NUMBER 45

THIRD YEAR

## F. M. 262 North of Thalia to Be Lengthened 2.3 Mi.

The Texas Highway Commission this week approved the expenditure of \$40,000 for construction of a new Farm to Market Road in Foard County extending from the end of F. M. Road 262, two miles north of Thalia, north to F. M. Road 98, District Engineer V. J. McGee of Childress announced Monday.

Mr. McGee said 2.3 miles in this county will be involved. The work will be under the supervision of Howard W. Bartley, Senior Resident Engineer of Quanah.

The work authorized for this county is part of the new \$23.5 million FM Road Construction program just announced by the Texas Highway Commission.

The annual Farm to Market Program this year will build more than 1,000 miles of Farm and Ranch to Market Roads in 169 Texas counties. The Commission authorized a total package of 232 projects financed for construction by the action.

## \$294,696 in Social Security Paid in County Last Year

More than 400 residents of Foard County are now receiving a monthly social security check, according to figures released by Erton F. Tate, Wichita Falls, social security district manager.

Mr. Tate's report listed the number of Foard County beneficiaries as 442 at the end of 1963, an increase of 14 over the corresponding figure at the beginning of 1963. The dollar benefit amounts total more than \$294,696.00 yearly.

Retired workers are the largest single group of social security beneficiaries in the county. There are 252 in this group and their old-age insurance benefits total \$16,522.00 monthly. There are a total of 100 wives or husbands as beneficiaries receiving a total of \$3,333 each month. Thirty-three widows or widowers in the county receive a total of \$1,837 per month; forty-two mothers and children are receiving a total of \$1,725 each month; and 24 disabled workers and dependents receive a total of \$1,500 a month.

In releasing the figures, Tate pointed out that the social security benefits are important to the community as well as to the people who receive them. "It is a fact," he said, "that almost every dollar of social security benefits coming into the county is spent each month in local businesses for food, clothing, shelter, and other essentials. In this way, the benefits have a stabilizing effect on the local economy."

Tate forecast that the number of social security beneficiaries will continue to increase in the future, but at a much slower rate than in the past ten years. He said that nationally, the social security benefit rolls increased from about 5 million people in 1954 to more than 19 million in 1963. This rapid growth in the beneficiary population resulted from major amendments to the Social Security Act from 1950 through 1961. He cited several amendments which extended social security coverage to self-employed business and professional men, farmers and agricultural workers, and other groups. As a result, several million people whose work was brought under social security are now receiving benefits. Others qualified through amendments which reduced the amount of work needed to get benefits. One change—lowering the age at which older people can get benefits from 65 to 62—accounts for 1.8 million out of the 19 million people now entitled to benefits. The amendments also introduced a new protection under social security—Disability benefits—and 1.5 million disabled workers and their dependents now receive benefits under the disability provisions of the law.

Francis J. Stevens is the field representative who serves Foard County. He visits Crowell on a regularly scheduled basis.

## \$8,600 in Savings Bonds Sold Here First Three Months of 1964

Savings Bond sales for the first three months of 1964 in Foard County totaled \$8,600.00. Of this amount, \$1,963.00 were purchased in March, according to a report released by George Self, chairman of the Foard County Savings Bonds committee. The total for the year is 9.5 per cent of the 1964 Foard County goal of \$90,000.00.

Sales in Texas for the first quarter of 1964 amounted to \$16,181,153, which represents 26.6 per cent of the state goal of \$150,000,000.00.

"On May 1 the new \$75 Series E Savings Bond, bearing a portrait of the late President John F. Kennedy, went on sale. Beneath the portrait of Mr. Kennedy appears the words from his inaugural address, 'Ask not what your country can do for you, but ask what you can do for your country.'"

"This new bond will fill a gap in the lower denomination range of Savings Bonds. The issue date of May 1 is also the twenty-third anniversary of the issuance of the first Series E Bond," Chairman Self reported.

### McLain Announces Field Demonstration of 4-Wheel Drive Tractor

McLain Farm Equipment has scheduled a public field demonstration on the new 4-wheel drive Case 1200 Traction King tractor. The date has been set for Thursday, May 14, one mile east of Crowell.

Designed to trim production costs on large-acreage tillage operations, the new Case 1200 with an 8-bottom plow will handle 10 to 65 acres a day, chisel plow 100 to 150 acres or one-way plow 150 to 200 acres a day, according to Bud McLain.

"The new Case 1200 puts big 8 to 10 plow power to full use with 4-wheel drive, 4-wheel flotation and uniform weight distribution," Mr. McLain says. "All the power in the world won't do you much good if you can't hold your footing. With all 4 wheels of equal size and all pulling an equal share of the load, wheel slippage is kept at a minimum. The advantage is particularly noticeable in loose soil, mud or slick soils."

To provide maximum maneuverability and precision control of implements, the new Case 1200 features "4-wheel steer" with independent hydrostatic power steering of both front and rear wheels.

The engine is the same heavy-duty 451 cu. in. Case diesel that has been used for five years in the company's big industrial wheel loaders. Operator comfort and control is "next door to luxury," according to the manufacturer.

Mr. McLain extends a cordial invitation to all interested farmers to attend the field demonstration Thursday, May 14.

### Here's Some Starting Salaries for Spring College Graduates

Starting salaries for prospective college graduates are of concern to many young people this spring.

Here's information about beginning average salaries being offered to male college students who receive a bachelor's degree this year. It should be of interest to many Texans, says Mrs. Wanda

With a few exceptions, the industry making the most job offers also was providing the highest salaries. For instance, electrical engineering students were offered 647 jobs from the aircraft and space industry with an average monthly salary offer of \$633. The high was \$692, the low \$574.

If the same students were interested in working for the electrical machinery and equipment industry, the number of jobs available would be 226 and the salary average would be \$619.

The aircraft and space industry ranked highest in the number of job opportunities for five of the technical curricula.

Average beginning monthly salary offers quoted include: humanities and social sciences, \$452; marketing and distribution, \$459; business, \$453; accounting, \$538; metallurgical engineering, \$600;

civil engineering, \$607; industrial engineering, \$610; mechanical engineering, \$617; chemical engineering, \$612; physics, chemistry, math, \$617; aeronautical engineering, \$628; electrical engineering, \$633.

In humanities and social sciences job offers were more evenly divided among all the categories of employers. The highest number—32 offers—came from banking, finance and insurance, with an average salary of \$452. From the merchandising—retail and wholesale—field came only 27 offers, but the average salary was a little higher—\$468.

Not too many years ago, we actually had integrated audiences in Mississippi—and thought nothing of it. At many white athletic events, special sections were reserved for Negro spectators . . . and at many Negro events, special

sections were reserved for friends. We can personally identify local Negro groups presenting programs in our local churches. This writer has personally observed worship services in several Negro Churches. But these things are not done. We humbly suggest that citizens should ask themselves "Why?"—West Point, Times-Leader.

### Rural Carriers to Distribute June Livestock Survey Cards

Postmaster Ted Reeder reminds  
rural patrons of the Crowell Post  
Office to be on the lookout for  
June Livestock Survey cards. Next  
week, mail carriers will leave sur-  
vey cards in a sample of boxes  
along their routes.

"USDA bases livestock and  
poultry estimates on replies to  
this survey," Mr. Reeder explains.  
"It is important for everyone who  
gets a card to fill it out and re-  
turn it to the carrier. This way,  
USDA gets a representative sam-  
ple of the area's livestock and  
poultry holdings.

Carriers assisting with the sur-  
vey are Mrs. Merle B. Holland,  
Paul W. Wallace and B. F. Gray.

Survey cards will be forwarded  
to Cary D. Palmer, State Agricul-  
tural statistician in Austin. After  
adding and analyzing these cards,  
USDA statisticians are able to es-  
timate the state's milk production,  
calf and pig crops, lamb and wool  
crops, and the number of hens

and pullets.  
"Information from this survey  
will guide livestock and poultry  
producers in making important  
business decisions," Mr. Reeder  
concludes.

### After Tulip Time

How were your tulips and hya-  
cinths this year?  
If you didn't get as many large  
blooms as usual, they probably  
need replanting. A few small flow-  
ers are a sign of overcrowding.

Virginia J. Hseng, County H.  
D. Agent, suggests you wait until  
the leaves turn yellow before dig-  
ging the bulbs. To be sure they  
are ready, uncover a few without  
disturbing them. The bulb coat  
should be light brown.

Keep the bulbs out of direct  
sunlight, particularly just after  
digging. Spread them in shallow  
trays and dry them in an airy,  
shaded spot.

When the outer scales are dry,  
move the bulbs to a cool, dry  
dimly-lit area—your garage or  
cellar. Be sure not to leave any  
soil on the bulbs during storage.

Check them at least once a week  
and remove any bulbs that are  
rotted or diseased.

In early fall—when the bulbs  
are dry—separate those that have  
formed clumps. But don't forcibly  
tear apart any that are not dry.  
Plant the bulbs no later than  
September in the north and late  
October in the south. You can  
plant tulips and hyacinths until  
January in areas where the ground

is not frozen, but you get better  
results from an earlier planting.

"A midwestern man plans to  
ride his Hereford bull across the  
United States, from Fort Frances,  
Ont., to Galveston, Texas. He has  
picked a crowded year for his  
stunt. Many a politician is trying  
to do the same thing."—Brownsville, Pa., Telegraph.

#### Students Bid Farewell

Students, the time has come to express our farewells to many things concerning school. Some farewells will bring joy; others, sadness.

It will be marvelous to kiss these books good-by, to trudge up and down those stairs for the last time, and to slam that stubborn locker door once and for all. Sorrow, however, comes at the thought of "adieus" to those who will not be in CHS next year.

As the French say, "C'est la vie!" (Thus is life). We must often part with friends, but we should be happy to have known them and to have learned many valuable lessons from them. Tenyson expressed his views on this subject in his poem, "In Memoriam." "It's better to have loved and lost than never to have loved at all."

### A Word of Appreciation

As sponsor of the Wildcat staff, I want to express my appreciation to the staff members for their cooperation and untiring efforts in the weekly publication of the high school news. I especially wish to say "thank you" for the charm bearing the words, "Wildcat Staff—1963-1964," which you gave to me.

The entire staff joins me in expressing appreciation to "The Kleppers" for allowing space for the high school briefs in the Foard County News.—Vera Manard

### Ensemble Presents Program

On Friday night, May 8, the high school ensemble, with additional numbers from Freddie Wehba and Clyde Bingham, presented the annual spring recital. The stage of the high school auditorium was set for a garden party. Rose bushes and a white picket fence entwined with ivy provided a background for the singers. Each vocalist presented two selections—one classical and one popular song. In addition to the solos, the girls ensemble sang six selections.

The music was under the direction of Mrs. Aurora Wright who has had choral classes in Crowell for the past two years. Those participating in the recital were Ella Ann Cates, Gayle Smith, Janelle Gray, Paula Sparks, Jon Ann Carter, Patricia Cates, Frances Cates, Scherry Goodwin, Mary Ann Ramsey, Freddie Wehba and Clyde Bingham. Accompanying the singers were Ella Ann Cates and Gayle Smith who also presented vocal numbers on the program.

### Seniors Honored With Luncheon

At 12 o'clock May 7, the Methodist Church was the scene of a luncheon given by the Methodist ladies honoring the seniors, the sponsors, Mr. Black and Mr. Welch, and the superintendent, Grady Graves.

Pink and white were the colors carried out in the attractive table decorations, favors and name cards.

First on the program was Betty Ann Welch singing "Graduation Day" and "The Lord Gave Me a Song," with Elaine Crowell playing the accompaniment. Sheri Speer then gave a clever oration based on "Jonah and the Whale." Judge Leslie Thomas gave an after-dinner speech pointing out that many valuable lessons can be learned from studying small animals.

Those present wish to express their appreciation to the Methodist ladies for a lovely luncheon.

### Moody Burseys Entertain Seniors

The home of Mr. and Mrs. Moody Bursey was the scene of a party honoring the Crowell High School seniors and the high school faculty Tuesday, May 5.

After serving refreshments consisting of delicious punch and dainty cakes, each decorated with a miniature graduate, Mrs. Bursey led the entire group in several "guessing games," highlighted by a game of "charades."

The senior class of 1964 and the high school teachers would like to express their appreciation to Mr. and Mrs. Bursey for such a lovely party.

### Senior Class Mothers Honor 1964 Seniors

The home of Mr. and Mrs. Bert Ekern was the scene of a baccalaureate tea given by the senior class mothers on Sunday, May 10, to honor the 1964 seniors. Other guests included the parents of the seniors and the high school faculty. Delicious refreshments were served by the senior mothers.

The members of the Crowell High school senior class would like to express their appreciation to the class mothers—Mmes. Bert Ekern, H. B. Sanders, Elton Carroll, Clarence Garrett, W. J. Garrett, Jack Hickman, Woody Lemons and M. M. Welch—for preparing this lovely tea.

### Coke Party Honors Jo Wynn Ekern

Mrs. Robert Kincaid and Mrs. Glyndon Johnson honored Miss Jo Wynn Ekern with a Coke party at the Adelpian Club house on Saturday, May 9. The guest list included the girls of the 1964 senior class and Scherry Goodwin and Ella Ann Cates.

After serving delicious cookies, sandwiches and Cokes, Mrs. Kincaid and Mrs. Johnson presented the honoree with a graduation gift.

### FFA Boys Honor Fathers

Last Thursday, May 7, at 7 p. m., the Crowell chapter of the FFA, under the direction of Mr. Myers, had their annual FFA Father-Son Barbecue at the VA building. About 45 guests and 40 members were present.

After the barbecue, Kenneth Campbell, FFA president, presented the following awards:

Chapter Farmer, highest award given in the four years of FFA, John Carl Borchardt; Star Greenhand, Lee Looney; livestock, Don Bill Statter; land judging, Jimmy Gillespie; dairy feeding and farm electrical maintenance, Johnny Robertson; farm mechanics, Larry Henry; farm safety, Tommy McRae; poultry judging, George Myers.

After the awards were made, a film, "The Earth Is the Lord's," was shown. Everyone enjoyed the event and the good food.

### Mother's Tea

Friday, May 8, at 3:30 p. m., the homemaking cottage was the scene for the Mother's Tea with Mrs. Kenner and members of the FFA honoring the girls' mothers.

Judy Little welcomed the guests at the door; each girl then presented her mother with a corsage of red or white carnations. The mothers were then directed to the serving table covered with a white cloth and centered with an arrangement of red roses and white carnations. Betty Welch and Elaine Crowell served punch and cookies. Gayle Smith furnished piano selections during the serving hours.

### Senior Personalities

The senior personalities for this week are Jerry Latimer and Nelda Chappell.

Jerry is the 19-year-old son of Mr. and Mrs. Floyd Latimer. He has brown hair and blue eyes.

His list of favorites include: color, blue; food, steak; subject, Vocational Agriculture; teacher, Mr. Black; actor, Paul Newman; actress, Sandra Dee; song, "Ring of Fire"; and pastime, hunting. His pet peeve is someone who thinks he is something that he really isn't.

Jerry recently won second place in the area, comprised of fifty-two counties, in the annual Soil Conservation essay writing contest sponsored by the Fort Worth Press.

Jerry's future plans are to work. We wish you the best of luck in everything.

The other senior personality, Nelda Chappell, is the 18-year-old editor of the Wildcat. She is the brown-haired, hazel-eyed daughter of Mr. and Mrs. Glenn Chappell.

Her favorites include: color, blue; food, shrimp; subject, bookkeeping; actor, Cary Grant; actress, Doris Day; and pastime, reading. She dislikes most to see someone mistreated.

Besides being editor of the school paper, she has been a member of the FHA, the Spanish Club, the Student Council, the pep squad and the annual staff. She has been an officer of the Library Club and the Sub-Junior Columbian Club. This year she was named Crowell Homemaker of Tomorrow, "Who's Who in English," and valedictorian of the senior class.

Nelda plans to attend Adams State College in Alamosa, Colo., next fall.

### Homemaker of the Month

Concluding the list of homemakers of the month is Suella Smith, the homemaker for May.

Suella has been invaluable to the local FHA Chapter, serving diligently as secretary this past year. She is very cooperative and always does more than her share of the work when she is asked to serve. Suella rarely, if ever, has missed a meeting. Our hats go off to Suella Smith!

### Dale Doyal Visits CHS

Pfc. Roger D. Doyal (Dale) visited CHS last Monday. Dale has completed his I. T. R. (Infantry Training Regiment) at Camp Pendleton, Calif., and is now stationed in the Third Marine Air Wing at El Toro, Calif. He will be on leave until May 29.

### This 'n That

## Your cash register Runs on Rural Electricity

How many sales did you make to rural residents yesterday . . . last week . . . last month? If you sell goods or services of any type chances are a good portion of your customers are farmers.

And they are good customers . . . thanks to rural electricity and the Rural Electric Co-ops of this state. Low cost electricity has done more than any other one thing to give the farmer extra money. Electricity freed the farmer from drudgery, enabled him to produce more crops with less work at a greater profit. But suppose you don't sell goods or services? You still benefit. Spendable farm dollars in your community enrich everyone, including you.

Local people originally built their electric co-operatives for one purpose only . . . to get the electric power they could not buy elsewhere!

## Has Right to Ponder Fate of Labor Leader

"The nation has a right to ponder the fate of the leader of its largest labor union, recently convicted by a jury of trying to tamper with another jury... It is difficult to believe that a majority of the million and a half members of the union can conclude that the jury which convicted Hoffa was fixed or unfair. If Hoffa has to serve his sentence, we suspect that in time the majority of Americans who make up the membership of the International Brotherhood of Teamsters will realize that they have been misled on the emotional question of loyalty and brotherhood, substituting this emotionalism for sober judgment and the good of the country and the democratic system we all enjoy."

**Mrs. Grady Graves to Retire as Teacher at End of Term**

by Virginia Shirley

Mrs. Grady Graves plans to end 27 years of school teaching at the end of this term.

In addition to being a teacher much of her life, she is the wife of the superintendent of schools here and the mother of two teachers. Her husband has resigned his position to take over his late father's insurance business in Stephenville.

Born on January 2, 1907, in Mineola, Texas, to the late Mr. and Mrs. Alfred Franklin Pegues, "Dannie" (as everyone calls her) completed high school in Big Spring. She met her husband-to-be when he was playing professional baseball during the summer of 1926 in Big Spring.

He was going back to the University of Texas for his junior year, and as a courtship had started, she went there for her freshman work. They married on Aug. 26, 1927, and came to Crowell a week later. Graves had accepted the high school principalship and athletic coach for Crowell High School, a position he held for 17 years until he was promoted to superintendent in 1944.

When Mr. Graves attended Texas A&M during the summers to finish his bachelor's and then complete his master's degrees, Mrs. Graves accompanied him. She, as a wife of a student, was able to take courses for credit at A&M, but had to have them transferred to another college in order to get her degree. She finished her undergraduate work and B. S. degree at Midwestern University in Wichita Falls.

Her first school was at Beaver Creek in 1930 where she taught a combination class of first, second and third grade pupils. She has taught second grade most of the time since.

She left the school room for seven years, and had a family of four sons, one of whom was tragically burned to death when he was three (in 1946). She had not planned to return to teaching, but Crowell had such a shortage of teachers during World War II that she felt compelled to go back.

Though teaching the same grade she remarks that she still learns something every day—that every situation is a learning situation, for both her and the pupils. Mrs. Graves has never used the same thing from year to year—she has always varied the material presentation.

She feels that her teaching experiences and being able to share ideas with others has contributed to whatever success she has had as a second grade teacher. Her philosophy of teaching is that love is the primary requisite to the profession. She reasons this as a mother and a teacher, and that when children know that they are loved, they will give more of themselves.

Her teaching has reflected her deep religious convictions. She has been a worker in the First Baptist Church in Crowell, as her record of eighteen years as primary department superintendent signifies.

The Graves children have all finished college and are making outstanding records for themselves. Two have chosen the teaching profession. The oldest son, Robert Bradley, 27, is junior high mathematics teacher at William James School in Fort Worth. Their youngest son, William Grady, 22, is in Lubbock at Slaton Junior High teaching English and athletics. Gordon Thomas Graves, 26, is a junior executive of Teledyne Industries in Los Angeles. They also have five grandchildren.

**Some Cereal Packages to Have New Look**

If you have fretted about the storage problem created by tall cereal packages, here's some welcome news.

Look for changes by the major manufacturers of ready-to-eat cereal in the coming months, says Mrs. Gwendolyn Clyatt, Extension consumer marketing specialist. They'll be re-designed for storage convenience.

Consumers and grocers have found the tall packages difficult to shelve efficiently. In fact, they have stored the packages flat in many instances.

Forty-one per cent of the ready-to-eat cereal volume of one billion pounds sold annually by major processors is in packages more than 10 1/2 inches high. These packages are too tall to fit most kitchen cabinet shelves, and many consumers reported that the height discouraged them from buying the larger cereal sizes.

## Decreases Auto Fatalities in 1963

"Last year the United States and most other Western countries chalked up increases in highway traffic fatalities . . . Denmark finished 1963 with the lowest number of traffic injuries in a decade. Nor was the record achieved by reduced travel. The number of passenger vehicles has quadrupled in the same period. Denmark has become a nation on wheels. Why, then, the improved safety record? Apparently because the Danes are safety conscious. The press plays up the seriousness of accidents by splashing them across the front page. The courts deal harshly with traffic violators, and pay particular attention to those convicted of drunken driving."—Norwalk, Conn., Hour.

## Outranked

Many a man figures he is going to be captain of his ship when he gets married—but then he finds out his wife is an admiral. . . . Santa Fe Magazine.

## There Arose a King Who Knew Not Joseph

Joseph was popular for a fleeting moment and then faded with the passing of time. Elizabeth Akers expresses much of our sentiment when she coined "backward, turn backward, O Time, in your flight." Sometimes we fail to recognize how fast time really changes.

Up until 1967, man's speed was about as fast as a horse could run. A public relations man arranged a race between a train and a horse, and just about 57 years ago we broke the "oat barrier." You know how fast man can travel today.

Yet, says Texas A&M University Sociologist Reagan Brown, though space flight is brand new, four per cent of our citizens (7.6 million) have no idea of life prior to the first American manned space flight on May 5, 1961.

Korean veterans may be surprised if asked when talking of their experience, "what war?" Over one-fifth of our population (about 42 million) has been born since the cease fire.

"Sometimes," says Brown, "when talking of our experiences in World War II we get blank stares when we speak of Malmeldy, Siegfried Line, Battle of the Bulge and Guadalcanal, etc." But we must remember that about half (48 per cent) of our people have joined our ranks since 1946.

Since this is an election year, many politicians will refer to the works of past leaders such as Eisenhower, Truman, and Roosevelt. Some will remember the Great Crusade of Eisenhower, fewer the Fair Deal of Truman, and 64 per cent are not old enough to remember the 1932 New Deal of President Roosevelt. Moreover, 66 per cent are too young to recall the stock market crash of 1929, says Brown.

The World War I soldier will have to look a long time to find persons familiar with his conflict and problems of mutual interest. He shouldn't feel his effort was in vain, for 71 per cent of the American population has been born since Armistice Day in 1918.

And a parting thought—we celebrate the 50th anniversary of the income tax this year—and of interest is the fact that 87 per cent or about 166 million of our people were born after this law was passed.

If you remember all of these events, you belong to the 13 per cent group born before 1913, says the sociologist, and he adds, "Tempus fugit," or "You're much older than I."

## May Well Prove Its Eventual Undoing

Ralph T. Moore writes in the Oregon Voter: "The very bigness of monopolistic labor may well prove its eventual undoing. It has been gradually built-up via politically approved monopoly until almost its every act collides with the public interest which demands the dedicated continuity of labor service to the public. This raises the immediate issue of who is to

be boss, the public or the labor union which is supposed to serve it. And when that issue arises it doesn't take a political clairvoyant to predict the winner as the general public."

## Danny McRae and Miss Susan Elizabeth Grant Wed at Lockett

Miss Susan Elizabeth Grant became the bride of Danny Donald McRae Saturday evening of last week at the home of her grandmother, Mrs. C. H. Cato in Lockett. Rev. Mack Turner, pastor of the Lockett Baptist Church, directed the rites for the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Kenneth C. Grant, Route 3, Vernon, and Mr. McRae is the son of Mr. and Mrs. Foy McRae of Crowell.

Miss Karen Shook played the traditional wedding march.

Given in marriage by her father, the bride was attired in a floor length white gown of lace and jacket designed with petal point sleeves. Attached to her tiara of seed pearls was a short veil of bridal illusion. Her only jewelry was a pearl teardrop necklace, a gift of the groom.

Miss Linda Kubicek of Rayland attended the bride as maid of honor. She was attired in an aqua blue street length dress with which she wore a corsage of carnations.

Serving the groom as best man was Denton Ray Werley of Grand Prairie.

Mrs. Grant selected for her daughter's wedding a deep rose crepe dress and white carnation corsage. The mother of the groom wore a blue crepe dress and corsage of white carnations.

A reception was held following the ceremony. The three-tiered cake was topped with a miniature heart. Assisting in serving were Miss Marilyn Arnpriester, Miss Cheryl Cato, cousin of the bride, Mrs. Denton Ray Werley and Mrs. Billy Joe Coufal, cousin of the bride.

Other members of the house party were Meses, Reed Lewis, Keith Cato and Glenn Cato, aunts of the bride.

When the bridal couple left for a wedding trip, Mrs. McRae was wearing a three-piece blue and white linen suit and white accessories.

They will make their home at 2602 Indian Street in Vernon.

The bride will be a spring graduate of Lockett High School where she is FHA song leader and 4-H secretary. The groom graduated from Crowell High School in 1962 and is parts manager at Campbell Motor Co. in Vernon.

Attending from Crowell were Mr. and Mrs. Foy McRae and family, Mr. and Mrs. Louis Rettig and Debbie, and Mrs. Marion Gentry.

## Bridal Shower Honors Mrs. Danny McRae

A miscellaneous bridal shower honoring Mrs. Danny McRae was given Monday night, May 4, at the Community Center in Crowell.

The guests were greeted by Mrs. Joe Eavenson, who presented them to the receiving line composed of the honoree; her mother, Mrs.

Kenneth Grant; Mrs. Foy McRae, mother of the groom.

Mrs. Loyd Fox registered the guests in the bride's book. The registration table featured a tall milk glass bud vase holding a miniature rose and greenery.

The guests were ushered to the refreshment table, which was covered with an ivory satin cloth. The focal point was a Fostoria stand holding an arrangement of white mock orange blossoms with floating white petals at the base, and a blue bird atop.

Frosted punch, dainty decorated cookies and mints were served to the guests by Mrs. Billy Hammonds and Mrs. Richard Blackburn.

Assisting with the gift display and other hostess duties were Meses, Allen Shult, Ira Tole, Bill Cates, Joe Smith, B. A. Whitman, Walter Ramsey, Houston Adkins and R. J. Owens.

Worth; Mr. and Mrs. Jesse Rutherford, Gilliland; Mrs. Cecil Davis, Reed and Wade, Crowell; Mr. and Mrs. J. B. Rutherford and Jay, Munday; Mr. and Mrs. Fletcher Collier, Anna and Carolyn, Thalia; Mrs. Dorothy Skipworth, Kinney, Beverly, Brenda, Janella and Tonya, Mr. and Mrs. Marvin Bishop and Marvin Jr., Mr. and Mrs. Jimmie Collier, Jimmie Dale and Donna, Vernon; Mr. and Mrs. Bobby Bryant, Marilyn, Cathy and Debra, Weatherford,

MISS LYNDA FERN MECHELL

## Miss Lynda Mechell and Forrest Henry Parks to Wed May 30

Mr. and Mrs. Ed Mechell of Crowell announce the engagement and approaching marriage of their daughter, Lynda Fern, to Forrest Henry Parks, son of Rev. and Mrs. Howard Johnson of San Angelo. The bride-to-be is the granddaughter of Mrs. Tom Vecera of Crowell.

The ceremony will be performed by Rev. Tony Campbell on May 30 at 7 p. m. in the Oak Dale Methodist Church in Stephenville.

The bride-elect is a freshman home economics major at Tarleton State College. The groom-to-be is a business administration major at Tarleton State College.

All friends and relatives of the couple are invited to attend.

## Miss Patricia Ann Odum and David C. Powers Wed May 9

Miss Patricia Ann Odum and David C. Powers were married Saturday, May 9, at Dimmitt in the home of the bride's parents, Mr. and Mrs. Raymond Odum.

Oklahoma; Mr. and Mrs. Willard Tra-week, Foard City; Mr. and Mrs. Farris Caddell, Knox City; Mr. and Mrs. Walter Caddell, Walter Farris Jr., Delton, Randy and Kelly, Big Spring; Mr. and Mrs. Billy Caddell, Darrell, Riekey and Jana, Abilene; Mr. and Mrs. Buddy Caddell, Kinney and Buddy Ray, McCamey; Mr. and Mrs. Johnnie Rogers and Kimberly, Austin; Mr. and Mrs. Thurman Naron and Riekey, Dallas; Lee Arnold Caddell and Ray Lynn Caddell, Midland.

The ceremony was performed by Johnnie Burnett, under an archway of greenery decorated with white pom poms and white wedding bells.

The bride wore a white silk suit and veil with crown of pearls. She carried a white Bible decorated with pink carnations.

The bridal matron, Mrs. Beth Odum, sister-in-law of the bride, wore a pink taffeta brocade dress and accessories with a white corsage. The best man was Glenn Odum, brother of the bride.

A reception was held following the ceremony.

The groom, son of Mr. and Mrs. Jack Powers of Crowell, is a 1962 graduate of Crowell High School and attended Draughon's Business College one year. He is employed at D&T Foodway in Crowell.

Attending the wedding were the immediate families of the couple.

## Foard City Youth Honored at Banquet Last Saturday Evening

May Day was the theme for the banquet for the Foard City Youth given in the recreation room of the Foard City Church on Saturday evening, May 9. Colorful crepe paper streamers decorated the walls and a May pole covered with flowers was the center of interest. Bouquets of pink roses and bells of Ireland and crystal holders with their white candles made the banquet hall take on an air of gay spring festivity. At each place setting was an attractive program depicting a May pole and the banquet theme outlined in glitter script.

When all had found their place cards, Seth Halbert gave a welcoming speech, and then called upon Grady Halbert to give the invocation. A delicious ham and salad plate was served to the young people and their guests.

Following the banquet, those present were entertained by piano solos by Hollis Halbert and Harriet Halbert; and Betty Ann Welch, accompanied at the piano by Elaine Crowell, sang "Ah! Sweet Mystery of Life." Kenney Bill Ownbey then introduced Dick Todd, speaker for the evening. Mr. Todd compared the Christian life with the sport for which he has long been known—football. "A good football player must set a goal each day which he would like to achieve—a goal excelling his record for the previous day; and each Christian must also rise each morning determined to live even closer to his Lord on that day than he lived the day before," stated Mr. Todd. His sincerity and his quiet personal message greatly impressed his listeners.

The benediction at the conclusion of a most enjoyable evening was given by David Denton. In appreciation for all she has done for the youth of the Foard City Church, Mrs. Cornelia McDaniel was presented with a lovely gift by Betty Ann Welch, who also expressed the group's thanks to Mr. Todd with a gift.

Those making the banquet possible were Mrs. C. N. Barker, Mrs. Virgil Johnson, Mrs. Jesse Autry,

Mrs. Jack Welch and Mrs. Kenneth Halbert. In addition to the Foard City group, which also included Joy Little, Judy Little and Henry Fiske, the following guests were present: Lana Stewart, Jackie Eddy, Mary Jan Welch, Mike Shrode, Sandra Weatherred, Toye McCurley, Jesse Autry, C. N. Barker, Virgil Johnson, Mrs. Dick Todd, Jack Welch and Mrs. Grady Halbert.

## Good Buys Still Found in Beef

Most cuts of beef remain low in price, particularly the good and choice grades of beef now coming to market in large volume, Mrs. Gwendolyn Clyatt, Extension consumer marketing specialist, says.

Prices on round, sirloin, porterhouse and T-bone steaks have advanced slightly due to heavy demand. Good buys will be found on chuck roasts and steaks.

Chicken is plentiful and the price makes it easy on the food budget. Fryers have attractive price tags, and the birds can be prepared in many delicious dishes. Egg prices remain about the same as a week ago, with large eggs the best buy by weight.

In the vegetable line, fresh asparagus is still available. Other good choices are green beans, carrots, cabbage, mustard, collards, fresh onions, radishes and lettuce. Cauliflower, broccoli and eggplant are moderately priced choices.

Strawberry prices and quality continue to fluctuate as weather conditions vary in production areas. Berries are being featured in some stores, however.

Mrs. Clyatt adds, "If you need to keep a close rein on your budget, try cheese. It's a high quality protein food at moderate to low price levels. Don't overlook plenty of milk for each member of the family, too."

## Truscott H. D. Club

The Truscott Home Demonstration Club met May 7 at the community center. In the absence of the president, Mrs. J. R. Brown

## From the News . . . THIRTY YEARS AGO

News items below were taken from the Thursday, May 31, 1934, issue of The Foard County News:

The Texas Company completed its Johnson No. 4 oil well Wednesday at a depth of around 3,500 feet and connected it with the company's natural gasoline plant Wednesday night to process a portion of its production into natural gasoline.

Miss Inez Sloan graduated from the Baylor University School of Nursing in Dallas Monday evening.

Miss Lucille Welch graduated May 22 from the nurses school at St. Paul's Sanitarium of Dallas. She is the daughter of Mr. and Mrs. J. Y. Welch.

Captain Lester Patton is asking the cooperation of all the prospects for the coming football season to do everything possible to keep in the best possible shape during vacation by following the advice given them by Coach Grady Graves before he left last week for Stephenville.

Work was completed this week of the new re-enforced concrete elevator of T. P. Duncan & Son and the new plant is now in operation.

Joe Roberts received notification last Saturday of his appointment as a U. S. flying cadet and to report on June 30 to Randolph Field, San Antonio, for assignment to the July, 1934, class.

All candidates are invited to the pie supper and candidate speaking that will be held at the Black school house Friday night.

A new Dodge and Plymouth agency for Crowell has been opened in the Russell building next to the post office by W. W. Griffith.

A six inch rain fell at Margaret Tuesday afternoon of last week. Many people lost little chickens. Mrs. Bax Middlebrook reported the loss of 365.

Cone Green and Miss Mattie Russell were united in marriage in Wichita Falls Sunday.

Loyd Fox and family visited relatives in Knox City Wednesday.

Fifteen dozen, 180, ladies and misses hats of all colors and latest styles, were purchased in Dallas this week by J. E. Harwell and are now on sale at Harwell's Variety.

Leslie Thomas has returned from Dallas where he has been attending the law school of Jefferson University.

Mrs. Allen Sanders, her daughter, Reed, and sons, Hardy and John Victor, have returned from several week's visit in Quanah.

Evelyn and Robert Steele arrived this week from New Mexico to spend the summer. Robert has been attending New Mexico A&M at Mesilla Park and Evelyn has completed her high school course at Hot Springs. Tollie Steele will remain at Mesilla Park during the summer.

Announcement of the marriage of Miss Maggie Meason and Fred Dennis which took place in Frederick, Okla., May 16, was made in Crowell this week.

Tommy Cannon, 5, whom a number of local people heard on the program of "Hewley's Chuck Wagon Gang" last Saturday was a visitor in Crowell last summer with his mother, Mrs. M. C. Cannon of Denton, a niece of Mrs. W. R. Womack.

"Once upon a time there was an ant who worked hard all day in the fields. It was summer and the ant was busy cutting grass and dragging it home. The ant had a grasshopper as a neighbor. The grasshopper lived on welfare and sat in his doorway singing all day. When winter came, the ant had a whole bale of grass. But the ant had violated the Federal Farm Law for overharvesting grass. He was fined \$162.50 and the surplus was seized. The grasshopper received the surplus in exchange for his food stamps."—Corsica, S. D., Globe.

**Railroads Increase Shipment of Cars Five Times in Five Years**

Railroads have multiplied their shipments of new motor vehicles from factories to dealers by five times in the last five years, the Association of American Railroads reports. Using new equipment and deep freight rate cuts, the rails hauled 2,521,000 of the vehicles in 1963, a postwar high for such shipments by rail.

**Spring Quail Like Insects**

Research biologists on the Matador Wildlife Management Area near Paducah, after examining crop contents of bobwhite quail, confirmed that insects are a vital part of the birds' diet, reports J. Weldon Watson, executive director of the Parks and Wildlife Department.

Insects found in nine quail crops collected in April included 24 ants, 10 grasshoppers, 48 beetles, 20 squash bugs, 1 tarantula, 1 spider, 1 millipede and 1 insect pupa. Plant material made up the remainder of their diet with Texas croton seeds occurring 4,277 times.

Technicians said widespread insect control during spring months on Texas quail ranges will no doubt reduce the number of insects available to quail as well as other wildlife.

**Two Minutes With the Bible**

God Hath Spoken

In his farewell address to the nation Israel, Moses said: "Ask now of the days that are past . . . since the day that God created man upon the earth, and ask from one side of heaven to the other, whether there hath been any such thing as this great thing is, or hath been heard like it? Did ever people hear the voice of God speaking out of the midst of the fire, as thou has heard . . ."

Moses referred, of course, to the giving of the law, when God spoke to Israel by word of mouth amid the lightnings and thunders of Sinai. In Israel's case alone, "God spake all these words" audibly. Never before had He undertaken to address a nation personally.

This was indeed a great honor for Israel, but God has since spoken to all mankind in an even more striking manner, for in Heb. 1:1,2 we read: "God . . . hath in these last days spoken unto us in His Son . . . who . . . when He had by Himself purged our sins, sat down at the right hand of the Majesty on high."

At Sinai God spoke the words of the law; but now, in Christ, He speaks of mercy and grace. There He spoke of the righteousness which He demands; but here He tells of the righteousness which He provides in Christ.

Some suppose that the absence of miraculous demonstrations, in the affairs of men, etc., indicate indifference on God's part, but actually this apparent indifference speaks to us of His love and grace.

Remember, the Psalms and all prophecy had predicted God's judgment upon men for their rejection of Christ, yet today the Son still voluntarily remains a Royal Exile from the world, while neither He nor the Father do anything to avenge His cruel curcification. Meanwhile, still lingering in mercy, He sends His ambassadors to offer reconciliation to His enemies by grace through faith. Thus His silence actually cries: "The door of grace is still open. Be reconciled while you may. Believe on the Lord Jesus Christ and thou shalt be saved."

need . . . there is an assumption that anyone over 65 needs help in paying his hospital bills. Some do, some don't. But generalization is used as the basis for demanding Medicare, which would tax working people no matter how poor to pay hospital bills for the retired, no matter how rich.—Marysville, Calif., Appeal-Democrat.

**Civil Rights Bill Is Far-Reaching**

"Civil Rights Bill: The bill that is currently being considered by our federal legislators needs a great deal of study and corrective amendment. It would be realized if it is passed in its present form. There is no question that the measure would grant sweeping new powers to the President and his Attorney General. This editor is of the opinion that if the bill is passed in its present form; then the people of this nation are in for some real regimentation. The bill is built around the word, 'discrimination.' The bill does not define this word, but it does define the word, 'desegregation,' at length—and, the majority of the lay people feel this is the only subject the bill deals with—but, study it over and find out just how far reaching it really is."—Garner, Iowa, Leader.

**Positive Answer Is Needed**

"The Post Office Department tries to draw the line as to what is acceptable in the U. S. mail, but law suits reverse these rulings from time to time . . . We understand the feelings and intentions of most of those who would legislate against pornography, but we think a positive answer is needed instead of a negative one. Efforts to legislate personal morals bring continuing troubles and hard feelings without solving the problems. The helpful approach to personal morals is not through law, we think, but through education and the building of understanding, through striking the positive spark within the person—or allowing, with endless patience and a wise 'hands off policy,' that positive spark to generate itself and grow within the individual human soul."—Juneau, Alaska, Empire.

**This Is Your Year, Mr. Taxpayer**

"This is your year, Mr. Taxpayer. You are the forgotten man in the United States except for one year in four . . . Never in history have you been given a tax reduction except in election years. That has been true whether the party in power was Republican or Democratic. That is one thing in which the two parties agree—the best way to buy votes is with public money. From a party standpoint it is the cheapest way, too."—Waseca, Minn., Journal.

ed in his county, or if there be no paper published therein, then by posting four copies of such exhibit, one in each commissioner's precinct, one of which shall be at the courthouse door, the other three at public places in such precincts, an exhibit showing the aggregate amount paid out of each fund for the four preceding quarters, and the balance to the credit or debit of each fund, also the amount of indebtedness of said county, with their respective dates of accrual, and to whom and for what due; also the amount to the debt or credit of each officer or other persons with whom an account is kept. The cost for publishing the same shall be paid by order of said court out of the general fund of the county." Attorney General's Opinion: "Publication mandatory. Requirement for publication of quarterly report of county clerk is mandatory, cost thereof to be paid out of general fund of the county."

**Help to Sell Nation's Farm Products**

Aside from the need for an aggressive national policy to reduce foreign trade barriers and restrictions, increased sales promotion and market development is essential to the expansion of world markets for U. S. farm products. Because of the need that exists in this area, the American Farm Bureau Federation in 1960 established, as an affiliate, the Farm Bureau Trade Development Corporation in Rotterdam, the Netherlands. The effort is the only one of its kind financed solely by a private farm organization without any kind of a government subsidy.

**Private Enterprise Deserves Preference**

"Awarding of a license to the Pacific Northwest Power Co. to build the \$257 million High Mountain Sheep dam on the Snake lower river by the Federal Power Commission is a manifestation of an attitude by the FCC that neither the federal government nor publicly-owned utilities should have monopolies on dam sites as long as taxpaying private enterprise is able and willing to develop them . . . Whenever a power generating project is economically feasible per se, private enterprise should be given preference in the awarding of licenses."—Albany, Ore., Democrat-Herald.

**Reaffirms Spirit of Monroe Doctrine**

"President Johnson reaffirmed the spirit of the Monroe Doctrine . . . when he declared 'the full power of the United States' is ready to assist any American country whose freedom is threatened from another continent. Unfortunately, that is not the way the game of freedom-threatening is being played these days. We have a somber illustration of that in Cuba, a former American republic that has become a satellite of a major power on another continent by infiltration and perversion."—Chester, S. C., Reporter.

**Proper Care Is Important for Storing Winter Clothing**

Winter clothing and covers need correct care before storage for the summer.

Proper cleaning, labeling and storage will assure that garments will be in good condition and easy to locate when the first norther comes next fall, says Mrs. Elsie Short, Extension home management specialist at Texas A&M University.

If storage space is limited, you may want to consider taking all woolen items to a professional firm for cleaning and storage. Near-zero temperature will destroy clothes moths in all stages of their development.

"Make a list and jot down values of all items—one for the establishment and one for your home file," Mrs. Short says.

You may give your own woolen clothing the cold treatment if you have freezer space in your home freezer. First, clean the garments, seal them in heavy paper, and store in the freezer for 24 hours. Then store in a closet, being sure the seal remains unbroken.

All clothing should be cleaned before storing—whatever the fabric. The storage space should be clean, free of all dust and sprayed for protection from household insects.

Woolen blankets or other woolen covers should be cleaned and sprayed with a moth spray, if not previously moth-proofed. There are many good sprays on the market. Read the labels before buying, the specialist says.

**Reported on Reels of Magnetic Tape**

Nearly 80 companies, and of their subsidiaries, now report their employees quarterly earnings to the Social Security Administration on single reels of magnetic tape. Well over 1.5 million workers are being reported in this way, as well as 3 million unskilled personnel of the U. S. Air Force and Navy.
