## CHILICOTHE EDITOR HANDS IT TO CROWELL

### Sunday Blue Laws Too Rare for Average American Citizen

Editor and family had occasion to travel through Foard County Sunday at Crowell, the county seat. A number of efforts to secure gasoline for our car and was unavailing and the natives would look at a person wanting to buy gasoline on Sunday in their village. Sunday laws in Foard County are business pick up fifty per cent on the news but on the Orient. The entire population turns out in the afternoon to get a coke, and who have cars motor to Quanah, Chillicothe to spend the day. We are unable to learn whether the law enforcers forced the citizens of that town to attend church or school, but from the appearance of the streets they were in some county enjoying the freedom of American citizen. We extend our sympathy to a tourist who happens to travel through Foard County or unless he knows the condition of that county and has enough gas to reach Quanah, Chillicothe, Knox City.

to obey the Sabbath in Chillicothe a traveler is refused motor supplies here and you can buy anything from a coke to a Fordson. Come to Chillicothe.—Chillicothe

The first paragraph of the "editor's" conveys the intelligence that he is in a car and it was in this car that his family were motoring through Foard County, and while passing through the county availed themselves of the opportunity of visiting Crowell, the county seat.

The News is always glad to know anybody can afford a car, or even such as we have. It is presumed, however, that the "editor" had a car, because he says "our car," the same paragraph he says he is a number of unsuccessful efforts to get gasoline in Crowell, that "natives" would look surprised at a person wanting to buy anything on Sundays in their "village."

No man in Crowell will read such comments without coming to the conclusion that said "editor" must have a little "bug-housed." A tourist is not to have to be on the "inside" to get gasoline in Crowell on Sunday. It does not have to possess an overabundance of what is commonly called common sense. Any common scrub who has enough brains to steer a car and to get out of the ditch can get gasoline in Crowell any Sunday if he has to get it just by finding out who has it and making known his needs. It applies especially to tourists. Officers expect the dealers to sell gasoline to tourists and have requested them to do so. So if a man can't get the signs in front of the business places he can learn who sells gasoline and then all he has to do is to get touch with the dealer. Sometimes he may be on the street, but if not he can get one of half a dozen any time by phone. This is said by way of explanation. We hope the "editor" will look for vitriol in the statement that we are glad he came to our town and glad he got out, as we presume did.

Now, as to the reference the "editor" makes to the cold drink stands, we only wish that his paper contained these paragraphs went into ten thousand homes instead of 250. It is a matter of pride to every law-abiding citizen of Crowell and Foard County that these are closed every Sunday. It is the best thing that ever happened to Crowell and let the little publications like the Chillicothe News herald that fact abroad as much as they please. We want the advertisement to mention of the fact be given whatever spirit pleases them. That sentiment in this town is strong enough to force an observance of the Sabbath in the matter of selling "cokes" and other drinks, good had, on Sunday appeals to that sense of citizenship which Crowell prides itself on.

You can get gasoline in Crowell on Sunday if you have a little sense, but you can not get a "coke" nor can you buy a Fordson. The dealers are glad to sell these through the week and most of them rejoice that they can not sell them on Sunday. For the reasons here cited and various others we pride ourselves in extending to the world the invitation to come to Foard County and Crowell.

Prof. Cock and his folks came back last week from a visit to Brownwood and Denison but Mr. Cock has been at home so closely since the return that the News failed to get the item for last week. He reports a little drouth in the Brownwood country but says crop conditions are excellent in the Northeastern part of the State.

## ORIENT NEEDS 1,000 CARS FOR CATTLE SHIPMENTS

Washington, July 29.—The urgent need of 1,000 cars for shipment of live stock from points on the Kansas City, Mexico & Orient Railway was conveyed in a telegram received by Representative Parrish from Representative Hudspeth, who is in Texas. At the Interstate Commerce Commission it was learned that the Orient on July 1 was able to take care of 95 per cent of the applications for equipment and on July 15 it was able to respond to only 45 per cent.

A telegram went from the commission today to General Manager A. D. Bernadi of the Orient, advising that if he did not have sufficient cars it would order them furnished. Mr. Hudspeth's telegram said that a large amount of live stock was ready for market in the section of Texas traversed by the Orient.

## Married Monday Evening

On Monday evening of this week Miss Ella Edgin and Arnold Rucker were quietly married at the home of the bride's parents, Mr. and Mrs. J. R. Edgin, Rev. J. E. Billington performing the ceremony. Only relatives of the contracting parties were present. The bride is the only daughter of Mr. and Mrs. J. R. Edgin and was practically reared in Crowell and is one of the most accomplished and popular young ladies of the town.

The groom is the son of Mr. and Mrs. C. L. Rucker, having lived in Crowell for many years. The News joins the many friends in congratulations and best wishes.

## Automobile Accident

An automobile accident happened in the Claytonville community Sunday night, but fortunately no one was seriously hurt. The account of the accident as given by the News is that a buggy in which Ray Austin and Miss Julia Gafford were riding was struck by an automobile driven by H. W. Black. Miss Gladys Black is said to have received a slight wound. The cause of the accident is assigned to the fact that this car had no lights.

The practical joker is not always as practical as his jokes.

reason of the "blue laws" that give you so much pain, but on the contrary there has been more constructive work done in this little city within the last year than in all former years combined. Our people are church-going people. They are law-abiding citizens. They have built one \$70,000 temple of worship within the constructive period which we have mentioned. Another one to cost \$50,000 is going up. We have voted \$150,000 bonds for highways in the county. The "village" to which the "editor" refers has voted \$100,000 worth of water bonds. The same village has voted the tax limit of \$1.00 on the hundred for school purposes, all within the last year's time and during that period the blue laws, which annoy the "editor" have been in effect. We leave it to any man who has brains enough to properly weigh matters to decide honestly whether or not this is real constructive work. Does it not speak for permanency, and is it not the work of a citizenship that means to build on a solid foundation?

Let us say here that the newspaper, the local country publication, has a wonderful field for doing good, but if it assumes the attitude towards matters with reference to the Sabbath that our Chillicothe contemporary does that opportunity is misused. To be frank, it is amazing that one could be found in northwest Texas like this "editor," and we leave it to the reader to decide for himself as to what would be the result of the press standing for violation of law. The day has passed for that kind of practice. We have the greatest country in the world and a citizenship whose capabilities are measureless, and by the eternals this paper proposes to stand for the enforcement of law and for everything else that is for the good of the country, and most of all for those things which pertain to the interests of the youth of the land.

You can get gasoline in Crowell on Sunday if you have a little sense, but you can not get a "coke" nor can you buy a Fordson. The dealers are glad to sell these through the week and most of them rejoice that they can not sell them on Sunday. For the reasons here cited and various others we pride ourselves in extending to the world the invitation to come to Foard County and Crowell.

## POTATO MEN GO EAST TO GET PLANS FOR CURING PLANT

A trip by one of the News men to W. A. Walker's big potato patch consisting of 120 acres last Saturday in the Rayland country was an occasion of interest and pleasure to him. J. C. Davis is one of the men who is cultivating the Walker farm and it was to his place that the News representative went. Mr. Davis was not at home. He and three others together with Mr. Walker himself were in East Texas getting plans and ideas as to a curing plant. The four constituting the party are W. A. Walker, who owns a section of fine land in the Rayland country, J. E. Young, T. J. Prescott and J. C. Davis who are cultivating the land to potatoes.

As stated above, the amount planted to potatoes last spring was 120 acres. Of course, this is not all in a body but consists of several small tracts. The largest of these potato patches is 43 acres. The crop has done well. The potatoes are now in a healthful looking state and if nothing serious happens to them the yield ought to come up to their estimate of 200 bushels to the acre. According to Mr. Davis' son, who showed us over the crop, some portions of the crop promises a better yield than other portions and might, under favorable circumstances, yield a little more than 200 bushels, but he thinks it is not putting it too high to say that the average should be somewhere about that. There are certain possible conditions to be taken into consideration. Not only possible but very probable. One is the condition of moisture. A good rain right now would help the crop. It has not fully matured yet and could be cut short by dry weather, and there is no way to irrigate. The spring which broke out two years ago at the Rayland school house and a part of which passes through the Walker farm can not be utilized because of the irregular lay of the land, and then, too, it is doubtful if it would afford enough water to justify trying to use what there is. One of the prongs which originally passed through the farm has already dried up practically. So if the impression has been given out that this potato ranch can be irrigated it is a mistake. For the present at least the dependence for moisture is just what it has always been—rain from the clouds.

But the experiment Mr. Walker and his men are making with potatoes, we believe will prove a profitable one in the years to come. Even 200 bushels to the acre on 120 acres will not be a poor yield. Of course, the expense of making the crop must be much greater than that of making a cotton crop, but even at that, a 200 bushel yield will represent a nice sum of money and doubtless a good profit.

This is almost entirely an experiment but Mr. Walker is anxious to know what it will amount to under a thorough test and is therefore going to try it out thoroughly. He and his men made this trip to the East to get ideas and plans on the cheapest and most practicable methods of curing the tubers and will go to work on the plant shortly. In the meantime the crop will be ripening for the kiln where they will be cured as a commercial product. It will be some thirty days before they will be ready to dig.

This experiment will be watched with interest by all the sandy land farmers. If they can grow potatoes more profitably than they can grow cotton we may expect thousands of acres of that land to be devoted to the crop in future years. There are many sections of such land in the sand hills north of Thalia and adjacent to Rayland.

## UNDERWENT OPERATION AT KNOX CITY THURSDAY

Mrs. T. L. Hayes underwent an operation at the Knox City Sanitarium Thursday for removal of a tumor. Dr. T. S. Edwards performing the operation. The operation is said to have been a serious one but Mrs. Hayes is reported to be improving slowly.

Prof. Cock and his folks came back last week from a visit to Brownwood and Denison but Mr. Cock has been at home so closely since the return that the News failed to get the item for last week. He reports a little drouth in the Brownwood country but says crop conditions are excellent in the Northeastern part of the State.

## VISITORS SPEAK AT M. E. CHURCH SUNDAY

At the morning service Sunday Rev. W. E. Lyon of Abilene spoke at the Methodist church. He is Centenary Secretary of the Northwest Texas Conference and his visit to Crowell was in the interest of this movement.

The speaker's theme was "The Foundation and Superstructure." He spoke of the foundation as one of the most essential things in any constructive work and it applies to the Christian life as well as to material and temporal things. He made it plain that only upon Jesus Christ can one hope to build with expectations of permanency. There are two sides said the speaker, to the superstructure that is to be built on this solid foundation, namely the divine and the human, and it was with the human side that he dealt mostly.

He directed attention to the character and preparation of the material to go into this superstructure and pointed out three sources of training or preparation, the home, the Christian school and the organized church. He emphasized especially the need of proper home training. Not only does the hope of the church lie in proper home training but the hope of the nation.

At the evening service Rev. Nathan Powell of the Powell Training School of Dallas delivered a very fine message relative to the proper training of the youth of the land.

Both of these services were very well attended and should prove profitable to all who availed themselves of the opportunities they offered.

## VERNON MAN CATCHES BEAR WITH HIS HANDS

The feat of catching a real live black bear with no other weapons than those which nature endowed a man with is one which would have won commendation from the late Theodor Roosevelt. Yet that is just what L. K. Johnson, prominent banker and ranchman of Vernon, did last week in Brewster county in the Big Bend country near the Rio Grande river.

Moreover, it was not a mere story of the exploit which Mr. Johnson brought back to Amarillo Wednesday night when he and W. E. Herring returned from a ten days' trip to the Big Bend country to inspect some ranch property. They brought the bear itself as exhibit A.

The animal is a young cub and weighs about forty or fifty pounds. It was captured in the Chisos Mountains near Pummel Peak. Mr. Johnson, Mr. Herring and Ed Bomar, a ranch foreman, were riding through the country and they discovered a mother bear and four cubs. The mother and three of the youngsters made their escape in the mountain fastness. The one captured was cut off from his companions and after being chased for considerable distance by Mr. Bomar was about to make his escape up a ravine near where Mr. Johnson was on his horse, watching the chase.

As the animal came by, the Vernon man dismounted, slid down the ravine and caught him by a hind leg, holding him until help came without any worse effects than a few scratches on his hand and a torn place in his trousers.

Mr. Johnson will take the bear to Vernon and present it to Hillcrest Country Club to be raised as a pet.—Amarillo News.

## Returns from California To Take Charge of Studio

Paul Sink returned the first of the week from California where he has been for some months and will take charge of the studio here which Miss Lucile Ferguson of Vernon has been managing since Mr. Sink has been away. Mr. Sink will be here indefinitely. His parents and baby will come from California later. Mr. Sink did a splendid business in the photographic business before going away and should find the business no less remunerative now than then, unless changing financial conditions generally affect it. Miss Ferguson has found that her time has been well taken up in that line. She has had splendid patronage and her friends here regret her leaving. She returns to Vernon for the present.

W. Jeff Fleming writes us to change his paper from Thalia to Tahoka. Mr. Fleming is moving away to that country where he owns a farm and where he and his family will make their home in the future. He likes the country and thinks he has splendid opportunities in farming and stock raising pursuits.

## COMMISSIONERS OF FOARD AND HARD-EMAN TO MEET

### Further Discussion Necessary to Reach Agreement As to Bridge

The Foard County commissioners and the county judge met with the commissioners and county judge of Hardeman County Monday to discuss the Pease River bridge proposition but arrived at nothing definite. They are to meet again at Crowell Monday to take the matter up again.

There seems to have been a departure on the part of the Hardeman County officials from the agreement as understood by our commissioners and Mr. Moore, President of Austin Bridge Company. Austin Bros. had made to the two counties the proposition to put in the bridge and let the two counties pay half the amount and them assume the other half and make a toll bridge proposition of it. Our commissioners and the county judge went to Quanah Monday to accept the proposition, which was understood to be acceptable to all parties concerned until the Hardeman people flew off at a tangent and wanted to change the proposition from that of a toll bridge to a free bridge and let the two counties assume the entire burden of construction.

The meeting next Monday will very likely tell the tale whether or not we are to have a bridge at all.

## Freight Rates Too High

The railroads are not going to find it an easy matter to make the public believe they are up against it financially when everything is on the decline except freight rates. They claim that the operation of the roads by the Government during the war left the roads in such bad condition that they have never come out from under that crippled condition and therefore they are still calling for Government help.

Up to the present time the News has paid its freight bills and has not grumbled, but it does not feel like doing it always, and yet it wonders what good can be accomplished by making complaint. None, of course, immediately, but if complaint becomes general enough something may come time break loose. It is simply outrageous. The News paid \$9.47 freight on two boxes shipped from Dallas this week which should have been billed out at not more than 500 pounds. The rate of \$1.33 on a little jag of stuff is not sufficient but the weight must be shaved up to 700 pounds.

The public has a right to complain. Labor has declined and all living expenses have declined and some day freight will be reduced when the railroad commission can be induced to see what would be just to a suffering public.

We are one of many who are suffering these high rates. The farmers are getting it just about as bad as anybody, if not worse. In some sections of the country they have suffered far more than in this part. That is particularly true in some of the truck growing regions of Texas.

As sure as you are born something is going to have to happen some of these days or something else will happen.

## Melons Bring Nice Income

The sale of water melons is a source of profitable income to a number of our farmers. One farmer sold here Monday morning \$13.90 worth of melons. This was J. T. King who lives just west of town. Mr. King has about two acres to melons but says they have been cut short by the honey dew. Still he expects to sell a good lot from this patch.

J. J. Brown, his brother, Mack, and sons, Rue and Travis, and Frank Kirkman made a trip to New Mexico last week, returning Saturday. The trip was one of a prospecting nature for all but Rue Brown and Frank Kirkman, both of whom already have claims in that country. Mr. Brown says they found lots of good country but after all the truth has been said Foard County is still in the lead.

## Wheat Brings \$1.10

The price of wheat rose to \$1.10 the first of the week and has held up all week. This is the best price wheat has brought since the new crop came in and is said to be all that the market will allow, and is even a little above what exclusive buyers are paying.

## TEXAS BUREAU NOW LARGEST OF MARKETING ASSOCIATIONS

Dallas, July 31.—The largest co-operative marketing association in the world has been organized in Texas and its success is practically assured. The members were signed up under five-year iron clad contracts within three months, officials of the Texas Farm Bureau Cotton Marketing Association announced Saturday.

More than 40,000 Texas farmers are members of the association and have agreed to market every bale of cotton produced by them in the next five years through the organization.

The strength of the association may be seen when the membership total is compared with the largest of the California co-operative marketing organizations which has less than 15,000 members, it was pointed out.

E. B. Guthrie, cotton man of Dallas, has been tendered the salaried position as manager of the association, it was announced. Some idea of the magnitude of the position may be obtained from a comparison with the salary paid the general manager of the Prune and Apricot Growers' Association of California which is \$20,000. Only 11,000 persons are members of the Prune Growers. A counter proposition has been made by Guthrie to the association.

Selection of a treasurer for the association has also been carefully considered, although no announcement is expected before next week.

Between \$12,000,000 and \$15,000,000 have been assured the cotton association for financing the crop movement and added to this will be the \$30,000,000 or \$40,000,000 received for the crop of the members, all of which will have to be cared for by the treasurer.

The executive committee which has these two appointments under consideration is composed of John T. Orr, Dallas; W. D. Farris, Ennis; Jeff Montgomery, Titus County; Shirley Gregg, Travis County, and Phil Mason, Nolan County.

## At Home and Abroad

Lord Northcliffe, London newspaper publisher, who is "seeing America," advises Americans to travel abroad.

Good advice, provided a person has the financial means and has seen the interesting and instructive points of his own country first.

Ex-service men who have been in England, France, Belgium, Germany and other countries will tell you that foreign lands offer nothing better to see than what can be found right here in the United States.

Nature was at her best when she created this country and endowed it with its richness, and from the day of its creation it has been blossoming under the hand of God and man.

There are millions of Americans who apparently do not realize that many of the marvels of the earth are within a day or two's ride of their homes—marvels that they have never seen.

As an example, of the two and a quarter million people in Chicago there are probably not over twenty per cent who have ever seen the stock yards, and yet they are the greatest in the world. You can watch a steer unloaded from a stock car and watch it step by step until its meat is in a refrigerator ready for shipment. You can trail the path of the hide, and the tallow, the horns and the hoofs, and even down to the blood and the hair, step by step until they are all turned out a finished by-product ready for the market. And yet but few Americans ever think of visiting this marvel of the age.

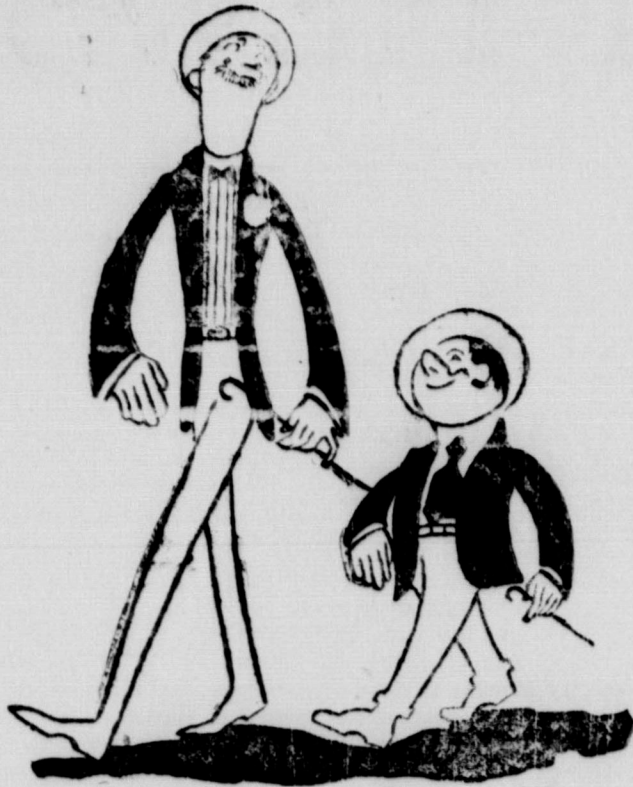

The stock yards are only one of the many sights to be seen in this country. It would require years of travel to see and comprehend them all.

It seems to be the custom for many people who amass a competence to rush right over to some foreign country to "see the sights," all of which could be seen at home on the screen for a few cents. They see a few things over there, and miss a lot of things over here. Often they are embarrassed to find that some foreigner who has never been here has a better knowledge of this country than they have themselves.

The fellow who rushes abroad without first knowing his own country, reminds us of the poor fool who passed by a dull nugget of gold in order to pick up a scintillating piece of glass.

We have many of them.

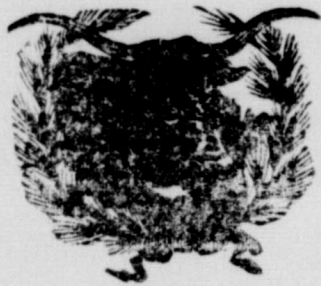

## Correct Clothing For the "Fussy" Man

—no matter what your size or taste, we can fit and please you. Our new "FALL AND WINTER" samples are here for your inspection. Come in let us show you. Clothes prices are reduced from 25 to 50 per cent for this season.

## The Magee Toggery

## City Meat Market

Carries everything in the line of an up-to-date meat market, together with packing house meats such as Boiled Ham, Mince Ham, etc., except beef. Also carry Pure Hog Lard, the kind your mother used to make during hog-killing time. Come in for a fresh tender steak of beef or pork for dinner, or maybe it's pure hog sausage you want. If so the City Meat Market is the place to get it.

Do you know why it's toasted?  
To seal in the delicious Burley flavor.  
It's toasted.

### MARGARET NEWS (By Special Correspondent)

Beaty Andrews of Quanah was here between trains Sunday.  
Joe Goodman of Vernon was visiting friends and relatives here Sunday.  
B. W. Self and T. N. Bell and wife of Crowell were in Margaret Sunday.  
John Henderson of Abilene is visiting with his brother, Rev. J. B. Henderson.  
Mrs. L. A. Barnes of Ft. Worth is

visiting with her brother, J. Q. Muddbrook.  
D. G. Russell of Wichita Falls came in Tuesday to visit his father, J. F. Russell.  
E. M. Ferebee and family of Vernon motored over to see relatives here Sunday.  
Henry and Will Hlavaty of Thalia were transacting business here last Saturday.  
Will Hembree of Floydada is visiting with his parents, Mr. and Mrs. R. P. Hembree.  
J. W. King who had been here for several weeks returned to his home in Lockney Sunday.  
Mrs. Kinard of Goodnight is visiting this week with her parents, Mr. and Mrs. M. Bond.  
M. T. Bagley and family of Electra were visiting the J. O. Bagley family Sunday and Monday.  
J. D. Mahoney and family of Quanah spent Saturday and Sunday with relatives here.  
E. P. Wall, who worked at the gin last season, came in Thursday to see Margaret friends.  
Mrs. A. C. Gettys of Fort Worth came in Thursday to visit with her mother, Mrs. J. B. Dixon.  
Mr. and Mrs. J. W. Allison and two granddaughters of Crowell were trading in Margaret Saturday.  
A. R. Baker is keeping ice every day for the public which is a great convenience to our community.  
Rev. Lyon of Amarillo was here

Saturday looking after church interests with the Methodists of Margaret.

T. F. Hunter and family returned from the Plains Saturday. They report conditions good in the Panhandle country.

Mr. and Mrs. Wiggins of Canadian came Friday for a week's visit with Mrs. Wiggins' grandparents, Mr. and Mrs. M. Bond.

T. F. Goodman and family and J. S. Smith and family left Sunday for Shawnee and other points in Oklahoma for a ten days visit.

Mrs. T. D. Edwards and two daughters took the train here Saturday for Oklahoma where they will spend several days visiting relatives.

J. F. Russell and family made a week-end visit and fishing excursion to Acme last week. Mr. Russell reports that the fishing was fine in Groesbeck creek.

E. B. Graham of Waco, who is doing the carpenter work on the Baptist church building in Crowell, spent Saturday night and Sunday with his brother, Clyde Graham.

Ray Thomas and wife have moved to Odell where Ray is to take charge of the section there. Mr. West of Medicine Mound takes charge of the Margaret section for the time being.

There is a little civic improvement taking place in Margaret this week. Goodman & Son are applying a new coat of paint to their store and Allison Mercantile Co. has had a sign painted.

J. C. Hysinger returned from Denton County this week. Mr. Hysinger says that Foard County is a long way ahead of that country in prosperity, and that he is satisfied with his home county yet.

### AYERSVILLE NEWS (By Special Correspondent)

John Davis killed a beef Friday and we've been enjoying some fine steak and roast.

Rev. Henderson and brother, John, of Margaret were callers in the Shultz home Sunday evening.

T. D. Edwards took his daughters, Maye and Mrs. Grace Keen, to Crowell Saturday for medical treatment.

Rev. Henderson and family and Grandma Bond of Margaret spent Friday with J. B. R. Fox and wife.

Vernon Pyle, wife and little daughter, Esther Louise, spent Tuesday night with Harris Chandler and family in Quanah.

Frank Gamble, wife and children came in from Chillicothe Monday for a visit with her parents, Mr. and Mrs. Sim Gamble.

Quite a crowd from this community attended the singing convention at Thalia Sunday and the barbecue at Rayland Tuesday.

About five car loads of bathers came from Margaret Friday night, brought their supper and took a plunge in Mule Creek.

Marvin Phillips and wife returned to their home in Hale County Saturday. They have rented Mrs. Zeibig's farm near Crowell and will move to it soon.

H. L. Shultz has been appointed trustee of the Ayersville school to fill the vacancy caused by the resignation of Greek Davis who recently moved from this district.

Mrs. D. M. Shultz and sons, Dave and Hugh, and Hugh's wife and Melbourne Fox went to Vernon Tuesday to take C. T. Shultz and Miss Johnnie Mae Shultz.

Ed. Peacock and wife, Ulysses Brown and family, Greek Davis and family and E. W. Burrow and family enjoyed a fish fry at the Burrow's tank last Friday.

Mesdames Henry and William Blevins went to Crowell Monday. Mrs. William Blevins had some dental work done and Mrs. Henry Blevins took her little girl for medical treatment.

Messrs. Young and Prescott and Claude Davis of Rayland and Mr. Walker of Vernon are in East Texas getting ideas for building a curing plant to take care of their large sweet potato plant.

C. T. Shultz left Tuesday for his home in Dallas after spending a week with his parents here. He has been a mail carrier in Dallas about nine years and spends his vacation every year with homefolks in Foard County.

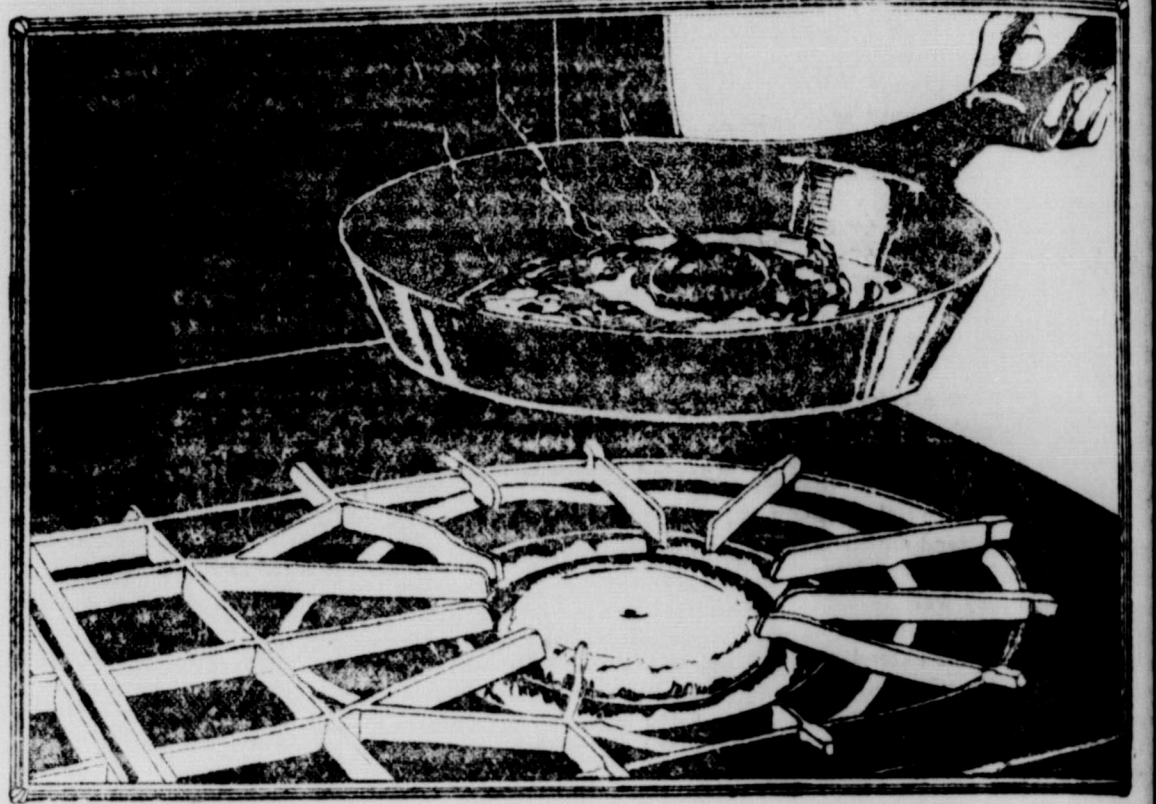

John Short and family took Miss Delia Short and Mrs. Hukill to Vernon Saturday where they took the train, Miss Short to visit Mrs. Brower of Wood County who is a sister of the late Hugh Wooden, and Mrs. Hukill will visit relatives in Grayson County.

Titan 10-20 or 15-30 tractors in stock here, ready to deliver.—J. H. Self & Sons.

# The Picture Below Shows

## Act of Frying on the Red Star.

This stove will fry, bake, boil or roast anything  
**AS QUICK AS GAS**  
Each Burner **RED STAR** Gets Red Hot  
8 1-2 Pounds *Detroit Vapor Oil Stove* in 20 Minutes

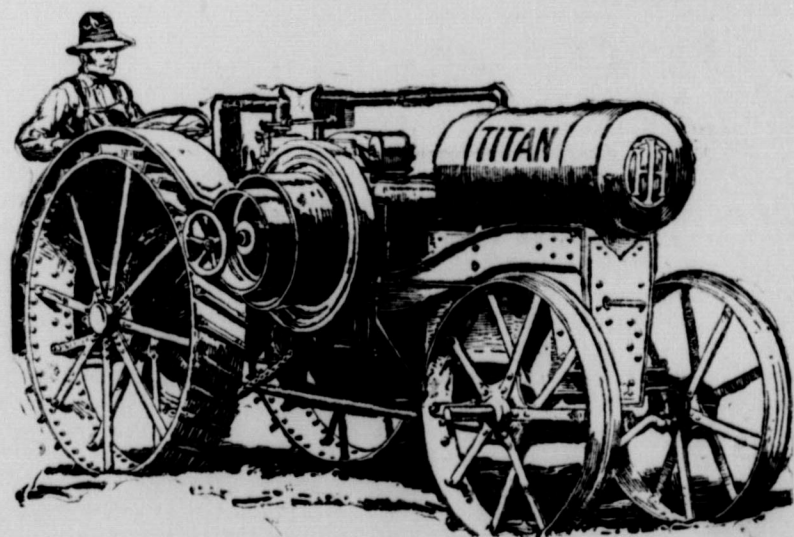

No stove of any description will excel the Red Star vapor oil stove. Uses one fourth less kerosene than any other oil burner. The only oil burning stove that passes insurance rates without increasing rate..

We now have  
**EDISON PHONOGRAPHS AND EDISON RE-CREATIONS**

**W. R. WOMACK**  
FURNITURE AND UNDERTAKER

## Famous Titan 10-20

At  
Lowest  
Price  
Ever  
Quoted

# \$900

All former price advances are wiped out by the big reductions made by this three-plow tractor. We believe this is the best buy on the tractor market, barring none.

This is the lowest price ever quoted on the Titan, considering equipment now included (formerly sold extra). March 1, 1921, the price was \$1,200. Now it is \$900. As this regards manufacturing costs, we do not know how long it will be maintained. International 8-16 and 15-30 tractors are also lower than ever before. The 8-16 now sells for \$900 complete. The new low price on the 15-30 is \$1,750.

All prices f. o. b. Chicago. We can arrange suitable terms. These prices certainly justify the immediate purchase of a tractor. Get yours in time for the horse-killing work of hot weather plowing and the fall and winter belt work.

## J. H. Self & Sons

# Motorists

are often at the end of their wits to know where they can have the repair work on their cars properly done—how to avoid the absolute butchery that is so often inflicted upon cars by incompetent persons who hang out a sign and call themselves "motor mechanics."

This garage offers you the opportunity to have your repairs made in the proper manner by mechanics who DO KNOW THEIR BUSINESS and who have long since passed the experimental stage in motor mechanics.

You pay only for the actual time honestly consumed in the work.

### THALIA NEWS (By Special Correspondent)

John Ray of Rayland was a business visitor here one day last week.

Frank Long was here Thursday looking after business affairs.

C. T. Shultz of Dallas is here visiting his parents and other relatives.

Alex Neill has just returned from New Mexico where he took up land.

Mrs. N. A. Crowell is the guest of her daughter, Mrs. Garland Burns, this week.

Mr. and Mrs. Pete Gamble entertained the juniors with a party Saturday night.

Miss Maggie Russell of Crowell visited her cousin, Miss Loreale French, Sunday.

Wood Roberts, Walter Banister and Bud Moore made a business trip to Vernon Monday.

Mrs. Box and a number of others from Talmage were here Sunday attending the singing.

Will Shultz and daughter, Miss Johnie Mae, of Vernon are here visiting the Shultz families.

Miss Emma Schroeder is spending a few days visiting her sister, Mrs. Fred Woodruff of Alvord.

Albert Jones, Harley Capps, Clyde and Ed Self and Robert Huskey left last week for a prospecting tour of New Mexico.

Belle and Leona Thompson entertained the young people with a party Thursday night in honor of Iva Hood of Van Alstyne.

Ben Martin of Fargo is visiting his cousin, Mrs. Allen Shultz. He assisted in the singing Sunday doing excellent work as a leader.

J. L. Howard of Littlefield passed through Thalia last week and visited his nieces, Mrs. Cato, Mrs. Eric Wheeler and Mrs. Nettie Tarver.

Howard Williams and mother of Wolf Town spent Sunday here visiting the families of Orval Grimm and Pete Gamble and attended the all-day singing.

The Ladies Aid of the Baptist church, but so far have not secured a money sufficient to repair their church, but so far have not secured a carpenter.

**KANTLEEK**

It Can't Leak Because it's Made in One Piece

And one piece of solidly moulded rubber throughout. That's why it's solidly guaranteed not to leak—your money back if it does.

**Ferguson Bros.**

The Rexall Store

Walter Johnson and wife left Friday for a visit to relatives in Collin Co. They were accompanied as far as Decatur by Lynn Walker who will visit his parents awhile.

Mrs. Burson received the sad news of her nephew getting badly hurt by a team running away with him. She left for his bedside Tuesday. He lives near her old home in Cooke County.

Arthur Phillips has moved into the house just vacated by Jeff Fleming. Mr. Fleming left with his family Sunday for Tahoka, Texas, where they expect to make their home in the future.

Mrs. S. C. Blackmon and brother, Lem Moore, and nephew, Ivy Hood, left for their home in Van Alstyne Friday after visiting in the homes of Mrs. J. G. Thompson and Lat and Luke Johnson.

The families of Henry Randolph, Jim and Walter Banister, Hugh Thompson and boys, Mrs. Opal Scruggs, Miss Naomi Langley and Miss Fannie Shultz, Lynn Walker and Lee Simms all spent the day Thursday on Wichita River fishing. They had all the fish they could eat and then some.

Grandpa Thorn happened to quite a painful accident Thursday. He was coming from Crowell driving two mules and leading two when a car came along frightening his teams. The team behind jumped and drug the wagon bed off throwing him under it. The other team ran away. He lay unconscious for a good while. Finally Mr. Schroeder came along and found him and brought him home still unconscious. He has been confined to his bed several days from the bruises.

**Singing Convention Organized**  
The singers of Foard County, or at least a large number of them, met at the tabernacle Sunday morning for an all-day singing. Most every part of the county was represented. There was dinner on the ground. A very large audience partook of the dinner there being plenty for all and quite a lot left. Many people were here whose names we failed to get. In the afternoon a county convention was organized with the following officers: President, Gus Neill; vice president, Mr. Reynolds; secretary and treasurer, Miss Fannie Shultz. It was agreed to meet every three months. The next meeting will be at Margaret the 4th Sunday in October. Let as many as can go be present. These conventions are very desirable. The day was enjoyed by every one present. The names of some of the visitors were:

Henry Hayes and family, Mr. Anderson and family and Mrs. Tom Cates and daughter, Miss Pat, and Frank Long of Crowell; Mr. and Mrs. Ferrin, Mr. and Mrs. J. B. R. Fox, Mr. and Mrs. Ray Pyle, D. M. and Hugh Shultz and families, Sim Gamble and family and Mr. Blevins of Ayersville; Tom Beazley, Mrs. Ben Roberts, Mrs. Dale, Cap Atkins and family and Floyd Hood of Rayland; Brother Henderson, Narve Johnson and family, Mr. Short and others of Margaret; Mr. and Mrs. Hlavaty, Ed Cates and children and Mr. Reynolds and family of Dixie.

Unfurnished rooms to rent to respectable people at the old Methodist church house. Apply for information at the Collins wagon yard.

Ford car for sale, or will trade for steers.—Roy Todd.

Ice cream on Sunday at the Sanitary Cafe.

# THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, August 5, 1921

If each citizen had one of these guns that shoot three hundred miles we might load up the battery and drown out some of that congressional noise.

If that Washington conference succeeds in settling the far eastern question it is presumed the people of the far east will be advised of the fact.

Seems to us it is about time for someone to begin talking about profiteers again. Or has everybody concluded to join in the game?

The fortunate man is generally the last one to recognize the fact. He is always yearning for something better.

Fame and fortune beckon to every man, and keep just out of the reach of most of them.

Some people are so stingy they are unwilling to part with their own meanness.

The wise man keeps his thoughts to himself. The fool lets him keep his too.

There are people, of course, who live to learn, only to die and be forgotten.

The outing party made up by Lee Allan Beverly, wife and child, J. F. Hays, wife and two sons, Grover and Jake, and Mr. and Mrs. Parker Churchill returned a few days ago from a two weeks' outing in Colorado. They spent the time around Colorado Springs and Manitou, visiting Pikes Peak. They say the work of clearing the debris caused by the flood at Pueblo is still in progress and will be for some time to come. There are likely some bodies among the debris yet. Only the day before the party arrived in Pueblo they say one body was found. Many of the dugouts have not yet been touched in this cleaning up work.

J. G. Thompson was here Monday and called at the News office for some stationery for Mrs. Thompson, who is the News correspondent from Thalia. Mrs. Thompson has been in critical health for some time but we are pleased to know that she is rapidly improving and takes up her work as correspondent again for the News. Mr. Thompson reports a great time at Thalia Sunday, the occasion being an all day singing and dinner on the ground.

Big box supper Saturday night on the court house lawn. Everybody come and bring a box. These boxes will be sold at auction for the benefit of the ball club. Come out and help us, we need the money. Give us your support and we promise to give you in return a winning ball team from now on.—R. L. Boyd, Manager.

When in need of oil of any kind see me or phone 326.—Texhoma Oil & Refining Co., W. B. Wheeler, agent at postoffice.

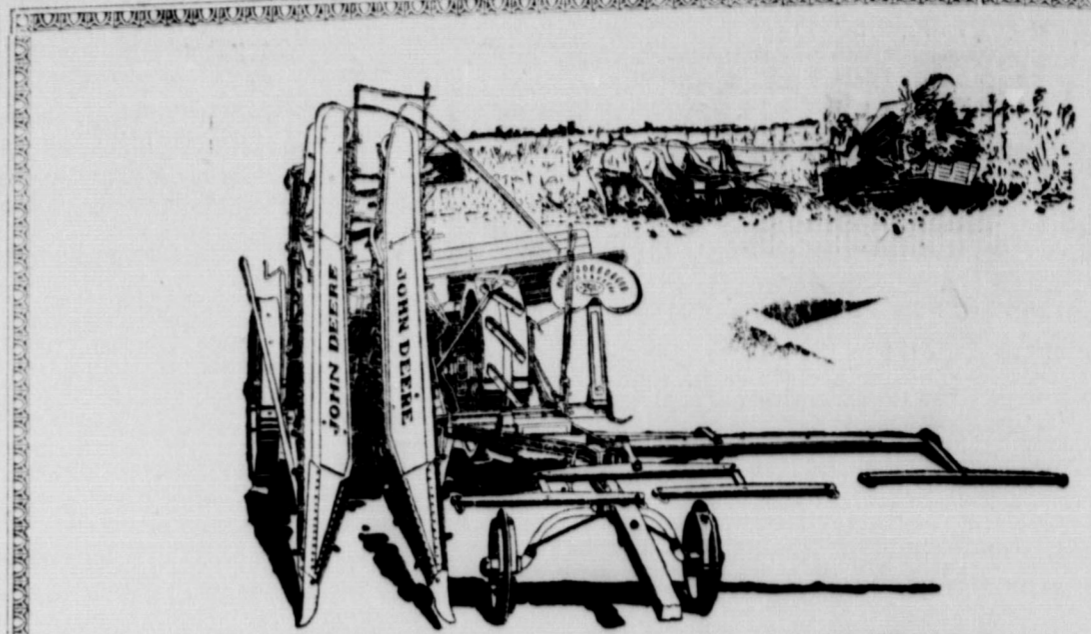

**White Ribbon Band in 1835.**  
Wets and dries have been at each others' throats in Wisconsin for eighty-six years. And strangely enough, a temperance society antedated the first Milwaukee brewery, while the first brew was not taken by a German, but by a Welshman.

When Green Bay was called the metropolis of the territory the other settlements, Prairie du Chien and Milwaukee still were regarded as trading posts; when Capt. Winfield Scott commanded at Fort Howard, across from "the Bay," having in his command a company of young soldiers who drilled, chased Indians on the ice, danced at the fort, and perhaps took a glass of Scotch now and then, fifteen women at Green Bay with the assistance of two young men, Thomas and Nelson Olin, formed the first temperance society in Wisconsin territory. That was in June, 1835. The first brewery in the state was established in 1840.—Milwaukee Journal.

**Hustle in Scotch City.**  
Folks who believe hustle and bustle in everyday life is a characteristic confined strictly to the western hemisphere would do well to visit Glasgow, according to a man who has just returned from a tour of investigation of the utilities of Europe. "In all the time I was in the busy Scotch metropolis," he states, "I never saw a street car stop at any but few stipulated stations. At all other places, the motor man merely reduces the speed of his vehicle when he is hailed by a prospective fare and the latter makes his ascent to the platform on the fly. Men and women, young and old, have become so used to mounting the cars while they are in movement that the latter seem to be in a state of perpetual motion at all times."

**Sun's Rays and Tuberculosis.**  
Dr. A. Koller, the great exponent of the sun cure for tuberculosis, explains in the Lancet (London) why sunlight effects a cure, not only in tuberculosis but of suppurating wounds, anaemia, rickets and other affections. It is because the light is highly poisonous to bacteria in general and to those of tuberculosis in particular, while it is not only harmless but actually beneficial to the cells of the higher animals.

Sunlight seems to hurry up the disintegration of cells damaged beyond repair and at the same time to stimulate the activity of undamaged cells. And it is not the ultra-violet rays but the luminous rays that are so beneficial.

## Here's the Corn Binder You Want

The John Deere is the kind of binder you want in your corn fields. There's no work for you in operating it, and it's easy on the horses. It's the biggest improvement made in corn binder construction for many years.

### JOHN DEERE CORN BINDER

The Binder with Power Carrier and Quick Turn Tongue Truck

The John Deere is equipped with a power bundle carrier. To dump the bundle only slight pressure on the carrier trip is necessary. The bundles are delivered all in one pile away from the path of the horses—this is a labor-saving worth-while feature.

A wide range of adjustment which makes it possible to operate it in extremely tall corn.

It is equipped with roller and ball bearings, 17 sets in all, which lighten the draft and decrease the wear.

You will like the Quick Turn Tongue Truck. It takes off all neck-weight from the horses and enables them to turn at the ends freely and easily. This truck makes the horses' work a lot easier.

It has three packer arms and four discharge arms on the regular attachment instead of two commonly used on other binders. This insures prompt discharge and complete separation of the bundles.

In every particular you will find the John Deere Binder is built on a quality standard that means real satisfaction and profit to you.

The John Deere does good work in any field in which a corn binder can be operated. It has

Come in and let us show you other important features on this better binder

## Don't stick with the prunes

MY DAD'S favorite yarn, WAS THE one about THE OLD storekeeper, WHO WAS playing checkers, IN THE back of the store, AMONG THE coal oil, AND THE prunes, WHEN THE sheriff, WHO HAD just jumped his king, SAID "Si there's a customer, WAITIN' OUT front," AND Si said "Sh-h-h! IF YOU'LL keep quiet, MEBBE HE'LL go away," NOW HERE'S the big idea, WHEN A good thing, HAPPENS ALONG, DON'T LEAVE it to George, TO GRAB the gravy, FRINSTANCE IF.

YOU HEAR of a smoke, OR READ about a smoke, THAT REALLY does more, THAN PLEASE the taste, THERE ARE no hooks on you, THERE'S NO law against, YOUR STEPPING up, WITH THE other live ones, AND SAYING right out, IN A loud, clear voice, "GIMME A pack of, THOSE CIGARETTES, THAT SATISFY."

YOU'LL say you never tasted such flavor, such mild but full-bodied tobacco goodness. You're right, too, because they don't make other cigarettes like Chesterfields. The Chesterfield blend can't be copied.

Have you seen the new AIR-TIGHT tins of 56?

# They Satisfy Chesterfield CIGARETTES

LIGGETT & MYERS TOBACCO CO.

### COPIED OLD ENGLISH BARREL

Pennsylvania Man Made First Standard Size Receptacle for the Transportation of Oil.

When crude oil was discovered in Pennsylvania in 1839, barrels commonly used for wine, beer, whisky, cider and other liquors were utilized by oil men as containers for their product. Anything that resembled a barrel was used and sizes differed so radically that there were many opportunities for fraud.

As an instance, it was discovered that frequently the staves were made extra thick, with the result that the content of the barrel was less than represented, and purchasers often found that they did not get as much crude oil as they were paying for.

In 1864-65 the first standard-size barrel was made by Samuel Van Syckle, at Miller Farm, near Titusville, Pa. It was of 42 gallons' capacity, the size used in 1901 in England for the herring barrel during the reign of Edward IV.

Van Syckle specified the size of the staves to be used and made an honest 42-gallon barrel. Almost immediately he had practically a monopoly of the business and the odd-size barrels gradually disappeared.

The present system of gauging oil tanks was started in 1865, when F. E. Hammond of Miller Farm, Pa., was asked if he could figure the amount of oil contained in each vertical foot of certain tanks. In a few days Hammond prepared a table of one of these tanks, showing the amount of oil it would hold per inch from bottom to top, based on a measurement of 42 gallons to the barrel. Hammond's table came into general use, and this method of measuring tanks never has changed.—Oil News.

### Sun Spots.

Sun spots are now thought to be a sign of the commencing debility of the dwarfed and shrunken star which we call the sun. If this idea be correct they will become more frequent and larger as ages pass, until at length our much-admired orb of day is darkened and ceases to be a worthwhile source of heat.

Astronomers and meteorologists are much interested in sun spots, and keep a constant watch on them. During the last few months they have been remarkably few and small.

It seems to have been proved that spotted areas of the sun have a lower temperature than the bright spots. Hence it is inferred that quite possibly the recent relative absence of sun spots may be accountable for the remarkably warm winter we have been enjoying.—Exchange.

### THE STATE OF TEXAS

To the Sheriff or any Constable of Foard County, Greeting:

You are Heretby Commanded to cause to be published each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Foard County, a copy of the following notice:

### THE STATE OF TEXAS

To all persons interested in the welfare of Roy O. Awbrey, Orval W. Awbrey, Jewell F. Awbrey and William M. Awbrey, minors, W. I. Awbrey has filed in the County Court of Foard County, an application for Letters of Guardianship upon the estate of said minors, which said application will be heard at the next term of said court, commencing on the first Monday in September, A. D. 1921, the same being the 5th day of September A. D. 1921, at the court house thereof, in Crowell, Texas, at which time all persons interested in the welfare of said minors may appear and contest said application, if they see proper to do so.

Herein Fail Not, but have you before said court, on the said first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Crowell, Texas, this 30th day of July, A. D. 1921.

(Seal) MARIE HARRIS-BURESS, Clerk County Court, Foard Co., Texas.

### Card of Thanks

I wish to thank the people of Crowell, Thalia, and community for their liberal contribution for the treatment of my daughter, who has had an operation and is improving nicely. May God's blessings rest on all who have helped us in this hour of need.—Jeffie Wood.

### ASPIRIN

Name "Bayer" on Genuine

Warning! Unless you see the name "Bayer" on package or on tablets are not getting genuine Aspirin prescribed by physicians for twenty years and proved safe by millions. Take Aspirin only as told in Bayer package for Colds, Headaches, Neuralgia, Rheumatism, Toothache, Lumbago and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of the Manufacture of Monoaceticacid of Salicylicacid.

**LOCAL AND PERSONAL**

1921 model Buicks.—S. S. Bell.  
Liquid solder will fix it. Get it from M. S. Henry & Co.  
Uncle John Wesley was in town Monday from Margaret.  
Herbert Edwards returned Tuesday from the St. Louis markets.  
Mr. and Mrs. Vernice Day are visiting relatives at De Leon this week.  
Bundle maize for sale, 5 cents bundle at my place, 3 miles east of town.—Tom Vecera. 9p  
Miss Leona Young returned to Dallas last Sunday, going over to Quanah Saturday afternoon.  
Frank Alton and wife of near Quanah spent last week-end in Crowell with Mr. and Mrs. G. L. Cole.  
For Sale—Two good young mules, gentle, well matched. Also two fine young Jersey milk cows.—Mrs. B. F. Whitfield. 8p  
The Young Woman's Auxiliary of the Baptist church will serve sandwiches and watermelon at the post office Aug. 6th.

Wanted—Cream at Ringgold's Variety store, 33c per lb. 8p  
Eat chicken dinner at the Razor Hotel on Sundays. Price 50c.  
If you want a real corn binder get a John Deere.—M. S. Henry & Co.  
Eat watermelon while you read your mail at the post office Saturday.  
Mrs. A. L. Johnson and daughter, Ophelia, left Tuesday for a visit in Vernon.  
J. H. Self left the latter part of last week to join his wife and daughters at Boulder, Col.  
Clyde Baldwin and Miss Grace Greening were married Sunday at the Methodist parsonage.  
Dr. O. W. Wilson, ear, eye, nose and throat specialist of Wichita Falls, will be in Crowell August 12th.  
Miss Mary Billington returned home Wednesday from a visit in Waco. She was accompanied by her aunt, sister of Bro. Billington.  
Miss Hilda Logan and Mrs. Edgar Logan returned Saturday from Paducah where they visited their sister, Mrs. R. R. Long. They were accompanied home by their little nephew, Richard Long.

Let us show you a John Deere binder.—M. S. Henry & Co.  
Miss Mildred Thorp of Kirkland is here this week visiting friends.  
Eat watermelon while you read your mail at the post office Saturday.  
For sale or trade a 20-acre farm well improved close to town.—J. D. Johnson. 9p  
B. W. Self left this week for the eastern markets for the Self Dry Goods Co.  
Maize for sale, \$12.00 per ton at barn.—J. L. Short, 3 miles east of Margaret. 9p  
Susie and Hella May Johnson left last Friday for a visit with relatives in Oklahoma.  
Chicken dinner at Razor Hotel on Sundays 50c. Bring your wives and sweethearts.—E. F. Sears.  
Wanted—Stock to pasture by the month, good grass and water. Phone Carl Zeibig, 219, long, short, long. 8p  
Watermelon 10c a slice, sandwiches 10c each, sold at the post office Saturday for benefit of Baptist church building fund.  
Chicken dinner on Sundays 50c at the Razor Hotel. We would be glad to have the town people take dinner with us on Sunday.  
Taken up one Durham bull, 1 year old, no brand. Will be sold Saturday, Aug. 13th, unless owner redeems.—P. S. Lovelady, City Marshal.  
C. T. Shultz of Dallas was in Crowell Monday. He is spending his vacation with his parents, Mr. and Mrs. D. M. Shultz, and other relatives.  
Miss Vergie Newton, who had been visiting her cousin, Mrs. C. W. Thompson, for two weeks left Wednesday for her home in Gainesville.  
Gordy Gafford and wife were here Sunday and Monday visiting the family of Edgar Womack. They returned to their home at Electra Monday.  
L. D. Campbell received a message from the chief of police in Mineral Wells yesterday stating that J. W. Klepper's car had been stolen Wednesday night.  
J. N. Chapman of Dallas who is with the J. I. Case people was here this week. Mr. Chapman is a former resident of this county, owning a ranch west of Crowell where he and his wife lived.  
Miss Christine Allen came in Monday from Vernon to visit Mrs. Arthur Bell and other friends here. Miss Allen attended the Scarritt Bible School in Kansas City the past winter preparatory for Missionary work in foreign fields.  
W. R. Ferguson reports a yield of 1 1/2 bushels of wheat per acre on 100 acres. He is getting his land prepared for another crop, as most of the farmers are, early and will therefore stand a good chance of making another crop next year.  
Mr. and Mrs. Walter Cates returned from Austin Friday where they had been for 21 days taking treatment in the pasture institute for mad wolf bites. Walter says they are coming to the institution almost daily from some portion of Texas.

For Sale—Emerson double disc plow cheap.—John Coffey. 8p  
Corn binders, something that will cut your feed.—J. H. Self & Son.  
Mrs. D. C. Greer and son, Virgil, are visiting relatives in Wise County.  
You can mend your pots and pans with Liquid Solder.—M. S. Henry & Co.  
Mrs. A. C. Gettys of Fort Worth was visiting friends in Crowell the first of the week.  
Lost—Six weeks old black and white pig. Notify A. L. Johnson who will pay for trouble. 8p  
One registered highbred Jersey bull, \$5.00 cash at time of service.—Collins Wagon Yard. 11p  
Watermelon 10c a slice, sandwiches 10c each, sold at the post office Saturday for benefit of Baptist church building fund.  
The Young Woman's Auxiliary of the Baptist church will serve sandwiches and watermelons at the post office Aug. 6th.  
G. C. Rector and wife returned to San Angelo Thursday after a visit with Mrs. Rector's parents, Mr. and Mrs. G. W. Wallen.  
Miss Emma Stuhmer returned Saturday from Dallas and will be in charge of R. B. Edwards Co. millinery department again this season.  
Miss Mary Cook, clerk at R. B. Edwards Co.'s store, left yesterday on her vacation part of which she will spend with friends in Carnegie, Okla.  
For Sale—Two pair young work mules, one a horse mule and three mare mules, weigh about 1000 lbs. each. Cash or bankable notes.—Otto Schroeder, Thalia, Texas. 11p  
Z. C. Wagley and family of Moran and T. S. Clark, father of Mrs. Wagley, came in last week. Mr. and Mrs. Wagley and children will visit with Mrs. Wagley's sister, Mrs. W. R. Womack, for a few days when they expect to return. Mr. Clark will remain here with his daughter until winter.  
C. E. Hutchison, bookkeeper at the Irwindale Citrus Association, his wife and little daughter, and Mr. and Mrs. George Burks and children of Covina are expected back this week from an automobile trip to San Jose, San Francisco and other points in the central part of the state.—Covina (Cal.) Citizen.  
M. F. Crowell and Mr. and Mrs. Paul Bishop went by auto to Breckenridge last Friday. Mr. and Mrs. Bishop went on to Houston to visit relatives for a few days, while Mr. Crowell returned to Crowell Wednesday accompanied by Mr. and Mrs. Harland Hallmark and little son, B. F. Jr., who now reside at Breckenridge.

# BUSTER BROWN SHOES

## THE BETTER KIND

We received a fall shipment of Buster Brown shoes this week and the quality looks better than ever. There is no comparison in Buster Brown shoes and the different cheaper makes. We have all sizes for children and Misses from 0 to ladies 7. These shoes cost you a little more than the ordinary kind but when you consider the wear they are cheaper in the long run.

Let your next shoe be a Buster Brown—the better kind.

## HARVEST TIME IS BANKING TIME

Nature provided that at this time man should prepare for the lean months. It is a wise provision for you to make proper Banking Connections at this particular time, so that you will be prepared as to your future banking needs.

We ask you to come in NOW and let us explain our positive facilities to serve you.

## THE FIRST STATE BANK OF CROWELL

M. L. HUGHSTON, Vice President SAM CREWS, Cash.

A United States senator junketing in Germany writes that the debts owed us by foreign governments are paralyzing trade with this country. If that be the disease, it would seem that the logical remedy would be to pay up.

A new town in Hall County has been laid out. The name of the new town is Tampico and is at the junction of the Memphis-Turkey and Estillene-Turkey highways. A post office is soon to be established as well as a school building and some homes.

**ILLINOIS WILL HAVE CAPITAL ON WHEELS**

Chicago, Ill., July 29.—Illinois will have a "capital on wheels" for an indefinite period under a plan put into effect by Governor Len Small.

It's the Governor's latest move, according to his political opponents, to evade arrest on the charge of embezzling public funds when State Treasurer.

The Governor's plan is to tour the State in an automobile, keeping away from Springfield. If he goes to Springfield Sheriff Henry Mester—big, genial, patient Hank—will serve warrants on him. So the Governor will do some inspecting of roads, on which a \$60,000,000 bond issue is to be expended.

**To Transact Business**

Governor Small's intimate friends say he expects to transact public business from the various county seats and that a corps of traveling secretaries will go back and forth from Springfield, carrying out orders on State business. Heads of the State departments will meet him at various places on the trip and, if necessary, consult him over long-distance telephone.

The Governor returned to Chicago Friday evening from his home in Kankakee and went at once into conference with Fred Lundin, the so-called "power behind" Mayor William Hale Thompson.

After this conference the Governor and a party of State officials were to start for Elgin by automobile on the road inspection tour, marking the beginning of the "reign on wheels."

**Japan in a Tight Hole**

Japanese statesmen are in a quandary. They hardly know which way to turn. Whatever course they take

they are due to have some of their fondest dreams shaken.

In calling the international conference at Washington and including Japan in the list President Harding specified the far eastern question as one of the subjects for consideration and adjustment.

That is very objectionable to the Japanese, who prefer to have an inclusive hand in the far east, where China and Korea are at their mercy.

If she declines to discuss far eastern questions with the United States, England, France, Italy and Belgium, she admits her ulterior motives, places herself on the defensive, and alienates the respect and forfeits the good will of the other participants in the conference.

If she enters into a discussion of such questions she must abide by the decisions of the conference, which means that the other far eastern countries will get a square deal and Japanese ambitions of exploitation will be forever shattered.

Again, it is shrewdly suspected that Japan has designs upon the Philippines and other American possessions, including Hawaii. A conference agreement would exclude the Japanese from the possibility of any future control of these islands.

To refuse to become a signatory to such an agreement would be to tacitly admit the Japanese intention to wage war against the United States for their possession.

It is small wonder the Japanese are squirming and looking for a loophole through which to crawl.

**Prune the Shipping Board**

The pruning knife in the hand of General Charles G. Dawes has been working to a purpose, with the result that many millions of dollars will be saved the taxpayers through a reor-

ganization of the departments in Washington and the elimination of unnecessary appropriations.

In the past one of the great ambitions of the bureaucrat has been to secure larger appropriations than were really necessary. Legitimate needs were hardly considered. It was a case of get all you can and spend more than you get, trusting to congress to make up the deficit.

All of this has been changed by Dawes, as director of the budget, and wasteful officials are warned to trim their sails and head in close to the wind if they desire to remain in close contact with their jobs.

General Dawes has accomplished a wonderful piece of constructive work, but what will it avail us if the government is going to continue pouring billions into that loose jointed maverick known as the shipping board, which is on a par with our recent aeroplane orgy of official waste and squandering?

Why not turn Dawes loose on the shipping board, with instructions to prune to the limit?

Of course, the general might get into one of his famous "Hell and Maria" moods and blow the thing up with a few tons of dynamite, or tow it out into the Atlantic and sink it.

But in either case we are inclined to the belief that he would earn a collective and vociferous "amen" from a hundred million Americans.

Taxes are high as it is, without feeding them to an inanimate gourmand.

Eight persons were drowned at Palacios while bathing in the waters of the Gulf on Sunday, July 21. They were members of the annual encampment of the Young People's Union. Four of the number were from Breckenridge and one from Abilene.

**SOUR STOMACH INDIGESTION**

**Thedford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.**

East Nashville, Tenn.—The efficacy of Thedford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver.

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Thedford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Thedford's. **23**

An optimist of the first water, Postmaster General Hayes is it. He believes the public would prefer to pay 25 cents for a special delivery stamp instead of paying the present price of 10 cents.

**Fordson TRACTOR**

*'The Tractor will enable the farmer to work fewer hours in the day, giving him more time to enjoy life. I believe the tractor will make farming what it ought to be—the most pleasant, the most healthful, the most profitable business on earth.'*

This tractor has done much—very much—in bringing true Mr. Ford's prophecy; for in it is a machine which has harnessed one of the most dependable, efficient, adaptable, economical sources of power in the world—a machine that saves from thirty to fifty per cent of the farmer's time—a machine which many farmers claim plows, harrows or drills as much ground in the same time as four, six or even eight horses. And more—a machine that takes care of every power job on the farm.

Call and let's talk it over, or telephone or drop us a card and we will bring the facts to you.

For sale some fine young boars, also some gilts. If it's a good hog you want I have it.

**J. E. BELL, Crowell, Texas**

**THE U. S. NOBBY TREAD**

Where the going is specially heavy with snow, mud or sand, in hilly country where maximum traction on the road is a factor, no other tire tread yet devised is quite so effective, or so wholly approved by motoring opinion, as the U. S. Nobby Tread.

In its very simplicity—three rows of diagonal knobs, gripping the road—is the result of all the years of U. S. Rubber experience with every type of road the world over.

**If every one listened to experience, how much they'd save**

**S**TOP and talk to the next man you see with U. S. Tires on his car. Ask him why.

Most likely you'll hear an interesting story about his tire experiments—before the answer was found. Money wasted. Promises unkept. Trouble on the road—humorous to every one except the man who went through it.

Finally U. S. Tires. And U. S. Tires ever since.

Perhaps it's the experience of U. S. Tire buyers that makes them more emphatic in their preference than ever this year.

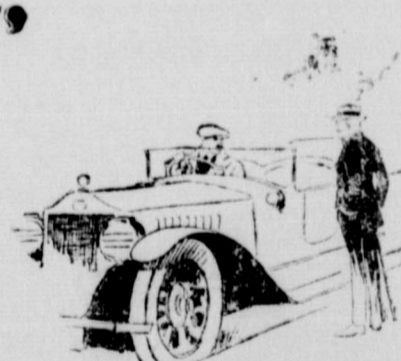

When these men have tried most

everything by the way of "staggering bargains", "hurrah discounts", "discontinued lines at less" and so forth they know what *not* to get.

They want a *fresh* tire. With a good reputation. That's everything it says it is. With the people behind it who back it up.

There are 92 U. S. Factory Branches. Your local U. S. Dealer is drawing upon them continually to keep his stocks sized up, complete—to give you service. Whenever he gets one or a hundred tires from a U. S. Factory Branch, they are *newly made this season's tires*.

Sold to you at a *net* price. Full values. Square-dealing. A reputable maker. A reputable dealer. The whole transaction as befits the leadership of the oldest and largest rubber organization in the world.

"Stop and talk to the next man you see with U. S. Tires on his car."

## Cecil & Company, Inc.

The Home of Hart Schnaffner & Marx Clothes

What is known as the North Texas Anti-Ku Klux Klan has been organized to do business. Its purpose is summed up in the following paragraph: "We are unknown and unknowable. We will remain that way. We hope that we will not have to resort to populating lamp posts and using cold steel, but if so Oakland and Greenwood will boast of much activity and the price of black crepe will rise."

Two killings occurred in Motley County within a period of three days time last week. One man was killed at a church at Flomot, being shot four times and dying instantly. The other was one of a party who had called at a man's house to adjust difficulties between him and his wife, when the man of the house shot and killed one of the party.

It has been announced that the Hardeman County Fair will start September 7th and continue until the 10th, covering a period of three days.

The fellow who is looking for a scrap is always the last to lay away his gun. Japan has been hedging on the matter of disarmament.

About the most notable thing in connection with the general depression in business is the fact that it is general.

The world is loud in its demand for permanent peace and silent in its feverish preparation for the next war.

True courtesy demands that you laugh when your friend repeats his favorite joke—but not at him.

If wood alcohol produces blindness, it would seem that a lot of people prefer not to see the light.

The most brilliant fool we know of is the fellow who drives with his muffler cut out.

And still, we are not entirely without hope. Some day it is sure to rain.

Mother eve set the fashion in abbreviated dress, and a few of her

feminine descendants are striving nobly to teach even her a few tricks

Truth is mighty, but it is often circumvented by a sneaky little lie.

The person who is wedded to trouble should get a divorce.

THE MOST FASTIDIOUS EPICURE Will Here Find everything suited to his taste.

The Most Economical Housewife will find her every want supplied at the lowest prices consistent with satisfactory quality.

And with it all we guarantee you the best service known to the grocery trade.

# Brighten Up

That is a good slogan as well as good policy. Though a smile may never bring the smiler a million dollars, it doesn't cost anything, and it warms the heart in an atmosphere that is often too cold. It enables one to give more—and, in giving, to receive more.

Brighten up your buildings inside and out with Sherwin-Williams paints. It doesn't cost anything compared to the decay that is taking place on unpainted houses, barns, implements, etc. It is more blessed to give the old building a new coat of paint, than it is to receive the bill for the cost of a new one.

Nothing will give better results than SWP prepared paints. It represents the skill and experience of the most expert chemists in the country, pure, tested ingredients, and the achievement of modern machinery. The formula is shown on every can. Inferior paint is expensive at any price. Tell your painter to use SWP because it covers more surface, looks better and lasts longer than other paints.

SWP, per gallon \$3.75  
Sherwin-Williams Family Paint, per gal \$3.25

County Judge, Foard Co.,  
CHAS. Y. WELCH,  
County Judge, Hardeman Co.

Fletcher Kimsey left Wednesday for his home at Cassville, Ga., after a two-weeks' visit here with his uncles, W. W. and H. L. Kimsey. He went by way of New Orleans. He says he had a very fine visit to the West and may return some time in the future.

**Long-Distance "Consultation."**

Recent signaling development is believed to make it possible for a physician on shore to listen to the heartbeats of his patient in mid-ocean. The special apparatus evolved at the signal corps laboratory in Washington takes up the faint sounds by a "heart transmitter," amplifies them thousands of times, and makes them audible over a long distance. The transmitter, resting over the heart by its own weight, reproduces in an air-chamber the various vibrations set up by the blood as it passes through the different valves of the heart. From this the vibrations are transmitted over the wire to an amplifying apparatus of standard signal corps vacuum tubes such as are used in wireless telephony and telegraphy, and the sounds are projected by a special receiver from a large horn. The difficulty of transmitting sounds so feeble is overcome by using a high-frequency carrier wave or line radio. This carrier wave is an electric current, which is deformed or broken up by the heart sounds, and the changes taken along the telephone wire to the receiver reproduce accurately the original sounds.

**Mustard Gas Quickly Identified.**

According to Lord Haldane, mustard gas was not known in Europe before the war, yet 48 hours after it was first used by the Germans, British chemists had run it to earth. It was not discovered by the Germans during the war, as has so often been erroneously stated. When Lord Haldane was a student at Göttingen, he often walked round the walls of the university town and noted the chemical laboratory just outside. Professor Meier was in charge, and came across the gas many years ago. He recorded the discovery officially, and two British men of science remembered the paper he had written and identified the gas, says the English Mechanic.

**Game Preserves in Africa.**

The growing scarcity of specimens in every department of zoology has led to the setting apart of large game preserves in the wilds of Africa and putting them in charge of experts. There seems to be no animal that cannot be partly tamed if given a feeding ground and water in plenty. Attendants venture into the inclosures and stroll among the animals to accustom them to the sight of human beings. Gradually the beasts are herded into small paddocks, where any peculiarities they may have are observed. In that way the zoological gardens are assured of healthy specimens.

**DEFENDS DANCING IN CHURCH**

New York Pastor Explains Action as a Return to Practice Familiar to Early Christians.

It is a long step from the spiritualized dances in connection with religious services not uncommon with the earlier Christians to dances of spiritual interpretation in 1921, and the New York pastor who bridged the centuries the other Sunday expressed solemn realization of his responsibility in staging the esthetic movements of a half dozen young women on a platform in his church, remarks the Pittsburgh Dispatch. Dr. William N. Guthrie explained at the close of his service and before the beginning of the dance in connection with the festival service of the Feast of the Annunciation, that he simply restored a practice familiar to the Christians of younger centuries of the enlightened era, and regretted that so many do not know, or have forgotten, that spiritualized dancing was once a beautiful part of religious worship. His answer to possible objectors to the revival may have been a promise that he expects to continue the practice or perhaps to bring into use other phases of religious worship discarded hundreds of years ago.

"Ignorance and prejudice," Doctor Guthrie is quoted as saying to his congregation, "have made many persons believe God will be happy if the church is closed to everything except that which bores. I believe the church should be open to everything that will bring men joy."

**KOREANS NOW USE THE AUTO**

Modern Vehicle Has Displaced the Wheelbarrow Which Was Once Only Means of Conveyance.

The automobile has made its way into Korea, as it has into many another eastern land, so there is little need now, as the highways improve, for the old-time wheelbarrow that used to be the only vehicle on the highways of this backward kingdom. This, the Detroit News remarks, was nothing more nor less than a glorified wheelbarrow for a single passenger. But it was a car of state in the days when it was invented and made. It was the ceremonial equipage in which the rich and important Koreans used to make calls.

There was a very real reason in old days why such a car should have found favor. In fact, there were two reasons. First, the conveyance required five men—literally—to run it. These advertised the wealth and the importance of the rider. Second, the single wheel on which it ran easily followed the paths of the paddy fields. These, as everyone knows who has seen rice growing, are very narrow and are bounded by water-filled ditches. In other words, this strange vehicle made short cuts possible and also the arrival of the distinguished passenger at the door of the equally distinguished person on whom he called.

There are few such equipages as this remaining even in Korea.

# BUILD RIGHT

—It's poor policy nowadays to construct makeshift farm buildings.

Grain, hay, livestock and implements are worth so much they demand substantial, stormproof shelter, and there is no economy in erecting other than serviceable, permanent buildings to house them. And, of course, when you build a home for yourself, you want a good home.

**BUILD RIGHT AS TO DESIGN** by first studying the instructive book, "Town & Country Buildings," published by the Southern Pine Association and distributed FREE by us, and which contains photographic reproductions of many up-to-date homes, large and small; practical garages, barns, poultry houses and other structures for town or farm.

For every building shown in this book we have

**Free Building Plans**

including detail blue prints, lists of material and cost estimates. This is a part of our Service Department and costs you NOTHING.

Whatever your building needs, it will pay you to get a copy of "Town & Country Buildings" and talk over your plans with us.

Herring-Showers Lbr. Co.

## You'll get somewhere with a pipe and P. A.!

Start fresh all over again at the beginning! Get a pipe!—and forget every smoke experience you ever had that spilled the beans! For a jimmy pipe, packed brimful with Prince Albert, will trim any degree of smokejoy—you ever registered! It's a revelation!

Put a pin in here! Prince Albert can't bite your tongue or parch your throat. Both are cut out by our exclusive patented process. So, just pass up any old idea you may have stored away that you can't smoke a pipe! We tell you that you can—and just have the time of your life on every fire-up—if you play Prince Albert for packing!

What P. A. hands you in a pipe it will duplicate in a home-made cigarette! Gee—but you'll have a lot of fun rolling 'em with Prince Albert; and, it's a cinch because P. A. is crimp cut and stays put!

# PRINCE ALBERT

the national joy smoke

Prince Albert is sold in tippy red bags, tidy red tins, handsome pound and half pound tins, humidors and in the pound crystal glass humidors with sponge moistener top.
