FIDDLERS CONTEST HELD FEBRUARY 17TH

The old fiddlers' contest was held on Thursday night, the 17th, owing to bad weather only three fiddlers were present and it was decided to have the contest over, so the following Thursday night, Feb. 24th, was set. The weather was very favorable and the contestants seven in number. The contest was fairly well filled. Contestants were W. A. Ed. McDaniel, T. B. Lee, G. C. Phillips and D. L. Miss Inez Reavis was into the contest by public subscription after the assembling of a crowd, and R. A. Wells entered with his banjo. Mr. Phillips and Mr. Crabtree were a little stuck up in the mud between Crowell and Thalia, but were in time for Mr. Phillips to win the second cash prize of \$100. Miss Inez Reavis won the prize, \$7.50, and Mr. Hanks \$2.50.

Conditions were favorable for entertainment, the contestants were in a mood to play and the crowd was in a mood to enjoy the occasion. Twice the music fell into J. R. Gamble's feet and he gave an exhibition of his cutting the pigeon's wing, a fact brought back memories of the past with many an older man when fiddling and singing was the favorite occupation of frontier life, not only in this country, but in other portions of the country. At this point Bro. Gamble who had put on the fiddlers' contest for the benefit of the Boy Scouts, stated that he had planned to make the occasion merely a fiddlers' contest, yet he had no criticism against a man dancing and singing dances by himself, a feature of the occasion enjoyed by everyone, even the preacher himself. Music times gets into the feet of the folks, as it did with "Unhahn," although he is well ahead in years.

Receipts of the evening were above \$100, something like a third of the amount necessary for the purchase of the uniforms for the boys, and Bro. Gamble stated that every one should have a uniform or none at all. He is proud of the boys and is doing his best to start them right in life. His work with them in this way offers the best opportunities to them the great lessons of life and he is intensely interested in them. In order to raise the required amount for the uniforms he is asking for subscriptions, which will be to help those whose parents are not able to purchase uniforms. A number of boys all of those who can buy uniforms, will do so, but for those who can not, the money must come from other sources.

FARM LOAN ACT HELD VALID BY SUPREME COURT

The supreme court has held the federal farm loan act constitutional. Land banks established by congress to make loans to farmers were attacked as unconstitutional and loans have been held up pending a case brought by a stockholder in the Texas City Title & Trust Company, who sought an injunction to restrain that institution from paying its funds in bonds issued by the farm loan bank. The decision of the supreme court, it is said, will permit the banks to go ahead with the sale of their bonds, which is claimed to render unnecessary the proposed \$200,000,000 appropriation.

A surprise awaited W. R. Womack Tuesday in the shape of a birthday dinner prepared with his being aware of the fact. Womack is 44 years of age and will likely live 44 more, and does he will not be extremely old then, for they tell us life is lengthening out so as to set prime of life up towards that mark. If his life is thus extended his most useful and profitable years are before him.

MR. FERRIN WRITES FROM BAY CITY

Bay City, Feb. 21, 1921.—Editor News and Friends:

The business men of Corpus Christi and the farmers gave all the tourists a good time. There were 100 autos and some 500 people, with the drivers.

First, we stopped at Kingsville, a busy, fine city, were taken through one of the fine stores, then out to the big gas well where they had prepared a fine barbecued dinner, then to the million-acre King Ranch where we witnessed the milking of 100 cows with the milking machine, and at 3 p. m. we were taken through the wonderful ranch house and the entire party was treated to ice cream and cake. This ranch house cost \$500,000. There were more than 400 carloads of material used in its construction. All labor on the ranch except a few superintendents is Mexican and some of the older ones are now given a pension by the management. We were taken on this trip one route and back another, 100 miles in all through a lovely country, so far as soil and lay of land were concerned, and all free to tourists.

They have a fine tourist club at Corpus that meets every Friday afternoon and always have a fine program. We reached this place Saturday and are enjoying a fine visit with our friends, Mr. and Mrs. R. M. Pyle and Emmett. All were out in the auto yesterday over a fine looking country, and what pleased me most was the fine grass everywhere along the road way and in the pastures, then here we see large trees. There are none in the Corpus Christi country. This has been a great rice section but prices are low now. Farmers are busy planting corn. We had a good rain Friday then it turned colder with a frost and a little ice this morning. Mr. Pyle has a fine piece of land with good natural drainage, a little sandy, and he could get water for rice crop but has not raised any. They had too much rain last season.

We like all of Texas that we have seen, and that is a lot. The people are very hospitable and wish you to feel at home when coming among them as strangers. From Refugio east to this place the pastures were good and seemed to be well stocked, while northwest from Corpus Christi the ranges were dry and we were told by ranchmen that they were losing cattle. In this section they have the rice straw and other roughness to help out. The well water in Mr. Pyle's neighborhood is good.

Like most of the coastal plains country trees and buildings are the only things that check one's vision.

Mr. Pyle is having some trouble with a bad tooth. Otherwise they are all well. The Strattons went to Galveston Saturday to start for Iowa tomorrow.

All here send best wishes to friends in Foard County.—H. M. Ferrin.

A PECULIAR THEFT

About ten days ago T. M. Beverly received word from L. Bodofsky who lives on Mr. Beverly's Hardeman County farm that some one had cut and taken away 50 yards of his woven wire fence which encloses his farm. Mr. Beverly at once notified Sheriff Gober of Hardeman County and received a message from him Tuesday that he had the guilty party in jail and had recovered the wire together with other stolen goods which the party was attempting to ship to New Mexico.

Of all the thefts we have heard, cutting a man's fence and carrying it off, seems to be the limit. What'll be next?

Joe Kuykendall of Stamford, superintendent of the western division of the Industrial Transportation Co., was here last Thursday. This was Mr. Kuykendall's first visit here and he was favorably impressed with the business at this place and also with the stockholders he got acquainted with while here. He thinks the business outlook is bright.

LUBBOCK OPERATOR SHOT BY HI-JACKERS

J. Edgar Craft, night operator at the Santa Fe station at Lubbock, was killed by bandits Friday morning while at his post of duty. The bandits demanded that Craft open the safe, which he said he could not do because he did not know the combination, whereupon one of the men opened fire on Craft, one of the bullets piercing his left lung. The wounded man had strength enough to get to the telegraph instrument and sent this message to the operator at Slaton: "The Hi-jackers have shot me. Be careful with your trains." Within a few minutes afterwards Craft died.

A dispatch from Lubbock to the Star-Telegram of the 26th, the day following the shooting, said:

Jess Bond, 22, of this place, who was arrested Friday evening in connection with the shooting and killing of J. Edgar Craft, Santa Fe operator, here Friday morning, in a signed confession to Sheriff Holcomb of Lubbock County late Friday admitted his participation in the attempted robbery and gave the sheriff the name of the man who Bond alleges fired the single shot that caused Craft's death.

The man is now under arrest here with Bond and one other whom Bond in his confession implicated in the attempted robbery.

Due to the high tension of feeling among the citizenship, throughout the day the officers continued to make every pretense of scouring the country and at various times left the apprehended men sitting in plain view in sheriff's office, saying that they had six men under arrest but were not satisfied until they found one of two more. It was through this "ruse" that the possible violence was avoided. The last act of the slain man while laying on his back on the table where he worked was to call the chief dispatcher of the Santa Fe at Slaton and report, "Hi-jackers have shot me, be careful with your trains."

Thirty minutes later the morning passenger from Slaton arrived loaded with emergency operators and officials and the passengers at the station never knew anything unusual had happened.

The full force of the railroad company co-operated with the early clews. A reward of \$500 was posted and the men lodged in jail before 9 o'clock Friday night.

Jess Bond, the son of a widow at this place, in his confession declared that the robbery was planned more than a month ago. He charged that another Lubbock youth was the "master mind" of the robbery plan. The brother of this man also was implicated by Bond's confession.

Bond declares the "master mind" furnished the guns and masks and upon the night of the attempted robbery took the two younger boys over to the courthouse, gave them the guns and masks and told them to pull the job that night.

The younger boys went directly to the station while the "master mind" stood across the yard and watched the whole thing through the lighted windows, according to Bond. When the shot was fired, Bond said, he went home and was arrested there two hours later.

BANDIT ATTACKS AGENT AND ROBS TICKET OFFICE

Quanah, Texas, Feb. 28.—A lone bandit entered the Fort Worth & Denver City Railroad Station here at 6 o'clock this morning, beat Ticket Agent Miller into unconsciousness, took \$150 from the safe, grabbed Miller's watch and made his escape. Miller is not seriously hurt and was able to give the officers a good description of the robber.

L. E. Kester of Vernon and W. Y. Hammock of Wichita Falls were here yesterday, Mr. Kester in the interest of the Vernon Commandery, and Mr. Hammock in the interest of the Wichita Falls Shrine Temple.

ONE HUNDRED HENS PAY \$40.00 IN JAN.

Another instance of the value of the hen is found in the fact that through January of this year Mrs. W. W. Kimsey sold from her 100 hens an even hundred dozen of eggs. The price through January averaged about 40 cents per dozen, which makes the receipts from this bunch of hens \$40.

Mrs. Kimsey has tried the Leghorns, the Rhode Island Reds, and other breeds of chickens, all of which she says are good, but her favorite is the Buff Orpington, which has constituted her entire flock for several years. She finds them to be the best winter layers she ever kept.

No family with 100 standard bred hens of any recognized breed need worry about paying the grocery bill when eggs are selling at a fair price. These have brought thousands and thousands of dollars into the county this winter.

CAR RUNS INTO DITCH; TWO ARE BADLY HURT

While A. J. Tanner was driving his car on the highway in the Vivian community near Allen Fish's farm last Friday he attempted to pass a wagon driven by Joe Rasberry and lost control of his car and it plunged into the ditch turning completely over. The occupants of the car, A. J. Tanner and his wife, and his brother, Will Tanner, and his wife, were pinned underneath the car until assistance could be obtained to release them. They were all considerably bruised up but Mr. and Mrs. Will Tanner, it was thought at first, were seriously injured, but the latest report from there says they are getting along well, except Mrs. Will Tanner whose injuries were more serious than the others.

COMMUNITY PRIDE IS SHOWN IN ROAD WORK

While the county is building highways some of the people living away from the highways are putting up the roads leading out to them in good shape. This is the case in the community immediately southeast of town and extending for eight or ten miles.

The people in that section of the county have gone to work and are donating their time and the work of their teams in this community road building, which is a mighty good example for other communities.

"KEEP UP ADVERTISING." SAYS PRESIDENT OF RETAIL CLOTHIERS' ASSN.

Gainesville, Texas, Feb. 27.—Leo M. Kuehn of this city, who was elected president of the Texas Retail Clothiers Association at its recent State convention in Dallas, is a firm believer in newspaper advertising. If merchants desire to reduce overhead charges, he says, they should do so in cutting some other expenses. "Advertising may be expensive," said Kuehn, "but it is necessary to good business. There is nothing so important as to let the people know what you have to offer them. I am also opposed to cutting salaries of clerks. I believe that it is better to pay a few clerks good salaries than to have a large force and underpay them."

CELEBRATED GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. G. W. Wallen celebrated their golden wedding anniversary Tuesday at the Wallen home south of town. A writeup of the affair has been promised the News but it failed to reach the office this week. It is expected this will be ready for publication by our next issue.

A number of the people of Crowell attended the celebration and report a great time.

Mrs. J. D. Ferguson and Miss Mollie Streater of Vernon came in Wednesday, Mrs. Ferguson to visit at the R. P. Womack home for a few days, and Miss Streater to locate here indefinitely with her niece, Miss Lucile Ferguson.

OF INTEREST TO FOARD COUNTY TEACHERS

Canyon, Texas, Feb. 17, 1921.—Supt. J. W. Minor, Foard County, Texas. Dear Mr. Minor: The State Teachers' Association, through the Executive Committee, is attempting to impress upon the Legislature which is now in session, the importance of certain educational measures, which are important to the schools of this State. Here are some of the things which are being urged:

1. An enabling act putting in effect the recent constitutional amendment removing the fifty (50c) cent tax limit.

2. The appropriation of sufficient funds from the State Treasury to maintain a per capita apportionment of at least \$14.50.

3. The Rural School appropriation of \$2,000,000.00 annually.

4. The passage of the County Unit Law for the reorganization of the Common Schools, and providing for the grouping of sparsely populated counties for purposes of supervision.

5. Such a revision of the certificate law as will emphasize the importance of professional preparation, and as has already been worked out by a representative committee of teachers.

6. A revision of the Text-Book Law, looking to a better system of distribution of books.

7. A revision of the Compulsory Attendance Law.

8. Appropriations for vocational education under the terms of the Smith-Hughes Law.

It is believed that the teachers of the State should urge upon their representatives and senators the importance of these measures, and as chairman of the Eighteenth Congressional District I am appointing you, by authority of the Executive Committee of the State Teachers' Association, as chairman of your county, and charge you with the duty of enlisting the active support of the teachers in your county in behalf of these measures.

A personal letter from each of them to their representative or senator, or a united appeal from the teachers of your county to these officials would be effective. Immediate action is imperative, and I urge you lose no time.

I also desire that you urge every teacher in your county to send the membership fee of \$1.50 to R. T. Ellis, Secretary, State Teachers Association, 2938 Lipscomb St., Ft. Worth, Texas. The Association is striving hard to help the schools and teachers of Texas, but is badly handicapped for the lack of funds. Let each teacher send in dues for 1921 at once and thereby help the children of Texas, the teaching profession, and the general public.

Fraternally yours,

J. A. HILL,

Chairman 18 Congressional District.

The above letter is self-explanatory. Most teachers are convinced that some radical changes should be made in our public school system. The Legislature is in session at Austin; bills affecting schools have been introduced and will come up for discussion at an early date. Who knows the needs of the schools more than those who are engaged in teaching? The educational measures suggested by Pres. Hill are highly desirable. Do we not need more intelligent supervision, more efficiency, more effectiveness? Write your representative at Austin what you think we need along educational lines for better schools.

J. W. MINOR,

Principal Foard City Schools.

Dr. H. Schindler left yesterday for Dallas to attend the State Dental Association which convenes from the 3rd until the 5th. Next week, following his usual yearly custom of improving himself along new lines of his profession, he will take a post-graduate course. He expects to continue this work every year until he has taken six post-graduate courses. It is commendable for any professional man to keep himself up-to-date. Mrs. Schindler and Elsie will visit in Vernon while the doctor is away.

MRS. A. H. BENNETT DIED SAT. AFTER LINGERING ILLNESS

Mrs. A. H. Bennett, whose maiden name was Elizabeth Ellen Biles, was born in Griffin, Ga., Oct. 6, 1842, and died at her home here Feb. 26, 1921.

The deceased was married to A. H. Bennett September 28, 1859, to which union were born seven children, four daughters and three sons. One daughter died in infancy, another in 1907.

Mrs. Bennett and her husband moved from Farmersville, Texas, to Crowell, locating here more than a year ago. She was one of those really great characters, not after the fashion of the world's idea of greatness, but she was first of all a real trustful Christian character and a mother. Her life was well spent and she was blessed with several years in excess of the allotted three score and ten.

The remains were laid to rest in the Crowell cemetery Sunday afternoon, the services being conducted by the pastor of the Methodist church, of which Mrs. Bennett had been a member since early childhood.

The deceased is survived by her husband, A. H. Bennett, of Crowell and the following children: Mrs. M. V. Click, Farmersville; Mrs. E. H. Boyd, Dallas; J. H. Bennett, Decatur, Texas; C. H. Bennett, Ralls, Texas; S. J. Bennett, Ralls, Texas. She is also survived by forty grandchildren.

SUNDAY SCHOOL ORGANIZED AT GAMBLE SCHOOL HOUSE

Last Sunday afternoon the people of the Gamble community met and organized a Sunday School. They elected as their officers R. E. Bell, superintendent; S. T. Monkres, assistant superintendent; Mrs. E. W. Burrow, secretary.

Money was made up with which to order literature, but the school is to start now, and the Bible will be used alone until the literature arrives.

It is said that there are enough people in the community to make a Sunday School of perhaps 75 pupils. The time for meeting is 3 o'clock in the afternoon.

A DANGEROUS HABIT

The hundreds of accidents occurring every day in connection with automobiles ought to be enough to cause people to be extremely careful. All of them are not caused by careless driving. Pedestrians are even careless and in some instances children run a risk by their ventures, and it is to this habit attention is here especially directed. One of the rural route carriers recently called attention to the fact that sometimes school children stand in the way of an approaching car to see who can stand without moving the longest, and that the car has to be brought almost to a stop to keep from running over them. It is not only annoying to the driver but dangerous for the children. An accident causing serious injury or death to some child in this way would be an experience nobody wants.

200 RATS KILLED ON RUSSELL FARM WITH CLUBS

Raymond Shumate was in yesterday and told us the biggest rat story we have heard. He said that Jimmie Russell, Denzel McBeth and himself uncovered a rat den yesterday morning and killed two hundred with clubs. The den was under a wagon bed which had been sitting on the ground for some time. There were two black rodents in the bunch killed.

The boys say it is great sport to get into a bunch like that.

Edgar Kimsey returned Sunday from Nevada, Mo., where he had gone in answer to a call from his wife who is there taking treatment for her health. He reports her as apparently improving and he thinks she will likely come home within a month or so.

Easter comes early this year—March 27. Just barely time left to get that new suit for Easter Sunday.

RED STAR

Detroit Vapor Oil Stove

THIS IS THE FIVE BURNER

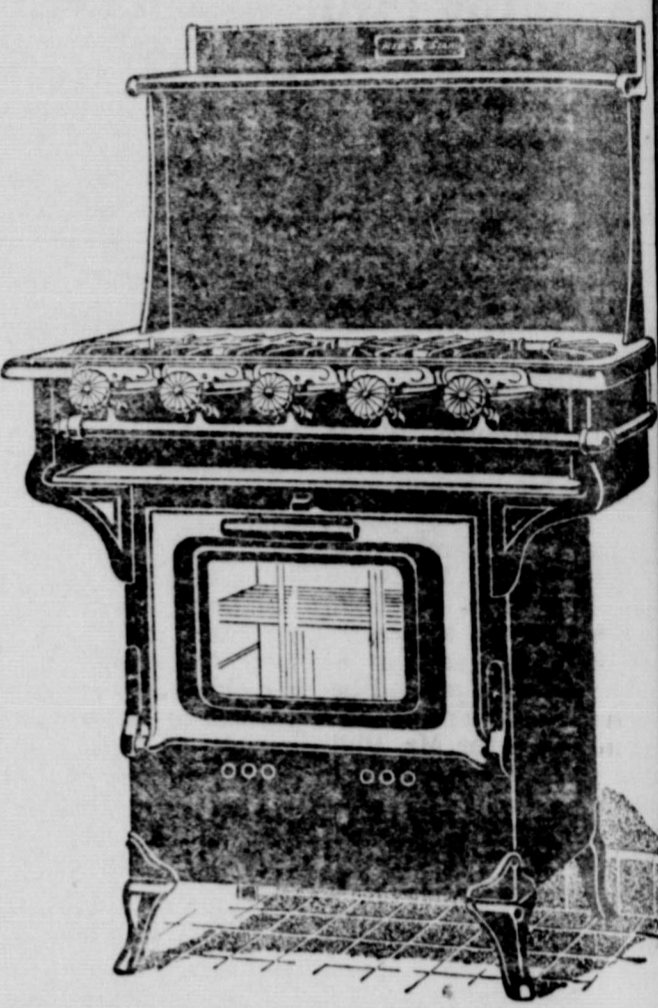

This picture shows you the wonderful Stove that burns any kind of liquid fuel, and burns it all with one burner and absolutely without any kind of a wick.

There are so-called wickless stoves, but when you examine them you find that they have asbestos rings or some other absorbent to hold the oil while it burns pure oil just like an ordinary lamp.

THE RED STAR VAPOR OIL stove is true to its name. It has no wicks at all. It creates common coal into genuine gas and burns gas just like natural gas. Each burner consists of 8 1/2 pounds of high grade cast iron which soon become red hot and will bake, roast, boil or fry equally as quick as the best wood or coal stove.

The RED STAR VAPOR OIL STOVES are made in all sizes up to six burner. All that one has to do to change from one fuel to another is to turn a small set screw down or up to increase or diminish supply to burner.

WE WILL GIVE A PUBLIC DEMONSTRATION MARCH 31.
Come and see this wonderful stove perform and pass judgment.

TRACTORS CROWELL TEXAS SHOE REPAIRING

THE STATE OF TEXAS

To the Sheriff or any Constable of Foard County—Greeting:

You are hereby commanded to summon C. S. Carpenter and C. B. Knapp by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 46th Judicial District; to appear at the next regular term of the District Court of Foard County, Texas, to be held at the Court House thereof, in Crowell, Texas, on the 8th Monday after the 1st Monday in February, A. D. 1921, the same being the 4th day of April, A. D. 1921, then and there to answer a petition filed in said Court on the 1st day of March, A. D. 1921, in a suit numbered on the docket of said Court, No. 1011, wherein Emma E. Johnson, a feme sole, in her own right and as executrix of the estate of J. A. Johnson, deceased, Carl M. Worsham, in his own right and as executor of the estate of W. B. Worsham, deceased, Leola P. Hapgood, joined by her husband, K. N. Hapgood, in her own right, and as executrix of the estate of W. B. Worsham, deceased, are plaintiffs and C. S. Carpenter and C. B. Knapp are defendants, and the cause of action being alleged as follows:

That herebefore, to-wit, on or about the 9th day of January, A. D. 1920, J. A. Johnson, Mrs. Nettie G. Worsham, and the plaintiffs, Carl M. Worsham, personally and as executor of the estate of W. B. Worsham, deceased, Leola P. Hapgood personally and as executrix of the estate of W. B. Worsham, deceased, joined by her husband, K. N. Hapgood, made and entered into a contract in writing with defendants whereby plaintiffs leased and let to the defendants, C. S. Carpenter and C. B. Knapp, for sole and only purpose of mining and operating for oil and gas and laying pipe lines and building tanks, power stations, and structure thereon to produce, save and take care of said products all these certain tracts of land situated in Foard County, Texas, described as follows, to-wit:

Section No. 1, Cert. 16-2, S. P. Ry. Co., 640 acres; Section No. 2, Cert. No. 16-2, S. P. Ry. Co., 640 acres; Section No. 3, Cert. 16-4, S. P. Ry. Co., 640 acres; Section No. 9, Cert. 16-7, S. P. Ry. Co., 640 acres; Section No. 10, Cert. 16-7, S. P. Ry. Co., 640 acres; Section No. 11, Cert. 16-5, S. P. Ry. Co., 640 acres; Section No. 12, Cert. 16-8, S. P. Ry. Co., 640 acres; Section No. 17, Cert. 16-11, S. P. Ry. Co., 640 acres; Section No. 19, Cert. 16-12, S. P. Ry. Co., 640 acres; Section No. 20, Cert. 16-12, S. P. Ry. Co., 640 acres; Section No. 21, Cert. 16-17, S. P. Ry. Co., 640 acres; and containing in all 7040 acres of land.

That Mrs. Nettie G. Worsham is now deceased, and Carl M. Worsham and Leola P. Hapgood, plaintiffs, are her only heirs and legal representatives, and J. A. Johnson, who signed said contract is now deceased and the plaintiff, Emma E. Johnson, is his surviving widow and the duly qualified and acting executrix of his estate.

3. That besides other things which

defendants to keep and perform in consideration of said lease contract as set forth therein, the said C. S. Carpenter and C. B. Knapp, defendants, obligated themselves to begin the actual drilling of a well upon the premises above described within one hundred and twenty days from January 25, 1920, or pay the lessors the sum of seventy-five cents per acre for said leased premises, which shall operate as a rental and serve the privilege of deferring the commencement of a well for a further period of ninety days, and if at the end of said ninety days extension no well is yet commenced the lessees agreed to pay the lessors on or before the expiration of said ninety days extension one dollar per acre for all of said land which shall operate as a rental and serve the privilege of deferring the commencement of a well for an additional period of ninety days and if at the end of said ninety days and if at the end of said ninety days extension no well is yet commenced the lessees shall pay to the lessors, on or before the termination of said additional ninety days the sum of one dollar per acre for all of said land which shall operate as a rental and serve the privilege of deferring the commencement of a well for an additional period of twelve months, and if no well is then commenced on said land the lessees shall, on or before the termination of the above mentioned twelve months additional extension pay to the lessors the further sum of one dollar per acre for all of said lands which shall operate as a rental and serve the privilege of deferring the commencement of a well for still an additional period of twelve months, and if no well is then commenced on or before the termination of the above mentioned twelve months additional extension pay the lessors the further sum of one dollar per acre for all of said lands which shall operate as a rental and serve the privilege of deferring the commencement of a well for still an additional twelve months and if no well is commenced on or before the termination of said twelve months additional extension then this lease is absolutely terminated as to all parties.

4. That the purpose of making said lease contract, on the part of the lessors was the production of oil or gas from said lands and money or other thing of value was paid the lessors as a consideration for signing said contract, and no well has ever been commenced on any of said lands and no preparations of any kind made to begin drilling thereon, and in order to continue said contract in force longer than one hundred and twenty days after the 25th day of January, 1920, it was necessary for the lessees to pay the lessors the sum of seventy-five cents per acre for all of said land, which defendants paid and continued said lease without the necessity of commencing for a period of ninety days additional, to-wit: until the 22nd day of August, 1920, when under the terms of said contract it became necessary for the lessees to pay the lessors one dollar per acre for all of said land in order to continue said lease in force after the expiration of said ninety days extension, which defendants have failed and refused to pay

and still refuse to pay same or part thereof though often requested so to do, and have failed and refused to commence to drill a well on any of said lands or to take steps of any kind toward development of same for oil or gas.

5. Plaintiffs further aver that defendants have breached said contract and forfeited all rights acquired thereby, and said contract is no longer of any binding force against plaintiffs, yet nevertheless, defendants have refused and still refuse to reconvey said premises to plaintiffs and said lease and the record thereof in the deed records of Foard County is a cloud upon plaintiff's title to said lands.

6. Plaintiffs further aver that said lease contract is voidable because plaintiffs say that said contract is a contract of mutual obligations, a copy of which is hereto attached marked "Exhibit A" and made a part hereof, and that the defendants, C. S. Carpenter and C. B. Knapp, nor either of them, ever signed said contract, so as to make its stipulations binding against them, but filed said contract for record in the office of the County Clerk of Foard County, after it had been executed by the lessors only and it was never signed by the defendants.

7. Wherefore, premises considered plaintiffs pray that the defendants be cited to answer this petition and upon hearing hereof plaintiffs have judgment against the defendants for the recovery of all rights, interests and privileges, with oil and gas rights mentioned in said lease contract and for the cancellation of said contract, that same be annulled and declared of no further force or effect, and all right, title and interest in and to said lands and the oil and gas rights therein be divested out of defendants and invested in plaintiffs, for costs of suit and for general relief both legal and equitable and plaintiffs will ever pray.

Herein Fail Not, but have you before said Court, on said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Crowell, Texas, this 2nd day of March, A. D. 1921.

THE STATE OF TEXAS
To the Sheriff or any Constable of Foard County—Greeting:
You Are Hereby Commanded to summon Kuhn-Reel Oil Company with L. J. Kuhn, its general agent, and L. J. Kuhn by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 46th Judicial District; to appear at the next regular term of the District Court of Foard County, Texas, to be held at the Court House thereof, in Crowell, Texas, on the 8th Monday after the 1st Monday in February, A. D. 1921, the same being the 4th day of April, A. D. 1921, then and there to answer a petition filed in said court on the 19th day of January, A. D. 1921, in a suit numbered on the docket of said Court, No. 1107, where Carl Huddleston is plaintiff and Kuhn-Reel Oil Company, L. J. Kuhn, R. W. Walker and J. D. Key are defendants and the cause of action being alleged as follows:

1. That heretofore, to-wit, under a verbal contract, on or about the first day of August, A. D. 1920, he was employed by the defendant, Kuhn-Reel Oil Company, to work on the drilling of a well in Foard County, Texas, at an agreed price of Twelve (\$12.00) Dollars per day. That he began work on the first day of August, A. D. 1920, and worked seventy-six (76) days, to-wit, from August 1st, A. D. 1920, to October 15th, A. D. 1920, for said Kuhn-Reel Oil Company at said sum of Twelve (\$12.00) Dollars per day and that said sum is due and unpaid, and said defendant, though often requested has wholly failed to pay same or any part thereof.

2. That in addition to this work plaintiff spent in trips to Vernon and for repairs the sum of Thirty (\$30.00) Dollars, and one trip to Kemp-Munger-Allen oil field in Wichita County, the sum of Fifteen (\$15.00) Dollars. That all of said trips and expenditures by plaintiff in the performance of his duty as the employee of said company and were necessary and proper in that behalf; that said defendant is thereby indebted to plaintiff in the aggregate sum of Nine Hundred Fifty-Seven (\$957.00) Dollars which is past due and unpaid, together with legal interest thereon from October 15, 1920, until paid.

3. That said work was performed in the drilling of a well in search of oil or gas on the northeast quarter of Section 29, Block 8, H. & T. C. Ry. Co. Survey in Foard County, Texas, and plaintiff, on the 27th day of October, 1920, filed with County Clerk of Foard County, Texas, his affidavit, as required by law, fixing a lien upon the above described property together

with lien upon the entire standard drilling rig located on J. F. Long's place on said land above described, together with engine, boiler, pumps, casing, derrick, and all tools and machinery, oil tanks and oil of every kind on said premises, a copy of which affidavit and lien is hereto attached, marked "Exhibit A" and made a part hereof.

4. Plaintiff further shows that one R. J. Donagho was employed by said defendant to work on said oil well in Foard County, Texas, at the agreed price of Twelve (\$12.00) Dollars per day, under a verbal agreement between the said defendant and the said R. J. Donagho. Said R. J. Donagho began work on the first day of August, A. D. 1920, and worked until September 15, 1920, inclusive; that said defendant thereby became indebted to the said R. J. Donagho in the sum of \$564.00, on which amount there is a credit of \$351.35; that the balance due to said R. J. Donagho is the sum of \$212.65 for labor performed in drilling of said well. That said R. J. Donagho made an affidavit in writing showing the contract and labor performed and duly fixed, as required by law, his laborer's lien on the property herein first above described, a copy of which affidavit and lien is hereto attached, marked "Exhibit B" and made a part hereof.

5. That plaintiff, for valuable consideration, purchased the said claim of said R. J. Donagho and is now legal and equitable owner thereof. That the said defendant, Kuhn-Reel Oil Company, is thereby indebted to plaintiff in the aggregate sum of \$1,169.65, with legal interest thereon from the date same was due until it is paid.

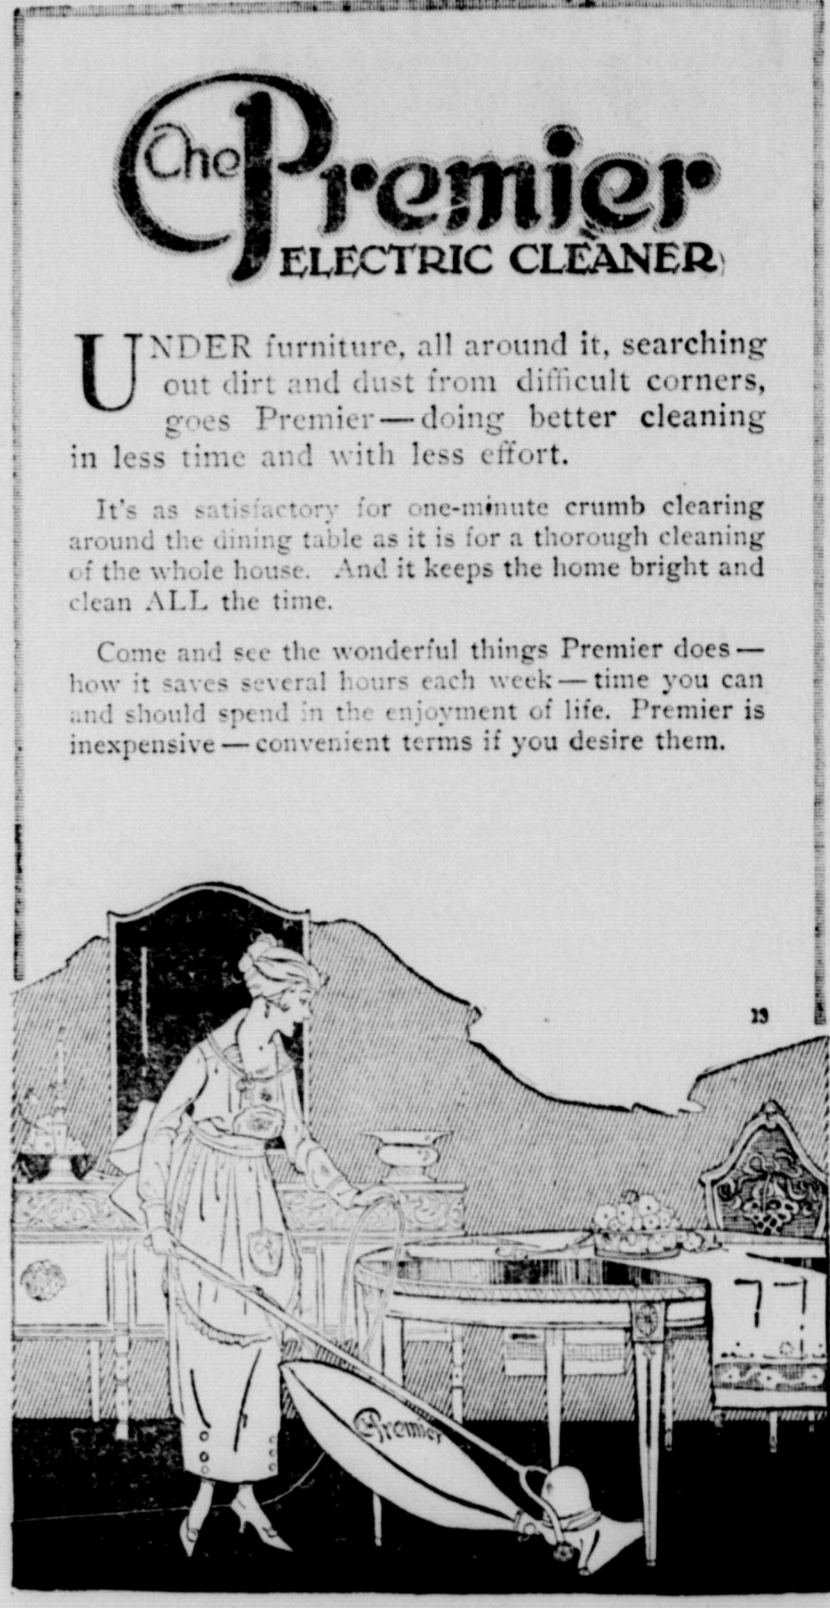

6. That the defendant, L. J. Kuhn, is a stockholder in the defendant Kuhn-Reel Oil Company, which is a joint stock association, and the defendants, R. W. Walker and J. D. Key are each claiming some kind of lien upon, or interest in, the property of the defendant, Kuhn-Reel Oil Co., above described, which is inferior to that of the plaintiff, and plaintiff has a prior lien upon the hereinbefore described property of said Kuhn-Reel Oil Company.

Wherefore, premises considered, plaintiff prays that citation issue in this cause to each of the defendants, and that upon the final trial hereof he have judgment against the defendants Kuhn-Reel Oil Company and L. J. Kuhn for his debt, interest and costs of suit, and against each and all of

the defendants for foreclosure of his laborer's lien on the property hereinbefore described, and that the rights and claims of the defendants be adjudged subordinate to the lien of plaintiff and for general relief both legal and equitable and plaintiff will ever pray, etc.

Herein Fail Not, but have you before said Court, on said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Crowell, Texas, this 28th day of February, A. D. 1921.

Austion, March 1.—Legion posts throughout the state are lining up behind the membership drive which is now being instituted in every section of Texas for the purpose of strengthening the American Legion and of bringing into the organization all the ex-service men who are not yet joined the organization, as well as for those who have permitted their membership to lapse.

Prizes aggregating \$6,000 are to be awarded the post obtaining the greatest number of new members and also for those securing the largest number of subscribers for the Texas Legionaire, the official publication of the Department of Texas, American Legion.

Charles W. Scruggs, state adjutant of the American Legion of Texas has stated that at least 50,000 new members will be brought into the fold as a result of the drive.

Washington, D. C. Mar. 1.—That a bouquet of flowers, sent to him each day by President Wilson while he was in a local hospital, helped to bring him back to health, is the belief of Wells Hawks, Commander of the S. Rankin Drew Post No. 340 of the American Legion of New York.

Hawks, while on a business trip here recently, was suddenly stricken with inflammatory rheumatism and his condition was serious. President Wilson was acquainted with him and sent him flowers each day and a cheering message, which, says Hawks, helped him to hold on and to get well.

Ninety new units of the Woman's Auxiliary of the American Legion were chartered in the last two weeks, raising the total number to 1,823. Iowa led with thirteen, followed by Indiana, eleven, New York, ten, and Minnesota, nine. The latest scheduled convention of the Auxiliary will be held in the Department

WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 5, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui . . . that I was improving. The result was surprising. I felt like a different person."

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me . . . My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere. E.33

THE AMERICAN LEGION

AMERICAN LEGION NEWS

Austin, Texas, March 1, 1921.—One more block in the wall to keep America for Americans was laid when H. J. Neinst, who admitted that he was convicted of obstructing the draft, was ousted from his seat in the House of Representatives of the Texas Legislature through the efforts of the American Legion.

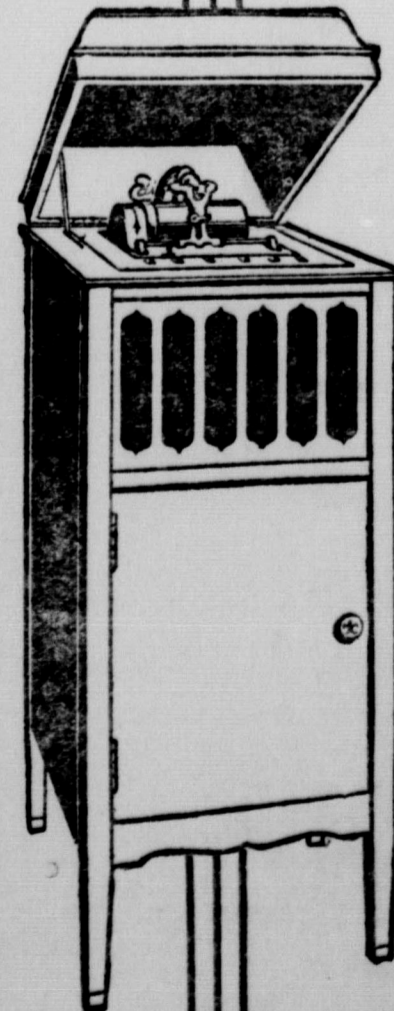

Despite the fact that he had plead guilty to a charge of interfering with the functioning of the selective service and had been fined \$50 for this offense, Neinst was elected as representative from Washington county. Objection to his taking his seat was raised at the beginning of the session, which convened in January, and two American Legion members who had also been elected as representatives preferred formal charges that Neinst was not qualified to sit in the house because of his conviction. They were Thomas G. Pollard of Van Zandt county and Robert B. Thrasher of Travis county.

The charges were referred to a committee for investigation. This committee reported that they found that Neinst had plead guilty to the charges against him in the federal court and that this disqualified him from sitting as a member of the Texas Legislature. This committee report was adopted by a vote of 114 to 13 with six present and not voting and eight absent. All but one of the twenty ex-service men in the house voted to adopt the committee report. One of them answered "Present and not voting."

An incident which occurred during the investigation of charges against Neinst illustrates how some of the former service men regarded him. Neinst was making the rounds and getting acquainted when he encountered Rep. L. J. Thompson, a former captain. "Glad to meet you," said Neinst as some one presented him to the captain, who had turned his back when he saw the former approaching.

Thomas A. Edison

From Edison To YOU!

EDISON'S NEW DIAMOND AMBEROLA

The World's Greatest Phonograph Value

THINK of the vast difference between Edison's Amberola and ordinary phonographs or "talking machines". The Amberola is the product of matchless inventive genius—of inspiration. Other phonographs are plain, factory-made machines, devoid of inspiration.

Thomas A. Edison's master mind conceived the Amberola to entertain mankind. Commercial phonographs are put together with just one object in view—to sell at so much profit.

No wonder the Amberola has demonstrated its superiority time and again in public comparative tests with "talking machines" and commercial phonographs.

The marvelous tone of the Amberola—the permanent, genuine *Diamond Point Reproducer* (no needles to change)—the practically unbreakable, everlasting *Amberol Records*—all reveal the genius of Edison. And the surprising, low cost of the Amberola puts high-priced "talking machines" and commercial phonographs to shame.

Let us show you how easy it is for anyone to own an Amberola. Call at our store or write to us in the next few days. Even if you are convinced you cannot afford an Amberola, put it up to us to make it possible. So remember—call or write—soon.

FACTS ABOUT COTTON

Production of cotton in Russia is confined almost exclusively to the Asiatic provinces of Turkestan and Transcaucasia.

Since the outbreak of the Great War in 1914 production of cotton in Russia has averaged about 750,000 bales annually.

World carry-over at July 31, 1920, of cotton outside of the United States was 2,100,000 bales greater than it was at the end of the previous year.

World carry-over at July 31, 1920, of cotton grown in the United States, according to Hester, was 6,086,000 bales.

During the year 1918 the proportion of world's mill supply of cotton contributed by each country was as follows: United States 56.7 percent; British India 22.4 percent; Egypt 5.9 percent; China 5.7 percent; Brazil 2.8 percent; Russia 2.2 percent; all other 4.3 percent.

World production of cotton destined for factory consumption in 1919 is indicated by U. S. Census figures to have been 19,260,000 bales, not including 582,000 bales of linters in the United States.

World production of cotton for factory consumption in 1919 was 1,100,000 bales greater than the amount consumed.

World consumption of American cotton is running 25 percent below what it did last year, but the estimated production, government figures, is 1,662,000 bales greater.

There is now enough cotton in the world, upspun, to last nearly two years.

Cotton is produced extensively in many sections of China. Most of it is spun by hand in the homes of the people, but reliable estimates place the quantity of Chinese cotton from the crop of 1919 which reached commercial channels at 1,100,000 bales.

During the years of 1862 and 1863 total production in the United States averaged less than 375,000 bales of cotton annually. The world managed to get along.

First cotton seed were planted in Virginia at Jamestown in 1607. Cotton was introduced into all the southern colonies by the first settlers.

The Spanish invader in 1519 found cotton clothing in common use in Mexico, and Cortez received gifts of fine cotton fabrics from the hand of the great Montezuma.

THE ADELPHIAN CLUB

Adelphians and the following invited guests, Mesdames Mussetter of Kansas City, Mo., J. M. Allee, R. A. Wells, J. R. Allee, J. S. Ray, T. F. Hill and Miss Goodwin met with Mrs. T. E. Womack, a charming hostess, February 23rd.

After entertaining current events the lesson on German Art was efficiently handled.

The club has recently replaced the trees which had died around the sanitarium and on the court house lawn and also set out several others at the court house.

The hostess, assisted by Mesdames Ray and Hill, served a delicious salad plate.

HOUSE PARTY

Mrs. Arthur McMillan of the Margaret community gave a week-end house party to the following young ladies of Crowell: Misses Floy Cheek, Ruth Kenner, Hilda Logan, Minnie Logan, Ila B. Tarver, Mary Cook and Gladys Benson.

The girls wore the leading costumes of the day. (red polka dots) and from the style of the hair no one suspected that they were out for looks, but for a jolly, good time, and from reports the outing was indeed a delightful one.

They were taken to the Margaret station in a wagon Sunday morning where they caught the 11:50 train for home, and all are praising Mrs. McMillan as a very charming hostess.

THE STATE OF TEXAS
To the Sheriff or any Constable of Foard County—Greeting:

You Are Hereby commanded to summon Emma Nailon by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 46th Judicial District; to appear at the next regular term of the District Court of Foard County, Texas, to be held at the Court House thereof, in Crowell, Texas, on the 8th Monday after the first Monday in February, A. D. 1921, the same being the 4th day of April, A. D. 1921, then and there to answer a petition filed in said Court on the 23rd day of November, A. D. 1920, in a suit numbered on the docket of said Court, No. 1105, wherein C. A. Nailon is plaintiff and Emma Nailon is defendant, and the cause of action being alleged as follows: That plaintiff and defendant were married in Foard County, Texas, in July, A. D. 1920, and continued to live together as husband and wife until about the 16th day of October, A. D. 1920, when the plaintiff learned that the defendant was receiving attentions from men in his absence and particularly one Glen Martin who visited the said defendant frequently and was guilty of adultery with her. That the said defendant also ran him into all kinds of debts and broke him up and created disturbances with their neighbors and was guilty of so many outrages and immoralities and rendered the life of the two no longer together as endurable or desirable. That about said date the plaintiff and defendant separated and the defendant released all claims she had, if any, to any property of this plaintiff, for a valuable consideration paid her at the time. That there are no children between them.

Whereof plaintiff prays that said defendant be cited to answer this suit and that on trial that he have judgment dissolved and holding for naught the said marriage between them and for confirmation of the division of property as then made and for all legal and equitable relief.

Herein Fail Not, but have you before said Court, on said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Crowell, Texas, this 28th day of February, A. D. 1921.
