## PRIZES FOR FARM PRODUCTS AT THE COUNTY FAIR

All products must be in booths by 8 a. m. morning of 5th. No entrance fees charged on agricultural products. See party in charge of agricultural products or P. D. Chaney, manager, and bring all of your good products, even if you don't see them. Let's make this the best agricultural display in West Texas and we expect to carry the best to State Fair.

Best community display of agricultural products: 1st prize, \$20.00; 2nd prize, \$10.00; 3rd prize \$5.00.  
Best individual display of farm products: 1st prize, \$7.50; 2nd prize, \$3.00, 3rd prize, ribbon.

Best assorted box of fruit: 1st prize, \$2.00; 2nd \$1.00; 3rd, ribbon.  
Best assorted box of vegetables: 1st prize, \$2.00; 2nd \$1.00, 3rd ribbon.  
Best peck of wheat: 1st prize, \$5.00; 2nd \$3.00, 3rd ribbon.

Best peck of oats: 1st prize, \$3.00; 2nd \$1.00; 3rd ribbon.  
Largest watermelon: 1st prize, \$2.00; 2nd \$1.00, 3rd ribbon.  
Best three cantaloupes: 1st prize, \$2.00; 2nd \$1.00, 3rd ribbon.

Best ten ears of corn: 1st prize, \$3.00; 2nd \$1.00, 3rd ribbon.  
Best ten heads of pop corn: 1st prize, \$2.00; 2nd \$1.00, 3rd ribbon.  
Best ten heads of Milo Maize: 1st prize, \$3.00; 2nd \$1.00, 3rd ribbon.

Best ten heads of Kaffir corn: 1st prize, \$3.00; 2nd \$1.00, 3rd ribbon.  
Best ten heads of Festeria: 1st prize, \$3.00; 2nd \$1.00, 3rd ribbon.  
Best bundle of Sudan grass: 1st prize, \$2.00; 2nd \$1.00, 3rd ribbon.

Best bundle of wheat: 1st prize \$2.00; 2nd \$1.00, 3rd ribbon.  
Best one-half peck Irish potatoes: 1st prize, \$2.00; 2nd \$1.00, 3rd ribbon.  
Best one-half peck of sweet potatoes: 1st prize, \$2.00; 2nd \$1.00, 3rd ribbon.

Best one-half peck of onions: 1st prize, \$2.00; 2nd \$1.00, 3rd ribbon.  
Best one-half peck of peaches: 1st prize, \$2.00; 2nd \$1.00, 3rd ribbon.  
Best one-half gallon of peanuts: 1st prize, \$2.00; 2nd \$1.00, 3rd ribbon.

Best gallon of home-made sorghum: 1st prize, \$2.00; 2nd \$1.00, 3rd ribbon.  
Best stalks of cotton with bolls and pounds of seed cotton: 1st prize \$2.00, 2nd \$1.00, 3rd ribbon.  
Best three bales: 1st prize \$2.00; 2nd \$1.00, 3rd ribbon.

### Drillers Encounter Salt Water at 2,025 Feet

Last week the drillers on the Beverly well struck salt water at a depth of 2,025 feet and they are now working to case the water off so that they can continue drilling. The water comes up in the well within six or eight hundred feet of the top. They think it will take them about a week to get this work done, so that if no further difficulties are encountered drilling ought to be going well again next week. They have been making good progress and within another month a depth ought to be reached that will make the well one of interest generally.

### Miss Lucile Ferguson Weds

Miss Lucile Ferguson and W. H. Hawley were married yesterday by Rev. S. H. Holmes. They will make their home in the Mack community on Beaver Creek, south of Vernon.

The bride is a daughter of J. A. Ferguson on East Pease street. She attended local schools, and for a time was in the employ of Sink's Studio going to Crowell to manage the studio there. Mr. Hawley is a son of A. P. Hawley, who lives on Beaver Creek.—Vernon Record.

The bride is well known in Crowell, having spent several months here in the photographic business, and the news of her marriage will be of interest to her friends here.

### J. W. Klepper Recovers Car Stolen at Mineral Wells

A telegram was received Monday from J. W. Klepper at Mineral Wells stating that his Ford car which was stolen in that city about two weeks ago had been captured in Pine Bluff, Ark., and that he was leaving at once for that place to bring the car back. Later we learned that three men had been caught with the car.

Carl Zeibig brought the News some very fine melons one day this week.

## CROSNOE BROS. BUY FOARD CITY STORE

E. M. and E. H. Crosnoe have bought the Lefevre grocery store at Foard City and same will be operated by and will have the style of Crosnoe Bros. They placed their order Saturday for the printing of some stationary.

Foard City is in the center of one of the leading agricultural sections of the county and these boys are young, progressive business fellows and will make the business go. In connection with the grocery business they will handle gas and oil.

## Light Showers Reported

Sunday and Monday witnessed light showers in different portions of the county, which will be of some benefit to the crops. Unless more follows, however, these can not be of much benefit. Southeast of town in the Cates community and west as far as Ed Rettig's the heaviest showers are reported. East and north of town they also had light showers Sunday night and Monday morning. Some think these are sufficient to bring up the volunteer wheat so that the farmers can disc this and get it out of the way for the fall sowing. Others think the showers are not heavy enough to bring the wheat up.

The farmers would be mighty glad to see a good general rain now so that they can go forward with their work, which has been practically brought to a standstill on account of the hard condition of the ground. Then, too, the roads and highways are getting in very bad condition because of the heavy traffic. Nothing can be done to better their condition until we have some good heavy rains.

## Sends Eagle to Ringgold, Texas, to Be Mounted

While he was up on the Plains a few days ago near Floydada, Garland Burns captured an eagle and brought it back to Crowell with him. George Self prepared the bird Monday for shipment to Ringgold, Texas, where it will be mounted by a taxidermist and sent back to Crowell. Self Motor Company will place the bird in their garage.

There were two eagles together at the time this one was captured and Burns succeeded in getting this one after he had crippled it by shooting it. The other one made its escape. It is a medium sized bird but is full grown.

## Returns from Boulder, Colo.

J. H. Self returned Sunday from Boulder, Colo., where he and Mrs. Self had been for an outing. Mrs. Self stopped over at Amarillo for a few days visit and is expected to arrive at home Saturday.

Mr. Self reports a most pleasant trip to Colorado. Their daughters, Misses Una and Winnie, are attending the State University in Boulder. Miss Una is working on an A. M. degree while Miss Winnie is taking her Junior year in that institution. They will be there this winter.

## Our Women and Theirs

American women are more fortunate than their cousins of Europe—if it can be called good fortune.

In America there are about the same number of men as there are women, and the latter are admired, courted and sought after. They take their choice.

In Europe it is different. The war has worked great havoc with the male population. There are many millions more women than men, and this condition is becoming worse daily through the emigration of vast numbers of the men to other parts of the world.

The surplus women of Europe are facing a dismal and hopeless future. Marriage is their natural state, but only the enactment of laws authorizing polygamy will prevent their dying as sinners.

The next time you feel dissatisfied with conditions, sister, just contrast your present state with that of the women abroad.

It is a rich field for deep thinking.

S. C. Auld was here from Plainview the last of last week en route to the markets to buy the fall stock of goods for the Cecil stores. He was accompanied by Henry Burress, manager of the store here. They went from here to Dallas where they expected to be joined by C. W. Cecil and from there they were to go to the Eastern markets.

## CROWELL SCHOOLS OPEN SEPTEMBER 5

All necessary arrangements have been made for the opening of school on September the fifth.

The outlook seems good for another successful school year.

The list of teachers are: D. W. Cook, superintendent; Dow W. Tate, principal; Miss Lena Rasor, high school; Miss Etta Goode, high school. For the fifth, sixth and seventh grades: Misses Venus Cook, Ruby Sams, India Mapp, Zell Moorehouse; fourth grade, Miss Lucile Bates; third grade, Miss Florence Black; second grade, Miss Inez Sloan; first grade, Miss Lottie Woods.

Some new desks have been ordered to take care of a large attendance.

The opening of school will not conflict with the fair. The first two days will be used for classifying and organizing the work. The pupils will be dismissed before noon each day.

## Chillicothe Editor Takes Out

The Crowell editor threw a fit last week and made an effort to lambast the News editor because Foard County has the Blue Sunday law. Crowell is a nice little village and we have no fight to make on the town or editor and we do not expect to pay any attention to his "small town stuff."—Chillicothe News.

James, you broke your silence too soon. You did not hurt Crowell and therefore you have no apology to make to us. You gave us some good advertising, but you do owe Chillicothe an apology. Whether or not what you intimated, that one can fill up on "cokes" any Sunday he wants to in your town—whether that is true or not you burst wide open when you told it on your own. If it's true it will appeal to "cokes" bibbers as a good place in which to live. If it is not true it misrepresents your town to that class of people who do not see any particular benefit in filling up on "cokes" or in rearing children amid such environments as Sabbath desecration and law violation will foster in your town. When Crowell gets that bad we'll not brag about it nor even tell it unless we intend to leave for good.

## Another Source of Revenue

Some of the farmers in Foard County are turning their labor into profit through the manufacture of home-made sorghum. Joe Hrable is among the number. He was in town Monday and carried out with him two crates of buckets which had been ordered and had just arrived. The syrup will be placed in these buckets and stored for future use. After while when somebody gets hungry for good pure home-made molasses Joe will be in position to help them part with their cash and thus realize a nice little profit from his labors.

## Returns from Market

B. W. Self returned Sunday from the Eastern markets where he had been to buy fall goods for the Self Dry Goods Co. He reports better crops right here in Foard County than anywhere he had been. In North Texas he says cotton is very sorry and in some places practically a failure. The best cotton he saw was in this county. What is true of cotton Mr. Self says, was also true with wheat.

Everybody can advertise the big round-up and county fair. It does not cost anything to talk for a thing and it does a great amount of good. So let's all get in behind the boys who are pushing this matter and make a great success. It will be the best stunt Crowell and Foard County ever pulled off if we make it a go, which we will do. Foard County will be greatly benefitted by such a program as has been mapped out and we will establish in ourselves confidence that we can do the thing.

Mr. and Mrs. Frank Cates and Mrs. Roscoe Schooling returned Wednesday from a visit with Jim Cook and wife at Levy, N. M. Mr. and Mrs. Cates own a farm out there and are preparing to move to it in the near future.

R. A. Wells sold this week to John Ellis that part of his home place located on the west side of the railroad, which includes about 100 acres of land with the improvements. Mr. Wells and sons, Rob and George, left Tuesday morning in a car for Dalhart where they expect to buy land.

## ONLY TWO GINS TO RUN THIS SEASON

Only two of the three gins will be operated at Crowell this year. M. J. Davis, manager of the Terry Gin made a trip to Altus Saturday to confer with the Altus Gin Co., who own this gin, in regard to operating this season and the decision was made by the company not open up here. This will leave the field for the Vaughn and Kimble gins.

Having talked to several of the gin men and farmers of the county, the News learns that the crop for the county is estimated at about 30 to 35 per cent of an average crop. That would mean that not more than a 4,000-bale crop may be expected.

## Childress Business Men Advertise "Cold Checks"

According to the Childress Post the business men of that city have fallen on to a plan to reduce the passing of cold checks and it is said to be working very satisfactorily. Here it is as it was printed in the Post last week:

Within the past few weeks a number of Childress merchants have adopted the remedy of posting all their returned checks in their show windows, where the public may readily see and read them. Now it seems that this plan is working quite effectively, for a number have learned of their checks being posted, have called on the merchants, made the checks good and had them removed from display.

Some merchants report to The Post that since these checks have been on display, they have received almost no bad checks. The practice of informing the world just who are giving the bad checks is making men more careful and the annoyance is rapidly decreasing.

So far as learned, no one has undertaken to "raise a rough house" with the merchants for posting their checks, for, in fact they have no kick coming. It is their carelessness that makes all the trouble and the punishment is no more than is due.

Last winter J. F. McGuire, now deceased, started the practice of posting unpaid checks in front of his shoe shop and he was the only one that did it for a long time. Lately, the practice has been adopted by others and if it is faithfully kept up it bids fair to work a most wholesome reform.

## T. E. L. Sunday S. Class Meeting

The T. E. L. Class was invited to meet with Mrs. A. G. Bell for the regular business and social meeting on August 11th. Twenty-five members responded to roll call with current events and scripture quotations. Mrs. J. T. Carter, first vice president, led the devotion and presided over the meeting. Good reports were heard from all the officers, showing a steady increase in members and activities. New officers were elected as follows: Mrs. Dunagan, first vice president; Mrs. McGonagle, secretary and Mrs. Day, third vice president. Two new members were enrolled at this meeting. After the transaction of business, Mrs. Bell's beautiful home was ours for the social hour. Contests and games were provided and enjoyed by all present, including our visitors that we are always glad to have. Punch was served throughout the afternoon. The finale being apricot ice and cake.—Reporter.

Mr. and Mrs. R. R. Magee and little son, Milton, returned Monday from Rockwood where they visited Mrs. Magee's sister, Mrs. A. S. Hart, and family. They were accompanied home by Mrs. J. M. Allee who had spent the summer there, also Mrs. Hart and little son, Jim Allee returned with them.

Miss Lois Taggart was here this week from Roysse City visiting old time friends. Miss Lois is a teacher in the Roysse City school. She left Wednesday for her home, accompanied by Mrs. S. O. Woods, who went to Denton to attend the graduating exercises of the State Normal College.

R. J. Roberts left the first of the week for Bonham in his car to get his wife and son, Ben. They are expected home today. C. W. Showers of Vernon is working in the lumber yard during Mr. Roberts' absence.

Mrs. E. M. Magee has returned from a visit with relatives at Georgetown and Taylor, Texas.

## The Five Essentials to Growth

Rev. McNair, missionary of the Wilbarger Baptist Association preached at the Baptist church Sunday to a fair congregation. His theme was "Growth in Grace."

The preacher named five essentials to growth, namely, life, light, food, exercise and rest. The application said the speaker, could be made to natural life as well as to spiritual. Nothing that is dead can grow. Therefore the spiritually dead must be quickened with life before there is the possibility of spiritual growth. And even when that life is given, light is then essential. The kiss of the sunshine gives richness of color, lusciousness of flavor and development of size to the fruit of the orchard. So is it with the Christian life. The light of truth as found in the life of Jesus Christ is that which gives beauty and poise to human character in its highest form. The food of the soul, the sustaining power of the Christian is the Bible. Here the speaker quoted the words of the Savior when he was tempted in the wilderness by Satan to convert stones into bread, the Savior's reply being: "Thou shalt not live by bread alone, but by every word that proceedeth out of the mouth of God."

The speaker dwelt quite lengthily on the necessity of exercise to growth and illustrated how exercise produced growth in the case of the blacksmith the muscle of whose arm is wonderfully developed by constant hammering of iron. There is friction in the muscles, then expansion, then increased flow of blood through the tissues, then circulation and assimilation of the food. This principle was beautifully applied to the spiritual life, showing the value of exercise.

Rest is an essential to prevent breaking down of one's powers, and during periods of rest there is a restoration of power for future usefulness. The preacher emphasized the fact that God is always ready to help him who needs help and who calls on him for it. The scripture was quoted, "Come unto me, all ye that labor and are heavily laden, and I will give you rest."

## Guard Company Goes to Encampment at Austin

The Foard County Guard company, under command of Capt. C. A. Adams, left Sunday afternoon in a special pullman over the Orient by way of Chillicothe for Camp Mabry at Austin. The full membership of the company is 75 members, however only 65 went to the encampment. They will be in camp for two weeks.

## TOPS THE MARKET ON HOGS

Zeke Bell returned from Fort Worth the first of the week where he had just sold a carload of hogs. The average weight of the hogs was 185 pounds on which he topped the market at \$10.05.

Mr. Bell says the market is dropping and he does not think prices will be better than right now in weeks to come.

## Jim Gribble Buys Barry Home

A deal was closed last week between Jim Gribble and Paul Barry whereby the Barry home became the property of Mr. Gribble. This is one of the most desirable homes in Crowell. Mr. Barry moves to his farm south of town.

## FOUR HAVE PTOMAINE POISONING SAME DAY

Wednesday morning Mr. and Mrs. R. R. Magee and little son, Milton, and Miss Myrtle Mullins, trimmer for Self Dry Goods Co., were taken seriously ill with ptomaine poisoning and suffered intensely for several hours. Late in the afternoon they began to improve and yesterday they were well on the road to recovery.

Mr. and Mrs. M. S. Henry gave a moonlight picnic at Sloan Springs Wednesday evening in honor of their guests, Mrs. W. H. Henry, Mrs. Lewis Tittle and daughter, Ladine, and Miss Agnes Evans, of Mangum, Okla.

Charlie Bryson and wife were here the first of the week from Snyder Okla. While here Charlie rented the Ransom Meadors' farm and left Wednesday for Snyder to move his things here.

Rev. J. E. Billington returned Monday from Munday, Texas, where he had been for two weeks holding a revival meeting.

## SOON TO COMMENCE BUILDING OF CURING PLANT

J. C. Davis was here from the Walker farm in the Rayland community Wednesday. He and the other men who are interested in the growing of sweet potatoes are about ready to commence the erection of their curing kiln. They have just returned from East Texas where they went to get plans for the plant.

Mr. Davis says the potatoes are doing well and he thinks the promise is certain for 150 bushels per acre. That means at least 18,000 bushels on the 120 acres. The crop is practically made. These are very fine potatoes. Mr. Davis brought the News a box of them and we have never seen potatoes of better average size, just right for shipping purposes. Mr. Davis says they are receiving orders now for their product.

There is not much doubt that this is going to prove a success for Foard County, and if it does there will be thousands of acres devoted to potatoes in the near future.

## Crippling the Schools

One of the reasons given by members of the so-called People's club of the present legislature for its radical slashing of appropriations for the support of the University of Texas and other institutions of higher education, was that economy was necessary and they wished to save the money to devote to the common schools of the state.

Just how sincere this declaration was is demonstrated by the fact that the appropriations approved by the house of representatives for the state department of education are so seriously cut that Miss Annie Webb Blanton, the state superintendent, states to The Record that the effect will be "ruinous."

Among the economies which will be demanded as a result of the cuts made by the house are a cessation of the furnishing of supplies for the schools throughout the state, the dropping of the system of auditing financial reports and the gathering of statistics. Besides these, the state department of education, according to Miss Blanton, will be unable to do its customary work in affiliation with the high schools.

Miss Blanton charges that members of the house voted these heavy cuts without knowing the details of the situation or what the result of their work would be. She also charges that representatives from Corpus Christi helped bring about the present situation because of her exposure of the alleged padding of the scholastic census in that county.

Whether these charges are correct or not, on Miss Blanton's statement of what the department of education will have to do with the situation is the most serious one which has faced the schools of Texas for many years. Apparently a group of legislators is not willing to stop at injuring the top of the state's educational system but is determined to strike at the very roots, the public funds.

It is high time that the people of Texas rise up in their wrath and let their misrepresentatives at Austin know that they put no premium on ignorance and that they will accept nothing short of the best educational system it is possible to obtain.—Fort Worth Record.

Mr. and Mrs. S. E. Tate and Ed and Earl Manard left Tuesday by auto for a visit in and around Clovis, N. M. Mr. Tate says now is a mighty good time to visit while the ground is too hard to plow. He has 100 acres to break but can not do anything until it rains.

J. E. Bell and family returned Wednesday from a visit at Abilene, Sterling City and other points. According to John's report of crop conditions in that country crops are very spotted. Only in a few localities were good crops seen, the best in Knox and Haskell. The country about Abilene, he says, is hard hit.

Rev. J. H. Hamblen returned Monday from Goddlett where he has been conducting a series of meetings. He reported considerable rain in that locality recently, but notwithstanding that fact they had a splendid meeting.

E. W. Hackelman is here from Sadder to take charge of the Vaughn Gin when the season opens.

# Wheat

We visited the Chicago Grain Pit this last week and learned just how the wheat market is made. In talking with the larger grain firms they all seemed to think that just as soon as the Canadian crop is moved that we should have better prices on wheat. For the long pull on wheat it looks like higher prices, but for the next thirty days we are very likely to have an even market.

We have plenty of room in the elevator and any day you want to bring a load to town we can unload it for you.

We always pay all the market affords and you may rest assured that our prices will be the highest out.

**Allison Grain Co.**

## THALIA NEWS

(By Special Correspondent)

Mrs. G. A. Neill has been sick for several days.

Elmer Roberts was a business visitor in Vernon Monday.

Mr. and Mrs. Dee Roberts of Crowell were here Sunday.

# FERGESON BROS.

The Rexall Store

proving.

It seems that the girls are getting rather scarce as several boys have been "baching" lately. At present they are Roy and Alvin Barker and Cloyd Duckworth.

Mr. and Mrs. Willie Grimes and their sister, Miss Gertielyn Grimes from Odell were guests of Mrs. Grimes' parents, Mr. and Mrs. C. L. Gray, Saturday and Sunday.

F. C. Borchardt and daughter, Miss Vergie, were visitors in Young County last week. They were accompanied home by Mrs. Robert Greer of Lewisville. Mrs. Greer is Mrs. Borchardt's sister.

Mr. and Mrs. Frank Peebles and little son, Liborn, and their brother, Alvin McGregor, were guests of their grandparents, Mr. and Mrs. W. M. Randolph, of the Jamison community last week.

Mr. and Mrs. C. L. Gray honored their daughter, Miss Annie, Saturday night by giving her a party, it being her eighteenth birthday. The party was very much enjoyed by many friends.

There was a barbecue at the city lake Saturday evening at six o'clock; given in honor of Thomas Earl Bursey's fifteenth birthday. Many friends and relatives were present. All had a delightful time.

Grandpa Penley and little granddaughter from Plainview, Texas, were visitors in the John M. Johnston home last week. They were en route to Stamford where they will visit relatives and old friends. Grandpa is 83 years old and is still in perfect health.

D. B. Guess and Mr. and Mrs. John M. Johnston and daughters, Misses Ruby and Johnnie, and son, Paul, who have been visiting relatives and friends at Clarita, Antlers and Durant, Okla., returned last Thursday from Waurika, Okla., as far east as they went, which was almost to the line of Arkansas, there will be practically no cotton at all as the boll weevils have destroyed almost the entire crop. Although the corn sweet potatoes and peanut crops are fine.

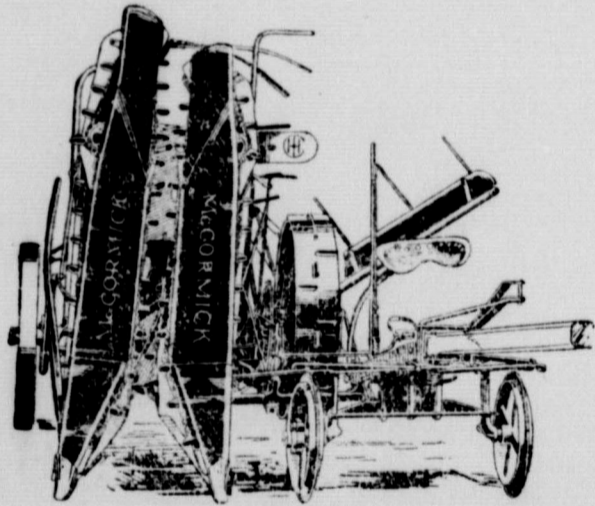

Monday afternoon when Mrs. Applegate and her two small children and Misses Mary and Ida Scott of the Good Creek community were passing through this community in a Ford car a very serious accident happened to them. Mrs. Applegate was driving the car through a sand bed. The steering wheel being loose made the

car difficult to drive and we understand that Mrs. Applegate became excited and lost control of it. The car turned over breaking Mrs. Applegate's hip bone, bruising Miss Mary Scott very much, while the other occupants are uninjured. Mrs. Applegate was rushed to the sanitarium at Crowell and the others were taken home. At the last report they were getting along alright.

The cause of there being no Beaver news lately is that the writer of these items has been visiting in Eastern Oklahoma for some time. Although we had all the fruits and vegetables fresh out of the orchards and gardens that we could eat, we came back liking the West more than ever before. We think tall pines with their needle-like straw and all the other large timber is very beautiful, but there

were too many hills, rocks and stumps to suit us. Here is a joke as it was told to us by people who live in that country. As most everyone in that country go without shoes, one day when a young man and his sweetheart were walking to church in a path which was so narrow that the young lady must go ahead, he heard her say "oh," but she did not stop. Presently he stumped his toe and made the same exclamation. When he looked down to see what was causing so much disturbance he saw a little Hickory stump in the path and found around it he removed a double hand full of toe nails that had been lost by others who had gone on ahead.

Few men are ever without friends until they begin to borrow money from them.

# McCormick Corn Binders

Built for Service

McCormick Corn Binders are built in the same factory as the McCormick grain binder, which are known the world over for their service and durability.

The gathering parts on this machine are twenty two inches apart. This makes it easy to follow the row. They pick up down stalks with remarkable certainty.

Our prices are right on this machine. Look them over before you buy.

## Complaisant America

It is not to be expected that the recent indictment of the governor and lieutenant governor of Illinois for alleged illegal acts while acting as state treasurer should excite wide-spread discussion throughout the United States.

Time and a jury will determine their guilt or innocence, but their indictment serves to bring forcibly to the public mind the fact that we Americans are entirely too complaisant for our individual and collective good.

The average voter has too little to say in the selection of candidates who are to make the race for public office. Our self-appointed political leaders very considerably do the selecting for us by secretly choking off those who are not acceptable to them, while the rest of us perform our "sacred duty as sovereign citizens" by toddling up to the polls and voting for them like good little fellows.

It is seldom that we ever dig down into a candidate's past to determine whether or not he is a suitable man for an office of public trust.

It is equally seldom that a politician's past is resurrected to plague him unless a rival politician goes gunning for him, as it is charged was done in Illinois.

It is often the case that rival candidates for an office are both tarred with the same brush, and neither cares to scratch beneath the surface

for fear of being forced to swallow a dose of his own medicine.

What we need in this country is more independence and assertiveness on the part of the plain voters. We will always have political leaders, because we can not well get along without them, but they should be taught to select men of character and ability for public office or expect them to be defeated for the nomination or at the polls. They should be taught to understand that we want men who will labor for the collective good of all of the people, and not be swayed by the wishes of the bosses who place them in office.

But these are things difficult of accomplishment until the plain voter removes the political hatar from his neck and stands forth a free and independent man, voicing and voting his own convictions and accepting dictation from no source, but manfully accepting the verdict of the majority when the votes have been counted.

Public office is a public trust. It should not be made an object of distrust.

Every citizen of the United States should make a careful study of existing conditions in this country and the governmental methods of dealing with them. The greater the knowledge and interest displayed by private citizens the more carefully will public officials watch their steps.

Every hat that is worn covers a certain quality of brains, but it isn't always the fault of the hat.

## With Man's Approval

All honor to the mayor of Boston, the birthplace of culture and the home of beans.

His honor has approved the wearing of knickerbockers in daily life by the women of his city, and there is not a gasp. He sees in this innovation greater freedom of movement, increased health, and a degree of feminine modesty superior to that of the present mode of dress.

And possibly he is right. Women are always hampered in trailing or clinging skirts, and especially is this so by those who earn their daily bread. Skirts are hot in summer and unsanitary at all times. They are a nuisance and an ever-increasing source of expense. There is no reason why they should not be sidetracked in favor of garments that are more sane, sensible and economical in every way.

When knickerbockers make their appearance they will be criticised, but if the throwing of stones is restricted to those who are themselves without fault there will be but few of them thrown.

## Your Foreign Investment

News dispatches from Washington recently informed us that there was an "understanding" under the Wilson administration whereby the payment of interest on the ten billions of dollars owed us by certain foreign governments was to be deferred for something like twenty-five years.

Indications now are that the present administration will adhere to this "understanding."

There are something over a hundred million people in the United States. Ten billions of dollars, with interest now due and unpaid, means one hundred dollars, pro rata, for every man, woman and child in this country.

That represents your forced loan to foreign governments.

Apparently you are not to expect any interest on this loan for twenty-five years or more.

You should not be surprised if you never see either the interest or the principal.

How do you like it?  
Or do you like it?  
The tax collector will be around a usual.

Your child will soon be back in school again, Mr. Father. What are the different books it will be studying this term? You don't know. Too bad. The child knows that you don't know—that you don't take interest enough to find out—that you just leave it all to the mother and the teacher.

Perhaps that is one reason the child does not take any greater interest in its studies. It is just following the example set by its father.

Poor child!  
Sea serpents are no longer confined to the briny deep. The drug store variety is easier to see and more fearsome to behold.

Women are quick to claim their newly made prerogatives in all things except the payment of the family bills.

## Cornell's "Oatmeal" finish is even lovelier than I anticipated!

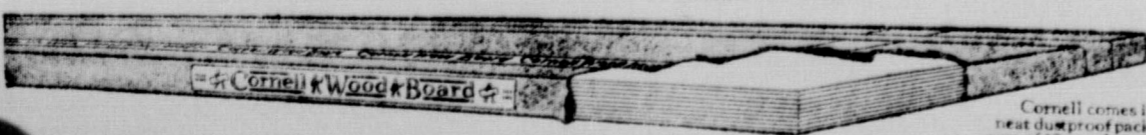

PANELING a room with Cornell-Wood-Board is infinitely cleaner and quicker than lathing and plastering and the results are indeed superb! Were it not for Cornell Panels I should have had to endure a mess of work for days, and then wait weeks perhaps for plaster to dry out.

Of course I might have used some other wallboard, but I found no surface half so attractive as Cornell's "Oatmeal" finish. My lumberman says that Cornell comes all ready primed—"Mill-Primed" he calls it—so I can have it painted just the tint I want without expense for a priming coat.

CORNELL-WOOD-BOARD FOR SALE BY:

## Herring-Showers Lumber Co.

Cornell comes in neat dust-proof packages of 10 panels each.

Mr. and Mrs. Len Johnson returned this week from a visit with Mrs. Johnson's brother, Ed. McDonough at Glenn, Okla.

When in need of oil of any kind see me or phone 326.—Texhoma Oil & Refining Co., W. B. Wheeler, agent at postoffice.

Mr. and Mrs. Counts Ray are remodeling and doing other work on their home. They have added one new room.

Mr. and Mrs. Ross Kenner came in Wednesday night from Winnemucca, Nevada, to visit relatives and friends.

For Sale—A three-room house and other improvements in west part of town, \$650.00 cash.—I. R. Denton, 11p

Titan 10-20 or 15-30 tractors in stock here, ready to deliver.—J. H. Self & Sons.

Margaret, Texas

THE STATE OF TEXAS  
To the Sheriff or any Constable of Foard County, Greeting:

You are Hereby Commanded to cause to be published each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Foard County, a copy of the following notice:

THE STATE OF TEXAS  
To all persons interested in the welfare of Roy O. Awbrey; Orval W. Awbrey, Jewell F. Awbrey and William M. Awbrey, minors, W. I. Awbrey has filed in the County Court of Foard County, an application for Letters of Guardianship upon the estate of said minors, which said application will be heard at the next term of said court, commencing on the first Monday in September, A. D. 1921, the same being the 5th day of September, A. D. 1921, at the court house thereof, in Crowell, Texas, at which time all persons interested in the welfare of said minors, may appear and contest said application, if they see proper to do so.

Herein I fail Not, but have you before said court, on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Crowell, Texas, this 30th day of July, A. D. 1921.

(Seal) MARIE HARRIS-BURRESS,  
Clerk County Court, Foard Co., Texas.

## WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Get Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui . . . that I was improving. The result was surprising. I felt like a different person.

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night. I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me . . . My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments.

For sale everywhere.

## Wet Drinks That Are "Dry"

On a hot day

Try a cold drink

Even the most "parched" throat feels the relief of our deliciously cool and refreshing soft drinks.

And even the Government approves of them.

They are thoroughly enjoyed by both "wets" and "drys"—a popular common ground upon which both sides meet and mingle.

# Owl Drug Store

T. P. REEDER, Proprietor

Mr. and Mrs. T. F. Hill left Tuesday in their car for Longview, Texas. They will visit relatives in Fort Worth and Dallas en route.  
Uncle Joe Hackworth and wife and H. W. Armstrong came in Sunday afternoon from Snyder, leaving here Tuesday for Childress County.  
Mrs. E. F. Sears and little daughter left yesterday morning with Mr. and Mrs. Joe Hackworth for Snyder where they will visit Mrs. Sears parents.  
For Sale—Two pair young work mules, one a horse mule and three mare mules, weigh about 1000 lbs. each. Cash or bankable notes.—Otto Shroeder, Thalia, Texas.  
Blue laws in Dallas, too. Women must not sleep in the front yard too scantily clad, neither must the boys mend their bathing suits on Sunday. Bad town, isn't it?  
Rev. J. Frank Montgomery and family arrived Friday from Arkansas and will be permanently located here. They have purchased the Henry Ferguson old home on Main street.  
Mrs. Oldham of Tecumseh, Okla., arrived Sunday for a visit with her daughter, Mrs. Dave Sollis. She reports cotton as being badly damaged in that part of Oklahoma by the boll weevil.  
A. C. Gaines and family returned Monday from an automobile trip to Palo Pinto and Hood Counties where they visited relatives. Mr. Gaines reports conditions here much better than where they had been.  
There is little difference in the price of Dunwoody's Best flour and the cheaper kinds, but there is all the difference in the world in the baked product. The best is the cheapest in the long run.—Massie-Stovall Grocery Co.

## The Nation's Business

is resumed. Factories are re-opening, wheels are turning; many are the signs of activity about us. Whatever the need of the future months or years, until re-adjustment is completed, we have a service to meet all demands and a willingness to co-operate in every legitimate way.

# THE FIRST STATE BANK OF CROWELL

M. L. HUGHSTON, Vice President SAM CREWS, Cash.

Every property owner possesses one right of which no one ever seeks to deprive him—that of paying his taxes.

Some critics might aptly be described as people who talk about one thing while thinking about another.

Unfurnished rooms to rent to respectable people at the old Methodist church house. Apply for information at the Collins wagon yard.

Twenty million people are said to be facing starvation in Bolshevik Russia. Possibly they represent that portion of the population that has not embraced Bolshevism.

**As the Editor Sees It**

Do you eat three good meals a day? You should consider yourself fortunate in the present condition of the world. Over in Europe there are millions and millions of people who are living on no more than one meal a day, while other millions do not have even that much. Starvation is gathering them in.

The world is in a state of chaos. It is on its back and can not rise again without infinite patience and much assistance.

When a herd of steers become frightened they either mill around or stampede.

The population of the world is much the same. It is badly frightened—milling around—on the verge of a stampede—uncertain as to what to do or which way to turn.

We are less afflicted in America than in any other country, and we should be proportionately thankful for what we have.

While we are feasting, on three meals a day there are other human beings who hunger for the crumbs we throw away.

When a man wants to increase his business he advertises in order to let the people know what he has for sale.

Why not the same thing for this town? The expense would not be worth considering.

The town authorities could have some small slips printed, on which could be set forth briefly the nature of the various industrial enterprises of the town, as well as the opportunities that are open to new enterprises.

These could be distributed among the families of the town, under an agreement that one is to be enclosed in every letter that is written, either

business or private, continuing this practice daily from year to year.

In this way those little advertising slips would find themselves in every nook and corner of the country. Their repeated appearance would cause the town to be talked about, and would turn the eyes of industry seeking a new location our way.

There is no better way of advertising this community both effectively and economically.

And a town that is worth living in is worth advertising.

When we shoot at a mark on a tree we take careful aim in order that no error of judgment may be made. We want to make a dead center hit—we don't want the humiliation of a wild shot or of a miss.

But when we shoot a volley of criticism at a public official we are not always as careful as when shooting at a mark.

We do not always judge the distance, our aim is not always correct, and sometimes we just blaze away at random, on the theory that people who fill public offices are fair targets for anything we choose to shoot at them.

That is one reason why so many men of high executive ability persistently refuse to accept public office.

They never shoot at random themselves, and they do not care to serve as targets for people who do.

It requires skill and good judgment, to drive a bullet into the center of a mark, but any kind of a loose tongue can pepper a public official until his grandmother wouldn't know him.

The human race as yet knows but little. It has much to learn.

If some people were required to think before they spoke they would never say anything.

# Niggerhead Coal

I am handling Colorado Niggerhead coal and want to supply your winter needs. The quality of the coal I will handle this fall is known to be first-class and you take no chances on buying Colorado Niggerhead coal. I can save you money and will be glad to give you my prices and to take your orders.

**J. M. JONAS, Jr.**

The woman who insists upon the right to change her own mind is never happy unless she can change the minds of others.

There is always happiness in the world for some one. As the summer wanes the tears of the ice dealer bring cheers from the coal man.

**DODSON'S LIVER TONE KILLS CALOMEL SALE**

Don't sicken or salivate yourself, or paralyze your sensitive liver by taking calomel which is quicksilver. Your dealer sells each bottle of pleasant, harmless "Dodson's Liver Tone" under an ironclad, money-back guarantee that it regulates the liver, stomach and bowels better than calomel without making you sick—15 million bottles sold.

## INSURANCE

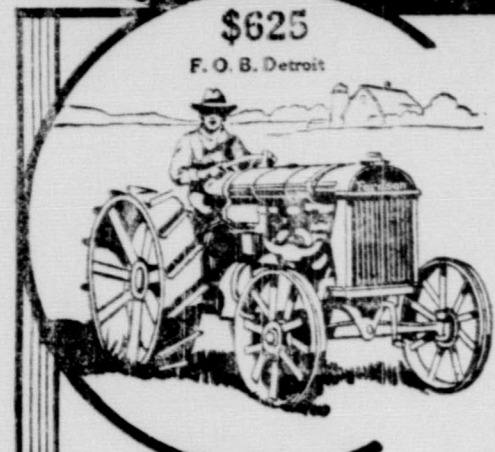

Fire, Tornado, Hail, Etc.  
**Mrs. A. E. McLaughlin**

# Fordson TRACTOR

\$625

F. O. S. Detroit

**"Yes I've more Time for Myself Since I Got a Fordson"**

The Fordson Tractor is taking much of the drudgery out of farm life; it is solving the labor problem; it is reducing the cost of preparing land by almost one half of what it was with horses; and it is saving one third to one half of the farmer's time; and making farm life more attractive.

The Fordson will run your threshing machine—and at the most opportune time for you. It will operate the milking machines, saw your wood, fill your silo, pump the water, and take care of every kind of belt work—

And don't forget—it will plow six to eight acres in a ten hour day, handling two plows with ease.

Thus the Fordson is the ideal year-round tractor. It will pay for its fall and winter keep in many ways.

There's a big story to tell you about the Fordson—and a true one—come in and get the facts. Or, if you prefer, telephone or drop us a card and we will bring them to you.

**THE U. S. USCO TREAD**

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

# From the makers of U.S. Royal Cords to the users of Fabric Tires

"Giving to the fabric tire user fresh, live tires. Being made now. Being shipped now."

**I**n all of modern merchandising the biggest conundrum is the fabric tire situation.

Around 70% of all car owners use fabric tires.

Their instinct for *quality* is as strong and insistent as any one else's.

Why, then, are they offered such hodge-podge stocks of "discount tires," "odd lots," "seconds," "retreads" and other so-called bargains of uncertain origin?

Sooner or later the public always seeks out *quality*. As a matter of *self-protection*—if for no other reason. The out-and-out opinion in favor of U. S. Fabric Tires has spread more this year than it ever did.

People have gotten very close to the U. S. policy. Felt it. Benefited by it. And passed the word along.

It's a policy settled to *one* standard for *all* U. S. Tires. Whether fabrics or cords. Small sizes or large.

Giving to the *fabric* tire user *fresh, live tires*. Being made *now*. Being shipped *now*.

All the original U. S. *vitality* and *service* comes through when you buy a U. S. Fabric Tire.

"Usco," "Chain," "Nobby." Three different treads.

Built by the same brains, the same policy, the same quality ideals that have made U. S. Royal Cords the *standard* measure of tire worth.

### Pushing the Rich Along

The rich man doesn't get there by his own efforts alone. The poor man keeps pushing him along.

Take the matter of locomotion as an example.

There was a time when the rich man was glad to ride on a donkey or in an ox cart. The poor man walked.

Then some ancient genius devised the carriage for the benefit of the rich. The poor man climbed into the old cart or straddled the donkey.

But the man of nothing was not satisfied. He wanted something. He commenced to climb into the carriage. In time he began to own them.

With the poor man bowling along in his carriage, the rich man be-thought himself of a new toy—one be-yond the reach of common folks.

The automobile made its appear-ance, with its honk in front and its smell trailing along behind.

The rich man was again in a class by himself. He whizzed by old Dob-bin and scared him out of his wits or drove him into the ditch.

But it didn't last. The poor man was stubborn in his determination to keep the pace. He declined to stay down.

Again time worked its wonders. It saw the poor man climbing into the rich man's car. Today it sees him owning his own car.

But evolution continues its work. The rich man is now only one of the many. He has no class of his own. Therefore he is turning his eye to-ward the aeroplane as a means of locomotion.

Some day he will abandon his car and travel in the air—again above the common herd.

But even that will not last. There will be no seclusion for him even in the clouds. The poor man will get there, too.

It is a great race, with the rich man sprinting to keep a few laps ahead and the poor man following with mighty leaps and bounds in his ef-forts to keep abreast.

That, if you please, is one way in which the poor man is pushing the rich man along.

Some day they may both attain wings—in another world.

Possibly doctors never take their own medicine because there is no one to pay the bill.

Flattery never bothers some people. They never get it.

# BETTER FLOUR

That is the kind that makes bread worth while. There is the inferior and the superior grades of flour. Then there is the inferior and the superior kinds of bread. Owing to the quality of the material that goes into the finished product. This is the first essential in determining the quality of the article to be served. You take no chances when you buy Dunwoody's Best. Every sack guaranteed, money refunded if not satisfactory.

Crowell flour belongs in the class of su-perior grades and we have it for you if that is your preference.

## Massie-Stovall Gro. Co.

Fashion papers tell us that women's wearing apparel is to be changed again—all of which is quite to be ex-pected. Like the face, it needs an occasional bath.

### Dr. Hines Clark

Physician and Surgeon

Office Russell Building over Owl Drug Store

The old time gentleman who courte-ously lifted his hat to the ladies is dead, but the hat still remains to re-mind us of what was but is not.

Every man is willing to perform his duty, but most of them insist upon making their own decisions as to what constitutes duty.

No, we have no faith in the rumor that physicians recommend a change of climate when they find that the patient has no money left.

The comptroller of the currency complains that too many banks are being started. His warble is less dis-tressing than that of the depositors when one stops.

Warning has been sent out that a nihilist drive is on in the United States. If so we hope they keep driving until they hit the ocean and then forget to stop.

Of course, when a man becomes a constant target of criticism it is pos-sible that his brain is working faster than those of his critics.

## Or words to that effect

IT BEATS the band.  
THE WAY this thing.  
KEEPS POPPING up.  
THE OTHER night.  
I BROKE all rules.  
AND READ a high-brow book.  
AND HERE'S a hot one.  
THAT IT handed me.  
"MANY OF us find.  
THAT TASTE affords.  
ONE OF the fairly.  
DEPENDABLE SATISFACTIONS.  
OF EVERYDAY living.  
AND IT seems.  
UPON LONG reflection.  
THAT SATISFACTION.  
COMES CLOSE to being.  
THE LONG sought.  
"HIGHEST GOOD."  
OF COURSE that isn't.  
WRITTEN WITH the ease.  
AND POLISH to which.

WE ARE accustomed.  
BUT IT'S a mouthful.  
AS YOU'LL agree if you.  
JUST PUT it into good.  
UNITED STATES, like this.  
"SON, YOU'LL be running.  
ON FOUR flat tires.  
IF YOU don't hurry.  
AND WRAP yourself around.  
THE ONLY cigarette.  
THAT SATISFIES."

"THEY Satisfy"—nothing else so well describes Ches-terfields' mildness, their mellow-ness, their delicacy of aroma and smooth, even "body." It took the finest varieties of Turkish and Domestic tobaccos to do it—and the highest order of skill in blending them. Yes, the Ches-terfield blend is a secret. It can't be copied.

Have you seen the new AIR-TIGHT tins of 50?

**Come on along!**

Fill up your makin's papers with P. A.

Greatest sport you know to pull out your makin's papers and some Prince Albert and roll up a cigarette! That's because P. A. is so delightfully good and refreshing in a cigarette—just like it is in a jimmy pipe! You never seem to get your fill—P. A.'s so joy'usly friendly and appetizing.

Prince Albert will be a revelation to your taste! No other tobacco at any price is in its class! And, it rolls up

easily because it's crimp cut and it stays put.

It's the best bet you ever laid that you'll like Prince Albert better than any cigarette you ever rolled!

And listen! If you have a jimmy pipe hankering—by all means know what Prince Albert can do for you! It's a revelation in a pipe as well as in a cigarette! P. A. can't bite or parch. Both are cut out by our exclusive patented process.

Prince Albert is sold in tippy red boxes, tidy red tins, handsome pound and half pound tin humidors and in the pound crystal glass humidors with sponge moisture top.
