Wildkittens Win District Football Championship

The Crowell Wildkittens gave the local fans a picture of things to come, when they copped the District 11A Grade School championship here last Thursday afternoon by defeating the Archer City Grade School team 42 to 40 in a play-off game for the crown.

Archer City won the eastern half of the district, and Crowell the western half. This was the Wildkittens' first conference championship since 1957.

Coaches Gordon Ervin and L. E. Wall used their entire squad during the last half. They had built up a 30 to 6 lead by half-time.

Crowell's three backfield horses, Lee Looney, Mike Payne and Don Bernard, piled up 246 yards on 24 carries. This was a 10-yard average. Each of these boys scored at least one touchdown. Two of Crowell's TDs resulted from passes thrown by quarterback Steve Gray to left end Jackie James for 20 yards and 18 yards.

Quarterback Bill Holder passed for all three of Archer's touchdowns. Right end James Adams caught one, and halfback John O'Donohoe the other two. One of O'Donohoe's catches came on the second play of the game.

Crowell's starting line looked about as good as the backfield. Jackie James and Doyle Goodwin, ends; Tommy Carpenter and Bob Bird, tackle; James Welch and Ronnie Evanson, guards; and George Myers and Steve Bell, centers. Other Crowell boys playing in this game were Don Statser, Steve Weathered, Tommy Kajs, Larry Everson, Mike Nichols, Randy Simmons, Edward Mechel, Van Wisdom, Michael Eubanks, Larry Taylor, Ben Quintero, Joe Ray Burkett, Gary Toic, Rockne Wisdom, Larry McBeath, Carl Chappell, Dale Bradford and Alvin Wheeler.

Basketball Teams Win Two Games Monday Night

Crowell High School won a double-header in basketball here Monday night against the Knox City teams. The girls won 51 to 42, and the boys copped a 50 to 32 victory.

This was the Crowell boys' first game of the season. The Knox City boys had not worked out thus far this season due to an extended football schedule. The following boys played for Crowell: Dale Doyal, Ken Ferguson, Jimmy Pendergraft, Kenny Ownbey, Dan Mike Bird, Sammy Hudgens, Mike Gamble, Kenneth Carroll, and Steve Kralick.

The Crowell girls' victory made it four wins out of six games played thus far this season. Crowell girls playing in this contest were Clona Brown, Evelyn Faskie, Betty Kajs, Barbara Bell, Scherry Goodwin, Carolyne Eubanks, Jo Wynn Ekern, Mary Ramsey, Linda Whitley, and Suella Smith.

The Crowell boys have enough height in Ferguson, Doyal and Pendergraft to control the backboards this season. Ownbey, Bird and Hudgens are fairly good on floor play. The girls' offensive threat is led by Clona Brown, who scored 36 points Monday night. Evelyn Faskie and Betty Kajs are also fair around the basket. Barbara Bell, Scherry Goodwin, Evelyn Eubanks and Jo Wynn Ekern have been looking good on defense.

Both of these teams play here again next Tuesday night when the Lockett boys and girls offer opposition.

Communism Threatens Our Freedoms

How many times have we thought about all of the freedoms that we enjoy? Why are these freedoms taken for granted? If the time should come, would we be prepared to defend these freedoms? These are questions that each citizen of the United States should ask himself; all require some serious thinking.

When our forefathers fought for our freedom, they had but one thing in mind. They knew what it was to be slaves and servants, and they felt that they must gain freedom for their children and their children's children. Many lost their lives to give us freedom today. The men who wrote the Constitution of the United States knew that it would be threatened over and over again. This was the prime reason for the Bill of Rights. Most of us don't really notice all of the freedoms that we do have, but if we knew how little the freedom of people living under Communism was, compared to ours, then maybe we would be a little more thankful.

Too many of us take for granted these, our freedoms. The world is in a critical crisis. Our freedoms are being threatened, but how many of us realize this?

Communism has been threatening our freedom for years. If the Communists took away our freedoms, we would belong to the state, and we would be forced to work for the benefit of the state. Our children would be sent to school to learn to think the Communist way. The Communist strategy is to train young children in Communist ways of thinking and never to let them learn about democracy; in this way they plan to conquer the world.

We say that we are ready to defend our freedoms and our country. Are we? Are we prepared for a third World War? Do we know all the facts of Communism? In 1958, Vice President Richard Nixon went to Moscow to meet Chairman Nikita Khrushchev in the Kitchen Debate. Mr. Nixon told Mr. K. that everything he said would be translated and repeated in the United States. Mr. K. told Nixon the same would be done in his country. Americans heard the debate; Russians did not. Are we ready to live under Communism? — Scherry Goodwin.

Sports

Sports activity was rather on the downgrade last week. The girls basketball team decided it was not beneath their dignity to journey to Harold where they gained a solid victory over those feminine "thump-thumpers."

On the home scene, the Crowell Grade School admitted the Archer City Wild (?) kittens into their den and then chased them out with a roaring 40-18 victory, thus winning the District 11-A Grade School football championship. Such regular season standouts as Leeping Lee Looney (I also can alliterate), Tommy the Tank Carpenter, Steve Gray (you figure out a nickname.) Mike Payne, and Don Ray Borchardt, (that's right, another Borchardt) were very much in evidence. Congratulations, Grade School.

Congratulations are due Dale Doyal and Larry Henry for making all-district.

Otherwise, sports activity was limited to hedgehopping (explained at a later date) and a few heavyweight matches at the Dairy Bar. With this high note, ole Fitz'll sign off.

Senior Personality

If you read the sports news, you are probably already well acquainted with this week's senior personality.

You guessed it, this 190-lb. "weaking" is our own Dale Doyal.

Dale's favorite food is Southern fried chicken. His favorite actor is his idol, ole John Wayne. The hardest subject for this lad is English; his easiest subject is bookkeeping.

In Dale's leisure hours, he enjoys riding around in his "little black bomb."

Dale has many influences, such as his mother, his church, and last but certainly not least, his girl—Elaine Crowell.

He has been offered a four-year football scholarship at Tech; there he plans to major in motor mechanics.

Best wishes, Dale.

Sophomore Spanish Supper

Dennis, what were you hiding Saturday night?

Terri, what is your favorite song?

M. L., Mr. Traweck would appreciate it if you would talk to Judy at school. After all, twelve is a little late for a school night discussion.

Broken steady—Pat and Barry. M. L. and Charles, what made your lunch hour so long Wednesday?

Bob and Judy T., we hear you've discovered a way to make safety belts safer. Two in one!!

What freshman girl seems to be

giving everyone trouble, especially on Saturday night?

New triangle of the week is Paula-Woody-Kathy W., or is it Barbara-Jon Lee-Linda W.?

Wisdom, Arlie Cato, Roland Taylor, Harold Banister, Havis Capps, J. D. Miller and Wade Corzine.

Thalia Water System Dedicated Thursday
 (Continued from page 1)
 dren for allowing the town to drill the water wells on their land. Thanks were also expressed to Mrs. R. H. Cooper for a drawing of the Thalia water tower which she had made and hung on the stage. Ed Cates furnished the public address system for the program.
 Several of the contractors and sub-contractors on the project were then recognized; Jack Rogers of Vernon, who did the plumbing; L. Jack Rogers, Vernon, who did the concrete work; Robert Dals, Vernon, who drilled and completed the wells; Bubba Moore, Vernon, electrician; Tom Gillespie, general contractor; and Joe York, assist- ant to the contractor.
 Ney Sheridan, attorney for the water corporation, was then intro- duced. In his remarks, Mr. Sheri- dan stated that in all the talk of bureaucracy and federal spend- ing, some of the money spent by the federal government will be repaid—such as the \$115,000 loaned to Thalia.
 Foster Davis, who drew up the easements involved in the water system, was not present, but was thanked for his work.
 Ed Biggs of Wichita Falls, the engineer who laid out the water system, was introduced and in his remarks, said that Thalia had set

a record for the speed with which the water system was installed. He also said that Cecil Carpenter will serve the town as water su- perintendent and will read the meters each month.
 Misses Patricia Cates and Mary Ann Ramsey then sang "Without a Song," accompanied by Mrs. Ramsey.
 W. S. Heatly of Paducah, State Representative from this district, was next introduced and Rep. Heatly offered his congratulations and good wishes.
 Others then introduced were F. O. Smith, F. H. A. representative from Vernon; Oris Bruner, area F. H. A. supervisor from Sey- mour; J. M. Maddox of Tipton, Okla., office of the R. E. A.
 Representing the State office of the Farmers Home Administra- tion was Hoyt Gaston of Temple. In his remarks, Mr. Gaston said that Thalia was one of 27 com- munities in Texas who had taken advantage of FHA loans for new water systems. Of the \$1,923,000 loaned by the FHA in Texas, no payments were in arrears, and most of the communities are ahead in repaying their loans. He noted that every one of the 27 com- munities who have put in a water system, all of them have grown with many new homes and two new churches being built.
 At the present time, 36 towns have applied for loans such as that Thalia received, and 8 new systems are under construction.

Mr. Gaston said that the FHA has loaned a total of \$631 million in Texas for all purposes, and 93.78 per cent of that amount has been repaid.
 Rev. Noah Armprister, pastor of the Thalia Methodist Church, closed the program with prayer.

Polling Places Named for Cotton Vote
 (Continued from page 1)
 and must reach the county office for the county in which the pro- ducer is eligible to vote by 6 p. m., December 11.
 Chairman Hysinger explained that every effort has been made to inform farmers fully about the allotment-quota program so that the outcome of the referen- dum may represent the considered opinion of all the voters. Farm- ers eligible to cast ballots are all those who engaged in the produc- tion of upland cotton in 1962. This includes those farmers whose 1962 cotton history acreage is protected by participation in the Soil Bank, released acreage or preservation. If the husband is eligible to vote, the wife is eli- gible. Approval by at least two- thirds of the growers voting is necessary if quotas are to go into effect.
 Issues to be decided in the Dec. 11 referendum are (1) quotas or no quotas, and (2) the level of price support to be available for the 1963 upland cotton crop.
 If the vote is favorable, quotas will be in effect for the crop— with penalties on any "excess" cotton produced on a farm, and price support to growers who com- ply with their farm allotments will be available at a level of from 65 to 90 per cent of parity. If the vote is not favorable, there will be no quotas or pen- alties applicable to the 1963 up-

land cotton crop, and price support to cooperators will be a per cent of parity, as directed by law.
 Department of Agriculture officials have pointed out that, if the Administration plans to commend new cotton legisla- tion early in 1963, it is anticipat- ing that such legislation would implement rather than substan- tially change the basic program in the December 11 referendum.

Quail Reported Scarce as Hunters Take to Field
 Hunters who went out after the quail on the opening of the season last Saturday morning found the going real wet and the birds fewer than anticipated earlier in the fall.
 A heavy growth of weeds and grass and some of the cover still green made hunting without a dog even more difficult.
