\$2.00 A YEAR

SEES FUTURE FOR POTATO INDUSTRY

Foard County Farmer Points Out Important Matters Connected with Industry

The sandy portion of Foard County has grown a fine crop of sweet potatoes the past year, thereby demonstrating the fact that the potato industry can be made one of the most valuable in this portion of the country, if intelligently handled, and to intelligently handle a crop means a great deal.

The essential thing is to procure clean seed. Another important thing is to properly handle the crop until it is put on the market and carried to the consumer.

Seed must be selected with the view of preventing diseases, such as black rot and stem rot, and also to keep out weevils. Potatoes effected with black rot will grow all right but they will not keep. The black rot is a germ disease and when land becomes inoculated with this germ it is there to stay. We are told that there is no known means of destroying it. Stem effects potatoes somewhat like black rot, only that you can continue to grow potatoes on land inoculated with black rot, while you can not grow them on land inoculated with stem rot. The weevil is an insect that eats into the potato as do corn weevils eat into corn, and since this is a new industry in Foard County, caution should be exercised in the selection of seed. If the sandy lands of the county are to become important potato growing sections, as some think and as seems highly probable, caution along this line can not be overestimated.

The 125 acres planted on the Walker farm last season produced above 6,000 bushels, and that, too, under unfavorable circumstances, as the farmers got their seed late. J. C. Davis sold about \$2,000 worth of 10 acres. But they are getting ready to do business. The initial cost of getting in position to make the business a success has been pretty heavy, but these represent permanent improvements, the expense of which will not have to be borne every year. The erection of the curing plant cost \$4,000, and the crates bought the first season cost a little more than \$2,000. The house has six stoves with large jackets, two stoves to each section, with thermometers and hygrometers in rooms to register heat and dampness.

Perhaps those who have been eating potatoes cured in this plant would like to know how they are handled. When they are matured they are plowed up in lands with a turning plow. Men follow, pick up and put into piles, laying the potatoes carefully and never throwing them. Others follow with crates and pick up the No. 1 potatoes, and others still come along and get the seed, all handling the tubers as carefully as if they were eggs to avoid bruising them. They are then hauled to house and built in tiers or rows, leaving space around wall and two long aisles through the center. The stoves are fired and vents opened as needed until the potatoes are cured. Then, before they are put on the market each crate is emptied and sorted or graded. The seed that were overlooked in filling the crates are put into one crate and those not perfectly sound into others, and one crate is set on the scales and into this one is placed the No. 1, or eating potatoes. They are weighed and graded according to instructions of Mr. Miller, sweet potato specialist of Texas. The large ones are classed as jumbos, the medium ones as No. 1, and the smaller ones as seed. If there is a potato in a crate that is not fit to eat, it has been overlooked in the grading. Signs are nailed on the door forbidding smoking. Others are placed here and there reading, "Positively No Spitting on the Floor of House." Which fact speaks for the sanitary conditions in which things are kept about the plant.

Mr. Davis informs us that the local merchants handled their potatoes almost exclusively last season and charged only about 25 cents profit on the crate. He and the other men venturing into this new industry feel very grateful to the merchants and the people for their patronage. Not only has a new and infant industry been helped to get on its feet, which would mean thousands of dollars to the farmers in the future, but it has meant a big saving to the consumer, as these people say they have sold

SCHOOL FUNDS SEEM TO BE SUFFICIENT

The News has not in its possession yet the figures that will justify positive statements as to the sufficiency of the Crowell school fund for this term, but it can make an approximation.

According to the tax collector's books there has been collected approximately \$13,000 for the Crowell Independent District. This sum supplemented by that of the State, which will be \$6,750, will give us more than \$19,000, nearer \$20,000. To this sum will be added about \$1,500.

Besides the running expenses of the school there are a number of obligations the board must meet, all of which can not be enumerated in small space, and which could not be called to mind just here. These are, some of them, heavy and when the aggregate is obtained they may amount to a surprising figure. But the situation viewed from the present time indicates that we shall have sufficient funds with which to conduct the school for the full nine months, with possibly a very small margin. However, unforeseen expenses could disappoint us. It is certain that if there is any margin at all it will not be large.

NEW ROAD STARTED WEST FROM MARGARET

Work is going well on the highway north to Pease River, and the right-of-way has been secured for the building of a lateral highway west from Margaret to this road to the river, thus giving the people of Margaret and community a direct outlet without having to go in a roundabout way to get on the Quannah road. This is also to be extended west to the Black community and will serve a large community of people in that portion of the county. When the Black community is connected up with the F. F. F. Highway on the south it will be well served with a fine system of roads, connecting it up on the south and east.

It is understood that the Margaret road is to be extended east also, connecting those people up with the Vernon highway. There is no doubt but that when Margaret is thus connected the road to Vernon by way of Margaret will be one of the most traveled roads in the county because it will be the most direct route between Crowell and Vernon.

Our system of roads and highways when completed will cover the county very thoroughly. The work as outlined and commenced is provoking very favorable comment among traveling men who have occasion to visit our county. They say we are leading the counties of West Texas in this particular.

Orr's Sale Saturday

Our readers are reminded that Saturday, tomorrow, is the day for J. L. Orr's big Poland China hog sale. We have heard of a number who are intending to be at the sale, but it's possible that somebody might forget it. It will worth the time of any one in the county to go over there. Besides it will encourage Mr. Orr.

We hope that the day will be so that a large crowd can attend this sale. Of course, many will not let the weather interfere. It has been pretty generally advertised over this part of the country and in neighboring counties, and many will be there, but Mr. Orr, it is understood, is making arrangements to take care of all who go.

Chas. W. Thompson Announces

Chas. W. Thompson authorizes the News to make his announcement in this issue for re-election to the office of public weigher. Everybody knows Charley and it would be useless to say that he has served the public faithfully as public weigher. His popularity with all the farmers of the county is sufficient proof of that. And he has performed his duty when the remuneration for his services have been little just the same as when they have been larger, and if elected he will continue to do so.

below the market all the time. They were satisfied, because they got possibly as much as they would have gotten had they sold to the wholesale houses, and the consumer got the benefit of the middle man's profit. This has brought the producer and the consumer about as closely together as is possible.

PANHANDLE WHEAT PROSPECTS POOR

Recent Rains Cause Slight Improvement But Chances Are Against the Crop

The following will be the government report of the small grain crop of this section of the state since the date of the last report December 1, 1921.

Knox County reports a decline of 20 per cent in conditions of wheat crop, with acreage the least since wheat was planted in that county.

Wheeler County reports a decline in condition, seed germinated and died, with present prospects only about 10 per cent of the usual acreage has a chance to mature. Large acreage prepared but little sown.

Jones County reports little wheat coming up and prospects for a crop very poor.

Archer County reports poor germination of seed and no more than half a crop could be expected with plenty of rain from now on.

Childress County shows a decline of 25 per cent, no planting made after Jan. 1. Light showers have helped the crop but much of it not yet up. 50 per cent germination but most of that which was up died. No rain until January and prospects indicate almost a failure.

Some sections of Cottle County show no decline since December, others a sharp decline. Early sowings have prospects of making something, while the late sowings are a total failure.

In Deaf Smith County reports show no germination and crop will be total failure without rain soon.

Floyd County reports a 25 per cent advance in condition due to some rain and damp and foggy conditions prevailing recently. Indications point to a 50 per cent crop from early and intermediate sowings. With moisture within the next 30 days and with favorable spring conditions Floyd County has prospects of a 75 per cent crop.

Conditions in the Foard City and Crowell communities show an advance of 10 per cent due to the moisture received Jan. 10, which prevented further drying of early wheat and provided moisture for germination of late plantings. Plant has made little growth.

Pampa section in Gray County shows little change since December report. Rains Jan. 9, would have been beneficial but were offset by cold weather. With warm weather in future crop has chance of growing off and making good crop, otherwise has poor chance.

Hale County reports only .73 inch of rain since October, and wheat has germinated only on irrigated or summer fallow lands, representing 25 per cent of acreage, balance not sprouted. With rains followed by warm weather prospects are good.

Haskell County reports no rain since July and prospects for wheat are gone.

Hardeman County conditions are poor, 75 per cent of plantings were early, with 25 per cent germination and 10 per cent surviving the dry weather. Only local showers since June. Light rain two weeks ago helped growing wheat, probably damaged seed. Prospects problematical, depending on moisture now and in spring.

Potter County show no material change, though possibly a slight decline. 50 per cent intermediate and 50 per cent late planting, and 10 per cent of crop up. The most favorable conditions from now on could not promise more than half a crop.

Scurry County shows decline with practically all wheat dead from drought and cold weather. Prospects practically all gone.

In all of North Texas reports indicate that within the last few weeks there has been an advance in the condition of wheat of from 10 to 25 per cent over the December report. As a rule, however, the small grain crop in that section is far from good.

Somebody Lost a Coyote

A coyote was caught in a trap on Wishon's ranch last week which no doubt at some time had been somebody's pet. It was wearing a leather collar bearing the letter M or W.

According to the Vernon Record, 90 per cent of the county and city taxes of Wilbarger and Vernon were paid before the first day of February. The county polls are around 4,000, while those for the city are about 900.

CITY GETS MORE GOOD WATER

A Shaft Which Has Been Put Down Further West Affords More Water Than Any Well

The idea of doing the work right while it is being done is responsible for the sinking of another shaft 70 feet west from the end of the west tunnel at the city well. This is 140 feet west of the shaft put down in the draw from which a tunnel was extended west 70 feet cutting the rock strata and turning the water into the race that leads into the reservoir. This will be extended to the new shaft which will add another strong flow to the already abundant supply. When this tunnel is completed, the full length of the water bearing rock strata cut and from which the water will be directed into the big reservoir, will be 390 feet in length. That means simply that the water of a well 390 feet in diameter is controlled and will be placed at the command of the city.

All this work is nearing completion. It is now a matter of only a few weeks until the work will be completed and we shall be ready for the pipe laying to start and for the standpipe to be erected.

In the meantime the finishing touches are being put on the dams so that when the rains come they will be ready to take care of the 20,000,000 gallons of flood water they will be capacitated to store. Every day brings us nearer the time when we shall see both the big dams full and running over.

INTEREST IN DRILLING FOR OIL INCREASES

A deal has been closed whereby Johnson & Farrar of Detroit, will complete the Frizzell well, which is drilling 22 miles northwest of Quannah on the Winbury place.

That Johnson & Farrar have great confidence that oil will be found in Hardeman county is shown by the fact that they will drill a well on the A. J. Norton ranch 17 miles northwest of Quannah. The drilling contract is for a depth of 3,000 feet unless oil or gas is found in paying quantities at a lesser depth. Drilling will commence before June 1.

With the coming of spring renewed activity is expected to be seen in drilling for oil in the county. It is possible that a well may be brought in before that time.—Quannah Observer.

Candidate for County Judge

After careful consideration of solicitation from a goodly number of prominent citizens of various precincts in the county; I hereby declare myself a candidate for the office of County Judge of Foard County, subject to the action of the Democratic primary. I realize that I am asking the people to put me in a position of great responsibility, and due to the fact that I am at the proper age to begin a career of usefulness to my country, and with the experience I have had as a teacher in the public schools I believe that I am duly and truly prepared to assume the responsibilities and perform the duties of the office.

I am not a politician therefore my campaign will be conducted on the basis that I will render the most efficient service within my ability. I hope to meet each individual personally and openly discuss my views. I will appreciate a careful consideration of all and if elected my watchword shall be "economy."

JESSE OWENS,

(Principal Thalia School.)

House and Feed Burn

On last Friday night a 3-room house located on the south part of P. E. Todd's farm on land belonging to Mr. Todd's son, D. E. Todd of Thrall, Texas, was burned. The house contained 300 bushels of corn which belonged to P. E. and son, Roy.

Bob Abston, Sylvan Haney and Jimmie Cotten left Monday for Ralls. Jimmie will go from Ralls to Plainview to visit friends for a few days. The other boys expect to remain in Ralls.

Mr. and Mrs. C. R. Ferguson returned Saturday from a visit with relatives in Nashville and other points in Tennessee. They report a fine trip. Mr. Ferguson said the country from Dallas on had been getting plenty of rain.

OPENS UP NEW CAFE ON WEST SIDE OF SQUARE

Que Miller has opened up a new cafe on the west side of the square in the rear of the building occupied by Gabe Sanders confectionary.

While this place is not so large as the one Mr. Miller occupied on the north side and which was burned before Christmas, yet it is a very desirable location, and he has tables and chairs which enables him to feed from 25 to possibly 40 at one time.

The walls of the room have been repainted, new floor coverings laid and the place is neat and attractive. This will supply a need very much felt in providing quick meals at any time in the day for the busy man or the traveling man who can not always take his meals at the regular hours at a hotel.

Federal Property

It has been called to my attention that property belonging to the National Guard companies is in the hands of unauthorized persons, and before any action is taken to get this property back in the armories, I take this method of telling the people who have same in their possession, the law in regard to Federal property.

It is a violation to have any part of a soldier's uniform or equipment in your possession, or an imitation, one that would likely be mistaken for the government uniform or equipment, even though not government property. Now in order to avoid any trouble with the citizens who have come by this property honestly, that is by purchase or gift, it is necessary that it be turned into either Captain Miller or Lieut. Magee, the responsible officers at this station, at once. Otherwise, I will be compelled to have Rangers visit Crowell and take up every unauthorized piece of property in Foard County. You who have the property in your possession are just as liable as the man who sold you the property, and when the Ranger comes he will have no regard for your feelings in the matter and simply takes the property wherever he finds it. Capt. Miller and Lieut. Magee are both under bond for this property and anything short at Federal inspection is simply paid for by these two officers. The people who have this property in their possession have not had the use of Government property, but that of Capt. Miller and Lieut. Magee. We have Federal inspection about March 1st, and if all this property is not in before the 20th day of February, I will immediately have rangers come and get it in for these officers.

CLAUDE A. ADAMS,

Major Infantry, T. N. G., Inspector.

All Over the State

Scurry County has 2,340 polls and 34 exemptions. Of the polls paid 550 were by the women.

Active work is reported to have been started in the construction of a new \$40,000 Baptist church at Snyder, Texas.

Corn has been coming in carload lots from Kansas City to Freestone County, Texas, to be used in the manufacture of bootleg liquor.

Two offsets to Sigler Well No. 1, south of Vernon, it is reported, are to be put down in the near future to a depth of 3,000 feet if necessary to find pay sand.

Officers made a raid in Fort Worth Saturday night and found two stills in one residence on South Main Street, the capacity of which was 50 gallons each.

Snyder expects to begin the erection of a new \$75,000 school building within a short time. The school board wants to have the new building completed by the time the fall term opens.

Otto Nami of Cuero, a student of the State University, was arrested in connection with the shooting of J. K. Ross, owner of the house where Nami boards. Ross is still alive but his recovery is questionable.

The Government statistics of National tuberculosis fatalities for 1920 show 114 out of every 100,000 of population. This rate applied to Texas would mean that we had 5,000 deaths from the white plague in 1920.

Mrs. Leo Spencer and small daughter, Marjorie, returned last week from Austin, where they had been visiting Markham. They left Markham getting along alright.

"BAD" MAN TAKEN IN BY THE SHERIFF

Too Much Hair Tonic on Inside of Head Has Evil Effect

A little booze is said to be effective sometimes in creating in the minds of those who tamper with it the impression that they are dangerous and that people had better stay out of their way. One of these, accompanied by another one with a little less exalted opinion of himself, came over from Paducah Tuesday and started to pull some stunts when the sheriff was notified of the matter and asked the privilege of an introduction to them. The two men referred to are C. A. Cratty and W. B. Ward. Ward was the "bad" man. When they drove into the Self Garage and began to stagger and cuss they were told that we have officers who see that decency and order are maintained in this town, Ward replied that he was a bad man from up the creek and that he had 30 gallons of booze in the car and he would be glad if the sheriff could be notified of his presence in the city. It was only a few minutes after Sheriff Campbell was phoned about the fellows being here that he appeared while they were smearing around at a restaurant. They were not so bad then as they said they were and went along with the sheriff to a place where they were protected from harm from any one.

The 30 gallons of booze amounted to only one or two bottles of hair tonic, it was learned, and the sheriff has one of these in his office now. It has the color, the smell and we presume the kick.

One of the men paid his fine and the other one gave bond.

Childress Bank First to Loan Money on Poultry

Childress, Texas, Feb. 6.—The City Guaranty State Bank of Childress is the first bank in West Texas to advertise money to loan without interest for the purpose of buying standard-bred poultry.

The following advertisement is appearing in the local papers: "Realizing the benefits to be derived from the raising of more poultry in Childress County, knowing the superior results to be obtained by the use of pure-bred fowls, and acting on our permanent policy of trying at all times to be of practical assistance in making our section more prosperous, the City Guaranty State Bank offers to furnish parties to start a purebred flock (any standard breed) with \$10 for the purchase of baby chicks or \$5 for the purchase of setting eggs, notes payable next fall without interest."

QUANAH OBSERVER CHANGES HANDS

Messrs. Stamper & Stott of Boise, Idaho, arrived here Thursday morning from Dallas, and promptly bought out the Quanah Observer after their arrival. Mr. Stamper is an old oil man who has secured considerable acreage in this county, the sale of which he is going to push, while Mr. Stott will be editor being a practical newspaper man. O. T. Vinson is to be with them for a short time to help them get started. Jimmie Allen is to remain as advertising manager, while H. A. Tucker will become reporter. The proprietors seem to be good business men, and we may expect to see the Observer become a paper that the town will feel proud of.—Quanah Tribune-Chief.

Mr. and Mrs. T. L. Huihston and son, Thomas, arrived Monday from Quannah. The remainder of their household goods were brought over Monday, two truck loads having been brought Saturday.

County Engineer Noland informed a News representative yesterday that the claying of the 4 1/2 miles of sand on the Vernon highway was completed yesterday. There is still 600 or 800 feet of road in the town of Rayland yet to be put up.

The News made an error last week when it said that the Shrine Club met on Monday night after the Blue Lodge meets on Monday. We should have said that it meets on Monday night before the Blue Lodge meets on Monday night.

1/4 Off on All Wool Shirts and Sweaters

All other shirts have been reduced 50 per cent since January 1st, and we have the largest stock of shirts in Crowell.

Our new Spring and Summer tailoring lines are here. Order that new suit today and get a full season's wear.

Eric Wheeler has been confined to his bed on account of an attack of acute indigestion.

Wallace Scales and Grandpa Lawhorn motored to Vernon Saturday to meet L. P. Davidson.

Mr. Bounds who has been living on Bob Adkins' place moved his family to Crowell last Friday.

Mrs. Wayland and family left Sunday for Vernon where they will make their future home.

Wallace Scales and family spent Sunday at Crowell visiting his brother, Sam, and family.

Mrs. Wheeler and son of Vernon spent the latter part of last with her son, Eric, and family.

Dr. Maine was called to Frank Ward's Monday on account of the illness of their little son.

Miss Blanche Parker returned home Saturday after an extended visit with her sister in Denton.

Frank Matthews and family visited John Davis and family in the Ayers-

ville community Sunday.

Frank Lambert and wife are entertaining a new boy at their home. Mother and babe doing fine.

L. P. Davidson of Marysville, Texas, came in Saturday to be at the bedside of his little granddaughter, Clara Belle Davidson.

LYNCHER SENTENCED

Oklahoma City, Okla., Jan. 30.—Robert McAlister, the seventh man to receive a life term in the penitentiary for complicity in the lynching here the night of Jan. 14, of a non-union negro packing house worker, was sentenced today when he entered a plea of guilty to a charge of murder before District Judge James L. Phelps and told of his participation in

the hanging in open court.

John V. Harris, the eighth man held in the case, pleaded not guilty to a charge of murder before an examining magistrate and was ordered held without bail pending his preliminary trial, which was set for Wednesday.

McAlister is an uncle of Elmer Yearta, one of the men already sentenced in the case, and John Yearta has been implicated in the lynching by confessions of the men arrested but has evaded arrest.

The five other men who pleaded guilty and were sentenced to the penitentiary for life are:

Charles Polk, Lee Whitley, Oscar Smith and Natham Butler and Robert Allen, negroes. All except Polk are strikers, officials said.

Arguments on the motion of Polk

that his sentence be set aside and that he be allowed to substitute a plea of not guilty, probably will be heard tomorrow in district court, it was indicated.

Registered bull yearlings and calves for sale.—J. E. Bell. 11

This is a chain drive lister that has been on the market for years and it has given universal satisfaction.

The cotton feed is the well known P. & O. reverse feed type.

The AGITATOR works in a direction opposite that of the feed wheel, which prevents bunching and INSURES uniform distribution.

We can furnish you either with the old or new type, the one that suits you best.

Come in and look this lister over.

J. H. Self & Sons

erated on at the sanitarium last Thursday.

Arthur Bell and Olin Marlow were here from Electra Saturday and Sunday. They report that the work in the oil fields is picking up now.

J. D. Mahoney and family of Quanah were visiting relatives in Margaret Sunday. Mrs. Mahoney is spending the week with her sister, Mrs. G. C. Wesley.

Clarence and Raymond Ross have moved back from Matador where they have been farming the past two years. They have bought the Ross estate farm, but will rent from John Ray this year.

John L. Hunter Jr. and Miss Florrie Mae Owens surprised their friends by going over to Vernon last Saturday and quietly getting married. They are a splendid young couple and well known in this vicinity. Every one wishes for them a happy and prosperous future.

WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. "I saw after taking some Cardui . . . that I was improving. The result was surprising. I felt like a different person."

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me . . . My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere. E. 33

CALOMEL SALIVATES EVEN WHEN CAREFUL

Treacherous Drug Can Not Be Trusted and Next Dose May Start Trouble

Calomel is dangerous. It may sallyate you and make you suffer fearfully from soreness of gums, tenderness of jaws and teeth, swollen tongue, and excessive saliva dribbling from the mouth. Don't trust calomel. It is mercury; quicksilver.

If you feel bilious, headachy, constipated and all knocked out, just go to the druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and with-

out making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may sallyate you, while if you take Dodson's Liver Tone you will wake up feeling great. No salts necessary. Give it to the children because it is perfectly harmless and can not sallyate. 68

BRUCE & WALLACE, Proprs.

THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, February 19, 1922

The danger of an epidemic from flu is remote, says Surgeon General Cummings of Washington, and there is no good reason to expect a recurrence of the disease now. He says, "It must be borne in mind that influenza has in all past instances shown a rise to a peak in successive years and an equally marked decline." In other words, the disease does not break out but rises and declines. The peak was reached in 1918, after several years increase, but no alarm was caused until the presence of the disease was generally recognized.

As a demonstration of the general interest in poultry in Stonewall County, the county court room was filled Tuesday at Aspermont when F. W. Karmeyer and Miss Myrtle Murray of the extension service of the A. & M. lectured at that place on subjects dealing with the leading phases of the poultry business. Stonewall is reported to have shipped last year \$100,000 worth of poultry products, and the prediction is that that amount will be doubled this year.

One thing which Texas great size helps her to maintain is the highest rank among all the states in the value of all farm crops. To be sure it is not all due to the size, but that helps, at least it goes far to offset the very thoroughly developed condition of many of the older states. Within a few more years the Panhandle can almost take care of Texas reputation as an agricultural state.

F. W. Karmeyer, the poultry specialist of Texas, the man who knows more about chickens than any man in Texas, said the other day at Abson that West Texas is destined to become

the leading poultry section of the world, simply because of the fact that no place is so abundantly favored from almost every standpoint. Poultry, he said, will one day make this country "dough proof."

Although Swisher County was omitted from the group of counties named in the 20th representative district, the one to which it should belong, and is therefore by mistake without representation, we can't tell but what Swisher is getting along about as well as the rest of the counties.

At the Poultry School at Seymour last week the fact was brought out that last year Baylor County Egg Clubs were the most profitable of any county in the state, the record being 9,000 dozen with receipts amounting to \$3,200. Seymour had sales in the poultry line of more than \$50,000.

Services at Christian Church
Next Sunday, February 12th

Bible School 10 a. m., A. T. Schooley, Supt.

Communion and sermon, 11 a. m. Sermon subject, "Living Epistles, Known and Read of All Men."

Evening service, 7:15 p. m. Sermon subject, "Repentance, Reformation and Restoration."

We hope to make our sermons next Lord's Day intensely practical. Come and let us study together things that count for Christ and His church and humanity. Let everybody boost for the Sunday School and church services. All are welcome.

J. FRANK MONTGOMERY,
Minister.

At the Baptist Church Sunday and the Week Following

Sunday School at 10:00—A class for you. At this hour we will reorganize our Bureau and Fidelis classes. All young men and women from the age of 13 to marriage who have been attending these classes, or those who have not been in Sunday School heretofore, be on hand.

At 11:00 sermon subject, "The Secret of the Christian Life," Gal 2:20. Sunbeams meet at 7:15. A fine class doing good work.

ANNOUNCEMENTS

For District Judge:
M. M. HANKINS,
ROBERT COLE

For County Judge:
J. G. WITHERSPOON,
G. L. BURK,
JESSE OWENS.

For County and District Clerk:
S. E. SCALES,
MRS. PEARL CARTER,
MISS OORA CARTER,
MRS. GRACE NORRIS.

For Sheriff and Tax Collector:
L. D. CAMPBELL,
M. F. CROWELL.

For Tax Assessor:
G. A. MITCHELL,
S. B. MIDDLEBROOK,
W. L. AWBREY,
D. W. PYLE.

For County Treasurer:
EMILY PURCELL.

For District Attorney:
ARTHUR C. NICHOLSON.

For Public Weigher:
C. W. THOMPSON.

At 8:15 the B. Y. P. U. will meet. We certainly had a fine start last Sunday. Some 25 or 30 came in. All men and women under 35 come and let's train for service.

Evening subject, "The Unchangeable Christ," Heb. 13:8, preceded by a praise service beginning at 7:15.

Ladies Auxiliary meets each Monday at 3:00 and it is doing the best work in its history. An average of 30 for the month is not bad for attendance. Are you attending? If not, why not? Praying meeting Wednesday evening at 7:15. Good interest and good attendance.

A welcome for all at all our services.—Pastor.

Methodist Church Notice

Sunday School promptly at 10 o'clock. M. S. Henry, Supt.

We just about reached our goal last Sunday—247 present. Well, suppose we try it again next Sunday. Our normal attendance should not be less than 250, it might run up to 300 in the next sixty days—you can't tell. Watch that young peoples' class. Come on and help. We will find a place for you.

Preaching at 11 a. m. and 7 p. m. Song service at the evening hour.

Come to church.

W. M. MURRELL, Pastor.

This is the Stove Polish YOU Should Use

It's different from others because more care is taken in the making and the materials used are of higher grade.

Black Silk Stove Polish

Makes a brilliant, silver polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on sample stoves and sold by hardware and grocery dealers.

All we ask is a trial. Use it on your cook stove, your parlor stove or your gas range. If you don't find it the best stove polish you ever used, your dealer is authorized to return your money. Based on Black Silk Stove Polish. Made in liquid or paste—one quality.

Black Silk Stove Polish Works Sterling, Illinois

The Black Silk Stove Polish is made of pure, superior, non-toxic materials. The Black Silk Stove Polish for silver, brass or brass. It has the most far-reaching reputation.

Abraham Lincoln once said: "Intelligence, Patriotism, Christianity, and a firm reliance on Him, who has never yet forsaken this favored land, are still competent to adjust, in the best way, all our present difficulties."

Nowhere today can we turn more profitably for guidance than to the immortal Lincoln—son of pioneers, self-made student, friend of mankind—whose courageous faith in his native land, and unselfish service to humanity, offer inspiration to overcome the present problems confronting this nation.

In honor of Lincoln's Birthday.—February 12th.

THE FIRST STATE BANK OF CROWELL
M. L. HUGHSTON, Vice President SAM CREWS, Cash.

FREE

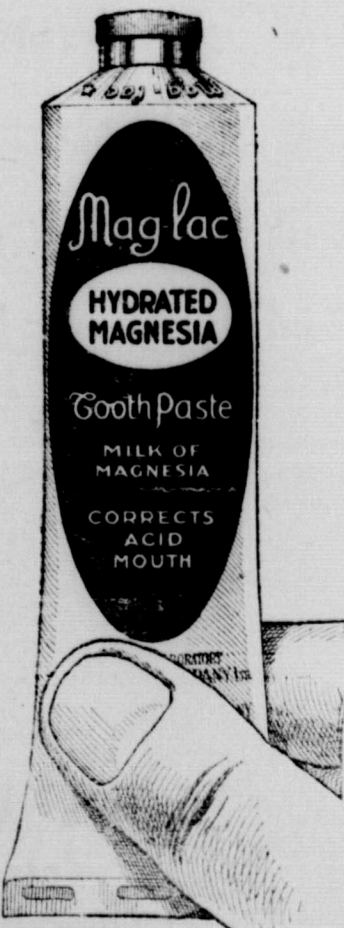

144 50c TUBES OF MAG-LAC TOOTH PASTE

As a special feature we will present absolutely free, one tube of Mag-Lac tooth paste, 50 cent size to each of the first 144 adult persons entering this store after 1 o'clock on Feb. 16.

We have selected Mag-Lac for this feature because it is a very high class toilet necessity. It contains milk of magnesia which, every dentist knows, is the best corrective of acid mouth, the principal cause of tooth decay.

Mag-Lac tooth paste corrects acid mouth and thus prolongs the life and beauty of your teeth. It also cleans and polishes, besides having a most pleasant taste. We know that once you use it, it will always be your choice.

Come and get yours. You are not asked to buy anything. Just be early enough to be one of the first 144. There is no obligation—we want you to have it.

THALIA ITEMS

(By Special Correspondent)

Mrs. Joe French has been quite sick the past week.

G. A. Neill hauled his cotton to Vernon last week.

A. C. Phillips spent the greater part of last week at his garage at Rayland.

Dee Roberts of Crowell has been a business visitor here during the past week.

Pete Gamble has been around quite a good deal the past week buying up yearlings.

Clyde McKown of Crowell was in our town Tuesday in the interest of selling pianos.

Miss Grace Self spent Saturday night with her sister, Mrs. Harley Capps, at Crowell.

Elmer Phillips has returned home from Fort Worth where he went for medical treatment.

Miss Ima Moore entertained the Juniors with a party Friday night. All report a good time.

Uncle Jake Middlebrook and Mr. Owens of Margaret were buying chickens in Thalia Friday.

Bro. McNair filled his regular appointment here at the Baptist church Sunday and Sunday night.

Mr. and Mrs. Ruckman and children of the Plainview community were shopping here Wednesday.

Jack Wood has been here from the Plains several days visiting his parents, Mr. and Mrs. T. J. Wood.

Grandpa Thorn has rented some land on Mrs. Mary Grey's farm and plans to farm again this year.

Alfred Byres who once resided here has been visiting old friends for several days. His home is on the Plains.

Elder J. T. Cabe will be here from Electra Saturday and will preach at night, also Sunday and Sunday night.

E. D. Shaw is fencing his entire farm turkey proof and plans to go into the turkey business on a large scale.

Jim and Roy Banister of the Kinchloe community were visiting here a short time Friday while en route to Crowell.

Button Henry and cousin, Miss Annie Wood, spent the week-end with their uncle, Oran McDaniel, near Foard City.

Mr. and Mrs. Rawlins, the teachers

at the Kinchloe school, spent Sunday with Mr. and Mrs. Jesse Owens of this place.

Mrs. N. A. Crowell came out from Crowell Friday and spent the day with her daughter, Mrs. Garland Burns, of this place.

Mr. and Mrs. Luke Johnson attended the ball game Saturday between Truscott and Crowell. Their son, Tom, refereed the games.

Grover Phillips has bought out the barber shop owned by Tom Morgan and will run it in connection with the one he formerly owned.

Allen Shultz and wife spent one day last week visiting their mother, Mrs. D. M. Shultz, in the Ayersville community, who is quite sick.

Mrs. Henry Randolph went to Vernon Wednesday evening where she took the train for Commanche County in response to a message stating her mother was very ill.

Grandpa and Grandma Sims have leased a lot from Early Shaw and moved their house from the Frank Long farm to town last Thursday. We are glad to welcome them to our town.

Howard Williams and his mother moved into their new house that has just been completed on his farm two miles southwest of Thalia. They moved from their farm at Wolfstown last week.

Clarence Haney, wife and baby of Talmage spent Saturday with his parents, Mr. and Mrs. T. M. Haney, here, and Saturday night with her parents, Mr. and Mrs. D. M. Shultz, in the Ayersville community.

Henry Randolph went to Knox City Saturday night in response to a message that his brother was at the point of death. His brother quietly passed to the great beyond Sunday evening. The body was shipped to Jones County for interment. Their friends extend sympathy.

District Attorney Leak Marries

Announcements were received here Tuesday of the marriage of District Attorney James V. Leak and Miss Ora Ball which occurred at the home of the bride's mother, Mrs. A. J. Ball, in Quanah Friday, Feb. 3, 1922. The newly married couple will be at home in Memphis after Feb. 12th.

Exception to the W. C. T. U.'s plagiarizing of the world war service star flag to designate places where liquor is "prohibited" is taken by an American Legion post composed of newspaper writers in San Francisco. The journalists term such usage as "an insult to those for whom the star stood."

Questionnaires sent out by Kansas posts of the American Legion show that but 35 percent of the state's ex-service men would elect the cash payment provision of the five-option adjusted compensation (bonus) bill. More than 43 percent declared for paid up insurance, with farm and home aid a second best bet.

American Legion News

Among the well known men who have signed up with the American Legion in New York for 1922 are Jack London, Andrew Carnegie, Geo. Washington, John Phillip Sousa, A. J. Drexel Biddle, Jr., Frederick Wilhelm, A. Kaiser, Rupert Hughes and King Albert of Belgium.

Five million questionnaires will be used by the American Legion in its service and compensation drive, to be undertaken by states. Each man who served during the world war will be advised of government benefits, urged to carry government insurance, and asked to designate the nature of adjusted compensation he wishes.

On a hill in Eden Park in Cincinnati.

overlooking a bend in the Ohio River, a bronze memorial will be erected to the memory of F. W. Galbraith, late commander of the American Legion, who was killed in an automobile accident last June.

Secretaries, dieticians, and technicians who served with American forces have been declared ineligible to membership in the American Legion by the national organization.

The oldest and the youngest veteran of the World War are members of the same American Legion post in Washington, D. C.—W. N. Williams who saw active duty at 80, and S. F. Tillman who enlisted at 14.

An organization to cooperate closely with the U. S. Veterans Bureau in all parts of the country in obtaining adequate care for disabled ex-soldiers will be formed by the American Legion.

The American Federation of Labor favors the adjusted compensation bill for ex-soldiers, Daniel J. Tobin, treasurer of the Federation, has informed the American Legion. But it does not favor a sales tax as a means of raising the money.

Four hundred business men of South Bend, Ind., voted unanimous support of the adjusted compensation bill, following a speech by Hanford MacNider, commander of the American Legion.

The Canal Zone will take a prominent part in the approaching national carnival of the Republic of Panama. Participation of the Canal Zone was made possible through efforts of American Legion posts there.

The American Legion has set October 16, 17, 18, 19 and 20 as the dates for its fourth national convention to be held in New Orleans. The city will raise \$150,000 for entertainment.

Shipbuilding will be stimulated in an effort to relieve the 200,000 unemployed in New York City. An American Legion census reports that 75,000 of these are ex-soldiers.

The Dominion government will pay half and municipal government half in the relief of unemployed Canadian ex-soldiers, the American Legion has learned.

Contradictory

It was midnight on the ocean,
Not a street car was in sight;
The sun was shining brightly
And it rained all day that night.

'Twas a summer's day in winter,
And the snowflakes fell like glass;
A barefoot boy with shoes on
Stood sitting on the grass.

'Twas evening and the rising sun
Was setting in the west,
And the little fishes in the trees
Were huddling in their nests.

The rain was pouring down
And the moon was shining bright,
And everything that you could see
Was hidden out of sight.

While the organ peeled potatoes,
Lard was rendered by the choir,
As the sexton rang the dish rag
Someone set the church on fire.

"Holy smokes!" the preacher cried.
In the rain he lost his hair;
Now his head resembles heaven,
For there is no parting there.
—W. G. Stevenson.

To the Voters of Foard County

Owing to the fact that my time is fully occupied, it will be impossible for me to make a house to house canvass in my race for County and District Clerk, and should I fail to see you personally, I am taking this method of letting you know that your support and influence will be appreciated and if elected, will give you a clean, business administration.

Respectfully,
S. E. SCALES.

CLIFTON STUDIO

City Meat Market

Carries everything in the line of an up-to-date meat market, together with packing house meats such as Boiled Ham, Mince Ham, etc., except beef. Also carry Pure Hog Lard, the kind your mother used to make during hog-killing time. Come in for a fresh tender steak of beef or pork for dinner, or maybe it's pure hog sausage you want. If so the City Meat Market is the place to get it.

F. J. MEASON, Proprietor

Mrs. J. T. Carter was elected president of the Adelpian Club at its meeting on Jan. 27th when officers for the year were elected. This was overlooked by the one who reported this meeting.

Sheriff's Sale

THE STATE OF TEXAS,
County of Foard.

Notice Is Hereby Given That by virtue of a certain Alias Execution issued out of the Honorable District Court of 89th district, Wichita County, of the 11th day of Jan., 1922, by A. F. Kerr, district clerk of said court, for the sum of five thousand five hundred thirty-nine and 72-100 dollars and costs of suit, under a judgment in favor of City National Bank of Commerce in a certain cause in said court, No. 11623 and styled City National Bank of Commerce vs. M. L. Hooker, placed in my hands for service, I, L. D. Campbell as sheriff of Foard County, Texas, did, on the 27th day of Jan., 1922, levy on certain real estate, situated as follows, to-wit: Situated in Foard County, Texas, and being all of subdivisions, 23, 24, 25, 30, 31, 37, 26, 27, and 32, of the F. D. Hendrix pasture, more fully shown by map or plat thereof, recorded in book 1, page 7, of the map records of Foard County, Texas, and levied on as the property of M. L. Hooker, and that on the first Tuesday in March, 1922, the same being the 7th day of said month, at the court house door of Foard County, in the town of Crowell, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Judgment and Execution, I will sell said above described real estate at public vendue, for cash, to the highest bidder, as the property of said M. L. Hooker.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Foard County News, a newspaper published in Foard County.

Witness my hand, this 2nd day of Feb., 1922.

L. D. CAMPBELL,
Sheriff, Foard County, Texas.

Life, Health and Accident INSURANCE

We write men, women, and children—from the cradle to the grave. Ages 1 to 65 years. A policy for every purpose at a premium for every purpose.

MISSOURI STATE LIFE INS. CO.

T. DeWitt Roberts, Local Agt.
Office up stairs in Bell Building

Baptist Auxiliary Hen Party

January 30th being fifth Monday it was our regular social meeting day, so we hied to the home of Mrs. B. W. Self with a hen under our arms and had a real hen party, thereby adding \$57 to our church fund.

There were thirty-five guests present. As Mrs. T. N. Bell is our social V. P., she conducted a number of laughable contests, after which a delicious plate was passed.

When the enjoyable meeting closed we wished we had more fifth Mondays.

Feb. 6th was our regular business day. There were 26 members present.

Our treasurer reported that we lack less than \$100 having our \$2,000 pledge paid. We hope to finish paying the pledge by giving a bazaar March 11th.—Reporter.

Doctors' Notice

Our collections have not been what they ought to have been compared with other business. We take this method of calling your attention to the fact that we regard our accounts as legitimate and need our money as badly as the bankers and merchants.

We want a settlement on our old accounts and in future want cash for obstetrics and office calls. Our charges are \$1.00 more in town and 50c per mile more in the country for night calls.

If you wish to change doctors you are expected to pay the one you have had first.

Charity patients will be attended as doctors have always done, but those who can pay others are expected to pay us.

For the information of all concerned we append herewith our schedule of fees.

Office consultation.....	\$1.00 to \$10.00
Calls in town—Day.....	\$3.00
Calls in town—Night.....	\$4.00
Calls in country (mileage day)	per mile.....\$1.00
Calls in country (mileage night)	per mile.....\$1.50
Obstetrics, cash in every instance	\$20

Auto Accident at Quannah

Sunday, on the Crowell road, near Israel Jenkins' farm, at about four-thirty in the afternoon a Nash car in which Mrs. Vera Pepple, Jim O'Hair and three little girls were riding, turned turtle and was wrecked.

The car was moving at about thirty miles an hour when the wheels locked and caused steering to become impossible. It ran into a ditch and rolled over, throwing the occupants out. Mrs. Pepple sustained a broken arm and minor injuries, while little Annie May Pepple has two broken ribs and internal injuries. The other three in the group were bruised but hurt in no severe manner.

The top, fenders, running boards, and windshield of the car were torn off and deep dents were made in the body. It was damaged in such way as to make repairing easily possible.—Quannah Tribune-Chief.

"Listen, Pegg—every mudder gives KELLOGG'S to her kiddies because you can eat great big bowls an' they taste good—er an' they're realerisy an' dandy an' never tough like leather!"

You never tasted Corn Flakes so joyously flavored, so crispy-crunchy as Kellogg's

That's why big and little folks who know the difference insist upon KELLOGG'S! The thing to do is to make comparison—Kellogg's against any other kind of corn flakes you ever ate! If it's all-the-time crispness or delicious, appetizing flavor you want—well, just you eat Kellogg's! And, what a delight to know they're never leathery or tough!

You'll get so cheerful about Kellogg's that the day's best hours will be when it's time to sit down with the family in front of generous bowls all filled most to bursting with those big, sunny-brown Corn Flakes! Never was a better time than tomorrow morning to prove that KELLOGG'S Corn Flakes are about the "gladdest of all good things to eat."

Insist upon KELLOGG'S—the kind in the RED and GREEN package—if you want to know how wonderfully good corn flakes can be!

Remember — KELLOGG'S Corn Flakes are made by the folks who gave you the JUNGLELAND Moving Pictures. Coupon inside every package of KELLOGG'S Corn Flakes explains how you can obtain another copy of JUNGLELAND.

Auction Sale

In next week's News issue I will carry an ad announcing auction sale of my place one and a half miles north and half mile west of Crowell together with all stock, household goods, etc. The time will be named and the items enumerated in next week's ad. Watch for it.—G. G. McLarty.

INSURANCE

Fire, Tornado, Hail, Etc.
Mrs. A. E. McLaughlin

I can tell the "Triple-Sized" wallboard by the name "Cornell" on the edge

BECAUSE I've constructed walls, ceilings and partitions with about every brand of wallboard on the market—and checked the results three or four years later—I've now adopted the rule of picking out Cornell Wood Board for every job. I find that Cornell doesn't warp or buckle because it is "Triple-Sized."

Every man and woman I've worked for admires Cornell's handsome "Oatmeal" finish.

My painter friends say that Cornell's "Mill-Primed" surface takes a perfect spread of paint or calcimine without priming. So they always figure to paint a Cornell job for less.

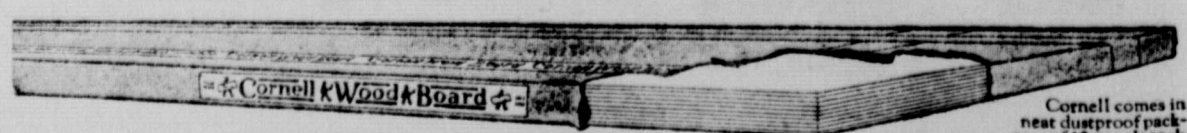

For repairing and remodeling, as well as new construction, Cornell is the ideal board. You can tell the genuine by the name on the edge.

Cornell comes in neat dustproof packages of 10 panels each, carefully protected by strong Cornell-made "Jute"; eight lengths from 6 to 16 feet, two widths, "Cornell 32" for small rooms, "Cornell 48" for large rooms.
