## SCHOOL SUPERVISOR MAKES FAVORABLE REPORT

The work of classifying and accrediting the public schools of Texas under the direction of a State Committee composed of six members chosen by the public schools and six by the colleges. This committee determines the conditions upon which the high schools are classified and accredited for the purpose of establishing educational standards, encouraging schools to attain these standards, and certifying those that have attained them so as to facilitate the transfers of studies to any school or college.

The regulations as prescribed by this Committee are administered by the State Department of Education through high school supervisors. In their reports to school authorities recommendations are offered in the spirit of co-operation and helpful suggestion, with the earnest desire that all school authorities will join with the State Department of Education in raising standards of secondary education in Texas.

In order that the school may be properly certified it is essential that the minimum requirements as outlined in Bulletin 132 be met. To that end, the supervisor who recently visited your school makes the following recommendations:

1. That more rooms and more teachers be provided to relieve the overcrowded condition of the elementary rooms and the eighth and ninth grades of the high school.

The State Department considers that standard work is difficult to maintain where an elementary teacher has over forty pupils in a room and where high school teachers have over thirty in a class, and that rooms should have considerably less than these figures. Nearly all of the grade rooms and the eighth grade in Crowell have more than forty pupils. The building is old and in poor condition. There is great need of a new high school building.

2. It is suggested that the library for the elementary school be distributed among the various rooms in suitable shelves or cases.

These books are needed by the teachers in course of the day's work, and they cannot be readily obtained from the high school library room.

3. That careful consideration of the examiners be given to specimen work to be submitted for accrediting in the third unit in English, in physics, one unit in agriculture, a submission of material in solid geometry and in either economics or commercial law.

One of the two subjects last named is being substituted for the second half year of English history, a subject now covered in the other history courses. Work examined in various classes gave evidence of standard quality, provided the required number of experiments in physics and agriculture can be performed.

4. The school is to be commended for improvements in the library, laboratory, toilets and course of study since last year. It is the hope of the State Department that the citizens of Crowell will provide adequately for the steady growth and progress of the school.

The supervisor adds as a special suggestion that the pupils are familiar with the rules of the care of books, that all books are carefully covered, and that our school has an excellent special book room. Also that attendance is good, the compulsory school law being enforced here by moral suasion.

## New Grocery Store Opens

The title of the new grocery store which opened this week in the Ringgold building is Matthews-Fox Grocery Co., and is owned by W. A. Matthews, Roy Fox and E. V. Wilks. A brand new stock of goods has been bought and these men, all three of whom will be actively connected with the business, are starting off with a new trade. Mr. Matthews is not new to the business and Mr. Wilks has been associated with a grocery establishment for several years until recently.

The new firm makes announcement in another column of this issue.

C. L. Willard and children returned from Lewistown, and will visit her brother, W. A. Matthews. When she left Montana the thermometer stood at 26 below zero.

## RADIOPHONES ARE COMING INTO USE

Probably some people have been interested in wireless telephones for a long time, but it seems that only recently has the interest become general.

A great deal has been said in the dailies recently and we have seen mention of this wonderful means of communication mentioned in a few of the weeklies. Last Sunday's Dallas News carried half a page of reading devoted to this and it tells some wonderful things. It seems that radio instruments are being manufactured ranging in price from \$6.00 up to \$1000.00. It is said that one of these costing as much as \$225 will catch sounds of several hundred miles distance. By means of these sermons of Dr. George W. Truett are said to have been heard from his pulpit in Dallas as far away as Denver, Colo. It is very remarkable.

We should like for some one who has enough money to purchase a radio instrument here.

We here reproduce from the Graham Leader an item of interest relative to the wireless telephone:

Rev. Sebe Thomas, Baptist missionary for Young County, was in our office this week telling about sitting in his home at Newcastle and hearing Dr. George W. Truett preach in Dallas. Brother Thomas has bought him a radio instrument, which he plans to use in his work as missionary in the county. He plans to take his radio instrument to his appointments in different parts of the county and give the people an opportunity to hear Dr. Truett and other great preachers in their own meeting houses.

This new device is a wonderful instrument. Thousands of people are hearing Dr. Truett preach each Sunday. The sermons are transmitted by wireless. Brother Thomas paid about \$100.00 for the one he has and hopes to use it to a good advantage in his work in the county.

## G. L. Burk Announces for County Judge

The News is authorized to say that Judge Burk is in the race for reelection to the office of County Judge. Judge Burk is not only willing but he wants the voters of the county to examine his record as county judge through the years he has served and is willing to be dealt with according to that record. He has served the county faithfully and without partiality to any one. Under his administration have been taken some advanced steps by our county in matters of public improvement, and Judge Burk has a right to claim much of the credit for these advanced steps. He would like to have the privilege of carrying some of the work now well under way towards further completion, and believes that by so doing he can render the people of the county profitable service.

## To the Voters of Foard County

Ladies and Gentlemen:

After a great deal of solicitation and persuasion of friends, and a very careful consideration on my part, I desire to announce myself for the office of Tax Assessor of Foard County.

For the benefit of those who may not know me, I will say I have lived in Foard County for the last twenty years, and have never asked for an office of any kind before, therefore I cannot be called a politician. It is my aim to meet and get acquainted with every voter in the county, however, should I fail to do this I kindly ask you to give my candidacy a fair and impartial consideration.

I feel that I am fully qualified to attend to the office, and promise if elected I will make you as good an assessor as Foard County ever had.

Now I thank you in advance for any favor you might do for me.

Yours to serve,  
W. I. AWBREY.

## Plans Are Being Made to Organize Shrine Club for Crowell

Preparations are being made to organize a Shrine Club at the Masonic Hall Monday night, provided the Shriners of Crowell and vicinity want one. All the necessary information for organization of such a club has been procured and the matter will be gone into at the meeting Monday night.

W. A. Rider and sons were here from Gilliland Monday trading in Crowell. Mr. Rider is one of the prominent and well-to-do farmers of the Gilliland community.

## WORK STARTED ON LATERAL HIGHWAY

Work has been started in the way of setting back fences and grubbing out the mesquites on the lateral highway with the F. F. Highway at the Beaver bridge near the E. P. Bomar place bridge 12 miles west of Crowell. This lateral highway will intersect with the F. F. Highway at the Beaver bridge near the E. P. Bomar place six miles south of town. It is hoped that one change can be made so as to extend the road direct west at the point of intersection instead of having to make the turn of the old road. This would straighten about a mile that will otherwise be rather crooked. But since these roads are to be built independent of the State's supervision, crooks are permissible when they can not be avoided. With this one exception the road will be as near a straight line as can be built to Good Creek. It will follow the old road, or rather the old road will just be converted into a real highway.

This highway will extend through a very fine section of the county, good agricultural land, and the dirt is the very best over which to build a road. It will be a very serviceable lateral road and will enhance the value of property in the western part of the county very much.

Nothing will do more to increase the value of property or to make life worth more than these good highways which have been and will be extended into the rural districts of the county. They will be worth all they cost and then some.

## Paying Auto Tax Slowly

According to the records at the collector's office owners of automobiles are paying their license slowly. Very few have paid within the last week. There must still remain in the county from 200 to 300 cars without license to run.

There may be those who have given the matter little thought, and for their benefit we call attention to the fact that after the 31st of this month a penalty of 25 per cent will be attached to the license fee and if cars are run without 1922 license a fine will be imposed, and every time such a car is run the owner is subject to a fine. The minimum limit of the fine is \$10.00. Fines for running unregistered trucks run as high as \$200.

It is well to remember that one is not forced to pay his license tax. He can put his car in the shed and let her stay there without paying a tax, but he can not use the car without laying himself liable to a fine. And we might say after the time for payment expires it will be the duty of the officers to watch out for unregistered cars. They will not do their duty if they neglect this matter, and if somebody gets fined he will have himself to blame.

## Hens Average 7 1/2 Lbs.

For size perhaps the thoroughbred Barred Rocks are not excelled. Even when the price of poultry is not at a high point a Barred Rock hen would sell for around a dollar, and when the price is up it is not unusual for one to sell for \$1.25.

Mrs. E. L. Ribble sold a bunch of these last week that netted her \$135 each. Six hens averaged 7 1/2 pounds and sold for 18 cents per pound.

Mrs. Ribble says these are just like any other breeds of chickens as to their laying qualities. "You get your eggs from the pullets," she says, "and the Barred Rock pullets lay as well as any I ever tried, and then you have more meat than from the smaller breeds."

Mrs. Ribble has devoted a great deal of attention to her flock and has a very fine bunch of thoroughbreds.

## D. W. Pyle for Tax Assessor

The News is authorized to announce D. W. Pyle as a candidate for the office of Tax Assessor.

Mr. Pyle is one of Foard County's substantial citizens and has made his home in this county for a number of years. He has never asked for an office before.

Mr. Pyle is well qualified for service of this nature, otherwise he would not ask for the office. He will appreciate your support and influence in this campaign.

M. E. Moore and boys were in town yesterday from Thalia. Mr. Moore advanced his paper a year.

## BRIDGE WILL SOON BE COMPLETED

The last car load of material for the Pease River bridge arrived at the first of the week and was hauled to the river for the completion of the structure. It was expected that Saturday would see the bridge ready for use. The weather, however, has been somewhat unfavorable, and it may be that it will be some time next week before traffic will be established over it.

In the meantime preparation has been made for work on the road from Crowell to the river and this will be started and continued as fast as the weather will permit. It is understood that Hardeman County figures on putting up a fine road through the breaks on the north side of the river, which will give the traffic a good road from the river to Quanah. When Foard County gets its portion of the road up, the highway between the two towns should be a very much traveled one.

## Parents Give Big Dinner to Celebrate Daughter's Birthday

One of the happiest occasions in the life of Little Miss Lillie Mae Edgin was last Friday at noon when to her surprise she was accompanied home from kindergarten school by her teacher, Miss Cora Carter, and eleven of her school mates, and on arriving home found that her mother had prepared a bounteous turkey dinner for the youngsters in celebration of her 7th birthday, which was the following Sunday. Mrs. Edgin was assisted in the preparation and serving of the dinner by Mrs. J. R. Edgin.

Before dinner was served a number of games were played for the entertainment of the little folks.

Those present were: Little Misses May Belle Greening, Pauline Henson, Margaret Schlagal, Fern McCaskill, Lenora Thompson, Lillie Mae Edgin, J. M. Crowell, Stanley Wilks, John Mitchell Alee, James Gribble, Archie Campbell and Otis Coffey.

Those present besides the little folks were the grandparents, Mr. and Mrs. J. R. Edgin, the parents, Mr. and Mrs. Tip Edgin, Mr. and Mrs. Arnold Rucker, Mr. and Mrs. Arthur McMillan, Miss Cora Carter and T. B. Klepper.

Lillie Mae was the recipient of many nice presents and the occasion was an enjoyable one to all present.

## OLD MAIDS ARE TOLD THEY MUST PAY POLL TAX

Austin, Jan. 13.—It matters not whether a woman, is young or old, single or married, she is required to pay a poll tax, according to the ruling by the Attorney General's Department. The query that came to the Attorney General's Department was: "Are old maids obliged to pay a poll tax?"

The writer was advised that the suffrage amendment to the Federal Constitution was no respecter of persons, nor was Chapter 113 of the General Laws of the Thirty-seventh Legislature, making operative the suffrage amendment.

## Winners' Report

The following is the winners' report as submitted by the Government for publication and includes all the cotton ginned up to Jan. 1, 1922. It gives the report of 1920 and 1921, as follows:

	1921	1920
Foard	7,716	10,471
Hardeman	15,155	14,497
Hall	33,469	20,259
Cottle	15,998	7,971
Knox	25,274	25,430
Wilbarger	20,198	14,525
Childress	10,406	14,132
Total	128,216	107,295

It will be noted that only two of these counties produced less cotton in 1921 than in the preceding year, Foard and Knox. Foard cut its acreage and produced 25 cent less than the previous year, while Knox produced less than one per cent fewer bales than in 1920, which is negligible. The remaining near-by and adjoining counties produced a crop that was increased from 4 per cent to 100 per cent over that of 1920, Hardeman holding the lowest extreme, with its 4 per cent while Cottle holds the highest with its 100 per cent. The short cotton crop here was due entirely to the reduced acreage.

## Excitement Runs High at C. H. S. Beauty Contest Given for Benefit of Melting Pot

High feeling and great excitement are now running loose in C. H. S. due to the returns of the recent election held there. We Seniors being in need of more money (as usual), to publish the Annual decided to follow suit, and give a beauty contest, as did the classes of the two preceding years. And it is a well known fact that when the Seniors start anything, they always see it through.

Last Wednesday morning, while the entire student body was assembled in chapel, Marie Bell announced our decision of having the contest, and the offices that were to be run. Enthusiasm was shown at once by the fact that from three to seven candidates were nominated for each office.

Due to an unlooked for delay the polls were not opened until Friday. The big hall was the scene of many a campaign speech, and by noon it looked like a regular art-gallery, for in every nook and corner were hung idealistic, (and probably more realistic than the owners desired) caricatures. A packed throng was continually before the bill board breathlessly watching the rise in figures. Although the excitement was high enough, something seemed amiss, for the money was not pouring into the Melting Pot coffers as steadily as could be desired. Therefore Mr. Cook took us to chapel Friday afternoon and gave the last period entirely over to the candidates. All who were not too bashful or lazy made speeches, dwelling on their own especial merits.

Monday and Tuesday proved to be better days, especially for the Seniors for we wanted the money more than we cared for any honorary titles, such as the "prettiest" or "most handsome," etc., and we got what we wanted, too! Thanks, Juniors, you certainly helped us out! They, in their simple mindedness, believed that we Seniors were forming a conspiracy against them, and fixing to walk off with the entire ballot. But to do ourselves justice we hadn't even thought of such a thing! They, not wishing to be outdone, carefully saved their dimes and entrusted them to Jack White, who voted the entire amount, (\$11.50, believe it was), at the last minute, or more strictly speaking 4:29 o'clock Tuesday afternoon. Consequently, all the Junior candidates won.

There are some in school who are rather handing it to the Juniors for doing the way they did, saying that it wasn't fair. But if we believe in the old adage that "All is fair in love or war," we must admit that these "Bickers" are wrong. Surely, there wasn't very much love shown in the campaign, but several incidents nearly resulted in pitched battles. We Seniors are not grieving because we lost in the contest, so why should others? Even if the Juniors did put one by us, they are sports and we are glad they could indulge in this bit of fun with us without any real feeling on either side.

The winners are: Prettiest girl—Berrice Long; Most handsome boy—George Cates. Favorites of high school: Senior favorite—Marie Bell; Junior favorite—Beatrice McDaniel; Sophomore favorite—John Carter; Freshman favorite—Grady Shultz; 7th grade—Catherine Clark. Most attractive—Jewel Kenner; Sweetest—Henry Black; Cleverest—Tom Beverly; Ugliest boy—Henry Ferguson; Most Graceful—Tom Beverly; Dullest—Teddy Burrows; Slimmest Boy—Jack White; Clown—John Clifford; Stuck-up—Frances Blakemore; Most stylish—Annie Lee Long; Best boy sport—Glen Jones; Best girl sport—Beatrice McDaniel; Vamp—Beatrice McDaniel; Best athlete—Tom Beverly; Most garrulous—Lynnis Woods; Mr. Cook's pet—Pearl Saunders; Most melancholy—Beulah Patton; Laziest—Donnel Norris; Fattest Boy—Glen Jones; Most popular girl—Marie Bell; Most popular boy—Sweeney Collins.—Senior Reporter.

C. C. Fox of the Foard City community was called to Fort Worth Tuesday of last week on account of illness of his daughter, Mrs. Joe D. Johnson, who was suffering from a nervous breakdown. She accompanied her father home the latter part of the week and is improving rapidly. In sneaking of the conditions around Ft. Worth, Mr. Fox says they really look worse than here. Mr. Fox incidentally told us that his eyes, which have given him considerable trouble for years, are getting stronger all the time now, and he expects to be able to read before a great while.

## WHAT SHALL THE COTTON CROP BE THIS YEAR?

Just what will be done about the 1922 cotton crop can not yet be predicted. It is probable that the farmers over the whole country will be inclined to an increased cotton acreage this year. According to the Fort Worth Record correspondent, Hamilton Wright, sending in a communication from Slaton, the Chamber of Commerce of that city estimates an increase of 100 per cent in cotton production this year over that of last year. It is only reasonable to presume that the increase is figured on the basis of an expected increase of acreage, for last year's crop was at least normal in point of yield, and not much above a normal yield can be expected this year.

Two conditions are practically certain to lend influence to an enlarged cotton acreage in West Texas. One is the fair price received for last year's crop, and the other is the certainty of a short wheat crop. Foard County is one of the very few counties in West Texas that produced less cotton last year than in 1920. That was because of the heavy wheat acreage last year. It would be extremely remarkable if we could have anything but a very short wheat crop now.

Looking at the situation as it is what can the farmer better do than risk a little heavier acreage to cotton than he planted last year. And yet, he can not say that it will not be to his hurt.

The farmer gets more advice than he needs, and the News is not advancing any. It has its own problems to solve, as the farmer must solve his, but we are possibly within our bounds in pointing out conditions and venturing a prediction as to their influence. We may be permitted to say that our observation is that a good feed crop is seldom, if ever, a bad thing to have on hand, and that can be very well grown when cotton can be.

There are a few sidelines we should like to see come into greater prominence, such as poultry and dairying. Wherever these products are produced for the market they afford the producer a constant income, though it may be small. It is usually large enough to place the farmer beyond dependency on cotton. But to make these things dependable pursuits there must be more general interest. Good stock must be introduced and plans made and carried out to make such pursuits dependable. Is there any better time to become interested than now, when cotton is uncertain?

## Polls Increased to 1,010

Since Wednesday of last week the tax collector has issued poll tax receipts to 330 more suffragists in the county. The total up to Wednesday of this week was 1,010. The total number of polls assessed, as was published in last week's issue, is 1712. So there remained on Wednesday 702 polls yet to be paid before Foard County can get into the column of a hundred per cent poll tax paying county.

This is not said with the fear that our people are going to fall down badly. The fact is they are coming along mighty well, and by doubling their activities next week over that of this week in showing the long green into the cash drawer of the county and state, we will pretty nearly go over the top. Next week will be a busy one for the collectors and it is altogether possible for them to accommodate 700 more people. We shall not be surprised if a record is made.

We hope to be able to say in next week's issue of the paper that not less than 1500 polls have been paid, and we would like better to say that the number is 1712.

J. B. Rasberry was seized with a severe attack of gallstone colic while doing some work in his pasture several miles from home one day last week. He was taken to a nearby house and a doctor summoned from Crowell. He was removed to his home as soon as he was able and is gradually improving.

J. L. Showers, general manager of the Herring-Showers Lumber Co., and brother, C. W. Showers, of Vernon were in Crowell Monday attending to business.

(By Special Correspondent)

Carl Matthews motored to Crowell Saturday.

Mrs. Jim Rogers has been sick the past few days.

Little Clara Bell Davidson is on the sick list again this week.

A new boy has arrived at the home of Morris Foster and wife.

J. M. Adkins and family spent Saturday with relatives at Vernon.

Dr. Jones of Vernon was called to Dick Coffman's Saturday night to see a sick cow.

Miss Della Choat has resumed her school duties after a week's absence on account of a sprained ankle.

Mrs. Huntley returned home Sunday from a month's visit with her son, Joe, and family, who live near Vernon.

Edgar Williams and wife and nephew from Lamesa, Texas, have been visiting his brother, Claude, and family.

Chas. Wood and family, Bob Huntley and family, and Myrtle Huntley of Thalia spent Sunday in the Cap Adkins home.

Mrs. Jim Banister who lives in the Kinchloe vicinity was here the past week attending the bedside of her little granddaughter, Frances Scruggs.

Robert Derrington carried his daughter, Opal, to Crowell Monday to consult a physician in regard to having an operation for appendicitis.

Stark Presley and wife took Grandma Davis to John Davis' Sunday. They returned home Sunday afternoon and left Grandma to visit with John and family awhile.

Little Frances Alice Scruggs, five weeks old daughter of Ernest Scruggs and wife, departed this life January 20. She suffered for one week without any relief. All that human hands could do was done, but she budged on earth to bloom in heaven. She was laid to rest in the Thalia cemetery Saturday. Bro. McNair of Thalia spoke a few words at the grave. Three Friendly Gentlemen

**Made to Suit Your Taste**

We have for years catered to the cigarette smokers of America.

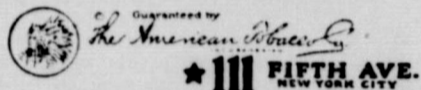

With this experience, we created One Eleven—"111"—"Made to Suit Your Taste," of the world's three greatest cigarette tobaccos—

- 1—TURKISH, for Aroma
- 1—VIRGINIA, for Mildness
- 1—BURLEY, for Mellowness

We named them One Eleven—the address of our home office. We are proud of their success.

### BRIDE SET ON EXHIBITION

In Morocco, Girl About to Be Wed Is Compelled to Pass Seven Long Monotonous Days.

It is a curious thing that in a land so careful in the public appearance of women as in Morocco, a girl should be compelled to sit in private exhibition for her women friends for seven long days before she departs to the home of the man who is to be her husband, writes Temple Manning in the Cleveland Plain Dealer.

In one very important detail of the Moroccan marriage customs, however, is evidenced the complete separation of the sexes which is so much a part of Moroccan life. Not even the bridegroom is in the home of the bride when the marriage party is given there. Nor is the bride present at the celebration given at the bridegroom's home. Both bride and bridegroom entertain their friends of their own sex in their own homes.

For seven days the marriage rejoicings go on, to the accompaniment of the beating of drums and the blowing of pipes and flutes. But while the bridegroom joins his friends in celebrating the event, the bride must sit motionless, with downcast eyes, on a throne of cushions in the center of the chief room in her own house. She is not supposed even to see the various persons about her. But she knows they are all her own girlhood friends or the women friends of her mother.

Each of the principal guests is costumed and "adorned" much as is the bride. Their faces are painted red, their eyelids and the skin under their eyes, their under-lips, the palms of their hands and the fingers up to the first joint are stained brown. Thumb rings and anklets, as well as many bracelets, are prominent. The feet of these guests are dyed the color of iodine and gaudy with multi-colored slippers.

It is the seventh day that the bride says farewell to her parents and the home from which she may never before have stirred.

#### Asked For.

During a dinner party the conversation turned to good looking people. One lady said: "I think all the good looking men have stayed from this dinner party."

The gentleman to whom this remark had been made said: "Well, I think all the good looking ladies are with us tonight."

Then the lady thinking a compliment had been paid her added: "Of course, I should have said 'present company excepted.'"

Whereupon the gentleman said: "Oh! of course that's what I meant to say!"—London Telegraph.

### NEXT DOSE CALOMEL MAY SALIVATE YOU

It is Mercury, Quicksilver, Shocks Liver and Attacks Your Bones

Calomel salivation is horrible. It swells the tongue, loosens the teeth and starts rheumatism. There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Calomel is a dangerous drug, besides it may make you feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of

Dodson's Liver Tone instead and you will wake up feeling great. No salts necessary. Your druggist says if you don't find Dodson's Liver Tone acts better than treacherous calomel your money is waiting for you. 66

# THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, January 27, 1922

The Hall County Herald says the Foard County News is probably the most rabid anti-Ku Klux Klan paper published in the Panhandle. We rather think the compliment too high, but wish it were deserving. If we should place that enviable distinction the Plainview News would wear it, proof of which we herewith submit hot from the pen of its fearless editor:

"No good man will belong to the Ku Klux; no brave man; no law-abiding man, will do so. The man who belongs to a mob that goes disguised in the dead of the night and visits punishment on any person is a cowardly criminal himself, and if murder is committed he is a cold blooded murderer with red hands, and the Lord who said in thundering tone: 'Thou shalt not commit murder,' will not hold him guiltless. Members of a Ku Klux band have no more right to take the law into their hands than has a man to assassinate another, a bootlegger to sell liquor, highwayman to commit robbery, or a libertine to commit rape. The best men of a community never take part in mobs, it is always the worst element."

In compliance with Governor Neff's request that preachers use their pulpits last Sunday in the interest of law enforcement in the State, a preacher in Sherman used the opportunity to point out the cause of lawlessness as he sees it, which he says is due to the attitude of the average good citizen as much as the working of evil forces. Pretty strong charge, but candor would likely permit acceptance of its truthfulness.

Kleagle Klark sputtered out some high-powered patriotic stuff the other day in Dallas when he said: "This country was created for the caucasian race. It was not created for the Greek, the Italian or the Jew." If your little ten-year-old Johnny does not know a Caucasian when he sees one, better quit sending him to school. Not much hope for him. Yet the Kleagle is a great man, but is evidently too dense to realize his own ignorance.

Most of us would be worth more to the community if we looked well to our own affairs rather than those of our neighbors. But some folks are born without that selfishness that confines their services to themselves and their own.

We have heard of the "Peace Dollar" but have seen none of the real articles. Any dollar that happens to straggle in at our door is a peace dollar because it helps to quiet the hungry of our household.

Personally we are not in favor of helping to put Europe on her feet until she has been on her knees.

Notice—I have moved my office to the Ringgold building, next door to Smith's shoe shop. Still have a little "Texaco" left for you. Call me at number 91.—B. F. Ivie.

We'll raise a kick, and raise it quick. A kick in every cell. So bring your troubles here to us. We'll make your battery well.—The Battery Doctors, Swaim's Garage.

### Methodist Church Notice

Sunday School promptly at 10 o'clock, M. S. Henry, Supt. We are growing both in numbers and interest. Although last Sunday was rather a disagreeable day we had two hundred present. Next Sunday we will organize a class for young men and young ladies. We should like to have every young man and young lady not already in some Sunday School in this class. Come and let's talk it over and see what you think about it. Then do not forget the 1st Sunday in Feb. is, Go to Sunday School and stay for church Sunday. Our goal for that day is two hundred and fifty. We want every boy and girl to bring their father and mother to Sunday School that day, if possible.

Preaching at 11 a. m. and 7 p. m., with a good song service at the evening hour. Subject for the morning hour, "Some of the elements of a successful church." At the evening hour, "Getting acquainted with God." Come to church.

W. M. MURRELL, Pastor.

### Services at Christian Church Next Sunday, January 29th

Bible School, 10 a. m., A. T. Schooley, Supt.

Communion and sermon, 11 a. m. Sermon subject, "The Wise Man." Evening service, 7 p. m. Sermon subject, "The Foolish Man."

Everybody cordially invited to attend our services.

If you are not attending some other Bible School, we want you in ours. Then stay for church.

J. FRANK MONTGOMERY,  
Minister.

J. C. Davis and D. J. Kennedy were in town yesterday from the Rayland community. Mr. Kennedy is a new resident in our county and added his name to our subscription list.

### Cornell Panels are "Mill-Primed" so this wallboard takes paint perfectly

I'm expressing the sentiments of about all the good painters and carpenters I know when I recommend Cornell-Wood-Board for walls, ceilings and partitions in homes, garages, stores, offices, factories and farm buildings.

Cornell's exclusive "Oatmeal" finish is the handsomest effect you can get in a wallboard. The "Mill-Primed" surface needs no further priming and one coat of paint or calcimine is enough to produce a job that appears to be twice as expensive as it really is.

Folks prefer Cornell Panels instead of lath and plaster because Cornell doesn't crack or fall and costs much less.

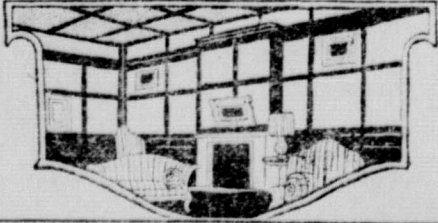

Because every panel is "Triple-Sized" it gives your walls triple protection against moisture, expansion and contraction.

In neat dustproof packages of 10 panels each; eight lengths from 6 to 16 feet; two widths, "Cornell 32" for small rooms, "Cornell 48" for large rooms.

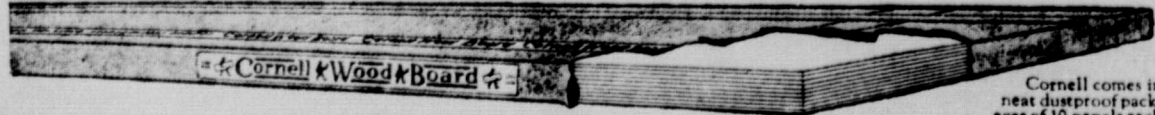

Come in or telephone for Sample Board, prices and color booklet of attractive "Cornell Interiors" free

# Oliver Listers

If you are going to need a lister. Here are a few reasons why you will like the Oliver Lister.

1. The point is fourteen inch and the mould-boards have the proper shape so that they throw the soil exactly the way you want.
2. The lister frog is made of extra heavy material.
3. The foot piece is adjustable to any position.
4. The beam is swung to an extra bail in place of being fastened to the main axle.
5. The planting attachment is securely fastened to the beam in place of being fastened to the stub tongue.
6. No need of removing the planter chain when you are listing and do not wish to plant.
7. Wheels are adjustable to any width row.
8. Last, but not least, they do the work the way you like it.

Come in and let us show you.

"Crispy an' crunchy an' all-time-crackly! An' never tough or leathery! Gee, what would happen if Kellogg's got all eated up before tomorrow!"

**You certainly realize the difference in Corn Flakes when you eat Kellogg's**

From the instant you open the generous sized package till they're tucked away in great and tiny "bread-baskets," Kellogg's Corn Flakes are a never-ending delight! You can't even look at those big sunny-brown flakes, all joyously flavored, crisp and crunchy, without getting mighty hungry! Kellogg's are never leathery or tough or hard to eat—they're just wonderful!

Such a spread for big and little boys and girls—the sweetheart of fine white southern corn kernels deliciously flavored and deliciously toasted in Kellogg's own way! You can't imagine anything more joyous to eat, or more ideal for fussy appetites at any hour!

Kellogg's Corn Flakes are childhood's ideal food! Kiddies can eat as much as they can carry! Every mouthful makes for health.

Don't just ask for "corn flakes"! You say KELLOGG'S—the original kind in the RED and GREEN package.

KELLOGG'S Corn Flakes are made by the folks who gave you the JUNGLELAND Moving Pictures. See coupon inside every package of KELLOGG'S Corn Flakes which explains how you can obtain another copy of JUNGLELAND.

## American Legion News

By floating a \$25,000 bond issue, El Paso, Texas, has become the first city in America to attempt to finance a permanent American Legion home by municipal bonds.

Formation of new political organization, to be known as the Soldiers' Party, is advocated by Wm. B. Grimes, New York, in a letter to an American Legion newspaper of Toledo, O. Grimes was a lieutenant in the A. E. F.

Special police patrols to stem the existing crime wave have been organized by posts of the American Legion in Nebraska and Georgia, many unemployed ex-service men obtaining a livelihood by guarding large residential districts.

Prisoners in the Los Angeles county jail have been borrowing American Legion buttons to obtain sympathy in the courts on the ground of "war record." Investigation has shown that one button and one war record has served for a whole handful of prisoners.

Every town of 500 or more persons in Minnesota has an American Legion post, Gopher State records show. Five hundred and thirteen posts and 275 Auxiliary units have been organized since July 1919.

Beaten up by a gang of railway thieves, Detective J. C. Rodlinski of Salamanca, N. Y., was spared from death when one of the thugs spied a Marine service button in his lapel and recognized the detective as a former buddy in France.

The act of a Toledo judge in refusing citizenship to two foreign-born residents who avoided war service because of "conscientious objections" has been commended by the Tony Wroblewski post, American Legion, composed entirely of foreign-born Americans and some of foreign-born residents.

Thousands of disabled soldiers who should be in hospitals are forced to work and support their families because their compensation claims have not been allowed, according to the American Legion. Hanford MacNider, commander, has called upon the Veterans' Bureau to effect prompt adjustment.

Among the New Year greetings received by Hanford MacNider, commander of the American Legion, was a beautifully engraved card which read: "Happy New Year. May you, if you get in jail through sentence affirmed by the United States Supreme Court, receive from Harding, as did Debs, a pardon and a reception in the White House."

Vigorous objections to the admission into the United States of Gregorie Seminoff, self styled ataman (headman) of the Russian Cossacks, has been made by the American Legion, appearing before Secretary of Labor Davis. The Legion claims he is an undesirable alien. He has been granted permission to stay in the country for six months.

The proper care of disabled and unemployed ex-soldiers come before the erection of expensive war memorials, according to the American Legion's legislative committee, which has condemned the plan of the George Washington Memorial Association to gain state support in erecting a Victory building in Washington, D. C. President Harding is reported as having endorsed the project and written to governors of states recommending aid.

How much war trophies are actually worth depends on whose neck was risked to get them. John G. James' room in an Omaha, Neb., boarding house was rifled of all his A. E. F. souvenirs from a medal-laden belt captured from a German major, iron crosses picked up from the battlefields, the gas mask he had used in many battles, Red Cross tags containing shrapnel extracted from his wounds, a silver cigarette case taken from a German prisoner, to his American Legion button. He told the court they were worth \$10,000. But the law only compelled the landlord to pay \$50, because the trophies were in a suitcase at the time they were stolen.

### T. E. L. Class

The T. E. L. Class of the Baptist church held a business meeting in the home of Mrs. L. D. Campbell Thursday, Jan. the 12th. Twenty ladies were present and good reports were given.

The following officers were elected to serve six months: Mrs. Hub Speck, president; Mrs. Albert Dunagan, 1st vice president; Mrs. Frank Moore, 2nd vice president; Mrs. Will Womack, 3rd vice president; Mrs. W. H. McGonigal, secretary; Mrs. Tom Bell, treasurer; Mrs. Archie Williams, reporter; Mrs. Henry Dunagan, superintendent of cradle roll department; Mrs. L. D. Campbell, superintendent of home department.

On Thursday, Jan. the 19th, the class had a social meeting in Mrs. Campbell's home and in spite of the extreme cold weather Mrs. Campbell assisted by Mrs. Sandifer welcomed a good number to the warm, cozy rooms with everything arranged for a good time.

After repeating passwords, trying our hand in art, etc., plates were passed to thirty-three and the T. E. L.'s were twenty-four dollars better off, and many thanks to each one.

The class will meet next month with Mrs. Agnes McLaughlin.—Reporter.

### A Regrettable Favor.

About a year ago when Mr. and Mrs. Elmer N. Powell returned from a party late one night to their home in the Knickerbocker apartments, Mr. Powell discovered he had failed to take along his house keys. After failing in every effort to open a door or window, he was finally driven to the extremity of breaking a window pane in order to unfasten the night latch. As the glass tinkled he gave vent to vocal comment on the general cursedness of things that had made such action necessary.

As he spoke the voice of Judge Kimbrough Stone came from the window of the next apartment:

"I am mighty glad you spoke, Powell. I had my gun leveled at you and was just about to shoot."

One day last week Mr. Powell found himself on the same street car bound downtown, with the Judge and Mrs. Stone. Mrs. Stone explained that she was taking her husband with her to help select Christmas gifts, and Mr. Powell suggested that she should keep the judge with her long enough to sign the checks.

"Now, Powell," said Judge Stone, "after that you make me almost sorry I didn't succeed in shooting you that winter."—Kansas City Star.

### Forest Monarch Gone.

The Rainier National forest has lost a king. A giant spruce tree whose age is estimated at 4,000 years, has fallen a victim to the recent north-west storm. This specimen of the earliest of Pacific coast trees measured 19 feet thick at the place where it was broken. Forest rangers will attempt to count its rings to determine definitely its age. The tree stood near the road leading to Mount Rainier and has been viewed by thousands of tourists. At Raymond, near here, several cedar trees, long revered by the forest denizens as monarchs, were blown down. One was 11 feet in diameter at stump height and the other about ten feet. Not for years have so many gigantic trees fallen in storms as during the recent sleet and snow hurricane.

## SOUR STOMACH INDIGESTION

**Theford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.**

East Nashville, Tenn.—The efficiency of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Theford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theford's. 2c

# New Gingham

It would be difficult to find gingham more attractive in patterns than those which we are now showing. They come in rich colors and are pre-shrunk. We offer them at unusually attractive prices just at the time when you are planning new wash frocks.

# New Percales

We feature the famous LADY PERCALES. They cost us a little more than the ordinary kind but we sacrifice a part of our profit and sell them to you as cheap as others sell inferior goods, thereby assuring you more than your money's worth. We are showing many attractive patterns in these good quality percales. You can make up several dresses for children or yourself at a cost extremely moderate. Percale house aprons, too, are convenient and becoming.

If you don't care to make up the garments yourself, the sewing department now located in our store will quote you some exceptionally low prices, and guarantee perfect workmanship.

### Mystery Social

The Intermediate League enjoyed a mystery social in the basement of the church last Tuesday evening beginning at 7 o'clock.

Promptly at the hour designated the leaguers began to arrive with a weird feeling, for the name of the party was very suggestive to awe. This feeling grew more intense as each side lined up, loaded with tricks and jokes for

the other side. It was the understanding that each side had to do what the other side asked of them, consequently there was no way to get out of being a victim of the joke the opposite side had planned.

After an hour spent in this manner a pecan hulling was engaged in during which ghost and witch stories were told.

At 9 o'clock we bade each other goodnight, feeling that we had spent a most enjoyable evening.—A Guest.

### Intermediate League Program

The Intermediate League desires to be courteous to all, and they recognize the fact that the Bible is a safe guide in all things, therefore Sunday, Jan. 29th, the leaguers will have a program on Bible etiquette, led by Georgia Ribble.

The golden rule.—Everell Saunders, Matt. 6:12.

Kindness.—Carrie Maurice Allee, Rom. 12:20.

Keep good company.—Charlotte Gaines, I Cor., 16:33.

Serve your enemies kindly.—Marion Cooper, Rom. 12:20.

Respect and reverence the old.—Katherine Clark, Lev. 19:32.

Follow that which is good.—Ira Lovelady, I Thes. 5:15.

Praise not yourself.—Cornelia Beideman, Prov. 18:24.

Be friendly.—Mildred Cogdell, Prov. 18:24.

Do good to all men.—Bevy Jewel Ringgold, Gal. 6:10.

Be reverent in church.—Jewel Brown, Ec. 15:1.

Be gentle.—Louise Thomas, Luke 3:14.

Judge not hastily.—Leslie Hart, Matt. 6:1.

Bear others burdens.—Frances Glover, Gal. 6:2.

League benediction, Psalm 121 by leaguers.

Mr. and Mrs. G. W. Wallen returned yesterday from a month's visit with their daughter, Mrs. G. C. Rector, at San Angelo.

Blank mortgages at the News office.

### Adelphian Club

Although the afternoon of the 18th was blustery and disagreeable, a large number of our members assembled at the home of Mrs. Ray, and forgot the unpleasantness without in the genial warmth within.

This being our annual election of officers, we proceeded at once to business. The following new officers were elected: Mrs. Womack, vice president; Mrs. Andrews, recording secretary; Miss Woods, corresponding secretary; Mrs. Henry, parliamentarian; Mrs. Yoder, critic; Mrs. Campbell assistant critic; and Mrs. Ray, press reporter. The president appointed Miss Woods and Mrs. Campbell on her calendar committee. Mrs. Andrews was elected delegate to the district federation at Post City, and Mrs. Ray as alternate.

Dainty refreshments were served by the hostess, after which we adjourned to meet the following week at the home of Mrs. Sam Bell.—Reporter.
