ROAD GETS NEW ROAD TRACTOR FROM GOVERNMENT

Attention has been made before of that Foard County has been favored from the Government way of road building machinery. This means a great deal to the county and we are getting these on the strength of our interest in getting up the roads. The Government is going to be slow to put machinery where there is little of it being used in the proper function of highways.

The most recent present from the Government is a big Holt caterpillar worth about \$8,000. This is the best piece of road building machinery that was ever put on a road. It is indispensable to road building, and since we are getting ready to enlarge a larger road building program, this piece of machinery will be a mighty nicely. We have two Holt tracks also, which have been very useful in the work already done.

We might say here that Foard County is in line for what might be a sort of airplane garage. We do not know what to call it, but the description given it seems something like a housing apparatus for airplanes. The Government and of the county judge whether he needed anything of this kind. He replied that our county could do. He goes on the plan that it is to be discourteous to the Government to refuse to take anything it is to give us, even though it is a people, three of which we are to get.

It should be a matter of pride to citizen in Foard County that we are favored. Other counties are doing the same favors, but only they are manifesting a disposition to help themselves. When the pieces of machinery here are taken into consideration, we see that the Government is going more than half way in helping us get good roads, for these represent a very outlay of money.

AN IDEAL HOG RANCH

The opportunity for the first time presented itself to the writer to visit Fergeson farm east of Margaret. In many respects this is an ideal hog farm. Fergeson Bros. and Roy Blevins are owners of the 200 fine Big Boned Poland Chinas in which the place is now stocked. They have only commenced to do this what they hope to make it, they have commenced well. The 200 of this type of hogs to be gotten this country was purchased to start a couple of years ago, and since that time they have been adding some of the best Poland China stock to be had in the East. They have two fine males, one a two-year-old imported from Tennessee, and which came from prize winning stock in the East. They have a very fine yearling male of their own raising. The balance of the herd consists of a few old brood sows, some fine 8-months gilts, a bunch of 3-months-old gilts that will weigh about 75 pounds and which are as pretty as a picture, and another bunch of pigs about a half months old. These are grazed on a five acre patch of alfalfa. They have another bunch of Durocs which they bought and are growing for the market. One can easily see the difference in grade and thoroughbreds by comparing the two bunches.

The farm is such as will offer an opportunity to spread out in the hog business as these people see fit to do. A large portion of the land now pasture can be converted into the very best of alfalfa fields for grazing purposes, and they can increase their stock to several times its present size. Another good thing in their favor is an abundant supply of good water. The place affords spring water and well water in unlimited quantities. Roy Blevins takes great interest in the herd. He knows them all by name and likes to tell one about them. As manager of this splendid hog ranch he is the right man in the right place.

Mrs. Grover Cole received a telephone call last Wednesday stating that her sister, Miss Anna Belle McKown was married Wednesday, the 18th, at Chillicothe to Frank Elton. They are making their home at Childress for the present. Mrs. Elton is the daughter of Mr. and Mrs. G. W. McKown and was reared in the Black community.

Mr. and Mrs. Clint White were here Friday from Quanah.

State and Federal Road Men Here Inspecting Highway

Captain J. D. Fontleroy, Federal engineer for Texas, Frank P. Sexton, district Federal engineer, and State Engineer Lott were here Saturday and Monday looking over the highway work and making the final report. Mr. Lott and Mr. Noland made a trip to Benjamin Monday in connection with the highway work in that county which it is understood is soon to connect up with Foard County at Wichita River. This is very necessary in order that we get the bridge started as soon as possible. Only a few miles of road will have to be put up in Knox County to the river, and since we are already at the river with our part, the building of the bridge only awaits Knox County's speed in the matter. The money is ready for this work, half of the amount already having been allowed by the state and provision having already been made in Foard County by the issuance of warrants to cover our one-fourth of the cost.

AMERICAN LEGION POST ELECTS NEW OFFICERS

The American Legion met Tuesday night at the armory and elected the following officers for the ensuing year: Decker R. Magee, post commander; Que R. Miller, vice post commander; Jesse E. Davis, post adjutant; Hines Clark, post finance officer; Roy Ayers, historian. Trustees: Claude A. Adams, Geo. L. Hinds, Elmo Mott-singer. Membership committee: Crowell, Gabe Sanders, Henry Burress and Counts Ray; Margaret, Walter Taylor; Thalia, Fred Brown.

Dues were set at \$5.00 per annum. The members are to meet next Tuesday night to perfect the organization. All ex-service men are invited to come out and help make this a live post.

MARGARET WANTS ROAD TO CHILLICOTHE

In last week's Chillicothe News a communication from Geo. W. Burress of Margaret to the Chamber of Commerce at Chillicothe insisting on Chillicothe building a road to Pease River was published. The communication stated that Margaret was going to open up a highway down the Orient railroad to Pease River and expressed the opinion that if Chillicothe would get behind the proposition at that end and push it that a bridge could be gotten.

The big thing in the way is the river, but Mr. Burress thinks if efforts to get a bridge should fail that a straw bridge could be maintained. This with a good road between Margaret and Chillicothe would be very helpful to both towns.

O. E. S. ELECTS OFFICERS FOR ENSUING YEAR

At the regular meeting of the Eastern last Thursday evening the following officers were elected for the ensuing year: Mrs. E. C. Ray, worthy matron; T. B. Klepper, worthy patron; Miss Lottie Woods, associate matron; Mrs. C. P. Sandifer, conductress; Ella Edgin, associate conductress; Mrs. Geo. Hinds, secretary; T. N. Bell, treasurer.

Mrs. Phebe K. Warner Will Speak at District Court Room June 4

Mrs. Warner is visiting Foard County primarily to deliver the graduating address for the commencement exercises of the Crowell public school on the evening of June 3rd at the school auditorium and has consented to remain over Saturday and speak to the women of Foard County.

She has done more for the rural women than any woman in the State of Texas. You will miss an intellectual treat if you do not hear her. Let every woman in Foard County come.

NEAR EAST RELIEF

June 1st will be "Bundling Day." Gather your old clothes and bring them to the vacant room in Thacker Rock building. A committee will receive them and see to packing and shipping.

The need is great. Children, men and women, all need clothes, style don't count. Anything that will give service will do. Bring your bundles Wednesday, June 1.—Committee: Mrs. M. O'Connell, Mrs. Hub Speck, Mrs. H. Clark, Mrs. R. L. Kincaid.

CROWELL TO CONTINUE EFFORTS TO GET WATER

At a meeting of the Chamber of Commerce Thursday night of last week it was decided to continue efforts to develop water for Crowell. Mr. Noland gave a report of the situation as to the amount now developed in the well and made an estimate of the possible supply by further work in the tunnels which had been started. The proposition looks good and it was decided that Noland go ahead with the survey and make estimates for the entire project so that the city would know just how much it would take to finance the proposition. Then we can more intelligently proceed.

Of course, no one can tell the source of the water, whether it is surface or subterranean, and therefore can not say how strong the well would be in dry times, but even if it be surface water that accumulates for the immediate basin, it is thought that by impounding the water by constructing a dam, in that way we can get an ample supply for an ordinary dry time. It was brought out that we have a supply now in the well sufficient for a town of about 5,000 people. The fact is, the well now affords as much water as the Quanah well is supplying that town.

Mr. Noland is going forward with tunnel work to get all the water he can. In the meantime preparations are being made looking to a bond election as a means of financing the proposition, and as soon as Mr. Noland makes the survey we shall know more about where we are.

SNAPSHOTS ON MUSIC AND THE CHURCH CHOIR

(By W. H. Dunagan)

The subject, music, is a great study and should be kept in the public schools. Musical knowledge is an advantage to all professional men and women. We realize that it is not every person who learns the science of music that can execute it, but I am inclined to believe that the study in the science of music, though one can not sing or play any kind of instrument, will help in other studies. We are speaking now of high school boys and girls, as well as of children just beginning to read and write. And not only to these, but it is just as important that those living in the rural districts where the opportunity is not as great as in the town or city. Seventy-five per cent of our small town choirs do not have good discipline, there being several reasons, but the main one being because of a lack of pulling together and a want of harmony. It seems that some overlook the importance of dedicating their voice to the glory of God. If you perform well with any kind of instrument it should all be for Jesus. I believe any person coming to the choir should come without malice or prejudice. They should come with no expectation of being praised for having a good voice or for playing well on an instrument but with the view of being of aid to the church, and with that object, help to advance the cause to a higher standard. Of course, we all like to be flattered just a little. It makes me feel about six inches taller for some one to walk up and say: "Say, you sure have a fine voice," or "You sure did play that piece of music well." Now it depends much as to who gives the compliment whether I swell much larger or not. If it is some one who is not accomplished in music and familiar with musical terms I should not think any one would have cause to be very much puffed up. But let that be as it may what we want is better choirs and better management and better support so that we can be ready for all emergencies, and again we want singers who will be a credit to the choir, and persons who will work in sympathy with all the singers in general. If a person has a voice for singing that person should be just as willing to help sing in class or in choir as to talk in conversation, and should a band of singers misunderstand the leader or choir director they nor the listeners should criticize. Any one who ever directed a class or conducted music for a choir know well enough that you are just as liable to make an error as you are to stumble, and any one is liable to do that.

All choir or class leaders need the hearty co-operation of all the singers and the sympathy of all who are listening. Director and class should work in conjunction with each other at all times. We haven't any trained

Vick Shuts Eldorado in First Game; Allowed Only 3 Hits

(By W. H. Dunagan)

Vick only allowed Eldorado three scattering hits. This game was exhibited with only one error assigned to Crowell, which was very good base ball. Vick must have been at his best the way he fanned those boys.

Summary: Battery for Crowell, Boyd and Vick; for Eldorado, More and Preston. Strikeouts by Vick 11, Preston 8; bases on balls by Preston 2; stolen bases, Hay, Russell and Sloan; double plays, Sloan to Hay, Hay to Carmical, Black catches and to Jones; sacrifice hits 1, Buck; Ray hits for Hutchison.

Crowell	AB	H	A	E
Hay, 2b	3	0	5	0
Boyd, c	3	0	1	0
Barry, 3b	4	0	1	0
Sloan, s	4	2	2	0
Mosley, l. f.	4	1	0	0
Walker, c. f.	4	0	0	0
Vick, p	3	0	2	0
Carmical, 1b	3	1	0	1
Russell, r. f.	3	1	0	0
Total	30	5	11	1

Eldorado	AB	H	A	E
Forgy, 3b	4	0	2	0
Buck, 2b	4	0	2	1
Hutchison, c. f.	3	0	0	1
Black, r. f.	3	0	0	0
Moore, c	3	0	0	3
Robinson, s. s.	3	1	3	0
Price, l. f.	3	1	0	0
Jones, 1b	3	1	1	0
Preston, p	3	0	1	0
Ray	1	0	0	0
Total	30	3	9	5

The second game with Eldorado was very poorly staged seemingly caused by the out field. Sloan pitching for Crowell didn't get sufficient support to win. His strike outs show in his record, fanning nine Eldorado batters, so we are forced to say Sloan did more than his part and all that is required to win a base ball game. Score, Crowell 000 1000 000 000—1; Eldorado, 000 000 001110 000 010—8.

Summary: 3 base hits 2, C. Boyd and Youngblood; 2 base hits 1, Forgy; Struckout by Sloan 9, by Youngblood 7; Bases on balls by Youngblood 3; double play 1, Preston and to Bishop; Triple play 1, Forgy catches and to Preston and to Bishop.

Crowell "Fats" Have the Fever

The epidemic that swept Crowell last week was diagnosed by our local physicians and pronounced as baseball fever, McGonigal and Roark suffering more severely than any one else, but since the high school boys operated on them one day last week in a well played game of base ball they seem to be quietly recovering. Boss started for the Fats on the mound, but they soon sent him to the bench, one of those little sluggers slapping out a homer in the first frame. Roark was relieved by Mc. He stepped in the box with his fever at about 108 in the shade, but the fans with an Air soon cooled him and sent him to a position in the field.

Battery for high school, Ashford and Jones; Fats, Meason and Roark, Mc. and Hughton, et al.

Summary: Home runs 3, Gordon Bell 2, Ashford 1; Knocked out, Tom Reeder, crippled, Frank Meason, over heat, T. N. Bell, blowed up, McGonigal, benched, Boss, pinch hitter, Chas. Thompson, official score unknown possibly 31½ to nothing in favor of the school. Umpire, Matthews. (rotten.) This game was played for the benefit of the Cemetery Association and was well attended, the gate receipts being over \$100.00.

Miss Edna Glover is at home for a few days' visit from Vernon where she is taking a business course at the Holcomb Training School.

choirs in West Texas. So where there is no trained choir why should you be surprised to see or find mistakes?

You take our Baptist church, for example, and the Methodist church is not in any better standing musically, we seldom ever get together and practice, then when revival meetings come on we fall short because we are not trained, and that is the time when we need to be in the best of shape.

But remember a mistake or a misunderstanding in a church choir is beyond the criticism of any person who does not know music, and those who do know music should not criticize, and will not, unless they be musical cranks.

READY FOR THE BRIDGE OVER THE WICHITA RIVER

Mr. Noland and Federal Engineer Fontleroy went to Benjamin Monday to see the county judge of that county in regard to the building of the bridge across Wichita River. Things are rapidly taking proper shape in this matter and it will be but a short while until work on the bridge can be started. Foard County is ready with the necessary funds, so is the State, and Knox is making arrangements to finance its part of the work, so that it is a certainty that within a reasonable time we shall have a good bridge across the river and the long time traffic barrier to the south will be removed and a fine highway through to Fort Worth opened up. Knox County has not put up its portion of the road in first class shape, but it has a splendid good one. Baylor County has completed its part of the highway, and it is understood that Young County has also put the highway up across that county, so that this is soon to become one of the great routes from the center of the state to the west. It is several hundred miles shorter than any other one through the West because of its almost direct course and it means the turning of an immense volume of traffic through here and out by Paducah to the Middle Plains.

The Adelpian Club held its closing session with Mrs. Cook May 18. After the reports from the different officers were heard, the votes which had been cast during the year in the current event contest were counted. Mrs. Sandifer received the highest number therefore was awarded the prize.

This being the last meeting of the club year the officers for the next ensuing year were duly installed. At a previous meeting, Mrs. Henry tendered her resignation and Mrs. Carter, after receiving a majority of the votes, was asked to resign her office of parliamentarian and accept that of the presidency which she did.

As her duties as secretary-treasurer of the First District, T. F. W. C. expires in November, Mrs. Carter feels that she can fulfill her obligations as president at the same time finish up the district work now on hand.

Mrs. Campbell was elected to fill the office of parliamentarian. Mrs. Campbell is a very capable woman and well qualified to fill this office.

The lesson was a continuation of Bible study, consisting of different parables and a discussion of the lessons taught by them.

The meeting was adjourned to meet the first Wednesday in September.

Ice cream and cake were served by the hostess.—Reporter.

B. J. Glover began work last week at the Moon ranch near Vivian owned by J. Q. Richards. Glenn Halsell will succeed Mr. Glover as manager of the Halsell ranch. Mr. Glover had been in the employment of Mr. Halsell for 22 years.

Jim Marlow was in town yesterday from Thalia and renewed his paper. He says it is so dry that they have very little cotton around Thalia.

T. M. HANEY, President of Farm Bureau.

SCHOOL BOARD ELECTS TEACHERS

At a meeting of the Crowell school board last Friday night the following teachers were elected for the next term: Prof. D. W. Cook, Supt.; Misses Lena Rasor, Una Self, Ruth Martin, Daisie Robinson, Jode Brian, Venus Cook, Lora Thacker, Carrie Shornick, Inez Sloan, Lottie Woods, Minnie Ringgold. All these are the present teachers except Miss Minnie Ringgold, and the board's choice is expressed in the re-election of the entire force. Prof. Cook and Miss Lena have accepted.

J. L. Martin was here from Royse City last week on his way home from a trip over the Plains country. Mr. Martin is frank to say that he wants to locate in West Texas again. Some months ago he sold his paper at Royse City, thinking that he was done running a newspaper, but he has discovered differently and we shall not be surprised to learn of his going into the business again somewhere in this country. He likes the progressive spirit of West Texas.

J. W. Cook left for Oklahoma this week to accompany his aged mother to Crowell where she will visit.

This Year's Wheat Crop Earlier Than Usual; Harvest On

Wheat harvesting is well under way this week in Foard County. In a few places some was harvested last week.

One can not tell yet just how the wheat is going to turn out but it promises a fair yield. One thing that can be said is that no portion of the country for many miles around us has as good wheat. Wilbarger has comparatively none, neither has Knox. Hardeman county will come nearer measuring up to us than any other county in this part of the State, but it can not show quite so good a crop. We shall not be surprised if the yield runs as high as 15 bushels, which in years past was considered a good crop. The stalk is short but the head is usually well filled and is of reasonable length.

School Closes at Black

Mrs. W. W. Nichols was here from Black Saturday and said that they were closing out their school which had been in progress for eight months. Mrs. Nichols is a teacher in the school. They have had a fine school in that community this year and one of 8 months' duration.

School Exercises to Close June 3rd; Mrs. Warner Will Speak

The baccalaureate sermon will be preached at the Methodist church next Sunday at 8:00 p. m. by Rev. B. V. Edworthy of Dallas, State Secretary of the Boy's Division, Y. M. C. A.

The class play will be given in the school auditorium on Thursday evening, commencing at 8:00 o'clock. The title of the play is "A Trial of Hearts." This is a college comedy of four acts.

The graduating exercises will be held in the school auditorium Friday evening, June 3rd. Mrs. Phebe K. Warner will be the speaker for this occasion.

The graduates of the Crowell high school this year are: Eva Blakemore, Gladys Brian, Gleyonn Brian, Addie Carroll, Claudia Carter, Lottie Cole, Leo Hlavaty, Oberia Hamblen, Lottie Meadows, Vern Pool, Evye Gilliam and Annice Sanders.

Farm Bureau News

To the cotton farmers of Foard County: We are now in the midst of our great co-operative cotton pool, one of the biggest things ever attempted by the farmers. We have often looked forward to a Moses to lead us out of this awful condition we have permitted ourselves to drift into. We now have it, the co-operative marketing association, or the co-operative marketing contract. The farm bureau has employed the ablest lawyer in the U. S. on co-operative law, Aaron Sapiro of California, to formulate a contract by which we may be bound together. You have often heard, and no doubt you have used the same expression, "If the farmers would stick together they could rule the world." We do not want to rule any one, but we do want to govern ourselves in a business way that we may make a decent living. In order to meet this organized world we must organize ourselves. By signing this five-year contract you become a member of the cotton association, and don't think for once this contract can be broken, for similar contracts in California have stood the test. This sign-up campaign has been turned over to the membership of Foard County. Headquarters are short on men that can meet the farmer and explain the co-operative plan. It is up to us to put it over, the speakers being used in the large cotton counties of Central Texas. Now we must get busy, for Texas must sign up one million bales or this plan is lost.

We have the endorsement of the financial world. The bankers association at San Antonio last week made the endorsement unanimous. Mr. Henry C. Wallace, Secretary of Agriculture, at Washington, D. C., says the farmers of the United States must prepare to take care of themselves in their own fight. They must not continue to complain.

Get you a contract and sign it, get one for your neighbor and tell him it is imperative that he sign. We ask the co-operation of the business men of the county, for we know you realize that your success depends upon our success. If we fail, you fail. This campaign will close the first day of July.

T. M. HANEY, President of Farm Bureau.

SCHOOL BOARD ELECTS TEACHERS

At a meeting of the Crowell school board last Friday night the following teachers were elected for the next term: Prof. D. W. Cook, Supt.; Misses Lena Rasor, Una Self, Ruth Martin, Daisie Robinson, Jode Brian, Venus Cook, Lora Thacker, Carrie Shornick, Inez Sloan, Lottie Woods, Minnie Ringgold. All these are the present teachers except Miss Minnie Ringgold, and the board's choice is expressed in the re-election of the entire force. Prof. Cook and Miss Lena have accepted.

J. L. Martin was here from Royse City last week on his way home from a trip over the Plains country. Mr. Martin is frank to say that he wants to locate in West Texas again. AYERSVILLE NEWS

(By Special Correspondent)

D. M. Shultz has recently purchased a header.

Hugh Shultz has put a house and well on his lots in Vernon.

The little son of Charlie Blevins and wife has been very sick the last few days.

Mrs. Alice Tackett spent Wednesday night with W. A. Johnson and wife at Thalia.

Greek Davis and family spent Sunday with Yancy Lindsey and family at Thalia.

Mrs. Lissenby of Spur, Texas, spent Sunday night with her sister, Mrs. Will Gamble.

George Donovan and wife of Fort Worth are visiting relatives in this community.

Harris Chandler and family of Chillicothe spent Sunday with E. W. Burrow and family.

Willie Johnson and Miss Connie Wood of Thalia were guests of Miss Aline Gamble Sunday.

Mrs. Valeria Owens left Tuesday for Ft. Worth where she will undergo an operation for goiter.

Tom Wayland and wife and Mrs. W. L. Johnson spent Sunday with Jim Rogers and family near Thalia.

Misses Clara Skipworth and Willie Lawhorn and Craft Jobe of Talmage visited Miss Jewel Davis Sunday.

E. W. Burrow and Ed Peacock went to Rayland Saturday and purchased a header to cut their small grain crop.

There will be no literary at Gambleville Friday night June 3rd on account of commencement exercises at Crowell.

Several in this country have begun cutting wheat, some of the wheat can

be cut with binders but most of it will have to be cut with headers.

O. B. Lindsey and daughter, Mrs. Alice Tackett, and Mrs. Maude Johnson of Thalia visited Mrs. Inez Gamble and family in Chillicothe Monday.

Charlie Parker and little son of Dill, Okla., were recently here for his car which was left when he moved. Grandma Davis accompanied them back to Oklahoma.

Dave Thompson and family have moved from the Uncle Dick Williamson place to the Emory farm west of Crowell. Mr. Hukill and family will occupy the house vacated by the Thompsons.

A birthday dinner was given in honor of Will Gamble Sunday who was 44 years old the day before. Most of the relatives were present. Marion Garrett and family and Roy Teel of Crowell were there.

Mr. and Mrs. Clarence Haney and Mrs. Lance Shultz and little daughter, Rebecca, of Vernon were visiting relatives in this community Saturday and Sunday. They also attended the commencement exercises at Margaret Saturday night.

Notice of Election

Notice is hereby given that an election will be held at the court house in the town of Crowell, Foard County, Texas, within the Crowell Independent School District, on the 6th day of June, 1921, to determine whether an annual ad valorem tax not to exceed one dollar on the one hundred dollars valuation of taxable property of said Crowell Independent School District shall be levied, assessed and collected for the maintenance of the schools therein.

J. W. Beverly has been appointed Judge, and A. G. Magee and D. L. Reavis, clerks of said election, which shall be held as nearly as may be possible in conformity with the general election laws of the State.

THE U.S. CHAIN TREAD
One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire.

The U. S. Chain Tread gives sufficient traction on all ordinary road surfaces. It is probably the hardest-wearing, and by all odds the most popular of the whole U. S. Tire line.

Economy rides on U.S. Tires—

If you could get together all the car owners you know, you'd probably find that their tire experiences had been much the same.

Most of them have taken their fling at "job lots," "discontinued lines" and "surplus stocks." Soon or late, nearly all settled back on quality first as the one sound assurance of tire value.

As soon as a man forgets the cut-price tag, and comes to the dealer who concentrates on a full, completely sized stock of U. S. Tires—he learns what it means to get fresh, live tires—not once in a while but every time.

Not merely in the big cities, but in his own home town.

passed on the 6th day of May, 1921, and said notice is issued pursuant to said order.

Dated this the 9th day of May, 1921.

City Meat Market

Carries everything in the line of an up-to-date meat market, together with packing house meats such as Boiled Ham, Mince Ham, etc., except beef. Also carry Pure Hog Lard, the kind your mother used to make during hog-killing time. Come in for a fresh tender steak of beef or pork for dinner, or maybe it's pure hog sausage you want. If so the City Meat Market is the place to get it.

BEAVER NEWS (By Special Correspondent)

A large crowd was present at Sunday School Sunday.

The weather is still threatening rain which is needed very much.

Will Jones of Claytonville was a visitor at Sunday School Sunday.

Dr. Hill has opened up the harvest work with two binders running in his field.

May Randolph of Jamison is spending the week with her sister, Mrs. McGregor.

French Straley of Margaret spent Monday night in the John M. Johnston home.

Mrs. N. G. Johnson who has been staying with her son at Margaret returned home Sunday.

Buford Randolph and sister, Miss Lorena, of Jamison were visitors of our Sunday School Sunday.

Miss Clara Randolph from Waxahachie is visiting her niece, Mrs. McGregor, of this community.

Mrs. Marvin Howard of Crowell is spending the week with her parents, Mr. and Mrs. J. W. Stone, of this community.

Every one is invited to attend Sunday School and singing at Beaver school house at 3 o'clock Sunday afternoon.

Mrs. Warren Crenshaw and sister, Mrs. Charlie Adkerson were guests of Mrs. John Greening of the Black community Monday.

Several people from this community attended the school programs at Foard City and Claytonville Friday and Saturday nights.

Mr. and Mrs. R. M. Cain and children spent Sunday with Mrs. Cain's parents, Mr. and Mrs. H. W. Black, of the Claytonville community.

Lavert McGregor returned home Saturday after two weeks visit with his grandparents, Mr. and Mrs. W. M. Randolph, of Jamison community.

Mr. and Mrs. J. L. Chapman and children of Crowell and Ernest Ford of Gambleville were visitors of Mr. and Mrs. Haphen Fort of this community.

Messrs. Crosnoe and Willard Wisdom and Misses Vivian Huffaker and Nora Lefevre of the Foard City community were visitors at singing Sunday afternoon.

Mr. and Mrs. Frank Peebles and

little son, Lilborn, were guests of their cousins, Mr. and Mrs. Pink Randolph and children, of Crowell, Saturday night and Sunday.

Jay Del Johnson who has been staying at Margaret for some time on account of a broken limb was moved home Sunday morning. He stood the trip all right and is doing well at present.

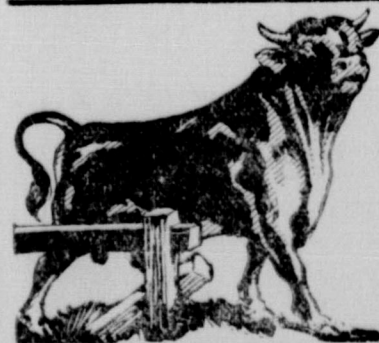

There were three games of base ball played between the Beaver and Good Creek boys last week. We did not learn the scores but we understand that the Beaver boys were defeated in both games.

William J. Bryan hit the ball the other day when he declared that "no drunkard should be appointed to enforce our prohibition laws because they can not decide between their oath of office and their appetite."

General Leonard Wood advises teaching the people of the Philippine Islands obedience to law and order. But if we can't do a better job of it there than we do at home we had better stop before we start.

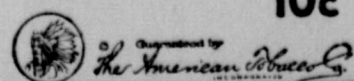

Are mothers-in-law becoming more amiable, less numerous, or is the editorial fraternity getting cold feet? At any rate few jokes are cracked at their expense now that they have the right to vote.

The population of the earth is estimated at about 2,000,000,000.

Government Stallion

ED LUCE is a bay horse, fifteen hands high and weighs ten hundred and sixty pounds. He was foaled in 1911 and is by Guiding Star out of Belle Strome by imported Ben Strome. He was bred by Mr. H. S. Peck of Gregson, Montana.

In this horse are combined the breeding of the thoroughbred with the conformation of the quarter horse, he should sire hardy, high class horses. He raced four years and ran seventy-seven races ranging from a half to three quarters of a mile and won eighteen, second thirteen times and third twelve. Making forty three times he won or was placed in seventy-seven races; run at nearly all the tracks from Mexico to Canada.

ED LUCE will be handled this season by J. H. Minnick of Foard City,

Texas, and will stand for \$10.00 for each mare with usual return privileges. This stallion is placed in this place for the purpose of increasing the supply of cavalry horses which in a few years will be badly needed. The Government has no strings on the colt, but wants to know where to look for horses when they need them. 50

THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, May 27, 1921

\$25,000,000 for What?

What are we going to get out of that \$25,000,000 this government is to pay the government of Columbia? By consenting to this payment we tacitly admit that this government was in a measure instrumental in the secession of Panama. It is within this seceded territory that General Goethals performed the greatest engineering feat of history by constructing the Panama canal, which we own. Central and South American republics are never quite at ease regarding the United States. There is always a lurking suspicion that we entertain ulterior designs toward them, with the possibility of extending the folds of the American flag to cover the entire continent at some future day. But we

have no such intentions. We have troubles enough of our own without assuming those of an alien race whose habits, customs and inclinations are not in harmony with our own.

Is this government so great that it is willing to admit a mistake of the past and make restitution to the extent of \$25,000,000? Or is a cold blooded effort to purchase that brotherly love that we all know does not exist? Or what is it? \$25,000,000 is a lot of money. It means much to Columbia. But where do we come in? Do we simply cough up and forget, or is there a hidden string to the deal?

Scrapping Over the Fight

It took five years to fight the world war. It was some fight. At the

present rate of speed it will take twenty-five years to adjust the difficulties growing out of that war. It may even become necessary to fight another war, with an entirely different lineup of nations.

Do not make the mistake of thinking we have seen the end of all wars. We have not. It is nowhere in sight. We doubt if it is even seriously considered by the men who really control affairs of Europe. There was never more diversified bitterness and jealousy than there is in Europe today. Trust and confidence are unknown. Suspicion and hatred are everywhere. The powerful allies are exasperated at the procrastination of Germany. They can not even come to a lasting agreement among themselves.

In the meantime some of the little countries are happy in the enjoyment of another scrap. The volcano is daily sounding the danger signal. It may break forth in eruption at any time. We were drawn into the last war against our will. It is difficult to see how we can keep out of the next one.

In the meantime, is our powder dry? Or have we any powder?

700 Years and Still Fighting

Ireland has been fighting intermittently for something like seven hundred years for freedom. It has been a long fight, in the face of every possible discouragement and obstruction.

The Irish, like our own people of the original thirteen colonies, want the right to govern themselves. Some day they will have it.

Ireland in a constant state of turmoil, and with a huge army maintained to keep it in subjection, can be of but little value to England. But a free Ireland, with reciprocal trade relations, might be a profitable neighbor.

Certainly a people who have been "kicking up the dust" for 700 years will hardly remain quiescent as long as the same blood flows in their veins.

England might let go of her hot poker with distinct advantage to herself.

The most convincing proof that England is cultivating the United States is found in the announcement that Queen Mary has placed her enthusiastic approval upon American jazz.

Governments are like people. If they persist in carrying chips on their shoulders some one is sure to knock them off.

July August Wheat

We can now buy your wheat for June, July and August shipment.

The price will be as market affords each day and change in price will come as market goes up or down. Our elevator is empty, and we can contract to the amount of 60,000 bushels. When we contract your wheat we will take it regardless of room, cars or anything else. However, when the rush comes we may have to stop because we do not want to have to pile wheat on ground as last year.

We have a special grain office in our store and any time would be glad to furnish you any information we may have as to crop conditions, etc. We want to secure you all we possibly can in price for your grain and will do all we can to help you.

You are 21 years old, and as to selling your wheat now, make up your mind and do as you think best.

We are ready to buy wheat every day. Our phones 203, 36, night phones 194, 128.

Allison Grain Co.

All millinery half price.—Self's.
Service is our middle name.—Gabe's.
Model Bakery bread now 10c a loaf.
L. D. Campbell returned Tuesday from Dallas.
Tell Doyl your drink troubles—he'll fix 'em.—Gabe.
E. Van Noy of Duncan, Okla., visited friends in Crowell last week-end.
Second hand McCormick binder for sale, \$75.00.—Beverly & Beverly. 50p
Henry Burrows and Grady Magee went to Plainview Wednesday and expect to return today.
If you have not bought your supply of coal for threshing or for winter use see me before you buy.—J. M. Jonas. 50p

5 new pieces tissue gingham.—Self's.
June, July and August contracts on wheat every day.—Allison Grain Co.
Lost—Red sow pig. Will pay for return or information.—T. T. Kuykendall. 1f
Do you need any extras for your grain binder? Give us your order now.—J. H. Self & Sons.

SALVATION ARMY'S SERVICE APPEAL

The Salvation Army's service appeal for \$500 opened in Foard County May 23. This county has been asked to contribute \$500 as its share of the \$120,250, asked in Northwest Texas to enable the Salvation Army to continue and extend its great service in our community.

The people of Crowell and those living in the remote section of the county have heard of the wonderful work of this great humanity serving organization. It is the organization that extends a helping hand to the men and women "who are down but never out."

The Salvation Army has a mighty fine slogan in dealing with the needy and unfortunate. This organization believes in rendering help and asking questions afterwards.

Foard County is fully organized for the appeal which is backed and supported by the leading citizens of the state and our community.

P. D. Chaney is chairman of the fund raising organization and he is being assisted by the leading men and women of the county.

When the committee calls on you don't say, "Well times have been hard." We all realize that, but the harder the times the greater the need of the Salvation Army.

Don't depend on "George" or the other fellow to give—"Kick in" yourself. If everybody depended on the other fellow to give, the appeal would fail.

And if the Salvation Army depended on some other organization to help the needy and unfortunate, thousands of men and women would become human driftwood each year.

Let's put Foard County on the map by subscribing our quota one-hundred per cent.

The appeal will continue until May 30th.

For more than 50 years the Salvation Army has been endeavoring to "clean up" the back yards of the world. It has been plugging along in all the dark corners of the entire world lending a hand to men and women "who are down but never out" and guiding these unfortunate spiritually as well as physically.

Salvation Army officers have been talking and doing Americanization work among the foreign born for years. They sow the seed of real

Americanism in the immigrant upon his arrival in this country and then continue to nourish and cultivate the seed until the alien visitor is familiar with the word American and what it exemplifies.

Not until the war came did the Salvationists receive the recognition due them and the "other half of the world" heard for the first time of this great humanity serving agency.

The war work of the Salvation Army was just incidental. It was just one of the 16 major activities of the Army and cannot be compared to the year 'round work of this organization right here in Texas.

During the great unemployment crisis in Texas the past few months, the Salvation Army cared for hundreds of men, women and children. Now the Army needs funds to replenish its resources to continue its home work.

Foard County will be asked to contribute \$500 to the Northwest Texas appeal for \$120,250 between May 23 and 30. The quota is small this year because only actual needs of the Army were placed in the budget by the District Advisory Board, headed by Ben E. Keith of Fort Worth.

G. L. Burk is chairman of the Advisory Board, Foard County Organization.

When the Lady Godiva, to alleviate the sufferings of her people, rode through the streets of Coventry garbed only in her flowing hair, she required every inhabitant to remain indoors and keep the blinds closely drawn. She was modest. But those were ancient days, before the advent of modern costumes and bathing beaches.

Registered Poland China pigs—10 gilts 6 months old, 1 male pig, a real pig, sired by Improver and Smooth King dam, 30 March pigs just the size for club pigs, terms made to club members.—Ferguson Bros. and Charlie Blevins.

Get this booklet which tells "What Edison Likes in Music"

THERE is a certain song which holds a fascination for Mr. Edison.

That song is "I'll Take You Home Again, Kathleen."

Mr. Edison has his other favorites, too. He listens to them in those moments of relaxation which he snatches from his never-ceasing research work.

Wouldn't it be interesting to know these tunes?

Get a copy of "What Edison Likes in Music" (use our Edison Requisition Blank). Know Mr. Edison's 25 favorite selections. Note his personal views on what is good and what is bad in music. See the six selections

he thinks everybody ought to have. You will get new side-lights on Mr. Edison, the man,—also valuable music suggestions you can use.

This is the booklet the magazines have been talking about. We haven't a large supply. The demand is heavy. So, act promptly.

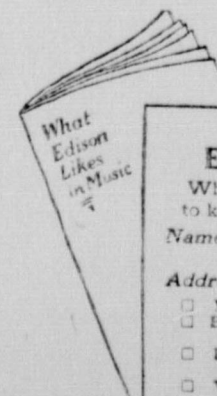

The phonograph which Mr. Edison has for his personal use is acknowledged to be the most perfect type of sound-reproducing instrument in the world. We have its exact duplicate. Come in and hear it. Ask for the Official Laboratory Model. You can buy it on our Budget Plan. That is, we'll make a gentleman's agreement with you.

Texas Music Co., Crowell, Tex.

Study This Picture! Know What It Means?

It means that famous vocalists and instrumentalists have compared their performances with the RE-CREATION of those performances by the New Edison. It means that there is no difference between the living performance and the RE-CREATED performance. It means that only the New Edison gives music exactly as great artists give it,—for only the New Edison sustains this test of direct comparison. (The New Edison also plays all makes of talking machine records, —and plays them better.)

Too Much Athletics

Athletic sports appear to be about the most important thing in college life of the average young man of today.

If he doesn't go in for the round of sports he is apt to be termed a grub-worm and find himself more or less isolated from the companionship of his fellows.

If he becomes an enthusiastic sportsman he is in danger of neglecting his studies to the detriment of his education and his future.

The promotion of athletics is desirable up to a certain point, but the tendency of the day is to ignore that point and go the limit, even to the sacrifice of educational proficiency in lines that are necessary in modern commercial life.

This is not an age when young men may learn to read and write and add and subtract and then go out into the world and compete for success.

Employers are becoming more exacting each day. They require something more than a football or a stroke record from their employees. They insist upon stability, common sense and an ability to "produce the goods."

There are many noted critics of our higher educational institutions of today, and these critics have little confidence in the ability of the average college graduate.

When shrewd employers place a value of \$10 a week upon the services of young men just out of college there would seem to be something wrong with the system under which these young men have been trained.

Too much athletics may become as detrimental to the individual as none at all.

That Slacker List

Including the names of valiant ex-service men among the list of slackers leads unbiased people to suspect that the persons who kept the records should head that list.

The lists sent out by the war department have been found to be so unreliable the press of the country hesitates to publish them until the record of each man has been carefully traced.

If the records of the war department and the draft boards have been so loosely kept as to be largely unreliable, then the editorial fraternity is quite justified in refusing to publish the names of alleged draft evaders until information can be supplied from a source that is dependable.

It is better to let a hundred guilty men escape than to publicly humiliate one innocent veteran.

We do not charge

We do not deliver

WHY

pay long prices for your groceries just for the convenience of having them charged?

WHY

not save this extra expense and derive the benefit of your money by taking advantage of our cash prices?

WHY

others find our system to their interest and satisfaction is good reason for your adopting it.

DODSON'S LIVER TONE
INSTEAD OF CALOMEL
Calomel is quicksilver. It attacks the bones and paralyzes the liver.

Your dealer sells each bottle of pleasant, harmless "Dodson's Liver Tone" under an ironclad, money-back guarantee that it will regulate the liver,

stomach and bowels better than calomel, without sickening or salivating you—15 million bottles sold.

An Oil Stove Having All the Beauty, Durability, and Cooking Efficiency of a Fine Gas Range

RED STAR

Detroit Vapor Oil Stove

The 5 Star Points the

Detroit Vapor Oil Stove

- (1) DURABLE 8½ pound burner without wicks or wick substitutes. Lights instantly, more economical than coal, wood or gas. Heat directly under cooking utensil.
- (2) POSITIVE VALVE CONTROL regulates heat like city gas. A quick hot fire or a slow, steady fire, by simply turning valve.
- (3) DOUBLE FLUE OVEN bakes perfectly

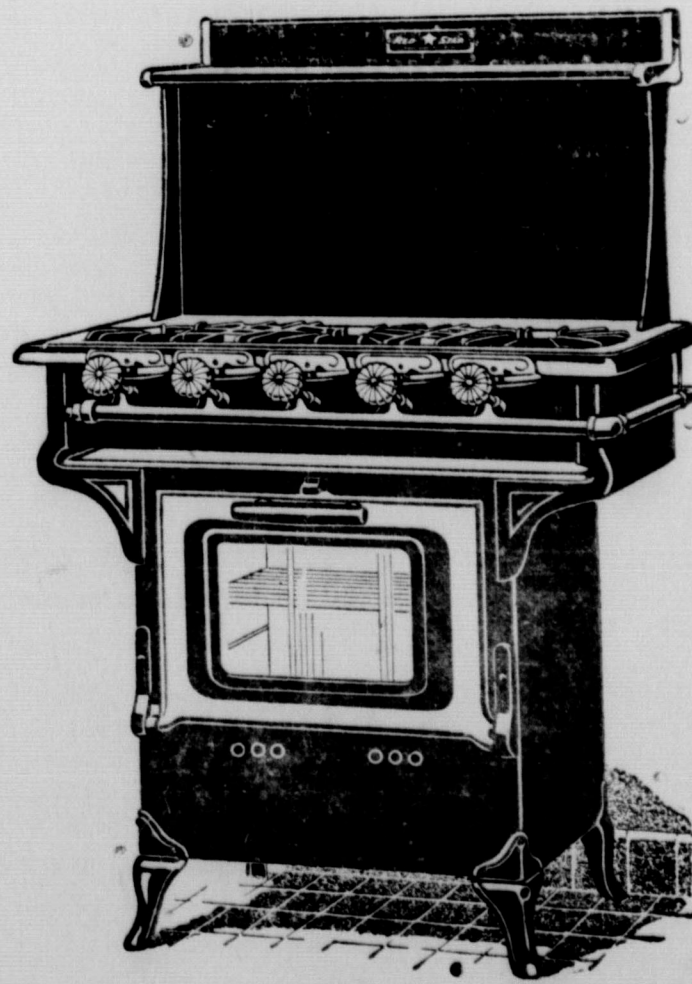

as fact as a gas range, linings are rust resisting, glass door, handle always cool.

(4) CONVENIENT full length shelf, fuel supply back of stove, double tank makes filling easy.

(5) BLACK ENAMEL FINISH, durable, easy cleaned with dry cloth, all nickel parts highly polished. Uses one-fourth less coal oil or gasoline than any other oil burning stove. Cooks as fast as a wood, coal or gas stove. Each burner weighing 8½ pounds gets red hot in 20 minutes. You can turn fire completely out and still cook on.

BAKES, BOILS, ROASTS AND FRIES ANYTHING AS QUICK AS THE BEST GAS RANGE AND USES LESS FUEL WHILE DOING IT.

This Style \$75.00

Burleson Gives Impression of Conditions in Germany

Berlin, May 22.—In terms of highest praise, A. S. Burleson of Texas, former American Postmaster General, characterizes Dr. Wirth, Germany's new Chancellor, as a "strong, honest" official, and one who will do things if he is given the opportunity.

"I am greatly impressed with Dr. Wirth's energy and honesty, with his capability of handling the Cabinet and with his whole administration," Mr. Burleson declared.

"He impressed me, in spite of his youth, as absolutely honest and strong. I think he will be able to swing things around."

"There is a great change here in sentiment of the people since the signing of the ultimatum; there seems to be more confidence, more determination; whereas, everybody seemed uneasy, nervous and restless during the previous six weeks. This feeling has disappeared, and in its stead is the desire to get down to work."

"Everybody is working here. You see no idlers hanging around the street corners."

Mr. Burleson is a very busy man in the German capital. He is arranging to place some of the superfluous Texas cotton here and probably will succeed.

Self-Luminous Animals.

Not less than 35 different orders of animals are self-luminous, we are told by the new work of E. Newton Harvey on "The Nature of Animal Light." These include many forms of protozoa, hydroids, jellyfish, bryozoa, polychaete and oligochaete worms, brittle stars, crustacea, myriopods, insects, mollusks, primitive chordates and fishes. None of the luminous species inhabit fresh water, all being terrestrial or marine. The luminosity is sometimes shown by both larvae and adults, and in a few instances by eggs. In experiments made, two substances have been isolated—luciferase, an enzyme, and luciferin, a protoid—and the light appears to result from bringing these together in the presence of oxygen and water.

Recovered Coin After Fifty Years.

Fifty years ago when the foundations were being laid for the Washington statue in front of Independence hall, in Philadelphia, John Nash, then a policeman, threw a 2-cent piece into the hole being dug for the foundations. Recently when some changes were being made to the statue, Nash recalled the incident and stirred up the dirt and uncovered the coin. It will be hung in Independence hall. Incidentally, Mr. Nash recalled that 2 cents had a buying capacity at that time treble that of today.

A word from the wise is not always one of wisdom.

For Sale—Five registered Hereford bull yearlings, ready for service.—E. Bell.

WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui . . . that I was improving. The result was surprising. I felt like a different person."

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me. . . My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere.

I'd walk a mile for a Camel

The pleasure is worth it. There's no substitute for Camel quality and that mild, fragrant Camel blend.

The fellow who smokes Camels, wants Camels. That's because Camels have a smoothness, a fragrance and a mildness you can't get in another cigarette.

Don't let anyone tell you that any other cigarette at any price is so good as Camels.

Let your own taste be the judge. Try Camels for yourself. A few smooth, refreshing puffs and you'd walk a mile for a Camel, too.
