## "TEX-O-KAN" NAME OF NEW HIGHWAY

A large delegation of road boosters from Taylor, Jones, Haskell, Knox, Foard and Hardeman counties met at Quannah last Friday night with the view of perfecting and organization of these counties looking to the building of a north and south highway from Lincoln Highway south to San Antonio. The name Tex-O-Kan Highway was decided upon as most suitable for this highway, so that it will be known hereafter as the Tex-O-Kan Highway. It will be well for the people all along the proposed highway to get the name well established, and in speaking of it, call it by name, the Tex-O-Kan highway.

Speaking with reference to this meeting at Quannah, it is well to say that the Quannah people showed their accustomed hospitality in taking care of the delegation and in giving them a good time. This has always been characteristic of the Quannah people and it is one of the best advertisements of them as a set of wide-awake people.

The matter of road building was discussed in a sort of general way, each county speaking through its delegates, expressing itself as being ready to help put this highway into actual existence. The fact is, there seems to be nothing in the way. Hardeman, Foard, Knox, Haskell and Jones counties are all enthusiastic over the matter and are ready to do whatever is required to make this north and south road a real highway. It was well that some of the Oklahoma road builders were present, among whom was J. A. Walker of Altus, who was elected President of the highway. Those people in Oklahoma have done more actual road building than we, in this part of Texas, have ever dreamed of as a remote probability here and they gave us the benefit of their knowledge and experience along this line, which we count as valuable.

It is well for the people on this proposed line to know that we have a probable competitive line through by Childress, but we have the logical route and can get this highway if we will go to work and do our part towards getting it in shape. Then, it is probable that this will be made a military route into Mexico. We can not consider the proposition without becoming enthused over it. Now is our opportunity to get something worth while. Let's go after it.

## RECENT DEATHS

Jim French, who had been a sufferer from tuberculosis for 2 or 3 years, died at his home six miles southeast of Crowell Friday morning and was buried in the Thalia cemetery Saturday. Mr. French had been practically raised in this county and in the country near Thalia, and until he was seized by this dreaded disease, was a strong and hardworking farmer. He is survived by a wife and children.

Wesley Woods of Thalia died at the sanitarium here Sunday. He had been brought to the sanitarium for treatment for appendicitis on Saturday, having taken sick Saturday morning, but his case developed very rapidly and would not yield to medical treatment and he died about four o'clock Sunday afternoon. The body was removed to Thalia Sunday afternoon and buried in the Thalia cemetery Monday. Mr. Woods was once a resident of Crowell and has many friends here. He is survived by his wife and four children, father and Rob Woods, his brother who lives at Accher City.

Jacob Stinebaugh, an aged man of seventy years, died Saturday at the home of his son in the Cottonwood community. His remains were shipped to Walnut Springs for interment.

## REVIVAL CLOSURE

The two-weeks' revival at the Methodist church closed Sunday night. It is the report of all who attended these meetings that they were excellent and very helpful. The people of the other denominations assisted at least to the extent of a fair attendance and have words of hearty endorsement for the things the preacher had to say. In a very large sense it has been a co-operative meeting, and many regret its close.

## TO MAKE TRIP IN CAR

Mr. and Mrs. Frank Hill left Sunday for an extended visit with relatives in Ft. Worth, Gilmer and Shreveport. They will make the entire trip in their car and wish them a very pleasant and safe journey.

## WILL PUT DOWN WELL

R. B. Edwards, now building a \$7,000 home in this city, says he is going to put in a well and windmill to furnish water for domestic purposes. He thinks he can get a good flow of water that will be worth all it costs him. In connection with this item the News wishes to insist on others doing likewise. It is well known that the people of this town have always thought that suitable water could not be found for domestic purposes in large quantities, but we are beginning to think that this is an erroneous idea, just as the proposition of agriculture was once thought to be out of the question. The fact is there are many very good wells in town and in the country about Crowell, and it has been only a short time ago when the general belief was that it would be foolish idea to try to get good water here. Consequently the cistern has come into general use. But the cistern sometimes goes dry and then we are out of water. Whether or not well water can be found good enough for domestic purposes generally, it can be had in sufficient quantities and of suitable character for watering lawns and trees, and for that alone a good well would be well worth all it costs, and more.

Then, besides, all those who are interested in a system of waterworks for Crowell might hasten that very essential thing demonstrating to our people that there is such thing as well water here and that its use only awaits the touch of collective enterprise. We need to get out of the ruts, and any means of getting us out will be justified by the end. The proposition is this? If a few men can develop water from wells for domestic use there is reason to believe that the city can develop waterworks for the city. There are others in Crowell talking along the same line. Go after it and be not discouraged by those who are always present to say, "You'll never do it."

## HAIL DOES DAMAGE

The rain Sunday evening in the Good Creek community was accompanied with a heavy hail in portions of that community which did quite a good deal of damage. Fortunately, however, it was confined to a narrow scope of territory. The rain in part of that locality was also very heavy, and several of the folks from town who had gone out for an auto drive encountered mud and high water so great as to cause delay of several hours in returning home, and some of them even were forced to call for aid from the garage at Crowell. If the rain had been general we could all have rejoiced with them in their misfortune, but it looked bad that they had to have so much trouble over a little thing like that, therefore our tenderest sympathy is most heartily extended. The names of those who had said trouble were—they can be secured from C. E. Thacker or Arthur Vernon.

## FORD GARAGE OPENED

Self & Sons opened their Ford Garage Tuesday with D. P. Yoder as manager of the mechanical part of the business and R. W. Self will have general supervision of the business. The building, a 50x140 foot brick structure, fronts California street west of the Thacker building on Main street, and will be primarily the home of the Ford car. Some special machinery has been purchased with which to equip this garage and all Ford accessories will be handled, so that with this equipment and with employment of a skilled mechanic, such as Mr. Yoder, who has had 15 years of actual experience in this kind of skilled work, the new garage will be in position almost to make a Ford car, as well as to do repair work on any other make of car. This is a valuable addition to the list of Crowell's business establishments.

On another page of this issue will be found further announcements in an ad by Self & Sons.

W. H. Grimm and wife and seven children from Guyton, Okla., are visiting Mrs. Grimm's father and mother, Mr. and Mrs. J. W. Wesley, at Margaret. Mrs. Wesley having been visiting Mrs. Grimm, returned with them.

Jim Bomar was in Vernon Saturday night.

One of ye scribes and his family made a visit to Vernon Friday, returning Sunday, and particular note was taken of crop conditions along the way, with the result that by comparison with those of our neighboring county, ours suffer very much. But it is noticeable that our crops are much later, seemingly, than those of Wilbarger. The early corn crop in that county is already gone.

## BOY SERIOUSLY CUT BY DISC PLOW

Gordon Gribble, 14-year old son of Mr. and Mrs. Jim Gribble, happened to a very serious accident Saturday while he was discing land. He was driving six horses to a disc when one of them, a young and rather wild animal, became frightened and started to run. This caused the others to run and the team soon became unmanageable. So the boy saw that if he should be thrown from the disc he would likely be cut to pieces, so he took chances on leaping from the plow and getting out of its way in time to save himself from hurt. He lacked only a few inches of making a safe leap as he was caught by the heel and cut severely. The leaders were cut and part of the bone chipped out. When assistance arrived the boy was in a very serious condition, but medical aid was summoned as soon as possible and the wound was dressed and while he suffered agonizing pain, he is reported to be getting along very well.

## THALIA WILL HAVE BANK

The News is not authorized to publish anything definitely relative to the establishment of a bank at Thalia, but the information is at hand that steps are to be taken in the near future looking to that end. There has been talk of putting in a bank at Thalia for some time, and since the town has been largely rebuilt and since new businesses have gone in since the fire several months ago this matter has been taken up again with new interest. It is regarded as a very much needed institution, and it will be a great help to the Thalia community.

## DROUGHTS AND FLOODS

We have always noticed that as a rule people are never worried about dry weather at the beginning of a drought. They always get impatient the nearer the time approaches for it to rain.—Foard County News.

It is just that way. On the other hand, folks are never uneasy over a flood in its first stages—they always wait until the water is about ready to recede. This line of thought may be utilized at this moment to remind all Texans who have suffered from drought this year that there are worse things than dry weather. Wet weather, for instance. During a drought the farm buildings, fences, post holes and fruit trees stay put, but in a flood the houses, fences, trees and post holes may be destroyed—along with the crops, pigs and poultry. In the "old states," where a three weeks' dry spell is considered next door to a miracle, there come floods which are exceedingly destructive. They wash entire farms away, drown calves, wreck bridges and drive the sons of men to the tree tops. Any family which permits itself to become demoralized and pessimistic over a little old drought of six months or a year's duration doesn't appreciate the blessing a drought may be in comparison with an overflow. Texas and all parts of the West were in the beginning largely settled by people who fled from freshets. A disgusted denizen of one of the Atlantic States was once moving his family to the West, and encountered a real estate agent en route. "Friend," said the real estate, "here's the place for you to buy your home—if you go any farther you'll get into the drouthy country." "Stranger," replied the sturdy immigrant, "drouths is what I'm looking for; durn a country where you have to keep a canoe hitched to your front porch and your milch cow upstairs."—Dallas News.

## HOME BURNED SUNDAY

The home of A. L. Anderson about six miles north of town on the Quannah road burned Sunday afternoon about six o'clock. The family was away from home and the origin of the fire is unknown. Mr. Anderson had a small amount of insurance, about \$400. The house with its contents, amounting to something like a thousand dollars, was total loss.

Editors L. B. Hammock of the Southwestern Journal at Knox City and Sam Roberts of Haskell made the News office a call as they passed through town Friday with the delegates to the road meeting at Quannah.

J. H. McDaniel of Foard City became a new subscriber to the News Tuesday, for which we are thankful. We are always glad to see our list of readers growing, especially when it is among the substantial men of the county.

## THE CROWELL FARM LOAN ASSOCIATION

Mr. S. P. Smith, the land appraiser for The Federal Land Bank of Houston, was here on the 10th and 11th, and appraised the land on which we had applications for loans of \$72,150.00. He seemed well pleased with our association and the country generally but said we had our values placed too high.

I will try to explain briefly, the practical workings of the National Farm Loan Association. The purpose of the law is to aid the farmers to get cheap money and help them acquire and own homes. The rate of interest is only 5 per cent.

Persons owning 200 acres or less, on which they owe nothing, cannot borrow on this land for any purpose but if he should owe on the land he can then borrow what he owes (for its payment) or up to one-half the actual cash value of the land. This loan is secured by first lien on the land.

Farmers only, can borrow in this association. Farmers are those who cultivate the land themselves or hire it done. Land lords are not eligible for loans. Stock growers are construed as farmers.

The loans are made from five to forty years at five per cent. The person borrowing has the option of paying the loan on any interest pay date after five years. All loans are made by the amortization plan. That is the amount you pay is the same for each year and when the time is out, if you have made the payments regularly, loan is all paid. To illustrate, say you borrow \$1,000 for forty years, your payments would be \$58.28 each year for forty years.

All persons borrowing are members of the local Loan Association and the membership ceases when the loan is paid off. All those borrowing have to take five per cent of the loan in stock in The Federal Land Bank of Houston. This makes the local association more responsible and cohesive and also serves as a kind of whip to make the local association collect the moneys due.

Some one wished to know where all this money comes from. Bonds are made with these land mortgages as security, and sold to the investing public. These bonds draw 4 1/2 per cent. The bonds sell very readily at par. I am informed there are applications for bonds on file at Houston for more than \$12,000,000. The difference, one-half of one per cent, is for the expenses at Washington, Houston and for the land appraisers, etc.

Bear in mind this is a co-operative association and we have to bear our own local expenses. The expense of making a loan is borne by the person seeking the loan, other than the expense of the abstract which should not cost more than about one-half of one per cent, or \$5.00 per \$1000 loan. Certainly it will not cost over three-fourths of one per cent.

If you wish a loan do not wait too long to apply as it takes about three months to complete it before you get the money. Also do not rate your land too high as the actual present cash value only is considered. Please remember that I do not get one cent commission for making loans, so do not expect me to go to see you about it but you come to see me. If you wish to know why I am working at this, since I get no commissions, will say that 5 per cent money is mighty cheap money for this country and it will save many thousand dollars to the county each year.

\$10,000.00 is the limit for one person. Borrowing money, when it can be avoided, is bad business but if you have to borrow, it is your privilege and duty to get it as cheaply as possible.

W. A. COGDELL,  
Sec.-Treas.

## SAYS CROPS COMPARATIVELY GOOD

Sheriff L. D. Campbell returned Sunday from a business trip by way of Sweetwater and Big Springs to Lamesa. He says the drought has apparently ruined those people in the Lamesa country. Men who had gone to that country and bought land and implements and built homes had been forced to leave and go to other places and work for wages. It seems to have been the worst drought in the history of that whole country. He says crops in this county look good by the side of anything he saw on the trip.

## INTIMATES SUBMARINE PROBLEM IS SOLVED

New York, July 15.—There are broad intimations that Thomas A. Edison, the famous wizard, has solved the submarine problem, the best intimation coming from Edison himself, who announced yesterday that "we now have all the rebellious elements under control." He also told visitors yesterday that he would always remember the date as being "contemporaneous with the time when we removed the last jink from the record."

Three days ago a high Government official said that Edison had just completed a task that would make him the greatest man in the world. There is also some speculation in this respect over the anxiety of the Westons house people to secure a thousand experienced workmen who will agree to be locked up in the factory, working on war munitions, for a period of ten months, this precaution being necessary to guard a military and munitions secret of the greatest value.

Today's advices from Germany would also indicate that the spy system is working well and that the German junkers have heard something that has greatly disturbed their equanimity.

## O'Tool and Mac Finnegan

The following verse was composed and fitted to the tune of an Irish song by J. W. Wesley of Margaret and submitted to the News for publication several weeks ago, but the manuscript having been written and a portion of the words being of Irish dialect, the copy was a little difficult to read. So we decided to wait and have Uncle John come in and interpret it for us. The song follows:

Two Irishmen out of employ,  
And out at the elbows as aisely  
Adrift in a grocery store,  
Were shmoking and taking it laizely.  
Shure the wan was a brath of a boy,  
His nose, it turned out and turned  
In agin;

His name, it was Patrick O'Tool  
And the other was Mr. Mac Finnegan.

## Chorus

"Shure I think of enlisting," says pat,  
"For now do you mind what o'clock it is,  
There is nothing a doing at all  
But drinking at Mrs. O'Dockerty's.  
It is not until after the war  
That bushness times will begin agin,  
And foighting's the juty of all."

"Now, you're right," says Mr. Mac Finnegan.

"Bad luck to them Dutchmen, says Pat  
"For kicking up all of this bohery,  
And call themselves gentlemen, too,  
While practicing murder and robbery  
Now, it's gentale for to stale  
And take all your creditors in agin,  
O'm glad O'm no gentleman born"  
"Now, you're right," says Mac Finnegan.

Just moind what the Dutch are about,  
A-sinking our ships wid their submarines,  
And all of their spies over here  
A-blowing our bushness to smithereines.

Now while England is mixed in the war,  
Bejabbers, it makes me head spin agin;  
Culd Ireland will have such a chance  
"Don't spake of the thing," says Mac Finnegan.

Then here's to the stripes and the stars,  
And the Divel take all who would  
bother 'em;  
The Kaiser is a nager so black,  
That the Divel himself must have  
fathered him.

And here's to the volunteers,  
For now they are bound to go in agin  
It's their country's rescue they're at  
"And I will go with them," says Mac Finnegan.

## Chorus

Whack fallantery-lee  
Whack fallantery-ladidee,  
Whack fallantery-lee,  
And ristolderlerle-dadade.

## BOUGHT SHOE SHOP

M. O'Connell has bought the shoe shop formerly owned by J. A. Goff and has employed W. B. Ward, a first-class workman, and we predict for the new management a good business.

## OFF ON VACATION

Tom Haggard and wife left at noon Wednesday in their car for Stamford and from there they will go to Dublin and other points visiting relatives and having a good time. They expect to be gone about twenty days.

O. B. Warden who has been employed in the Wallace & Bruce Barber Shop for some time left early in the week for Amarillo where he expects to make his home.

## MORE BIG RAINS FOR FOARD COUNTY

Foard County has again been blessed with a good soaking rain, which seems to have been general. Sunday afternoon and night we had 20 inches of rain, Tuesday and Tuesday night 30, and Thursday morning 1.00, a total of 150 inches within the week. These rains have been distributed in a way to greatly benefit the young crops, and the farmers generally are feeling good over the splendid prospects.

Before the rains feed, especially, was beginning to look like it could not make anything, but these fine rains will bring it out. One thing favoring the crops is the fact that they are generally late, and have not been so badly injured by the drought as have the early crops. The only crops which we have seen that is entirely ruin is the early corn crop. Fortunately for the farmers of this county there is practically no early corn, and all the crops are late.

Besides the benefit these rains will be to the growing crops, they will greatly improve the range for stock. Some of the stockmen have been looking out for range in other states, expecting to have to ship out their cattle.

## NO ENCOURAGEMENT IN HOLLOWEG'S DOWNFALL

WASHINGTON, July 16.—The resignation of Chancellor Holloweg made a deep impression in government and diplomatic circles here. No comment was forthcoming from officials.

Of Dr. Michaelis, successor to Holloweg, little is known. That the kaiser will come out of his present predicament with his hand still on the reins of junkerism, was freely predicted. Officials and allied diplomats see nothing encouraging in the fall of Holloweg.

However, the real significance of his resignation may not be determined for some days.

No thought is held that Germany's present disturbances is the end—or even the beginning of the end.

The single hope entertained here is that this upheaval may lead to others more important and far-reaching—a revolution in which the German folk will rise and dethrone the kaiser.

## A FAMILY REUNION

A family reunion and picnic was held by the family of J. W. Wesley on Mule Creek Monday. All the children were present except one. Uncle John speaks proudly of his 21 grandchildren who were present and who romped up and down the creek fishing and having a good time. The party caught a large quantity of fish, and a big fry was the crowning event of the day.

## T. A. TAGGART ON STATE EXAMINING BOARD

While T. A. Taggart was visiting in Saint Jo this week he received a message that he was appointed a member of the State Examining Board at Austin. He left immediately for the Capitol. Prof. Taggart has held this position for a number of summers.

## RED CROSS MEETING

A meeting of the Red Cross Auxiliary was held at the Christian church Wednesday afternoon at which meeting, work to be done by this organization, was mapped out. Miss Stokes, trained nurse of Quannah was expected to be present but owing to the fact that the river was up she could not get here. Quite a number of ladies were here from Margaret. They will do their Red Cross work with the Crowell Auxiliary.

## MARRIED

Mr. A. L. Johnson and Mrs. Martha Stephens were married Wednesday by County Judge G. L. Burk. Both the bride and the groom are well known here, having been residents of Crowell for several years. Mr. Johnson is a prominent business man in Crowell, having been engaged in the feed business for two or three years. Their friends extend congratulations and best wishes.

## FINE HOME NEARING COMPLETION

Arthur Bell's new country home, a \$5,000 residence and one of the finest in the county, is nearing completion on his farm southwest of town. When this home is completed it will be a very desirable one, since it is modern in every particular and is situated in one of the best farming sections of the county.

Does your motor knock when you pull it hard? Every particle of carbon can be removed quickly from your motor without taking it down, by the oxygen process. It saves you time and money and makes your motor run better. It takes the carbon knock out of the motor and makes it quick and powerful. It is not expensive.—D. P. Yoder.

### Gold Leaf.

There appears to be some mystery about the origin of gold leaf. It is found, for example, in connection with the most ancient known mummies, having been used for covering teeth, tongue, skin, etc. Sometimes it is also found on the collars. Gold leaf was also used on the tombs and monuments of ancient Egypt. The process of making gold leaf has thus been known since the eighth century B. C. In the eleventh century it seems to have attained as high a degree of perfection as today. The gold leaf of some ancient Grecian pottery, indeed, is as thin as that now made.

### Going Back to Georgia

Tom Townsend was in town Tuesday selling a lot of bacon which he had raised in Georgia before he and his family came to Foard county last spring. Tom said he was intending to leave for Young Harris, Ga., Thursday of this week. He likes Foard county mighty well, it seems, but his folks are not contented and are longing for the old hills. So.

### Plant Strength.

Plant strength is wonderful. If the roots of the delicate maidenhair fern have not sufficient room they will break the pot in which the plant grows. Blades of grass will force the curbstones between which they spring up out of their place, and in a single night a crop of small mushrooms has been known to lift a large stone. Indeed, plants are on record as having broken the hardest rocks. The island of Aldabra, to the northwest of Madagascar, is becoming smaller through the action of the mangroves that grow along the foot of the cliffs. They eat their way into the rock in all directions, and into the gaps thus formed the waves force their way. In time they will probably reduce the island to pieces.—Scientific American.

### SPECIAL ELECTION NOTICE

Pursuant to an order issued by the Commissioners' court of Foard county, notice is hereby given that a Special Election will be held on Tuesday, the 21st day of August A. D. 1917, at all Election Precincts in Foard County, Texas, for the purpose of voting upon the following proposed Amendments to the Constitution, to-wit:

"For the Amendment of Article 16, of the Constitution of the State of Texas, providing for Conservation Districts, the creation of such Districts and their government and regulation."

"Against the Amendment of Article 16, of the Constitution of the State of Texas, providing for Conservation Districts, the creation of such Districts and their government and regulation."

Foard County, Texas.

### CALOMEL DYNAMITES

**A SLUGGISH LIVER  
Crashes into sour bile, making  
you sick and you lose  
a day's work.**

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasing and safe to give to children; they like it. 13

### Citation by Publication THE STATE OF TEXAS.

To the Sheriff or any Constable of Foard County—Greeting:

You are hereby commanded to summon Angus Colquhoun, W. T. McArthur, Walter T. McArthur, Thomas B. Colquhoun, Mary Ann F. Moses, Edith M. Carter, Victoria McArthur, A. A. McArthur, D. S. McArthur, Douglas S. McArthur, Addison A. McArthur, Willis Carter, Edith M. Colquhoun, Mary Ann Colquhoun, and E. M. Carter, and the unknown heirs of said Angus Colquhoun, W. T. McArthur, Walter T. McArthur, Thos. B. Colquhoun, Mary Ann F. Moses, Edith M. Carter, Victoria McArthur, A. A. McArthur, D. S. McArthur, Douglas S. McArthur, Addison A. McArthur, Willis Carter, Edith M. Colquhoun, Mary Ann Colquhoun and E. M. Carter, by making publication of this citation once in each week for eight consecutive weeks previous to the return day hereof, in some newspaper published in your County; to appear at the next regular term of the District Court of Foard County, Texas, to be held at the Court House thereof, in Crowell on the eight Monday after the first Monday in September, A. D. 1917, the same being the 29th day of October, A. D. 1917, then and there to answer a petition filed in said Court on the 20th day of April, A. D. 1917, in a suit numbered on the docket of said Court, No. 1935, wherein J. J. Perkins is plaintiff, and Angus Colquhoun, W. T. McArthur, Walter T. McArthur, Thos. B. Colquhoun, Mary Ann F. Moses, Edith M. Carter, Victoria McArthur, A. A. McArthur, D. S. McArthur, Addison A. McArthur, Willis Carter, Edith M. Colquhoun, Mary Ann Colquhoun, and E. M. Carter, are defendants, and the cause of action being alleged as follows:

That plaintiff resides in Wichita County Texas, and that the residence of each and all of said defendants are wholly unknown to the plaintiff.

That plaintiff is the owner in fee simple of the whole of the Angus Colquhoun Survey of land situated in Foard County, Texas, and consisting of 520 1/2 acres, patented to Angus Colquhoun by Patent No. 228, Vol. 16, dated Nov. 23, 1881, located by virtue of duplicate U. S. Certificate No. 32-207, issued by the Comr. of General Land Office Sept. 28, 1874, (described by metes and bounds in plaintiff's original petition).

That plaintiff was seized and possessed of all of said lands or was entitled to the possession of the same at the several dates hereinafter alleged. That defendants unlawfully entered upon the possession of said lands on or about Jan. 1st, 1917, and by force of arms dispossessed the plaintiff of same, and withholds possession of same, and are asserting some kind of interest in said lands, and which claims cast a cloud upon the title of this plaintiff to said lands.

Plaintiff says that he and those whose estates he owns, have been in the peaceable and adverse possession of said lands, cultivating, using and enjoying the same for more than ten years next before Jan. 1st, 1917.

Plaintiff further says that he and those whose estate he owns, have been in the peaceable and adverse possession of said lands, cultivating, using and enjoying the same, and claiming same under deed or deeds duly registered, for more than five years next before the first day of January, 1917, and have also paid all taxes on said lands for more than said five years next before said date. Wherefore plaintiff prays that said defendants be cited as required by law to answer this petition, and that upon a trial of said cause, that plaintiff have judgment for the title and possession of said lands, and that all clouds cast upon the right of the plaintiff to own and possess said lands be removed and cancelled, and that he be quieted in the title and possession of same, and that he be awarded all necessary writs of possession, and for all other and further relief, in law or equity, both general and special, that he may show himself entitled to the trial hereof.

Herein Fail not, but have you before said court, on said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at my office in Crowell, Texas, this 20th day of April, A. D. 1917.

### THE NEWEST REMEDY FOR Backache, Rheumatism and Dropsy.

KIDNEY, BLADDER and URIC ACID troubles bring misery to many. When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depression, aches, and pains, heaviness, drowsiness, irritability, headaches, chilliness and rheumatism. In some people there are sharp pains in the back and loins, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and joints, it causes lumbago, rheumatism, gout or sciatica. Write Dr. Pierce at once, Send 10c. for large trial pkg. "Anurie." During digestion uric acid is absorbed into the system from meat eaten, and even from some vegetables. The poor kidneys get tired and backache begins. This is a good time to take "Anurie," the new discovery of Dr. Pierce for kidney trouble and backache. 50c. at druggists.

CROWELL, TEXAS, JULY 20, 1917

Foard County has always given the working man a chance, but it's a poor pace for the sluggard.

If there is a nigger in the West Texas A. & M. woodpile he will stay there until he starves if the Governor don't let him out.

A reader writes in to know what "I. W. W." means. Why, that is the abbreviation for the society known as the I Won't Workers of the World. Satisfactory?

It might be wise for the Russians to "go a 'leettle' slow" about taking German prisoners, they might get so many on their hands that they could not feed them.

So long as Germany could draw from Uncle Sam's storehouse of provisions through neutrals her resources were said to be unlimited. That is going to cease. In other words, Uncle Sam proposes to inflict a very painful wound on Germany by cutting her rations off.

There is one thing that has always been a mystery to us, and we want some one to give us an explanation. When the ground gets thoroughly wet by long continued rains the world seems to be full of frogs. Does it rain frogs? If not why don't they make the same noise during the dry weather?

We have written three reports of the rains this week and every time we set it up we have to change the report. Down to this minute, Thursday noon, we have had in the neighborhood of two inches of rain and it is still pouring down. We are going to let it go at that if it rains the bottom out.

Foard County has now been blessed with great rains and there is every indication that good crops will be made. Cotton has suffered very little and feed stuff will come mighty fast now. If there are those who have been "down in the mouth" let them take courage. Foard County is all right and always has been. It's a fact.

The embargo on food may open the eyes of all the world as to the position the United States occupies in furnishing absolute necessities of life. It is not an easy matter to get along without bread, and since Uncle Sam announces that his folks will need all the bread he has this year the hungry war dogs will annoy him with their howls until they are all killed.

It is up to Hardeman, Foard, Knox, Haskell, Jones and Taylor counties to make the Tex-O-Kan Highway a reality. We can not afford to let this road go through any other portion of the Panhandle. Let's get busy on this proposition and connect up with the outside world. This highway will be worth more to this section of the State than a trunk line railroad. Remember it's the Tex-O-Kan we are after.

The announcement that Thos. A. Edison has invented "something" with which to successfully combat the submarines will be accepted with greater faith since it comes, or is reported to have come, directly from Edison himself. But whether or not he has perfected such an invention the al-

ready reasonably effective means of combatting them will not likely be abandoned. There will be enough submarines left for a test of Mr. Edison's apparatus.

People are prone to express themselves in superlatives. We notice this especially with reference to the dry weather we have had this summer. This has been a dryer summer, generally speaking all over the state, but not dryer than many others. Yet you hear people say, "This is the driest year I ever saw." And these same persons have always said the same thing. If what they say is true, the annual rainfall has diminished ever since they began to talk and things have gotten worse all the time. It is a wonder they have not dried up and blown away. The fact is, a dry year is just a repetition of history just as a wet year is a repetition of history, and no general calamity has ever befallen the people of this section or the state by reason of either of these extremes. People merely have to adjust themselves to the conditions and they come out just as easy as when things are what we call prosperous.

**LETTER FROM CAMP FUNSTON**

Camp Funston, July 16, 1917.

A sigh of relief went up from the camp Saturday morning when Col. Martin, the senior instructor, announced that the "Benzine Board" had about completed its work of elimination of men considered unsuited to the military game. For about ten days no one has felt safe. We were drilling in ranks, leading units, or accomplishing various tasks assigned us while conscious of the fact that a half dozen officers were searching our every move for an error to tabulate as a "skin" against our record. And we are thoroughly convinced that even a general would feel uneasiness in such circumstances as these.

In order that the instructors might be able to make up their minds as to the fitness of all men under their supervision, a great many assignments of individual work was necessary and a large number of conferences were held. One man of rather small physical stature, about whose commanding ability the captain seemed to be in doubt, replied to the suggestion that he had not shown very much genius in giving an order for a battalion in attack, as follows: "Well, Captain if I knew the duties of a major thoroughly I wouldn't be here trying to qualify as a second lieutenant in the Reserve Corps." Needless to say he is still here and will doubtless be recommended for a 2nd lieutenant.

Another youthful appearing student who had been sent to headquarters as an inapt subject boldly asserted that he was able to do physical work necessary and that he had passed on the mental requirements. He said: "Why, Colonel, I can do more work than half of the officers in the camp! I'll take my full pack and my rifle and you give my lieutenant just a good canteen of water to carry, and I'll drill him to death! The young fellow is a junior in the university and of an athletic build, and he impressed the board favorably but when offered another chance he declined and went back to school. Many cases have come to the notice of the board in which very brilliant fellows have been declared inapt and have been asked to resign.

But the officers of the camp have simply been confronted with the difficult task of selection and some good men were naturally dismissed with those chosen unfit.

Captain Briggs, who has just returned from the French front, gave us a lecture last Friday night on the requirements of infantrymen today. He explained and demonstrated some methods used against gas and showed us the new mask whose secret chemical composition has resisted completely the most poisonous gas the Germans have yet employed.

One important feature we noticed was his attempt to give us the bare truths of the situations as one present witnesses them.

We have adopted a camp song which was composed entirely by students and are to adopt a ring for the class soon.

Battalion and regimental parades were first scheduled last week. But we have one each day this week also.

Thursday at noon the regiment goes on a practice march, will camp out over night, and establish an outpost to guard the camp just as would be necessary under actual war conditions. And that is the thing most striven for now—to require just the action that would be necessary if we were on the front and under the fire of an aggressive foe.

If I am not entirely disabled by the amount of trench digging I see scheduled for this week I'll write you again next week.

Yours truly,  
J. E. JOHNSON.

**THIS OLD SOLDIER IS STILL IN LINE**

Goes to Memphis Reunion and Marches Three Miles in Big Parade—Gains Thirteen Pounds

"If it had not been for that Tanlac, I couldn't have gone to the Confederate Reunion at Memphis on the 8th of October and marched afoot for nearly 3 miles in the big parade," said Frank B. Kendrick, who lives at 4800 Charlotte Avenue, Nashville, Tenn. Mr. Kendrick is one of Nashville's oldest and best known citizens.

As a member of Company 1, second Kentucky Cavalry, Basil Duke's Regiment, General John B. Gordon's command, Mr. Kendrick saw service throughout the Civil War, and was wounded four different times.

"During the winter," said Mr. Kendrick, "I suffered intensely with rheumatism, and when springtime came I went all to pieces. I had just about made up my mind that my end was not very far off. I looked like I was on the verge of general physical decline, and I had about despaired of ever walking again. I am seventy years of age, have fought a good fight and have proven my record, and was ready to go. But since I got hold of Tanlac I have set my head to round out ninety years, and from the way I feel now I believe I will do it. Before I began taking this medicine I was rapidly losing what little strength and flesh I had, and was so weak and debilitated it was all I could do to walk from the bed to a chair, and even that required great exertion. I had no appetite at all, couldn't sleep to any good and was awfully nervous. My flesh seemed to dry and I suffered a great deal with headache.

"I doctored and doctored, but did not show any sign of improvement. I attributed my failure to get relief to my old age and declining physical powers. But I made a bad guess, because after taking Tanlac two weeks I felt better and younger than I had felt in years. I am now on my ninth bottle, and am actually thirteen pounds heavier than I was before I began taking Tanlac. My clothes were too large—now they are too small, and I guess I will have to buy clothes that will fit me comfortably. To make a long story short—the medicine just seemed to fill me with new life and energy and put me right on my feet. I have a fine appetite now.

"As I told you before, I can now walk anywhere, and have thrown my cane aside, because I don't need it any more, except for bad eyesight. I spent four days in Memphis at the Reunion, and just tramped around all over town with the boys. All around were men who gave out during the parade, but at the end I was right there, and didn't feel the least bit tired. I just got back a few days ago, and am awfully glad to tell you what Tanlac has done for me. If I had the money I would buy every old soldier a bottle of Tanlac, because I believe it would add years to their lives."

Tanlac is sold in Crowell by the Owl Drug Store and in Thalia by Long Bros.

**LIFT YOUR CORNS OFF WITH FINGERS**

Tells how to loosen a tender corn or callus so it lifts out without pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for you. 60.

**GIRLS! LEMON JUICE IS SKIN WHITENER**

How to make a creamy beauty lotion for a few cents

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. 95

That the consideration for said conveyance was the sum of One Hundred and Six Thousand, Seven Hundred and Sixty-two (\$106,762.00) Dollars, of which the sum of Twelve Thousand, Seven Hundred and Sixty-two (\$12,762.00) Dollars was paid in cash and the balance of said sum, to-wit, the sum of Ninety-four Thousand (\$94,000.00) Dollars was to be paid on or before ten years after date of said transaction, evidenced by the certain promissory note of the said J. B. Pope, payable on or before ten years after date, to the order of said J. C. League, at Galveston, Texas, bearing interest from date until maturity at the rate of six per centum per annum, the interest payable annually as it accrued, said note bearing date about even date of said deed of conveyance; that in said deed of conveyance and in said note the Vendor's Lien was expressly acknowledged to exist as against all of said land, to secure the prompt and full payment of said note, whereby the superior title to all of said land remained in the said J. C. League, now deceased. That said note has never been paid except the annual interest due thereon to-wit, about November 1, A. D. 1916, but remains yet unpaid, a valid, subsisting Vendor's Lien and superior title in this plaintiff as the legal representative, heir and devise and legatee of the said J. C. League, de-

did make, execute and deliver unto J. B. Pope, of Tarrant County, Texas, his certain deed, or instrument in writing, conveying unto the said J. B. Pope all those certain tracts or parcels of lands, aggregating Fourteen Thousand two Hundred and Thirty Five (14,235) acres, more or less, known, designated and more particularly described and identified as follows, to-wit:

The plaintiff, Nellie B. League, resides in the County of Galveston and is the surviving widow of John Charles League, known as J. C. League, deceased, late of the said County of Galveston; that the places of residence of the defendants are each and all unknown to plaintiff; that the names of the heirs of the defendants whose names are in this petition written are likewise to plaintiff unknown; and that the names of the husbands of such of the defendants as are married women are also to plaintiff unknown.

This plaintiff brings and prosecutes this suit in her own name individually and as executrix of the estate of J. C. League, deceased, and for the benefit as well of J. B. Pope, Leslie McAdams, Melvin McAdams and Con McAdams, upon the facts and for the purposes hereinafter shown.

III  
For cause of action this plaintiff would show that her deceased husband, J. C. League, departed this life in the City and County of Galveston on about January 13th, A. D. 1916; that at the time of the decease of the said J. C. League, deceased, he was seized and possessed of, and owned in fee simple, the lands hereinafter described as having been conveyed by this plaintiff to Leslie McAdams, Melvin McAdams and Con McAdams; that at and prior to the conveyance hereinafter pleaded, by the said J. C. League to J. B. Pope, on about November 1, A. D. 1915, the said J. C. League, deceased, was seized and possessed of, and owned in fee simple, all of the lands described and embraced in said conveyance; that all of said lands situated in the Counties of Foard and Cottle, in the State of Texas; that on November 1, A. D. 1915, and for more than three years next preceding said date, the said J. C. League was in peaceable and adverse possession of all the said lands hereinafter described, under title and color of title, and had full title thereto precluding all claims of defendants under Article 5672 of the Revised Civil Statutes of Texas; that on said last named date and for more than five years next preceding said date the said J. C. League, deceased, was in the peaceable and adverse possession of all the lands hereinafter described, using and enjoying the same and paying all taxes thereon, claiming the same under deeds duly registered, and had full title thereto, precluding all claims of defendants under Article 5674 of the Revised Civil Statutes of Texas; that on the date last mentioned and for more than ten years next preceding said date the said J. C. League, deceased,

First Tract: Six hundred and forty (640) acres of land known as Survey No. twenty-five (25), Block "L", granted and patented to the Southern Pacific Railroad Company by Patent 73, Volume 34, dated November 7, 1876, Land Scrip No. 14y, beginning at a stake at N. W. S. Jones, D. D. Jones, J. M. Lindsay, Catherine Cannon, William Garrett, Franklin Moore, Mrs. T. J. Houston, Hascal A. Hogel, and the unknown heirs and legal representatives of the said above named persons, and husbands of such named persons, and such unknown heirs, as are married women, the names of such husbands being unknown to plaintiff, hereinafter called defendants, would respectfully show:

I  
The plaintiff, Nellie B. League, resides in the County of Galveston and is the surviving widow of John Charles League, known as J. C. League, deceased, late of the said County of Galveston; that the places of residence of the defendants are each and all unknown to plaintiff; that the names of the heirs of the defendants whose names are in this petition written are likewise to plaintiff unknown; and that the names of the husbands of such of the defendants as are married women are also to plaintiff unknown.

II  
This plaintiff brings and prosecutes this suit in her own name individually and as executrix of the estate of J. C. League, deceased, and for the benefit as well of J. B. Pope, Leslie McAdams, Melvin McAdams and Con McAdams, upon the facts and for the purposes hereinafter shown.

BRITISH CAPTURE

**FOUR GERMAN SHIPS**  
London, July 17.—The Admiralty announces the capture of four German steamers by British destroyers in the North Sea.

The steamers are the Pellworm, Brietzg, Marie Horn and Heinz Blumberg.

The captured steamers are all small, the largest being the Brietzg of 1,495 tons gross.

Two other German steamers were with the four vessels later captured when the group was signaled by the British war craft. All six made for the Dutch Coast and two were badly damaged by gun fire.

Although an official statement regarding the place of the attack still is lacking, the Amsterdam Handelsblad, says a dispatch from that city, takes it for granted that "British destroyers flagrantly violated Dutch territorial waters." The violation, it added, "was still worse because the British did not hesitate in its execution despite the danger to the inhabitants of a district which might have been bombarded. The government will not fail to protest."

**The Usual Motion.**  
To a judge at St. Joseph, Mo., an old negro once applied for a marriage license. It was not the province of the judge to issue such a paper; but, knowing the applicant's history, he asked:  
"Ephraim, were you ever married before?"  
"Jes' once, Jedge," was the reply.  
"Wasn't that enough?"  
"Mebbe, Jedge, but I want a new trial."—St. Louis Republic.

**How Friends Are Made.**  
Two women with babies in their arms sat beside each other in a trolley car.  
First one baby mumbled something, then the other until they became real friends. Then one mother told the other how cute the babies got along together.  
Before the car had reached the destination of the first woman each had invited the other to call.—Newark Eagle.

**His Ambition.**  
Gladys—And what is the height of your ambition. Dick (after a careful survey of her)—Well, dearie, I should say that it was about five feet three.—Puck.

**VII**  
At the time and date of the said execution and delivery of the deed of conveyance by the said J. C. League, deceased, unto the said J. E. Pope, of the lands hereinabove described, it was expressly agreed and stipulated between the said parties that the said J. C. League would institute a suit on behalf of the said J. B. Pope against the defendants herein named and against any and all other necessary or proper defendants for the purpose of quieting, and removing cloud from, the title to the said lands. That at the date and time of the conveyance by this plaintiff to the said Leslie McAdams, Melvin McAdams and Con McAdams, it was likewise agreed by the said Leslie, Melvin and Con McAdams that this plaintiff would institute a suit in the proper court against the defendants named herein and against any and all other necessary or proper defendants for the purpose of quieting and removing cloud from the title to

separately to her and not to be any part of the estate of the said J. C. League, deceased, and the said defendants in said cause were divested of any and all right, title, interest or claim therein or thereto. The said court was then and there fully clothed and empowered with full jurisdiction upon proper pleadings to hear and determine the matters so adjudicated, and the said judgment was then and there a final judgment and is yet a final judgment and has never been reversed, vacated, set aside nor appealed from, but remains a valid subsisting final decree and adjudication of matters and things herein shown.

This plaintiff furthermore would show that the title to said lands, notes and property in this petition described, deeds and transactions heretofore referred to, and fully approved and acquired in the same and fully authorized the same, whereby she is morally and legally bound by said transactions and obligated by law to carry out the terms, conditions and agreements of her said deceased husband referred to, and she furthermore shows that since the decease of her said husband and since the decree of the District Court of Galveston County above referred to, she has been, and is, in full possession of said notes in this petition described and is the individual owner of all the rights, titles, interests and privileges with respect to the lands herein described that exist or in here by law by reason of the said transactions of sale, purchase, warranty and agreements herein shown.

**VIII**  
That heretofore, on, to-wit, the 1st day of January, A. D. 1917, anterior to the filing of this petition, the plaintiff and the said J. B. Pope were entitled to and were in the quiet and peaceable possession of all said lands described in the said conveyance hereinabove set out, from J. C. League to J. B. Pope and the plaintiff and the said Leslie McAdams, Melvin McAdams and Con McAdams were entitled to and were actually in the quiet, peaceable possession of all the lands hereinabove mentioned and described in the said conveyance from this plaintiff to the said Leslie McAdams, Melvin McAdams and Con McAdams, and on said day and date the defendants entered upon said lands, or some part thereof, and wrongfully ejected and ousted plaintiff and the said J. B. Pope and the said Leslie, Melvin and Con McAdams therefrom, and wrongfully withheld the same, to the great damage of plaintiff and the said J. B. Pope and the said Leslie, Melvin and Con McAdams, in the sum of One Hundred and Fifty Thousand (\$150,000.00) Dollars.

**IX**  
Your plaintiff furthermore would show that so far as she is advised the nature of the claims of said defendants is as follows, to-wit:

The defendants Martin Mulligan, R. E. Rhodes, W. F. Carter, W. M. Wadkins, C. Coleman, Clem Banks, Jim Valentine, David Butcher or David Bulcher, E. Greer, and their unknown heirs, are claiming Surveys Nos. One (1), Three (3), Five (5), Seven (7), Nine (9), Eleven (11), Thirteen (13), Seventeen (17), Nineteen (19), Twenty-one (21), Twenty-three (23), Twenty-five (25), Twenty-seven (27), Twenty-nine (29), Thirty-one (31), Thirty-three (33), and Thirty-five (35), of the hereinabove described lands, all being in Block "L", granted and patented to the Southern Pacific Railroad Company, said pretended claim or right being based upon a deed of trust or instrument in writing executed by the Southern Pacific Railroad Company, by W. T. Scott, Vice-president and D. C. Wilder, Secretary, to Montraville J. Hall, William T. Scott, and Alexander Pope, Trustee, of date August 7, 1899, the said named defendants asserting they are in some manner beneficiaries under said deed of trust; that the defendant J. C. Pearce and his unknown heirs are claiming Survey No. One (1), Block "L", Southern Pacific Railroad Company lands above described, by virtue of a pretended tax sale and deed, of date May 4th, 1886; that the defendants Mary Blanch or Mary S. Blanch, Josephine Blanch, Mary Small, William Small or H. J. Small, and their unknown heirs, are claiming Surveys Five (5), Nineteen (19), Twenty-one (21) and Thirty-three (33), Block "L", Southern Pacific Railroad Company, hereinabove described, under and by virtue of a pretended deed or instrument of conveyance executed by James Turner, Assignee, July 2, 1881; the defendant Charles H. Dice is claiming Survey No. Five (5), Block "L", S. P. Railroad Company, above described, under a pretended tax sale and tax deed, of date about February 18, 1889; the defendants Joe H. Thompson, John W. Anderson, Sr., Iva C. Lank, W. Frank Magruder and their unknown heirs are claiming Survey No. Seven (7), Block "L", S. P. Railroad Company lands, above described, under and by virtue of a pretended tax sale and tax deed to one Mrs. T. J. Houston, of date about February 18, 1889; the defendants W. S. Jones and D. D. Jones and their unknown heirs, are claiming to own Surveys Nos. Nine (9) and Seventeen (17), Block "L", S. P. Railroad Company lands, above described, by virtue of a certain pretended Vendor's Lien retained by W. S. Jones and D. D. Jones in their deed of conveyance to Lindsay, Bedford and Hinton, of date about July 5, 1885, securing one certain purchase money note for the sum of Eight Hundred (\$800.00) Dollars, of that date; said defendants are likewise claiming to own Survey No. Thirteen (13), Block "L", S. P. Railroad Company lands, above described, by virtue of a pretended Vendor's Lien reserved by W. S. Jones and D. D. Jones in their deed of conveyance to J. G. Witherspoon, of date about January 5, 1885, securing one certain purchase money note for Four Hundred (\$400.00) Dollars; the de-

defendants J. M. Lindsay, Catherine Cannon, William Garrett and their unknown heirs are claiming to own Surveys Nos. Nine (9) and Seventeen (17), Block "L", Southern Pacific Railroad Company lands, above described, by virtue of some sort of pretended conveyance; the defendants Franklin Moore and his unknown heirs are claiming to own Survey No. Seventeen (17) Block "L", Southern Pacific Railroad Co., above described, under and by virtue of a pretended tax sale and deed, of date about February 18, 1889, to one Mrs. T. J. Houston; the defendants Hascal A. Hugel and his unknown heirs are claiming to own a reservation, right, title or interest in section One Hundred and Three (103), Block "A", T. & N. O. Railway Company lands, above described, to all the mines, mineral and mineral rights whatsoever which may be upon, within or under the said tract of land or any part thereof, as well as the right to work any mine or mines upon said lands together with the full and free ingress and egress upon any over said lands for the purpose of mining for such minerals, working such mines and carrying the produce thereof, it being expressly understood that such parties have the use of such part of the surveys of said land as may be or become necessary for such mining operations not exceeding fifty (50) acres under and by virtue of a pretended reservation in a deed or instrument of conveyance executed by Hascal A. Hugel to J. J. McAdams; the defendants Mrs. T. J. Houston and her unknown heirs are claiming to own Survey No. Twenty-five (25) S. P. Railroad Company lands, above described, under and by virtue of two certain pretended tax sales and tax deeds.

**X**  
The defendants, each and all, are claiming the said lands especially as herein immediately above shown, but plaintiff alleges that each and all of said defendants are claiming to own some character of right, title or interest in and to each and all of said above described tracts or parcels of land, the exact nature and character and extent of which claim or claims are unknown to plaintiff and cannot be definitely here stated, but she shows that each, all and every said claim, of each and all of said defendants is without right or merit, is wholly unfounded and has no existence in fact or law, and is inferior and subordinate to the rights of plaintiff and the rights of the said J. B. Pope, Leslie McAdams, Melvin McAdams and Con McAdams. She here shows, however, that evidence of the said pretended claims of defendants have in some manner been placed upon the deed records of the Counties of Foard & Cottle, where in said lands are situated, and the same constitute a cloud upon the title of plaintiff and the said J. B. Pope and the said Leslie McAdams, Melvin McAdams and Con McAdams, to said lands.

Wherefore, plaintiff prays that citation herein do issue to the defendants and that the same be served by due publication as provided by law, and that on final trial she have judgment for the title to said lands and for the restitution of possession thereof, and that all claims of right, title or interest of each and all of said defendants be divested out of them and the same removed as a cloud upon the title of said lands, for damages, for all general and special relief, both in law and equity, to which she may be entitled, including costs of suit, all for the benefit as aforesaid of herself individually and as legal representative of the estate of J. C. League, deceased, and of the said J. B. Pope, Leslie McAdams, Melvin McAdams and Con McAdams, as in duty bound she will ever pray.

**OCIE SPEER,**  
Attorney for Plaintiff.  
I, Nellie B. League, plaintiff, do solemnly swear that the facts stated in the foregoing original petition are, within my knowledge true; that the residence of each party defendant therein named is unknown to the affiant; that the names of the heirs and legal representatives of such named defendants as may be dead are likewise unknown to this affiant.

Wherefore, she prays that citation herein be duly published citing said defendants in the manner authorized by law in such cases.
