place to live is just as important as paying the doctor. How about another quarter of one per cent to guarantee 'grocery care'? Some oldsters get involved in litigation. Who's going to pay the lawyer?"

"The point is that freedom of choice about personal matters is basic to our democracy. Heaven knows that freedom is being eroded enough by unavoidable circumstances; there is no reason to erode it unnecessarily."

Uncle Sam Owns Property Valued at Record \$276 Billion

Tax Foundations, Inc., says that the federal government's worldwide real and personal property assets rose to a record \$276 billion in fiscal 1960, and Uncle Sam

Attitude Called Principal Cause of All Traffic Accidents

A Texas Department of Public Safety spokesman has suggested that Texas citizens might better their traffic safety records by concentrating on the principal cause of all traffic accidents—attitude.

Major Harry Hutchison, regional commander of the DPS, said that "There is no single cause to which all accidents, even preventable accidents, can be charged." He noted, however, "that there is general agreement that the great majority of such accidents are traceable to the attitude of those involved." In citing examples of poor driving attitude, Major Hutchison mentioned "The speeder who says I am a good enough driver to handle the car doing 90; the elbow bender who says I'm not too drunk to drive home; the businessman who piles along in his car preoccupied by office problems; the lady who thinks she can drive and still inventory show windows, and the adolescent who defies the challenge of being chicken."

paid a rental charge of \$174.3 million in that year.

My Ring an Advertisement?

Yes, a Ring on third finger left sparkles: "I'm spoken for!" ... And for Him it may say or ADVERTISE: "My man is important. He can afford better things."

We ALL Advertise, whether we use a newspaper ad such as this or a mink stole. Everything we buy ... the place we live ... the car we drive ... the clothes we wear ... the organizations we belong to ... all ADVERTISE us.

Good, bad or indifferent, everybody Advertises — Doctor, Lawyer, Merchant, Chief — even the Politician, who depends on publicity to put over his causes.

The American way is to share the Plenty which ethical Advertising helps create with mass production and employment.

Do we want to "kill the goose" of Advertising and share the Poverty as we goose step under burdens that alone are allowed to Advertise for their perpetuation?

Arrangements of white stock and gladioli were placed on the altar, flanked on either side by seven-branched candelabra holding white cathedral candles. Pedestal arrangements of white gladioli, white stock and white columbine leaves, were used in front of the pit and lectern.

Traditional wedding selections were provided by Mrs. J. J. Slaughter, organist.

The bride, presented in marriage by her father, was attired in a gown of white peau de soie, fashioned with a decollete neckline. The three-quarter length sleeves were complemented by wrist length white kid gloves. Hand run Alencon lace appliques marked the empire bodice, terminating in back by a swag and wide streamer extending the length of the princess paneled waltz length skirt. Her veil of imported white silk illusion extended in misty tiers to shoulder length from a crown fashioned of white peau de soie enhanced by a small flat bow. She carried a single white orchid with trailing Stephanotis and white satin streamers tied in love knots.

Serving the bride as maid of honor was Miss Betsy Ferguson of Seymour. She wore a pink oryxana frock and carried a nosegay of pink sweetheart roses.

Stanley Sisson of Denton served as best man. Ushers were Robert Davis, brother of the bride, and Bill Billingsley of Greenville.

Following the wedding, the party of the bride were hosts for the reception held in the Forum Room of the Wilbarger Auditorium. The bride's table was covered with a white net cloth with garlands of smilax edging the table. It featured a silver and crystal spargue of soft pink stock, candy-tuff and pom poms, and a three-tiered white and pink wedding cake topped with pink satin bells. Silver appointments completed the arrangement. Serving as reception assistants were Mesdames Tom Davis of Vernon, Bob Davis of Del Rio, Agnes Muller of Dallas, and J. C. Davis of Austin, aunts of the bride, and Misses Shelley Davis, Kathy Muller, cousins of the bride, Roma Jan Spikes, Roxanna Adkins, Ann Myers of Dallas, Carolyn Bell, and Mesdames Robert Kincaid, Billy Scott of Clarksville, Mrs. Richard Miller, and Mrs. Richard Ferguson.

Following a wedding trip to points of interest in Colorado, Mr. and Mrs. Francis will establish residence at 1962 South Columbine, Denver, Colorado.

Mrs. Francis is a graduate of Crowell High School and has attended North Texas State University, Denton, for the past three years. She will complete her senior year at Denver University, Denver, Colo., where she is associated with Chi Omega Sorority.

Mr. Francis is a graduate of Longview High School, attended Baylor University and is a graduate of North Texas State University where he was a member of Kappa Sigma fraternity. He is now associated with Behr Manning Co. of Denver.

Other Courtesies Given

Continuing the series of pre-nuptial courtesies for Miss Davis was a dinner party honoring Miss Davis and her fiance on Tuesday evening at Dutch's Cafe in Quamab. Hosts for the affair were Mr. and Mrs. George Self and Mrs. Richard Miller.

The table featured three large bouquets fashioned as bride's bou-

quets. Made of pink asters, pom-pom mums and gypsophalia. Extending the length of the table on either side of this central arrangement were twelve glio lamps casting an iridescent glow. Decorative hand made place pink wedding bells. Pink Mossline napkins completed the decor.

The honored couple were presented with a piece of sterling silver.

After the dinner hour, the party was continued in the Self home with games of bridge. The guest list included twenty close friends of the couple.

Mr. and Mrs. J. H. Francis, parents of the groom, were hosts for the rehearsal dinner Thursday evening at the Hill Crest Country Club in Vernon honoring members of the wedding party, house party and family. Arrangements of flowers in the bride's chosen colors were used on the serving table.

Game Seasons Up for Setting By Commission
Hunting dates for the 1961 season will be set at the mid-summer meeting of the Game and Fish Commission in Austin July 7, according to H. D. Dodgen, executive secretary. General laws cover the white-tailed deer season in most of the Texas counties, opening the season from Nov. 10 to Dec. 31, inclusive. The general law (small season) is from Dec. 1 to Jan. 15, inclusive. However, with 120 counties now under regulatory authority, seasons with different dates may be set in many of those counties. The bag limit also will be affected, based on supply of game and the range conditions. One of the major items of discussion will be the possibility of a bag limit of three deer in some of the counties now overpopulated with game. This would be an extra doe permit, to be known as a "bonus" deer. The doe population has increased in many Edwards Plateau counties to a point beyond the carrying capacity of the land. The extra doe permit would be given in hopes of bringing about a balance, both of sex and range conditions. The 57th session of the Legislature added 16 new counties to regulatory control. Public hearings are in progress in these counties now, in an effort to develop local thinking concerning this fall's regulations.

Do Not Necessarily Want to Go to College
The assertion is often made that a third of our young people with above-average ability do not go to college, with the inference that all, or most of them should. The fact is that we have always had, and should continue to have, large numbers of men and women of above-average mentality in vocations which don't require a college degree. Educators have repeatedly indicated that the lack of desire to attend college and preference for immediate pursuit of some trade or technical vocation (or for marriage) accounts for the bulk of the quoted one-third of above-average youth not attending college.—Pecos, Texas, Independent.

LITTLE LEAGUE NEWS

By Bill Nichols
Foard County Little League President Marion Crowell has been on his vacation, and he has paid me the compliment of asking me to write this column for him. The 1961 Little League season is coming down to the wire with only two weeks of activity left. The managers will be casting their ballots for the All Star Team in the very near future, and I am sure all the 11 and 12 year olds will be anxiously awaiting the results to see who will be chosen.

to represent Crowell in the play-offs at Haskell. My opinion on the matter is of very little importance since I don't get to vote, but it seems to me that several of the positions are still very much in doubt, and these next two weeks could be mighty important in finding the right player to fill them. I would like to urge every boy in the league to put forth his last ounce of effort right down to the final out of the season. We would like to thank Mrs. Bud Myers, Mrs. Beatty Joe Eavenson and Mrs. Fay Stater for passing the hat at the games last week, and thanks also to all who contributed. Umpires who worked the games during the week were Baylor Weathered, Dayton Eversen, Glen Goodwin, James Welch, Jack Turner, Grady Graves, J. A. Bell, Buster Borchardt, Marcus Mills, Vernon Whatley, Gordon Wood Bell, Jack Carroll, Bud Myers and N. M. Barrein. Some statistics for the season thus far: Most at bats, Steve Weathered 50 and Don Ray Borchardt 48; most hits, Don Ray Borchardt 22 and Lee Looney 20; most runs, Lee Looney 27 and Gary Toie 27; most home runs, Lee Looney 7 and Danny Walling 4; most walks, Steve Gray 23, Ike Eversen 18 and Bob Bird 18. A big "thank you" should also go to Bud McLain for the very capable job he did in announcing the games while Marion was away.

THIS WEEK -In Washington

With Clinton Davidson
Senator George D. Aiken, a Vermont Republican, has been named a member of the Senate Committee on Agriculture and Forestry for almost twenty years, during several of which he was chairman. This typical Vermonter is a kindly, soft-spoken man who seldom is aroused to the flamboyant oratory that sometimes characterizes debate in the Senate of the United States. Other Senators respect his calm wisdom on farm matters. Not long ago, Sen. Aiken was discussing, and deploring, the lack of general understanding by city people of farmers, farm problems and farm programs. He especially resented talk of "abolishing" farm programs. "It is not the farmer so much as it is the public that would pay dearly if farm programs were abolished," he said. "Only the fact that some surpluses are produced holds retail prices for food as low as they are today. Even skyrocketing consumer prices."

Farm Prosperity Essential
"It is the economy of the United States," the Senator remarked, "the security of America and the preservation of our soil and water resources that necessitate the

operation of a basically sound and prosperous agriculture." When most people think of farmers at all, Sen. Aiken said, they think of the \$6 billion a year they're told farm programs cost; of the \$9 billion worth of surpluses held by the government, and of the taxes they pay to support that kind of a program. "Do the millions of mothers in our cities realize that the lunches their children receive at school are charged, in part to the farm program?" he asked. "Do our internationally-minded citizens know that, in the aggregate, billions of dollars worth of foreign aid programs and military assistance for other countries are paid for with agricultural commodities, the cost of which is charged to farm programs?"

Farmers Finance City Jobs
Does the merchant seaman realize that his job and part of his pay comes from our Department of Agriculture appropriation? Does anyone realize that part of the cost of milk and dairy products used to feed our armed forces is charged against the farm program? "Do those who are concerned with maintaining the soil and water resources of our nation realize that nearly all of the cost of the conservation work is charged against the farm program?"

Does the housewife realize that much of the research work done on the preparation and handling of food to assure purity and wholesomeness for her benefit is charged to farm appropriations? "The greatest stabilizing influence of the world's economy today is the agriculture of the United States," Sen. Aiken declared. "Take away our assurance of

ing rabble-rousers, of being non-progressive. They are accused of obstructing progress. They are. They are obstructing the progress of those who are stealing away our liberties, slowly fooling us into socialism, then communism. While the world around us wars, suffers and starves, the people of America are fighting among themselves. We need to get together. We need to forget petty jealousies, greed for profit and power, political advantages, and united, present a strong front to the dangers confronting us. We need an awakening to the independent, self-reliant spirit that built this country and made it great. And we need good men to lead us, strong, patriotic men, experienced men, wise in the ways of the world, men who can get us out of the mess we are in.—Scandal Sheet, Graham.

No Job for Boys
During the last few months the American people have become frightened. Communism, socialism, more inflation, threats of more taxes, more debts, more power in Washington, more regulation, more handouts at their expense, a slow but sure trend toward a complete loss of their liberties, coupled with blundering diplomacy, wrong guesses, inept statesmanship, an ever-growing, wasteful bureaucracy and encroaching bankruptcy caused a wave of fear to sweep the country. Groups and individuals arose to combat the danger, fighting for their liberty, their lives, for a free America. There was a surge of patriotism. Then the communists, the socialists, the crackpots, the one-worlders and their dupes sprang to the attack. Now we see attempts to discredit, to intimidate, and to penalize those who saw the danger and acted. They are accused of be-

Farmers' Net Income Drops to \$11.6 Billion

Nation's Agriculture, which published by The American Farm Bureau Federation, reports that in 1947 farm operators received a gross income of \$34.4 billion had operating expenses of \$22.8 billion, and realized a net income of \$11.6 billion. By 1960, net income rose to \$37.9 billion, production expenses had increased to \$26.3 billion, and, as a result of this inflation, net income dropped to \$11.6 billion. "The greatest stabilizing influence of the world's economy today is the agriculture of the United States," Sen. Aiken declared. "Take away our assurance of
