Foard County Farmers Put 17,738.7 Acres in Winter Wheat Acreage Reserve

Total of 17,738.7 acres of winter wheat on 176 farms in Foard County have been signed for the 1957 Acreage Reserve, according to Ray Hysinger, chairman of the Foard County Agricultural

Stabilization and Conservation Committee, October 5th was the final date for the winter wheat sign-up.

Mr. Hysinger points out that under the Acreage Reserve program, participating farmers agree to reduce wheat production by the number of acres of land placed in the Acreage Reserve for wheat. The program provides for payments based on normal yields of wheat to those farm operators who signed agreements. If all agreements signed in Foard County are fully complied with, payments will amount to \$221,505.92.

Elizabeth Davis, Daughter of Mrs. Foster Davis, to Be Presented at Sweetheart Band Night

Elizabeth Davis, daughter of Mrs. Foster Davis, will be presented at special half-hour activities during the Crowell-Wildcat football game here Friday night. She was elected sweetheart of the band at a recent band meeting.

Elizabeth is a junior student, has been a member of the Wildcat Band for three years and has been very outstanding in her accomplishments musically. After playing in the band only three and a half months, she was placed in the Region II, All-Region Band in the saxophone section. A year later she was once again selected for the All-Region Band. In February of the same year, she was selected for the All-State Band in Dallas. She placed second in the saxophone section.

The Wildcat Band has a special performance in store for patrons Friday night to honor Elizabeth Sweetheart. Noel Kinsey, president of the band, will make the presentation.

Ed Father of Mrs. N. Ribble Died in Houston October 1

M. Bostic, 85, retired farmer and father of Mrs. J. N. Ribble, died at his home in Houston, Monday, Oct. 1, following a serious illness of two weeks. He had been in failing health for some time.

Funeral services were held at Pat Foley Funeral Chapel in Houston Wednesday, Oct. 3, with burial in Roseland Memorial Park. Mrs. Ribble and her son, Jack, his wife and two children attended the services. Burial returned to Crowell Sunday.

Mrs. Bostic was a member of Methodist Church. He had been in Houston and that section of Texas for many years.

Survivors include his wife; seven children, Mrs. Ribble of Crowell, Mrs. H. O. Parsley, Mrs. John Maude, Mrs. Alfred Loden, Mrs. Maude Harvell, Bill and J. L. Bostic, all of Houston, all of whom were present at the funeral; 16 grandchildren; great grandchildren and four great grandchildren.

Crowell Wildcats and Chillicothe Eagles Play Conference Game Here Friday

The Crowell Wildcats and the Chillicothe Eagles will be making separate effort to climb out of the district cellar here tomorrow (Friday) night.

Chillicothe has not won a game this season after winning twelve of thirteen last year. The Wildcats have five of last year's games back, but they have not been able to overcome the loss of quarterback Veon Scott and back David Spears. Two of the losses have been to conference foes. Their best game was at Archer City which they won by seven points. Douglas

Reagan is their best ball carrier. The Wildcats have won only one contest thus far this year and they, too, have lost two conference games. However, the difference in these two games has been partially due to bad breaks and injuries. Roy Don Payne, star halfback, will probably be sidelined again this week on the account of a knee injury. Gordon Cates, injured guard, might get to see some action.

Probable starting lineups for the Crowell-Chillicothe conference football game that is to be played at Wildcat stadium tomorrow (Friday) night at 8:00 o'clock follows:

Methodist Youth to Aid UN Children's Relief Fund

Instead of asking for a treat from neighbors and friends for themselves on Halloween, the youth of the Methodist Church have voted to have a UNICEF collecting party. They will collect pennies in decorated milk cartons for the United Nations Children's Relief Fund in order that hungry and sick children may be sent milk and medicine.

Last year the children in 6,000 communities participated. Children from the 48 states, the District of Columbia, Alaska, Hawaii, Cuba and the Canal Zone took part in the plan. \$520,000 was collected for the fund, with the local Methodist children collecting \$80.00.

Milk and medicines were sent to the sick and hungry children of 30 countries from the Halloween collections in 1955. Children from the kindergarten age upward are invited to attend. Groups will leave the Methodist Church at 6:30 the night of Halloween, Wednesday, Oct. 31, and all are invited to come back to the church after the collections are made for games and refreshments.

2,920 Traffic Law Violators Stopped During September

Patrolmen of the Wichita Falls District of the Texas Highway Patrol contacted a total of 2,920 traffic law violators during the month of September. Captain K. B. Hallmark Jr., commanding officer, reported that 831 of these were arrested while 2,029 were warned for violation of the state traffic laws.

Speed was the leading cause of arrest, with improper passing second, and driving while intoxicated ranking third.

Counties included in the Wichita Falls district are: Archer, Baylor, Clay, Cottle, Foard, Hardeman, King, Knox, Montague, Wichita, Wilbarger and Young.

Thespian Society to Present 3-Act Comedy Friday, November 2

The Crowell High School Thespian Society will present "Beauty and the Beast," a 3-act comedy by William Davidson on Friday evening, November 2 in the high school auditorium.

This is the story of high school affairs; of two girls who want to make poor grades to improve their standing with boy friends. They make the football team sick to get a game postponed until "Beef" can get his ineligibility removed.

Mrs. Gus Hooks Dies at Farmersville Oct. 6

Mrs. Gus Hooks, former Crowell resident, passed away in Farmersville on Saturday, October 6, following an illness of about one year. Burial was in Farmersville Sunday, Oct. 7, her 50th birthday.

Mr. and Mrs. Henry Borchardt and children, Judy and Bob, attended the funeral services.

At the time Mr. and Mrs. Hooks lived in Crowell, he was connected with the Chevrolet business, and Mr. Borchardt bought the business from Mr. Hooks and his partners, J. C. Self and Arthur McMillan.

Oil Progress Week Observed at High School Tuesday

The American Petroleum Institute presented an Oil Progress Week program to the Crowell High School students at the high school auditorium last Tuesday morning. Ben Crowell, representative of the W. F. Adams Drilling Co., and Ted Schessman, chemist for the Continental Oil Co., gave the demonstration. Both of these men are located in Wichita Falls. Mr. Crowell is a nephew of M. F. Crowell of this city.

The magic barrel demonstration brought out the important development in the by-products of oil. The DuPont Chemical Co. make hundreds of articles from these by-products. They stressed the various uses of oil in the everyday life of an average American.

Local representatives attending the program were M. F. Crowell, Gulf concisionee, and Houston, Texas, Phillips 66 representative.

Surprise Birthday Dinner Given Sun. for Mrs. U. C. Rader

The home of Mr. and Mrs. Dwight Campbell was the scene of a surprise birthday dinner Sunday for Mrs. U. C. Rader, pioneer Foard County resident, when her children and grandchildren gathered to honor her on her birthday. All of her children except one, Owen Rader, of Vernon were present.

When the honoree arrived at the Campbell home, she was presented a corsage by Mrs. Bob Meyer and led to a seat of honor where her picture was made beside a beautiful birthday cake holding 80 candles.

A wonderful dinner and visit were enjoyed by the following: Mrs. Ota Kenner, Mr. and Mrs. Dwight Campbell, Mr. and Mrs. Lewis Rader and son, Danny, Mr. and Mrs. John Rader and sons, Jimmy and Lynn, Mr. and Mrs. Clyde Russell, all of Crowell; Mr. and Mrs. Miller Rader, Mr. and Mrs. Joe Rader, Mr. and Mrs. J. C. Rader and children, Gail and Bert, of Foard City; Mrs. J. D. Johnson, Mr. and Mrs. Ernest Lilly and daughters, Deanna and Judy, Mr. and Mrs. Bob Myers and children, Robert Les, Joella and Debra, of Amarillo; Mr. and Mrs. Lester Myers of Littlefield; Mr. and Mrs. Bob Meyer and children, Gene and Mike, of Sundown; Billy John Rader of Wichita Falls, Miss Mary Ann Clark of Vernon, and the honoree.

NEARLY TWO INCHES OF RAIN FALLS IN CROWELL LAST SUNDAY NIGHT

Wildkittens Defeat Paducah's Little Dragons 41 to 0

The Crowell Grade School football team went one notch closer to another district championship last Monday night at Paducah when the Wildkittens polished off the little Dragons to the tune of 41 to 0. The big guns in the scoring were Bobby Barker and Gary (Bob) Carpenter with three touchdowns each. However, these boys lacked a whole lot playing the game by themselves as all of the Kittens gave a good account of themselves in the lopsided contest. Jackie Hickman threw two touchdowns passes. Guy Todd and Jerry Eubank ran the extra points over.

Coaches Gordon Erwin and Glen (Tiny) Taylor used their entire roster in the game: Bobby Barker, Joe Barry, Ronnie Bradford, James Borchardt, Gary Carpenter, Jerry Eubank, Dale Henry, Gerald Howard, Jimmy Mack Gafford, Taylor Johnson, Jack Hickman, Claude Dean Sellers, Jerry Setliff, Bill Smith, Don Keith Lyons, James Teal, Guy Todd, Roy Washburn, Don Welch, Mike Whitton and Miles Welch. Delton Brown has an injury that kept him out of the contest.

The Wildkittens travel to Chillicothe for another conference game next Monday night.

Drillstem Test Run on L. K. Johnson No. 20

Oil news from the Rasberry Field in the west part of Foard County follows:

Humble Oil & Refining Co.'s Jack Rasberry No. 3 was at a depth of 3409 feet Wednesday. Kadane's V. A. Johnson No. 3 had reached a depth of 2525 feet Wednesday; and Kadane's Maude Rasberry No. B-2 was at 5824 feet Wednesday.

L. K. Johnson No. 20 had reached a depth of 4771 feet Wednesday. A drill stem test has been run on the well and produced 140 feet of oil cut mud, and 50 feet of pure oil. Gas surfaced in 45 minutes.

Locations have been staked for two more wells on the V. A. Johnson land, and one of the locations is now being cleared for the rig. Ernest Boren of the Vivian community is also drilling a water well.

No. 2 C. M. Carroll Flowed 161.64 Barrels Crude in 12-Hour Test

Tennessee Gas Transmission Co. has reported that the No. 2 C. M. Carroll, in the Rasberry field flowed 161.64 barrels of 40 gravity oil during a 12-hour test. Flow was through 24/64-inch choke from open hole at 6096-6148 feet with packer on casing and 200 pounds pressure on tubing. Gas-oil ratio was 632-1. Completion was natural. The well is 12 1/2 miles northwest of Crowell in section 36, block A, SPRR survey.

Emergency Feed Grain Program Extended Here

Walter T. McKay, state director, Farmers Home Administration, this week advised Glenn E. Womack, county supervisor, of the extension of the Emergency Feed Grain Program in Foard, Hardeman and Wilbarger Counties. Under this extension, farmers and ranchers may now file applications through December 31, 1956, for a supply of feed grain necessary to carry basic livestock herds through December 31.

This extension of the Emergency Feed Grain program now coincides with the assistance available under the Roughage Program for Texas, and enables county FHA committees to consider total feed requirements, both roughage and grain, through December 31, 1956.

Sailor's Broken Arm Worries Carlsbad, N. M., Woman

The following clipping from the Carlsbad, N. M., Argus, was given to the News by W. A. Cogdell:

"Bette Ingle has been passing through Crowell, Texas, for 20 years on trips to Frederick, Okla., to visit her parents. Standing on the court house lawn in Crowell is a statue of a United States Navy sailor, with an arm broken off just above the wrist.

"Every time she passes through, Bette thinks 'maybe it will be fixed next time.' But her week end trip to visit home folks revealed the broken arm unrepaired. It worries her."

(Editor's note: The statue of the sailor on the northwest corner of the court house lawn lost the hand in the tornado that struck Crowell April 28, 1942, and it is probable that it can never be repaired.)

Farm Bureau to Have Annual Meeting Next Tuesday Night, Oct. 23

The annual membership meeting of the Foard County Farm Bureau will be held in the office here in Crowell on Tuesday night, October 23, at 8 o'clock, according to an announcement made Wednesday by Glen Jones, president.

Mr. Jones stated, "The purpose of this meeting is to elect officers, pass resolutions and any other business that may come before us. You are urged to come and have a part in formulating the policies for 1957. Some important state issues are: water, feed, egg grading, labor, stock sanitation and cotton classing."

DOWN TOWN BIBLE CLASS

Rev. Warren Everson delivered the message for the Down Town Bible Class Sunday morning.

There were 31 present, including two visitors, who were introduced by George Self.

Crowell Wildcats Defeated 27 to 13 by Holliday Eagles Here Last Friday Night

The Crowell Wildcats, playing without their leading ball carrier, Roy Don Payne, dropped another conference game to the Holliday Eagles 27 to 13 here last Friday night. The score was tied 13 to 13 going into the last quarter, but Kenneth Knowles, quarterback for the Eagles, uncorked a couple of touchdowns passes that spelled the difference. The statistics were about the same with Holliday making one more first down than Crowell. The total yardage was 238 for each team. Knowles completed seven of eleven passes for Holliday. Crowell completed four out of twelve. Crowell lost the ball on fumbles four times and one of these was down on the Eagles' three-yard line.

Crowell's first touchdown came on a 31-yard pass play from quarterback Edward Howard to halfback Gerald Bradford. Ray Thomson had recovered a Holliday fumble on their 32 to set this play up. The extra point try was no good.

Holliday scored twice in the second quarter on a one-yard plunge by Knowles and a 7-yard pass play from Knowles to Leon Walker, halfback. The first touchdown was set up by a pass from Knowles to Van Hubbard. Knowles kicked one of the extra points.

Crowell knotted the score in the third quarter when halfback Printess Gidney ran over from the three. This touchdown was set up by a pass from Howard to left end David Carpenter which was good for 20 yards. Thomson ran the extra point over.

Knowles passed to Hubbard for twelve and six for the two fourth quarter touchdowns. Knowles kicked both extra points to make the final count 27 to 13. One of these scores was set up by a Crowell fumble and the other on a pass interception.

The Wildcats will be trying to climb out of the conference cellar this Friday night when the hapless Chillicothe Eagles come here for a game.

Scattered rainfall, described from light to heavy, hit Foard County late Sunday night. The rain gauge at the Crowell State Bank showed 1.9 inches fell in Crowell from about 10:30 to midnight Sunday. The rain was preceded by considerable thunderstorm activity, but no hail was reported anywhere in the county.

No rain was reported in the Vivian community, while parts of the Foard City and Good Creek communities received only a trace of moisture. Farmers south of Crowell reported about one and one-half inches, as was reported by one farmer living north of town near Pease River. Four Corners community recorded about two inches.

The rain fell very hard, and run-off was sufficient to put water in tanks in several portions of the county. The City Lake which was practically dry, was reported to have filled up as a result of the rain.

Precipitation was reported as .3 of an inch at Thalia and east to the Foard-Wilbarger County line, and lighter farther east. However, in the section north of Thalia, the rainfall was heavier. Many farmers in the county had dry-sowed their wheat and this rain was just what they were hoping for. Others will begin sowing just as soon as fields are dry enough.

Sparks Freed After Hearing Here Last Friday Morning

James L. Sparks of Vernon, a patient in state hospitals since 1951, was freed last Friday following a sanity hearing in 46th District Court here in Crowell.

Mr. Sparks was charged in Vernon five years ago with intent to murder. The case was transferred to Crowell on a change of venue, and a jury here found him insane both at the time of the act and the time of the trial.

He was recently returned to Crowell from Rusk State Hospital to await Friday's hearing. District Attorney Jack Hightower said the jury was out only about 10 minutes, and returned its verdict shortly past noon.

The hearing opened at 9 a. m. with selection of a jury. Testimony was offered by two of the Rusk hospital staff, along with Dr. Charles Brown, Wichita Falls psychiatrist.

The District Attorney cross-examined each of the witnesses.

Liquor Transporter Fined \$100 in County Court Here

Jeff Montgomery, Negro of Paducah, was apprehended last Saturday night with 10 half-pints of liquor and 1 case of beer on Highway 70 about five miles west of Crowell by the Foard County Sheriff's Department.

Montgomery entered a plea of guilty in county court and was fined \$100 and costs.

 THE RECORDS TELL THE STORY
 "Some of you have fallen down in your grades this first six weeks," seems to have been a favorite expression among the teachers the past few days. No—I'll take that back—I really doubt if it was a favorite expression; it was just the statement of a well known fact.
 Why? Because the grades that some of us made on our report card indicated that even though

we began with good intentions—we became "side tracked" along the way. The time that we should have given to study was used for something else.

"Just so long as I pass" say some; but in college that attitude definitely won't work. Statistics show that of those who "just pass" in high school—only ten per cent stay through the first year in college, and of these, only one-third graduate. It adds up to this—if we are not thorough in our studies, we are "whipped" before the great game of life is begun. Only those who are willing to work, to cooperate, to get the details—attain success.
 Thus—those of us who just "sit" in class and complain when the "records" are laid before us had better wake up! Let's "dig in" and learn all that our classes offer. Let's not be satisfied with doing less than we are capable of doing. Great things lie in store for those with high records!

HOW'S YOUR VOCABULARY?
 Well, the first six weeks has ended so it is time for us to review. Following is a list of the words that have been presented thus far in the column. Honestly, won't you check these carefully just to see how many you have learned.

1. Carnivorous — refers to a flesh eating animal.
2. Herbivorous — refers to a plant eating animal.
3. Omnivorous — refers to both flesh and plant eating animal.
4. Apothecary — druggist.
5. Audacity — nerve, courage.
6. Veracity — word (truth of statement).
7. Insinuate — to imply.
8. Prevaricate — to tell a falsehood.
9. Quadrillion, quintillion, septillion, octillion — number with 15, 18, 21, 24 and 27 naughts respectively.

CLASSROOM TEACHERS ASSOCIATION

The second meeting of the Classroom Teachers Association was held in the school cafeteria on Tuesday afternoon, Oct. 9.
 The teachers who attended the 10th annual conference of the Texas Classroom Teachers Association held in Mineral Wells on September 21 and 22 gave a brief summary of that conference. It has become one of the most outstanding professional meetings in Texas each year. The general theme of the conference was "We Proudly Teach."

Another important phase of the conference was the stressing of Amendment IV in the coming general election in November. May we, the classroom teachers of Crowell, urge all qualified voters of Foard County to vote for Amendment IV. This amendment deals with teacher retirement. It will raise the percentage of teacher retirement and is a very worthwhile thing for teachers.

ADELPHIAN CLUB NEWS

The Sub-Junior Adelpian Club met on Wednesday, Oct. 10. An interesting program, "Our Neighbors to the South" was enjoyed by the members. Patty McGinnis reported on "Enchanting Mexico" and Sandra Choate told of her correspondence with an American girl reared in Mexico. The new club sponsor, Mrs. Clarence Garrett, and Mrs. Loraine Carter, a former sponsor, attended the meeting in the absence of Mrs. Martin Kralicke. Delicious refreshments were served by the hostess, Patricia Prosser.

HALF-TIME FRIDAY NIGHT

The band stepped off Friday night in their traditional entrance formation playing a snappy march, "Flashing Brass." They proceeded

to the center of the field where they formed an "H" for the Holiday team and fans. After a countermarch playing "Gridiron March," the field lights were dimmed and the band formed block letters, "U. S." using lights on their caps. The national anthem was played. Moving to a block "T" for Texas, the band played "The Eyes of Texas." Then the traditional "C" for Crowell was formed and the familiar fight song was played. A special feature throughout the performance of the various letters was the spotlighting of the various flags; first, the American; then the Texas, and finally the School Banner.
 Going back into formation the band left the field playing "Escort of Honor."

ENCOURAGING OUR BOYS

Friday afternoon the pep rally held in the auditorium was a gay affair. Two members of the faculty, Mrs. Davis and Mr. Graves, gave very encouraging speeches, not to mention the two yells Mrs. Davis recalled from her school days.

The pep band and pep squad joined with several yells. Our football team stood while "Coach, Team, Pep, Team" was chanted by the students.
 We appreciated, also, the outsiders who attended the meeting, and we hope to see you again at our next pep rally.

FHA COMMENTS

Anyone that has been in the homemaking cottage recently surely must have noticed something new. The Future Homemakers of C.H.S. are very proud and thankful to the school for the new blond tables and chairs which have been bought for them. In case you haven't seen them, take a look; they're really beautiful and certainly an improvement over the

old ones.
 The 23rd Psalm was given by Marilyn Stone as the devotional at the bi-weekly program of the Homemaking II class Friday morning. A harmonica solo by Lois Naron was enjoyed by all. Patsy McKee gave the poem, "Psalm of Life" and a trio composed of Jeanie White, Nita Hall and Lois Naron sang "The Old Rugged Cross." A short, interesting report on a trip to Arizona was made by Sandra Simmons. The program was concluded by a prayer by Dee Ann Christian.

THERE'S BEEN SOME CHANGES MADE

For the past several days sounds of hammering and sawing have been issuing from the auditorium. Upon investigation, it was discovered that ceilings have been built over the two backstage dressing rooms. These will help to lessen off stage noise during performances, and the space between the dressing room ceilings and the roof of the auditorium will provide a much needed place to store props which are not in use.

BIRTHDAY SUPPER

Mr. and Mrs. Johnnie Zahn honored their little daughter, Peggy, with a supper on her second birthday at their home in the River community Sunday evening, Oct. 7.

Those present were her parents, Mr. and Mrs. Zahn, and family; her grandparents, Mr. and Mrs. Schwartz; and family; her aunts, Mr. and Mrs. Schwartz; and baby of Mrs. One; another aunt, Mrs. G. Schoppa and family of Har her aunt, Bettie Mae Schwartz; Vernon, and Mr. and Mrs. Schroeder and Wanda; her aunts, and Bobbie, and the hostess. She received a nice selection of gifts and all enjoyed the

style.
 Jo Frances, doesn't Eddie Lee have to come an awfully long way? Jeannie Johnson has a new picture. Another one of those Thalia boys, it seems.
 De Anna has a new jacket, a perfect fit!

Seems as if Janie and Mary Ann are both crazy over James Grady. Karen and Jimmy Louis were seen at the ball game Friday.
 Roxy had a good hiding place in Dee's Mercury. Had fun, didn't you?
 Dale Johnson can really pop if the music isn't too slow.
 We hope Doyal, Sledge and Wishon didn't get sick Saturday night. Their girls cooked supper for them.
 Larry Ferguson has an eye on Judy.

One good typewriter eraser for sale. Guaranteed to make you do as many as forty lessons over. See Betty Davis.
 Darling Dee had to walk home Saturday night. Why don't you get a horse?
 Well, like we said, no marriages, no divorces, and so, no scandal.

"WHEW! NOW THAT'S OVER"

"Out! Out! Damned spot!" so quoth Mrs. Manard's senior English class members in their sleep and on their six weeks exams in literature this last week.
 "Macbeth" hath made strange permanent marks in the minds of CHSites for these many years.
 What! Ho! My good freshmen. You will not escape. This fate must come to pass, that you, also, will mire your brain in the poetic essence of a long since decayed Englishman named William Shakespeare.
 "What's in a name? A rose by any other name would smell just as sweet." May be so, my friend Shakespeare, but if thy name was Johnny Jones, it would be sweeter to my delicate senses, being definitely easier to spell.
 Come, come! What's this. Perhaps my time were better spent at books! Henceforth, enough of this!
 Farewell.

Texans Find Ike Stand For Same Things We Do

A fellow was in our town the other day selling men's suits. He was from St. Louis, and he said he was a manufacturer's representative. Grandpa would have called him a dry goods drummer, and Papa would have referred to him as a traveling salesman. This shows you how things change with time. But actually that fellow from St. Louis was doing just about what the earlier visitors did—trying to sell suits.
 You might say that he stayed in the same place but the names went off and left him. Reminded me some of the political situation in Texas.
 I was reading a letter in the daily newspaper last week, from a man who said he was going to vote for Eisenhower. "I am a Democrat," he wrote to the editor of the paper, "but I feel like the party has run off and left me."
 Come to think of it, a lot of conservative-type Texas Democrats are in that shape today. They haven't changed their views on such things as local control, government spending, bureaucratic red tape, and freedom of the individual; they still travel down the same road they did 20 or 30 years ago, even if they do it at 70 miles an hour instead of 25.
 They grew up believing that a man could live down nearly any

TEXAS FIND IKE STAND FOR SAME THINGS WE DO

thing except voting for a liecan. They always vote straight, until a good man them jumped over the top '52 and went for Ike.
 "I can't figure out what happened," one of them told me. "Seems like Eisenhower like a Democrat and St. Louis talks like a college professor." The other day this same said: "I think I've got it out. Ike stands for the Texas Democrats have stood for. Adlai is too thick. Walter Reuther and that crew suit me. I'm going for Ike in Texas."
 That's the way with most in our town. They decided like a try at it in '52, and like the way he has gone the job. There are some they wished he'd done a little better, but by and large they think he's made us a better ident. At least all the boys are back from Korea far as we can tell the government is being run honestly.
 Somebody asked that suit salesman how Mr. T. was getting along, and he he didn't know. "He isn't doing business any more," he explained. "In fact, as far as I can tell, he is clear out of kinds of business."

Here! New Task-Force 57 Chevrolet Trucks!
 Performance-proved in a history-making test on the ALCAN Highway to Alaska

The Alcan Highway is the road where trucks grow old before their time. The road where gravel endlessly sledghammers the life out of trucks. Where a fog of superfine dust chokes engines, and vicious ruts subject chassis to months of wear in a few hundred miles.
 Six new '57 Chevrolet trucks, representing light-, medium- and heavy-duty models and heavily loaded with cargo, roared north from Dawson Creek, B. C., through 1,520 miles of mountains and mire, rain and hail to Fairbanks, Alaska. Running around the clock, they made this tortuous trip—normally a 72-hour run—in less than 45 hours. The fleet made normal stops along the way, and maintained safe and legal speeds. As a special test during the run, two of the trucks went the entire distance without once having their engines stopped!
 It's all down in the AAA record book. And more besides! Never before has a new truck been so thoroughly proved. Come in and see how well these new Alcan champs measure up to your job.

FIRST WITH THE MOST MODERN FEATURES!
 New 283-cubic-inch Taskmaster V8 delivers 160 high-torque horsepower. Standard in Series 5000, 7000 and 8000, optional in Series 6000 at extra cost. Horsepower ranges up to 210 in Chevrolet's complete line-up of modern V8 and 6 truck engines.
 Revolutionary Powermatic Transmission—exclusive with Chevrolet trucks! This six-speed automatic, designed specifically for heavy-duty hauling, is an extra-cost option in Series 5000 and 6000 and all heavy-duty truck models. Hydra-Matic is offered in 3000 and 4000 Series models at extra cost.
 New 1957 work-styling gives Chevrolet trucks an even fresher, fleetier appearance. There are three different and distinctive styling treatments.
 L.C.F. models outdate the C.O.E. because they're lower, handsamer, easier to get into and out of, and save time in routine engine maintenance. Yet they offer all the traditional C.O.E. advantages.
 Heavyweight Champs with Triple-Torque tandem are rated at 32,000 lbs. GVW, 50,000 lbs. GCW. And Chevrolet's advanced tandem axle unit offers a built-in three-speed power divider—plus a unique "self-steering" action that reduces tire wear and increases handling ease.

Alcan fleet gets up to 18.17 miles per gallon! That's the mileage reported by the Cameo Carrier, with Thriftmaster 6 and extra-cost Overdrive.

All the way in DRIVE range! This Powermatic-equipped 10000 Series tractor traveled the entire Alcan Highway in a single forward-speed range!

GATE - CLOSERS

Dear Friends

A farmer friend of ours paid Humble's field men a fine compliment recently.

He said, "There's one thing about you Humble people, you close gates."

Well, of course we do.

All of us at Humble want the good will of the folks with whom we do business. And among those folks, the farmers and ranchers who lease their land to us for exploration and production are right at the top of the list.

In fact, you farmers are partners with us in the development of a vital natural resource. If our efforts are successful then everyone involved benefits.

Keeping the gates closed and the fences mended—things like that are the least we can do.

We know. A lot of us grew up on farms and ranches.

1957 Chevrolet Car Line to Be Shown Friday

Fuel injection and a new triple-turbine automatic transmission will make their debut on the 1957 Chevrolets.

The Chevrolet Motor Division announced this week that fuel injection will be introduced on the Corvette engine, a lively new V8 of 283-horsepower that is to be available as an option throughout the line of Chevrolet passenger cars. Also unveiled for the first time is the new transmission, known as the Turboglide.

The 1957 Chevrolets go on display at Borchardt Chevrolet Co. in Crowell, Friday, October 19. In addition to the trail-blazing Ramjet fuel injection and the new transmission, the latest models present a multitude of other styling and performance features that promise greater owner satisfaction than ever before.

Fuel injection, a long-time objective of American automotive engineers in their quest for ideal

flexibility in performance, replaces the customary carburetor. Because of quicker power response and faster warm-up, it is expected to gain almost universal adoption within a few years. Chevrolet pioneers the device in its field and will be one of the few makes, regardless of price, to offer the advance on engines this year.

The Turboglide transmission is a Chevrolet exclusive. It carries the principle of torque conversion—first introduced in Chevrolet's Powerglide in 1950—to a new peak in efficiency. The triple-turbine—with infinitely variable ratio characteristics—produces an uninterrupted driving force at all speeds. There is no feeling of "shift."

Turboglide incorporates an unusual hill retarder, one of many new safe-driving improvements on the latest Chevrolets. The retarder aids braking on steep downgrades. With larger glass area, surer traction, stronger frames and a re-design of steering wheel and instrument panel to reduce possible injuries on abrupt stops, the cars set new standards of safety.

In eye-appeal the 1957 Chevrolets differ strikingly from 1956 models. While two and one-half inches have been added to overall lengths, the horizontal sweep of new styling motif gives the im-

pression that the car is even longer than its 200 inches. All bodies are lower, with a reduction of an inch and a half in height of the hood and substantially increased windshield areas.

A variety of sparkling new colors in combination with the body selections furnishes the customer with 460 choices in the appearance of the Chevrolet he buys. Seats have added comfort and are of an attractive slender Gothic form. Easily read instruments are sheltered under a cove, with all control knobs recessed as a safety measure. Other body highspots include a new ventilation system that has inlets under the headlamp hoods and supplies up to 22 per cent more air.

To power its 1957 line, Chevrolet will build one six and four new V8s ranging in output from 140-horsepower for the six to a sensational one-horsepower per cubic inch of displacement for the "Corvette V8." The Corvette engine develops 283 horsepower with the Ramjet fuel injection system.

Just out and just wonderful!

SEE THE '57 CHEVROLET FRIDAY! IT'S SWEET, SMOOTH AND SASSY!

Chevy goes 'em all one better—with a daring new departure in design (looks longer and lower, and it is!), exclusive new Turboglide automatic transmission with triple turbines, a new V8 and a bumper crop of new ideas including fuel injection!

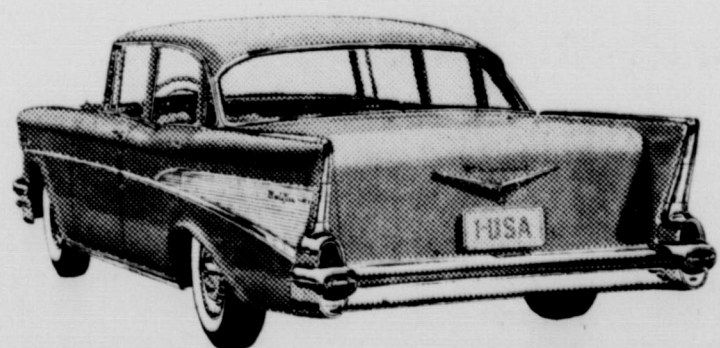

*270-h.p. engine also available at extra cost. Also Ramjet fuel injection engines with up to 283 h.p. in Corvette and passenger car models.

New right down to the wheels it rolls on—that's the '57 Chevrolet!

By now you know it's new in style. You can see that Chevy's longer, lower—and every inch a beauty.

But Chevrolet's new in lots of ways that don't show up in our picture. It's new in V8 power options that range up to 245 h.p.* Then, you've a choice of two automatic drives as extra-cost options. There's an even finer Powerglide—and new, nothing-like-it Turboglide that brings you Triple-Turbine take-off and a new flowing kind of going. It's the only one of its kind—the newest, sweetest, smoothest automatic of them all!

Come see the new car that goes 'em all one better—the new 1957 Chevrolet!

ALL IN KNOWING HOW!

The clever magician seldom fails to amaze his audience with his tricks. And they are tricks . . . but he has to know how to do them and keep in good practice.

Saving money . . . putting it away for future uses is also a trick . . . It is the trick of spending a little less than your income and banking the difference . . . The citizens who practice this thrifty trick are those who have money to invest when real opportunities present themselves.

What put the magic in the new kind of FORD?

The new Ford Fairlane 500 (118-inch wheelbase). Longer, lower, larger than many medium-priced cars, yet lower in price than most of them!

Here's what put the magic in the new kind of FORD!

It started with the "Inner Ford." When Ford planned this baby, they thought in terms of a car through-and-through new.
 The wheels got smaller. This Ford is so new that even the wheels have changed. Now smaller and broader, they help you take off quickly.
 The wheelbase got longer... so now you can choose between a Ford that's over 16 ft. long—or one over 17 ft. long!
 The frame got wider. Side rails bow out to give a more stable, safer riding platform... a lower, sleeker silhouette.
 The ride got smoother. With new suspension, new springing front and rear, the ride this new Ford gives is the smoothest ever.
 The handling got easier. Poised and balanced like a panther, this car has swept-back front suspension that works its magic when you need it most.
 The power got hotter. There's a wide range of Silver Anniversary V-8's to fit every horsepower need*... plus a new Mileage Maker Six.

*Six or V-8 the going is great!

The roof got lower. And it's designed to let you make the easy entries and graceful exits you've always known.
 The body got quieter. It's the strongest body built for a low-priced car. No car in Ford's field has such generous sound-proofing.
 The room got bigger. There's head room to spare for a tycoon-type hat. There's real stretch-out leg room, too.
 The lines got sweeter. They have the Touch of Tomorrow. Each graceful contour says, "Let's go!"
 The style got smarter. With this new-look Ford you have a car that belongs anywhere! All Fairlane models look like hardtops.
 The value got greater... the price is still Ford-low.

*A Special 270-hp Thunderbird 312 Super V-8 engine available at extra cost. Also, an extra-high-performance Thunderbird 312 Super V-8 engine delivering up to 285 hp.

So now you know the magic of the '57 FORD!

... in West Texas

You can measure an oil well by its depth, by its production, or in any of a number of ways. But the real "measure" of an oil well is to be found in the jobs it creates, in the schools and highways it provides, in the stores, shops and industries it supports... in short, the real measure of an oil well is in the benefits it brings to all the people of an area. The West Texas Utilities Company, too, can be measured in the record it has made in helping the West Texas Oil Industry serve the people of West Texas.

Miss Jonny Dee Kindt Married at Ft. Belvoir, Va., on October 5th

The Fort Belvoir, Va., Chapel No. 3 was the scene of the wedding ceremony uniting Miss Jonny Dee Kindt and Marvin E. Tuinstra on October 5, 1956.

The bride is a daughter of M-Sgt. and Mrs. H. K. Kindt of Fort Belvoir and a niece of Mrs. Roy Shultz of Thalia and attended Crowell High School for two years. The groom is a son of Mr. and Mrs. Ed Tuinstra of Pipestone, Minn.

The double ring ceremony was read before a background of white gladioli and the nuptial music was played by the organist, Mrs. Patterson.

The bride, given in marriage by her father, wore a turquoise fitted suit with black and white accessories. Her corsage was a single white orchid. Her only adornment was a pair of silver earrings, a gift of the groom.

Miss Ann Preston of New Castle, Australia, attended as maid of honor. She wore a powder blue suit with black and white accessories and a pink carnation.

Charles Barnhart of Coffeyville, Kansas, served as best man. Mrs. Kindt, mother of the bride, wore a grey suit with black and pink accessories and a corsage of pink rosebuds.

Immediately following the wedding, a reception was held in the bride's home in Fort Belvoir. The couple made a short wedding trip to Natural Bridge, Va.

New Chevrolet Trucks to Go on Display Friday

Boasting three husky new V8 engines coupled with advances in safety, durability and performance, Chevrolet's 1957 trucks to be displayed at Borchardt Chevrolet Co. Friday, Oct. 19, rank as the most powerful and versatile the company has ever built.

The line ranges from pickups and sedan deliveries to giant tandems capable of performing on or off the highway, and has been expanded to an all-time high of 88 models on 22 different wheelbases.

Mette of the new vehicles was demonstrated last summer in a secret pre-announcement test up the punishing 1,523-mile Alcan Highway. Certified by officials of the American Automobile Association, six trucks representing a cross-section of the fleet negotiated the tortuous mountain route into the heart of Alaska in less than 45 hours, lopping off more than a day from the time required by vehicles that normally ply North America's fabled "last frontier."

Powering a cargo-laden two-ton model on the run was Chevrolet's new 175 horsepower Super Taskmaster V8, a 283-cubic inch engine which is pound-for-pound one of the most powerful truck V8s yet introduced.

Paired with this compact power

plant as standard equipment is the 195-horsepower Loadmaster V8 which packs 322-cubic-inch high-torque 322-cubic-inch called the Super Loadmaster, delivers 210 horsepower—a full horsepower higher than any previous Chevrolet truck.

Offered as standard equipment on the larger heavy-duty models is the 195-horsepower Loadmaster V8 introduced last year. Chevrolet offers a selection of engines on its 1957 truck line.

Teamed with Chevrolet's massive lineup of truck engines are eight truck transmissions, including an automatic drive virtually every model.
