LITTLE LEAGUE NEWS

by Marion Crowell

The Banker-Elevator games of last week should furnish fuel for the hot-stove-league for quite some time. It is doubtful if there'll be a better game played all season than the 4-3 contest of last Tuesday night. Going into the final frame all tied at 3-3, Crowell State Bank came up for their final bat. Billy Hollenbaugh went out, pitcher to first. Gary Eddy picked up his second hit of the night, went to second and third. Barry Branch struck out. Jackie Thomas had two strikes on him. Then came the big drama of the inning.

Gary Eddy deliberately played too far off third, drew the catcher's throw. The throw was higher than for third baseman Larry Bursery . . . and Eddy head-

ed for home. But Mike Weathered, shortstop, caught the ball back behind Bursery, fired a perfect strike in to the plate, and Matus tagged out Gary Eddy for the third out of the inning.

Then the Yankees came up for their last bats. Gary Eddy looked potent, striking out the first two batters, Dennis Dobbs and Bruce Ferguson. It looked like another tie ball game, as two strikes were registered on Junior Urquizo. But Junior came through with a single and went on to second later. Up came Lee J. Whitley, hitless so far in the game. It didn't take long. He hit the first pitch in between left and center field, and Urquizo sped home with the winning tally. Quite a ball game!

Better pitching by the various hurlers, as a rule, is now separating the "men from the boys." Many batting averages are taking a big drop, but not so with two young men. Bill Lynch and Gary Eddy. Bill is leading the league in hitting. Gary is not far behind and he leads the league in home runs with 5 to date.

Only one round remains in regular scheduled games, and each game will be a "single" instead of the usual double round robin. By the time you read this, Crowell State Bank will have already played its last game with VFW, and Farmers Elevator will have

played Foard County Mill. Friday night (tomorrow). Foard County Mill and the Bank will tangle, with VFW contesting Farmers Elevator.

Then, next Tuesday, it'll be the Bank versus the Elevator and the Mill versus VFW.

Who'll win it? Right now, it's too close to predict!

Attention, all you PeeWees: be sure to be on hand tonight (Thursday). A photographer will be on hand to take pictures of the Tigers and the Snakes!

Other activities of the afternoon were swimming, recreation which was led by Betty Ann Welch, Jon Ann Carter and Charlotte Drabek.

After swimming, the 4-H'ers participated in a rodeo led by Bob Bird, Joe Ray Burkett, Edward Mechell, Suzetta Abston and Charlotte Drabek, followed by folk dances and skits worked up by the four recreation groups.

Following this the group enjoyed a barbecue supper served by Underwood's of Wichita Falls.

The rally day closed with a vesper service. Those helping with this were Buff Nelson, narrator; Charlotte Drabek, Kristi McLain, Junior Mechell, Bob Bird and Betty Ann Welch.

Know About Artificial Respiration and How to Apply It

"Know about artificial respiration and how to apply it. The mouth-to-mouth method is explained in the First Aid Manual of the American Medical Association. It is not very difficult. Start immediately, the victim can survive without oxygen to the brain for only a few minutes. Put the victim on his back, pull the chin well up, make certain the windpipe is clear. Put your mouth over the victim's mouth, pinch shut his nose and blow hard. Repeat 12 to 15 times per minute; keep it up until medical help arrives."—Georgetown, Ohio, News-Democrat.

"The federal government of this great country maintains academies for training young men for Army, Navy, Air Force and Coast Guard. How about one to train Diplomats? That is the field in which we always seem to lose the most battles."—Williamina, Ore., Times.

BRUSH CONTROL

"Is mesquite robbing you of the moisture we have received in the past few weeks?" asks the Crowell work unit of the Soil Conservation Service.

On May 20th, Jeff Bell (pictured above) had thirty-six acres of heavy brush root-plowed and reseeded. His grass mixture included such desirable grasses as Sidecoats and Blue grama, buffalo grass, blue panic, and sorghum almum. Since that time he has received 5.2 inches of rain to help boost the seed germination and plant growth. All of this moisture will be utilized by grass now instead of brush.

The mesquites were thick and had to be removed before grass could grow. It takes about 1500 pounds of water to grow a pound of mesquite and about 400 pounds of water to grow a pound of grass. Why not control brush and grow grass. (Note: mesquite root in picture is thirty feet long.)

Mr. Bell also plans to defer or rest these acres from grazing until the new grasses have time to establish a good root system.

The Soil Conservation Service adds, "If you are interested in controlling brush on your farm, contact your local Soil Conservation Service office. Cost-share is available through the Great Plains Conservation Program or through ACP payment."

McWilliams estate, \$16.20.

have not been receiving half enough subscriptions for operating expenses. This cannot go on indefinitely. Please remember us on your annual budget."

Heavy Fishing of Farm Ponds Recommended

Although your farm pond is well-managed, properly stocked and fertilized, you may still be catching only a few fish—small ones at that. If so, you're probably not fishing your pond heavily enough, says Wallace G. Klusman, wildlife conservation specialist, Texas A&M University.

If a pond is not fished heavily, the fish population will rapidly deplete the food supply, resulting in stunted fish. Research has shown that a surface acre of pond water that is well-managed needs from 300 to 500 man hours of fishing each year to keep fish production at a maximum, Klusman points out. Fertilized water is like fertilized soil, says the specialist. Fertile water will produce a larger crop of fish just as fertile land will produce more cotton or corn. Therefore, the harvest of fish from fertile water can and should be greater than from non-fertile water.

Fishing should begin about a year after a pond has been stocked. This will allow each species to reach sexual maturity and spawn. Klusman says it is advisable to fish the pond heavily after this.

Sunfish have a tendency to over-populate farm ponds, so as many as possible should be caught. For every bass or catfish removed, at least 10 to 12 sunfish should be taken out. Small sunfish that are caught should not be returned to the water, adds the specialist.

Alternating periods of good and poor fishing are to be expected and even the best fishermen will not always catch fish. Water temperature, availability of natural food, and season activities of fish will influence fishing success.

Fishing conditions will usually improve if your pond is fished heavily enough. If your family cannot fish the pond as heavily as it should be, invite your friends to fish, suggests the specialist. They will enjoy the occasion and later benefits should result.

Bridal Shower at Grover Moore Home Honors Mrs. Parks

The home of Mrs. Grover Moore of the Riverside community was the scene of a miscellaneous bridal shower from 4 to 5 o'clock Saturday afternoon, June 27, honoring Mrs. Forrest Parks of Stephenville. The bride is the former Miss Lynda Mecheil.

Mrs. Moore greeted the guests and presented them to the bride and her mother, Mrs. Ed Mecheil. Mrs. W. A. Dunn directed them to the dining room where Mrs. H. L. Ayers Jr. and Mrs. Bob Thomas alternated at the refreshment table which was covered with a blue taffeta skirt and a lovely lace cloth. A milk glass container held an arrangement of white rosebuds, carnations, corn-

flowers, and baby's breath, topped by a tiny bride and groom with silver wedding bells above them. Other milk glass containers held arrangements of fresh white and blue flowers and were placed throughout the receiving rooms.

The registry table held a blue candle surrounded by an arrangement of fresh white rosebuds. Mrs. Patsy Thompson registered the guests. Mrs. James Bowers and Mrs. Ray Hysinger had charge of the many gifts displayed.

Other hostesses were Mrs. Raymond Bell, Mrs. Jim Owens and Mrs. Alfred Morris.

Camp Fire Girls Have Impressive Ceremony to Climax Day Camp

An impressive camp fire ceremonial climaxed the week's activities of the Crowell Camp Fire day camp held last week at the Spring Lake Country Club. Mmes. Howard Bell and Norman Hopper were in charge of the ceremony which was held last Friday night. A large sand painting depicting the trail seeker rank encircled the fire, and was done by the Can-Ti-Tins-Ya Camp Fire group under the direction of Mmes. Vernon Garrett and Jesse Whitfield. Trail seeker ranks were awarded to

members of the Ki-Nun-Ka group. Members of the Blue Birds sang two songs.

The ceremony was highlighted by the 23rd Psalm given in Indian sign language by Kristi McLain and narrated by her mother, Mrs. Clinton McLain.

After the ceremony, the guests were entertained with skits and singing at the club house and then the campers returned to the picnic area to roast marshmallows and make "some mores" and to sleep. They broke camp at 11 a. m. Saturday.

Directors of the camp were Mmes. Ray Shirley and Garrett, and they were assisted by Mmes. Whitfield, Billy Marlow, Early Pruitt, and program aides: Misses Dena Tode, Rosa Lee Latimer, Gayle Russell, Sharon Mapp, Ella Hollenbaugh, Paula Vecera and Kathy Joy. Mrs. Delton Coffey was camp nurse and Miss Gayle Smith led the singing.

Each Camp Fire girl earned the beginning steps of the progressive skills program, and many did some requirements on the Fagot Finder. All were hitting the target in archery, and the Can-Ti-Tins-Ya group had three bulls eyes to their credit. The nature hats that were made of a collection of nature objects attached to a paper plate were unique and interesting. The craftwork of the screen beach bags and hurricane lamps proved most useful.

West Side H. D. Club

The West Side Club met June 23 in the home of Mrs. Charlie Wilson. Mrs. Homer Ketchersid, president, was in charge of the business session. Roll call was answered with "my problem as a hostess." Mrs. Ketchersid gave council report. The club voted to have an ice cream supper Aug. 11, the place to be decided later.

Mrs. Ray Iseng, H. D. Agent, gave an interesting program on "Let's Plan a Party." She stated, "A nice way to entertain is with a breakfast, a coffee, tea, buffet luncheon, etc. Things to consider are: room for guests, time to be spent in preparation, food that is easy to serve, food that doesn't require last minute preparation. The main thing is, make your guests feel welcome and the hostess to be relaxed."

Refreshments were served to 11 members and five visitors. Mrs. Iseng, Sue Brown, Vicki Lynn Thornberry, Lane and Lynn Simmons.

Sunbeam Open House

At 3:30 p. m. on Monday, June 22, the Sunbeam organization of the First Baptist Church had on display the handwork and notebooks which were made in connection with their mission study

this last quarter on Paraguay, Uruguay and Chile.

Mrs. Warren Haynie is the director of the Sunbeam organization of which there are thirty-two children, ages 4-9, enrolled. Mrs. Judy Whitten, Mrs. Opal Marr, Mrs. Bonnie Jones and Mrs. Jean Bell assist Mrs. Haynie.

Refreshments were served to approximately thirty guests.

The Sunbeam organization will continue to meet during the summer on Monday afternoon at 3:30 p. m.

Truscott H. D. Club

The Truscott Home Demonstration Club met June 25 at the community center. Meeting opened with the THDA prayer led by Mrs. Corder. It was voted to discontinue the two meetings in July. The club will not meet in August. Next meeting will be Sept. 10. Program was on school dropouts and dating practices. Mrs. Chowning had a part on school dropouts. She said that 64 per cent of all students that enter school will become dropouts. Two main reasons are financial problems and the family. Mrs. J. W. Brown had an article on Latin Americans and what is being done to help pre-schoolers to understand the English language better.

Mrs. Corder had an article on dating practices. She stated that according to a survey made in 1961, 41 per cent of all brides are teen-agers. Mrs. Jones served refreshments to 8 members and 2 visitors.

Margaret H. D. Club

Ten members answered roll call with "a problem I encounter in being a hostess" when the Margaret Home Demonstration Club met June 26 in the home of Mrs. W. S. Carter.

Mrs. Frankie Halencak brought the opening exercise by reading "Just These Little Things." The president, Mrs. Johnnie Wright, conducted the meeting after which Mrs. Virginia Iseng gave the program on "Let's Plan a Party." She told about the different ways of entertaining and how to plan for each.

Mrs. C. T. Murphy conducted a game and the hostess served refreshments to the members and four visitors present. The next meeting will be July 10 in the home of Mrs. W. A. Dunn.

Birthday Party

Brenda Dishman was honored on her second birthday last Friday afternoon by a party given by her mother, Mrs. Melvin Dishman. The party was given at the home of Brenda's grandmother, Mrs. Pearl Doyal.

Powell led the opening prayer and Mrs. Eunice Bowley brought the devotional on the country church, from Luke 6:46. Mrs. Vera Thomas led the group in singing. Secretary-treasurer's report was given by Mrs. E. A. Dunagan. Mrs. Mae Solomon led in a Bible quiz on Old Testament miracles, and also an artist game.

Refreshments were served by Mrs. Ribble.

The Texas Department of Public Safety appeals to all drivers to mark this Fourth of July weekend as a time to review their driving habits in light of the fact that traffic accidents are at an all-time high. Serious accidents are more frequent in holiday periods, and it is estimated that 32 persons will be killed in traffic on Friday, July 3, through Sunday, July 5. This doesn't have to happen! Tragedy can be averted by remaining constantly on the alert for dangerous situations, by not taking chances and by driving in accordance with laws of safety.

Extreme Caution Urged for Drivers Over July 4 Holiday

While the drivers of Texas are making plans for 4th of July trips, the Texas Department of Public Safety is getting ready for "Operation Motorcade," a three-day vigil of tabulating all traffic deaths in the state. Major Harry Hutchison, Regional Commander of this area for the D. P. S., reported Monday the state is approaching the mid-point in the year amid definite indications that traffic deaths will hit an all-time high again in 1964.

"If we continue to take lives at the present rate, 1964 will become the most deadly year in Texas history for traffic fatalities," he said. "Motorcades at this time are over 150 more than at the same time last year, and considering the trend of increased accidents and casualties, we have every reason to expect that traffic deaths will exceed the previous all time high in Texas of 2,729 in 1963.

"Only 271 more deaths in 1964 than in 1963 will make a total of 3,000 lives lost on our streets and highways in one year, an increase for the year of ten per cent over 1963." Deaths in traffic this year have consistently

been in excess of fifteen per cent over 1963, an indication that the 3,000 mark will be surpassed.

Hutchison said that "Operation Motorcade" will be placed in effect from 12:01 a. m. Friday, July 3, and continue through 11:59 p. m. Sunday, July 5. In order to focus attention upon the added dangers of holiday travel when traffic is at a peak and as an integral part of the operation, which calls for maximum enforcement, additional personnel from other uniformed services of the D. P. S. will augment the regular Highway Patrol force. These patrolmen have been instructed to be extra alert for and direct their enforcement efforts toward those violations that are most often caused factors in traffic accidents. In addition every effort will be made to remove drinking drivers from the highway.

"Since police traffic supervision cannot cover the entire street and highway system in the state every minute of the day, the big hope for safe driving and accident prevention rests with the individual motorist," Hutchison concluded.

G. A. Counselor Honored Wednesday

Mrs. Richard Blackburn, counselor of the Cecil Lancaster G. A.'s, was honored with a surprise party in the basement of the First Baptist Church last Wednesday. Sherl Willson, Sherry Prince and Mieke Owens presented a white

Fighting with Hands Tied Behind Back

In Senator Strom Thurmond's view, "Years ago, the U. S. made the correct decision that Southeast Asia is vital to the U. S. security and thus the area must be defended from communist takeover. As a result, we have been supporting a 'defensive' war—one in which the initiative has been intentionally forfeited to the communists and in which the communists have been permitted to make the ground rules of the war. In addition, the communist forces have been allowed to maintain a sanctuary in countries adjoining the South Vietnamese battlefield—in Laos, North Vietnam, and Cambodia. Under such circumstances, the American and Vietnamese forces fighting the communists have been virtually pre-

To Deliver Surplus Foods in Washington

"The city of Washington now has decided to provide delivery of surplus foods direct to the recipients, so that its relief clients can be fed without having to stir a muscle. The checks, of course, arrive by mail. Indigence becomes more attractive as a way of life all the time, particularly to those whose skills and accomplishments cannot command large wages in the labor market. The battle plans for the war on poverty seem now to lean too heavily on retraining programs for which few are qualified, on handouts which make dependency attractive, and on raising wage levels by law to price even more of those of limited capabilities out of the market. Can't the best brains in the Administration come up with something better than a plan for a permanent poor?"—Miles City, Mont., Star.

Highway Department

Releases Report on Texas Tourist Industry

The Texas Highway Department this week announced publication of the 1963 Texas Tourist Industry Report.

The 16-page booklet describes in striking detail results of the annual survey conducted by the Department. The cover depicts, in brilliant natural color, scenes from the state's outstanding recreational areas.

According to the survey some 11.7 million out-of-state guests came to Texas last year. They poured approximately \$532.2 million into the state's economy. The report points out:

"This was new money, which generated new jobs, new construction, new business. This report is clear proof that every Texan has a stake in the state's travel industry."

The State Highway Department traditionally has been active in promoting tourist travel in Texas. The Department operates seven hospitality centers on key highways entering the state and publishes and distributes travel-oriented literature, including the official Texas Highway map.

Two Minutes With the Bible

Help in Time of Need

Our Chicago papers, recently, carried two interesting front page items: one about Timothy Nolan, a Chicago policeman who pleaded in vain for help while he battled two toughs. Sixty people stood about, watching him fight for his life, but not one of them helped him or even bothered to call another policeman. They just stood and watched.

The other item was about a twelve-year-old girl, named Susan Benedict, who had come from Clinton, Wisconsin, to visit Chicago. As Susan sat in the Greyhound bus station at Clark and Randolph, a thief grabbed her purse and ran.

Perhaps it was because she was a sweet, defenseless twelve-year-old, but in any case, about a dozen people who witnessed the incident, followed the thief until one got a policeman, who caught the thief and returned the purse to the little girl.

It is a very frightening thing not to be able to find help when it is desperately needed—and just as wonderful to have help when it is needed.

Thank God, He is always ready to help us in our deepest need—the salvation of our souls. Are you afraid that your many sins have placed you in a position beyond help—that you have sinned too greatly for God to forgive you? Then listen to Eph. 1:7, where the Apostle Paul says, by divine inspiration: "We have redemption through Christ's blood, the forgiveness of sins according to the riches of His grace," and Rom. 5:20, where he declares: "Where sin abounded, grace did much more abound."

Paul knew this by experience, for he was the leader of the world's rebellion against Christ, but he was saved in one moment by the grace of God. This is why he says: "This is a faithful saying, and worthy of all acceptance, that Christ Jesus came into the world to save sinners, of whom I am chief" (1 Tim. 1:15).

If God saved the "chief of sinners," He surely is willing to save you too, "for whosoever shall call upon the name of the Lord shall be saved" (Rom. 10:13).
