

HEAVY RAINS SOAK COUNTY

General rains over this section of Texas Monday night and Tuesday broke a 6-months-old drought in Foard County and brought smiles to the faces of Foard County farmers and ranchmen. Up to noon Tuesday, a total of 2.26 inches was recorded by the government gauge. The rain began falling about 7 p. m. Monday, and fell slowly throughout the night.

Most of the small grain had already been sowed in the county, and it had, for the most part, not had enough moisture to come up.

This was the heaviest rain received in Crowell since the first part of June, when a total of 3.56 inches were recorded in the first ten days of that month, and the 2.25 inches received Monday night and Tuesday is a little more than the total rainfall here during July, August, September and October, during which four months, a total of 2.12 was recorded.

On the first day of November, a shower brought .27 inch here.

156 Bales Ginned Last Week; Total Now 2,717 Bales

A total of 156 bales of cotton were ginned from Monday of last week until Monday of this week by the county's four gins and this, added to previous ginnings, brings the total for the season to 2,717 bales. A total of 2,561 were reported by the gins Monday of last week.

Although there are still a number of fields of cotton left in the county, estimates are that the biggest part of the 1963 crop has been gathered.

Dr. Roberts and his wife showed these pictures at the High School auditorium Saturday night.

Wildcats Finish Season with 3 to 0 Victory Over Holliday

The Crowell High School football team defeated the Holliday Eagles 33 to 0 at Holliday last Thursday evening in the final game of the season for both teams. This gives the Wildcats a 5-5 season record.

Crowell's four seniors finished out their high school careers with flying colors. All four of them, Larry Henry, Mike Shrode, John Carl Borchardt and James Corder, turned in an excellent game, especially in the last half. In fact, Henry's offensive game was sensational with three touchdown runs and one 26-yard pass to right end Gary Taylor for another TD. He ran a two-point conversion over after one touchdown. The other three seniors did some good blocking and tackling.

Game at a glance:

Crowell	Holliday
11 First downs	5
214 Yards rushing	18
49 Yards passing	28
2 of 5 Passes completed	6 of 19
1 Passes intercepted by	1
4 Fumbles lost	2
4 for 37.5 Punt avg.	10 for 26.4
8 for 76 Penalties	4 for 46

Both teams looked bad in the first ten minutes with quite a few miscues. It looked like they were rather nervous in trying to salvage this last game of the season. It was late in the quarter when Crowell cashed in on a Holliday fumble out on the Eagle 36-yard line. Left half Larry Henry picked up most of the yardage on this drive and finally went three yards for the TD. The extra point carry was no good to leave the count 6 to 0 for Crowell.

The second quarter was scoreless. However, a Crowell fumble on its 23-yard line gave Holliday a chance to tie the score. After the Cats had held for three downs, Holliday elected to try for a field goal that was blocked by the aggressive Crowell line. This was the Eagles' only serious threat of scoring for the evening. The half ended with the score remaining 6 to 0.

The Crowell team came back on the field after halftime looking like a different ball club. In fact, the Wildcats began to block and tackle like they did before injuries began to plague them four games back. The all-district Henry broke loose twice for touchdown runs of 36 and 46 yards behind blocking that measured up to any in the district. Henry ran two points over after one of these TDs to make it 20 to 0 at the end of the third period.

Ronny Clifton, defensive halfback for Crowell, intercepted a Holliday pass early in the fourth quarter and returned it 35 yards for another score. Henry took a double reverse and tossed a 26-yard pass to right end Gary Taylor for the final touchdown of the game. Clifton kicked the extra point to make the final count 33 to 0 for Crowell.

Crowell boys who saw service in this contest and will be back next year are Lee Looney, Randy Smith, Toye McCurley, Ronnie Clifton, Otis Johnson, Gary Taylor, Dan Mike Bird, Rickey Traweek, Mike Payne, Paul Campbell, Tommy Carpenter, Steve Kralicke, and Steve Bell. Randy Adkins, halfback, was ill and unable to play in this game.

High and Low Temperature Recorder Removed by Bureau

The high and low temperature readings for each day which the bureau has been publishing for six years, will be taken in the future by the machine operated by Kincaid at the Crowell State office. These highs and lows were taken from a machine which recorded the temperature and relative humidity which was installed at the U. S. Weather Bureau building in the News office in February 1957. Primary purpose of the readings reported to the Weather Bureau was to study the temperature and relative humidity during the tornado season. However, the News operated the machine year-round in order to have a record of the temperature. The Norman, Okla., Weather Bureau dismantled and moved the machine Monday afternoon.

COTTON QUOTAS UP FOR VOTE ON DECEMBER 10

The cotton quota vote coming on December 10 will mark the seventh consecutive year in which growers have voted on marketing quotas for their upland cotton crop. Ray Hysinger, Chairman, County Agricultural Stabilization and Conservation Committee, said Monday.

"Beginning with the referendum on marketing quotas for the 1954 crop, growers have approved quo-

tas for each year's cotton crop," he stated. "In the vote last year, on quotas for the 1963 upland cotton crop, 93.7 per cent of the growers voting approved the quotas."

By law, quotas must be proclaimed by the Secretary of Agriculture in years when the cotton supply exceeds normal. The estimated 1963-64 total supply of upland cotton exceeds the estimated normal supply by 7.8 million bales.

If at least two-thirds of the growers voting in the referendum approve quotas for the 1964 upland cotton crop, price support at a level within the range of 65 to 90 per cent of parity will be available to growers who comply with their farm allotments, and marketing quota penalties will apply to any "excess" cotton produced on a farm. If more than one-third of the voters oppose quotas for the 1964 crop, the allotment program will remain in effect, and price support will be available to cooperators at 50 per cent of parity, as provided by law.

All farmers who engaged in the production of upland cotton in 1963 are eligible to vote in the December 10 referendum.

EDITORIAL

Let's Make the Courteous Way Our Way

Courtesy is a trait everyone not only can have but should have. Young people especially should strive to be courteous. Adults of today are very much aware of the conduct of teenagers, and even the slightest deviation from accepted behavior on the part of young people brings criticism from every side. Being respectful is the best way that teenagers can win the respect they so desperately want and need.

Home, church, school — these are places in which "kids" should be particularly courteous. Home life can't be harmonious if the youngsters don't treat their parents, grandparents, and even brothers and sisters with respect and courtesy. Church is the place for quietness and reverence, not whispering and giggling; courtesy for the others attending the service, if nothing else, demands these things.

School, too, is a place for courtesy. It involves respect for teachers and fellow students in the halls, on the stairs, in the cafeteria, or in the assemblies, as well as in the classroom. However, it is sometimes quite easy to forget the art of acting like a lady or a gentleman amid the "hurry-scurry" of school life. The CHS Student Council is sponsoring a movement "to make the courteous way our way." Through the cooperation of all, courtesy can be made one of the assets of CHS.

Senior Personality

The senior personality for this week is Barry Curtis Barker, son of Mr. and Mrs. C. V. Barker. Barry is 5'8" tall, 17 years of age and has blond hair and brown eyes. He is a member of the Methodist Church, MYF, stage band, concert band, marching band and Scouts.

Barry's favorites are color, green; food, chicken fried steak; subject, physics; song, "Be My Baby"; actor, Vincent Edwards; actress, Sandra Dee; pastime, music. He dislikes most a person who poses to be what he is not.

Barry feels that his parents have been his greatest influences. He plans to attend North Texas State University where he will study to be a hospital administrator.

Librarians "Step Out"

If you recently saw 18 girls all dressed up in their Sunday clothes (even heels) in three cars heading east, you weren't really seeing things.

On November 12, Mr. and Mrs. E. C. King accompanied the librarians to Vernon for a marvelous evening. After having arrived at the Suzie Q, the librarians en-

joyed a wonderful meal of their choice. To climax the evening, the group viewed the "Caretakers" at the Plaza.

The librarians would like to thank Mr. and Mrs. King for an enjoyable evening.

Homemaking II Dress Review

The Home Economics II class had its dress review Friday, Nov. 15. Mrs. Grady Halbert and Mrs. Hubert Brown judged the dresses and classified them as "superior," "excellent" or "good."

Those who received a "superior" rating were Patricia Cates, Beverlie Thompson, Jean McCurley, Patricia Jackson, Ronni Oliphant, Jean Burkett and Mary Ann Ramsey. An "excellent" rating was given to Elizabeth Pittillo, Marilyn Cates, Jill Cooper, Barbara Womack, and Terri Thomas. Classified as "good" were the garments made by Kathy James, LaRue Gidney, Sandra Ellis, Paula Veera, Linda Whitley, and Kathy Eubanks.

State Project for Christmas Cards

The Crowell FHA Chapter always collect and sends Christmas cards to the state hospital. This is a state project that has been carried out for a number of years. This year the Crowell chapter is sending 144 cards. A "thank you" is extended to all those who helped with this project.

Wildcat Band Enters Contest

The seven majorettes and the band director, Albert Lykins, went to Wichita Falls Tuesday, Nov. 12, for the UCIL contest. Thirty-nine of the band members took part in the class A marching contest with five other bands. Crowell received a III rating for their precision marching routine. An ensemble comprised of the majorettes received a II rating. Ruth Sanders, Paula Sparks and Ella Cates each received a II rating, and Leila Cates received a III rating in the division of majorette solos.

The fans had an opportunity to see the band's routine at the half time show of the Crowell-Holiday football game last Thursday night.

Crowell Wins 33-0 Over Holiday

Last Thursday night on the home field of Holiday, the Crowell Wildcats squashed the Holiday Eagles 33-0. The Wildcats just had to win to give themselves an even record of 5-5. They have won over Iowa Park, Memphis, Matador, Paducah and Holiday. They have lost to Quanah, Chilli-cothe, Archer City, Munday and Henrietta.

Since this was the last game of the season, the Crowell High students would like to recognize the seniors on the team. They are Mike Shrode, James Corder, John Carl Borchardt and Larry Henry. They have done a good job and we would like to congratulate them.

The basketball season is starting now. Practice is already underway. Let's be ready to support both the boys and girls when the teams begin competition.

V. A. Projects Completed

During the past few weeks, Mr. Myers' VA classes have been working on projects in the shop. Some of the boys have made things for themselves or for their families. This included repairing trailers, building gates, and making shelves and other things for the home. Other students worked on projects for the school or the town. Five new benches were made for the school field house, and some frames were made on which to hang the new Christmas decorations that will be used downtown.

TANE Representative Speaks at Assembly

Last Thursday morning, Paul Siebenmann, a representative of TANE (Texas Alcohol-Narcotics Education) spoke before an assembly of the high school students. He emphasized the dangers in taking the "first" drink or the "first" smoke. He quoted the statistics that one of ten who smoke die of lung cancer, and one of ten who drink become alcoholics.

Besides giving some tips on keeping the physical body healthy by refraining from the use of alcoholic beverages, cigarettes, and drugs, Mr. Siebenmann also gave some good advice on keeping the mind "healthy." By spicing his talk with appropriate jokes and illustrations, he made it interesting as well as informative.

Watch the Bulletin Board

When students stop to check out a book, how many pause to look at the beautifully decorated bulletin board? Usually students are in such a hurry that they never stop to notice something that someone has worked on very hard.

Last month, Saunna Martin, the "old standby" for preparing the library bulletin boards, used the Halloween colors, black and orange, and a "pumpkin man" to present interesting books. Saunna should be commended for her originality in creating interesting and timely displays.

This month Minnie Mouse may be tempted to take up residence in the horn of plenty, among the waxed fruit and "real" apples displayed in the Thanksgiving arrangement prepared by Mary Ann Ramsey and Dolores Eubanks. Their title, "Harvest of Books," gives an excellent opportunity to present some new books. Skywatchers by William Bixby, The World of Leonard Da Vinci, We Seven by the astronauts themselves are waiting to be noticed. Where? On the bulletin board.

Word Definitions

This week we asked several of the CHS students what they thought was the meaning of the word, "infinitesimal."

Barry B., something weird. Dennis, duh. Betty Ann, sounds like something infected. Lanette, sounds like an imbecile. Bill H., could be anything! Billye Sue, infinite. Steven K., capable to go with boys. Joy L., guts. Elizabeth P., little. Suella, unable to be destroyed.

The true meaning of this word is "very small, incalculably minute." Evidently, these students haven't been studying their words very carefully.

Attention, Magazine Subscribers

Mr. and Mrs. Public, the Junior Class of Crowell High School has received word that many of the magazines subscribed to by you and others have begun to arrive. If you are not receiving your magazine, please notify the junior student from whom you bought the magazine, and that student will send you complaint to the company. Please be patient, and we will do our best to please you. Thanks!

The Beginning of The End

Last Friday night, was really "the beginning of the end" as many of the seniors came to the stark realization that never again would they participate as a member of any of the many functions pertaining to a CHS football season. Larry Henry, Mike Shrode, John Carl Borchardt and James Corder all played football for the last time as CHS Wildcats. Pete Campbell performed his duties as football manager for the last time. The band members who played for the last time during a football game were Philip Welch, Carolyn Hickman, Barry Barker, Bobby Bond, Ruth Sanders, Paula Sparks, James Neeley, Kenney Ownbey, Dennis Garrett, Ruth Sanders and Paula Sparks will never again do their twirling routines during a half time show. Beverlie Gray and Arcina Garrett will never again carry the flags onto the field for CHS. Carolyn Hickman will not be the head Wildcatette, nor will LaRue Gidney, Beverlie Thompson or Kathy James proudly march behind her onto the field. Jo Wynn Ekern led the pep squad in cheering the team to victory for the last time Friday.

Yes, next year the seniors will be ex-students, not CHS Wildcats! That's where the difference lies.

Governor John Connally has proclaimed the week of November 18-23 Texas Farmers Union week in recognition of this statewide farm organization's growth and contribution to Texas agriculture during this year. The annual state convention at Lubbock on November 22 and 23 climaxes the week long observance of the accomplishments of the farm group.

The 1963 convention in Lubbock will be the sixtieth annual convention of the Texas affiliate to the National Farmers Union. The state office of Texas Farmers Union is at Waco and the headquarters of National Farmers Union is at Denver, Colo.

Which type Chevrolet pickup do you need?

Chevrolet now makes four different types, each with its own distinct advantages. Whichever one you buy will be a lot more truck than your money bought the last time!

FLEETSIDE. Based on sales, the best liked pickup in the world. Outstanding feature is its large body extending clear out over the wheels. Two body sizes. Two wheelbases. Best riding truck by far, with coil springs all around and independent front suspension. Cab and body have double-wall construction. Chevrolet Fleetside—best for all-around use.

STEPSIDE. Has flat interior body walls and convenient side steps between cab and rear fenders. Comes in same two sizes as the Fleetside plus one bigger size. Big model has heavier frame, 4-speed transmission and leaf-spring rear suspension for maximum payloads. Standard engine is 230-cu.-in. Six. A 292 Six or 283 V8 is available at extra cost.

RAMPside. Nobody else makes a pickup exactly like this one with a ramp at the side. The ramp makes loading easy because of its 16-inch rise. Truck also has a conventional tailgate. Body and frame-floor assembly are very rigid because they are welded together. Has larger 95-hp air-cooled engine this year. Independent coil spring suspension all around.

EL CAMINO. If you want a pickup as good looking as any car on the road, this is the one! It can work hard, and look like a million dollars doing it—the only pickup in the world with Body by Fisher! You can order an El Camino as plain or as fancy as you wish: bucket seats, air conditioning, 4-speed transmission, power brakes are some of its extra-cost options.

A large number of teams, graders, blades, tractors and other equipment were moved into Foard County from the North Panhandle by the McClellan Construction Co. on Tuesday and Wednesday of this week for use in constructing the grade on Highway 16 from Crowell to the Hardeman County line at Pease River, a distance of 7.5 miles over the new highway route.

Foard County ginnings prior to Nov. 1 almost doubled the total for the same time in 1932, the totals being 16,202 and 8,383, according to figures released by the Bureau of the Census at Washington.

The final district 4-H game of the 1933 season and possibly the last home football game this year will take place on the local field Friday afternoon when the Wildcats meet the Burkburnett Bulldogs. The game will begin at 3 o'clock.

Mrs. Eleanor Roosevelt was the subject of a Columbian Club program led by Mrs. Fred Wehba Wednesday, Nov. 13, in the home of Mrs. R. J. Thomas.

Mrs. Wehba told of Mrs. Roosevelt's early life and quoted from Adlai Stevenson who called Mrs. Roosevelt, "First lady of the world, not just the United States." "Darkness had no place in her life," said Mrs. Wehba. "Her's was a radiance that rekindled hope in people without hope."

"One can never do anything without making some enemies," said Mrs. Grady Halbert in telling about Eleanor Roosevelt's life as a president's wife. Mrs. Roosevelt was married March 17, 1905.

Mrs. Roosevelt's "Tomorrow Is Now" was summarized by Mrs. Gerald Knox. "We face the future fortified with lessons we have learned in the past," she quoted. "Today we create the world of the future."

The former first lady believed American youth need a better education and emphasized the need for a better understanding of the Constitution of the United States and the Declaration of Independence. She believed we have more to fear from Red China than the Soviet Union.

Fourteen members were present for the program and business session with Mrs. J. M. Chowning in charge. Mrs. Chowning told the members of a \$951.00 trip to the Hawaiian Islands and a 30-day \$1,095.00 trip to Europe sponsored by the Texas Federation of Women's Clubs.

GENERAL TELEPHONE TOWNS ON THE MOVE

Memphis wins new Textile Plant

Today, because of aggressive leadership, this Texas Panhandle town boasts an active new textile plant making sheets for national distribution. What is more important, the plant's parent company is the world's largest manufacturer of textiles using all known fibers.

This new industry is the Hall Plant of Postex Cotton Mills, a unit of Burlington Industries, Inc. It is designed to have in excess of 100 employees, mostly women, and is an important

addition to the economy of this 3500 population community. It is another reason we say big things are happening in General Telephone towns.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion, perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.

Small Business Administration to 'Streamline' Program

Small Business Administrator Eugene P. Foley has announced a "streamlining" of SBA lending program to speed the handling of loans to small businesses.
"By eliminating red tape, reducing paperwork, re-alignment of personnel, easing technical requirements, and acquiring the necessary financial data promptly, the SBA in Houston was able to reduce the time which formerly elapsed between receipt of a loan application and disbursement of funds by nearly one-third," Mr. Foley said.
"Because of the success of the streamlined procedures in New England, I have directed all of our regional offices to put them into effect immediately," the SBA administrator said.
"We will continue to insist on a thorough evaluation of each loan application," he said. "We are merely eliminating some of the less essential paperwork and speeding up the operation."

"Don't Walk Yourself to Death" Highway Patrol Says

Sgt. D. R. Dowdy, Highway Patrol supervisor of this area, said "Don't walk yourself to death. That is a slogan we would like for you to remember for the rest of the year. November and December are noted as dangerous months in traffic and especially for pedestrians. During these last two months of 1962 in Texas, there were 65 pedestrians killed and 768 injured in collisions with mo-

tor vehicles. There are many reasons for this: longer hours of darkness, bad weather, pedestrians not visible to drivers, holidays, and lack of drivers and pedestrians concentration."
The veteran patrol supervisor stated some tips to aid both the pedestrian and driver. Always wear something light colored when walking after dark. If possible, carry some kind of light, walk on the left side of the road facing traffic day or night so that you can see approaching traffic. If you have a dark colored raincoat or overcoat, put a strip or two of reflectorized material across the back and front when walking on the highway or street.
