## ORR WILL HAVE BIG HOG SALE

Some days ago J. L. Orr of Margaret was in town and stated to a News representative that he was figuring on a sale of hogs at his place some time in January, and at the time extended us an invitation to come out and see his ranch as early as possible, even before the sale, and then said of course we should by all means have a representative present at the sale. The News availed itself of the opportunity Monday of this week to send a representative to Mr. Orr's farm, of which we have heard much, and ourselves said much. What has been said heretofore about Mr. Orr's farm and hog ranch has been told to us, and has therefore been given out through the press as second-hand news which does not mean that for that reason it has not been reliable. All the facts relative to Mr. Orr's ranch can not be known unless one goes and sees for himself just what he has, and then unless he realizes the value of those fine, thoroughbred Poland Chinas, of which Mr. Orr has some 25, he will not know the value of this herd. No one but a real judge of the stuff can realize the value of Mr. Orr's hogs.

As stated above, he has something like 65, all registered Poland Chinas ranging in ages from small pigs to the oldest sow, which is about 5 years of age, and the foundation of the herd. This one Mr. Orr bought at the Dallas fair a little more than 4 years ago, paying for her when she was a mere pig a fancy price. He then bought a registered boar of the best strain of Poland Chinas that could be found in the country and started into the hog business. He thinks any one could tell what he has done, if he has the confidence in himself. Mr. Orr has made good money out of his hogs, as he admits. He says he was trying to farm and was making a living, but little money. Now he points to his farm, which is well supplied with corn and maize, the sheds for his hogs and the lots, etc., which represents only a portion of his profits from hogs. "I have brought my herd up to its present standard," said Mr. Orr, "and am going to stay with the business. I believe I have as good stuff as can be found anywhere." And that is the impression who looks at his herd. What Mr. Orr wants now is for the people over the country to know what he has, and he intends to pull a sale in January. He knows there will be some judges of hogs here from a distance, because they have already told him they will be here. He will have booklets printed giving the pedigrees of his hogs for the information of all who are looking for good stuff.

As we looked at two big fine barrows, which Mr. Orr said would weigh about 500 each, being only two of five which he said would be butchered for meat, we could not help but remark that they were too fine to kill. It really looked like the country ought to have the benefit of such stock for breeding purposes. But he has plenty left, even better than those, and enough to supply the needs of a good many farmers in this county. Really he hopes to sell at home for the reason that this stock would in that case be kept at home. Some of it, however, he is certain will go to Wilbarger County.

The News is frank to say it is proud of Mr. Orr's ranch because it is in Foard County, and we appreciate the fact that it was the enterprise of a Foard County citizen that put it there. We like to boost that kind of spirit. This ranch, with others which we have had occasion to boost, have already been worth much to the county but will be worth infinitely more in the years to come.

### Former Crowell Citizen Weds

Announcements have been sent out to the effect that F. A. Short and Miss May Dehn were married on November 23rd. The bride's home has been with her parents at Walnut Springs. Mr. Short is connected with a furniture establishment at Cisco, at which place the newly married couple will make their home.

Mr. Short will be remembered by many Crowell people as having had the management of the Williams & Rogers Furniture Company at Crowell several years, in which firm he was also financially interested.

## GREAT STIR OVER COMING OF "KU KLUX" TEAM

### Wild Rumors About Mysterious Team to Play at Park Today

Rumors of the mysterious "Ku Klux" team that is to play here today at the park, are falling thick and fast.

Some have it that a lineup from the regular established team of Monday are coming to retaliate for the drubbing that Crowell gave their high school team some time ago. Others say it is an outlaw team from Quannah hardening up for next year's harvest.

Some say it is an aggregation of ambitious but disgruntled ex-college stars from surrounding towns gathered together in search of personal glory and to demonstrate that at least a few of the many ex-college men who tell of their wonderful records on college teams do really know a football from a pumpkin. Others are ready to swear that the aggregation are really the ghosts of the defeated Howard eleven practicing for next year's game with Center College.

Several of the high school squad have been scouting of nights with their coach trying to get a line on conditions. But they always show up on the school campus after these scoutings with strange, sleepy eyes and go about muttering queer things about "beef," "rams," "cows" and shaking their heads dolefully as if they might be bewitched. But they are working constantly and consistently getting ready for the great game.

Personally, we don't care who this team is now, for we'll be there to see this afternoon. So perhaps will every man, woman and child in this community, who are interested in our cemetery association.

### Gets Barn Burned

George Allison's barn was destroyed by fire Monday night about 9 o'clock. George was getting ready to go to the sanitarium where one of his sister's children recently underwent an operation when he heard some one give the alarm of fire and when he looked out of the window of his house he discovered that his barn was wrapped in flames. Only a small amount of feed was saved. The fire already had such headway when discovered that the only thing to do was to save near-by buildings. The light breeze bore the flames away from Mr. Allison's home which was within a few feet of the burning building and it was only necessary to apply water to the roof and wall to prevent them from getting hot enough to catch. The old tabernacle was in more danger than Mr. Allison's home but was saved in like manner.

It was a dangerous fire because the barn was a good sized building and because of its close proximity to other buildings. If the wind had been stronger and less favorable in direction the fate of the new Baptist church and the Allison home would have been uncertain.

Mr. Allison has no idea as to how the barn was set. The loss of the building, with a big lot of feed and some chickens and small implements, is a complete loss. There was no insurance.

### Attending Tractor School

A short course is being given this week from Nov. 28 until Dec. 2nd, in Dallas by the Rumley Company in the handling of tractors. The course includes running, caring for, putting up and tearing down tractors. The course is very comprehensive and is knowledge very essential to the handling of tractors. The course is free and is being attended by the following men from this county: C. C. McLaughlin, Bert Bell, Melvin Moore, M. F. Crowell, H. C. Clayton.

As a celebration of his fiftieth birthday, Gov. Neff granted 20 pardons on Nov. 26th.

Southland, a small town in Lubbock County, was almost wiped out by fire Friday night. The flames are said to have originated in a hardware store.

The Blue Gin burned at Paducah last week, the loss being between \$30,000 and \$40,000. It is thought to have caught from a bale of cotton containing matches when it was ginned.

## CANNOT BE MADE PART FFF HIGHWAY

The item in the News last week relative to Messrs. Hancock and Sammons of the Automobile Club of Texas marking and logging the highway from Crowell to Vernon and making it a part of the FFF brings from John Boswell, publicity man for the FFF, statements objecting to that work on the part of Messrs. Hancock and Sammons.

Mr. Boswell wants the FFF highway to be one separate line and to have no strings on, so to speak. Besides, he says these gentlemen have no right to make this road to Vernon a part of the FFF. If such arrangement could be made it would have to be made by the FFF Highway Association.

The matter is being taken up by local men with the representatives of the Texas Automobile Club this week. The money was raised by some of the leading citizens of Crowell to have this road logged, marked and advertised on the map with the FFF highway. It is all right, says Mr. Boswell, for these men to log and mark the highway, but it can not become a part of the FFF, nor can it be advertised with the FFF.

## DEAF MUTES HAVE THANKSGIVING DINNER

One who is not familiar with the alphabet used by the deaf would have found himself barred from conversation, except by means of pencil and paper, had he attended the Thanksgiving dinner at Hodge Lock's last Thursday at Chillicothe. The company at the home of Mr. and Mrs. Locke was as noiseless as one of its size could be, and yet all who were present either had a good time or else they are not making a "roar" about not having it.

There were at this dinner 12 deaf mutes made up of the following individuals: Mrs. Viola Locke and J. D. Burks of Crowell; H. B. Pool of Foard City; Earl Bourland, Miss Lena Delmasso, Louis King, Mr. and Mrs. Dennis Prescott, Mr. and Mrs. Hodge Locke.

### Arbuckle Tells His Story

Fatty Arbuckle has made his statement on the stand, which if true leads one to the conclusion that he is the victim of a frameup. He denies that he had anything to do with the death of Miss Virginia Rappe. According to his story he went to his room to get away from the hilarious party and there found Miss Rappe in the bath room writhing in agony.

The substance of his testimony is given in the following paragraphs as published in the daily press:

He tried to help her. He held her head while she vomited. He brushed the hair out of her face. He gave her a glass of water. She said she would like to lie down. He carried her to the bed in his room. He went for help and the others of the merry party, who had been dancing, drinking and running about the suite in unconventional attire, came in.

The agonized woman, screaming in her pain and holding her stomach started to tear off her clothes. The comedian asked the other women present to stop her and to help her undress.

He left the room and when he came back Mrs. Delmont, who is the complaining witness against him, was rubbing her body with a piece of ice. He tried to help. Mrs. Delmont told him to "get out." He took a piece of ice in his hand and asked Mrs. Delmont what it was for. When Mrs. Delmont again told him to get out he told her if she did not shut up he would throw her out of the window.

The only guest he had invited then came to the suite. She was Miss Marie Taube. When she saw the condition of Miss Rappe she called the hotel manager and Miss Rappe was removed to another room.

The birth rate in Dallas is reported as showing a gain with the girls leading. The record for three weeks shows 80, 84 and 86 girls, while that of the boys is 25, 30 and 32.

Stock men over the state are asking the Agricultural-Livestock Corporation for loans in amounts from \$1,000 to \$500,000. Cattle men of Texas have struck it hard for the last year and will necessarily have to get loans or many ranches will be temporarily ruined.

## NEXT MONDAY, DEC. 5TH, IS TRADES DAY

The News wishes to call attention to the fact that next Monday is Trades Day again in Crowell. The News had hoped to carry a lot of special ads for this occasion but was simply worked to death all week on the regular run of stuff and the big ads and bills which we have been called on to print. Some of the businesses are carrying ads of this nature, that are making specials for Monday, and you should read them. Besides, there are several ads giving fine bargains which will run for several weeks. Read them and you will find them interesting and if you take advantage of them they will save you money.

The business men of Crowell are doing their best to make it worth your while to trade with them and each week nearly all of them have something new and interesting to tell News readers.

But don't forget Monday. It should be a big day with everybody in the county. The trading season is now on in full blast.

## WHEAT CROP SUFFERS FOR MOISTURE

The fall rains have postponed their coming longer than we had hoped they would and the prospects for the wheat crop are not so good as one would like to see them. Quite a lot of the wheat was sown early and came up. As a rule this has suffered more than the later sown that came up, but many acres of wheat have never sprouted. Still there are some fields of wheat that look fairly well and with a good rain within a week or two would get up and grow.

Of course, no one can tell anything about rains in West Texas, not even the weather prophets, but there are now splendid indications of coming moisture. If we can get rain in December the chances will be fair for a wheat crop.

### Recent Deaths

Mrs. Willie Roulain, wife of Johnnie Roulain, died Nov. 23rd and was buried in the Crowell cemetery on the 24th. The family resided on the J. R. Allee farm west of town. Deceased is survived by her husband and three children.

Creola Durham, 10 year old daughter of Mr. and Mrs. W. B. Durham, died the 23rd and was buried in the Thalia cemetery on the 24th.

The infant of Mr. and Mrs. Ed J. Connor died Nov. 29th and was buried the same day at Thalia.

Mrs. Murphy Carr of Margaret died Tuesday of this week and was buried at Crowell Wednesday.

## SUNDAY SCHOOL RALLY HELD AT VIVIAN

A big day is reported to have been enjoyed at Vivian last Sunday when the community had a Thanksgiving service and a Sunday School rally combined. The Thanksgiving service had been postponed until Sunday. An all-day dinner was served by the good women of that community. Of course, the men prepared the table and therefore deserve some credit for helping. It was one of those old time occasions when everybody in the community come together and enjoy themselves.

Speaking of the Sunday School in the Vivian community, the one who gave us the information here printed said that so far as the Sunday School was concerned it needed little rallying, for he said it is very much alive and has been for the last two years. That fact speaks a great deal for a community.

Cattle shipments to Mexico are reported to be on the increase following the repeal of import taxes on cattle to that country. The market in that country is much better than here.

Railroad Commissioner Earl B. Mayfield sees delay in highway construction in Texas on account of high railroad rates, and is urging the Interstate Railroad Commission to reduce rates on that class of freight.

A Collingsworth man butchered a hog recently that netted 906 pounds according to the Wellington Leader. That was one of the largest ever known to have been butchered in the county.

## GUESS NAMES OF THE MYSTERY FOOTBALL TEAM

### Prize Offered Lady-Guessing Greatest Number on Strange Team

There have been so many contradictory and confusing rumors about the strange team that is to meet the Crowell high school eleven today at the park that the Cemetery Association can no longer refrain from an attempt to help solve the mystery.

The more credulous are still convinced that this team is composed entirely of immaterial and untouchable goblins, and that high school players may expect to find their arms passing clean through the limbs, heads and bodies of their opponents without resistance.

Some of the doubting Thomases, however, hoot at this idea and have even gone so far as to say that they can name some of the players in this chemical line-up.

Because of this difference of opinion, and to add to the already overflowing interest of this unique occasion, the association has decided to give a two-dollar cash prize to the lady who during the first quarter of play, guesses the greatest number of players on this hobgoblin squad.

The first fifty-one ladies who pass into the gates will be handed a slip of paper with dots to represent the players and with the name of the position by the dot. Each lady writes her name at the top of the slip and writes the name of the player on the line representing the position of that player. A committee will be handy to show you how to fill out the blanks. When filled out these are to be handed to Coach Tate at the end of the first quarter of play. He will check the names with the list furnished him by the Grand Arch Goblin and the money will be handed to the winner on the spot.

### The Goblin Line-Up

It has been a task indeed to get any line on the elusive, spritely, night-riders who are to meet the Crowell high school team at the park today. The high school coach has labored day and night and has gleaned here and there, through tireless effort, a little knowledge concerning this odd assemblage. But it is after all only a meager bit of information that has developed. It is known that the airy band is using only the night shadows in their training and that there are upward of thirty of them on the string for the occasion.

But the one bit of information that the coach and high school squad have tried so assiduously, and so earnestly to obtain has at last leaked out.

The list of the line-up for the first quarter has been revealed. No doubt there are many more side-liners but the first quarter, it is believed, will show the goblin strength.

The line-up as listed below is believed to be authentic, as the high school coach reports that he found the list complete stencilled in the blood of a jackrabbit on the bleached skull of a coyote. He states further that he made this significant find at midnight on the north slope of the highest peak of the Medicine Mounds.

The line-up:  
Will O. Wisp.....Quarter Back  
O. Wanderlust.....Right Half  
Otto B. Schott.....Left Half  
Quid Nunc.....Right End  
Que Care.....Left End  
D. Lorelei.....Right Guard  
Q. U. O. Vadis.....Left Guard  
Vas Ist.....Right Tackle  
Faster N. Ell.....Left Tackle  
Rougher N. That.....Left Tackle  
Tougher N. Both.....Fullback

### Appreciation

The ladies of the Home Mission Society wish to express their appreciation for the patronage the public has given them in the serving of dinners on different occasions, which has made it possible for them to lift the burden of debt which they had assumed for the seating of the new Methodist church. Also they are grateful to Mr. Miller for the use of the Sanitary Cafe. The help thus extended has been worth more to the ladies than they are able to express in words, and again their thanks are gratefully extended.

MRS. S. S. BELL, Pres.

Three deaths and two wounds were reported for last week as accidents of the duck hunting season in Texas.

## FOOTBALL TEAM HAS GREAT TRIP

The Crowell high school football team took the last lap of their season's journey in high last week when they traveled twenty-two strong in cars, making a total distance of 244 miles. Leaving here Wednesday morning, the team went to Munday where they played at 3:15 p. m. one of the hardest games of the season, losing to Munday by a score of 20 to 7.

The team arrived in Stamford at 7 p. m. Wednesday. Here they enjoyed a bounteous supper, a splendid show and a fine night's rest. At 9 o'clock Thursday morning the team went over to Hamlin, a distance of twenty-two miles. Here they were cordially received by Coach J. C. Tittle and several of the Hamlin players. At 2 p. m. both teams were suited out and an advertising parade was staged, announcing the game for 2:30.

The Hamlin game was indeed a battle royal. The purple and gold went in in splendid condition in spite of the previous day's contest, and they faced an equally determined squad in the Hamlin huskies. The score stood 6 to 6 when the last gong sounded, and neither team seemed heartbroken to hear that sound.

The great strength of Crowell's team was lopped off like Samson's hair at both Munday and Hamlin when referees at these places began penalizing the team from the "jump go" on their center backs on the grounds that back field men were assisting the man with the ball by pushing him.

The sudden, fierce mass line, plunge has been Crowell's strength all along and when at both Munday and Hamlin they got penalized on this play it was calculated to be disheartening. But in spite of more than a hundred and fifty yards drawn in penalties, at Munday, two of which cost us a touchdown and close to a hundred in the first half at Hamlin, none of which happened at a critical time the team kept up a good fight and held together well.

The chief features of the Munday game was the interception of a forward pass by Burroughs for Crowell and his subsequent thirty-five yard run for a touchdown; and Thomson's fast work on left end.

In the Hamlin game Cates for Crowell made a sensational plunge through Hamlin's line and got away for a forty-five yard run, making the last five yards of that distance with four of the opposing team hanging to him. White for Crowell sliced through Hamlin's line when Hamlin fumbled and got away for twenty yards which would easily have stretched to a touchdown for the visitors except for Hamlin's full back, who was the only man between White and the goal and who barely reached White in time.

Kincaid and Ivie on one side and Norman Cook on the other made an almost impenetrable wall in the Hamlin game, while the superior tackling of Clifford, Lovelady and White took the enemy off their feet to many a loss. Glover played an applause provoking game, and Hayes as usual was often seen nosing up from under a human sea like a hard shelled turtle on a millpond. Carter carried the ball for several substantial gains for his team. Owen Cook on right end and Nicholson in backfield got into every play like old timers, in spite of the fact that they have played in only a few games.

Altogether, it was a great trip, this last one, as was likewise the entire season.

The game with the "Ku Klux" team today for the benefit of the Cemetery Association will close this season.

T. O. Pearson of Dallas was here last week advertising Kellogg's Corn Flakes and lining up the grocerymen as dealers, all of whom, it is understood will handle the article. It has been known by those who have used this article that it stands in a class by itself, and it is now to be pushed more vigorously than ever by an advertising campaign recently launched.

P. D. Chaney and wife left Tuesday for Vernon where they will make their future home. Mr. Chaney has accepted the work of county agent of Wilbarger County with an increase of salary over that which he received in this county.

The Kimbell Gin at Wellington burned last week, the entire plant being a total loss.

Mrs. Carr, mother of Mrs. J. D. Wright, and known as Mother Carr, died at the home of her daughter Tuesday at noon. She had been reported ill only a few days previous, and her death came as a surprise to her friends.

Preparations are already under way for a community Christmas tree. The Sunday Schools in conjunction are going to make the necessary arrangements, and request the cooperation of the entire community with its various committees in order to make it the greatest success possible.

A number of huntsman went out Friday night on the fields of T. P. Hunter, W. E. Hunter and J. C. Hy-singer on a real rabbit hunt. No strict count of the rabbits killed was kept, but as close as the party was able to estimate, something like three hundred rabbits lost their lives that night. The wheat fields will not have so many of this tribe to keep up this week, and it should be quite an advantage to have that number killed. Others are planning drives on their premises soon.

### BEAVER NEWS

### GRAND JURY FILES REPORT OF KLAN

#### Further Acts at Beaumont, It Is Predicted, Will Cause Bloodshed

Beaumont, Texas, Nov. 27.—Exploring the fact that a number of county and city officials are members of the Beaumont klan and declaring that further acts of the local Ku Klux body would most certainly lead to bloodshed, the Jefferson County Grand Jury adjourned Saturday morning, without returning any indictments against members of the klan. It was declared that the evidence was insufficient to warrant indictments. It is said that many citizens and several officers who were called before the grand jury refused to answer questions regarding membership of the body, standing on their constitutional rights.

A portion of the report reads: "We have found no bills of indictment for the tarring and feathering of J. S. Paul and R. F. Scott, because we have been unable to secure sufficient evidence upon which to base the same or that would, in our opinions, support convictions.

"We deplore the fact that in our community such violations of law and disregard for our constitution could have occurred. Such occurrences are wholly inexcusable and unjustified; are not only violation of our statute laws, but aim at the very foundation of our Government and the destruction of its institutions.

#### Acts Condemned

"We condemn these acts most emphatically and regret our inability to bring the perpetrators to justice.

"We have made the most rigid investigation possible of the charges that the Ku Klux Klan has been responsible for, and participated in administering punishment to our citizens, and fomenting religious dissension and strife. If such be true, we condemn the practice.

"We were charged to investigate the rumor that officers of the law belong to the Ku Klux Klan. We have ascertained that many city and county officials are members or have belonged to this organization. We most emphatically condemn any officer who owes a duty to the entire public who belongs to any organization whose acts are as questionable as those of the Ku Klux Klan.

"We realize that no man or set of men in this country can long promote such acts as tarring and feathering for we do not believe citizenship will tolerate it, and will lead to unnecessary bloodshed. Such incidents as those occurring here will, of their own weight, if not otherwise, seal the doom of any organization that indulges in or promotes them."

### GIRL ASKS TO TIE ROPE IN HANGING

#### San Antonio Women Makes Unusual Request in Case of Negro

San Antonio, Nov. 27.—A young woman, scarcely 21, called at the sheriff's office this afternoon and asked for permission to tie the knot in the rope which will be used to hang George McKinley Grace, negro, found guilty of criminal assault on a white woman and sentenced to be hanged.

When told Sheriff Tobin was out of the city, she asked Deputy Sheriff Flores if he would not give her his place at the hanging. She was told to return Monday morning. She expressed a hope that Sheriff Tobin would allow all the women of San Antonio to see the hanging.

The mandate of the court of criminal appeals refusing Grace a new trial was on Judge Anderson's desk in the Thirty-seventh district court today. In the county jail the condemned man, unaware that the higher court had refused his plea for another chance at life, read his Bible and sang psalms.

The mandate was received in this morning's mail, was entered by the clerk of the court and turned over to Judge Anderson to pronounce sentence. Judge Anderson refused to state when he would sentence Grace but it was intimated by court attaches that it would probably be done Monday. Following the sentence, at least thirty days must elapse before the order of the court is carried out by Sheriff Tobin and only executive clemency can save Grace from the gallows.

#### Yale's Stone Bulldogs.

Four bulldogs in stone represent student life at Yale. The bulldog has been Old Eli's mascot for for these many years. One of the dogs, with a wrinkled brow, wears spectacles. He is the student. Another bulldog, brown not so much wrinkled, wears a football player's helmet, a nosepiece with its end gripped in his teeth. He is the hero of the gridiron. Another bulldog wears a soldier's campaign hat, depicting what Yale men have done in the various wars. Still another bulldog has a cap and gown, representing the completion of the college course. Of all the carvings found, these are the four most interesting, although there are faces representing Dr. Hadley, and a few of his predecessors.

#### The Royal Fish.

The sturgeon is a strange looking creature, being almost covered with flattened bony plates, in the center of each of which is a conical spine. It is said to live to a great age—two hundred years is one estimate, but we have no certain knowledge on the subject. Its air bladder is rich in isinglass, and caviar is prepared from its roe. Its flesh seems to combine the flavors of fish, flesh and fowl, and is really excellent. It was Edward II, who made the sturgeon a royal fish, but it is only sturgeon caught in the Thames which can be claimed as the property of the crown. Sturgeon resembles salmon in that they work up rivers to spawn. The Volga is the principal sturgeon river of Europe.

## Making Americans

In a sermon last Sunday night one of the local preachers of Vernon took occasion to commend the Ku Klux Klan for its glorious work of looking after the preservation of American ideals. A funny picture here presents itself when one thinks of a bunch of masked fellows going out with a bucket of tar, a bag of feathers and a brush to make—Americans! Our prediction is that if the Klan aims to make a complete job of it the price of tar and feathers ought to advance enough to justify many now not employed to enter one of these as a profitable pursuit—unless the Klan expects these as donations.

## Build for the Future

Perhaps one of the biggest mistakes any of us make are those of considering only the present. Too many of us, as individuals, have regarded the future of life as a mere continuation of the present with a sameness to be characterized by no substantial changes. We forget that life is an unfolding developing something that brings many changes. What is true with individuals also applies to a town or a community. With each new year there come new demands which must be met, and if met, are reflected in the community's development next year or the next in such way as to make it a more desirable place in which to live. So that obligation carefully and wisely assumed becomes an investment in the future.

## Gets Him a Job

Editor Johnson of the Memphis Herald has at last landed him a job—disbursing funds for the Ku Klux Klan of that city. "The invisible empire has come to Memphis," says the Herald. Then proudly he says: "The Knights of the Ku Klux Klan are among us. The organization that struck terror to the 'carpetbaggers' in reconstruction days, and in this day is fighting the forces of evil in modern life, now has a chapter known as Memphis Klan No. 164 Realm of Texas."

It is to be regretted that one must go back half a century to find excuse for the existence of the Ku Klux Klan of today—the reconstruction days when the carpetbaggers were such a terror to the South. That is the sole reason why some people hug the klan to their bosom and praise it for its operations today, some of which are in direct violation to the constitution of the United States.

## "Dive of Death" Stunt

The people of Foard and surrounding counties will have an opportunity on Saturday, December 3rd, to see C. Pat Murphy in his famous "dive of death" stunt. This stunt is made by turning the machine in a nose dive and while in its drop to earth Murphy stands on the top wing, on tail of machine, and, in fact, goes practically all over the ship, and just before machine reaches earth Murphy slides back and places machine under control.

This stunt has never been attempted by any one else, so Murphy promises you a real sensation. Besides this stunt he will make all the dives and topsy turvies usually made in an airplane.

This stunt will be at 5 o'clock Saturday, December 3rd, and it will pay you to be in Crowell at that time to see it.

## Notice to Telephone Subscribers

We are needing money and on and after December first if your account is not paid by the 20th of every month, we will discontinue your service. We want your business—but we want it on a sound business principle. We want it on practically a cash basis. You can't buy a railroad ticket or get services from any public utility on credit basis. We will credit you for accommodation for 20 days but we can't pay our operators, managers, bookkeepers and linemen on the credit—they want their money and they are going to have it even if we have to borrow it.

We want your business as above outlined but if you can't comply with the above policy please call your manager and order "telephone out." We are not going to call you and harass you about your account but we will cut your line loose from the board on the 20th of month following date of billing. This will happen automatically.

## TIBETAN MENU NOT VARIED

Majority of the Population Subsists Almost Exclusively on Barley Meal and "Butter Tea."

Tibetans live almost the year round on two things, parched barley meal, called "tsamba" and "butter tea," according to Dr. A. L. Shelton, writing in the National Geographic Magazine. Tsamba is made by parching barley and then grinding it into a very fine flour. It becomes a sort of emergency ration, for, being parched, it requires no cooking.

In preparing the other principal article of their diet the Tibetans first make a strong liquid by boiling the coarse Chinese tea, which they prize most highly. The concoction is strained into a churn and to it are added a lump of butter, more or less salt, and a handful of salt. The queer mixture is then churned into an emulsion.

The typical meal among the valley folk of Tibet, and among many of the nomads as well, begins with the drinking of two or three cupsful of butter tea.

As the Tibetan drinks his hot butter tea, he continually blows back from the rim of his bowl the film of butter that rises to the top. After several bowls of the beverage have been drunk, there is a considerable accumulation of butter. The bowl is then half-filled with the emulsion. Into the hot liquid, rich in butter fat, tsamba is now poured, to be kneaded by the fingers into lumps and eaten.

Knives, forks, and spoons are unknown in Tibet—all eating is done with fingers. The wooden bowl is carried in the sheepskin garment next to the skin, and each time after being used it is licked clean with the tongue and replaced in the garment.

## WORD CHANGED IN MEANING

Modern Filibuster is a Comparatively Harmless Proceeding, Considering What It Once Meant.

When a legislator attempts to delay the progress of a measure he disapproves of, in the hope of preventing its passage, spending hours upon hours debating it, he is called a "filibuster." The only parliamentary body in the world where filibustering to the extreme is countenanced and where it has a chance of success is the United States senate.

The real meaning of the word "filibuster" is a lawless adventurer, especially one in quest of plunder. The term is derived from the original filibusters, who were West Indian pirates. The name is traceable to that of the small, fast-sailing vessels which used to be called "filibotes" or "fly-boats."

Gradually the meaning of the expression began to embrace all sorts of military adventure. American usage finally broadened the phrase to such an extent that it now includes those senators or congressmen who use obstructive and dilatory tactics to gain their ends.

## What Then?

---

So far as is known now the Special offer on the Foard County News and the Star-Telegram will be withdrawn on Dec. 15. This may be extended for a few days but it is not certain. Better take advantage of the offer while you have the opportunity and save \$4.75, for that's what it means.

After the expiration of the offer the prices of the two will be:

The Star-Telegram	-	\$10.00
The Foard County News	-	<u>\$2.00</u>
Total	- - -	\$12.00

During the remaining 13 days these will be offered for the low sum of only

# \$7.25

That pays for a year's sub to both papers. No other paper in Texas makes as good clubbing offer as this one made by the News.

### American Legion News

An escaped leopard which terrorized Kansas City and Independence, Mo., was reported headed for Parson. American Legion men of the city assembled in their clubrooms, cleaned up the old army Springfields used by the firing squad and prepared for defense of the town. It was learned then, however, that a reward of \$50 was offered for the capture of the leopard alive. The guns were stacked and a Texas ranger of the post set out to rope the animal. He is still after it.

The American Legion post of Lawler, Ia., has completed a trade with the city authorities whereby the ex-soldiers act as the municipal fire department and the city in turn furnishes a clubhouse and overhead expenses for the Legion men. The service men already have had several baptisms of fire.

An ex-soldier has requested the Oklahoma American Legion to canvass the country for Ollie Kendall, former doughboy of the 140th Inf., 36th Div. "He was my buddy in France. I borrowed a bunch of francs from him once. Winter is coming and he is married and has two children. I know he will need the money this winter and I want to pay him, wherever he is," the service man said.

Chauncy M. Depew shocked the American Legion of New York the other day by appearing to ask for his war service medal. He was but a name-sake of the world's greatest after-dinner speaker, however, who was a supply sergeant in the A. E. F.

Colorado and Texas led the lists of new posts chartered by the American Legion during the week ended November 18, according to national headquarters. Eleven posts gained during the week raised the total to 10,672. Other states to add posts were Kansas, Louisiana, Michigan, Minnesota, Mississippi, Oregon and Pennsylvania.

More than 3,000 unemployed ex-service men of Chicago will eat Christmas dinner on "Lightnin'" this year. With Fred Stone as stage manager and the veteran Frank Bacon as his assistant, the American Legion of Chicago is preparing the theatrical benefit.

More applications for membership in Kansas City American Legion posts have been received since the national convention than in the preceding twelve months. The increase in the number of Legionnaires in Kansas City as a result of the convention has been estimated at twenty-five hundred.

To advertise an American Legion rummage sale for unemployed soldiers, Mrs. Marry H. Hewitt, wife of a prominent physician of Seattle, donned Charlie Chaplin raiment and paraded the streets with a sandwich board. Clothing from the rummage sale counters comprised her attire.

The town of McMinnville, Ore., wanted to add a pulmotor to its fire-fighting equipment. When the American Legion post of the town learned that the department had been compelled to give itself as security to raise money for the apparatus, they turned over half their Armistice Day show proceeds for the purchase.

With national prohibition an accomplished fact, the W. C. T. U. has turned over to the American Legion the remainder of a war-time fund totalling \$4,000. The Legion will use the money for the immediate relief of sick and wounded service men.

The United States army has been so reduced in number that when the American Legion requested a firing squad from Ross aviation field, California, the commanding officer had to haul down a balloon to get the number of men required. The shortage of personnel is so acute that men must be taken off duty to fill such requests.

The American Legion has begun a nation wide canvass to determine who was the last soldier killed in action. The French government will erect a monument to the last to fall. A Legion post at New Haven, Conn. has put forward the name of Thomas J. Walpole, Jr., killed on the morning

of Armistice Day in an outpost engagement.

Gamaliel, the 60 pound turkey for President Harding's Thanksgiving Day dinner, was sent from Crystal Springs, Miss., in a profusely decorated crate by the American Legion of that city. The whole town of Crystal Springs turned out to bid the bird goodbye. Gamaliel's chaperone to Washington was M. H. Daily, prohibition director for the state of Mississippi.

### WANT FOREIGNERS TO TOUR COUNTRY

Washington, Nov. 20.—That a tour of the United States by representatives of foreign Governments attending the arms conference, as well as by the newspaper writers, such tour to be at the expense of the United States Government, would be of large benefit to the country was stated by Representative Hudspeth of Texas, who has introduced one of the resolutions now before Congress to provide funds.

Senator Stanfield of Oregon has such a resolution before the Senate, the difference being that the Hudspeth resolution contemplates that the tour shall be westward by the Northern route, and returning by the Southern route from the Pacific coast, with a stop at El Paso, where the welcome would be enlarged by official representatives of the Mexican Government.

Mr. Hudspeth will ask the House Committee on Foreign Affairs to report his resolution and he will use it as a basis for a speech in the House. The plan, as pointed out, would afford first hand information to the foreign representatives and the writers of the extent of the territory of the United States, its resources and population.

"Many foreigners regard the United States as being divided into forty-eight separate countries, each independent of the Union," said Mr. Hudspeth. "Some think that in traveling across the country one has to cross many frontiers, and that there is no unity of purpose of the States when it comes to government and nationality. The visitors of course understand differently, but they might be impressed anew with the fact that its resources are almost without limit, which is one of the purposes of the proposed tour.

# Shoe Specials

## 363 Pairs Reduced

For Saturday and continuing until sold we will have three hundred and sixty three pairs of men's, women's and children's shoes conveniently arranged on bargain tables, so that you can make your choice easily and quickly. This lot of shoes is made up of odd sizes and styles of numbers which have been discontinued from the line. Every pair is made of solid leather and carries our unqualified guarantee of satisfaction or money back. Don't look on these tables for freakish styles. They are not there. Every pair is a good, serviceable shoe, honestly made and offered at an honest price to people who want good shoes for less money. We cannot allow one or two sizes of several different styles to accumulate in our stock, but must move them out in order to maintain our policy of offering new goods all the time. If you are interested in shoes you should surely look over these bargains. If you don't like them—no harm done. But you might be surprised at the values we offer.

### OTHER SPECIALS

For Saturday and First Monday we will have many other specials in sweaters, wool caps, gloves, men's, women's and children's hosiery, gingham, serges, blankets, men's suits and overcoats. See them before you buy.

### READY-TO-WEAR AND MILLINERY

### Lend Your Aid to the Crowell Cemetery Assn.

For some fifteen or twenty years you have been responding cheerfully to the call of the Crowell Cemetery Association for funds to pay the sexton and such other improvements as the society could afford to make. For this aid of the past years we are very grateful.

As you know there are about sixty members in the association, but about twenty at the outside are what you term active members. We pay the sexton \$40.00 per month. His duties are to keep the grounds clean, the graves filled and see that no grave is placed on your lot. Also he is there to dig a grave when wanted. During dry winter months there is not much work and several times we have tried doing without a sexton during these times but invariably graves have been placed on the wrong lots—and much trouble would follow. So far a number of years now we have kept a sexton for whole time.

Of course the money must come from the people. About a year ago we put boxes at the stores and asked for donations. You responded nobly. In the spring the high school baseball boys and the town fads gave us a benefit game from which we realized about \$90.00. And now Coach Tate and the high school eleven are to meet the Goblins from "somewhere" in a football game for our benefit.

We are assured the school will be there 100 per cent strong. How about the town? Will you give to the memory of our dead one hour of your time and the price of a ticket—50c. We assure you a good game. If you can't be there buy a ticket and make Crowell 100 per cent for the care of its cemetery. Tickets on sale at both drug stores.—Cemetery Association.

### Card of Thanks

I wish to express my very great thanks to the neighbors who helped us during the serious sickness and death in our family. I want you to know that I appreciate this spirit of kindness and thoughtfulness more than I can express in words.—Johnie Roulain.

### TRESPASS NOTICE

No bird hunting, wood hauling, or trespassing allowed through any of the Worsham & Johnson pastures.—W. B. Johnson.

### Nearly 28,000 Miles of Good Roads Built in 1921

Road building has recovered from the setback received during the war and prospects are bright for the future. Approximately 14,000 miles of road have been constructed during the present season by the States in conjunction with Federal aid, according to the Bureau of Public Roads, United States Department of Agriculture, and probably an equal amount independent of Federal aid. More miles of improved road have been built than during any other year.

Costs of road grading and construction with local materials is down practically to the 1914 level. Some reductions, also, have been made in freight rates on road materials. The importance of this item is shown by the fact that in some cases it has been estimated that increased freight rates have added 10 per cent to the cost of a road. Prices of manufactured road materials tend downward; the present level is materially lower than that of a year ago.

With the new appropriation by Congress of \$75,000,000, added impetus will be given to new road construction. Many of the States are considering enlarged amounts of State aid and the new law will have a tendency to encourage this policy. It will also secure the construction of a system of interstate and intercounty highways, rather than haphazard selection of roads as in some cases in the past.

The meeting of the Association of State Highway officials to be held in Omaha, Neb., Dec. 5 to 12, will be devoted largely to the discussion of ways and means of complying with the new law and getting construction under way.

### ROAD LEGISLATION NECESSARY SOON

#### Federal Act Requires That States Control Outlay Of Aid Funds

Austin, Texas, Nov. 26.—"It will be absolutely necessary for the Texas Legislature to provide a fund for maintenance purposes," says a statement issued today by the State Highway Commission, discussing provisions of the new Federal road aid act. "And the time is near at hand when an adequate State fund will have to be provided to match the Federal appropriations (for roads) to be made in the future. Until such a fund is provided we will be compelled to rely on the counties to furnish the funds but the Legislature will have to enact laws placing the county funds under the direct control of the department, delegating to the department the authority to expend same."

The law provides that Federal funds shall be devoted to improving only 7 per cent of the total highway mileage of the State. The statements says: "In laying out the 7 per cent system the commission is taking into consideration the needs of the whole State with a view of connecting up the commercial centers and giving a connected road to all important cities and towns in the State, serving the agricultural and commercial interests in the most equitable manner possible."

The commission regards the new act "as one of the most progressive measures relating to internal improvements ever enacted by Congress."

Baylor County is applying for state aid for road construction. A program has been outlined which calls for the expenditure of \$600,000 including \$200,000 which that county hopes to get from the State. Gravel-surfaced roads will be considered by Baylor County as the most feasible character of roads.

**Smiles**  
He: There'll be a lot of disappointed girls when I marry.  
She: For heavens sake, how many do you expect to marry?

**Mistakes**  
When a Plumber makes a mistake he charges twice for it.  
When a lawyer makes a mistake, it's just what he wanted, because he has a chance to try it all over again.  
When an electrician makes a mistake he blames it on induction because nobody knows what that is.  
When a Judge makes a mistake it becomes the law of the land.  
When a preacher makes a mistake nobody knows the difference.  
When a doctor makes a mistake, he carries it.  
But a salesman, he is different, if he makes a mistake, "I always knew that fellow was a crook."

## Greatest Sensation Known

We have secured for our sale the greatest Airplane act known in the world for your entertainment.

**C. PAT MURPHY**  
(ACE OF AIR NUTS)

Presenting

### "THE DIVE OF DEATH"

The only living person who stands on upper wing, stands on motor, stands on tail of ship and in fact all over it while ship is in a tail spin to earth.

The most thrilling, daring, death dealing series of stunts ever attempted on an airplane. These stunts will be performed at 4:30 P. M. Dec. 3, the first day of our sale. You cannot afford to miss it. **YOU KUM.**

### \$10.00 FLIGHTS

It is customary that a pilot receive \$10.00 for each flight made, but C. Pat Murphy has consented to take you up on Saturday, December 3rd, the first day of our sale, for only \$5.00. His company has made around 3,000 flights and never had an accident. C. Pat Murphy will have a new three-passenger ship and if you have never had the thrill of an airplane ride, try it. You will like it and will be ready to go again when you come down.

### FREE FREE

On Saturday, December 3rd, we will issue to every person who trades to the amount of \$75.00 a ticket that will entitle you to a free ride in C. Pat Murphy's airplane. Families trading can designate one of the family. The person the ticket is issued to must go up. Tickets are not transferable. We are not responsible in case of accident.

**A BABE RUTH HOME RUN SALE**

Just as the Court House clock strikes 5 A. M. Saturday, December 3rd, we are going to have a Babe Ruth home runner on 1,000 yards of real twenty-five cent ginghams for  
**Five Cents Per Yard**  
This sale lasts only thirty minutes and you are entitled to all you can buy. If you are not present don't blame us, blame yourself, because this gingham will go on this Babe Ruth home run sale, and the grand stand may push and jam as of yore.

Aladdin's Lamp had to be rubbed. The Gold of the world and the most beautiful princess of Persia were his—but he had to rub the lamp. To secure the best bargains at our sale you will have to have gasoline in your benzine flivver and arrive at 5 A. M. Saturday, December 3rd.

Bait is meant for fish hooks—not intelligent buyers. Someone is going to say, O, those people are just putting out a few baits to get the people over to Crowell. We will give anybody \$100 in cash to find anything misrepresented by us in this ad. We have all the goods as advertised and, more than that, every article in the store will be reduced to a most pleasing price. To those who have attended our sales this talk isn't necessary. To those who have never attended our sales, it will remove all doubt as to a genuine sale. We are going to have one, you come on.

Have never had the thrill of an airplane ride, try it. You will like it and will be ready to go again when you come down.

We are going to give you a good, all-wool overcoat for \$12.50 per suit.  
12 Jno. B. Stetson hats in newest and latest styles for \$3.95 each.  
If you can't pluck the plum when the limb is bending low with the big juicy fruit, don't waste around us when the "blue whistlers" make you "scrunch" up like a hoot howl. YOU KUM.

You Wilbarger, Hardeman, Knox and Cottle County folks are all welcome to our sale. You will not only save money on your fall dry goods bill, but we will positively guarantee that you will enjoy the show and go home in the evening with something to talk and laugh about, because we are going to have some real thrills, thrills that we cannot tell you about, but things will come to pass that you will probably never have the opportunity of seeing again.

**Smiles**

The eyes of the world are on Washington where the fate of nations and future peace of the world are at stake, but the eyes of Foard County and surrounding counties will be on Self's Sale and C. Pat. Murphy in his death defying stunts in his airplane, Saturday, December 3rd. If you don't attend you will be sorry when your neighbor tells you about the many good bargains and the thrills and thrills that you missed. You KUM.

Paging Mr. and Mrs. Economy: But in this instance the bell hop doesn't get the fat, juicy tip, but the tip is coming to the one being paged. Will you answer the call at 5 o'clock, Saturday, December 3rd?

We all have approximately 72,000 hours in which to make good. Use 14 hours of this time at our sale—you will never regret it.

FOARD COUNTY'S universal yell December 3rd is Self's Sale, Self's Sale, Self's Sale.

If we fail to give these values during our sale, our sale will be a failure. Those who know us, know that when we put on a sale it means something and they Kum. Last year we had 300 people at our front door at 5 A. M. when the doors opened and we sold \$4,500 first day of sale. Cotton was then worth around 10 cents and people were hard to make buy. Now people are going to jar loose during this sale and buy because we are going to give them real values and see that all are pleased in every way. Don't be excited, you town folks, if the plane drops a few bumbs and places a few skyrockets 5 A. M. Don't be surprised during the day if you get a thrill that will make your hair stand on end. It's comin'. SALE CLOSES SATURDAY, DEC. 17. KUM.

# Southern Baptists Wage Vigorous Warfare Against Tuberculosis In This Section

WOMAN'S INFIRMARY BAPTIST SANATORIUM

FOUNTAIN PLAYS IN CENTER OF COURT BETWEEN TWO INFIRMARIES

RECREATION PATIO BETWEEN MEN'S AND WOMAN'S BLDG.

INVITING CORNER OF MEN'S INFIRMARY

ENTRANCE TO ADMINISTRATION BUILDING

In one of the most extensive fights that has ever been made by any religious body in America for the eradication of disease, Southern Baptists, through their Home Mission Board, have undertaken the task of combating tuberculosis in the 18 states comprising the territory of the Southern Baptist Convention. The first step in this direction was the recent establishment on a tract of 142 acres at El Paso, Texas, of the Southern Baptist Sanatorium, where \$500,000 from the 75 Million Campaign has been invested and where \$500,000 more will be placed by the end of the campaign period. The institution is located at an altitude of 4,500 feet on the side of Mt. Franklin and commands an excellent view of the mountains of New Mexico, Western Texas and Old Mexico, whose border is only six miles distant. Dr. H. F. Varnhill is superintendent.

Included in this plant at present are the administration building, the newly completed women's infirmary and men's infirmary, heating and refrigerating plant and the superintendent's quarters. Provided for in the building plans for the future are a medical and educational building, nurses' home, children's building, dormitories for convalescent patients, an occupational and vocational therapy building, chapel, laundry and minor structures.

150 People Die Daily. Indicating the need of additional effort looking to the elimination of tuberculosis in the South, reliable figures gathered by the public health agencies of the South and the Nation show that there are 150 deaths daily from tuberculosis in the 18 states comprising the territory of the Southern Baptist Convention, making the annual death toll of the white plague in this section of the country alone

\$7,742. The death rate from tuberculosis is 14.2% higher in the South than in the Nation as a whole. One reason for the exceedingly high death rate in the South is the great prevalence of the plague among the negroes who are especially susceptible to tuberculosis, the death rate among them being three and one-half times that among the whites. But inasmuch as the negroes will doubtless continue to be intimately associated with the whites in domestic and other work in the future, the whites will never be safe from infection until the negroes, as well as the whites, have been freed from the plague.

It has been estimated that the total economic loss from the ravages of tuberculosis in the South is \$175,000,000 a year, and in projecting their warfare against the plague the Baptists hope to greatly reduce this loss, as well as to save the life and promote the health and general efficiency of the whole people.

Would Educate the People. In addition to providing treatment for persons who have already con-

tracted tuberculosis, the sanatorium is carrying on an educational work that seeks to inform the public at large through the printed page as to the danger of tuberculosis, how it can be avoided and how, once it is contracted, its progress can be arrested through proper sanitary measures at home. Other phases of the educational program include the training of workers inside the sanatorium and occupational and vocational work for patients. The extension department is widely disseminating literature on how to combat tuberculosis. An endowment fund that is being created for the institution will make possible a much larger circulation of literature and will also enable the institution to take care of indigent patients.

The sanatorium is at present seeking to devise special plans whereby it can serve the negroes of the South in combating tuberculosis. It is felt that the negroes' inability to help themselves in the matter entitles them to this consideration and that this assistance should be given, furthermore, as a means of self-protection on the part of the whites.

Other Phases of Baptist Work. In addition to the Tuberculosis Sanatorium, Southern Baptists have a string of seventeen regular hospitals in operation and seven others under course of construction. This hospital property is valued at approximately \$7,000,000 and these institutions last year treated 46,000 patients many of them being charity cases. Southern Baptists also operate 19 orphanages in which approximately 5,000 orphan boys and girls are cared for, educated and trained for Christian citizenship.

## MEXICO'S STABILITY INCREASES BUSINESS

CUSTOM HOUSE TRADE REPORTS SHOW TREMENDOUS DECREASE.

## EDUCATION SHOWS INCREASE

Prominent Bankers and Magazines Investigate—Oregon Expresses Views.

Custom house reports indicate a growing business with Mexico. This business increase has been noticeable in every line of trade and has been developed on a large basis in the Mexican Republic while business in the United States was quiet. Because of the possibility of increasing their business in foreign countries the largest business houses in the United States have sent their agents into Mexico to make investigations with the result that the American Chamber of Commerce of Mexico City reports that many American business houses which formerly did no business in Mexico are establishing branches in that city and are preparing to make an intensive drive for Mexican business. The same source reports all factories and mills operating at full capacity and with a degree of labor unrest smaller than in many years. The cotton industry in particular is being operated at high pitch. Mexico has about 130 cotton mills, of which about 85 per cent, calculated by output, are in or near Mexico City. The staple used for manufacturing is the home-grown product.

### New York Bank Investigates

The Foreign Trade Record of National City Bank of New York says: "The purchasing power of Mexico shows a less decline than that which characterizes conditions in many other countries. Exports to Mexico in the fiscal year which ends with next month will, according to a statement by The National City Bank of New York, be double those of the preceding year and six times as much as the annual average prior to 1918 when war great oil outturn multiplied her purchasing power."

Exports from the United States to Mexico, continues the bank's statement, which averaged less than \$50,000,000 a year prior to 1917, suddenly jumped to \$107,000,000 in the fiscal year 1918, \$120,000,000 in 1919, \$144,000,000 in 1920, and will be approximately \$250,000,000 in 1921. This tremendous growth in our exports to Mexico in the very recent period and especially the current fiscal year has continued down to the latest moment.

Exports to Mexico of nearly all other parts of the world show for the latest month a decline. In fact, no other country shows this unique record of having more than doubled its takings of United States merchandise in the fiscal year 1921. "On the import side, the growth has also been large, though not so great proportionately as in exports. The total imports from Mexico, which prior to the oil period averaged about \$75,000,000 a year, were \$112,000,000 in the fiscal year 1917, \$158,000,000 in 1919, and will be about \$170,000,000 in 1921."

### People Want Land.

Thousands of inquiries are being received weekly by the various departments of the government in Mexico asking information as to the requirements for owning land, the localities where land is available for all purposes from mining and oil to timber and agriculture. The departments are glad to answer any bona fide inquiries and are rapidly preparing information printed in English that they feel will be of interest to those making inquiries.

There is much land in Mexico available for all purposes. The government requires that persons owning such land conform to the laws of the country, which is the same that is demanded elsewhere in the world. The government offers every protection possible to foreigners locating in Mexico. Special inducements have been made for persons locating in Mexico as to freight rates for household goods, and in order to insure the restocking of the country with cattle and sheep and other herd animals the government is assisting by waiving many import restrictions.

### Educational Campaign.

The campaign undertaken against illiteracy by the correspondence branch of the National University is being constantly intensified. This work not only affects the children of the middle class, but teachers have also been appointed to carry on the labor of educating the Indians. Many people have become interested in this campaign and are enthusiastically cooperating in the establishment of additional schools, the circulation of books and the organization of educational programs.

### President Obregon's View.

"I believe that Mexico today offers absolute security for business investment and enterprise. The country is at peace, a stable government has been established, every effort will be made to give guarantees to all business men who come here with the object of making investments, and every facility will be granted them for the development of their projects," says President Obregon.

### Department Furnishes Information.

The Department of Industry, Commerce and Labor of the Mexican government welcomes any questions as

to conditions in Mexico with reference to any commercial or industrial pursuit. Letters should be addressed to the Secretary of the department and they will then be referred to the proper departments. There has been much information advanced with reference to Mexico that has not been authentic and the department is desirous of giving first hand information to any person interested.

## Red Cross Trains 147 Blind Vets In Useful Work

Training designed to fit them for the battle of life was taken by 147 blind ex-service men in the Red Cross Institute for the Blind, near Baltimore, Md., during the fiscal year 1920-21, according to the report of the institute for that period. Of this number, 19 have gone on to other institutions, in almost every case to institutions where those having sight are receiving advanced education. The blind ex-service men who have entered such institutions are provided with special textbooks in Braille, reading which they were taught at the Red Cross Institute. Twelve men have passed from the institute to successfully carry on some occupation or business for which they were fitted by special training. A few have withdrawn from the institute because of poor physical condition, 14 are receiving further "training on the job" and 87 are still in training.

## Red Cross Plans \$6,000,000 Effort To Save Children

Medical care and clothing for thousands of children in Central and Eastern Europe are outlined as the activities of the American Red Cross in Europe for the current year, says a statement on the eve of the Annual Roll Call of the organization. These activities, supplemental to the feeding operations of the European Relief Council of which Herbert Hoover is chairman, are designed to provide the most adequate and balanced relief within the resources of private philanthropy. Through the establishment of child welfare stations in the centers of population of those countries where adequate medical care is not now obtainable, the American Red Cross plans to provide the medical assistance needed to restore these children to a normally healthy life. The sum of \$6,000,000 has been made available for this work.

### THE STATE OF TEXAS To the Sheriff or any Constable of Foard County, Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Foard County, a copy of the following notice:

### THE STATE OF TEXAS

To all Persons Interested in the Welfare of William L. Johnson and Joe W. B. Johnson, relatives. Mrs. S. E. Johnson, has filed in the County Court of Foard County, an application for Letters of Guardianship upon the person and estate of William L. Johnson and Joe W. B. Johnson, said minors, which said application will be heard at the next term of said Court, commencing on the 1st Monday in December, A. D. 1921, the same being the 5th day of December, A. D. 1921, at the Court House thereof, in Crowell, Texas, at which time all persons interested in the welfare of said minors, may appear and contest said application, if they see proper to do so.

Herein Fail Not, but have you before said Court, on the said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Crowell, Texas, this 22nd day of November, A. D. 1921.

MARIE FARRIS-BURRESS, Clerk, County Court, Foard County, Tex.

### TO ALL SONG LOVERS

### CALOMEL GOOD BUT AWFUL TREACHEROUS

Next Dose May Salivate, Shock Liver or Attack Your Bones

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your drugist and get a bottle of Dodson's Liver Tone for a few cents which is harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate. 65

### Positions Still Plentiful

Hard times need not worry you. Our free employment Department takes all the risk by insuring positions or refunding tuition. Recent telegrams, letters and telegrams offer \$100 to \$150 positions to Draughton-trained graduates. Positions unfilled every week. Special rates now. Catalog free.—Draughton's Business College, Box 88K, Abilene, Texas. 24p

For Sale—Registered hogs and pigs of any sex. Will sell reasonable.—J. E. Bell. 24p

## Red Cross Gives \$310,000 to Aid 'Clean-Up' Drive

An appropriation of \$310,000 for Red Cross work in connection with the "clean-up" campaign instituted by the Government to bring the claims of all disabled service men who are entitled to Federal aid before the proper government bureau for action, has been made by the American Red Cross. The Executive Committee of the American Red Cross in making the appropriation authorized the appropriation of \$25,000 of this sum to the American Legion to defray the expense of the Legion representatives assigned to the various districts of the Veterans Bureau.

### Young America Sends Vast Relief To Needy Abroad

Various relief projects of the Junior American Red Cross in European countries resulted in helping 237,000 destitute children during the last fiscal year, according to the annual report of the American Red Cross for that period. The growth of the activities of the Juniors abroad is manifested by a comparison which shows this figure is 200,000 larger than that of the previous fiscal year.

The National Children's Fund raised by school children, members of the Junior American Red Cross, was drawn upon for \$420,557 for these projects. Receipts for the National Children's Fund during the last fiscal year totaled \$1,563,317.
