What Does Easter Mean to You?

The wonderful Easter season is here again; it is a time for joy and happiness. Many people think that teen agers have no serious thoughts. However, I am ready to disprove this belief. I asked several CHS students, "What does Easter mean to you?" and here

are the answers that I received. Carolyn Denton—To me, Easter means the time that our Lord rose from the dead. Although new clothes and a wonderful Easter service are nice, I like to put more emphasis upon Christ.

Don Welch—Easter, to me, is a warm, beautiful Sunday during which there is an inspirational religious service. It should be to display what we are—and not to show off what we wear.

Cecelia Drabek—Easter is a time to rejoice; for we commemorate the glorious resurrection of our Lord on Easter morning. Also, Easter brings out the bright new spring clothes and the Easter bunny, but this is just the way we Americans celebrate the true meaning of Easter.

Jo Carol Cooper—Easter is a season when man turns to God and begins to think more seriously about the reality of the spiritual.

United Youth to Meet

The United Youth of Crowell will meet Sunday at 8:30 p. m. at the First Christian Church. All the young people are urged to attend.

Student Council Meeting

The second Student Council meeting for the month of March was held on Monday, March 27, at 10:30 a. m.

The topic of discussion concerned the exchange program to be held April 13. Arrangements are being made in order to have the Knox City Stage Band to present an exchange program, then.

The treasurer reported that the Student Council has approximately \$200.00 in the bank.

Senior Personality

Paul Newman and Susan Hayward are this senior's favorites at the movies. He has brown hair, gray eyes, and a height of 6'. His favorite sport is football; his favorite singer is Connie Francis. Broiled steak and fried potatoes are the top foods in his book. "Get off my back" was the response when asked his favorite expression. Playing the guitar is the thing that he does in his pastime. Yes, his name is Mike Whitten. His parents, wife, and teachers have influenced him most in life. Some of the clubs that he belongs to are: Charlie Brown Combo, CHS Stage Band, and Spanish Club. While he was a member of the stage band, they won the showmanship award at Brownwood. Chemistry is his hardest subject; English IV is his easiest subject. "Someone who does things because somebody does it" was his reply when asked his pet peeve. After graduation, Mike plans to attend Central Technical Institute, Kansas City, Kansas, where he will be trained to be a junior engineer in electronics.

Typers and Writers Chosen for TIL Meet

Henry Black has chosen from his typing classes the students who

will compete in the typing division of the Interscholastic meet at Henrietta on April 7. Carria Driver, Alta Bartley and Jerry Tole are the students who were selected. Ronnie Bradford will be an alternate.

The two representatives of ready-writing will be Carole Fisch and Alta Bartley. These girls were selected on the basis of themes written by those who wished to enter this division. Miles Welch, Delton Brown and Carolee Oliphant also entered. The compositions were judged by several of the English teachers.

FFA Boys Attend Workshop

Eighteen V. A. boys, accompanied by their advisor, Mr. Myers, attended an electrical workshop Saturday, March 25, at Lake Pauline. West Texas Utilities was the sponsor, promoting the annual affair. The boys studied transportation of electricity, electric motors, water pumps, etc.

A very fine barbecue was served at lunch to a large group of V. A. students from this area. Incidentally, Crowell had the greatest representation.

Library Report

We have a new Reader's Digest of Condensed Books. There are five novels in one: The Lovely Ambition by Mary Ellen Chase; To Kill a Mockingbird, by Harper Lee; Village of Stars by Paul Stenton; Trustee from the Toolroom by Nevil Shute, and The Leopard by Giuseppe de Lampedusa.

To Kill a Mockingbird is not what one would imagine from reading the title. Take the enchantment of a small Southern town and a trial, with a man's life at stake; add the defense lawyer, Atticus Finch, a wise, lonely man trying to rear his children to live fearlessly and to deal fairly with their fellowmen; look at this through the eyes of his tomboyish daughter, Scout, and you have a novel of eerie suspense and sudden humor.

Try the Reader's Digest Condensed Books for a variety of reading entertainment!

Work, Work, Work

As we are desperate for some material for this issue of the Wildcat, we'll just bore you with what we're doing in English IV. Last week we received "scads" of material from the Extension Loan Library of the University of Texas to use as reference material for our research themes. We are required to have approximately fifty note cards, taken from a minimum of ten references. We also must have a detailed outline to accompany our 2,000 word theme which must contain numerous footnotes.

We are writing on varied subjects chosen according to our personal interests. Some of the general fields from which we are choosing our topics are religions of the world, Christianity and communism, inside Russia, radar, roots of happiness, solar energy, religion in everyday life, historic ships, famous bells of the world, our history in song, etc.

We know that the experience

Hits and Misses

Welcome! Here is the rip roaring news of this past week. It was a very "mixed up" time! Crowell has a new problem — "The Phantom." Wonder who or what it is.

Earlyn appears to be interested in a certain jacket with an "L" on it. Let's watch the outcome.

There are several couples who, after seeing the show Saturday night, went to try their luck at being "imposters." They are Gaye-Jim Mac, Vicki-Claude, Lynda-Bob, Carria-Ronnie, Carolyn-Bryant, Fauncy-"Chunk," Alta-Danny.

Wonder why Denny was so unhappy Sunday? He had a good looking girl and a good looking car (her's). It doesn't make sense.

Seen together Sunday night were James-Ruth, Jon Lee-Barbara, Ronnie-Carria.

Jo Wynn, whom do you dream about now? Cute, isn't he!

Beverly, why were you so embarrassed Saturday? Could a certain junior boy be the reason? What kind of dance did Guy Jr. and Wesley learn Saturday night? Seems as if Claudette and Jerry are pretty good teachers at a lot of things! Sounds interesting!

Elly is all for making telephone calls now days! We wish her lots of good luck. Especially in this undertaking!

Carolyn and Bryant were looking for the "Phantom" and boy, did they find it! They really did!

Well, that's all of the gossip. If you hear anything that sounds as if it should go in the scandal, just drop it into locker 59. See ya' around. Over and out!

Related to Parable
 "Freedom of opportunity is related in one of the parables of the Bible. You will remember the parable of the talents, where three men were given one, two and five talents. The man who had one talent buried his, but the other two worked hard and increased their holding two-fold. —Marion, Iowa, Sentinel.

Play It Safe

Never go out in a boat without a lifebelt or at least a life-saving cushion handy.

This applies especially to canoes because of their easy-to-tip-over habit. And in canoeing, always wear the lifebelt.

No matter how well you can swim, wet clothes and wet shoes can pull you under should your craft capsize.

Warning Bells

A turkey bell rigged on the shore line, dangling from your trotline, will save many trips running hooks. The bell will ring when your bait is tampered with. No ring, no rebaiting.

TEXAS PRESS ASSOCIATION

Austin, Tex. — Texas Senate demonstrated its faith in the full bill without having the money to meet the obligations.

It calls for spending \$2,496,685 during the next two years. It does not include together pay raises or medical care for the aged. Senators agreed that they needed to know how much new money could be raised before making decisions on these.

The measure calls for spending \$376,000,000 from the already-overdrawn general revenue fund. That's \$103,000,000 more than the comptrollers' estimate of general fund revenue for the next two years. This \$103,000,000, plus a deficit that is expected to be about \$63,000,000 at the end of this biennium, adds up to \$166,000,000 in new revenue that would be needed to pay the Senate appropriation bill into effect, as it is now.

PANEL OKAYS TEACHER RAISE—Senate Education Committee approved the Hale-Aikin improvement program which includes an across-the-board \$800 a year raise for public school teachers.

Sen. A. M. Aikin Jr. of Paris, sponsor, said he would not ask for floor passage of the school measure until the general appropriations bill has been passed as well as a tax bill that would provide money for it.

Hale-Aikin program would cost the state about \$72,000,000 a year and local districts about \$18,000,000 a year. It would set the minimum salary for beginning teachers with bachelors' degrees at \$4,014 a year.

HORSES LOSE RACE — Before a gallery packed with church people, Rep. V. E. (Red) Berry gave up the fight for a proposed constitutional amendment to legalize horse racing.

House vote against the measure was 143-to-5. Berry, seeing he did not have enough votes for passage, signalled his supporters to vote against it. This, he said, would avoid "putting them on the spot" for a lost cause.

Berry still hopes to get a referendum on the 1962 general election ballot to indicate public opinion on racing and pari-mutuel betting.

MILK BILL "SKIMMED" — One of the most controversial bills of the session, the milk importation measure, was passed by the House by voice vote.

But before passage, opponents' amendment had skimmed off the cream of the bill the dairymen wanted.

As passed by the Senate, the bill would bar out-of-state milk from Texas unless a Texas inspector certified he had personal knowledge the milk was produced under standards as high as those required in Texas.

Amendments took out the "personal knowledge" phrase and provided the milk could be imported on the certification of out-of-state health authorities after a Texas authority had found the out-of-state producer to be meeting acceptable standards.

Battle is not over since the differences between the House and Senate versions of the bill will have to be worked out.

TAXES DEBATED — House Revenue and Taxation Committee is exploring the possibility of raising money through a corporate income tax.

Testimony was heard on two bills. One by Rep. Tony Kiorioth of Sherman would repeal the present corporate franchise tax (for a loss of \$48,000,000 a year) and substitute a three per cent corporate income tax (for a gain of approximately \$96,000,000 a year).

Also heard was a bill by Rep. Maco Stewart of Galveston which would levy a 10 per cent corporate income tax, repeal the oil well severing tax and reduce the sulphur tax.

A bill to provide for a \$1 charge for taking a state driver's license examination was passed by committee and sent to the House. It would raise an estimated \$1,250,000 a year.

Meanwhile, Speaker James Tamm, addressing a teachers' group, said he felt Texas was close to resorting to the "last resort"—sales or income taxes.

CAMPAIGN LIMIT PASSED—Senate passed 20-to-4 a bill that would limit to \$25,000 the spending of any one candidate in a race for the U. S. Senate.

Sen. Martin Dies Jr. of Lufkin is sponsor of the bill. Limit would apply to money spent for newspaper, radio or television advertising with the candidate's knowledge. All other means of advertising would be exempted.

Attorney general would be responsible for enforcement.

If the bill should be finally passed and take effect before the present special senatorial race is over, it could put a lid on spending of candidates in the run-off campaign next month.

"KID" DRIVERS TARGET — House Highways Committee is considering a bill that would take 14-year-olds off the road—as driv-

Male Can Thumb His Vest with Pride

"Men constantly are seeking to show superiority over women. But they have a mighty hard time when it comes to actual proof of male superiority. The National Wildlife Federation finally has come up with a situation where the male can thumb his vest with pride. Women fishermen, statistics show, are 30 per cent more likely to be arrested for fishing without a license."—Roseburg, Ore., News-Review.

YOU JUST CANNOT GO WRONG WITH WRIGHT:

If you are bothered because you do not know the candidates running for UNITED STATES SENATOR and dread voting where you will scratch out 69 names and leave only one and you are tempted to stay at home and not go vote.

Let me suggest to you that you vote for JIM WRIGHT. You just can't go wrong voting for Wright. I have known Jim Wright very personally for the last fifteen years. I served with him in the State legislature and I found him to be one of Texas' most outstanding young men that returned from World War II, believing in America and willing to make Texas and America the greatest country on earth.

I have watched Jim Wright grow for the last fifteen years and I have seen him develop into one of America's greatest leaders. Jim Wright is in the class of such men as our late Senator MORRIS SHEPPARD. He has stayed loyal to his family, his church, and his state. He is a Christian worker, a great orator and a Christian statesman. Yes, I consider JIM WRIGHT one of the greatest men that America has produced in the last fifty years. These are the reasons that I say you just can't go wrong with Wright.

Last but not least, JIM WRIGHT has never lived east of Fort Worth and has at all times considered himself a WEST TEXAS MAN. Remember, this may mean much in the next 30 years. Remember that Texas is still a great agriculture and stock raising state and Jim Wright has done a wonderful job representing both, as a member of the State Legislature, also as a Congressman from the Fort Worth District. He has been interested in good schools, very sympathetic with the older people and their needs, as well as a great worker with our youth. Jim Wright is a young man—just about four years younger than our President Kennedy, with lots of experience behind him and lots of service ahead of him. Let's don't be in doubt, but be sure you are Wright. Don't stay at home, but go vote for Wright. You just cannot be wrong with Wright.

To make voting easy, mark out all but the last two names and then mark out the last name—leaving JIM WRIGHT.

Riverside H. D. Club

The Riverside Home Demonstration Club met in the club room on March 21 for the meeting on "Growing Old Gracefully."

The meeting was called to order by the president. The answers to roll call on "what I do to help others" was very interesting. The opening exercises were in the same theme as the program and closed with a prayer of one growing older.

Mrs. Ray, as leader, presented the recommendations for the aging as set up by the department of health, welfare and education. Several magazine articles on the subject as well as homes for people of golden age were discussed by all present.

Mrs. Ewald Schroeder, hostess, served iced drinks to the following: Meses, Adkins, Cleveland, Karcher, Kuehn, Moore and Ray. Next meeting will be with Mrs. Frank Ward on April 4.

Truscott H. D. Club

Miss S. C. Kinsey, Knox County Home Demonstration agent, discussed "Labor Saving Yards" at a meeting of the Truscott Home Demonstration Club on March 23. Tips for saving time and energy and ways for improving methods of doing yard chores were given.

Mrs. J. K. Brown presided during the business session, which was opened with singing, a devotional by Mrs. W. O. Solomon, and games directed by Mrs. Jack

Hickman. Observance of Home Demonstration week was discussed. Members voted that it be county-wide rather than in each club. Friday night, March 31, at 7:00 o'clock is the date and time set for a 42 party at the community center. Everyone is urged to come.

At the close of the meeting, secret pals were revealed with gifts and refreshments were served by the hostesses, Mrs. E. A. Tomank and Mrs. W. O. Corder.

The next meeting will be on April 13.

Co-Laborers Class

The Co-Laborers Sunday School Class of the First Methodist Church met for the monthly social meeting Thursday, March 23, in the home of Mrs. Clint White with a covered dish dinner. Seventeen were present.

In the afternoon, after a short business session and singing the hymns, "Take Time to Be Holy" and "Isn't He Wonderful," Mrs. A. R. Sanders brought the lesson on the parable, "The Cost of Building a Tower." Pictures were made of the group.

Color and Deep Fishing

The deeper you fish the less important color becomes. Colors on your lures tend to lose individuality the deeper they sink. Red is the first to lose distinction.

So concentrate on plug action in deep water, and never mind the color of your bait.

On the surface, however, color does count, with red and white the most popular. Contrast of the two colors seems to please (or displease) bass especially.

Clear Water Fishing

Clear water is hard to fish. Even old pros have trouble with it. You can help matters a lot by using patience. Cast out your plug. The fish will scatter. Let the plug sink to the bottom. Leave it there—three-four-five-six minutes—then start your retrieve. By that time the fish will have forgotten the original splash of your plug and may go for it.

Make a Hit with

When a bass strikes and wait a spell before cast over that spot again. This is especially true casting. But even fly fishing can profit by this advice.

FIRST CHOICE OF TEXAS VOTERS

Senator William A.

BLAKLEY

★ SENATOR BLAKLEY is the winner of the Texas Poll directed by Joe Belden and subscribed to by 21 leading Texas newspapers. He also is the first choice in many other surveys and polls conducted throughout Texas.

SENATOR BLAKLEY'S ACTION PROGRAM FOR TEXAS

\$100 MILLION MORE ANNUALLY FOR SCHOOLS: A home-rule aid-to-education plan that would return to each state 5 per cent of federal income taxes for support of locally administered public schools. In Texas this would mean over \$100 million more annually for our schools—without federal interference!

INCOME TAX RELIEF FOR PRESSED PARENTS: Also, for families putting their children through school, additional income tax exemptions of \$1,200 for college or university student, \$400 for son or daughter in high school. Parents deserve a tax break!

A HELPING HAND FOR OUR SENIOR CITIZENS: A bill to raise ceiling on what Social Security recipients may earn without being penalized. Senator Blakley would raise ceiling from \$1,200 to \$1,800 a year to help many retired persons.

SHARP REDUCTION IN FOREIGN OIL IMPORTS: Reduce by one half the amount of foreign oil being brought into U. S. Texas' economy, schools, state government, all suffer when foreign oil floods market, causes Texas production to shut down.

INDEPENDENCE! WE MUST KEEP IT ALWAYS: Retain Connelly Amendment to World Court. United States should maintain its sovereignty without question. Senator Blakley is fighting against repeal of this vital guarantee.

LET'S KEEP SENATOR BLAKLEY IN THE U. S. SENATE

(Pol. Adv.—Paid for by Blakley State Campaign Committee, Maurice Bullock)

From the News
THIRTY YEARS AGO
News items below were taken from the Friday, March 27, 1931, issue of The Foard County News:
Foard County will be in Congressional District No. 13 if the proposed redistribution of counties to form 21 Texas congressional districts is adopted by the Texas Legislature.
Crews Cooper of the Crowell track team was the outstanding man at the track meet in Quannah Tuesday in which Crowell, Vernon and Quannah high schools took part.
J. B. (Skeet) Rasberry of Crowell is making good in spring training camp of the Fort Worth baseball club, according to reports in the Fort Worth papers.
Governmental loans for the purchase of food now may be made to farmers in the drought districts, as the result of recent action taken on the part of the government.
All of the concrete work on the Foard County jail has been completed and laying the brick for the second story, interior and roofing work are the only things that remain to be done before the structure is completed.
One of the prettiest flocks of White Leghorns to be found anywhere may be seen on the R. E. Sparks farm, about 12 miles southwest of Crowell. Through the use of trap nests a daily record of every hen is kept and nothing but the very best producers are allowed to remain on the Sparks farm.
A baby boy was born to Mr. and Mrs. Lawrence Kinsey Monday, March 23, in Fort Worth.
Miss Allison Self, Ralph and Weldon Cogdell, Arthur Bell, Joe Roberts and Robert Oswalt, students in Texas Tech, spent the week end with their families here.
John Wishon won the Model A Ford mileage contest last Friday by covering a distance of 39.7 miles on one gallon of gasoline. He drove a 1930 Ford coupe. Maurice Kenner, driving Merl Kincaid's 1929 roadster, won second with 35.1 miles; J. H. Lanier Jr., in his 1930 coupe, won third with 32.5 miles and Mrs. Roscoe Eubanks in her 1928 roadster, won fourth. Others among the first ten in the order that they placed were A. W. Lilly, L. A. Beverly, Mack Boswell, Mabry Kinsey, Alton Bell and M. L. Hughton.
Mrs. Clint White was elected president of the Crowell Parent-Teacher Association last Tuesday afternoon.
The Crowell P. T. A. sponsored a very interesting event last Thursday afternoon in the form of a quilt show which was held at the home of Mrs. N. J. Roberts.
Rain amounting to .36 of an inch had fallen in Crowell up to Thursday afternoon.
With favorable weather conditions, the county interscholastic meet to be held in Crowell Thursday, Friday and Saturday will be the most successful in the history of the county, according to I. T. Graves, Crowell superintendent and the director general of the county meet.

Social Security Benefits Can Be Possibly Increased
"Social security benefits can be increased in some cases by additional work after a person first applies for benefits," Erton F. Tate, manager of the Wichita Falls social security office, announced this week, "but certain requirements must be met before the benefit amount can be refigured."
If a person continues working during the year he first files for social security, he may request that his benefit amount be refigured to include the total earnings for that year. There is no definite amount he must earn in the year, but it must increase the average earnings figured at the time of filing for his original benefit rate.
Another type of recomputation has a definite earnings requirement—earnings must exceed \$1200 in a calendar year after the year the person first filed for benefits. Even though the earnings exceed \$1200, the benefit cannot be increased unless the work since filing would raise the average earnings of his present benefit rate.
Tate emphasizes that it is better to check with your social security office and be sure, rather than to guess whether work after retirement will increase your benefit amount. Write your local office and include the amounts of your earnings in each year beginning with the year of filing up to the present, as accurately as possible and the effect on your present check can then be determined.

Misunderstanding of Communist Mind
Raymond Moley writes in Newsweek: "If the new President and those associated with him in conducting foreign affairs fail to check the spread of Communism, it will not be because of any sympathy for that ideology. We may be assured of their antipathy for Communist doctrine. But such a failure could come from a misunderstanding of the mentality and spirit of the dedicated Communist fanatic. Too often our bureaucrats and in the cases of Red China and Cuba, have equated the mentality of Communists with what they know of the aspirations of normal people for greater freedom and more of the goods of life. Such a misunderstanding prevailed with Presidents Roosevelt and Truman in their dealings with Stalin. In all such cases, the basic mistake took a dreadful toll."
'Item-Veto' Power Needed by President
Veteran Washington observer Arthur Krock writes: "There is a demonstrable check against waste and inflationary spending that the President has not mentioned in his message and statements thus far. It has been sought by and for presidents ever since 1876, and was steadily denied by Congress, although most of the states have granted it to their governors. This is the so-called 'item veto' power whereby the President can refuse to approve certain appropriation in a federal supply bill without disapproving the entire measure. . . . If President Kennedy could get this authority, he would have a most effective, immediate and self-evident means of regularly balancing spending and revenue."
On Feb. 22, 1909, President Theodore Roosevelt reviewed the Great White Fleet at Hampton Roads, Va., upon its return from a world cruise.

Conditions Right for Spring Upsurge in Animal Rabies
State Health Department officials say conditions are now right for the usual spring upsurge in animal rabies.
Since January 1, 56 animals have been diagnosed by laboratory methods as being rabid. Included in that number were 28 skunks, 18 dogs, three cows, three foxes, three cats, and one horse. And that's just an unknown fraction of the actual problem.
The number of confirmed cases is considerably under the number registered at this time last year when 66 cases were diagnosed in January alone, but it is still high enough to pose a serious threat to affected areas, Dr. H. E. Smith said.
Smith, head of the department's preventive medical service section,

Improving Flyrods
Avoid buying cheap flyrods. Among obvious drawbacks is the fact that they do not have enough guides to control the line properly.
But if you already have such a rod, it can be improved by re-spacing its guides and adding a few of your own. These can be bought at any sporting goods store for about the cost of a cigarette pack.
California has within its boundaries all the various climates of North America.

said pockets of infection exist in Central Texas counties along the Brazos River, but no area of the state can consider itself immune. He blamed abundant susceptible wildlife for Texas' perennial rabies woes.
Smith said the three most important steps in community rabies control are pet vaccination, stray dog pick-up, and thinning of wildlife—in that order.

Headlighters Top List of Arrests by Game Wardens
Headlighters continued to lead the list of game violators during the month of February, according to the report of Captain E. M. Sprott, director of law enforcement of the Game and Fish Commission. There were 36 arrests for this illegal hunting method.
Fines assessed in justice court ranged from \$50 to \$200 each, and hunting licenses were revoked by the courts.
Four men also paid fines of \$200 each for possession of live young oysters taken from Gulf waters in violation of the conservation laws.
During the short month, there were 265 arrests. Failure to possess hunting and fishing licenses was the principal offense. There were 34 arrested without hunting and 100 arrested without fishing licenses.
Fines and court costs amounted to \$9,924.15. Two served time in jail.

Down Town Bible Class
Twenty-three men attended the Sunday morning meeting of the Down Town Bible Class and heard Rev. Clarence Bounds bring the lesson.
Dick Todd was in charge of the opening exercises. Miss Jo Carol Cooper gave a reading. Rev. Bounds directed the singing and Mrs. W. W. Lemons played piano accompaniment.
