Glenn A. Chambers New Methodist Pastor

Glenn A. Chambers of Lubbock was named pastor of the Methodist Church for the year at the closing session of the Northwest Texas Conference in Amarillo last week.

Chambers has been assistant pastor of the First Methodist Church in Lubbock for the past 14 years. He and Mrs. Chambers have three children.

Chambers replaces Rev. Fitzgerald, who was moved to the First Methodist Church in Abilene district.

Chambers was pastor of the Pioneer Memorial Church in Abilene district.

Chambers was pastor of the First Church, Sweetwater, Texas. He is being replaced by Rev. C. C. Dorn of Abilene in the Brownfield district.

John A. English was re-elected as superintendent of the district.

Appointments of interest include Hubert Thomson, First Church, Abilene; Dallas D. Denison, First Church, Sweetwater; T. Beck, Trent; Frank Whisby Jr., Claude; Russell McAnally, Friona; Ray N. Smith, First Church, Levelland; H. Anderson, Abilene; M. Anderson Jr., associate pastor, Lubbock; Grady Brock, Overton; Carl Hudson, J. V. Patterson, Haskell Creek.

M. Glover Moves Wellington as Maintenance Chief

Lawrence M. Glover, who has been foreman of the Foard County Maintenance crew of the Texas Highway Department, has been promoted to Wellington as maintenance foreman. He assumed his duties Tuesday, and he and his family have moved to Wellington.

Glover is the son of Mr. L. P. Glover of Crowell, who replaced Mr. Glover as maintenance patrolman in this district as Theodore Resselts of Bennington, who, with his wife and two children, will move to Crowell to make his home.

Mr. Bruce was born Feb. 16, 1887, in Denton County, Texas, and came to Foard County with his parents in 1888. He moved to Baeca County, Colo., in 1913, and later moved to LaVeta.

He was married on Feb. 14, 1929, to Mrs. Lorena Hiler. Survivors include the widow; one son, one daughter, one brother, Jeff Bruce of Crowell; and one sister, Mrs. Ida Lefevre of Roaring Springs.

George Self, chairman of Foard County Savings Bonds Committee, reports that Series E and H Savings Bonds sales in Foard County totaled \$9,356.00 in April. Sales for the first four months of 1964 were \$17,956.00, and 19.9 per cent of the year's goal of \$90,000.00 has been achieved.

April bond sales in Texas totaled \$12,200,918. Sales for the first four months of the year were \$52,192,783 which represents 34.7 per cent of the state's 1964 bond goal.

Rev. Clarence Bounds taught the lesson at the Sunday morning meeting of the Down Town Bible Class to 31 men present. In the opening exercises, Miss Betty Ann Welch sang a solo, and two young men from Kansas here on harvest sang a duet.

Mr. and Mrs. John Matus Sr. will be honored on their 50th wedding anniversary Sunday, June 14, with an open house from 1 until 3 p. m. at their home in Thalia. All friends and acquaintances are invited to attend.

The nine children and their families will assist with the hospitalities. They are six sons, Johnnie and Frank of Thalia, Rudolph of Red Springs, Robert of Vernon, Paul of Bomarton and Charlie of Wichita Falls; three daughters, Mrs. Bert Cerveny of Vernon, Mrs. Jack Bernethy of Kilgore and Loretta Matus of Thalia.

Mr. and Mrs. Matus were married on June 17, 1914, by Rev. Paul Mosler of Bomarton, Baylor County, in the home of Mrs. H. Schindler and the late Dr. Schindler of Crowell.

Twenty Young People Register for Summer Reading Course

Twenty young people have registered for the Summer Reading Course, according to Mrs. Ventrice Brock, librarian.

Others who wish to register should see Mrs. Brock in the library in the court house. The fee is 35 cents for all the children in a family. This will open the library facilities to a child for the summer months even if the family does not have a membership. If the family has a \$1.00 year's membership, there will be no registration charge. Each child who reads 12 books will receive a certificate and a free drink or ice cream at a local drug store in August.

Son-in-Law of Local Couple Receives Master's Degree

Tracey R. Miller was graduated from Fort Hays, Kansas, State College with a master's degree Monday, May 27. One of 32 graduates with the master's degree, Miller majored in English literature and minored in philosophy.

Mrs. Miller is the former Miss Sandra Jean Campbell, daughter of Mr. and Mrs. Archie Campbell of Crowell.

After a short stay with Mrs. Miller's family at Crowell, the Millers will move to Norman, Okla., where Miller will begin work on a doctoral degree in English at the University of Oklahoma.

Former Truscott Baptist Pastor Named "Outstanding Man"

Rev. Hoyt Ellis of Hollis, Okla., and a former pastor of the Truscott Baptist Church, has been selected as outstanding man for Harmon County, Okla., for 1964.

Rev. Ellis received the award at the annual Red Cross program. He has been pastor of Antioch Baptist Church in Hollis for the past eight years. Rev. Ellis is a veteran of World War II, having served in the Air Force. He is active in sports, backing teams in basketball, little league and the American Legion. He received his education at Wayland Baptist College in Plainview.

Charley Bruce, 77, Brother of Jeff Bruce Died in Colorado

Charley Bruce of LaVeta, Colo., brother of Jeff Bruce of Crowell, died in a LaVeta hospital May 28 after a short illness.

Funeral services were held at LaVeta Monday.

Mr. Bruce was born Feb. 16, 1887, in Denton County, Texas, and came to Foard County with his parents in 1888. He moved to Baeca County, Colo., in 1913, and later moved to LaVeta.

He was married on Feb. 14, 1929, to Mrs. Lorena Hiler. Survivors include the widow; one son, one daughter, one brother, Jeff Bruce of Crowell; and one sister, Mrs. Ida Lefevre of Roaring Springs.

Integration Vote Called for School District June 13

Board Also Hires Two New Teachers Last Monday Night

The Crowell School Board in a meeting Monday night ordered an election to determine whether or not Crowell junior and senior high schools will be integrated this fall. The board says that although no election is required to determine the status of the school it will abide by the results of the election.

The vote will determine whether the 17 Negro children in the seventh through twelfth grades in the district will attend the Crowell schools or be transported to Douglas School in Quanah. The Negro students have been attending Booker T. Washington school in Vernon, but that school will be closed and Vernon High School integrated this fall.

The election will be held on Saturday, June 13 at the Crowell City Hall with voting from 8 a. m. to 7 p. m. The board is asking that residents of the Thalia School District vote in this election as well as residents of the Crowell district. The Thalia students will be going to the Crowell school this fall.

The board estimates that a minimum of 17 Negro students would be involved in the transfer to Quanah and that district would charge the local district \$101 for each student attending their school.

The board pointed out that a larger bus will be required for the trip to Quanah than was necessary to take the students to Vernon.

As most of the students would be transferred to Quanah live in the Rayland and Thalia area, the board estimates that the daily bus route would be at least 50 miles each way.

Eligible voters in the election will be those qualified to vote in a state election and residing in the Crowell or Thalia school districts.

Election judge will be Otis Gafford and Mrs. Marion Crowell and Mrs. John Borchardt will act as clerks.

Two New Teachers Hired

Darrel L. Dick of Wichita Falls was elected to become the junior high school social studies teacher and will teach choral groups in high school and junior high. He is completing requirements for a bachelor of music education degree at Midwestern University. He has been active in youth and choral work in the Baptist Churches of Wichita Falls for the past five years. He is 24, married, and the father of a 20-month-old daughter.

Charles Terry Garrett who received his bachelor of science in music education at Texas A&I at Kingsville last week, was hired as band instructor. He is 26, unmarried, and was a director of a band in the U. S. Army.

Miss Long Honor Graduate at TCU

Miss Jo Frances Long, daughter of Mrs. Juanita Gafford of Thalia, graduated "magna cum laude" from Texas Christian University in commencement exercises held in Fort Worth May 27.

Four New Vehicles

Four new vehicles were registered here last week, as follows: May 26, Henry Durham, 1964 Chevrolet truck; May 27, Dan Teuton, 1964 Ford 4-door; May 29, Jack W. Brown, 1964 Chevrolet 4-door; May 29, T. R. Cates Jr., 1964 Chevrolet 4-door.

News About Our Men in Service

Sgt. First Class Jimmy Fox, his wife and son, Fred, visited here the first part of the week with his parents, Mr. and Mrs. Roy Fox. Sgt. Fox and his family have returned to the Mainland after having been at Scofield Barracks, Hawaii, for the past three years. His next assignment will be at Fort Chaffee, Ark., where he will report about July 1.

Marine Private First Class Roger D. Doyal, son of Mrs. Pearl Doyal of Crowell, and Marine Private Kenneth W. Hough, son of Mr. and Mrs. T. R. Hough of Crowell, have both completed four weeks of individual combat training at the Second Infantry Training Regiment, Marine Corps Base, Camp Pendleton, Calif.

While with the regiment, all new Marines are trained in tactical and combat skills needed for battle. Emphasis is placed on the small unit tactic—the four-man fire team and the 14 man squad.

Second Democratic Primary to Be Held Saturday

Saturday, June 6, is the date for the second Democratic primary in Foard County, and voters will find only one race to be voted on. The run-off is for Congressman-at-large between Joe Pool and Robert W. Baker.

Members of the Democratic Executive Committee will meet Friday night in the county clerk's office at 7:30 to receive their supplies.

Several consolidations of precincts are being made for this election and they are:

Precincts 1 and 3 will vote in the county clerk's office. Precincts 2 and 4 will cast ballots in the county attorney's office. Thalia School cafeteria is the location for precincts 6 and 7 voters to cast their ballots. Precincts 5, 8 and 11 remain unchanged.

Rotary Club

Doyle Gray, West Texas Utilities Co. safety man of Abilene, gave a talk and demonstration on mouth-to-mouth respiration at the meeting of the Rotary Club last Wednesday. Using a mannequin, Mr. Gray demonstrated the proper way to give the mouth-to-mouth respiration to a victim who is not breathing.

He was introduced by C. R. Seale, local W. T. U. manager.

Crowell Swimming Pool Now Open

The Crowell Municipal Swimming pool opened for the summer on Tuesday. The pool was scheduled to open the week after school closed, but the heavy use of water by the city's residents had not permitted the pool to be filled any sooner.

MOVED TO STINNETT—Rev. Glenn A. Chambers, shown above, who has been pastor of the Crowell Methodist Church for the past year, has been transferred to the Methodist Church in Stinnett, as a result of the annual meeting of the Northwest Texas Conference in Amarillo last week.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin, Tex.—State officials have begun the long parade before Gov. John Connally's budget staff and the Legislative Budget Board. From now until summer's end, more than 150 state agencies will give estimates on how much they will need to operate in the 1966-67 biennium.

These hearings will produce budget recommendations to the next Legislature by Governor Connally and by the Legislative Budget Board.

All estimates must be set out in dollars and cents. But the summer budget-hearing period actually is the guessing season, since agency heads have to guess how many file clerks, how much stationary and how many pencils they will need in August, 1966.

A few items seem certain: The Board for State Hospitals and Special Schools expects a 37 per cent increase in the population of its schools for mentally retarded and will need an estimated \$28,900,000 more than its current \$100,000,000 budget. Department of Corrections will request \$5,000,000 for pay raises for prison guards.

Budget raises not determined this summer are expected to be requested when the Legislature gets proposals for improving the state's higher education system; giving public school teachers a pay raise; building new schools for the mentally retarded; and building a state osteopathic college.

VETERANS' LAND PROGRAM—The state's veterans' land program will pay itself out without any pocket-digging by taxpayers. If the Veterans Land Board carries out its planned program of investing its reserves so they will earn interest while being held to retire bonds as they come due.

State Auditor C. H. Cavness took a long look at the program started by voters in 1946 and concluded:

Through the end of fiscal 1963, 31,732 tracts of land were bought by the board and resold to veterans. They totaled 2,771,049 acres and cost \$216,486,134, averaging \$78 per acre.

About 4,000 of the veterans already have paid off their debt and of the 27,893 still owing the state \$150,244,291, 2,354 are delinquent on their payments.

Cavness said the number of de-

linquent accounts is down from fiscal 1962, when 3,283 more were outstanding.

There still is a net loss of \$1,151,035 from the "block deals" revealed during the veterans' land scandals. But it looks as though all of the original \$3,500,000 eventually will be repaid.

SMALL TOWNS GETTING INDUSTRY—Texas Industrial Commission reports that smaller Texas cities are beginning to get a larger share of the new industrial dollar.

In 1962, the big three—Dallas, Fort Worth and Houston—attracted 50 per cent of the new industry locations. But in the first quarter of 1964, they showed only 38 per cent as more industrial leaders picked smaller communities.

One of the small town leaders—Paris—will provide a big new market for South Texas vegetable producers this winter when Campbell Soap Company opens its Paris plant.

SCREW-WORM PROGRAM—State and federal agencies cooperating in the southwest screw-worm eradication program announced that the sterile fly drop pattern, which originates in Mission, has been extended to reach Arizona.

Between March 29 and May 2, only 31 samples were confirmed by state animal health officials as screwworms, while 1,382 samples were classified as non-screwworms.

DEER HARVEST—An estimated 146,315 deer were "harvested" in the 21-county Edwards Plateau District during the 1963 hunting season, Parks and Wildlife biologist Rod Marburger said.

Highest kill was made in Gillespie County, with 7,770 bucks killed, followed closely by Mason County, with 7,500 bucks killed.

Of the estimated deer killed, 57,938 were antlerless deer and 88,377 were bucks.

COURTS SPEAK—A yachtman whose luxury boat sank at his Greens Bayou boathouse where it was tied up for repairs is entitled to no marine insurance damage payment, State Supreme Court held. L. R. Foster, the boatman, lost his suit against Commercial Union Assurance Company, Ltd.

A Travis County district judge denied a new trial for former Harris County Probate Judge Clem McClelland, clearing the way for an appeal from a 10-year prison sentence for converting estate funds.

LITTLE LEAGUE NEWS

by Marion Crowell

Well, the kids were disappointed last week end when the rains came, making the second round of play impossible, but that 3 1/2 inch rain should do wonders for the old playing field, thus paying off Richard Blackburn and Baylor Weatherford for all the work they put in on said field.

I was afraid (last Tuesday night) that Billy Hollenbaugh's dad being in the stands might affect his hitting. Perhaps it did. All he did was hit three-for-three the first three times he batted, including a line-drive home run over the center field wall!

Due to our shortage of personnel in the league this season, another man was auctioned into the league last Tuesday night: Mr. Larry Swan, age 12 years, of Rayland. VFW got him, and it's a good thing Baylor Weatherford did, for he's now losing two men, Jimmy Glover and Allen Bingham. Glover will move to Wellington; Bingham goes to Oklahoma. This is quite a blow to VFW's championship chances. Jimmy Glover hit in the clean-up position for VFW, and I think Coach Amonett was drooling over possibilities of making a future full-back out of this stout youngster.

Farmers Elevator has lodged an official protest on its game of last Tuesday night, and, using the same personnel and same situation, one-third inning will be played over at some later date. The situation was this: bases loaded, Lee J. Whitley hit a clean hit to outfield. One man scored. The man on second stopped on third, so man on first stopped at second. Whitley sped all the way to second where he found, suddenly, that the second sack was already occupied. Quite a bit of confusion ensued, with Whitley eventually scampering back to first with no one tagged. Base umpire called Whitley out, but later checks with the rule book show the decision to be in error. So, at some later date, with two men out, the bases loaded, Gary Cates will be the "man of destiny" for Farmers Elevator's Yankees!

HERE AND THERE: How long will Mike Matus be out of the game? How long will Gary Eddy's pitching appear to be invincible? A prediction: Leonard Whitlock will be a potent pitcher by mid-season. Who'll be the all-star catcher this season? (Several qualify right at present!) Barrera, Eddy and Whitlock look to be good possibilities for hurlers. If the season ends about July 17 (as it always does), the last round of play will hafta be single games as they were last week. The week just before area play-offs is used in working out the all-star team. But right now we're wondering: how long before someone overtakes those Bankers?

Far Cry from Modern Puts It This Way Patient Service to Young People

The Oregon Blue Cross News Letter printed the following item: "There shall be no card playing or dicing and such patients as are able shall assist in nursing others, washing and ironing linen and cleaning the rooms and such other services as the matron shall require. Sound harsh? It's from a list of rules at Philadelphia General Hospital . . . published in 1790 . . . a far cry from the modern patient service offered today."

The American Medical Association puts it this way to its people: "To smoke or to smoke is, of course, a matter of individual choice. Certainly you haven't started the habit, you should carefully consider the facts concerning your health before doing so."

COOK Electrically WITH PLANNED FLAMELESS STORED HEAT

If dinner is cooking, and you're running late (to pick up the children at school, hobby at work, or attend a club meeting) flameless electric cooking allows you to leave home earlier. A flameless electric oven is insulated on SIX sides, and uses current only 15 minutes out of each hour to maintain pre-set temperature. You can turn it off completely, and food will continue to cook at pre-set temperature for 30 minutes. A flameless electric surface unit maintains pre-set temperature 5 minutes after electric energy is turned off.

Records Are Made to Be Broken

Records are made to be broken, and for the New York Stock Exchange, 1963 was a year for breaking them. The most prominent of the all-time highs reached last year was reported volume of trading. It totaled 1,146,310,342 shares, topping the previous record of 1,124,800,410 shares set in 1929.

Vexing Question

According to a leading insurance company question, "One of the most vexing questions in highway safety today is what percentage of the total number of persons killed and injured in highway accidents each year became casualties as a result of alcohol. . . . From a study of the reports prepared by the various state motor vehicle departments it can be determined that approximately 85 per cent of the casualties occur in accidents which involve driver violations. Undoubtedly, many of the violations are motivated by liquor but how many is a question that is difficult to answer."

Suicides Rank Tenth in Texas Deaths

The tenth leading cause of death in Texas last year was suicide. This grim reminder comes from Patsy Reynolds, Extension family life education specialist at Texas A&M University. "It's ironic in a time when we spend so much money and have made so much progress against dread diseases such as tuberculosis that suicides should outrank death from many of these diseases," the specialist said. Records of the Texas State Department of Health show that men took their lives three times as frequently as women. Ninety-six per cent of the suicides were of the white race, and the period from 45 to 55 years of age produced the most deaths. These facts support national research on the subject, Miss Reynolds explains. The typical suicide appears to be a white male between 45 and 55, and the time of suicide appears to be between 7 and 11 o'clock on a bright sunny Monday morning. He probably has a family, but few close friends. He may belong to a club, but the chances are he doesn't attend reg-

Slow Moving Farm Vehicles Spell Disaster

Using the farm tractor for an all-purpose runabout is a dangerous practice. Do not use a tractor for trips not directly related to field work. Slow moving vehicles are one of the major problems of rural highway travel. Many of them are inadequately lighted or lack proper identification with which to warn motorists. It is up to the operators of slow moving farm vehicles to practice courtesy whenever they can. When it is possible the farm operator should pull his equipment onto the shoulder and allow faster moving traffic to pass. Although the farm operator has a privilege to move his farm vehicles and equipment upon the roadway he should be willing to pull off the roadway for his own protection. This may prevent himself, his farm vehicles and farm equipment from being involved in an accident. It has been observed that many farm tractors, vehicles, and motorized equipment while upon the roadway are so designed or pulling other vehicles and equipment that the operator is unable to ascertain the approach of traffic from the rear. Under such conditions these vehicles and equipment should have a rear view mirror like on a truck and bus enabling the operator to see the approach of traffic from the rear. However, in many instances where there were no such obstructions in rear of the operator, it has

Former Crowell Resident Died in Lubbock Last Week

Mrs. John Tyson, 75, of Lubbock, a former Foard County resident, died in Lubbock last week. Funeral services were held Saturday at the First Methodist Church in Lubbock.

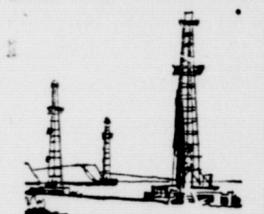

The former Miss Sue Eubank, Mrs. Tyson was a sister of the late Mrs. A. Weatherall and Mrs. Pete Campbell of Crowell. Her son, Paul, is well known in Crowell, having constructed a number of new houses here in the last few years.

Attending the funeral services from Crowell were Frank Weatherall, Bill Marts, Mr. and Mrs. John Cogdell, Mr. and Mrs. Chas. Merriman and Mr. and Mrs. Archie Campbell.

Must Be Bad

"Representative Lesinski, represents a large part of the industrial area of Detroit, is backed by the United Automobile Workers, is an avowed liberal, and has the record in Congress to back his liberal contentions. Here is what he had to say about the civil rights bill now before the United States Senate . . . 'I am in full accord with the basic intent of the measure to guarantee the civil rights of all our citizens, but I believe that in the long run the methods in this bill by which that intent is to be carried out will be detrimental to everyone's freedoms.'"—Covington, Tenn., Leader.

"The Mystery of the Missing Vehicles" Baffling to Officials

The "Mystery of the Missing Vehicles" has been baffling Texas Highway Department and police officials for a long time.

Each year approximately 17,000 automobiles are stolen in Texas. Most are recovered eventually, but a relatively large number—about nine per cent—never are found. They seem to vanish, like the vapor trail of a high-flying jet.

"We don't have even a single clue," says R. W. Townsley, Director of Motor Vehicle Division, Texas Highway Department.

Townsley is a member of the Texas Police Association's Major Crimes Committee. The committee is holding seminars around the state to enlist the aid of small-town officials in watching for these and other stolen vehicles.

Police statistics show that an automobile is involved in over 90 per cent of major crimes committed in Texas, and it is through license plate identification that many a car has been traced and criminal apprehended. Hence Townsley's place on the committee.

None of the missing vehicles—in toto or in recognizable part—ever have turned up in Texas or in any surrounding states. It's as if they never had existed.

Usually, stolen vehicles turn up somewhere, Mexico, for instance. But our neighbors south of the border haven't uncovered even one of the missing cars.

Searching of junk yards has proved fruitless, too.

The wrecking yards are checked anyway by Department personnel. It's just policy. Current plates on wrecked automobiles are picked up by THD field men and destroyed on the spot, says Townsley, to prevent reuse of stolen automobiles.

Until 1961, scrapped cars—complete with plates and negotiable ownership papers—could be purchased for \$50. To prevent both plates and papers from falling into the hands of auto theft rings, the Texas Legislature passed a law in 1961 requiring each salvage yard operator in Texas to remove immediately the current papers from any vehicle purchased as salvage. The plates and papers are then kept under lock and key until claimed by the Highway Department.

"We pick up an average of 10,000 titles and 3,000 current license plates per month," reveals Townsley.

Meanwhile, officials of the Tex-

Card of Thanks

To the doctors, hospital staff, friends and neighbors, we would like to say thank you for every nice thing that was done for us during my stay in the hospital and since I have been home. We have appreciated it very much.

Mrs. R. J. Owens. pd.

Card of Thanks

I want to thank Dr. Kralicke and Dr. Stapp for their patience and kind treatment, and all the hospital staff for their care. The food is wonderful. I would also thank my friends for the cards, flowers, gifts and visits and prayers and to those who cleaned our home; thanks to you who cared for Grover. The people and God have been so good to us. We say by and come again. Love,

Ruth Cole.

Pioneer Circle

A program on the theme, "Our Later Years, a Time for Responsible Living," was presented at a meeting of the Pioneer Circle of the Woman's Society of Christian Service Monday afternoon at Mrs. Fred Wehba's home.

The leader was Mrs. Lewis Ballard and the program was opened by singing two songs, "Amazing Grace" and "I Need Thee Every Hour." The leader used for her call to worship scripture, I Timothy, chapter 5, verses 1-8; then Mrs. Wehba led in prayer.

"How to think of and treat older and handicapped friends" was presented in an informal discussion by Mrs. Clarence Bounds, Mrs. Allen Sanders, Mrs. Frank Flesher and Mrs. J. N. Ribble.

Refreshments were served by Mrs. Wehba to eight members. Prayer dismissed the group.

There will be a business meeting Monday, June 8, at 3 p. m. for all three circles of the church.

POLITICAL PROMISE

... voters are a little cynical days of political platforms promises. However, the Olney prize calls our attention to promise the candidate has kept to keep. The Olney editor is worth repeating:

... someone has said that a political campaign platform is like a dress—used only once, even then it sometimes flies colors.

... ally enough, that is often case. Many politicians come attractive and pleasing terms solely for the purpose winning votes, then forget their promises after the on.

... George Corse Jr. of Young is not one of these. Two ago he campaigned for the of Young County school on a very unusual rm. His basic premise in ace was that the office is al and unnecessary. He ed, if elected, to use his sal- rom the office to finance a ain in the Texas Legisla- to have the post abolished ties where it is unneces-

... it is unusual to hear of n trying to destroy his own, but that is what George did. After winning the superintendency, he went

to Austin and lobbied long and hard in the Legislature. He managed to get a county superintendent abolition bill passed in the House of Representatives, but the measure failed in the Senate. Corse fulfilled his campaign promises by doing all he could to abolish the office.

George Corse Jr. is to be commended for his deep sense of responsibility in carrying out his campaign promises. May his efforts be fruitful and may all other politicians follow his example.

Plans Approved for Summer Reading Course June 11-July 30

Plans for a summer story hour were approved at a meeting of the Library Committee Friday, May 23, in the court house.

The story hours will be held each Thursday at 9:30 a. m. from June 11 through July 30 on the court house lawn. The plans include stories for two age groups at each weekly session, one for all pre-school children (including those who will be in first grade in

September), and one for children who attended first, second or third grade this year.

Among the helpers will be the members of the Sub-Junior Adelphean Club. Refreshments of punch and cookies will be served, following the custom of previous years.

Mrs. Glyndon Johnson is in charge of plans for the story hour. Mrs. Robert Kincaid, Library Committee chairman, presided at the meeting. General plans for the coming year were discussed and eleven rules were adopted by the committee.

The committee voted to continue the membership fee of \$1.00 per year and 35 cents for children's summer reading with fines of five cents per day for each overdue magazine or book. Fines must be paid before checking out other books or magazines.

A complete list of the rules will be posted in the library soon and the rules will be included in the library handbook which is being written under the direction of Mrs. L. A. Andrews.

Those present included Meses. Johnson, Kincaid, Andrews, Newell Hofmann, Glen Halsell Jr., Veatrice Brock, D. R. Magee and Duane Johnson.

West Side H. D. Club

Mrs. L. G. Simmons was hostess to the West Side Home Demonstration Club in the home of Mrs. N. A. Nichols Tuesday, May 26, with Mrs. C. S. Wishon, president, presiding. Mrs. S. H. Ross gave the opening exercises. The program was given by 4-H'ers, Jean and Joe Ray Burkett and Paul Stapp.

Jean and Joe Ray gave a demonstration on "eating habits." Jean said, "Correct eating habits can improve your health, complexion and also your disposition." Joe Ray added, "it can also improve your sports."

Paul gave a very interesting demonstration on birds. In Texas there are 542 species of birds, more than in any other state. There are only a few birds that stay here all the time, and most birds migrate. The hummingbird is the smallest bird and can fly 60 miles per hour. It is the only bird that can fly backward. The wren and sparrow are the next smallest. There are 7 or 8 types of sparrows here.

The whooping crane is the second rarest bird and has been known to migrate as far as 2500 miles. There are only half as many owls as crows. The owl makes no noise in flight. The horned owl is the only owl that does any harm. The other owls are good to catch rodents and other harmful things and are helpful to farms. Ducks usually fly between 35 and 40 miles per hour, according to Paul, a very interesting bird watcher.

Jean Burkett received the gift. Refreshments were served to 11 members and guests: Jean and Joe Ray Burkett, Paul Stapp, Nancy Archer and Mrs. Nichols. Next meeting will be June 9

in the home of Mrs. E. H. Shrode. Mrs. Homer Ketchersid will give the program on home freezers.

Riverside H. D. Club

"What's new in the new homes" was given by Mrs. Sam Kuehn for the opening exercises when the Riverside Home Demonstration Club met in the home of Mrs. Henry Bice.

Mrs. H. L. Ayers conducted the business meeting at which time the club voted not to meet any more until September, due to the busy season.

The program was given by two 4-H girls, Jean Burkett and Charlotte Drabek, and was very interesting and enjoyed by every one present.

Delicious refreshments were served to ten members and four visitors, Mrs. Charley Drabek and daughters, Charlotte and Theresa, and Jean Burkett, all of Crowell.

T. E. L. Class

The T. E. L. Sunday School Class of the First Baptist Church met in the home of Mrs. Doyle Callaway May 28 with 10 members present. Mrs. Jewel Solis brought the devotional, with scripture taken from the Sermon on the Mount. Mary Moore led in prayer. The president, Mrs. C. L. Cavin, conducted the business session. Group report was given by Mrs. Arthur Sandlin. Mrs. Mae Solomon led the group in a game. Mrs. C. H. Powell closed the meeting with a prayer. Refreshments were served by Mrs. Callaway.

Two Minutes With the Bible

The Quarrel in the Tool Shed

A quarrel is supposed to have developed in a tool shed one night, after the building of a beautiful new home. It began when one of the tools, a plane, remarked how nicely the woodwork had been finished, and practically claimed to have built the whole house.

"Why?" exclaimed the saw, "You couldn't even begin to plane that wood until I with my sharp teeth—see this fine row of teeth?—saved them into the proper lengths."

The hammer, of course, was offended at both their remarks and fairly shouted: "Shame on you both! How far would you have gotten without me? You would have left a pile of boards, had not I, with my straight, heavy blows nailed each board into its proper place. The truth of the matter is that the whole house was practically built by me."

It wasn't long before the square, the chisel, the level and half a dozen other tools were in on the argument and the whole thing seems to have ended up with everybody angry at everybody else.

This, of course, is only a story which human beings tell about tools, but the interesting part of it is that it is only human beings who indulge in such foolish boasting. This is one reason why God will not allow anyone ever to get to heaven by good works. See what He says in His Word:

"For by grace are ye saved, through faith; and that not of yourselves: it is the gift of God; not of works, lest any man should boast" (Eph. 2:8,9).

This is important. We cannot pay or do anything to gain an entrance into heaven. We must receive eternal life as the free gift of God, through Christ who died for our sins.

"For the wages of sin is death, but the gift of God is eternal life through Jesus Christ our Lord" (Rom. 6:23).

Still a Lot of Disasters on the Road

The safety manager for American oil company says, for mile, highway travel is three times safer than it was years ago and twice as safe as was 15 years ago. That is news, but there is still a disaster on the road. An automotive safety record is improved even more—no horror and hysteria—by the scientific application of the principles of safe driving.

From the News . . .

THIRTY YEARS AGO

News items below were taken from the Thursday, June 7, 1934, issue of The Foard County News:

Casing that has stood for 23 years in an oil test within three-fourths of a mile of the court house square is now being removed by H. R. Faubin of Electric.

Henry Teague returned to Crowell last Friday after spending the past three and one-half years at Flagstaff, Ariz. Last week he received his A. B. degree from Arizona State College at Flagstaff.

A total of 179 children have enrolled in the Daily Vacation Bible School that is being conducted in Crowell through the cooperation of the Methodist, Christian, Baptist and Presbyterian Churches.

The measuring of wheat land is well underway, according to reports from the county wheat committee. Three measuring crews are working in the county at present.

One of the latest products for increasing the comfort and guarding the health of occupants in public gathering places has been installed this week by the Rialto Theatre. It is a "West Sanitor Vaporizer." With the use of this machine, together with the theater's regular cooling fan, moist and slightly perfumed air is kept in circulation which also does much in reducing the temperature inside the building.

Miss Irene Patton received her bachelor of science degree last week at Sul Ross State Teachers College at Alpine.

Misses Violet and Pansy Atchison received bachelor of science degrees at Abilene Christian College last week.

The first load of 1934 wheat arrived in Crowell June 1. This first load was brought to Crowell by Dwight Campbell from his farm 3 miles east of Crowell.

Miss Marjorie Schooley became the wife of Bill Middleton Wednesday afternoon at 5 o'clock at the residence of the bride's parents, Mr. and Mrs. A. T. Schooley.

Wm. Cates, who has been employed in Washington, D. C., for a year, has returned to Crowell for a visit.

Moody Bursey of Black went to Thalia Friday to work through the threshing season.

Fred Priest, who sustained a broken bone in his foot recently while playing ball, is doing nicely.

Most people in the Margaret community are busy canning vegetables for their winter supply.

Mr. and Mrs. Cone Green left Monday for their home at Leveland.

Miss Mildred Cogdell spent several days last week in Waco.

Mr. and Mrs. Claude Brooks of McLean are visiting here.

Want Men to Be Manageable in Units

Roger W. Babson says: ". . . politicians and labor leaders want men to be manageable in units. Their goals can be far more easily achieved if individualism can be submerged . . . In America's a-borning period, the rugged individual never let his private convictions be smothered by the group judgment of a committee, a board of directors, or even a political party. A man believed that 'one with God is a majority.' Democracy came from many hours of 'cracker-barrel' discussion in country stores where quiet reigned. Thinking requires quiet, and time enough to relax and chew things over.

Helpers Are Many

There are 190 million Americans, and to serve each 1,000 of us there are 1.2 doctors, 1.1 lawyers and judges, 4 gas station operators, 4 telephone workers; and to serve each 1,000 of us there are 13 Federal civilian employees. Uncle Sam's helpers are many.

School Dropout Percentage Highest in Grades 9 and 10 Sixty-four per cent of all school dropouts occur in grades 9 and 10, says Patsy Reynolds, Extension Service family life education specialist at Texas A&M University.

Another 34 per cent of school dropouts take place in grades 11 and 12, she says. This is the age when young people want to be free of authority and earn their own support.

Dropouts aren't necessarily less intelligent than their schoolmates. Many factors enter into their leaving school. A major one is parents who place little value on education.

"The dropout usually doesn't achieve in the classroom, is irregular in attendance, gets along poorly with his teacher, resents school authority, and may be 2 years behind his age group in the classroom.

What happens when the dropout looks for a job? The unemployment rate for those 16 to 19 years of age is 24 per cent, compared to 16 per cent for all age groups. When he surveys his friends who did graduate, he finds that nearly twice as many in his age bracket had jobs in 1962.

Employment in the professional and technical jobs which require advance education increased 47 per cent in the last 10 years, while employment in the laboring jobs requiring less education decreased 10 per cent in the same period. The future does not look bright for the school dropout and his family, the specialist said.

A Six Flags Spee-lunker musician gets an inspection of its weird coiffure by glamorous Donna Douglas (better known as television's Ely May Clampett) during a premier showing of the newest Six Flags ride... the Spee-lunker Cave. The Spee-lunkers have already taken over the operation of the Park's newest creation, which was coincident with Six Flags' beginning of its daily operation on June 1.

THE SPEE-LUNKERS CAVE READY FOR SIX FLAGS SUMMER SEASON Six Flags Over Texas newest project, "The Spee-lunkers Cave" will be open to visitors on June 1, the day the Park officially commences its summer daily operation schedule.

Costing \$300,000 the unique creation is the brainchild of Six Flags art director Randall Duell. Construction on the 600 foot man-made cave has been underway for eight months and some 60 engineers, artists, electricians and special effects technicians will wind up their efforts next week.

The Cave has been termed "a marvel of man's imagination, engineering and animation" by newsmen who inspected the three-quarter finished project last week. Miss Donna Douglas, star of the Beverly Hillsbillies TV show was also present for the tour and saw first hand the strange 30-inch high animated Spee-lunkers who inhabit the cave.

"Visitors will journey through the Cave," explained Mr. Duell, "aboard round Indian Bull boats. Inside the Cave it's completely dark save for the special fluorescent lights and paint which bring about a fascinating display of the secrets to be witnessed by the visiting 'explorers.' The boats are propelled 3 1/2 feet per second by the force of the water through the use of two centrifugal pumps which are rated at 1,800 gallons per minute.

"A colony of 28 Spee-lunkers operate the Cave and being most talented little people, they are able to play instruments, do the 'Twist,' make rock candy from cave crystals, play cards, engage in turtle racing and absorb nourishment from their cave air by osmosis through their oversize ears.

"Also inhabiting the cave are huge lobsters, flying bats, trees that dance the 'Twist' and a broken hull of a sunken ship whose crew still carries on some of the skylarking activities that most sailors engage in at one time or another.

"The ride culminates in a terrific storm at sea in the cave where the wind hits 35 knots per hour and the water is turned into a froth. Lightning flashes across the Cave and visitors are subjected to all of the feelings and anxieties of a storm at sea."

The entire project was built on the premises at Six Flags and the extraordinary talents of man in creating fantasy are brought into full focus by the Spee-lunkers Cave.
