## Heavy Rain Falls Over Foard County Last Friday

Another general rain over Foard County last Friday afternoon and night brought much-needed moisture to this area, and also temporary relief from the 100 degree weather.

The rain, which preceded a cool front, fell Friday afternoon and totaled 1.63 inches in Crowell. Elsewhere about the county, the total ranged up to three inches and over in the Rayland and Thalia communities. The Truscott and Gilliland areas reported from 2 to 3 inches, and one observer at Gilliland says the feed and cotton crops are doing so well they look like they have been irrigated.

The rain Friday fell very fast, and was the most rain received at Gilliland in several months. Many stock tanks, which were low due to no run-off water, were replenished as a result of this rain.

This county was again fortunate in missing the extremely heavy downpours reported east of Vernon, in which US 287 was covered by water in places up to a depth of 5 to 6 feet.

The Rayland community, which all summer has been one of the driest parts of the county, received heavy rains reported as high as 5 inches, but very little crop damage was reported. Although rain has been scarce in that area, timely showers and cool weather have kept the cotton and feed growing.

Outlook for a good cotton and feed crop this year are good at the present time, with plenty of moisture in the ground to last for some time.

High and low temperature readings during the past week follow:

Thursday:	high 98, low 74.
Friday:	high 100, low 75.
Saturday:	high 87, low 70.
Sunday:	high 93, low 70.
Monday:	high 94, low 73.
Tuesday:	high 94, low 73.
Wednesday:	low 72.

## New Minister Named for Thalia Church of Christ

The Elders of the Church of Christ, Thalia, announce that Welton Nickel of Yoakum, Texas, has accepted the offer to work for the church at Thalia.

Mr. and Mrs. Nickel and children, Winston and Janette, have moved to the preacher's home, one block west of the church building.

Brother Nickel extends a cordial invitation for all to visit the Thalia Church, and also invites them to attend church services at every opportunity.

## Baptist Church to Have Violin-Piano Program Sunday

The First Baptist Church will present Carlos Gruber, violinist, and Mrs. Walter Stapp, pianist, in a musical program of classical and semi-classical selections next Sunday afternoon at the church at 4 p. m. The musical hour will include selections by Handel, Tchaikovsky, Saint-Saens and others, and is presented for the pleasure of all music lovers of the area.

Mr. Gruber, a Latvian by birth, has studied violin both in the United States and abroad. He is in Crowell for this week, leading the music of the revival at the Baptist Church. His period of musical meditation which opens the service each evening at 7:30 has been enjoyed by all those attending.

It is a privilege to hear in Crowell an artist of this caliber. The general public is cordially invited to attend the musicale.

## Truscott Baptist Church to Begin Revival July 30th

The Truscott Baptist Church will start a revival Sunday, July 30, which will run through August 6. The services will be held at 8 p. m. each evening except Sunday when they will start at 7:30 p. m. The public is invited to attend.

The evangelist for the week will be Rev. Jack Nevins who is pastor of the Lake Wichita Baptist Church in Wichita Falls. Bro. Nevins has been pastor there for about four years.

Ben Stephens, regular song leader for the church, will be leading the congregational singing each evening. Carol Lindsey of Victoria will play the piano for these services.

Homer Stephens, pastor, stated Tuesday, "We invite you to come and help us sing, then listen to a message from God."

## Pat Pittillo Attending Firemen's Training Session at A&M

Pat Pittillo, Chief of the Crowell Volunteer Fire Department, is in College Station this week attending a firemen's training course.

Mr. Pittillo, who will return Friday, accompanied a group of firemen from Vernon.

## Down Town Bible Class

Rev. Kenneth Bingham brought the message at the Down Town Bible Class Sunday morning. Rev. Clarence Bounds led the group singing with Miss Kay Johnson as accompanist. Dick Todd was in charge of the meeting.

Twenty-five men were present. Recie Womack will be the speaker next Sunday.

## Youth Activity Week Set for August 2, 3, and 4

The youth of the Methodist Church are having their annual Youth Activity Week August 2, 3 and 4. Theme for the week will be "Teens—This Is Your Life."

On Wednesday, the program will be on "Teens and Recreation"; Thursday, "Teens and the Home"; Friday, "Teens and Religion."

Recreation, hayride, ice cream supper—fun for all—are planned during this week.

All Foard County youth are invited and urged to attend.

## David D. Adams Reported Slightly Improved in Quanah

David D. Adams, Foard County resident, was reported to be slightly improved in the Quanah hospital after suffering severe head injuries in an automobile collision in Quanah Saturday evening.

Mr. Adams' son, Stephen Ralph, was not injured, and Louis Painter and a Rochester, Texas, man, the other occupants of the car, have been released from the Quanah hospital.

Mr. Adams is the son of Mr. and Mrs. Dave Adams of Crowell.

## Calvin Welding Shop Now Manufacturing Cotton Trailers

A. B. Calvin, owner of Calvin Welding Shop, is going into the cotton trailer manufacturing business in a big way. Mr. Calvin has designed and built a cotton trailer and plans to build about 25 during this summer.

Assembly line production of the trailers is being planned by Mr. Calvin with a stockpile of pre-cut parts and lumber being ready at this time.

With an advertising campaign in the cotton growing counties in this section, Mr. Calvin hopes to build up a market for his product.

## Truck Burns West of Crowell Early Monday

The Crowell Volunteer Fire Department was called out early Monday morning to a truck fire on US 70 west of Crowell. The tractor was demolished, but the trailer was not burned.

## Winners Named in Town, Country Business Program

State and district winners in the 4-H Town and Country Business Program, sponsored by the Texas Agricultural Extension Service, the Producers Grain Corporation and the Texas Federation of Cooperatives, were released last week by the state 4-H club office.

The state winner is Vivian Warminski, Carson county. She will receive a U. S. Savings Bond from the Federation.

The district winners and the counties they represent are: Cecilia Drabek, Foard; Corwin Padgett Jr., Ochiltree; Lynn Simmons, Heckley; Linda Perceval, Kaufman; Rhonda Potts, Hopkins; Glen Reid, Martin; Carolyn Hoffman, McCulloch; Nancy Richmond, Comanche; Terry Perkins, Rush; Kay Lynn Wagner, Lavaca; Dick Britten, Brazos; and Dewey Smith Jr., Hidalgo.

The district winners and Suzanne Orr and Richard Stanley, Taylor county, members of the state winning Farmers Cooperative Activity Demonstration team will assemble in Amarillo on July 30, he initiated into the Talent Club and depart the next day on a tour which will take them into Midwestern and other Southwest states. Host for the tour is the Producers Grain Corporation, also the sponsor of the Talent Club which was organized in 1942 by J. Frank Triplett, general manager of the corporation.

A county agent and home demonstration agent will act as official chaperones for the trip. O. C. Applegate, public relations director for the host organization from Amarillo, will also travel with the group on the tour he has arranged. They will travel by chartered bus and in addition to sight seeing will visit grain elevators, cooperatives and the Kansas City Board of Trade. They will return to Amarillo on August 7.

Purpose of the Town and Country Business Program is to acquaint 4-H members with the opportunities available in agribusiness industries; help them develop an understanding and appreciation for business organizations and prepare them for future responsibilities.

## Savings Bonds Sales in County Total \$71,672 for 1961

"Total sales of U. S. Savings Bonds in the State of Texas are up 2.6 per cent at the end of the first six months of 1961 over the same period of 1960. Sales in Foard County totaled \$71,672 for the month of June, which represents 65.2 per cent of the 1961 goal for the county," according to George Self, chairman of Foard County Savings Bonds Committee.

"H Bond sales alone for this period are 20.2 per cent higher than for the same period of 1960. The H Bond is an excellent investment for persons wishing a regular income, and at the same time requiring safety and ease of redemption. This bond bears 3 3/4 per cent interest if held to maturity, and interest checks are mailed every six months to H bond owners.

"Investment in both E and H bonds is putting your money to work for you—and for your country," concluded Mr. Self.

## Rotary Club

Program for the Wednesday noon luncheon of the Rotary Club on July 19 was the showing of slides taken by Rev. Kenneth Bingham on his recent trip to the Holy Land. Rev. Bingham's description of the many scenes was done in a very interesting manner.

Glen Goodwin was in charge of the meeting in the absence of the president and vice president. Mayor Henry Black was a visitor.

## News About Our Men in Service

Ronald Yarbrough who is stationed with the Military Police of the U. S. Army, in Alaska, is here visiting his parents, Mr. and Mrs. W. L. Yarbrough.

Army Sergeant First Class Robert C. Carroll, 30, son of Mr. and Mrs. Robert T. Carroll of Crowell, graduated from the Non-Commissioned Officer (NCO) Academy at Fort Riley, Kansas, on July 8.

Sergeant Carroll received four weeks of refresher training in various subjects with emphasis on leadership and combat tactics. The purpose of the academy is to broaden the professional knowledge of the NCO and to instill in him the self-confidence and sense of responsibility required to make him a capable leader of men.

Carroll, a senior aircraft inspector at the U. S. Army Garrison at Fort Riley, entered the Army in 1948.

He attended Crowell High School. His wife, Doris, lives in Junction City, Kansas.

## Services for Infant Held Saturday at Funeral Home Chapel

Funeral services for Cris Lee Richardson, infant son of Mr. and Mrs. B. J. Richardson, were held at the Womack Funeral Home Chapel Saturday morning conducted by Rev. Glenn Willson, pastor of the First Baptist Church. Burial was in Crowell Cemetery directed by Womack Funeral Home.

Mother of the child is the former Louise Gordon, daughter of Mr. and Mrs. Cleve Gordon.

## Fire Department Has Barbecue Last Friday Night

Members of the Crowell Fire Department, their families and guests enjoyed a barbecue at the fire hall last Friday evening. The affair was scheduled to be held at the Country Club but the rain prohibited.

Rusty Russell barbecued the meat, Ed Dunn cooked the beans, and the wives of members brought desserts.

## Funeral Services For W. A. Priest Held Monday

### Mr. Priest Died In Vernon Hospital After Long Illness

Funeral services for W. A. (Lonnie) Priest, 71, were held at the Baptist Church in Margaret on 2 p. m. Monday conducted by Rev. Glenn Willson, pastor of the First Baptist Church of Crowell, assisted by Rev. L. M. Cox, pastor of the Margaret Baptist Church.

Mr. Priest died Saturday morning in a Vernon hospital following a long illness.

Burial was in the Crowell Cemetery directed by Womack Funeral Home.

Pall bearers were Jim Owens, W. A. Dunn, Ray Hysinger, Richard Johnson, J. T. Tamplin and Dink Russell. Assisting with the flowers were ladies of the Margaret Baptist Church.

A native of Mississippi, Mr. Priest was born August 18, 1889, and moved with his family to Texas in 1895. He had lived in the Margaret community since about 1905. He farmed in that community until 1928; following that he became active as a mechanic and carpenter as long as his health would permit.

Surviving are his wife; two sons, Fred Priest of Goldsboro, N. C. and Frank Priest of White Mills, Ky.; two daughters, Mrs. Opal Choate of Slaton and Mrs. Ruby Shultz of Vernon; one brother, C. R. Priest of Wichita Falls; two sisters, Mrs. Bertha Powers of Quanah and Mrs. Jewel Powers of Kermit; seven grandchildren and a number of nieces and nephews.

## Farmers Advised To Ask for Gas Tax Refund

Farmers are reminded by C. H. Bates, extension farm management specialist, of their eligibility for a refund of the 4-cent per gallon Federal gasoline tax on that used for farming purposes. The claim should include all eligible gasoline gallonage purchased between July 1, 1960 and June 30, 1961.

The claim for refund should be filed on Form 2240 and not later than September 30, Bates said.

The gasoline on which a refund may be claimed covers that used for farming purposes and includes most normal production operations. Three exceptions, however, are noted by the specialist. They are gasoline used on the highway, even though for transporting farm products; that used for processing, packaging, freezing or canning operations and that used for non-farming or personal purposes.

Records of fuel purchases should be to verify the refund request and care should be exercised to avoid inaccurate or excessive claims, Bates said. He noted that Form 2240 does not apply to diesel and special motor fuels.

Farmers who have questions regarding taxes on these fuels are advised to contact an Internal Revenue Service director.

## Texas Draft Call for August Set at 345 Men

The state quota for Texas draft board in August calls for 345 men. Col. Morris S. Schwartz, state Selective Service director announced Tuesday.

The state's August call of 345 compares with a quota of 258 for July. The August call is the state's share of a national call of 8,000 men, all for the Army.

Col. Schwartz also announced that local boards would send about 730 men for pre-induction physical and mental examinations.

Local board quotas for the August call already have been figured and sent to the state's 137 local boards.

The August quota will be filled with men who are at least 22 years old on August 1, with the exception of volunteers or delinquents, who may be younger.

## League All-Stars Win One, Lose in Area Tournament at Haskell

Area 4-B tournament at Crowell's All-Stars, managed by Marcus Mills and Bud eliminated Monday by a 9-2 score. The All-Stars won this tournament on Thursday night, July 20, but was completely defeated by Crowell's All-Stars in the first game.

The All-Stars went out on Friday night, and went back to Haskell Saturday night where they were defeated in a sensational extra-inning game, wherein Haskell's pitcher hurled a seven-inning no-hitter. Final score was 4-0.

Second year in championship playoffs, the local All-Stars won a remarkable ball. Details of two games are as follows:

Friday night, July 20, 8 p. m.: Crowell's Little League All-Stars defeated Haskell's Little League All-Stars, 4-0. The game was a slugfest, with both teams hitting out-of-control.

Saturday night, July 21, 9 p. m.: Crowell versus Haskell (semi-finals). Haynes John Hambleton III of Haskell, a slim, bespectacled right hander (with speed like Ryne Durren) pitched an extraordinary no-hit-no-run game against the Crowell All-Stars, with the final score being 4-0. Eleven-year-old Joe Mike Fish of Crowell's Stars, with stellar support from his mates, equalled Hambleton's performance through the regulation six innings but pulled himself in the seventh after Haskell got its first hit. Fish allowed no hits in the first six innings, and only one man reached first base safely, as he struck out six men and walked none. Bob Bird, who relieved Fish in the seventh, walked one man, allowed a double and a single, then retired the next three hitters in order. Defensive play of the Crowell nine was terrific. Only one error was committed by the Mills-Myers men, and that had no effect on the scoring. In the third inning, Crowell had men on first and second with one out, but two blazing strikeouts by Hambleton retired the side to kill the only Crowell threat. Hambleton struck out 18 men, walked two and hit one with a pitch. This game concluded the season for Foard County Little League.

## Tigers Win PeeWee Championship

Robert Walker's single scored Buff Nelson from third on Monday night, July 23, breaking up a tie ball game and winning for the Tigers the Foard County PeeWee League championship for 1961. Final score was Tigers 5 and Rattlesnakes 4.

The Tigers were coached by Floyd Thomas and Dan Mike Bird. Bill Lynch and Charlie McDaniel coached the Snakes.

The following boys will graduate into Little League next season: Jessie Ross Adams, Buzz Rasberry, Gary Edly, Anthony Powers, Robert Walker, Gary Cates, Jimmy Johnson, Barry Branch, Michael Clifton and Bill Kinsey.

## Where the Federal Government Gets Its Money

Roswell Magill of the Tax Foundation tells us where the Federal government gets its money. Last year the income tax, individual and corporate, accounted for 73 per cent of the estate and gift taxes, 1.8 per cent; tobacco taxes, 2.1 per cent; liquor taxes, 3.5 per cent; other excise or sales taxes, 7.3 per cent; employment taxes, 12.2 per cent.

## Paul Bishop Has Rare Keepsakes of WW I

Paul D. Bishop of Oden has a rare keepsake of World War I—two table napkins and two copies of the menu served to returned service men at Hampton Roads, Va., on Christmas Day 1918.

Bishop sent the napkins and copies of the menu to his aunt, Mrs. Mary Dickerson in Bishop and she returned them to him as mementos of the war.

Mr. and Mrs. Bishop (the former Miss Bea Ella Hallmark), lived in Crowell until 1936 when they moved to Oden.

While living in Crowell, Mr. Bishop worked for M. F. Crowell and the late J. H. Olds.

## ADULT AND YOUTH CENTER

The Premier Hotel has been offered for use to the citizens of Crowell, Texas, and the surrounding communities. Henry Black, the owner, has offered the hotel for use as an adult and youth center for the community. The hotel is a two-story building, with a large dining room and lobby. It also has a kitchen. The lower floor is of hard wood and the upper floor is of pine. All of the floors are in excellent condition.

The building will cost \$2,000, but about \$1,000 will be needed to put it in usable condition. It will be bought in the name of the City of Crowell, for in this manner the delinquent taxes against the property can be exonerated.

A drive will be made this week for public subscription to purchase the building and to obtain enough money to make some necessary repairs. Each citizen is urged to make a liberal contribution to this worthwhile project, for a new roof is needed and other repairs will have to be made.

The building is sufficiently large to have a place for the youth as a recreational center. It is planned to let the Boy Scouts have the use of the old community house.

Tentative plans call for a family to reside in the building in order that better service may be given to the citizens.

## ollars Will Buy Less

ollars Will Buy Less  
and Taxes Will Go Up  
From Farm Journal, "The U. S. government has lived within its means just six times in the last 100 years! It faces another deficit in 1962—of perhaps \$6 billion. It owes \$200 billion, which is more than \$1,000 for every man, woman and child in the country. More than that, its future obligations, already voted by Congress, come to \$750 billion. That means every man in the U. S. has been mortgaged nearly \$4,100 worth—before any of the new current legislation is passed. All this can mean only that your dollars will buy less and your taxes will go on up."

# STATE CAPITAL Highlights AND Sidelights

by Vern Sanford  
TEXAS PRESS ASSOCIATION

Austin, Tex.—House members burned midnight oil in an effort to get a tax bill to the Senate before the mid-point of the brief 30-day session.

In the long, long sessions and seemingly endless succession of approaches, amendments, substitutes and substitutes for the substitutes, it was often difficult to tell who was winning what. Show-down votes indicated that it is still easier for members to agree on what they don't want than on what they do.

Rejected, at least for the time being, was a package bill recommended by the Revenue and Taxation Committee. Its main money-raiser was a sales tax, with exemptions, on items costing \$5 or more. It also included more utilities taxes, natural gas taxes, a transfer of funds from the permanent school fund, a revised franchise tax and a bookkeeping transfer.

Also turned down were proposals for a 4 per cent corporate income tax by Rep. Bob Eckhardt of Houston and a 1 per cent general sales tax by Rep. Tom Andrews of Aransas Pass.

Rep. Charles Ballman of Borger, chairman of revenue and taxation, was pushing for a package bill that closely tracked Gov. Price Daniel's recommendations at the beginning of the session. It

**RADIO REPAIR**  
**Marion Crowell**

differed from the committee-written package chiefly in that it included a Pennsylvania-type sales tax, applying only to items listed in the bill.

Despite the House problems, an August 8 finish may still be possible. Senate, generally, is swifter and more nearly of one mind on money matters. It agreed on a tax bill in the regular session in approximately one-third the time spent by the House.

Hardest part is getting agreement on one plan from both House and Senate—and finally—from the governor.

**FUND BILL PROGRESSES**—House has given second reading approval to a bill appropriating \$2,527,000,000 for the next two years.

It is slightly higher than the bill passed earlier by the Senate, and eventually differences will have to be worked out by a conference committee of the two houses.

A group of conservatives in the House were foiled—at least temporarily—in an effort to cut the bill by \$27,000,000 through economy measures. Among items they felt could be deleted or put off were recarpentering the House chamber and refinishing members' desks for \$250,000, adding an office for the governor to the Governor's Mansion for \$50,000, installation of a sprinkler system on the Capital lawn for \$20,000 and several other expenses of that nature.

Economy group also wanted to trim back some increases in the bill for salaries and travel expenses for state personnel and eliminate paying legislators a salary for the period between November, 1960, when the annual pay amendment was approved, and the start of the session in January.

**SCHOOL BILLS MOVE**—A bill to provide more liberal state aid for sparsely populated school districts has been approved by the House Education Committee.

Rep. Sam F. Collins of Newton is sponsor of the measure which would provide \$378,000 to pay for 90 additional teachers in rural areas. Most of the extra teachers would be for Negro schools.

Objectors to the bill said it would perpetuate the problem of having school districts too small to provide a strong school program.

On the other side of the Capitol, the Senate Education Committee gave reluctant approval to a more economical teacher pay raise plan than the Hale-Aikin plan it already had approved. Sent to the floor was a bill by Sen. Bruce Reagan of Corpus Christi which would give teachers a \$600 a year raise this year, \$200 more in 1963 and \$200 more in 1965. Hale-Aikin provides for \$810 a year more immediately.

**ANTI-POLLUTION PUSHED**—A bill creating a board to control water pollution is under study by the House Conservation and Reclamation Committee.

Similar bill was passed by the House last session but died in the Senate. Rep. R. H. Cory of Victoria, sponsor of the measure, said that unless the state acts now to control pollution, the federal government will take over.

Under the Cory bill, a nine-member commission would be created with power to cancel an industrial firm's permit to operate if it persisted in activities causing water pollution.

A bill to reorganize the State Board of Water Engineers, somewhat along the lines of the State Highway Commission, is also under study by the same committee. Under the proposal by Rep. Franklin Spears of San Antonio, a chief engineer would be in charge of administrative and technical functions and a board would make policy.

**LOBBY BILL DEBATED**—A bill to provide additional lobby regulation attracted neither enemies nor friends to a hearing before the House State Affairs Committee.

Pro and con views were presented solely by members of the House before the measure was sent to subcommittee for study. Proposed

bill would require lobbyists to file a report showing who received any amount above \$50 spent to influence legislation. It would also prohibit a lobbyist's calling a member off the floor during session without advance permission.

Critics declared the legislators didn't need a law to enable them to stay put at their desks if they wanted to.

**BEST TAX IS NO TAX**—Citizens for Fair Taxation, an anti-sales tax committee, announced, as expected, that its poll showed a majority against a retail sales tax.

It also seemed to show that the people polled were not very much in favor of any kind of new tax. CFT announced that 78 per cent of those opposed were against a retail sales tax on items of 25 cents or more, and 61 per cent were against selective excise or sales taxes if they hit any of the necessities. Eighty per cent were against a personal income tax.

A majority in the CFT poll favored the abandoned property bill, raising franchise taxes on interstate corporations and a corporation income tax.

## FARM BUREAU Insurance News!

The future, like the weather, is unpredictable. An unforeseen tornado, hail storm, or fire can wipe out the savings of a lifetime. In an instant, you can see your home, outbuildings, barns, livestock, and crops disappear. Insurance can protect you from total loss; modest premiums protect you from these unforeseen hazards.

The Texas Farm Bureau Mutual Insurance Co. offers eligible farmers and ranchers Texas Standard Home Owners Policies, affording all risk coverage on your dwelling, plus theft and personal liability coverage.

This year, Farm Bureau is introducing its own crop-hail policy, a new concept in crop hail insurance. No population count is used in claim settlements on cotton losses. All losses are adjusted on the basis of the actual damage of each plant, regardless of how thick your stand. Your Farm Bureau Company offers a complete insurance service to the farmers and ranchers of this area. **SEE JACK WELCH IN CROWELL TODAY!**

## NOW'S THE TIME to save more truck dollars on the more-for-your-dollar trucks!

Your truck dollars are worth a whole lot more at your Chevrolet dealer's right now! First off, you get a head start on saving because summer's the saving season. Then, with a harder working, easier riding Chevy truck, you're set to save every mile you haul. And, finally, at trade-in time, you can expect an extra dividend because of Chevy's traditionally higher resale value. What could be better?

Summer's the season to get extra mileage from your dollars on the trucks built to give you extra miles of hauling. With Independent Front Suspension, Chevrolet trucks keep going thousands of miles longer because far less destructive jar and shake are transmitted through the truck. Chevy I.F.S. trucks work harder, too, in areas where other trucks have to be pampered. And, with Chevy's wide choice of thrifty 6 and hardy V8 power, you can tailor your truck exactly to your job. So how can you miss—especially now during the summer saving season?

 The USDA reports that food donations in the United States and overseas totaled 1.7 billion pounds for the first half of this fiscal year (July-December). This figure represents an increase of some 20 per cent over the total donated from July through December of the last fiscal year.  
 Distribution through state and local governmental agencies to public and private schools, charitable institutions and needy persons in this country accounted for 84 million pounds of the total. Through the efforts of voluntary relief groups as part of the Food-for-Peace program, needy persons abroad received 1.2 billion pounds. Donated foods are those acquired by USDA in its price-support and surplus-removal operations and made available through the Agricultural Marketing Service's direct distribution activities. These donated commodities do not include supplementary foods purchased by USDA specifically for schools taking part in the National School Lunch Program.  
 Donations to domestic recipients in the first half of the 1961 fiscal year represented a gain of slightly more than 6 per cent over the same six months of the previous year. Distributions to schools showed an increase of about 7 per cent, and donations to charitable institutions were increased by about 10 million pounds.  
 Shipment overseas of the 1.2 billion pounds of donated foods represented a gain of about 26 per cent over the same period a year ago. Government owned foods are made available for foreign relief only after requests for all domestic recipients have been met.

## Condemned to Repeat It

David Lawrence writes, in U. S. News & World Report: "In the past several months, the Soviet Government has vigorously waged a 'cold war' everywhere. Khrushchev has refused to co-operate with the United Nations in the Congo. Khrushchev has tried to wreck the United Nations by seeking to dissolve the office of Secretary-General. Khrushchev has virtually taken over the Castro government in Cuba, just 90 miles from our shores. . . . Why should our Government place credence in the word of a Communist ruler who has broken faith on every occasion—a tyrant who ordered the brutal murder of the people of Hungary and who today is conspiring to undermine the forces of the free world? It is pertinent to recall the words of George Santayana, the famous philosopher, who wrote: 'Those who refuse to learn from history are condemned to repeat it.'"

## First Carload of Wheat for CROP Has Been Given

The first carload of wheat in 1961 for CROP (Christian Rural Overseas Program) in Texas has been contributed, and was dedicated and shipped from Panhandle on Friday, July 14, for flood relief in Pakistan.

Carson County, of which Panhandle is the county seat, is one of eleven counties with organized CROP committees working to receive contributions of wheat in 1961. The Carson CROP committee, led by J. T. Broadway, is the first county to receive sufficient wheat contributions for shipment. The total county gifts are expected to exceed the car of wheat.

The movement of the first car of wheat was prompted by the emergency situation in East Pakistan where floods have left many homeless. The need was presented to CROP by Church World Service for which CROP is the Community Food Appeal. CWS will be in charge of the distribution seeing that it will reach the places of need.

CROP is at work in other areas of Texas receiving contributions

## Changes in Social Security Laws

Another important change in the social security law is the one which reduces the length of time a person needs to have worked under social security to get retirement benefits for himself or to qualify his family for survivors benefits in case of his death.

Some 160,000 older people will become eligible for cash benefits because of this change in the law—older men and women workers, their wives or dependent husbands and the widows, dependent widowers and aged dependent parents of workers who have died. First payments to newly eligible persons can be made for the month of August.

Under the new law, a man reaching 65, or a woman reaching 62, this year will need social security credit for only 2½ years of work under social security, instead of the present requirement of 3½ years. A man who reached 65, or a woman who reached 62,

before 1958 needs only a year and a half of work under social security to be eligible for social security retirement benefits.

The survivors of workers who died before 1958 may also become eligible for benefits under this change in the law if the worker before his death had earned social security credit for at least a year and a half.

Credit for work under social security is counted in three-month "calendar quarters." Therefore, a person need not have worked for a continuous period of 2½ or 1½ years, as the case may be. Social security credit for calendar quarters earned at any time since 1936 can be counted toward the amount of work he needs to get retirement benefits for himself or to qualify his family for dependents or survivors benefits.

Anyone believing either themselves or someone in their family may now be eligible for benefits because of this change in the law get in touch with your social security office promptly. You may have inquired soon after the law was changed by Congress in Sept., 1960. But do so again; this is a new change that makes it possible for people to get benefits with even less credit for work covered by social security. As before, however, no one can become entitled to benefits with a total of less than a year and a half of work in employment or self-employment covered by social security.

# LITTLE LEAGUE NEWS

By Marion Crowell

Wouldn't you say the All-Stars exceeded your fondest expectations with their play in the Haskell tournament? I wouldn't have been prouder of 'em even if they had won the tournament.

In all probability that Saturday night game between Crowell and Haskell will go down in history as one of the most sensational played in this area for years and years.

Haynes John Hamilton III is quite a name for a youngster. He has a long, lanky frame to match such a name . . . and man, man, can he fire that old horsehide!

You couldn't have picked a tougher spot for a youngster to have made his first entrance into tournament play than that where in Bob Bird toed the rubber for his first time.

## Crime Report for Nation Shows New All-Time High

The FBI's Uniform Crime Reports for 1960 compiled under the direction of Director J. Edgar Hoover reveals serious crime last year reached a new all-time high, with an astounding 98 per cent increase over 1959 while the population increase during this decade was only 18 per cent.

Mr. Hoover's report, based on data submitted by more than 7,700 police agencies, shows that lawlessness continued its upward surge with 1,861,300 serious crimes of murder, forcible rape, robbery, aggravated assault, burglary, larceny \$50 and over, and auto theft reported in 1960, 14 per cent higher than in 1959, or 230,870 more serious crimes than in the prior year.

During 1960 a serious crime was committed every 15 seconds in the United States. A murder, forcible rape or assault to kill occurred every 3 minutes. The FBI report indicates that throughout 1960 there was a murder every 58 minutes, a forcible rape every 34 minutes, and an aggravated assault every 4 minutes.

Crimes against property, Mr. Hoover said, were generally much more frequent. A burglary was perpetrated every 39 seconds, a larceny \$50 and over occurred every minute, a car was stolen every 2 minutes, and every 6 minutes witnessed a robbery during 1960.

When these offenses are examined individually, the FBI report indicates that robberies and burglaries were each up 18 per cent in 1960 over 1959. Larcenies over \$50 rose 14 per cent, and auto thefts increased 9 per cent. Murders had a sharp 6 per cent rise, aggravated assaults were up 5 per cent and forcible rapes occurred with a 3 per cent greater frequency than the previous year.

The FBI reported 3,640 arrests for every 100,000 persons in the United States in 1960, with city arrests occurring at almost 3 times the rural rate. Female arrests rose 10 per cent in rural areas while increasing only 3 per cent in city areas.

Arrests of juveniles have more than doubled since 1950, while the population of youths aged 10 to 17 increased by less than one-half. There was one reported ar-

rest for every 26 young persons between ages 10 to 17 in 1960. Last year juvenile arrests occurred 9 and 8 per cent more frequently in city and rural areas, respectively, than in 1959. In cities, total arrests were up 2 per cent over 1959, with adult arrests registering only a 1 per cent increase while juvenile arrests jumped 9 per cent. City youths, while comprising 14 per cent of all police arrests, were involved in 62 per cent of auto theft arrests, 51 per cent of the burglaries, 49 per cent of the larcenies, 28 per cent of the robberies, 20 per cent of the forcible rapes, 12 per cent of the aggravated assaults, and 8 per cent of the arrests for murder.

Arrest statistics indicate that criminality in rural areas, though proportionately less, is very similar to crime experience in cities. Crime, for the past five years, has been rising over four times faster than the population. Since 1950 the crime rate (number of crimes per 100,000 persons) has increased 66 per cent. In 1960 criminal activity reached a peak in November after a low in March.

The exact cost of crime is incalculable, but direct property losses, based on police reports, average \$256 for every robbery; burglary, \$183; larceny, \$74; and auto theft, \$830. Thieves in 1960 stole loot amounting to over \$570,000,000. Effective police work resulted in recovery of 52 per cent of this stolen property. Police in 1960 cleared 71 per cent more persons by arrest and 65 per cent more persons were charged than in 1959. Court convictions meanwhile were up 42 per cent.

Director Hoover pointed out that law enforcement agencies handled 15 million violations of traffic and motor vehicle law, and city police alone issued 31 million parking citations in 1960.

The FBI Director praised law enforcement agencies for increased efficiency and expressed profound regrets that 1960 witnessed the deaths of 48 police officers killed in the line of duty, 28 at the hands of killers.

Six of these officers were slain by vicious killers then benefiting from leniency granted after conviction for crimes of murder, robbery, aggravated assault, burglary and forgery. Virtually every one of the police murderers had been previously arrested from one to 29 times on a wide range of reprehensible and malicious charges. In addition, more than 9,600 city police were assaulted while performing their duties.

Noting that the number of police employees remained virtually the same in 1960 as in 1959 while crime continued on the increase, Mr. Hoover urges every commu-

nity to extend its complete support to "provide sufficient power, adequate salaries, professional training, and more respect of the community pride in their department."

## Has Characteristics Of Overdecorated Christmas Tree

"As we take a good look at whole social security program can't help but feel that the characteristics of an overdecorated Christmas tree that is carelessly weaving back and forth with each new Congress one tries to hang some more on this tree in the form of amendments." —Lennox, S. Independent.

## Just Wondering . . .

"Just wondering — What parents and grandparents when hard times hit them, had no taxpayers aid to fall on? Who took care of the folks, when there were no homes? Why we think other tries should live as we do, though they don't want to do we try to support the way Duai then why do we try to support everyone in this country who they work or not? Why do we keep hearing more taxes, but taxes, but never a work an economy?" —Just wondering, Gillespie, Ill., News.

## Outlived Purpose

"Despite . . . evidence that general subsidization of farm production has long since outlived whatever legitimate purpose may originally have had, it plans to spend some \$340 million in fiscal 1962."

"REA is just one of many vicious 'temporary' panaceas pyramided big government into per government. Like Texas Brook, their expenditures forever, draining the evergreen flood plains of bureaucracy, Contra Costa, Calif., Gates."

"I wonder why our Electric service (bill) is higher this month?"

HERE'S GOOD NEWS  
It takes served by W.T.U. the average cost of a kWh of service is 10% less than it was 10 years ago.

Beg pardon, lady, but aren't you enjoying the big reason why?

OVER there is the window. Isn't that air conditioner new this summer? Naturally, every time you get some new clothes, servant you use more electricity. Naturally, your bill will be a little higher. But remember these two facts about the electric service you now enjoy.
