V. A. McGinnis and Greek Davis left Tuesday for Ft. Worth. They expect to be gone about a week.

H. M. Ferrin and J. B. R. Fox and their wives spent last Friday with Sam Tate and family near Crowell.

Greek Davis and family attended church at Thalia Sunday and took dinner with Walter and Maud Johnson.

Mrs. Carrie Johnson and children of Hobart, Okla., are visiting Mrs. W.

Just to Remind Some and To Inform Others, We Make the Statement Below

We do not stock the finest Furniture made for few people in Foard County would buy it. But we are in touch with those who do carry it and can get it quickly if wanted.

We do carry a good dependable grade of furniture of all kinds, and buy it mostly from what is known as "The Big Six Lines," which means that six big furniture factories co-operate in loading into same car at a big saving to everyone concerned. By buying in such manner we save the cost to us and we pass it on. It helps us—we help our customers.

We know absolutely all the time that our prices are as low as any one's on the same class of goods. We will not buy low class goods at all just to make a price. We want our goods to give satisfaction, and as a rule nine-tenths of them prove satisfactory. The goods that we buy in less than car lots are bought that way by nearly every dealer. So our prices are always in line.

We solicit your patronage based absolutely on our ability to sell you on same basis as any other reliable dealer.

W. R. WOMACK
FURNITURE AND UNDERTAKER

L. Johnson and Mr. and Mrs. Tom Wayland.

D. M. Shultz and the families of Ray Pyle, W. M. and H. L. Shultz spent Sunday with Mr. and Mrs. C. D. Haney near Talmage.

J. E. Wadlow and family of Electra spent Sunday with John Davis and family. They were old friends and had not seen each other in 12 years.

Mr. Durham and family have moved from Mr. and Mrs. Tom Wayland's farm to Lat Johnson's place, Mr. Johnson having erected a new house on his place which they will occupy.

WEST RAYLAND NEWS
(By Special Correspondent)

Little Clara Belle Davidson has been on the sick list the past week.

Otha Murphey and wife are the proud parents of a new baby girl.

Owing to the pretty weather claying of the road is progressing rapidly.

Claude Lawhorn and family have moved to the house at the oil derrick.

Hubert McKinley has moved to the place recently vacated by Clyde McKinley.

Tom Wayland and wife of Ayersville spent Sunday with Jim Rogers and family.

Mrs. Wayland and family are here visiting their daughter, Mrs. Rogers, and family.

J. M. Adkins, wife and son, John, spent Sunday and Monday at Vernon visiting relatives.

Frank Tigres and family spent Sunday with Luther Ward and family of the Thalia vicinity.

Ernest Grimsly and family have moved to the Frank Long farm. They will live where Hubert McKinley lived last year.

Clyde McKinley has recently moved to the George Doty farm which Mr. Doty purchased from Cap Wheeler some time ago.

Ed Shannon, Wallace Scales and wife, Carrie Johnson and Charlie Wayland made a business trip to Crowell Monday.

Mr. Butler who formerly lived west of Crowell has moved his family to the J. M. Adkins farm which has just been vacated by W. O. Wood.

Kebe Short has recently fixed up the phone line, known as the old Rayland line, and will have boxes put up. The Rayland Garage has already installed its box.

Late one evening last week two

Mexicans passing W. O. Wood's cotton patch on the J. M. Adkins' farm decided they would take some cotton sacks that Mr. Wood had left. The sacks were not missed until next morning. Sheriff Campbell was notified and immediate search was begun. They were caught in the German community and taken to Crowell.

Sheriff's Sale
THE STATE OF TEXAS,
County of Foard.

Notice Is Hereby Given That by virtue of a certain execution issued out of the Honorable County Court of Foard County, of the 17th day of November, A. D. 1921, by Marie Harris-Burriss, clerk of said County Court, for the sum of eight hundred and one and 2/100 dollars less a credit of \$140.00 and costs of suit, under a certain judgment, in favor of Massie-Vernon Grocery Company in a certain cause in said Court, No. 230 and styled Massie-Vernon Grocery Company vs. W. L. Ricks, placed in my hands for service, I, L. D. Campbell as sheriff of Foard County, Texas, did, on the 17th day of November, A. D. 1921, levy on certain real estate, situated in Foard County, Texas, described as follows, to-wit: 125 acres of land, the same being out of the northwest part of section No. 2; certificate No. 17-21, M. E. P. & Ry. Co., and described as beginning at the N. W. corner of said section N. 2; thence south 872 1/2 varas to N. W. corner of a 100 acre tract in name of J. W. Bell; thence east 549.4 varas to N. E. corner said 100 acre tract; thence south 100 varas to stake for corner this tract; thence west 783 varas to place of beginning. Also on 160 acres the N. E. quarter of section No. 18, certificate No. 1-155, patented to F. E. Benham, assignee of J. H. Hayden, Nov. 23, 1912, by patent No. 258, Vol. 45 and deeded to W. L. Ricks by deed recorded in Vol. 40, page 299, deed records for Foard County, Texas, and levied upon as the property of W. L. Ricks, and that on the first Tuesday in February, A. D. 1922, the same being the 7th day of said month, at the court house door, of Foard County, in the city of Crowell, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said execution and this notice, I will sell said above described real estate at public vendue, for cash, to the highest bidder, as the property of said W. L. Ricks.

KODAK OWNERS—NOTICE
After February 1st, all kodak finishing will be cash in advance.—Clifton Studio.

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. . . I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E 85

Knox City Sanitarium

A nice quiet homelike place, where you can have the comforts of a home with the advantages of a light, sanitary, up-to-date operating room ready for any emergency. Under the care of the best of nurses with my careful personal attention.

T. S. EDWARDS, Surgeon.

Unfurnished rooms to rent to respectable people at the old Methodist church house. Apply for information at the Collins wagon yard. tf

Call Wright's Tailor Shop for your cleaning and pressing.

MARGARET NEWS

(By Special Correspondent)

C. E. Graham and family attended church in Crowell last Sunday.

I. W. Middlebrook was on the sick list last week with an attack of la grippe.

Mrs. Geo. Burress entertained a number of friends in her home Friday night.

Mrs. W. A. Dunn entertained a group of friends at her home Saturday night.

Mr. Logan Vantine and family of Quanah visited in the home of W. T. Dunn last Sunday.

John Boyd accompanied Bro. Hankins to his appointment at Wesley Chapel last Sunday.

D. M. Ferebee was over this week from Vernon looking after his farm interests in this community.

Miss Loraine Hankins was out of school last week on account of la grippe. Her friends gave her a surprise party Saturday night.

B. F. Dunn of Harper, Kan., who has been visiting with his brother, W. T. Dunn, left Sunday to visit his son before returning to his home.

Matthew Bledsoe and Dewey Russell returned to their claims in New Mexico last Monday. Raymond Ross accompanied them as far as Matador.

A fine little rain fell here Monday night. Although it was nothing like the amount needed, it will help to sustain the wheat till another will have time to come.

Russell Bryson moved his family from the Mahoney place to the Flesher place near Thulia last week. G. M. Sikes has moved his family to the place vacated by Bryson.

Uncle Jake Middlebrook, our progressive poultry dealer, calls attention to the fact that there was a mistake in last week's issue regarding his shipment of poultry. It was 1500 pounds instead of 15 pounds of poultry as was reported, and we wish to make this correction.

Reader! Better Glasses, Better Eyes
The human eye was intended to last as long as any part of the anatomy. The reason you see so many bad eyes is that they have abused them. You wouldn't use the doctor half so much if you were careful to live right.

The craze for patent medicines twenty-five years ago is the cause of so many incurable diseases of today. The road eye glass faker has ruined many eyes. Both he and the patent medicine charlatan have fattened on their brother's blood. Use your doctor when you need him, and take his advice. If your eyes are not just right, you know it. Don't buy spectacles as you would shoes. You don't know whether they are what you need. You might not need glasses at all. You might need your doctor. Your eye under the scrutiny of a man who knows will tell the story. Better consult a man who knows. It is safer and is far cheaper.

Dr. McGuire, the registered optometrist of Ballinger, Texas, will be in Crowell, Monday and Tuesday, Jan. 16 and 17, at Owl Drug Store. If you need glasses he will prescribe the right kind of glasses. If you need your doctor, he will tell you. Money don't buy integrity. You should have what you need, not glasses because some charlatan wants your money.

Remember the date, and see Dr. McGuire, the registered optometrist, for your eye troubles. Advt.

Lower Machine Prices

--a factor in the brighter outlook

Our 1922 reduced prices on farm machines are now in effect. They apply on practically our entire line of International Harvester grain, hay and corn harvesting machines, plows, tillage implements, seeding machines, etc.

In determining these prices, the Company has made a careful study of market and labor conditions and has based the new prices on the lowest possible raw material and production costs that can under the most favorable conditions be forecast for the season of 1922.

At these new prices no farmer can afford to postpone the purchase of needed machines, especially if his present equipment can not longer do the work satisfactorily and with economy. True economy consists not in using worn-out machines but in farming with the most efficient equipment available.

You will, of course, continue with that part of your present equipment which is in good order and satisfactory, but it is better economy to buy new machines than to repair or operate those that are too old to be efficient. It is also better economy to buy larger machines if the capacity of those you have is so small as to limit the returns from labor.

Our 1922 reduced prices will enable you to replace to your present and future advantage the old with efficient, modern machines. As Mr. J. R. Howard, President of the American Farm Bureau Federation, has said, "The farmer who needs additional machinery and equipment pays for it whether he buys it or not."

If you are interested in learning the new prices or in looking over any individual machine we are at your service.

Satterwhite Plans Move to Abolish Texas Senate and Cut House to 120 Members

Austin, Jan. 8.—Abolishment of the upper branch of the Texas Legislature and reduction of the membership of the House to not exceeding 120 is advocated by Lee Satterwhite, Representative from Potter County, who spent Saturday in Austin on legal business.

"I shall advocate such a measure at the next session of the Legislature," said Representative Satterwhite, "but it only can be accomplished by the adoption of an amendment to the Constitution or the framing of a new Constitution. I believe the time has come when we should do this and, at the next session of the Legislature, I shall introduce a resolution calling for a constitutional convention."

Representative Satterwhite is a candidate for renomination in the primary next July and so far he has no opposition. During the Thirty-seventh Legislature Satterwhite was chairman of the general appropriations committee.

"By abolishing the Senate and reducing the membership of the House," said Satterwhite, "I firmly believe that the State's business can be dispatched with alacrity and, at the same time, more efficiently. I would not favor the movement recently inaugurated at San Antonio to cut the membership of the House to forty, as I believe my plan better would serve the interests of the entire State."

To wipe out the Senate and reduce the House, Satterwhite indicated, would mean an increase in the per diem of the members.

As to a special session of the Legislature this year to deal with the financial situation of the penitentiary system, Representative Satterwhite said that he did not favor another session, he fears, unless Governor Neff makes satisfactory arrangements to deal with the situation, the Governor will be forced to assemble the lawmakers in another session.

BAPTIST CHURCH

At the Baptist church next Sunday and the following week.

Sunday School at 10 promptly. Supt. B. F. Ellis and his faithful teachers are now realizing on their efforts of the last several months, in that the school is growing in numbers and efficiency.

At 11 the pastor will preach from subject "Requirements for a Revival," II Cron. 7:14.

The Sunbeams meet at 2:15. That crowd of half hundred kiddies meeting every Sunday is a fine set, doing a telling work. Come. See.

7 o'clock song service of 20 minutes. At 7:20 pastor's subject will be "The Revival and what I may do to promote it."—Hab. 3:2 and Jas 1:27. These subjects are foundation work for a real revival in our church this year. Come let's put our hands and hearts to the task of winning our fellows to our Savior. Be prayer-meeting Wednesday eve. at 7:00.—Reporter.

Methodist Church Notice

Sunday School at 10 o'clock, M. S. Henry, Supt. Last week we fixed a goal at 200 and came very near reaching it last Sunday, 181 present. If next Sunday is a good day we expect to have our 200. Come and help us go over.

Preaching at 11 a. m. and 7 p. m. Subject for the morning hour, "The Unseen Forces." Evening hour, "The Anchor That Holds." We always have a splendid song service at the evening hour. Come and worship with us.

W. M. MURRELL, Pastor.

Studebaker

LIGHT-SIX

NOW \$1,045 F. O. B. Factory

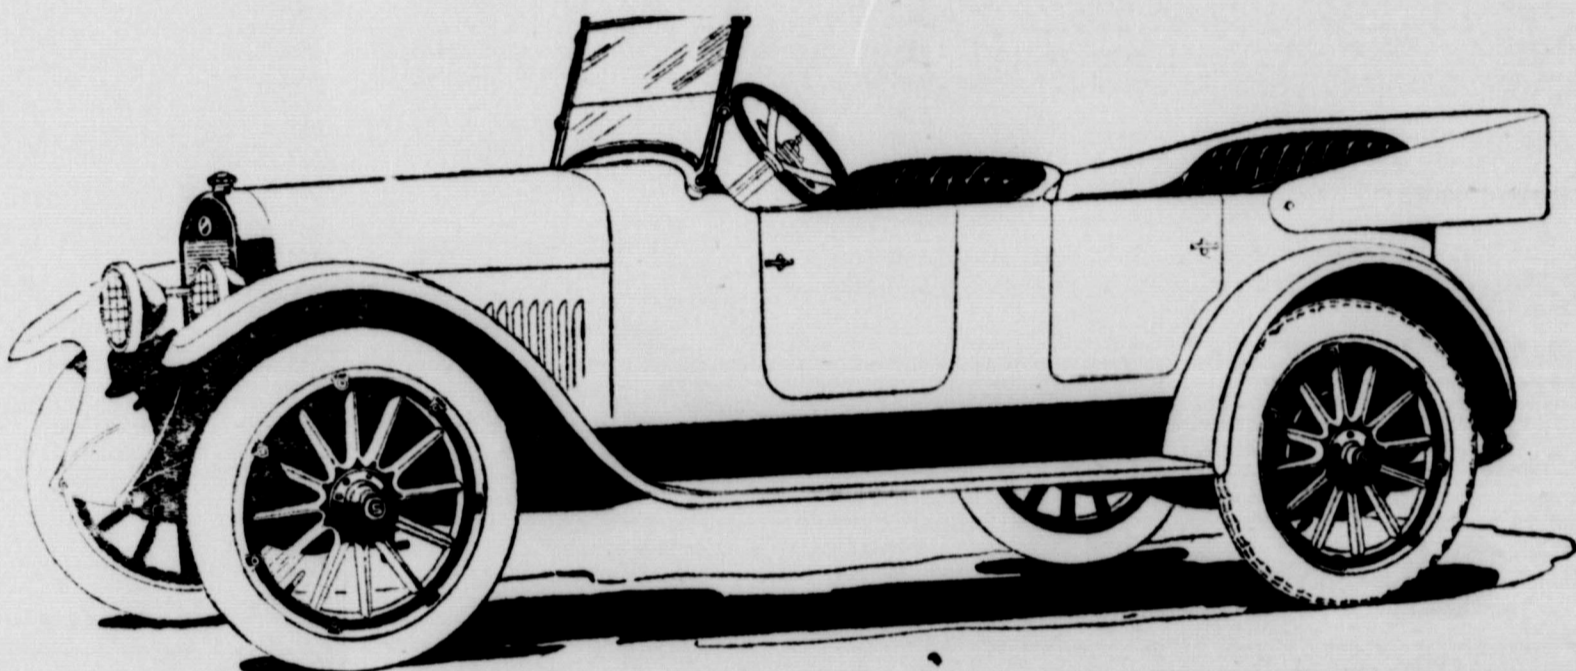

Only the Studebaker Method of Quantity Production Makes This Price Possible

The automobile is no different than any other commodity insofar as the factors that determine its purchase price are concerned. If there are a number of profit-taking middlemen strung out along the path between raw material and consumer, the price must, of necessity, be higher than it would be if it passed through only one hand and were forced to yield only one profit.

Studebaker makes its own drop forgings and castings, manufactures its

own motors, bodies, tops, frames, axles, transmissions and other vital parts. Middlemen and middlemen's profits have been practically eliminated. The Studebaker LIGHT-SIX as it is delivered to the buyer represents one standard of engineering, one standard of manufacture and one margin of profit.

Only under such manufacturing conditions would it be possible to produce a car of the known value of the LIGHT-SIX at its new low price.

THIS IS A STUDEBAKER YEAR

Doctors' Notice

Our collections have not been what they ought to have been compared with other business. We take this method of calling your attention to the fact that we regard our accounts as legitimate and need our money as badly as the bankers and merchants.

We want a settlement on our old accounts and in future want cash for obstetrics and office calls. Our charges are \$1.00 more in town and 50c per mile more in the country for night calls.

If you wish to change doctors you are expected to pay the one you have had first.

Charity patients will be attended as doctors have always done, but those who can pay others are expected to pay us.

For the information of all concerned we append herewith our schedule of fees.

Office consultation ...\$1.00 to \$10.00
Calls in town—Day.....\$3.00
Calls in town—Night.....\$4.00
Calls in country (mileage day) per mile\$1.00
Calls in country (mileage night) per mile\$1.50
Obstetrics, cash in every instance \$20

Week of Prayer

On Monday, Jan. 9th, the Baptist Ladies Auxiliary observed the week of prayer for foreign missions in all day service.

The morning service was devoted to the subject, "The Fruits of the Spirit," joy, peace, love, kindness, goodness, faith.

The afternoon session was given to study of different foreign fields. Mrs. Carter's story of the Roumanian Christian heroine was especially interesting, as were many others.

The entire program was carried out by those to whom the work had been assigned.

The meeting closed by giving in concert as a benediction our union watchword, "I can do all things through Christ which strengthens me."—Reporter.

RED RIVER CASE IS BEING BRIEFED

T. W. Gregory Working With Attorney General and Assistants

Austin, Texas, Jan. 9.—Former United States Attorney General T. W. Gregory arrived in Austin today and will remain until March 1 briefing the State's side of the Red River boundary case in connection with the Attorney General and special assistants, including Judge R. H. Ward, well known Texas lawyer.

Mr. Gregory said the brief will require a large amount of work, but that it will be ready in time to file with the court at the submission on March 6. He expressed the opinion that the State of Texas will win the case; that the expert testimony is as strong on one side as the other, being in direct conflict, but that Texas has all the best of it in the evidence as to local conditions, long and entire sovereignty and recognition of the river bank as the boundary line.

The Texas brief will be in two volumes, one a brief epitome of the controversial points, succinctly put, while the second will be an elaboration of the issues and necessarily large. It will be for ready reference by the court where a doubt arises on any of the points involved.

According to Mr. Gregory the immense volume of evidence has been reduced to some extent. The original record covered nearly 17,000 typewritten pages. Six thousand of those pages were recently reduced to narrative form covering 2,500 pages.

In addition to all of the testimony the record consists of some 500 maps and 300 photographs of scenes in the disputed territory. These make a huge carload and would take the court a year to study.

Still a Few of 'Em Left

A thin, sickly, little man entered one of the stores in one of our small towns recently and quietly seated himself on a convenient chair. One of the clerks approached and asked if he wished to purchase anything. "Oh, no," said the man. "I just dropped in for a few minutes." After half an hour had passed the manager of the store, becoming curious, approached him and asked what could be done for

him. "Why, nothing that I know of," said the man. "You see I have nervous prostration, and the doctor told me to stay in a quiet place. Noticing that you do not advertise I thought this would be about the quietest place I could find."—Thomas (Okla.) Tribune.

New Samples

We have just received our new Spring and Summer sample books from Rose & Co. and Edward E. Strause & Co., two of the leading tailoring houses. Every sample is new, not a single one has ever been shown before. We also have the very latest styles in coats to show you. Come in and let us take your order for a new Spring suit.

Don't forget we do cleaning and pressing the right way.

Wright's Tailor Shop

City Meat Market

Carries everything in the line of an up-to-date meat market, together with packing house meats such as Boiled Ham, Mince Ham, etc., except beef. Also carry Pure Hog Lard, the kind your mother used to make during hog-killing time. Come in for a fresh tender steak of beef or pork for dinner, or maybe it's pure hog sausage you want. If so the City Meat Market is the place to get it.

Eugene Castle of Dallas is here on account of the serious illness of his sister-in-law, Mrs. W. F. Carter. As soon as Mrs. Carter is able she will be removed to Fort Worth for a surgical operation.

Card of Thanks

I take this method of expressing my sincere thanks and appreciation to the good people of Crowell for their kindness shown Mrs. Emma Carter during her illness. I have only been able to meet a few of her many friends here, but will say I want to especially thank Mrs. H. L. Kimsey, Mrs. Reavis, Mrs. Inez Spencer, Mrs. Geo. Allison, Mrs. Ringgold and Bro. and Sister Murrell, for the good things they have done for her and little Gladys and the kind words which have been spoken to them of cheerfulness.
May God bless you all and that none will have to suffer the pain that she has suffered. You all will always be remembered by all of us.
EUGENE CASTLE.
1523 Bryan St., Dallas, Texas.

Card of Thanks

We wish to express to our friends and Dr. Kincaid our most sincere thanks and appreciation for their loyal and faithful assistance during the illness and death of our dear husband and father and grandfather. We thank you for the beautiful floral offerings made. May God bless each and every one of you, and when sorrow and disasters come into your life may loving hands minister to you as you have to us.

You can't fool the youngsters. They can always tell the difference between Kellogg's and the imitations!

Kellogg's Corn Flakes
snap up fussy appetites something wonderful!

No coaxing needed to tempt family folks and visitor folks to eat a plenty—not when there's a big pitcher of milk or cream and lots of Kellogg's Corn Flakes—and, maybe some handy fresh fruit—ready to tickle fickle palates!

Kellogg's are unlike any corn flakes ever ate! They're the original kind—they ought to be best! No other corn flakes are so deliciously flavored; no other corn flakes retain such wonder-crispness till eaten! And, Kellogg's are never leathery or tough or hard to eat!

Kellogg's are always a delight to serve—and a treat to eat at any meal! In fact, you'll never know how good corn flakes can be until you know KELLOGG'S! The difference is astounding!

Do more than ask for Corn Flakes—say KELLOGG'S CORN FLAKES! The kind in the RED and GREEN package!

KELLOGG'S Corn Flakes are made by the folks who gave you the JUNGLELAND Moving Pictures. Coupon inside every package of KELLOGG'S Corn Flakes explains how you can obtain another copy of JUNGLELAND.

VERSUS CREDIT

There isn't a doubt in the world but what a cash store can sell goods cheaper than a credit store. Since we have gone on cash basis we have cut our expense account half in two and we effect a saving of interest, on loss accounts, on insurance, on cash discounts, on goods bought, and we pass this saving along to those who buy from us. Then when you buy goods for cash that ends the transaction, no mistakes, no interest on your account, no goods on your account that belong to the other fellow, no misunderstandings, and last but not least, no worry because you cannot pay a debt that you want to and can't, because the family made it more than it should be and you really didn't know it. Why not pay cash for your goods, make a saving, be happy and have some money in the bank at the end of the year.

Cash Price		Credit Price		Cash Price		Credit Price
20 cents	Our best gingham	25 cents		\$7.50	Men's large Carlsbad hat, Velour	\$8.50
50 cents	Nine quarter Peperil sheeting	65 cents		\$19.50	Genuine shop made boots	\$22.50
20 cents	Hope Lonsdale Bleach, none better	25 cents		\$3.00	Coed Silk hose	\$3.50
\$5.00	Buster Brown shoes, sizes to sixes	\$5.50		\$29.50	Kirschbaum Suits	\$35.00

This is just to show you about how the credit store prices and a cash store prices run. Try us out Saturday and be convinced.

Ladies' Ready-to-Wear Sale

At invoicing time we found that we had entirely too much ready-to-wear. Our stock must still be reduced and to do this we must make some prices that will make you buy. Many lots of this ready-to-wear is spring styles and by buying now you can effect a saving on your spring purchases. Every article will be sold in this department at wholesale cost and many instances for less.

More roughage is the slogan that many municipal and state health boards would adopt to increase the efficiency of workers in their domains. Recent investigation on the relation of food to human efficiency have been made the subject of careful study both by dietitians working independently and also by boards of health and other health organizations.

Out of it all has come a mass of information to show certain defects in the diet habits of the average person.

Aside from the value of any specific list of foods, indisputable evidence has been secured to show that the roughage portion of the average diet has received too little attention in the past. In this class is a long list of foods such as spinach, leafy vegetables, fruits, bran and others, all of which, by their bulk and fibre content, have marked beneficial qualities. Of these bran is declared to be particularly acceptable because of its cheapness and ease of preparation.

It contains about 8 percent of mineral salts and is known to have favorable action on brain and nerve cells. It also contains phosphorus and calcium, and, physicians say, there is no danger from a too great supply in the diet.

Some state boards of health are taking a definite stand on the matter of a more efficient diet particularly as it effects general health habits.

Speaking on the matter of the substitution of roughage foods for drug cathartics, Dr. S. J. Crumbine, secretary of the Kansas State Board of Health recently, said: "I think it is very generally agreed that producing catharsis by drug action, if continued with any degree of regularity is harmful.

"Overcoming constipation by a proper selection of diet, including a liberal use of fruits, vegetables, and coarsely ground grains, including bran, is certainly more effective and without harmful results. There is scarcely any question but what the liberal use of bran in the diet will beneficially affect the most obstinate case of constipation."

At a recent discussion of the question of food and working efficiency it was stated that most persons are eating their way into untimely graves without knowing it, both by eating too much and by the use of foods that are not easily digested or that lack the requisite amount of cellulose. The summarized opinion was that everyone could increase his working efficiency by reducing the amount of his food and by adding to the diet fruits and bran.

An Open Daylight Letter to the Ku Klux Klan As Purporting to Exist in Childress County

In that your body claims to be invisible, I take this means of addressing you this open letter in answer to your scurrilous communication and open threat, that some cowardly being placed upon my desk after breaking into my office in the night time, and to the end that the better class of people of this community may know of your dastardly means and methods.

You say in your communication that "It is with regret that we are compelled to write to one of our most valuable and esteemed citizens in this language, but you have forced us to do so," and the reason you give is, in your communication, that I have "denounced the klan as boot-

leggers and highjackers." In this you have been misinformed. This is what I have said, and in order that there may be no mistake about it, I now reiterate it; that is, I say, "A bootlegger and highjacker is a Christian gentleman compared to the man who will buckle a gun on his person, wrap a clout about his face, and make a cowardly attack up any person in the nighttime. I will now add this further, that the man who deliberately breaks into any man's office in the nighttime for the purpose of leaving a scurrilous and threatening letter is too much of a coward to be even classed as an American citizen.

If this be at all derogatory to the "Invisible Empire," you may make the most of it, but you understand that this is spoken in daylight and advisedly after due meditation.

I cannot make up my mind that the better class of people are in sympathy with the conduct and characteristics of your Klan.

You say, "that I am a valuable and esteemed citizen," and I hope that is one truth that you have uttered, and I trust that during the thirty-five years I have been in this community and mingled with its people that I have won the esteem, or, at least, the goodwill, of some good people. It is a maxim "That it is better to have the goodwill of a dog than his ill will," but I am now lead to the conclusion that it would be better to have the ill will of any man or any set of men, who would, with arms and clouted faces, unlawfully make an assault upon me in the nighttime or, by dastardly, secret and devious means do me an injury, than to have even a kind word from such a poltroon.

It is said there are some good citizens who belong to this organization, if it may be dignified as such, but if the exposure, as made and carried in the public press recently was true (and it appears not to have been refuted), I am at a loss to understand how any good citizen who loves his country and its institutions, can uphold an organization sanctioning such methods.

It is stated that the oath taken to such an organization requires of its members that they not even divulge that they are members, but that all things done by it are so secret that it must be maintained as an "Invisible Empire," and are not even allowed to be divulged in a court of justice.

Think of it, you good citizens! Think of belonging to an organization that will require you, as a member thereof, to lie, even to committing perjury, if it becomes necessary, to avoid divulging the fact that you are a member.

The breaking down of the constitution and laws of a country is the rock upon which the ship of state for more constituted governments have been wrecked than any other, and if this policy is to prevail in this government the day is not far distant, when every man's rights will be subject to regulation according to the whims of his enemies, and anarchy will reign supreme.

The theory, as we gather it, upon which this organization is based is to enforce the infractions of law, that this self-constituted body says the law does not reach. This is a false theory. No law, and no principle of democratic government were ever enforced by cowardice.

Public opinion is the mirror that reflects all our acts. God Almighty, in His infinite judgment, created light that all might see, and darkness was created that evil deeds might be hidden. The duty of good citizens is to go in the daylight and proclaim the shortcomings and infractions as he may see them.

But they say to do that would create censure and maybe bloodshed. That might be true, but is it right that any man, who is not a physical and moral coward, should dread censure or be afraid if he be upholding a just cause?

You admonish me that "I shall keep my lips shut, regarding any transaction of the Ku Klux Klan," under a dire threat. When the time comes that I cannot speak my mind openly for or against any subject that I deem right, I am ready to lay down my work, and if the threat made by your communication should be carried out, I may do so; but I still have an abiding trust that some friend may still remain who will have courage enough to speak for the right and avenge any wrong done to me.

This is my answer and these are my sentiments, and you now have the way in which my lips will be closed.

I sign this with a feeling of the supremest contempt for the man who inspired the communication, the man who wrote it, and the poltroon who broke into my office and placed it off my desk in the nighttime.

If any of you want to answer this, do it to my face in the daylight, without clout on your face, or through the press, over your own name, and do not undertake to hide behind any character or organization,

General Farm Bureau Meeting to Be Held January 14, 1922

Every farmer in the county is urged to be present next Saturday afternoon at 2 o'clock at the District Court Room for the purpose of hearing the reports of the delegates which were sent to the Farm Bureau Convention.

This was one of the greatest Farmers' meetings that has ever been held in Texas, and if you wish to know of the progress that the Farm Bureau has made, and the condition of the organization you should be here.

There were six Foard County men who attended this meeting besides the delegates, and all of these men are going to tell you what their opinion is of the Farm Bureau and the Cotton Association.

The women of the county are extended a special invitation to attend this meeting. We have made arrangements for a prominent lady speaker to address this county meeting on "The Farm Bureau work as related to the farm women."

We also extend an invitation to everyone, whether a farmer or not. It will be worth your time.

J. B. RASBERRY,
County President.

American Legion News

Jim "Sailor" White, the strong man of the Navy, is in the habit of pulling loaded freight cars with his teeth and cracking railroad spikes between his thumb and forefinger. When he entered State headquarters of the American Legion, he offered to lift desks and things with one hand, he wanted to tear up radiators by their roots, he wanted to bash in the front of iron safes. He was out of a job, and his energy, with no outlet, was becoming terrific. The Legion succeeded in placing him—opening and closing doors in a club.

A national archives building in which would be assembled all the records of the World War is the aim of the American Legion's committee on memorials. A bronze tablet erected to a comrade who gives his life "in line of duty," upholding law and order, is a further recommendation of the committee.

Government nurses will not rank with "scrub maids" if a protest to the Senate made by John Thomas Taylor, of the legislative committee of the

Motorists

are often at the end of their wits to know where they can have the repair work on their cars properly done—how to avoid the absolute butchery that is so often inflicted upon cars by incompetent persons who hang out a sign and call themselves "motor mechanics."

This garage offers you the opportunity to have your repairs made in the proper manner by mechanics who DO KNOW THEIR BUSINESS and who have long since passed the experimental stage in motor mechanics.

You pay only for the actual time honestly consumed in the work.

E. SWAIM

American Legion, bears fruit. Taylor objects strenuously to the section of the pending re-classification bill which he says "will tend to lower the nursing profession in the eyes of the public."

Loans, without security and at a low rate of interest, will be provided for sick and wounded ex-service men by a big rotating fund, plans for which are being worked out at national headquarters of the American Legion. Ex-soldiers who do not need ready cash from Government compensation would contribute their bonus to the fund.

A thousand dollars, farm experience, and an agreeable wife are the requisites of an applicant for a tract on the state soldier land settlement project. The applicant's wife must signify her willingness to take up rustic pursuits, according to an announcement from American Legion headquarters. This is designed to preclude unsuccessful experiments.

All that the Veterans' Bureau has accomplished in hospitalization and rehabilitation of ex-soldiers will be wrecked if medical reserve officers are placed on a civilian status, according to John Thomas Taylor, vice-chairman of the American Legion's legislative committee, who is protect-

ing the recommendation of the Bureau of Efficiency. "Behind the recommendation is an attempt to make the treatment of the disabled man a football of politics," Taylor declares.

CALOMEL MAY TURN ON YOU NEXT TIME

Next Dose You Take May Salivate and Start World of Trouble

Calomel is mercury; quicksilver. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

A WORD TO THE WISE IS SUFFICIENT

IF YOUR CYLINDERS WERE GLASS—If you could look through the walls of your cylinders while your engine is running you would understand why "cheap" oils cause engines to wear out quickly. "Cheap" oils fail to provide lubrication because they are consumed by the intense heat before they get a chance to function! Don't buy "any" oil or "just-as-good" oil. When you use MOTUL, the "Scientific" motor oil, you know that you are getting a heat-resisting oil that will save your engine from destructive friction by keeping it properly lubricated.

BETWEEN YOUR ENGINE AND THE SCRAP HEAP. Standing like a bulwark between your engine and the junk pile, MOTUL Motor Oil is the best automobile insurance you can buy. Ordinary oils quickly break down under the heat of the cylinders, causing excessive carbon, badly worn piston rings and cylinder scoring. You sidestep these troubles when you use MOTUL. It gives your engine long life because it always maintains a film of lubricant between piston rings and cylinder wall. And by reason of its lasting qualities MOTUL represents actual oil economy.

LIKE ADDING AN EXTRA PAIR OF CYLINDERS. Until you have actually tried MOTUL Motor Oil you can't believe what a powerful "punch" it gives your engine. You'll feel just as if another pair of cylinders had been slipped under the hood. MOTUL gives you this extra "zip" because it has the right density to form a perfect "seal" on the compression and power strokes, thereby preventing power "leakage." MOTUL also prevents cylinder-scoring. Feed MOTUL to your engine and you give it longer life as well as more power.

GIVES YOU MORE HORSEPOWER. You get more horsepower out of your engine, when it is lubricated with MOTUL, because it has heat-resisting properties not possessed by ordinary oils. With MOTUL you always have a true "seal" on both strokes. Result—every drop of gasoline works at 100 percent efficiency. Saves your engine, too, by preventing wear on the rings and cylinders. And saves money because it lasts longer than ordinary oils.

STAYS ON THE GEARS IN THE HOTTEST WEATHER. When the thermometer gets up beyond the eighties, ordinary greases melt and run, leaving the gears without proper lubrication. Don't be satisfied with "any old grease" that is offered you, only to find later on that your gears are badly worn because the grease failed to function in hot weather. To be sure that your gears are protected against grinding wear and tear, pack your transmission and differential with GEARESE, the "scientific" gear grease that gives 100 per cent lubricating service under all temperature conditions.

NOT A SOUND IN THE OLD GEAR CASE! Noisy gears mean friction. And friction means wear. GEARESE instantly makes your gears noiseless and frictionless because it doesn't run and drip in summer nor cake in cold weather. No matter what the temperature, it maintains a lubricating film between the teeth, preventing metal-to-metal contact. Stop paying bills for gear replacements. GEARESE, the "Scientific" lubricant for transmission and differential," puts an end to destructive friction. Try a 5 lb. can and note the difference.

WE WILL GUARANTEE TO YOU that by using MOTUL Lubricating Oils in your tractor of the proper density your troubles in tractor lubrication will be over. Strictly quality products manufactured by Swan and Finch of New York, refiners for 75 years. Strictly 100 per cent Paraxine Base Crude. You will thank us for the service we will render.
