CROWELL, FOARD COUNTY, TEXAS, FRIDAY, MARCH 11, 1921

8 PAGES \$2.00 A YEAR

## OF C. CONSIDERS THE WATER WORKS PROPOSITION AGAIN

It might not be out of place to complain that the Chamber of Commerce, while it has not been an active body for several months, has not entirely lost its touch, so a call meeting was had on Friday night.

Mr. Henry as president gave a review of what had been done last year in the matter of waterworks, which had resulted in nothing. The matter had been left to a committee to work on and the committee never did anything out except to make a report. It is thought that it will be renewed at the present time. A committee, however, was appointed to start the work of making a test for water and an appropriation of \$500.00 was made by the Chamber to help pay the expenses of that test. That amount is not regarded as sufficient, but since the city proposed to supplement the same amount last year for that purpose, it is thought that it will be renewed at the present time. The Chamber of Commerce determines to execute its plans to see about getting water.

This is not said in a spirit of sarcasm. Our Chamber has not functioned as most every one would like for it to do, but we must be charitable. It has done some good and can do much more, provided its membership makes it of use.

The water works proposition is a hard one for most towns and takes united determination to overcome the obstacles that arise to thwart effort in this direction. Among the things last year to dampen the proposition was the fact that the committee never could get a pump large enough to make the test, then when the water was sent off for analysis reports were not satisfactory in that they did not contain enough information as to the character of the water. It was sent to the State University at Austin and to Chicago with the same unsatisfactory results in each case, so this discouraging aspect of the matter together with the fact that the whole year was indeed a very busy one for all our people made waterworks a difficult thing to decide upon. But there is a feeling that notwithstanding all these things we must have water.

Mr. Noland, the engineer on the highway, had been asked to meet with the Chamber of Commerce, which he did, and gave an outline of the work necessary to get water to the city after the supply has been located. He gave some idea as to the standard, how it should be built, the size, etc., the pipe lines, kind of material, depth they should be placed in the ground, etc., and the supply of water that should be stored in order to get reductions on insurance rates. In connection with the insurance Leo Spencer submitted figures on reduction which would come by reason of a good system of waterworks. We are giving his figures:

The amount of insurance premiums, old line and mutual, paid by business firms of Crowell are approximately \$20,000 annually. Spencer stated that a 10 per cent reduction could be had on when a waterworks system properly put in, becomes a reality. That would effect a saving of \$2,000 annually on the amount now being written in full, which would reduce the amount to \$18,000. On this point he is confident that an additional 10 per cent is possible in making a good fire record, which would effect another saving of \$1,800 a year, making a total saving of \$3,800 a year. To be very conservative this represents the saving at \$3,000. This represents as nearly as one figure what a waterworks system would mean to the business interests of Crowell in actual cash saving each year, and gives a basis for further figures.

## BELL TOPS MARKET ON CATTLE IN KANSAS CITY

J. W. Bell shipped a lot of cattle to the Kansas City market last week which topped the market at \$8.35. These were 1100 pound steers, 105 in number, being sold in the stocker and feeder division. The feature sale was on a bunch of real choice 1400 pound steers which sold for \$9.00, which was the highest price paid by the packers for quite a while. Prices paid for fair stuff ranged down to as low as \$6.00.

Suppose it would cost us \$40,000 to put in water and we vote bonds payable in 40 years at 5 per cent, the annual interest would amount to \$2,000 and the sinking fund to \$1,000, which exactly takes up the amount of the saving on insurance which is here thought to be conservative. It might appear that these figures were made in order to effect a balance, but they happened to work just as given. They may be in the neighborhood of correct, they may be off a little, but at any rate it does appear that we can vote bonds for water and actually put in a system without being burdened, for the increase in taxes would be offset by the reduction in insurance premiums. That, of course, is not considering the actual worth of water to the town in a hundred different ways.

Our valuations, we are told, are a little above the million dollar point. We have made inquiry as to the amount of bonds it is possible for us to vote on this valuation but to the present time have not this information. We shall give it later. It is the opinion of many that we should vote an amount, if we can, that will enable us to put in a system that will answer our needs when Crowell is two or three times its present size, at least.

As to the matter of voting bonds, Mr. Henry stated that he had been informed that our valuations of more than \$1,000,000 would allow a bond issue of \$40,000 or more. Some think the wise thing to do is to go ahead and vote bonds and work out other matters afterwards, or while bonds are going the customary channel they must pass through before the money is available, which will require several months, perhaps a year, and in the meantime all the details can be worked out. Perhaps that is better. It seems that the only difficult thing is the location of water. Whether or not that is the wisest thing to do, we can make no mistake in carrying out the program already started to locate water, and every citizen who wants water can be a help to the committee by giving it all the encouragement he can in any way possible.

After considering the waterworks proposition the Chamber took up the Pease River bridge matter and highway construction and appointed a committee to meet with the commissioners court to express its favor of the issuance of bonds for these purposes. The building of a highway between Crowell and Vernon meets the approval of the members of the Chamber and it is ready to lend its hearty co-operation in such a move at any time. In view of the fact that we have the special road and bridge fund which will allow a large bond issue and also that we can get state aid, it is thought that we will by these means be amply able to build our part of the Pease River bridge and construct the highways both on the north and east to the county line. This will give us four highways clear through the county, east, west, north and south with bridges over Pease and Wichita. We could have no better connection with the outside world, and when the adjoining counties shall have come up with their part of the work immense traffic will be turned through this country. It means everything commercially for this county, and these seem to be very easy possibilities.

## CONDITION OF THE SMALL GRAIN CROP IS 100 PER CENT

One has only to drive out over the country to be convinced of the fact that Foard County has another bumper grain crop well on its way to maturity. The condition of the crop, according to estimates from most of the farmers, is 100 per cent. The acreage of wheat and oats is estimated to be about 60,000 acres. This is conservative. In 1919 we had the biggest acreage in the history of the county. In 1920 it was reduced because it was impossible for the farmers to get the 1919 crop off of the ground and sow again before it was too late. Then last year a crop of normal acreage was put in, which enabled the farmers to get in a bigger crop for this year, so the acreage went back to about what it was in 1919, with perhaps a little diminution of the wheat acreage and an increase of the oat acreage. Of the 60,000 acres about 12,000 are in oats. So we have approximately 50,000 acres in wheat alone this year, which means one million bushels as conditions now indicate.

With the proper amount of rain at the right time this year's crop may prove to be the biggest of all. There is plenty of moisture in the ground and little rain will be needed from now on by reason of that fact.

This year will witness a bigger harvest of barley than was ever known in the county before. A number of farmers have come to realize the value of this crop for feed and find it well adapted to the soil and they believe it is to be one of the big paying crops of the county. It is expected that more of it will be planted in the future.

Another thing that looks good to the wheat farmer is the labor proposition. The indications are that labor will not be hard to get when the harvest comes on, as things have settled back near to normal. That means that the price will not be prohibitive and will largely offset the decrease in the price of wheat.

## FARM BUREAU ORGANIZATION COMPLETED SAT.

Representatives of the Farm Bureau organization from the various precincts of the county met at the court house last Saturday afternoon and perfected the county organization with the election of officers. For president they elected T. M. Haney; vice president, Bert Bell; secretary, W. A. Cogdell; treasurer, W. H. Banister. Directors elected are: precinct No. 1, John Coffey; precinct No. 2, Tom Davis; precinct No. 3, P. M. Hinkle; precinct No. 4, J. B. Rasberry.

The membership in the county had reached 240 when the organization was perfected Saturday and is still growing. Each member is to consider himself a committee of one to solicit other farmers to join the organization. The membership in the state has reached 45,000, having increased its numbers by 10,000 since the organization was commenced in the county.

The next county meeting will be held at the court house on Saturday, March 19th, at which meeting it is said some matters of very great importance are to be attended to.

## GROCERY CHANGES

Smith Bros. have bought the People's Grocery Store from J. W. McCaskill on the north side and have assumed management this week. These boys have had considerable experience in the grocery business and know how to give good service.

J. H. Lanier has bought the interest of his partner, J. W. Ellis, in the Crowell Gro. Co. and is now sole owner.

## TRACK MEET POSTPONED

On account of the death of the father of Prof. D. W. Cock, who is director general of the track meet which was to have been held Friday and Saturday, March 11 and 12, this meet is postponed until March 25 and 26.

## BUTTER-MAKING DEMONSTRATION IN CROWELL MAR. 17

On Thursday, March 17, at 2:30 p. m., a butter-making demonstration will be given in Crowell in the district court room. A feature of special interest is the butter exhibit that is to be held in connection with the demonstration.

Anyone so desiring is eligible to enter a pound of butter in the exhibit and compete for a prize for the best butter shown. All butter for the exhibit must be entered at the Home Demonstration office before 2:00 p. m. Thursday. No names should appear on the wrappings or cases containing butter as all entries will be made by number.

Our Home Demonstration Agent, Miss Flora E. Goodwin, has been able to secure the services of Mr. J. Lynn Thomas, a specialist in dairy products, from A. & M. College for this date in Crowell. He will score and judge the butter publicly so that all present may have the benefit of his criticisms. After the prizes are awarded, a lecture and butter-making demonstration will be given. A note book and pencil will be helpful for those desiring to learn something more on the subject of butter-making.

Miss Goodwin feels that she is very fortunate in securing a specialist of the standing of Mr. Thomas for this occasion. It is due to the courtesy of the Foard County Chamber of Commerce that makes possible this public demonstration, for that organization is financing this special work.

The grocery merchants are offering the following attractive prizes:

1. For best pound of butter made by a girl enrolled in one of the Girls Home Demonstration Clubs. First prize, basket of assorted fruits.—Matthews & Woodard. Second prize, box of candy.—Matthews & Woodard.
2. For the best pound of butter made by a young lady enrolled in a Home Improvement Club. First prize, a box of fancy groceries.—Smith Bros. Second prize, an assortment of choice flower seeds.—Massie-Stovall.
3. For the best pound of butter made by a woman either rural or town. First prize, a basket containing an assortment of fancy groceries.—Industrial Transportation Co. Second, a 24-lb. sack of Light Crust flour.—Crowell Gro. Co.
4. For best pound of butter entered in exhibit, \$2.50 cash.—Massie-Stovall.

J. G. Ford is offering for sale eggs from his three leading pens of chickens, the Rhode Island Reds, Cornish Game and the White Leghorn. Mr. Ford has a fine bunch of chickens, in all about 100, and he says through the month of January these averaged a revenue in eggs of about \$1.25 a day, which paid for the feed and gave a nice little profit besides. There are hundreds of people in the county who have realized good profits off of chickens this last winter, and yet some folks say, "They don't pay."

J. J. Hood recently came down from Colorado to spend a month or more. Mr. Hood spent a portion of last summer here and helped through the harvest. He says he got tired of doing nothing in Colorado and wanted to get out and see what is going on in other places.

G. D. Owens was here from Lubbock, Texas, for a few days, leaving Tuesday for his home. Mr. Owens still owns a farm in this county but is making his home in Lubbock. He says he decided not to work any more for a year and is having a good time and taking a long needed rest.

Mark Gilliam and mother, Mrs. E. C. Gilliam, came in the latter part of last week in a car from Dallas. Mark returned to Dallas Monday while Mrs. Gilliam will visit the family of her son, Ed, for an indefinite time.

## W. C. COCK DIES SUDDENLY WEDNESDAY MORNING

The death of W. C. Cock occurred here suddenly Wednesday at 10 o'clock a. m. as he was leaving the office of Dr. Hines Clark, the cause of his death being attributed to heart failure.

The deceased was born at San Marcus, Texas, May 17, 1852, and was therefore in his 69th year.

Mr. Cock was married to Miss Lavina Owen, October 16, 1878, to which union were born ten children, six sons and four daughters, seven of whom survive, five sons and two daughters.

The family resided first at San Marcus for a good many years and later at Brownwood, coming from that place to Crowell in 1919 where they have since resided. The deceased had been a faithful member of the Methodist church for 37 years prior to his death. He is survived by his wife and five sons, Luther and De Witt, of Crowell; Hassell, Roy and Joe, of Brownwood; and two daughters, Mrs. W. F. Rainey, of Buckeye, Ariz.; and Miss Venus Cock of Crowell. Two brothers, De L. W. Cock, of Mineral Wells, and C. W. Cock of Camp Walton, Fla., and two sisters, Mrs. Joe Earnest and Mrs. J. A. Montgomery of San Marcus, survive.

The funeral service will be held at 4 o'clock this afternoon at the Methodist church, after which interment will take place in the Crowell cemetery.

## BLOCKADERS CAUGHT

The sheriffs of Foard and Cottle Counties succeeded last week in locating and capturing a blockade still together with the managers in the extreme western portion of Foard County.

Recent developments in Paducah caused suspicion on the part of the sheriff that something was going on somewhere and he and Sheriff Campbell got their heads together and went after what they felt sure was giving rise to disturbed conditions in Cottle County. The manufacturers had not sought a market in Crowell, so far as is known, for their product. This seems to be well borne out by the fact that it is said they were behind with orders in Paducah and could not supply the demand there.

But as we went to say, Campbell and the Cottle County sheriff made a drag of the whole county over in the west part of the county and finally found the little thing nestled away in a dugout in the breaks. The operators posed as trappers and monkeyed around in the day time like they were trapping and in the night made the moon shine. They had sold out all the ready stock at the time, except about a pint, but had four barrels of mash which the officers poured out.

The two men arrested were Charley Ervin and J. M. Brewer. They were brought to Crowell and lodged in jail until they were released on bond Monday, parties coming from Paducah and going on their bonds.

L. C. Richter was here from Thalia Saturday and placed an ad to sell eggs from his Ancona hens. Mr. Richter is more than pleased with this breed of chickens. They are much like the Leghorn, only perhaps a little heavier, which makes them more desirable for the table, and he thinks they are as good layers as any of the laying breeds, and says they are the hardiest chickens he ever had on the place.

Mrs. F. L. Bassett of Anthony, Kan., sent in her subscription to the News last week. Mrs. Bassett has been a reader of the News for several years and says she is always glad to get it. She also states that she is glad to know that Foard County has plenty of moisture.

J. W. Beverly and Mrs. Lee Allan Beverly and little son, Fred Allan, left Wednesday afternoon for Oklahoma City for a visit with Mrs. Lizzie Roberts.

## FOARD COUNTY TO HAVE POTATO CURING PLANT

J. C. Davis was in town from Rayland Saturday and stated that steps were being taken to build a potato curing plant on the W. A. Walker farms. Mr. Walker owns several farms in the community and has been devoting large areas to alfalfa, but has become convinced that sweet potatoes would be a better paying proposition, so he with his tenants are preparing to make potatoes a commercial product this year for the first time. This is the first move of the kind to be made in Foard County. The promoters are W. A. Walker, owner of the lands, and J. C. Davis, J. E. Young, T. J. Prescott and J. Duffie, tenants, all of whom have taken stock in the proposition. They will plant 100 acres to sweet potatoes this year and Mr. Walker recently went east to buy the seed, and expected to go even to Louisiana if seed are not to be found in East Texas. They will buy 500 bushels of seed. This, together with the machinery necessary for setting out the plants requires an outlay of some \$1,500. The warehouse will not be built until the middle of the summer. The 100 acres to be planted should furnish a yield that will justify the building of a warehouse with a capacity of 20,000 bushels, which is the size of the building to be erected.

## "PAUL, THE DETERMINED MAN," PASTOR'S SUBJECT

The theme of the sermon preached by the pastor of the Baptist church Sunday night was, "Paul, the Determined Man." The scripture taken as a text is found in the second chapter and second verse of 1st Corinthians, "For I determined not to know anything among you, save Jesus Christ and him crucified."

The greatest need of the 20th century is the preaching of Jesus Christ and him crucified," said the preacher. That is what Paul determined to do at Corinth without regard to consequences to himself. The great preacher felt the need of a pure Gospel presented in simplified form, with no display of learning on Paul's part and with no aim to please his hearers for the sake of making him popular among those people. There was no soft peddle touched, but truth was the one essential and at the hazard of his life Paul dared to speak it. Paul's responsibility was too great to force any compromise which would have been ruinous to the missionary efforts of the great Apostle, and consequently would have had its effects on succeeding generations.

But it was brought out by the preacher that determination alone is not sufficient. Illustrations were given where a man may determine to do a thing and fail because of a lack of concentration of energy or because of the fact that he may be dominated by some selfish motive. The former may be well compared to the motive power of a machine, which if weak fails to move the machine, while the latter corresponds to the improperly adjusted parts. Then, as additional essentials were mentioned persistence, which was exemplified in the life of later missionaries who went to foreign fields and preached for many years without a single convert, but whose efforts were finally crowned with success. In these are to be seen, too, positiveness, which is essential to make effective determination.

There are some splendid practical lessons to be drawn from the pastor's remarks. Every man should be in his own place and face his own responsibilities, and with determination to do the things required of him, supported by God's help, his success is assured.

Misses Mary Reeder and Gladys Snoddy and Harry Wiltbanks were here Sunday from Knox City visiting Mr. and Mrs. T. P. Reeder.

# Special Suit Sale

We will have with us for three days, starting

**Saturday, March 12**

Mr. B. M. QUIGLEY, General Representative of

**Lamm & Company**  
Chicago

Mr. Quigley is thoroughly familiar with all phases of the Tailoring business and will have a complete line of samples to select from.

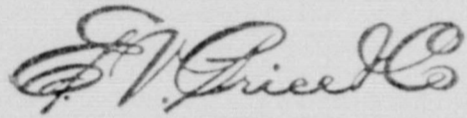

We Will Give One Half of Our Net Profit During This Sale to the Cemetery Association.

You still have time to get a suit for Easter. Why not do it now. HELP A GOOD CAUSE. HELP YOURSELF and HELP US. Make your selection now—get your suit when you want it.

Sale Starts Saturday, March 12

**The Magee Toggery**

Local Dealers for

# GROCERIES

Why pay more of your hard earned money when you can save at our store? Money saved is money made.

We have the Canova brand of Coffee, Tea, Peanut Butter, Baking Powders, Black Pepper, which is guaranteed to please you, at prices below other standard brands.

If you don't believe we can save you money give us a trial. You will be convinced.

**Industrial Transportation Co.**

**Keeps Your Stove Shining Bright**

Gives a brilliant glossy shine that does not rub off or stain. It penetrates to the iron—lasts four times as long as any other.

**Black Silk Stove Polish** is in a class by itself. It's more carefully made and makes iron better materials.

Try it on your parlor stove, your range or your gas range. If you don't find it the best polish you ever used, your hardware or grocery dealer is obligated to refund your money.

There's "A Shine in Every Drop"

**Get a Can TODAY**

## ASPIRIN

Name "Bayer" on Genuine

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Mononaceticacidester of Salicylicacid.

## THALIA NEWS

(By Special Correspondent)

Carl Huddleston of Vernon was in Thalia Tuesday.

Frank Pittillo is reported on the sick list this week.

Mrs. Tom Abston visited Mrs. Maggie Capps at Crowell Monday.

Miss Opal Edens of Rayland spent the week end here with relatives.

There was preaching at the Baptist church Sunday and Sunday night.

Gus Neill left Monday for Houston as a delegate to the Woodman rally.

Mr. and Mrs. Bailey Webb and daughter, Lela, were shopping in Crowell Tuesday.

Mr. and Mrs. Elmer Phillips of Aversville visited her parents here Sunday afternoon.

Miss Cora Phillips of this city visited her sister, Mrs. Charley Cobb, at Rayland Sunday.

Mr. and Mrs. Ernest Tole of Tipton, Okla., are here visiting his parents north of town.

Mrs. Harley Capps of Crowell visited her cousin, Mrs. Albert Jones, Tuesday of last week.

Charley Wood was suffering from tin poison from eating gardenes Thursday of last week.

The singing at the home of Miss Laura Fleming Saturday night was enjoyed by all present.

Mrs. Peacock who lives in the Gambleville community attended church services here Sunday.

Mr. and Mrs. Fred Rennels of the Rayland community visited relatives here Saturday afternoon.

Mr. and Mrs. Eric Wheeler have moved into the house here recently vacated by Mrs. Wayland.

Lee Mason happened to the misfortune of being badly hurt when a horse threw him last Tuesday.

B. W. Johnson of Altus, Okla., is visiting his brothers, Lat and Luke Johnson, and his sister, Mrs. J. G. Thompson.

Mrs. Blakemore and daughter, Mrs. Mills, who live eight miles south of Crowell attended Sunday School here Sunday.

Elder J. T. Cabe of Vernon will preach at the Church of Christ at this place Saturday night, Sunday and Sunday night.

The Rayland ball team played on Thalia's grounds Monday afternoon, the score being 4 to 74 in favor of the home boys.

The Thalia basket ball team went to Foard City Friday and played with the ball team of that place. The score was 16 to 29 in favor of Foard City.

Miss Viola Shultz and sons, Garland and Grady, of Crowell visited friends and set out flowers at the cemetery here Saturday.

Miss Lula Bowley and Mrs. Belle Thompson and Roy Aubrey took the teachers examination at Crowell Friday and Saturday.

Miss Myrtle Johnson visited her sister, Mrs. Lee Shultz, at Alvord from Tuesday until Sunday. Her little niece, Allie V. Shultz, came home with her for a visit.

Gordon Davis moved last week from the J. G. Thompson farm north of town to the five-room house that Mr. Hammons has just completed in the south part of town.

## BEAVER NEWS

(By Special Correspondent)

Buford Randolph of Jamison was a visitor of Lonnie Johnston Sunday.

Baylor Johnston went to work Monday for Luke Graham near Foard City.

Several boys of this community went to the party in the Jamison community Saturday night.

W. M. Randolph of the Jamison community visited his daughter, Mrs. Mack McGregor, Sunday.

Mrs. G. F. Elliott and Mrs. B. F. Ringgold of Crowell were guests of Mrs. John M. Johnston Sunday afternoon.

The program at the school house Friday night was a good success. There was a very large crowd in attendance.

Mr. and Mrs. A. L. Johnson, Mr. and Mrs. Price Fowler and Mrs. Florence Randolph of Crowell visited friends and relatives in this community Sunday.

Mrs. John M. Johnston and daughter, Miss Ruby, visited in the W. C. Golden home of the Foard City community Saturday.

Mr. and Mrs. L. R. Statter and baby and Mr. and Mrs. Luke Graham and children of Foard City visited W. F. Draper and family Sunday.

A number of the young people of this community was present at the singing at the Clayton

This picture shows you the wonderful Stove that burns any kind of liquid fuel, and burns it all with one burner and absolutely without any kind of a wick.

There are so-called wickless stoves, but when you examine them you find that they have asbestos rings or some other absorbent to hold the oil while it burns pure oil just like an ordinary lamp.

THE RED STAR VAPOR OIL stove is true to its name. It has no wicks at all. It creates common coal into genuine gas and burns gas just like natural gas. Each burner consists of 8½ pounds of high grade cast iron which soon become red hot and will bake, roast, boil or fry equally as quick as the best wood or coal stove.

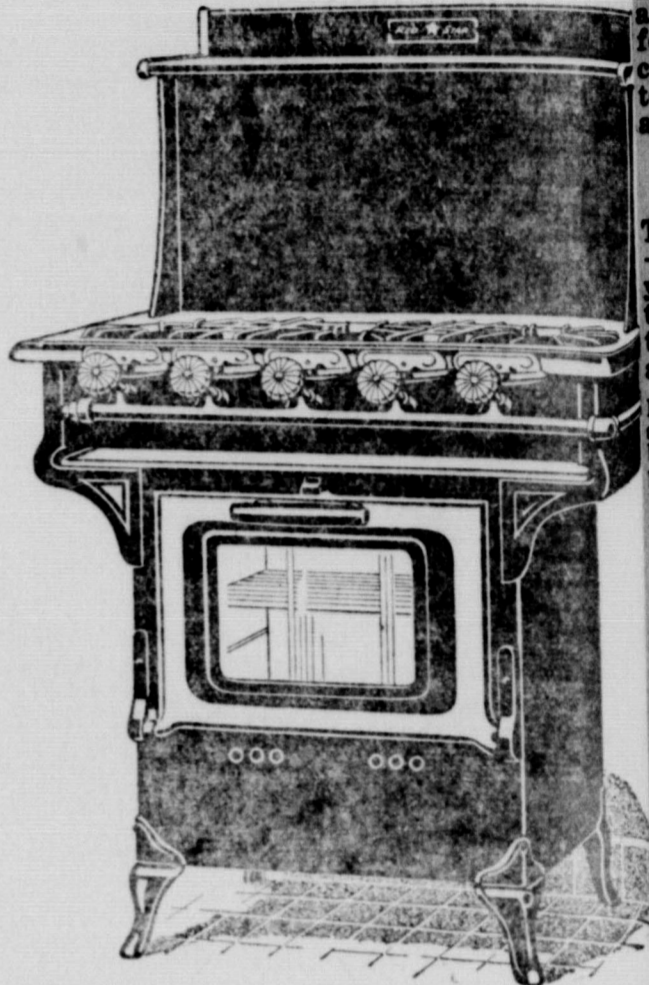

The RED STAR VAPOR OIL STOVES are made in all sizes up to six burner. All that one has to do to change from one fuel to another is to turn a small set screw down or up to increase or diminish supply to burner.

WE WILL GIVE A PUBLIC DEMONSTRATION MARCH 31.

Come and see this wonderful stove perform and pass judgment.

**W. R. WOMACK**

FURNITURE AND UNDERTAKER

THIS IS THE FIVE BURNER

home in Clayton community Sunday night. They report a good time.

The Beaver folks enjoyed some good singing at the school house last Wednesday night by Duke Wallace and other gentlemen from Crowell whose names we did not learn.

## GAMBLEVILLE ITEMS

(By Special Correspondent)

All who attended the singing at Mr. Smith's Saturday night report a good time.

There was a party at the home of Mr. Hollis Saturday night. Everybody reported a good time.

The Gambleville ladies are getting busy planting gardens. Some have onions and radishes up.

There were services at the school house Sunday, Rev. J. H. Hamblen preaching a good sermon.

Robert Ford and Parlon McBeth left for Oklahoma City last Thursday where they will remain for some time.

Quite a crowd attended a cow riding Sunday at J. W. Carter's farm. Some showed skill in steer riding while others just could not stay on them.

Wheat is looking fine. If everybody will just shut their eyes and say "Go away, Green Bug,"

we think there will be another good crop made this year.

Miss Inakell Glover was at home last Saturday night for the first time since the first of the year. She is one of Crowell's best "central" girls, at least we think so.

We had a good literary last Friday night. The house was so full there were not seats enough to accommodate all that were present. There will be another one the 11th. All are invited to attend and to have something to help out on the program.

Miss Maggie Kelly broke the record last Wednesday night in coming to the singing school. It was the first time she had gone anywhere since the second of last October. She went to town then. We are having singing at the school house every Monday and Wednesday night.

If your car gives you trouble at night bring it to me at my garage east of Ben Easley's place. Do work only at night.—Bruce Lee.

For Sale—1500 bushels seed oats, one and half miles northwest of Thalia.—J. G. Thompson, Sr.

Any one caught hauling or trespassing in any way on the sell ranch will be prosecuted full extent of the law.—B. J. Foreman.

## LET US SHOW YOU

**AYERSVILLE NEWS**

(By Special Correspondent)

Mr. and Mrs. J. B. Withers visited in Vernon Sunday.

A few hours was spent in singing at Charlie Smith's Sunday night.

Raymond Shumate spent Tuesday night with his aunt, Mrs. J. B. R. Fox.

Ernest Tole and wife of Tipton, Okla., came in Saturday to visit homefolks.

Mr. and Mrs. Ferrin came in last week from their visit to South Texas.

Dolph Pauley and wife are visiting the latter's parents in Snyder, Okla.

Will Gamble and wife visited Mr. and Mrs. Mears near Rayland Sunday.

Mrs. Rector and son, Jesse, of Thalia spent Saturday with W. E. Rector and wife.

Greek Davis, Alphas McGinnis and H. M. Ferrin left Saturday for the Plains on a prospecting trip.

Charlie Blevins lost one of his fine hogs last week. It was thought pneumonia caused its death.

Will Womack of Floydada spent Thursday night of last week with T. D. Edwards and

family.

The singing class at Gambleville meets on Monday and Wednesday nights instead of Tuesday and Friday nights.

G. D. Owens of Lubbock was here the latter part of last week looking after his farm and visiting old friends and neighbors.

W. B. Shultz and family of Farmers Valley and Mrs. Julia Lyons and children of Vernon, Roy Banister of Thalia and G. D. Owens of Lubbock, were visitors in the Shultz home Sunday.

J. R. Gamble and wife of Crowell and Riley Free and family of Chillicothe and Yancy Lindsey wife and baby of Thalia took supper with Carroll Lindsey and wife Friday night and attended the literary at Gamble.

The house was crowded to overflowing Friday night at the literary and a fairly good program was rendered. The musicians, Mr. Kennedy and Mr. Walker and sister, rendered some fine music on violin, guitar and mandolin.

Hugh Shultz and wife and Eula left Saturday for Electra to bring back a Case tractor they had recently purchased. They expect to visit C. T. Shultz and wife in Dallas, J. L. Shultz and family at Alvord, and J. H. Watts and family at Iowa Park before returning.

The Durham girls had a narrow escape Friday night on their way to the literary when the horse they were driving became frightened and jumped into a ditch, throwing all the occupants out and tearing the entire top of the buggy off just above the seat. Fortunately no one was hurt.

Bro. Hamblen of Crowell preached to a large and appreciative audience at Gambleville Sunday afternoon. After preaching the teachers of the Sunday School were elected. Everybody is invited to come every Sunday at 3 p. m. and take part in the upbuilding of a good Sunday School.

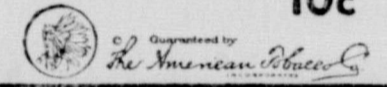

For Sale—10 head of young registered Hereford calves, papers furnished.—J. E. Bell.

**Spring Is Here**

Now come the Pigs—the Calves—the Colts—and the Lambs.

TIME for your work horses and mules to shed their winter's coat.

—TIME to tone them up—give their systems a spring house-cleaning—and drive out the worms.

**Dr. Hess Stock Tonic**  
A Spring Conditioner and Worm Expeller

Your COWS that have long been on winter feed need the system-toning, bowel-cleansing, appetizing effects of Dr. Hess Stock Tonic. Puts them in fine condition for calving. It means more milk.

Your BROOD SOWS will be relieved of constipation and put in fine fettle for farrowing by a course of Dr. Hess Stock Tonic—which means healthy pigs, and a mother with an ample milk supply to nourish them.

Your SHOATS will be greatly benefited by a course of Dr. Hess Stock Tonic. It drives out the worms—stimulates the appetite and makes them thrive.

Feed it to EWES before lambing time. It prevents fevered udders and scouring lambs. Feed it after lambing time to stimulate the flow of milk, insuring lambs for the early market.

Dr. Hess Stock Tonic contains Tonics for the digestion, Laxatives for the bowels, Diuretics for the kidneys, and Vermifuges for the worms.

**THE STATE OF TEXAS**

To the Sheriff or any Constable of Foard County—Greeting:

You are hereby commanded to summon C. S. Carpenter and C. B. Knapp by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 49th Judicial District; to appear at the next regular term of the District Court of Foard County, Texas, to be held at the Court House thereof, in Crowell, Texas, on the 8th Monday after the 1st Monday in February, A. D. 1921, the same being the 4th day of April, A. D. 1921, then and there to answer a petition filed in said Court on the 1st day of March, A. D. 1921, in a suit numbered on the docket of said Court, No. 1011, wherein Emma E. Johnson, a feme sole, in her own right and as executrix of the estate of J. A. Johnson, deceased, Carl M. Worsham, personally and as executor of the estate of W. B. Worsham, deceased, Leola P. Haggood, joined by her husband, K. N. Haggood, in her own right, and as executrix of the estate of W. B. Worsham, deceased, are plaintiffs and C. S. Carpenter and C. B. Knapp are defendants, and the cause of action being alleged as follows:

That heretofore, to wit, on or about the 9th day of January, A. D. 1920, J. A. Johnson, Mrs. Nettie G. Worsham, and the plaintiffs, Carl M. Worsham, personally and as executor of the estate of W. B. Worsham, deceased, Leola P. Haggood personally and as executrix of the estate of W. B. Worsham, deceased, joined by her husband, K. N. Haggood, made and entered into a contract in writing with defendants whereby plaintiffs leased and let to the defendants, C. S. Carpenter and C. B. Knapp, for sole and only purpose of mining and operating for oil and gas and laying pipe lines and building tanks, power stations, and structure thereon to produce, save and take care of said products, all these certain tracts of land situated in Foard County, Texas, described as follows, to wit:

Section No. 1, Cert. 16-2, S. P. Ry. Co., 640 acres; Section No. 2, Cert. No. 16-2, S. P. Ry. Co., 640 acres; Section No. 3, Cert. 16-4, S. P. Ry. Co., 640 acres; Section No. 9, Cert. 16-7, S. P. Ry. Co., 640 acres; Section No. 10, Cert. 16-7, S. P. Ry. Co., 640 acres; Section No. 11, Cert. 16-8, S. P. Ry. Co., 640 acres; Section No. 12, Cert. 16-8, S. P. Ry. Co., 640 acres; Section No. 17, Cert. 16-11, S. P. Ry. Co., 640 acres; Section No. 19, Cert. 16-12, S. P. Ry. Co., 640 acres; Section No. 20, Cert. 16-12, S. P. Ry. Co., 640 acres; Section No. 21, Cert. 16-17, S. P. Ry. Co., 640 acres; and containing in all 7040 acres of land.

2. That Mrs. Nettie G. Worsham is now deceased, and Carl M. Worsham and Leola P. Haggood, plaintiffs, are her only heirs and legal representatives, and J. A. Johnson, who signed said contract is now deceased and the plaintiff, Emma E. Johnson, is his surviving widow and the duly qualified and acting executrix of his estate.

3. That besides other things which

defendants agreed to keep and perform in consideration of said lease contract as set forth therein, the said C. S. Carpenter and C. B. Knapp, defendants, obligated themselves to begin the actual drilling of a well upon the premises above described within one hundred and twenty days from January 25, 1920, or pay the lessors the sum of seventy-five cents per acre for said leased premises which shall operate as a rental and serve the privilege of deferring the commencement of a well for a further period of ninety days, and if at the end of said ninety days extension no well is yet commenced the lessees agreed to pay the lessors on or before the expiration of said ninety days extension one dollar per acre for all of said land which shall operate as a rental and serve the privilege of deferring the commencement of a well for an additional period of ninety days and if at the end or expiration of said additional ninety days a well is not yet commenced then the said lessees shall pay to the lessors, on or before the termination of said additional ninety days the sum of one dollar per acre for all of said land which shall operate as a rental and serve the privilege of deferring the commencement of a well for an additional period of twelve months, and if no well is then commenced on said land the lessees shall, on or before the termination of the above mentioned twelve months additional extension pay to the lessors the further sum of one dollar per acre for all of said lands which shall operate as a rental and serve the privilege of deferring the commencement of a well for still an additional twelve months and if no well is commenced on or before the termination of said twelve months additional extension then this lease is absolutely terminated as to all parties.

4. That the purpose of making said lease contract, on the part of the lessors was the production of oil or gas from said lands and no money or other thing of value was paid the lessors as a consideration for signing said contract, and no well has ever been commenced on any of said lands and no preparations of any kind made to begin drilling thereon, and in order to continue said contract in force longer than one hundred and twenty days after the 25th day of January, 1920, it was necessary for the lessees to pay the lessors the sum of seventy-five cents per acre for all of said land, which defendants paid and continued said lease without the necessity of commencing for a period of ninety days additional, to wit: until the 22nd day of August, 1920, when under the terms of said contract it became necessary for the lessors to pay the lessees one dollar per acre for all of said land in order to continue said lease in force after the expiration of said ninety days extension, which defendants have failed and refused to pay

and still refuse to pay same or part thereof though often requested so to do, and have failed and refused to commence to drill a well on any of said lands or to take steps of any kind toward development of same for oil or gas.

5. Plaintiffs further aver that defendants have breached said contract and forfeited all rights acquired thereby, and said contract is no longer of any binding force against plaintiffs, yet nevertheless, defendants have refused and still refuse to reconvey said premises to plaintiffs and said lease and the record thereof in the deed records of Foard County is a cloud upon plaintiffs' title to said lands.

6. Plaintiffs further aver that said lease contract is voidable because plaintiffs say that said contract is a contract of mutual obligations, a copy of which is hereto attached marked "Exhibit A" and made a part hereof, and that the defendants, C. S. Carpenter and C. B. Knapp, nor either of them, ever signed said contract, so as to make its stipulations binding against them, but filed said contract for record in the office of the County Clerk of Foard County, after it had been executed by the lessors only and it was never signed by the defendants.

7. Wherefore, premises considered plaintiffs pray that the defendants be cited to answer this petition and upon hearing hereof plaintiffs have judgment against the defendants for the recovery of all rights, interests and privileges, with oil and gas rights mentioned in said lease contract and for the cancellation of said contract, that same be annulled and declared of no further force or effect, and all right, title and interest in and to said lands and the oil and gas rights therein be divested out of defendants and invested in plaintiffs, for costs of suit and for general relief both legal and equitable and plaintiffs will ever pray.

Herein Fail Not, but have you before said Court, on said first day of the next term thereof, showing how you have executed the same.

Witness my hand and official seal at my office in Crowell, Texas, this 2nd day of March, A. D. 1921.

## MAR. 16TH CLEANUP DAY, PROCLAMATION BY MAYOR

Whereas, the Governor of the State, and the State Health Officer, have issued proclamations in the interest of the public health and have named certain days for the performance of certain duties by the citizens of the various communities of the state in order to preserve the health of the people, among them a general clean-up day, and have called upon the mayors of cities and towns to issue local proclamations in line with the State work to prevent the dissemination of disease, now, therefore, I, C. T. Schlagal, mayor of the City of Crowell, hereby designate Wednesday, the 16th day of March, 1921, as clean-up day for the City of Crowell, and call upon all citizens to devote that day to cleaning up their premises and the streets and alleys of the town. There will be steps taken to organize forces to clean up the streets and alleys and let every citizen make it his duty to help make our town so clean that we will have no cause to be ashamed when a State health officer comes on a tour of inspection. Bills will be distributed later announcing time for organization of forces.

C. T. SCHLAGAL,  
Mayor.

## THE STATE OF TEXAS To the Sheriff or any Constable of Foard County—Greeting:

You Are Hereby Commanded to summon Kuhn-Reel Oil Company with L. J. Kuhn, its general agent, and L. J. Kuhn by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 46th Judicial District; to appear at the next regular term of the District Court of Foard County, Texas, to be held at the Court House thereof, in Crowell, Texas, on the 8th Monday after the 1st Monday in February, A. D. 1921, the same being the 4th day of April, A. D. 1921, then and there to answer a petition filed in said court on the 19th day of January, A. D. 1921, in a suit numbered on the docket of said Court, No. 1107, where Carl Huddleston is plaintiff and Kuhn-Reel Oil Company, L. J. Kuhn, R. W. Walker and J. D. Key are defendants and the cause of action being alleged as follows:

1. That heretofore, to-wit, under a verbal contract, on or about the first day of August, A. D. 1920, he was employed by the defendant, Kuhn-Reel Oil Company, to work on the drilling of a well in Foard County, Texas, at an agreed price of Twelve (\$12.00) Dollars per day. That he began work on the first day of August, A. D. 1920, and worked seventy-six (76) days, to-wit, from August 1st, A. D. 1920, to October 15th, A. D. 1920, for said Kuhn-Reel Oil Company at said sum of Twelve (\$12.00) Dollars per day and that said sum is due and unpaid, and said defendant, though often requested has wholly failed to pay same or any part thereof.

2. That in addition to this work plaintiff spent in trips to Vernon and for repairs the sum of Thirty (\$30.00) Dollars, and one trip to Kemp-Munger-Allen oil field in Wichita County, the sum of Fifteen (\$15.00) Dollars. That all of said trips and expenditures by plaintiff in the performance of his duty as the employee of said company and were necessary and proper in that behalf; that said defendant is thereby indebted to plaintiff in the aggregate sum of Nine Hundred Fifty-Seven (\$957.00) Dollars which is past due and unpaid, together with legal interest thereon from October 15, 1920, until paid.

3. That said work was performed in the drilling of a well in search of oil or gas on the northeast quarter of Section 29, Block 8, H. & T. C. Ry. Co. Survey in Foard County, Texas, and plaintiff, on the 27th day of October, 1920, filed with County Clerk of Foard County, Texas, his affidavit, as required by law, fixing a lien upon the above described property together

with lien upon the entire standard drilling rig located on J. F. Long's place on said land above described, together with engine, boiler, pumps, casing, derrick, and all tools and machinery, oil tanks and oil of every kind on said premises, a copy of which affidavit and lien is hereto attached, marked "Exhibit A" and made a part hereof.

4. Plaintiff further shows that one R. J. Donaghoe was employed by said defendant to work on said oil well in Foard County, Texas, at the agreed price of Twelve (\$12.00) Dollars per day, under a verbal agreement between the said defendant and the said R. J. Donaghoe. Said R. J. Donaghoe began work on the first day of August, A. D. 1920, and worked until September 16, 1920, inclusive; that said defendant thereby became indebted to the said R. J. Donaghoe in the sum of \$564.00, on which amount there is a credit of \$351.35; that the balance due to said R. J. Donaghoe is the sum of \$212.65 for labor performed in drilling of said well. That said R. J. Donaghoe made an affidavit in writing showing the contract and labor performed and duly fixed, as required by law, his laborer's lien on the property herein first above described, a copy of which affidavit and lien is hereto attached, marked "Exhibit B" and made a part hereof.

5. That plaintiff, for valuable consideration, purchased the said claim of said R. J. Donaghoe and is now legal and equitable owner thereof. That the said defendant, Kuhn-Reel Oil Company, is thereby indebted to plaintiff in the aggregate sum of \$1,169.65, with legal interest thereon from the date same was due until it is paid.

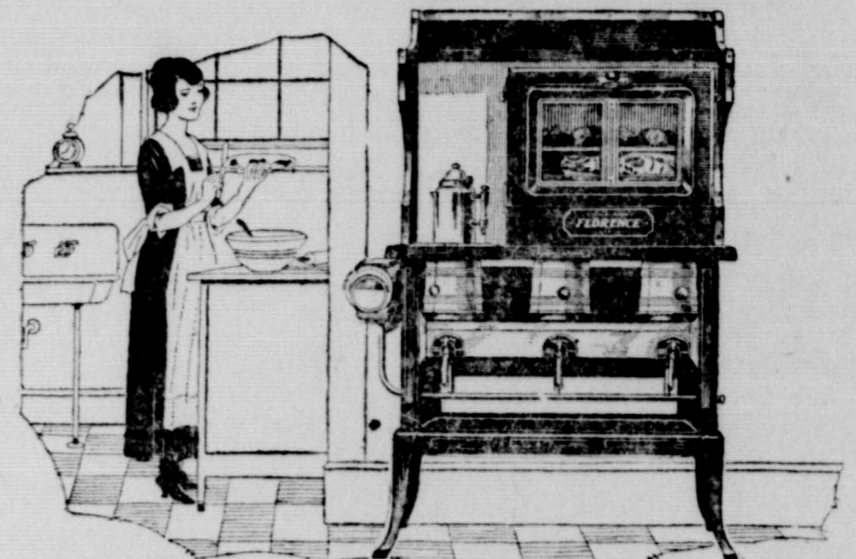

6. That the defendant, L. J. Kuhn, is a stockholder in the defendant Kuhn-Reel Oil Company, which is a joint stock association, and the defendants, R. W. Walker and J. D. Key are each claiming some kind of lien upon, or interest in, the property of the defendant, Kuhn-Reel Oil Co., above described, which is inferior to that of the plaintiff, and plaintiff has a prior lien upon the hereinbefore described property of said Kuhn-Reel Oil Company.

Wherefore, premises considered, plaintiff prays that citation issue in this cause to each of the defendants, and that upon the final trial hereof he have judgment against the defendants Kuhn-Reel Oil Company and L. J. Kuhn for his debt, interest and costs of suit, and against each and all of the defendants for foreclosure of his laborer's lien on the property hereinbefore described, and that the rights and claims of the defendants be adjudged subordinate to the lien of plaintiff and for general relief both legal and equitable and plaintiff will ever pray, etc.

Herein Fail Not, but have you before said Court, on said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at

## AN INTERESTING WOLF CHASE

This writer never felt the thrill occasioned by a West Texas wolf chase and fully realizes the inadequacy of language to correctly describe one, but we may give our readers some idea from a report recently given us by T. M. Beverly, who was one of the principals in staging an event of that kind on his ranch in this county. And we might as well mention the other parties just here who engaged in this hunt on the 21st day of February. Besides Mr. Beverly there were Paul Barry of this place; two Georgia boys, Dewie and Roe Mosley; and Jim Ellis, who is known in Arkansas and Texas as the champion fox hunting preacher, who claims to have caught more foxes and wild cats than any other preacher in the United States.

They had with them a pack of hounds, some of which had already become strong rivals for the championship in capturing wolves. Others were amateurs, but possessed the stock that warranted interesting developments in this, if not the first, at least among the earliest of their engagements of the kind. In all there were an even dozen fine hounds rearing to go.

It was not long after an invasion of the wolf-infested quarters commenced until one of the younger dogs broke the news and then the others went to him, and the race was on. After a three-mile chase two other wolves came out on the open prairie and no dogs after them, but the dogs were in full cry. Then another wolf came out with one dog after him. Two hundred yards behind was the rest of the pack. Then out came the fourth wolf and eleven dogs after him. That was when the boys had to muster all the self control they possessed to choke back the yells, which they knew would frighten the wolves and ruin the chase. One was caught, and the hunters retired to the camp for the night with happy anticipation of the following day's chase. It came and another wolf met his fate.

The early morning was trying on some of the hunters. Long before the sun had shot across the sky his first tiny streaks of gold heralding an approaching dawn, familiar howls of the wolves began to break the stillness of the night, and the preacher could scarcely restrain himself from turning that pack of hounds loose, for he regarded the wolves as extending a dare with insolence too great for toleration. Self mastery was again necessary and daylight was awaited before the dogs were loosed.

It was not long until they had another on the run, and the music of that chase even surpassed that of the evening before. We here quote it as told to us: "They were all twelve in the chase and running close together. After about fifty minutes of as glorious music as a pack ever made, we, who knew their voices, could hear Smoker, one of the year and a half old dogs, which was ahead of the pack, he was running him a tight race, just then they came in full view in a wheat field and our hearts jumped again to our throats, for Smoker and the wolf had a clear view, as well as we, and I knew he was going to catch the wolf in the open, but I was afraid he would hurt Smoker, for he was young, and I knew old Jennie was fast but not much on the fight. But Smoker knabbed him and he showed fight. Smoker circled him a time or two and the pack was on him and the race was over."

Then dinner was announced and it was a fine barbecued dinner which had been prepared by Jesse and Henry Lankford.

Those present from out of town were, G. M. and Jim Eubanks of Lubbock, and G. N. Davis of Roys City.

The pack of hounds in this chase have caught 13 wolves within the last two weeks.

The house of the Texas Legislature has passed a bill prohibiting restaurants, hotels, cafes and public eating places from employing persons who have contagious or infectious diseases and providing that all such persons shall be examined on employment. It also prohibits the use of cracked dishes and provided that all dishes must be sterilized after being used.

A bill was passed in Congress transferring the Panhandle country and Oklahoma from mountain time to central time.

## MARGARET MUSINGS

(By Special Correspondent)

We have a cool wave today which makes us feel more comfortable, for the March weather so far does not fit our winter clothes and it is too soon to lay them off.

Grass, winter and spring oats are flourishing. Corn planting is about to begin and the ungathered cotton is being plowed under for fertilizing purposes.

People are shipping out their wheat preparing for the new crop when their granaries will be needed.

Geo. Munroe is preparing to move away from Margaret. His wife will not come back and he will follow her. We are sorry to lose our good citizens but are sure they will come back.

Mr. Pauley has bought the property now occupied by Mr. Munroe and expects to retire from farm life. His boys will continue to operate his wheat farm and thresher.

We saw Mrs. W. P. McCord on the street yesterday. She makes her home in Oklahoma but has to come back occasionally.

Blake Wales, our grand nephew, visited us last week. He is an electrician at Breckenridge and says that town can't burn up as fast as they build it. So they must build very fast for they had another big fire the day he returned.

Our people are doing some good work in town. The grader is running and building up the streets which gives the town a fine appearance. We have no state appropriations nor county money, but the citizens are doing the work themselves.

## NOTICE

The Vaughn, or blue gin, will run the last three days of next week, March 17, 18 and 19.

The Kimbell, or black gin, will run the last two days of the following week, March 25 and 26.

Always be sure to get genuine Ford parts put in your Ford. —Self Motor Co.

We have some good second-hand Fords for sale worth the money. —Self Motor Co.

Mr. and Mrs. T. L. Hughston were here Sunday from Quanah.

### COTTON GINNED IN COUNTY 14,047 BALES

When the government ginner report comes out about March 15th it will show that up to March 1, there had been ginned in the county 14,047 bales. The following figures show what the various gins in the county have ginned:

Margaret	1396
J. C. Pace Gin, Rayland	2852
Thalia Gin	2700
Vaughn Gin, Crowell	2823
Kimble Gin, Crowell	1923
Crowell Gin, Crowell	2353

Total 14,047

At the beginning of the season Public Weigher Thompson ordered 7,000 tickets. Later he ordered 3,000 more and still later 500 more. Now he wants another 500, which indicates that he expects to weigh around 9,000 bales. He is now within about 500 of that number.

If the price had been good this year Foard County would have gone close to the 20,000 mark. There will be less cotton planted this spring. The reduction of acreage is estimated by those who know conditions over the county to be about 50 per cent.

### COLUMBIAN CLUB

Mrs. S. P. Ferguson was hostess to the Columbian Club members on Wednesday afternoon, March 2, when a very interesting program was carried out. The lesson scheduled for the day was a Mentor sketch, "Old Silver," with Mrs. S. J. Ferguson leader. An informal discussion on "What Shall We Study," was led by Mrs. Kincaid, and brought out many interesting suggestions for the 1921-22 Year Book.

During the business session Mrs. J. R. Beverly and C. R. Ferguson were elected to represent the club at the district meeting to be held in Wichita Falls.

The hostess served a delicious salad luncheon during the social hour.

The club will meet with Mrs. J. R. Beverly on March 16.—Reporter.

### "Texas Independence Tea"

The Young People's Missionary Society observed March the 2nd with a "Texas Independence Tea" at the home of Mrs. A. Y. Beverly.

### JUNIOR LEAGUE PROGRAM (Section A)

Leader—Irene Cock.  
Subject—Life of Moses.  
Tell of Moses' early life. (Ex. 2)—Bevy Jewel Ringgold.

How did the Angel of the Lord appear unto Moses? (Ex. 3:2)—Jewel Brown.

What was God's message to Moses? (Ex. 3:10-22)—Gladys Carter.

What were Moses' excuses? (Ex. 4)—Mildred Cogdell.

How many plagues were sent on the people of Egypt?—Catherine Clark.

Why did God send the plagues on the Egyptians? (Ex. 8:13)—Everel Saunders.

Learn the Ten Commandments.

A few high-bred brown Leghorn roosters for sale.—Collins Wagon Yard. tt

### SENIOR RECEPTION

The Seniors were royally entertained at the home of Prof. and Mrs. D. W. Cock on Tuesday evening, Feb. 22nd. The house was beautifully decorated with flags celebrating Washington's birthday. Progressive "Bunko" was played for an hour. Miss Claudia Carter won the prize for the most games, which was the poetical works of Mrs. Browning. Ed. Manard received a hatchet for winning the least number of games.

A program was rendered by all present and Miss Raser's violin solo was extremely good. The selection being "When You and I were Young, Maggie."

Other games were played after which dainty refreshments were served. At a late hour the guests returned home having spent a most delightful evening.—Contributed.

### W. M. S.

The Woman's Missionary Society met March 7th at the M. E. church promptly at 3 o'clock. President opened meeting with devotional services; hymn "Help Somebody Today" was sung; Scripture lesson was found in Amos and Isaiah, read and commented on, after which a prayer was led by Mrs. Allee.

Reports from different officers were given. We had 17 present and all seemed enthusiastic concerning work for the promotion of tasks and obligations we were under. Mrs. Ballou came to us as an associate member, and a very helpful one.

Motion was made and carried that we have bonnet sale on Saturday, March 19 in connection with bakery sale. Meeting closed with Lord's prayer in concert.

Mrs. Thompson insisted on members of Mission Study class being present on Tuesday evening at the church, it being the last lesson in our present study.—Supt. Publicity.

For Sale—White Leghorn hatching eggs \$1.50 per 15, \$7.50 per hundred, baby chicks \$20.00 per hundred, certified standard bred by A. & M. College.—Mrs. R. E. Sparks, Foard City, Tex.

You will want a Florence oil cook stove when you see it.—M. S. Henry & Co.

**THE STATE OF TEXAS**

To the Sheriff or any Constable of Foard County—Greeting:

You Are Hereby commanded to summon Emma Nailon by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 46th Judicial District; to appear at the next regular term of the District Court of Foard County, Texas, to be held at the Court House thereof, in Crowell, Texas, on the 8th Monday after the first Monday in February, A. D. 1921, the same being the 4th day of April, A. D. 1921, then and there to answer a petition filed in said Court on the 23rd day of November, A. D. 1920, in a suit numbered on the docket of said Court, No. 1105, wherein C. A. Nailon is plaintiff and Emma Nailon is defendant, and the cause of action being alleged as follows: That plaintiff and defendant were married in Foard County, Texas, in July, A. D. 1920, and continued to live together as husband and wife until about the 16th day of October, A. D. 1920, when the plaintiff learned that the defendant was receiving attentions from men in his absence and particularly one Glen Martin who visited the said defendant frequently and was guilty of adultery with her. That the said defendant also ran him into all kinds of debts and broke him up and created disturbances with their neighbors and was guilty of so many outrages and immorities and rendered the life of the two no longer together as endurable or desirable. That about said date the plaintiff and defendant separated and the defendant released all claims she had, if any, to any property of this plaintiff, for a valuable consideration paid her at the time. That there are no children between them.

Whereof plaintiff prays that said defendant be cited to answer this suit and that on trial that he have judgment dissolved and holding for naught the said marriage between them and for confirmation of the division of property as then made and for all legal and equitable relief.

Herein Fail Not, but have you before said Court, on said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Crowell, Texas, this 28th day of February, A. D. 1921.  
MARIE HARRIS-BURRESS,  
Clerk District Court, Foard Co., Tex.

**CARD OF THANKS**

There are times in the lives of many when every impulse of the heart is buried under the weight of sorrow; when every star of hope seems to have faded away. We stand there today. Yet we would fain give expression to the gratitude that well up from the depths of our hearts as we remember the kindness of our friends and neighbors who have done so much to brighten for us a starless sky. We extend to you all our sincere thanks.—Mrs. Fred D. Byrd, Edwin and Fred Byrd, Jr.

A. B. and D. M. Wisdom were here Monday from Thalia. D. M. came in to renew his paper. A. B. says he and his brother have over 200 acres of as fine wheat as one would care to see. He has 40 head of stock on the wheat and they can not make a showing in it. The uncertainty of the price is the only thing that prevents the broadest smile, says Mr. Wisdom, but he expects labor to be much more plentiful and lower than last year, and as it is things look mighty good.

**NOTICE**

This is to announce to the trade and our customers that J. H. Lanier has purchased the interest of J. W. Ellis and the Crowell Gro. Co., and we respectfully ask all of our customers who are due this firm in any way, on account or note, to come in now and pay up or arrange to have same carried.—Crowell Grocery Co.

Ed Adams had the misfortune of losing his milch cow last week. The cow while going to water on Ragedy Creek hung her foot between two rocks, breaking her leg, when she fell into the water and drowned.

Our friend Dave Sollis, public auctioneer, reports first Monday sales a little more brisk than usual. A good crowd was here Monday and quite a lot of stock was on the ground. It is good to see first Monday coming back. It's a fine thing for the farmers and the business interests.

If you want your house guttered or tank made see T. L. Hayes. 39
