

## Rain and Sleet Blanket County

### Truck Strikes H. B. Sanders' Home Early Wednesday

Rains, which fell over this section of Texas all day Tuesday, brought another half inch of moisture to Foard County. Official measurement by the government gauge was .47 inch.

A norther also hit this area late Tuesday afternoon and dropped the mercury to 22 degrees early Wednesday morning, and also brought sleet and freezing rain.

In contrast to the moisture received here, a cold front rode a blustery, 50-mile-an-hour north wind into this area Saturday and it was hazy with dust here Sunday and Monday.

High and low temperatures recorded here during the past week follow:

Dec. 4: high 69, low 35.  
Dec. 5: high 71, low 34.  
Dec. 6: high 53, low 32.  
Dec. 7: high 48, low 30.  
Dec. 8: high 41, low 27.  
Dec. 9: high 48, low 28.  
Dec. 10: high 40, low 22.

### Large Crowd in Crowell for Annual Christmas Opening

A large crowd of area children and their parents were on hand in Crowell last Friday afternoon to greet Santa Claus on his annual visit here.

A Christmas program was presented on the west side of the square prior to Santa's arrival. The Crowell High School Band, under the direction of Albert Linkins, played a number of Christmas season tunes. The band's presentation was followed by Christmas carols sung by a quartet composed of Mrs. Howard Ferguson, Mrs. Leo Cates, Joe Ward and Cecil Driver. Rev. Glenn Willson, pastor of the First Baptist Church in Crowell, concluded the program with a Christmas message. George Self served as master of ceremonies.

Santa Claus arrived in Crowell aboard the fire truck and was accompanied by the Wildcat Band.

### Miss Jean Burkett Elected Chairman 4-H District III

Miss Jean Burkett, 16-year-old 4-H Junior Leader of Foard County, was elected chairman of the District III 4-H Council at the District Gold Star awards banquet in Vernon Saturday night.

The District III council is made up of a boy and girl delegate from each of the 22 counties of the district, according to Mrs. Virginia J. Ibseng, County Home Demonstration Agent.

As chairman of the District III 4-H Council, Jean will represent District III on the state council, and she will also be the delegate to the State Fair awards banquet held in connection with the State Fair of Texas.

At the district meeting, Bobby Bond from Foard County was elected to be one of the 4-H'ers to represent this district at the functions given by the Fort Worth Fat Stock Show in honoring 4-H'ers of the state.

Miss Burkett's election as district chairman marks the first time that a Foard County 4-H'er has ever received this honor.

Also at the meeting Saturday night, Miss Betty Ann Welch and Edward Mechell of Foard County received their Gold Star awards.

### Texaco Stakes No. 29 L. K. Johnson

Texaco Inc. staked a 5,900-foot Ellenburger wildcat 15 miles southwest of Crowell in the Choate multi-pay Cisco pool of Foard County as No. 29 L. K. Johnson, 660 feet from most southerly north line and 1,310 feet from most westerly west line of Christopher Choate survey.

Texaco has opened three Cisco pays this year in the pool.

### News About Our Men in Service

Robert and Gordon Fish, sons of Mr. and Mrs. Henry Fish of Crowell, will be somewhere in the East China Sea during the Christmas holidays. They write home requesting that their friends write to them. Their address is: Robert Fish, Gordon Fish (both RM3), OC Division, USS Mahan DLG-11, c/o Fleet P. O., San Francisco, Calif. 96601.

### Ellis Gafford, Former Foard Resident, Died at Sulphur Springs

Ellis Gafford, 83, former Foard County resident and uncle of a number of Foard County's residents, died in Sulphur Springs last Friday.

Funeral services were held in Sulphur Springs Saturday afternoon.

Attending from Crowell were Mr. Gafford's nephew, Bill Gafford, and Mrs. Gafford; and his niece, Mrs. Moody Burse of Crowell, and her daughter, Sue, of Denton.

Survivors include his widow, and one daughter, Mrs. Pat Campbell of Denton.

Mr. Gafford is also survived by one sister, Mrs. P. L. Baucum of Oklahoma City, and one brother, Gordie W. Gafford, of Electra.

### Hay Truck Blocks U. S. Highway 70

U. S. Highway 70 was blocked for several hours in East Foard County—about 15 miles east of Crowell—about 2 a. m. Saturday when blowouts on two dual tires turned a 1959 Chevrolet truck loaded with 230 bales of alfalfa hay crossways on the pavement.

State Highway Patrolman Bob Stimmitt of Vernon said that the hay had to be untied and moved by hand to the side of the road so that a wrecker could move the truck. He estimated the process took about three hours. No injuries resulted in the mishap.

Larry Lee Stewart, 23, of Frederick, Okla., was driver of the truck.

### Seven New Vehicles

Seven new vehicles were registered here last week, as follows:

Dec. 2, Wayne L. Chowins Jr., 1964 Oldsmobile coupe; Dec. 2, Mrs. Gaudy Wofford, 1964 Oldsmobile 4-door; Dec. 4, Patterson Chemical Co., 1964 Chevrolet pickup; Dec. 5, Karl Bell, 1964 Chevrolet 4-door; Dec. 5, Glenn Jones, 1964 Ford 4-door; Dec. 6, Jim Beeson, 1964 Chevrolet truck; Dec. 6, T. E. Duncan, 1963 Chevrolet pickup.

MANUFACTURING FOOD—Jim Paul Norman is shown above watching some of his animals manufacturing food, in a picture taken by Ray Duckworth of the Lower Pease River Soil Conservation District. Even though this has been a hard summer on grass, this pasture has come through in good condition, cattle thriving on abundance of grass. Grass clipping of an average vegetation in this pasture reveals the pasture still has approximately 3,000 pounds per acre of growth.

Mr. Norman has improved this pasture in different ways: brush control, keeping a safe stocking rate and has improved the density and vigor of his grass 50 per cent. He plans to build another pond for better distribution of water for his cattle.

Livestock make up the harvest labor that gathers the landowner's annual crop of grass. Animals have no time off and they eat seven days a week, year-long. They perform the additional unique service of manufacturing grasses into products that people can use. The grass dies whenever it does not have a chance to grow and reproduce. In effect, people starve because livestock starve. Livestock starve because plants starve under too much grazing. Keeping ranges well stocked with vigorous grass is the best way to insure continuous animal production and well fed and healthy people.

**Ball Clubs Play Thrillers**

If you like thrills, you should have been at the local gymnasium last Thursday night, Dec. 5, to witness the ball games between Crowell and Knox City.

The "A" boys pulled one out of the bag by a score of 36-35. Crowell was behind most of the time. At the half, the score was 13-11, Knox City's favor. However, Crowell found itself in the

last few minutes of the game. The game was mostly defensive; both the teams really had to work for their points. High pointers for Crowell were Kenny Ownbey and Dan Bird with 10 points each.

The heartbreaker of the week was on the same night when the "A" girls lost 53-52 to Knox City. Crowell was behind about 20 points at the half. However, they pulled one point ahead with 12 seconds left in the game. Then Knox City got the ball and made the winning basket. High pointers were Evelyn Faske and Suzetta Abston with 25 and 24 points, respectively.

This week the "A" boys team will enter a tournament at Chilli-coth. Yes, basketball season is really here! Other members of the girls' "A" squad are Jo Wynn Ekern, Beverlie Gray, Scherry Goodwin and Judy Harper.

**Librarians Have Christmas Program**

The Library Club opened the Christmas season Tuesday, Dec. 3, with a Christmas program given in Mrs. King's class room. To create a Christmas mood, all the members joined in singing a carol, "Silent Night," led by Betty Ann Welch. Saunna Martin then took the group's imaginations back to "Into the House of the Lord." As the first Christmas by reading a closing thought, she read the poem, "A Cowboy's Christmas Prayer" and asked Mrs. King to lead in prayer.

The club members voted to choose a Library Club Sweetheart in January to be crowned at the February meeting. The senior librarians will be eligible for the honor. Scherry Goodwin was made chairman of the committee to plan the contest. It was decided that the selection of a library sweetheart will become an annual affair.

**C. H. S. Reports**

Mike Shrode missed school last Friday to undergo a tonsillectomy. Toye McCurley went deer hunting over the week end. He proved his good marksmanship by bag-

ging his deer. LaRue Gidney was in Midland over the week end. There are three new students in CHS: Brenda Durham, a senior, and her brother, Rickey, a freshman; Sharon Hoffman, a freshman from Chicago, Ill. Brenda has been in school at Stinnett and Rickey at Morse.

Suella Smith, Elaine Crowell and Sandra Ellis attended "Campus Day" at Midwest Christian College in Oklahoma City on Friday of last week.

Billy Sokora was in Dallas several days last week undergoing surgery on his right arm to correct an injury which he received last summer.

Kenny Ownbey, John Schilling and Denny Garrett spent Friday of last week visiting Cisco Junior College. Mr. Hesse, the band director, and Aldon Garrett and Charles ten Brink, students, introduced the boys to the various phases of college life.

Jon Ann Carter modeled an aqua blue suit in the American Wool contest in Lubbock Saturday, Dec. 7.

**Band Marches with Santa**

Friday at 3 p. m., the C. H. S. concert band assisted in the official opening of the Christmas festivities of Crowell by playing several Christmas carols on the court house lawn. They then went to the First Baptist Church to record Santa Claus, who rode in a red fire truck, to the square amid strains of a stirring march.

**Adventures of Minnie Mouse—Part III**

Hi there, all you Minnie Mouse fans! How's the world been treating you? I want to tell you about an experience that I had last week. Bur-r-r, it surely was cold as I scurried up the stairs; I began to hear loud noises coming from some room. I decided to look in to see what was going on. There I saw a big class of boys and girls; I overheard Jackie Eddy ask Jim-

mylynn, Tommie-Charlotte, Henry-Judy. Merida, what did you and that Air Force boy do in Wichita Falls? It seems as though Gary has acquired a new friend named Mr. Austin. Scherry and Jo Wynn, who are your newly acquired friends since Friday night? Seen making the rounds Sunday: Sharon-Erby, Saunna-Gena, Beverly T-Neil, Jimmie-Miller, Judy-Henry, Carolyn-Dale, Barbara-Jon Lee. What's the story behind the "bull's eye"? Does it have anything to do with N. A. and her sister, C. A.?

Kenny, John and Dennis really enjoyed their Cisco visit. Who is the sophomore boy that has a crush on Trinidad? Could it be A. S.?

What does Gayle want for Christmas—a skunk? Nelda's happy. She got a letter from Loy.

Seen in Quanah Friday night: Arcina-Lynn. Arcina, do you still have his ring? Answer to question above, "I don't have Lynn's ring, and I don't want it!" Talking Saturday night: Charles-Beverlie.

At Billye Sue's party Saturday night were Billye Sue-Dan Mike, Tommy-Charlotte, Jackie-Hollis, Ken-Mary Ann, Mike - Karen, Kenneth C.-Paula.

What is happening to all the steadies?

Together Friday and Saturday nights: Karl-Fleta.

Together Thursday night: Art Lynn-Jo Wynn.

See you all next week with more news and nonsense!

**News and Nonsense**

Well, kids, we are back from a "wild" week end. Ready for another one. Ha! Ha!

Together Friday night: Lyn-Arcina, Larry-Jill, Mike-Karen, Bobby-Barbara, Vicki-Woody, Barry-Joylyn, Philip-Ruth, Toye-Sandra, Bill-Lanette, Billye Sue-Dan Mike.

Broken steadies: Gary-Mary Sue, Otis-Francis.

New steady: Otis-Sheryl Thompson. Mary Sue, are you still undecided?

Together Saturday night: Philip-Ruth, Bobby-Barbara, Barry-Pat, Ken-Mary Ann, Larry-Jill, Dan-Billye Sue, Mike-Karen, Hollis-Jackie, Kenneth-Paula, Freddie-

**EDITORIAL**

**Why Go to College?**

Now that you have been lured into looking at this article by the familiar title (a device which I admittedly borrow from some of our finest national magazines), why not read onward? At one time or another each student (unless he drops out in the third grade) must face the question, "why should I go to college?" This question may be answered in several ways.

The classic or idealistic answer to this question would be to "feast freely on the delicacies of knowledge." Of course, there are those who do not quite follow this line of thinking. For instance some students trespass the "walls of ivy" in search of a companion. This class of collegians can be classified generally as women. The degree received for their short-term stay on campus is loosely referred to as an M. R. S. degree. However, the entire college career is ruined for the victim of this female, for a bachelor's degree can at best be an anti-climax with a couple of kids kicking around the house. Once believed extinct, college to prepare for a life's an extremely rare breed go to work. Then perhaps the noblest and most purposeful of the college set are those who would raise a cheer for "Ole State" in preference to a "hup, two, three, four" for Uncle Sam.

So, students, if you are willing to sacrifice, really sacrifice of yourself, to spend endless hours pouring over stacks of gargantuan volumes, to struggle through exams which are rumored to have been flunked by Einstein, and to spend your parents into the poor house, then I say to you, "Go to college!" . . . Wendell Callaway.

**Senior Personality**

The senior personality for this week is Elizabeth Pittillo. Elizabeth is five feet, four inches tall, auburn headed, and green eyed. She enjoys being an active member of CHS and of such organizations as the FHA, Adelpian Club and Library Club. She has also been a member of the drill team and Wildcat staff.

Elizabeth's favorites include the color, yellow; the food, shrimp; the actor and actress, Paul Newman and Shirley Knight; the song, "Moon River;" the singer, Steve Lawrence; the teacher, Mr. Black; and subject, bookkeeping.

Her parents and her teachers have been Elizabeth's greatest influences. Her greatest dislike is a

two-faced person. Elizabeth, the daughter of Mr. and Mrs. J. R. Pittillo, is still undecided as to which college she will attend after graduation.

**Students Take Tests**

Last Thursday and Friday the students of CHS were engaged in taking printed tests. The freshmen took the "Teach Battery Achievement Test"; the sophomores, the "Flanigan Aptitude Classification"; the juniors, the "Iowa Tests of Education Development;" the seniors, the "Kuhlmann-Finch I. Q. Tests."

These are just a few of the tests given to record the progress of the students in CHS and to aid the teachers in counseling the students. The tests, varying from 1 to 9 hours in length, are especially beneficial in that they acquaint the student with the practice of taking timed tests similar to the ones that are required for college entrance.

**Henry and Corder Make All-District**

Crowell High School had two boys to make the all-district football team this year. They were Larry Henry, defensive linebacker, and James Corder, defensive guard. Dan Mike Bird received honorable mention as offensive quarterback.

These players were selected by the coaches of District 1A-11. The coaches were not permitted to vote for their own boys.

**Code of Conduct for Schools**

Crowell High has received several copies of a suggested code of conduct for high schools. It contains the following points:

1. I will start the day with a prayer to God for guidance in my life.
2. I will respect my parents and teachers, trying always to understand them.
3. I will have tolerance for people of other races and religions.
4. I will practice the golden rule, treating others as I think they should treat me. I will try to be unselfish and think of others for places of honor, discouraging jealousy and gossip.
5. I will not be lazy, but will work hard at study, at play, in school activities.
6. I will learn self discipline by making a daily plan of study, recreation, work, and help in my home and church.
7. I will be honest in examinations, in my assignments, in respecting other people's property.

**Gist of Texas Farm Union Convention**

Kenneth Halbert reports following as the main topics covered in the state convention Farmers Union in Lubbock:

"A fair price for farm products is essential for the welfare of farmers. The principle of parity, whereby farmers have received a price for their products approximately equal to the price they must pay for machinery, supplies as recognized by Congress, has been the principal foundation for farm welfare and earnestly urge that this principle of parity price be maintained present as well as future legislation.

"We recommend that the regulations governing all farm programs be simplified. We believe that much of the excess work and complicated rules could be eliminated, thus leaving farm programs that could be easily understood by all farmers and ASC employees.

"We urge each local Farm Union to initiate a continuing publicity and public relations campaign among their city neighbors designed to educate consumers farm products, on the farm program, and on the largest price between the farmer's market price and the consumer's purchase price in the history of the country.

"Commodity programs: we cooperators in the program stay within their allotment be eligible for certificates in the same or similar manner as the who certificate program voted down 1963 would have provided. If it is another referendum, let it be held on Aug. 1, 1964. Consider ways in which the program can be made more acceptable to 15-acre growers. Feed program: Continuation of a good temporary program until a permanent program is established. Cotton: should be made highly competitive with textile mills placed on a par with foreign mills. Plus many other recommendations. Livestock: We view with alarm the resurgence of red meat imports. Ask that Congress act immediately to effectively protect the domestic markets of these commodities.

✓ **1963 Box Score:**  
**FORD'S TOTAL PERFORMANCE TOUGHNESS**  
**DOMINATES THE COMPETITION WORLD!**

Ford has chosen the most rugged testing program cars have ever faced . . . full-scale open competition on the rally and racing circuits of the world. This is the dramatic way to show that Fords have changed . . . and the sure way to be certain they keep on changing. Changed? Just look at the record:

<b>STOCK CAR RACING:</b> 2-to-1 margin for Ford Ford is king of NASCAR competition and Ford Motor Company has the NASCAR Achievement Award to prove it. In the '63 season, special Ford entries won every single race of 500 miles or longer, scored nearly twice as many points as any other make. 500-mile races are the ultimate test of inherent durability and dependability. In two other major stock car racing associations IMCA and MARC, Ford drivers have wrapped up the 1963 championships.	<b>SPORTS CAR ROAD RACING:</b> Ford V-8 power is the new king Here the Cobra with its special Fairlane engine emerged as the overwhelming leader in one short year. Cobra won the coveted Manufacturer's Trophy in SCCA Class A Production competition by so wide a margin no other cars—U.S. or foreign—were even in sight. And in the two major tests this fall, the Laguna Seca and Riverside races, the new King Cobras dusted off the top "unlimited" cars from all over the world.	<b>RALLY COMPETITION:</b> Manufacturer's Championship Products of Ford Motor Company and its world-wide affiliates won the 1963 Manufacturer's World Rally Championship. Ford's rally year began when two specially equipped Falcon V-8's started the automotive world in the brutal 2500-mile Monte Carlo Rally. Other special Falcon V-8's triumphed in Holland's famed Tulip Rally, and ran away with the Manufacturer's Team Prize in the 4000-mile Trans-Canada Rally.	<b>INDIANAPOLIS:</b> Ford ends an era Advanced Ford engineering smashed precedent in the classic Indianapolis "500." The first time out, a light alloy version of the Fairlane V-8 design in a Lotus chassis finished second. And the next time, in the Milwaukee "200" it ended the reign of the traditional "Indy" racing car by leading every foot of the way from start to finish.	<b>PERFORMANCE &amp; ECONOMY:</b> New laurels for Ford The Mobil Economy Run underscored Falcon's years-long reputation for thrift—a Falcon scored first in Class B (medium-engined compacts). And the Pure Oil Performance Trials brought laurels to the big Fords, which walked off with overall wins in Classes I and II for total performance (economy, acceleration and braking).

✓ **1964 Result:**  
**TOTAL PERFORMANCE INSPIRES THE TOUGHEST,**  
**SMARTEST CARS FORD EVER BUILT!**

Fords have changed—and that's the real reason behind Ford's racing successes. We're now making the longest lasting, best handling cars in our history. The things we've learned from the specially equipped cars we enter in open competition have helped make that way.

The inherent qualities that make the vic-

torious racing car—road-holding, braking, durability, precision control, resistance to vibration—also make a car safer, stronger, and smoother for highway use.

But prove it to yourself. Take the wheel of any new Ford. Five minutes on the road will show you the kind of total performance no one else can match.

**Two Minutes With the Bible**

**Peace on Earth?**

When Christ was born of Mary, the angels praised God and sang: "Glory to God in the highest, and on earth peace, good will toward men" (Luke 2:14).

This glad carol of the angels seems farther from the truth today than it ever was, and as a result many have become cynical and have concluded that the Bible is not true; that the angel's song was but a pleasant, hopeful thought. Those who feel this way don't know their Bibles very well, though, or they would know why we have such unrest today, instead of peace.

Our Lord was indeed the long-promised King, through whom His people and the whole world were to enjoy peace and true prosperity. John the Baptist appeared as the King's herald. The twelve apostles went forth "preaching the gospel of the kingdom" (Matt. 4:23). The four Gospel records are filled with proofs and demonstrations of Christ's royal rights. But the King was rejected, as God had prophesied He would be at His first advent (1 Pet. 1:11). Over His cross Pilate placed a

sign, saying "This is Jesus, the King of the Jews." Today, then, the King is a royal Exile from the world over which He should be reigning.

Is it strange, then, that we do not yet enjoy peace on earth. The second Psalm describes the folly of the nations and their rulers in ignoring this basic fact and predicting that God will laugh, as it were, at their derision as they seek to run the world without His Son.

Thank God, this period of Christ's rejection is also a wonderful period of grace. When sin had risen to its height, God saved Saul of Tarsus, the leader of the world's rebellion against Christ, and sent him forth to proclaim "the gospel of the grace of God" (Acts 20:24) the good news that "Christ died for our sins," and that any sinner may be reconciled to God by faith in Christ. This is why the Bible calls the divine administration under which we are living "the dispensation of the grace of God" (Eph. 3:2). So, while "peace on earth" awaits a future day, we may now have "peace with God, through our Lord Jesus Christ" (Rom. 5:1).

**December Plentiful Foods Assure Ample Holiday Supplies**

Ample food will be the least among problems for Texans this December, as they plan festive get-togethers. Producers and processors, together, are keeping trade channels full of holiday grocery needs.

Seven foods are particularly abundant. They make up the U. S. Department of Agriculture's December plentiful foods list, points out the Texas Agricultural Extension Service.

Beef and pecans—two important Texas products—are featured on the list. Pork, turkeys and peanuts, also grown extensively in Texas, will be plentiful all month. Apples and cranberries complete the list for December.

Beef takes a top spot on the list because of its abundance and favorable prices for consumers.

The all-time record pecan crop of 297 million pounds for the nation is 66 per cent above the 1957-61 average; four times more than last year's small crop. Prices being paid to growers are lower, and therefore, more favorable for increased use by consumers.

Similar reasons stand behind the listing of pork, turkeys, peanuts, apples and cranberries. USDA's Agricultural Marketing Service, that keeps in constant touch with available supplies of all farm-produced foods, says consumers will

find it to their advantage to shop the "plentiful route." Food markets regularly promote these items with special prices and a wide choice of quality.

**Search Begins for Best Conservation Homemaker**

The search for Texas' champion conservation homemaker for 1964 is getting underway, reminds Claudia G. Williams, Texas Agriculture Extension Service program specialist and state judging committee chairman.

Each county in a Texas Soil Conservation District may nominate one woman who lives on a conservation farm or ranch by submitting a record of her conservation accomplishments to the county home demonstration agent, Miss Williams explains. Records of all nominees should be ready for county judging committees by Feb. 1.

The top Texas homemaker will be selected, along with five regional winners, from among the outstanding district and regional candidates whose records are to be submitted to Mrs. Florence W. Low, assistant director for home economics with the Texas Agricultural Extension Service.

The annual judging activity is sponsored by the Fort Worth Press, in cooperation with Soil Conservation Districts, the Agricultural Extension Service and other groups. It offers recognition for achievements of Texas women in the area of conservation in the home and on the farm.

All homemakers—whether they live in the city or in the country—are land users in their own right if their home has a plot of land, and they have the opportunity and need to practice soil and water conservation, as well as conservation of time, energy and family finances. "Active attention to the care of your land may help to refresh your partnership with the nation's farmers and ranchers as stewards of the land," Miss Williams reminds homemakers.

An average of 3,500 forest fires occur in Texas each year.

The kind of fresh styling—inside and out—that makes it the year's smartest surprise. Come down and stare at it.

**Now—Chevy spirit in a new kind of car!**

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses!

And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the way it muffles noise and cushions bumps.

And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too.

Sound good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

See five entirely different kinds of cars at your Chevrolet Showroom—CHEVROLET, CHEVELLE, CHEVY II, CORVAIR & CORVETTE

## Surprise Birthday Party Sunday Honors Mrs. Alice Werley

Mrs. Alice Werley was honored Sunday at her home in Crowell with a surprise birthday dinner given by her children.

Mrs. Werley's children and their families who attended were Mr. and Mrs. Carl Shultz and family of Euless, Mr. and Mrs. Bryant Thompson and family of Grand Prairie; Mr. and Mrs. Lee Whetstone and family of Wichita Falls, Mr. and Mrs. M. T. Maize Jr. and family of Vernon, Mr. and Mrs. Glenn Carroll and family of Coo Vee, Mr. and Mrs. Donald Werley and family of Vivian and Mr. and Mrs. Jimmy Werley of Crowell.

## Christmas Tea Given for W.S.C.S. Circles

A Christmas Tea was held Sunday, Dec. 8, at 3 p. m. at the Methodist Church by the three Circles, which includes "The Home Builders," "The Henry" and "The Pioneer" for all women of the church. Mrs. Moody Bursey, Mrs. Jack Welch and Mrs. Virgil Johnson were hostesses for this lovely tea.

The guests were greeted at the door by Mrs. Johnson, after which Mrs. Jack Welch presided over the program with Miss Betty Ann Welch leading the singing of "Silent Night" and "Joy to the World." The reading of "Lonesome Tree" was given by Rhonda Vececa.

A piano solo, "Away in a Manger," was played by Jane Hughston. Then Sheri Spear sang "Silver Bells," accompanied at the piano by Mrs. Allen Sanders. Peggy Welch played a piano solo, "It Came Upon a Midnight Clear."

A very lovely Christmas story was told by Mrs. J. C. Prosser, who brought that the "meaning of Christmas" is found in what one does for others in service. Faith, hope or love, and the most precious gifts are bought without a price. The dismissal prayer was given by Mrs. John Fitzgerald.

The guests were served tea or

coffee and cookies by Mrs. Sanders and Mrs. Fitzgerald from a table laid with appointments of crystal and silver. The cloth was red net over red with silver sequin decorations. The centerpiece and other appointments in the room carried out the Christmas motif.

Approximately 40 members and guests were present.

## Junior Columbian Club

The Junior Columbian Club met Dec. 4 in the home of Gayle Smith. Once again, different items concerning the dance were discussed.

The Crowell High School band director, Albert Lykins, brought the group a program on the history of music. He also honored the group by playing a selection on the saxophone with Gayle accompanying him at the piano. He also played several records to exemplify some points which he brought out very well.

The hostesses, Gayle and Susella Smith, served delicious refreshments of enchiladas, salad, cookies, and Cokes. The next meeting will be in the home of Mary Ramsey.

## Children Who Write Santa Promised to Receive Answer

The Post Office Department is getting together with Santa Claus this year to make sure that children who write to the North Pole get an answer from the best-known citizen up there. Postmaster Ted Reeder said today.

Part of the Post Office efforts to encourage a wider use of ZIP coded addresses assures children that they will receive a message from Santa Claus if they write to him by December 15 at North Pole 99701, and use their own ZIP codes in their return addresses," Mr. Reeder explained.

The enlistment of Mr. ZIP as Santa Claus' newest helper became a familiar fact to children everywhere on Thanksgiving day when TV network viewers saw

the familiar cartoon character in the traditional Macy's Christmas parade in New York City.

Santa's reply to the children's note, to be delivered free of any additional charge through the courtesy of the postal service, will be a gaily-decorated card with an appropriate reply to please the children, the local postal head noted. All that is required is the child's note to Santa with regular 5c first class postage on the envelope, together with the ZIP-coded address and return address.

"We are very pleased to make this service available to the children for their big day," the postmaster commented. "Actually, we in the Post Office have been Santa's biggest helper for many years, and I think it is very appropriate that we extend our lines of communication a little at Christmas for the youngsters."

## Postmaster's Annual Present Is Given Out for Christmas

Postmaster Ted Reeder had his annual Christmas "present" ready today for his patrons and, to nobody's surprise, it was his perennial suggestion: "Mail Early."

"Christmas shopping and mailing is, for most people, one of the heaviest chores at Christmas," Mr. Reeder said, "and if I can persuade some people to get it done right now I think they will agree later—when they are taking it easy while others rush around—that I have given them a very good present."

"Virtually all Christmas mailing can be disposed of now by observing the following five suggestions," Postmaster Reeder said:

1. Do your shopping for your Christmas gifts now.
2. Check and revise mailing lists for cards and presents.
3. Package and mail Christmas parcels promptly. Don't worry about being too early—just mark them "do not open until Christmas."
4. Buy Christmas cards now and address them right away, separating them into out-of-town and local bundles. Mail them immediately with ZIP codes on them and you've got it made, except for that last-minute card you forgot to send to Aunt Minnie.
5. Buy plenty of stamps now while post office windows are uncrowded.

For Christmas cards, the postmaster recommends the attractive new 5 cent Christmas stamps showing the national Christmas tree in Washington, D. C. Use of this

stamp insures first class mail treatment—meaning the card may contain personal messages and may be forwarded or returned free of extra charge. For example, if Great Aunt Minnie has moved without telling you, your card will be forwarded to her (presuming she has left a forwarding address.) If the card cannot be forwarded, it will be returned to you, provided you have put your return address on the envelope.

Incidentally, to speed Christmas card handling, letter carriers and post offices will have free supplies available of "local" and "out-of-town" bands for Christmas cards. If you will use these to separate your local and out-of-town cards, it will expedite delivery and assist your post office.

And, just as an additional peace of mind safeguard about parcels this Christmas, the postmaster urges you to insure them.

He noted that—despite the department's efforts over many years to promote good packaging and addressing, the postal service each year has been unable to deliver or return about half a million parcels.

The postmaster emphasized that ZIP code can also help insure against loss due to poor addressing for letters and parcels.

## From the News... THIRTY YEARS AGO

News items below were taken from the Thursday, Dec. 14, 1933, issue of The Ford County News:

The Crowell High School Wildcats handed the Graham Steers a 25 to 6 defeat to win the bi-district championship at Wichita Falls last Friday afternoon before a crowd of over 2,000 people at Coyote Stadium. The final football game of the 1933 season and the one that will determine whether the Crowell Wildcats or the Rockwall Jackets will achieve the highest honor that can come to a Class B football team in Texas, will be played at Vernon Friday afternoon.

Born to Mr. and Mrs. Daniel F. McKee, Margaret, Dec. 3, a girl, Ruth Janele.

Foard County's full quota of 154 men are now at work in various parts of the county on Civil Works projects.

Twelve boys are reporting for practice for the Thalia High School basketball squad, according to Clyde L. Fincher, coach. The twelve are Harold Banister, Roland Taylor, J. C. Wisdom, L. Z. Tole, Havis Capps, J. D. Miller, Wayne Gamble, Houston Adkins, Wheeler Wisdom, Charles Earhman, Percy Taylor and Roger Jackson.

Hog killing has been the order of the day in Trascott and its trade territory for about a week.

Herbert and Henry Fish, B. W. Matthews, John Allen and Miss Anita Fish attended the Crowell-Graham football game at Wichita Falls Friday.

Mr. and Mrs. Carl Haynie, formerly of Trascott but now living in Amarillo, visited sick relatives at Trascott several days last week.

Mrs. Tom Abston and children and Miss Merle Banister and her brother, Bryan, of Thalia spent Saturday with their sister and aunt, Mrs. Grover Nichols, and family at Black.

A big wolf hunt was staged Saturday night beginning at the Big Wichita River and ending at Percy Stone's place. Fifty-three dogs were in the race and four wolves were killed. A large crowd from the Ford City community attended the all-night affair and several from Crowell, Vernon and Quanah were also present.

Mr. and Mrs. Jim Ewing returned Friday from several days visit with relatives and friends in Amarillo.

Mr. and Mrs. Bill Bond and Mrs. Homer White returned last week from Oklahoma City.

Rev. C. D. Egggett of Margaret carried a load of canned goods and other articles to Medicine Mound Monday where a truck was being loaded out for the Backner's Orphan Home. He reported a large donation.

Mr. and Mrs. Abb Dunn entertained with a musical Saturday night.

Mrs. Homer McBeath and Mrs. V. C. Wardell of Ford City visited relatives in Seymour Saturday.

A shipment of new Maytag washers have been received by the Crowell agency and they are being stressed for their value as Christmas presents.

To help the world's hungry people feed themselves in the future, CARE delivers food to nourish school children while they get an education; to stake resettled farm families until their first crops come in; to pay villagers while they build roads and other facilities to increase commerce and earnings. Contributions to the CARE Food Crusade, New York 10016, help make such programs possible.

Since Sierra Leone has no regular transport service, CARE has its own fleet of 10 trucks to deliver food to schools in even the most remote villages. Commodities, provided by contributions to CARE's Food Crusade, are used to cook a daily hot lunch for 75,000 school children in the new African nation.

Latin America, with 6.8 per cent of the world population, has only 4.7 per cent of world income, while North America, with 6.7 per cent of the people, has 35.8 per cent of world income. Ten Latin American republics are among 33 countries whose hungry are helped through various CARE feeding programs.

In Bombay, India, every school day 350,000 primary pupils get an individual bottle of milk prepared from CARE milk powder packages. Each \$1 sent to CARE Food Crusade, New York 10016, fills 400 milk bottles for as many Indian children.

In Korea, 13,000 members of 3,800 refugee families moved to new homesteads must clear the fields and build sea walls before they can even begin farming. To help sustain them until the land is productive, 45,000 of CARE's \$1 Food Crusade packages are needed—enough to give each family a package a month for 12 months.

The deer hunting season is in full swing and hunters are reminded that they, too, have a large stake in the screwworm eradication program underway in the Southwest.

Early reaction from sportsmen indicates that wild game is more plentiful than it has been in years. Estimates of 10 to 65 per cent increases in the deer crop have been made.

A number of factors have been credited for the increase in deer populations, with the screwworm eradication program usually listed at the top. Some wildlife experts have stated that in past years the screwworm has accounted for the death of at least three out of every ten fawns each year.

The eradication program seeks to eliminate the screwworm through release of millions of sexually sterilized flies that have been subjected to atomic radiation. The sterile males mate with native fertile females and no offspring are produced. Sportsmen helped finance the program through their contributions last year.

While the screwworm appears to be on its way to extinction, the heaviest infestations of the insect presently being detected are in the areas with the highest populations of deer.

Hunters are encouraged by program officials to bring sightings of infested deer to the attention of land owners so that the cases

can be reported to eradication workers. Infestations in wild areas are even more critical to the program than those in farm areas because they cannot be treated, untreated cases can be a source for hundreds of future infestations.

Each \$1 CARE Food Crusade package sent by Americans contains 18 to 50 pounds of food for the hungry in other lands.
