## ATTEMPT TO ROB ENDS FATALLY; B. F. ALLISON KILLED

The tragic death of B. F. Allison, which occurred at his place of business at Charley, Texas, last Friday brings deep sorrow to his relatives and many friends here. According to the most authentic records of the tragedy, Mr. Allison who is a druggist at Charley and who has the postoffice at the drug store, just closed the day's business and his wife were starting to go home a short distance from the store. It was about 8 o'clock. The lights were turned off and the door had stepped out at the door when a man who thought to put up a fight, recognized the person who had just a short while before been in the drug store and made purchases of small articles and one whom he well knew, Mr. Allison. Thinking the fellow was merely going to have some fun out of him and he punched at the man with the stick he always carried, since he was crippled. But at that moment the man was fired from the pistol in the hand of the robber's hand that sent a bullet through Mr. Allison's body. Mr. Allison sank to the ground. Mrs. Allison screamed and the murderer ran. Two others are said to have been seen disappearing from a hidden place near the building at the same time. Help soon came and the wounded man was carried to the home of the local physician nearby where he died at an early hour Saturday morning.

As soon as the message of the tragedy could reach Mr. Allison's brother here, J. W. Allison, he and B. W. Self and George Allison left for Charley, but did not arrive until 2 o'clock Saturday.

The body was prepared for shipment and brought to Crowell for burial, arriving at noon Sunday. Services were held at the Baptist church at 2:30 p. m., being attended by a large audience, after which interment took place at the cemetery, the services being conducted by the Odd Fellows.

### A Former Resident of Crowell

B. F. Allison was born September 15, 1860, in the State of Missouri, and when a mere lad came with the family to Texas. The family afterwards returned to Missouri but later came and settled in Erath County where the children grew to maturity. While residing in that county Mr. Allison was honored with the office of County Treasurer. In 1901 the deceased came to Foard County and became a member of the drug firm of Allison & Ferguson in the same year. He remained in that business here until 1908 when he and his wife removed to Charley where they have since resided and where he ran a drug store up to the time of his death.

The deceased is survived by his wife and adopted son, B. F. Allison, Jr., one brother, J. W. Allison of Crowell, and two sisters, Mrs. Frances Lerner of Morgan Mills, Texas, and Mrs. Sarah Rose of Philomath, Oregon. Neither of the sisters could attend the funeral because of the advanced age of the former and distant residence of the latter.

Besides the wife and son and those going from here to Charley in answer to the message of Mr. Allison's death, Willis Pinkerton, his business partner at Charley, Mrs. Ramson, wife of the attending physician, and Basil Gibson of Sherman, a young man who was practically reared by Mr. and Mrs. Allison, accompanied the remains to Crowell.

### Arrests Made

According to a dispatch from Henrietta of the 22nd, five men are now under arrest for the murder of Mr. Allison. Walter Brown, aged 18, was taken in charge by Clay County officers the night following the killing at the Union station at Wichita Falls. J. M. Hamilton, his two sons, Bob and Dick, and Jess Loudermilk, all of Charley, are in custody of Clay County authorities and are being held under guard at the jail at Henrietta.

None of the parties have made application for bail and no preliminary trial has been set. District court is now in session there and it is not unlikely, it is reported, that the grand jury may be re-convened to investigate the killing.

Mrs. J. R. Beverly is in Mabank this week visiting her mother, Mrs. Josie Huddleston.

## THE FARMERS HIT HARD

The ridiculously low price of cotton is hitting the farmers hard. The price ranged around 10 cents last week and some of the farmers talked about not picking any more of their crops. Most of them did cut the price of picking, some 50 cents on the hundred pounds and some even half. We heard men say Saturday that they could not afford to pay more than \$1.00 and they had put it up to their pickers to either pick for that or quit. They figured that if it takes all the crop to have it gathered, and in some instances even more, they had better turn it over to the pickers or turn the cows in. So they are cutting the price of picking.

There is one thing, however, that is well to consider, and that is that everything else is dropping in price, and as these come down it will make the cotton proposition less ruinous than it would be if the prices of necessities remained at the high point they occupied a while back. Then, again, cotton may come back within a few months, as many believe it will, and command a fair price. It really looks like, since the crop has been made, it would be better to gather and store, if it can be done, rather than abandon further efforts to save it.

The cotton farmers are not the only ones hit. The wheat growers are forced to accept the present low price for their product or else sit still and witness further declines. They are hoping there will be a halt in decline, but with each successive one they wish they had sold on the market the day before. So there is little hope that they will realize what they ought to have for their wheat.

## TAKES EDISON AGENCY

Clyde McKown has secured the agency for the Edison phonograph and will make this machine a leader in his music business. Mr. McKown closed a contract with the Edison people this week which involves an extensive advertising campaign for the next year.

In turning the agency of the Edison over to Mr. McKown, Ferguson Bros., who have had the agency for a number of years, feel that this will strengthen Clyde's business and therefore assist him in making it a permanent enterprise for Crowell and Foard County. His attention is given exclusively to this business and with his energy and efficiency as a salesman it will be a success.

Mr. and Mrs. T. P. Reeder and sons, Tom and Glendon, visited friends and relatives in Knox City the first of the week. They returned home Wednesday accompanied by Mrs. Reeder's nieces, Misses Geraldine and Bernice Brookerson, of Benjamin.

T. E. Rose of Chillicothe was here yesterday visiting his friends, Mr. and Mrs. J. C. Self.

## NEGROES CAUGHT MAKING CHOC BEER

Some of our "cullud ge'men" are not as law abiding as our best citizens would like for them to be, as is evidenced by the fact that two of them have been caught making choc beer right here in town.

Sheriff Campbell had suspected something of this kind but not until Sunday night was he able to locate the guilty parties. He and City Marshal Lovelady succeeded in getting on the right trail that led to quarters occupied by Will White and Robert Evans, two negroes, where they have been making and selling this stuff for the last three weeks.

Sheriff Campbell secured about 16 gallons of the beer which the negroes had stored in a cooler, bottles, and anything that would hold the stuff. The negroes were placed in jail and will be turned over to the federal authorities, provided they will take them. Otherwise they may have to be tried in the district court.

This beer is said to be very intoxicating. It can be made quickly, and in this case was made in a wash pot.

## MADE TRIP TO CALIFORNIA IN FORD TOURING CAR

A letter from G. C. Morgan a few days ago says that he and his family had arrived safely at Covina, Cal., and that they had purchased a home and were comfortably situated. The family went through in a Ford touring car, but he advises those going to California not to attempt such a trip at this season of the year. They encountered all kinds of weather, rain, sleet and snow, before reaching Covina.

## HIGHWAY WORK GOING FORWARD; TRACTOR ARRIVED

Under the supervision of Engineer L. Noland work on the highway is going forward very nicely. It has taken some time for the county to become equipped for road work, but it is now getting in shape to do real road work. Besides the big Case Engine bought some time ago a caterpillar tractor has recently been purchased which is now being used on the highway.

The county is fortunate in securing the services of Mr. Noland, who has had several years experience in this kind of work. He understands the business thoroughly and is allowing no second class work to be done.

Nothing new has developed as to bridges, so we are informed. The matter of putting in a bridge across Pease River is now being considered by Austin Bros. of Dallas, but as yet no report has come from them since they made a sounding of the sand in the bed of the river some weeks ago and ascertained the width of the river. An answer is expected from them relative to the cost some time not far in the future.

Perhaps our greatest bridge need at present is that of Pease. Then, after that will come the bridging of Wichita. This will give us an outlet to the south and north. And we already have a splendid outlet to the West. It is up to Knox, Foard and Harleman to put these bridges in so that traffic can be turned through this way. As it is at present these rivers are a great obstacle to the travel which wants to come this way, and which will come when this is done. No telling how much we are losing by not having these bridges in now, and we lose much more in the summer season.

## WITH OUR READERS

For a few weeks we have been too busy to make note of the renewals to the News, so we are here giving a report which is somewhat belated.

Mr. and Mrs. Ribble send the News a year to their daughter, Miss Charlie, who is at Glenwood, Ill. Miss Charlie is teaching shorthand at that place.

Tommie Russell recently became a new reader of the News.

W. B. Jones of Foard City renewed and also sends the News to J. A. Pendleton, Pilot Point, Texas. Mr. Jones is making a record in the yield of cotton this year that will do to talk about, a bale and a half to the acre.

Miss Henrietta Hubenak, by H. L. Hlavaty of Margaret; C. M. Mulry, Royce City; J. L. Bradford, Crowell; A. Bird for his wife and son at Denton; Claude Adams for himself and for his mother, Mrs. R. A. Adams, St. Jo; George Allison, Crowell; Garland Burns, Thalia; Mrs. Ballard, Crowell; M. R. Shirley, Waco, Texas; Mrs. Shultz for her son, W. M. Shultz of Levy, N. M.; J. G. Thompson for himself and for his brother, M. B. Thompson, Plano, Texas; Mrs. G. A. Rogers, New Boston, Texas; J. H. Self for his father, G. W. Self, Buffalo, Mo.; Dr. R. L. Kincaid, Crowell; W. I. Awbrey for S. A. Lawrence, Lorenzo, Texas; Jim Shook, Crowell; route 3; W. E. McDaniel, Foard City; N. P. Ferguson, Crowell; J. J. Williamson, Crowell; H. M. Randolph, Thalia; C. T. Bowers, Abilene; Geo. R. Moore, Thalia; W. E. Taylor, Margaret; Alva Spencer, Crowell; S. T. Crews, Crowell; M. L. Hughston, Crowell.

## FATHER DIED AT ROCHESTER

Mrs. Paul Fields was called to Rochester last Saturday by the death of her father, Dr. R. H. Greenwade. Dr. Greenwade had a stroke of paralysis last Thursday but his condition was not thought dangerous until Saturday when Mrs. Fields received a message to come. He died about one o'clock Saturday.

Dr. Greenwade was 73 years of age and one of the oldest and most respected citizens of that community. He has owned and operated a mercantile establishment at Rochester for many years.

Mr. Fields returned home Wednesday and Mrs. Fields is expected to return Sunday.

## STATE AID ASKED FOR

Seven schools of the county have made application for state aid out of the special fund. These are Crowell, Jamison, Black, Margaret, Foard City, Rayland and Beaver.

## 1,100 HOGS VACCINATED AGAINST THE CHOLERA

County Agent P. D. Chaney feels that a little relaxation is coming to him now, since the fight of nearly a month against the spread of hog cholera seems to be about over. During these weeks he has been going all the time, Sundays not excepted, doing his best to help the swine men save their hogs. And with the help of two veterinarians and County Agent Logan from Cottle County, Mr. Chaney has brought the situation to where he thinks it can be controlled.

In all he says a little more 1100 hogs have been given the serum treatment, and the saving in the cost of the serum made possible by direct shipments from College Station, means a saving of about \$1.00 per dose, or \$1100 for the whole. But that is a small item in comparison with the saving of hogs to the swine men. While the loss has been heavy to some, it is incomparably small to the very probable loss if the fight against the disease had not been vigorously waged. As soon as the veterinarians arrived Mr. Chaney put them to work, and when Dr. Harrison left Monday for Fort Worth he said he had treated more hogs in the short time he was here than he ever did before in the same length of time. It means a saving of thousands of dollars to the swine owners of the county, and consequently to the value of our personal property.

## HIGH SCHOOL NOTES

The Freshmen's program was a great success and is said to be the best that has been given by any class. The program was very interesting and was well rendered by "De Freshman Vaudeville Company."

### Program

Reading, Young Loehinvar.....  
.....Mary Billington.  
Bride's Groom.....Owen Cook  
Bride.....Cleo Wood  
Young Loehinvar.....Kelly Hamblen  
Bride's Mother.....Kitty Belle Smith  
Bride's Father.....Merl Kincaid  
Brides Maids.....Mattie Russell and  
Vera Crews.  
Attendants.....Lee Garrell, Lynn Easley  
Reading.....Madame Edmonds  
Dr. Minus Plus Characters  
Dr. Minus Plus.....Alton Nicholson  
Business Man.....John Clifford  
Patients.....Lynn Easley, Floyd Thomas  
The Pullen Phone was a musical instrument new to us but with little effort Madame Edmonds succeeded in getting music from it.

A very interesting game of basket ball was played Friday evening between the Foard City girls and the Crowell girls. From the start the game seemed a sure victory for Crowell but during the last few minutes the opposing began to use the team-work stuff and before we could realize the situation the whistle blew and we were defeated 21 to 19. Of course it was a defeat but it can be excused as it was the first game we had played. The right spirit was not shown toward our team. A great many students rooted for Foard City and hoped that our girls would lose. Even one of the faculty showed disloyalty.

Still we can say that Foard City has a coking good team and stand excellent chances of being champions of the county.

## BONDS CARRY AGAIN

The second election for school bonds carried Saturday. An election was held in the summer, which carried there being only one vote out of 60 against the issue. On account of the advertising of the election not being according to law, it became necessary that another be had, which was done Saturday, the vote standing 40 to 1 in favor of the bonds.

## BIG OIL MAN HERE

S. B. Nye of Buffalo, N. Y., Vice President of the Mid-Continent Oil Company, which is drilling the Beverly well north of town, was here Wednesday looking over the field.

Mr. Nye stated that the company has done everything possible to locate the Beverly test at the best geological point and he is highly pleased with the location and the progress the drillers are making at the present time.

P. G. Huntley and family were here from Pine Bluff, Ark., from Saturday until Tuesday visiting the family of his brother, W. L. Huntley, of this place.

## ALL OVER TEXAS

The city of Childress has thrown the bars down to meat wagon men and as a result fresh country meat is selling in that town, it is said, at 14 to 20 cents per pound. The city council will pass an ordinance that all beef can be sold, provided no two animals be butchered within 100 feet of the other in open pastures.

The second unit of the Vernon cotton warehouse is being erected. It will have a capacity of 300 bales. A sweet potato plant is now being considered at Vernon. This is a comparatively new thing for West Texas. A curing plant has already been completed at Wellington.

An embargo which has been in effect since last May against the shipment of express of single pieces weighing more than 200 pounds was lifted Nov. 17. This will permit the shipment of heavy articles which have been compelled to come by freight heretofore.

Childress County farmers are planning to make \$1.00 per hundred the minimum for cotton picking, but they will pay according to the price they receive for the cotton. This is being done to get the pickers to pick for a better grade.

According to the Government report on cotton, Texas has ginned 2,906,860 bales. This was up to Nov. 1. At the same time last year the state had ginned 1,300,462 bales. Williamson County leads with more than 141,000.

The highest price, possibly that has ever been paid for acreage property in West Texas was that of a ten-acre tract near Childress recently for \$400 per acre. It was a well improved farm in a high state of cultivation.

The city of Childress has thrown the die West Texas is owned by Claud Woulverton, a rancher near Stephenville. He has a herd of ten does and two bucks on his ranch and feeds them with his cattle.

There are now approximately 125 wells in operation in Wilbarger County, according to an item in the Dallas News of Sunday. The Sigger well is said to be producing 80 barrels a day.

R. S. Kelly, an aged pioneer resident of Vernon, died last week at the age of 71 years. He had lived in Vernon for 92 years. He was mayor of Vernon from 1890 to 1892.

The total number of automobiles in Texas is now 402,143, which shows an increase of nearly 75,000 in the last year. Foard County has 140 more than a year ago.

Uvalde County is the center of the bee industry in Texas. Last year the county shipped 65,000 pounds of honey. This year one man will ship 60,000 pounds.

## STEAL GAS FROM ROAD TRACTOR

Somebody was thoughtful enough to take all the gasoline there was in one of the road tractors south of town Sunday night. Mr. Noland, the engineer, had just had the tractor filled Saturday afternoon so that it would be ready for use early Monday morning. The tractor tank contains some 35 or 40 gallons and the entire amount was taken.

Things similar to this have been happening from time to time. Tools and wrenches have been taken from the engines and road machinery that have been left along the roads when work was not being done. Maybe it would happen at night when the hands were at their homes, or maybe it would be during a rainy spell when work had ceased for a short time. When the hands would return to commence work they would find many of the tools gone. They have even gone far enough to break locks that were put on these, and now since gasoline stealing has commenced it looks like we have some professional thieves with us.

## RETURNS FROM BIG HUNT

Dr. H. Schindler returned Saturday from a hunting trip down in the Chesos Mountains near Marathon. He was accompanied on the trip by W. B. McCormick of Snyder and three gentlemen from Colorado City and the party succeeded in killing three bucks and one bear while in the mountains. They visited Mr. and Mrs. E. P. Bomar at their ranch near Marathon while gone.

## HOW TO PREVENT CHOLERA AND DE- STROY THE RATS

Mrs. W. S. Fisher of Calxico, Cal., who reads the News, has seen account of the cholera here and suggests a home remedy. She also takes note of the fact that rats are bad and tells how they may be exterminated. The letter says:

I notice that the hog cholera is very bad. I will send you a good preventive for cholera. We had 225 head of hogs. When our neighbors' hogs began to die they got a veterinarian and he said for them to vaccinate the hogs and we all did. Our hogs had not been sick until after we vaccinated and after a while began to die. We lost 75. They were vaccinated in June and died in the fattening pens that fall. We lost confidence in the vaccination and never used it any more. We always use the Mary War or Babbitt's lye, one table spoonful to 12 hogs. Dissolve in water and mix in soft feed or bran and mix before feeding. Give once every four days.

As to the rat and mice remedy, I will give you the best one known. It never fails and does the work quickly. One quart of corn soaked over night. In the afternoon pour in strychnine the size of a bean and mix. Pour in a pan, have enough water to cover the corn just to the top and put under the crib where stock can not get to it. It will not hurt the chickens but do not eat them for four weeks afterwards if they should get it. Rats will eat all the corn and mice will drink the water and both die. There is nothing that rats like better than soaked corn, or that they will eat so much of. When the corn is left you may know you have all the rats. Keep all food stuff and potatoes out of their way while poison is out.

Hoping this will be of benefit to all.  
MRS. W. S. FISHER.

## HIGHWAYS MUST BE MAINTAINED

There is a requirement that where the State has given aid in the construction of highways these highways must be maintained by the county. The automobile tax of the county goes for that purpose.

Those who have traveled over the highway from Crowell to Paducah say it is a very fine road. It was constructed with the aid of the State's money and is now being maintained by the automobile fund of the county. This fund had accumulated for a year or two before it was ever touched and when the work of maintenance started, ample funds were on hand to take care of the work. This is working out very nicely. The number of autos is increasing all the while. So the highway construction. So the matter of maintenance will automatically take care of itself and when a highway is once constructed it will be a permanent proposition.

## DRILLING IS STARTED

Drilling was started in earnest the first of the week on the Beverly well with a double crew. So it is intended that lack of working force shall not hinder the progress and from now on something will be doing out there. As fast as the drill can bore into the earth, without interruption day or night, unless something unforeseen should happen, the work will proceed, and not many months from now we may have one of the biggest producers in West Texas. A thorough test is to be made on the Beverly well. That means if oil is not found at 35,000 feet, drilling will continue to 4,000.

## LAND SELLS FOR \$150 PER ACRE

J. W. Klepper sold his home place one mile northwest of town last week to George Allison for \$150 per acre. The farm consisted of 60 acres with improvements.

This is a splendid place, especially suitable for combining the dairy, poultry and hog business. The land is of a sandy character and produces fine feed and garden stuff.

Mr. Allison will continue to reside in town but will farm the place. Mr. Klepper has not made known his plans for the future.

R. E. Goodwin of Odessa was here this week, having come over Sunday with his sister, Miss Flora E. Goodwin, our county demonstration agent. Miss Goodwin had been to Odessa, her home, after her car and the two came through overland. Mr. Goodwin is well impressed with Foard County and Crowell and may possibly locate here.

## Save Money

ON

### GROCERIES

You can save money by buying your Groceries at the I. T. C. Store. You will find as good a line as can be had, such as--

G. B. R. Smith's Flour at per 100	\$6.75
A complete line of Delmonte goods at fancy prices--	
Louis Coffe, 3lb.,	\$1.30
Coal Oil, per gallon	20c
Everything else in proportion.	

"Uncle Bill" Wheeler will deliver your Groceries for 25 cents a trip. By this means you can effect quite a saving and get your Groceries delivered.

### Industrial Transportation Co.

L. H. SMITH, Manager

### Notice to the People of Foard County

We are now ready to serve you with a new and complete meat market. You will find our fixtures of the latest and very best quality and absolutely sanitary. We have also bought land and have erected a slaughter house and pens with feeding accommodations. Our helper is a man of market experience and will be more than willing to please.

We handle everything that you will find in a much larger city, such as the very best home-killed beef, pork (now shipped from the packers), boiled ham, brick chilli, pickled pig feet, skinned ham, strip breakfast bacon of the highest quality, hog house, boiled ham, in fact everything that belongs in a first class market. We buy cattle and hogs.

Come in and give us a chance to please you.

### Standard Meat Market

Williams & Bomar, Proprietors

Let us hope that the next cut on bread will be that of price instead of size of the loaves.

Team of mules and old Ford car to trade for new or practically new touring car.—Smith & Dunagan.

#### THALIA ITEMS

(By Special Correspondent)  
B. D. Webb and W. H. Henry were seen on our streets Friday.

Luke Johnson drove out a new Ford car from Crowell Saturday.

Jim Banister and family were shopping in Vernon last Saturday.

Mrs. Langley and daughter went to Vernon Friday to do some shopping.

R. B. Edwards and son, Herbert, transacted business here last Thursday.

The Lyceum people failed to arrive Saturday but are expected in the near future.

Emmett Powell of Crowell spent the week-end here with friends and relatives.

Harley Capps and wife of Crowell were among the many visitors in this city Sunday.

The postoffice inspector was looking after the postal business here one day last week.

A. T. Miller of Clarendon is spending awhile here with his daughter, Mrs. C. B. Morris.

Mrs. Evert Gordon and baby of Rayland are the guests of Mrs. J. B. Bradford this week.

Mr. and Mrs. Owen McLarty are happy over the arrival of a pretty baby girl in their home.

Joe French and family spent the day Sunday with his sister, Mrs. W. F. Reed, in the Bell community.

Mrs. Walter Banister entertained a few of the young ladies Sunday afternoon with music on the Edison.

Mr. and Mrs. Schroeder and children attended church at the Lutheran church in the Streit community Sunday.

Roy, son of Mr. and Mrs. Will Awbrey, came home from Denton Saturday where he attended the State Normal.

Garland Burns, Wood Roberts, Henry Randolph and Walter Banister made a business trip to Crowell Monday.

Mr. and Mrs. C. Haseloff of the Lockett community were guests in the Otto Schroeder home Sunday afternoon.

Bob Huntley and family went to Vernon Monday. Bob brought out a truck load of freight for the Thalia people.

Grover Nichols and family from the Black community attended church services here Sunday and visited her parents.

Ed Gilliam who has been working on Lee Whitten's house south of town went home Saturday to visit his family at Crowell.

Bro. Henderson filled his regular appointment here at the Baptist church Sunday and at night he was accompanied by his family.

Bill Short went to Vernon Monday to take Phil King to the train for Fort Worth where he was called to the bedside of sick relatives.

B. S. Martin and family of Gilliland spent last Thursday night with their niece, Mrs. Allen Shultz, of this place. They were en route to Vernon.

Arthur Phillips visited relatives at Quanah Sunday. He received word Thursday that his father dropped dead in his home in Arkansas last week.

Miss Fannie Wisdom stole a march on her many friends when she went to Crowell last week and was married to Mr. Matthews. We all extend congratulations.

Jim Baley and family of Sunset arrived at Will Awbrey's Sunday night where they will pick cotton. They will put in a crop on Mrs. Grey's place next year.

Bee Wisdom came home Friday from Gainesville where he went to take his two little nieces to their home. They had been visiting relatives here the past few months.

Mrs. Will Johnson and family visited her mother, Grandma French, Monday, who fell and broke her arm last week at the home of her daughter, Mrs. W. F. Reed, in the Bell community.

Mrs. Garland Burns entertained with a hen party Thursday night. Those present were Misses Blanch Randolph, Fannie Shultz, Lula Bowley, Mattie Belle Choat and Belle Abston. They report a grand time.

#### PLAINVIEW POINTERS

(By Special Correspondent)  
Jeff Creagor and wife have moved to Rayland.

Owen McLarty and wife have a new boy at their home.

Born to Will Newbrough and wife Sunday, November 14, a girl.

# Watch This Space

We will have a very  
Special announcement  
for next week

#### SHOWER OF ROCKS FROM CLEAR SKY MYSTIFIES PEOPLE

Pearsall, Texas, Nov. 22.—One of the most mystifying experiences that have come within the experience of local citizens is that of an intermittent shower of rocks of the identical kind that are commonly found on the surface in the Rocky Hills near here.

Two nights ago a squad of road builders camped in a vacant farm house were startled by rocks hitting the house and thinking perhaps some one was playing a joke went outside to make an inspection, but no one was in sight and the rocks continued falling. They called the Sheriff and inspected the surrounding country, but the source of the rocks was still unraveled.

One of the party was severely wounded on the head by a falling rock.

#### MARGARET MUSINGS (By Special Correspondent)

Thanksgiving Day has passed and we had much to be thankful for.

Mrs. Nena McGill of Dallas is visiting among kinfolks here and at Thalia.

Wheat planting will be done this week. Some of the early sown wheat is now fine pasture.

We are having some old fashioned winter weather and the fall work is progressing rapidly.

Mrs. Dr. Cherry has come to stay and will begin housekeeping as soon as she gets some fuel.

Mr. Fowler and family who have been here several months left for a warmer climate yesterday.

Bro. Fuller, our new preacher, is here and began his new labor last Sunday with a full house.

The ladies are to have a cotton picking on Thursday with dinner on the ground. This crop was raised by the ladies for church purposes.

Some of the cotton pickers have left on account of the reduction in the price of picking. They do not consider that the farmer is paying all it brings to get it picked and ginned.

The wild ducks are devastating the wheat and other crops and the hunters have a chance for fine sport. We had a fine one for dinner Tuesday sent us by G. C. Wesley. They would have made a fine substitute for Thanksgiving turkey.

Our postmaster received a letter yesterday which may interest some of the cotton men: "November 21, 1920. To some man That has got a Big cotton Crop from 10 Bails up i have my tent and 4 grown men to Work and you Hall my grosserys when you go to the gin but i want to no What you will Pay and how long a job it is. i will Bee Hear a fu dayes yet if you Wont Pay 2 dollars a hundred dont answer. tolbert texas."

On Sunday morning the barn owned by Clyde Graham was discovered to be on fire. The upper part of the building was full of baled hay and the fire originated there. In a few moments the neighbors were on the ground and the barn was saved by the bucket brigade. Several tons of hay was thrown out all ablaze, but a large quantity of wheat and other

### Off Summer Pastures

Your animals are coming off summer pastures and going on dry feed. It's a big change. Out in the succulent pastures. Nature supplies the tonics and laxatives to keep animals in condition.

—But unless you supply these tonics and laxatives to your stock on dry feed, you are not going to get full returns from your hay, grain and fodder. Besides, your animals are apt to get "off feed" and out of fix.

### Dr. Hess Stock Tonic

Supplies the Tonics—Laxatives—Diuretics

- It keeps animals free from worms.
- It keeps their bowels open and regular.
- It keeps the appetite and digestion good.
- It conditions cows for calving.
- It helps to keep up the milk flow.
- It keeps feeding cattle right up on their appetite.
- It keeps hogs healthy, thrifty, free from worms.
- It means health and thrift for all animals.

Why Pay the Peddler Twice My Price?

grain as well as the barn was saved. The ladies did noble work and were excellent fire extinguishers and the men did better work on account of the presence of the ladies.

#### Historic Lies.

Two of the most famous lies relate to the last hours of Nelson. Everyone knows that the real signal at Trafalgar which he ordered was "Nelson expects every man to do his duty." The other lie is about the coat he wore on his quarter deck. He is reported to have silenced the affectionate importunity of his officers, entreating him to conceal the stars on his breast, by saying, "In honor I gained them, and in honor I will die with them." This is the great style, but it is untrue. Dr. Arnold heard the facts from Sir Thomas Hardy. Nelson wore on the day of battle the same coat which he had worn for weeks, having the order of the bath embroidered upon it; and when his friend expressed some apprehension of the badge, he answered that he was aware of the danger, but that it was "too late then to shift his coat." The fabricated saying is magnificent: why destroy it?

#### Stirring Things Up.

Gertrude is 4 years of age. She faces the world fearlessly, looks it squarely in the eye, and if it doesn't track exactly to suit her she tells it things. Her mamma had gone away the other day and left Gertrude in the care of her grandma, and, after a clash of wills, Gertrude had been put into a room to remain for a specified length of time. "If you stir out of that room before I tell you you may," cautioned grandma severely. "I am going to spank you." Gertrude stood with arms akimbo for a moment and then retorted in a tone of finality: "Well! When you spank me you will find that business is certainly beginning to pick up in this neighborhood."—The Argonaut.

#### 3,000-Year-Old Story.

Do you know which is the oldest work of fiction? It is the "Tale of Two Brothers," written over three thousand years ago by the librarian to King Merenptah, the supposed Pharaoh of the Exodus.

The story was written for the amusement of the king's son, who afterward reigned as Seti the Second. He has signed his name in two places on the manuscript, and these are probably the only surviving autographs of a king of Egypt.

The "Tale of Two Brothers" is written on nineteen sheets of papyrus in a bold hieratic hand. It was purchased in 1857 by the British museum from a Mme. d'Orbigny.

Meet me at Ferguson Bros.

#### Their Business.

"I read about a meeting of deaf and dumb painters. How do you think they got along?"  
"It ought to be easy for painters to get along with the sign language."

### ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago, and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Drugists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid. 171

J. E. BELL, Crowell, Texas

**THE FOARD COUNTY NEWS**  
KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.  
Crowell, Texas, November 26, 1920

The business interests of our country will have a lot to gain back in the "loss of moral fiber" during the war period, caused by too much prosperity, according to statements of an official of the National Association of Credit Men. In that line is much reconstruction work to be done in order to reach a basis of sane and conservative business practice.

According to Lesley's prohibition is failing to prohibit in the cities bordering Canada. Especially is that true in Detroit, in which city millions of dollars are being spent for Canadian booze. Huge fortunes have been made within a few months by bootleggers who are operating on a gigantic scale.

Either the authorities have failed to do their duty relative to the whiskey traffic in that country or else the bootleggers are operating on a plan well laid to defeat the law.

Hogs have dropped on the big markets to around 10 cents. In comparison with the price of 20 cents a year ago, that looks like the bottom dropped out and will have anything but a consoling effect on the man who wants to sell. Yet, that is just what is happening all along the line. Wheat is down, cotton is down, and now hogs are down, but money is going up. The average newspaper man can sit and watch these fluctuations

in our commercial commodities little disturbed, for he seldom has any of them to offer the trade.

Throughout the South efforts are being made to organize the farmers so as to control the cotton acreage another year. That thing can be done provided the proposition is accepted and practiced as a community effort. No state or national movement in that direction will do much good unless it is reduced to a community practice. The present low level of cotton will injure all business interests, but none perhaps worse than it will the farmers. Yet from it we could gain some valuable lessons that will be helpful in the future. And not the least important of these will be the danger accompanying one-crop farming.

It was good business for merchants to rise with the market when things were advancing. That was the time to fortify themselves against an inevitable decline, which is now well advancing. If they were not on the crest of the wave when the tide turned the chances are that they will feel like they are submerged before a placid state of the disturbance is maintained. Under the circumstances we see no way for business men to escape the certainty of taking their losses. If they did not take their gain when it was offered they did themselves an injustice, and indirectly the public, as well, for it is to the interest of the public that all business establishments be on a good solid financial basis. It was possible to rise without being justly accused of profiteering.

**MAIL BANDITS BURNED \$5,000,000 SECURITIES**

Omaha, Neb., Nov. 20.—Bonds and securities burned by the bandits who robbed Burlington train No. 8 in Council Bluffs last Saturday night totaled more than \$5,000,000, according to an announcement here today by Postal Inspector Glenn.

At the same time he announced that the loss would fall heavily on two national insurance companies, which insured the bonds.

This is the first intimation since the robbery of the amount involved. This figure places the robbery as the greatest ever staged in the history of the American Postoffice Department.

**USE "DIAMOND DYES"**

Dye right! Don't risk material. Each package of "Diamond Dyes" contains directions so simple that any woman can diamond-dye a new, rich, fadeless color into old garments, draperies, coverings, everything, whether wool, silk, linen, cotton or mixed goods. Buy "Diamond Dyes"—no other kind—then perfect results are guaranteed even if you have never dyed before. Druggist has "Diamond Dyes Color Card"—16 rich colors.

**DECEMBER 11 IS PROCLAIMED COTTON REDUCTION DAY**

Austin, Texas, Nov. 22.—Governor Hobby today issued a proclamation designating Saturday, Dec. 11, as Cotton Reduction Day in Texas. He invites the attention of those engaged in the growing of cotton to the reasons that may be set forth for the limiting of the acreage to be planted in cotton next year.

Governor Hobby recommends that the County Judge and Commissioners' Court of each county take charge of this matter; that they bring it before their citizens in such manner and take such steps as are deemed necessary to meet the situation that confronts the cotton-growing industry.

**COMING DOWN**  
A reader complains of the slump in farm products and he asks, "Shall I stay on the farm as long as the bank will stay by me or shall I go to town where I can get a job at \$5 a day?"  
As a farmer this man has credit at the bank and business standing. That's something.  
As a wage earner he couldn't borrow 10 cents at the bank. Neither he nor the banker would know how long he could hold his 5-dollar job.  
Town jobs are not so plentiful as they were. They are coming down.  
The current is turning from town to country. If this man believes he can swim against it, let him try.  
But even if farm products are getting the short end of the deflation process, as necessarily they will as long as farmers are not adequately organized, this is a poor time to quit the farm. Five dollars a day does very little for a family in town.  
Moreover, it should be easier farming next year. Labor has been on the auction block and the farmer has been an unsuccessful bidder for man power—but the auction block is shrinking.  
—Capper's Farmer.

**EXTRA DEMANDS OF JAPANESE MAKE IT IMPOSSIBLE TO SIGN TREATY**  
Washington, Nov. 22.—At the eleventh hour, when it was believed that the new treaty giving full civil rights to nationals of Japan was practically complete, obstacles have arisen which in all probability will not only prevent it from being signed, but will put it completely in the discard, it was learned officially tonight.  
Not content with civil rights, which the State Department had agreed to grant, the Japanese Government, it is reported, suddenly shifted its ground and demanded the right of full citizenship for its nationals. While this drastic change in attitude could not be officially confirmed, it was stated by an eminent diplomat that the principle put forth was such he did not believe the treaty "would ever be signed by either this administration or any other."  
It was indicated as highly significant that the hitch in the treaty came immediately after the publication of a dispatch to the London Daily Express from Tokio, giving the final terms to which the Japanese Government had expressed its willingness to agree.

### When Run-Down

HOUSTON TEXAS.—"I was in a terribly run-down condition of health after a siege of ptomain poisoning, and then the influenza. I could not seem to regain my strength and was really not able to do my housework. I knew I needed a good tonic and builder and remembered how my folks used to regard Dr. Pierce's remedies in my girlhood days, and then I decided to take Dr. Pierce's Golden Medical Discovery. After taking the second bottle my strength returned rapidly and I felt better in every way.

"I am glad indeed to recommend the medicine that has done me so much good and do not hesitate to give this statement."—Mrs. GERTRUDE SELL, 2117 Common Street.

Few families have not at some time or other used the "Golden Medical Discovery" for the stomach, liver or blood. Over twenty-four million bottles of this tonic and blood remedy have been sold. All druggists. Liquid or tablets.

**RHEUMATISM**

### WAS ABLE TO DIGEST STONES

French Historian Has Left Description of Man With a Stomach That Was Remarkable.

Theophile Benoit, a French writer and historian, gives the following description of a true lithophagus or stone-eater, whom he encountered in the northern part of France. "This man," states Benoit, "who answered to the name of Brunda, not only swallowed flints an inch and a half long, a full inch broad and half an inch thick, but any stones like marble which he could reduce to powder. I examined this man with all the attention I possibly could, finding his gullet very large, his teeth exceedingly strong, his saliva very corrosive and his stomach lower than usual—a fact which I imputed to the vast number of flints which he had swallowed.

"Upon interrogating one of the stone-eater's friends I was told that Brunda had been found three years before in a northern uninhabited island, by the crew of a Dutch ship. 'I can make him eat raw flesh with the stones,' said the man who was acting as his keeper, 'but I could never induce him to swallow bread. He will drink water, wine and brandy, and appears to be very fond of the latter. He sleeps 12 hours a day, but always in a seated posture, with his chin resting on his knees. He smokes almost all the time that he is not asleep or eating.'"

### Knox City Sanitarium

A nice quiet homelike place, where you can have the comforts of a home with the advantages of a light, sanitary, up-to-date operating room ready for any emergency. Under the care of the best of nurses with my careful personal attention.

T. S. EDWARDS, Surgeon.

### KEY TO ANCIENT HISTORY

Greek Papyri Have Revealed Practically All That Is Known of Greco-Roman World.

Greek papyri were documents for ancient history which supplied a personal view of things. They described classes not represented in history as usually written and helped in the study of popular psychology of the Greco-Roman Egypt, and by analogy, also, to some extent, the Greco-Roman world.

The papyri illustrated the history of administration, showing it in actual working, and not in theory. There was not much in the papyri on mystery cults, but there were interesting religious documents, such as the hymn to Isis. The papyri mostly illustrated the popular attitude to religion, popular piety and impiety. They were also useful for early Christianity, Egypt being the native country of monasticism.

The economic decay of the Roman empire, popular education, and the history of the Greek language, were also illustrated by papyri. The borrowings of Christianity could be traced from older paganism from the papyri, and the Christian and pagan attitudes could thus be contrasted.

### THE STATE OF TEXAS

To the Sheriff or any Constable of Foard County, Greeting:

You are Hereby Commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Foard County, a copy of the following notice:

THE STATE OF TEXAS  
To all persons interested in the Estate of Frank Young, deceased, you are hereby notified that Elon Young has filed in the County Court of Foard County, an application for the probate of the last Will and Testament of said Frank Young, deceased, filed with said application, and for letters testamentary, which will be heard at the next term of said Court, commencing on the First Monday in December, A. D. 1920, the same being the 6th day of December, A. D. 1920, at the Court House thereof, in the town of Crowell, at which time all persons interested in said Estate may appear and contest said application, should they desire to do so.

Herein Fail Not, but have you before said Court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Crowell, Texas, this 9th day of November, A. D. 1920.

MARIE HARRIS,  
25 Clerk County Court, Foard County, Texas.

The Ford Sedan

THIS splendid car is growing more popular every day, because every day the demand for the enclosed car increases in volume, and when you think that the Ford Sedan, with all its comforts and conveniences—an enclosed car, handsome in appearance, roomy for five passengers, nicely upholstered, sliding plate glass windows which make it an open car in a minute or so or a tightly closed car that is dust-proof and water-proof—ready for service every day of the year, rain or shine, summer or winter, and then think that this car is lower in price than any touring car (except the Ford car) and you will not wonder that we ask you to leave your order for a Sedan as soon as possible that we may be able to give you reasonable delivery.

Of course you cannot forget that matchless and reliable "Ford After-Service" that follows every Ford car the world over—always within arm's length a reliable Ford dealer or authorized Ford garage that can tune up your car and keep it in running condition every day in the year. We want you trade.

# BIG UNLOADING SALE

They can't stay away. The sale keeps drawing crowds. The spending crowd that continues to visit the store fairly demonstrates that the people of this county realize the magnitude and sweeping reduction of this under-priced selling, and don't forget that every item in the store is on sale. We cannot list all the prices, but here are a few of the many. Everything greatly reduced.

9-4 Pepprell Sheeting reduced to . . . . .	59c	Canton Flannel, bleached and unbleached, reg 50c gd	39c

CROWELL

The Home of Hart, Schaffner and Marx Clothes

TEXAS

One high-bred registered Jersey bull kept at the Collins wagon yard, \$5.00 when service is rendered.

**FOR SALE OR TRADE**  
80 acre farm, 4-room house, cistern, well of neverfailing water, good orchard, out buildings. School house on place. Located near Rochester, Haskell County, on Orient railroad. Will sell at a bargain or trade for house in Crowell. Apply to Dr. Hart at Crowell.

**JONES, CONALLY, LEGION MEMBERS IN U. S. CONGRESS**  
Marvin D. Jones of Amarillo and Thomas Terry Connally of Marlin, will be the two Texas representatives in the new United States congress that comes in March 4, 1921, who are also members of the American Legion. Both Texas congressmen were reelected. Both served in the army during the world war and Mr. Connally is also a veteran of the Spanish-American war, having been a member of the second Texas infantry volunteers in that conflict. In the late war against Germany Mr. Connally was a captain and adjutant of the Twenty-second infantry brigade Eleventh division, U. S. A.

**LARGE TRACTS OF LAND THROWN ON MARKET**  
Plainview, Texas, Nov. 25th.—The twenty thousand acres of farming lands located in the heart of the shallow water district here owned by Price Brothers are to be made available to home seekers. This is the largest tract in this section not yet subdivided. This property has been held by the same family for nearly half a century. Several thousand acres of it have been in cultivation for sometime.  
Announcement was made here today by Hickman Price, one of the owners, that the farms are to be divided according to the wishes of the settlers for a one-fifth cash payment with the balance in from two to ten years at six per cent interest.

Any one caught hauling wood or trespassing in any way on the Hall-sell ranch will be prosecuted to the full extent of the law.—B. J. Glover, Foreman.

We always have something special for supper at the Sanitary Cafe. Let's get some of that Pyrex oven-wafer. M. S. Henry & Co. have it.

**INSURANCE**

I am now prepared to grind maize, either in head or shelled, and any other kind of grain into feed. Am located at Bell elevator. Bring your grain to me when you want it converted into chops.  
**R. C. Moore**

There will be between thirteen and twenty-five members of the American Legion in the new congress, according to a statement from headquarters of the national legislative committee of the Legion in Washington, D. C. Only three former soldiers and members of the Legion in the present congress failed of reelection.  
Those ex-service men and members of the Legion so far reported as having been elected to the house of representatives are, in addition to Messrs. Jones and Connally, Louis Frothingham, (R) N. Y.; Hamilton Fish Jr., (R) N. Y.; Lester D. Volk (R) N. Y.; Gordon Browning, (D) Tenn.; Carroll Reece, (R) Tenn.; L. E. Sharpe, (R) Mich.; John Philip Hill, (R) Md.; J. E. Rankin, (D) Miss.; Royal C. Johnson, (R) re-elected, S. D.; Alba C. Johnson, (R) re-elected, Wash.  
Former service representatives who failed to be re-elected to the house were Charles Pope Caldwell, (D) N. Y.; Jacob L. Milligan, (D) Mo.; King Swope, (R) Ky.

**A Perfume**  
should be to a woman's ensemble what the rainbow is to the earth. It entrances without getting too familiar.  
**GARDA PERFUME** represents the BEST in odors, for it is a combination of the choice blooms of the world.  
Made by the J. R. Watkins Company, it cannot be confused with imitations, for its perfection, once known, will never be forgotten. Sold only by  
**W. C. GOLDEN**  
Also 137 other products.

**SECOND NOTICE**  
Getting in Touch with the Best.  
Edward Everett Hale used to counsel young people to converse every day with some one older, better and wiser than themselves. We cannot all do that, but we can do the next best thing: we can get in touch with them through the printed page and enjoy the fruits of their wisdom and experience. Probably no publication contains so much from the writings of men and women distinguished in many ways as The Youth's Companion. A constant reading of the paper is a liberal education of mind and heart.  
The Companion has no age limit. Professional men, business men and busy women prize it as highly as the young folks.  
For Sale—10 head of young registered Hereford calves, papers furnished.—J. E. Bell.  
The 52 issues of 1921 will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Subscribe now and receive:  
1. The Youth's Companion—52 issues in 1921.  
2. All the remaining issues of 1920.  
3. The Companion Home Calendar for 1921.  
All the above for \$2.50.  
4. McCall's Magazine for 1921. The monthly authority on fashions, \$1.50 a year. Both publications, only \$3.50.  
**THE YOUTH'S COMPANION,**  
Commonwealth Ave. & St. Paul St., Boston, Mass.  
New subscriptions received at this office.  
For Sale or Trade—Second hand Ford touring car. Will trade for young mules or Jersey cows.—N. J. Roberts.

**WRIGLEYS**  
The children love Wrigley's—and it's good for them.  
Made under conditions of absolute cleanliness and brought to them in Wrigley's sealed sanitary package.  
Satisfies the craving for sweets, aids digestion, sweetens breath, allays thirst and helps keep teeth clean.  
Costs little, benefits much.

### Artistic Jewelry

Jewelry is an ornament, pure and simple. Some jewelry is artistic—it is appropriate for the person or the occasion—and the mission of jewelry fails utterly when it does not fulfill the requirements of propriety. In selecting our jewelry we aim to meet the most exacting demands of good taste. Jewelry is the thermometer of refinement simply because it indicates the degree of one's taste. You have little chance to transgress the laws of propriety if you purchase your jewelry at this store.

### HELL PAY FOR ALL PUBLICITY HE GETS OUT OF THIS STUNT

Boston, Nov. 23.—Charles Garland, second son of the late James A. Garland, Boston multimillionaire, has declined to accept \$1,000,000 as his share of his father's estate, because he prefers manual labor to a life of luxury.

He is living with his wife and infant daughter at Bay End farm, his mother's Summer residence at Buzzard's Bay.

### THE CRACK O' DOOM FOR NASTY CALOMEL

Folks Abandoning Old Drug for "Dodson's Liver Tone," Here in South

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with your bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not salivate or make you sick. 59

Early presidents of the United States received strange gifts during their terms as executives, the strangest of them all being, perhaps, the cheese sent to Thomas Jefferson, with the admiring inscription, "the greatest cheese in America for the greatest man in America." It was conveyed to Washington by a six-horse team. Jefferson insisted upon paying for it, and it lasted for a whole year.

Andrew Jackson was the recipient of such gifts as a whole hog from Kentucky, whisky from Pennsylvania, beef from New York and a cheese that weighed half a ton or more from New England. The Blue room in the White House contains the most famous of the gifts received by American presidents, the golden mantel clock presented to Washington by Lafayette, who received it from Napoleon. In the Green room is the Gobelin tapestry, made by a process which is now a lost art, which the Emperor of Austria gave Mrs. Grant.

### A Tonic For Women

"I was hardly able to drag, I was so weakened," writes Mrs. W. F. Ray, of Easley, S. C. "The doctor treated me for about two months, still I didn't get any better. I had a large family and felt I surely must do something to enable me to take care of my little ones. I had heard of

### CARDUI

The Woman's Tonic

"I decided to try it," continues Mrs. Ray. "I took eight bottles in all. . . I regained my strength and have had no more trouble with womanly weakness. I have ten children and am able to do all my housework and a lot of outdoor work. . . I can sure recommend Cardui."

Take Cardui today. It may be just what you need. At all druggists.

### TEXAN URGES REVISION OF TAX SYSTEM

Washington, Nov. 23.—"The most important thing that can come before the new Congress is the revision of our tax law," said Congressman Marvin Jones of Amarillo, who returned Tuesday from Texas. "In fact, the entire national taxing system should be thoroughly revised and simplified," he added.

"In addition thereto the payment of the war debt should be extended over a period of fifty or sixty years on a sinking fund basis. This would enable us to cut taxes almost one-half and the added stimulus that would be given to business by virtue of this policy would more than pay the other half that so its payment would hardly be felt.

"The peace treaty should be immediately ratified by the Senate with such reservations as that body can agree upon. The reapportionment under the new census will, of course, come before the new Congress. In my judgment instead of increasing the membership the body should be reduced to 300 members and those members should be elected for four years so that they could come in and go out with the President and thus avoid a repetition of the past two years when much turmoil and dissatisfaction was caused by the executive branch being controlled by one party and the House and Senate by the other."

### BIG COAL FIELDS BELIEVED IN PANHANDLE COUNTRY

Childress, Nov. 21.—That a gigantic coal field lies hundreds of feet beneath the surface of many Panhandle counties is further substantiated by the recent penetration of a five-foot coal stratum at a depth of 2,000 feet in the Bugbee oil well fifty miles northwest of here, according to the West Texas Chamber of Commerce. A surface deposit of coal found in Motley county several years ago was so denaturalized by elemental decomposition as to be unfit for commercial purposes. Logs of oil wells in this territory invariably indicate that strata of coal were encountered elsewhere at this relative depth. While generally accepted as being a herculean task to extract coal from such a depth as 2,000 feet, local men consider that if the supply is as inexhaustible as indications seem to show, the sinking of a deep shaft would be an economic gain for the Panhandle, which is more than 500 miles from the nearest large colliery.

There seems to have been more

LET US SHOW YOU C. B. GARLINGHOUSE

diphtheria all over the country this year than usual and Foard County has had a liberal share of it. Several cases have recently developed in Crowell. As a rule, however, it seems to be of a light form. It does not seem that people are as careful as they once were about such dangerous diseases. There is little or no quarantining done and not many take the serum treatment until a case develops in the home. As long as this is the

case there is bound to be something always exposed.

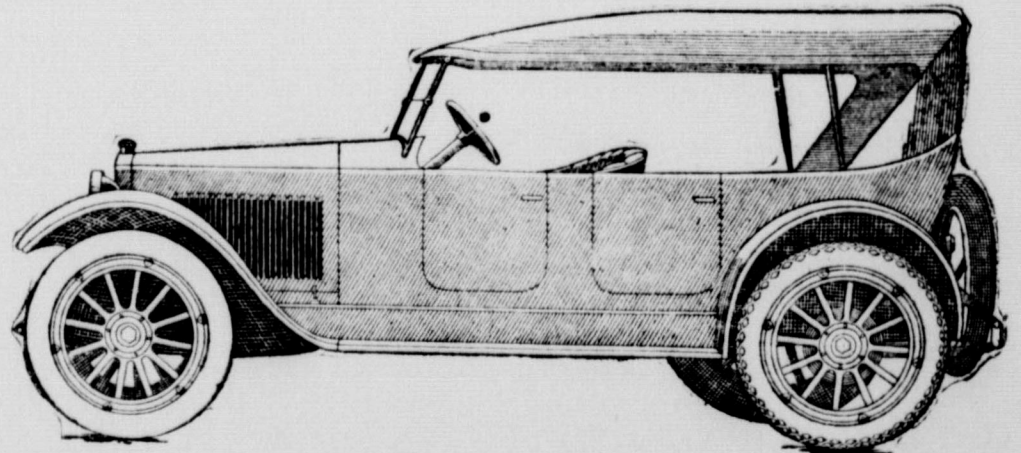

A splendid Thanksgiving service was held at the new Methodist church yesterday at 11 o'clock, Rev. J. E. Bellington delivering the message of the hour. The people of the town turned out in good numbers and the businessmen closed their doors for the occasion. The school was also dismissed for the day.
