\$2.00 A YEAR

CROWELL WINS 27 OUT OF 36 GAMES

Crowell's base ball team is above the average of amateur ball clubs. The team's standing is about 720. This is considered real good playing, and a good record all the way around.

It is impossible for any club to win all the games they play, so we should not worry when our team loses a game or two. This Crowell club has come nearer to capturing every game than any other amateur club in the west.

There is just one other thing that this club needs, and would stimulate it more than anything else, and that is more boosters. Someone else should attend the games. Lend your support by being present.

When Knox City played Crowell our club was scattered. We played and had to play boys who couldn't catch a ball in a sack, and their batting was three strikes and out. So the team needs encouragement. They have a good club now and will furnish Crowell a good exhibition game. This was demonstrated last week when they played four games, taking three of the four.

The game last Friday against Chillicothe was a fourteen inning game. Crowell winning 4 to 3. This was a pitcher's battle between Prater and Sprewell.

Now when the word is sounded that there is going to be a ball game at the park you can figure on it being a good one. So your presence will be appreciated as well as the financial assistance you will give the boys.

We hear it said by people from adjacent counties that Crowell has a good base ball club. Now if that is the talk away from home let's retain this prominence. How? By supporting the club in attendance.

The last two games played in the park were pretty well attended. Our Knox City games fell shorter than any games played this year, as it came at a very busy time when people were threshing.

Now, a few words about the Acme game. Those fellows play base ball alright and this pitcher Preston is a good clever pitcher, but is in hard luck trying to beat out these Crowell Swatters. They pulled 12 hits including Crip Boyd's sacrifice. This game was full of pep, flavored with just a little wrangling. Crip Boyd featuring with 8 assists and 3 put outs, promoting one pretty double. Polk Aubery made a grand stand play when he ran from center field to right, fielding the ball clean and turning a flip, but when he arose he still held the apple. This young fellow is building a good record as an out fielder.

Rumors among base ball fiends and fans seem to be perfectly satisfied with our first baseman, Gordon Bell. However he had a hard evening last Saturday as his plays came often and regular, over in Sun Garden, only one little bobble made.

Babe Boyd held the visitors to three hits up to the sixth inning, after which they got only five scattering hits but failed to score on them.

Some Good Seasons

The community along Pease River north of town got a nice shower Tuesday night and a good large scope of country about Crowell got one Wednesday. These are very helpful in providing needed moisture to growing crops and will help the chances of another wheat crop where the land has already been plowed. Where it has not been plowed it will help the plowing.

POTATOES WILL YIELD 200 BUSHELS TO ACRE

J. C. Davis, one of the men who are cultivating a portion of the W. A. Walker farm at Rayland in the raising of sweet potatoes, was here Saturday and spoke favorably of the crop, stating that the outlook was bright for a heavy yield. Mr. Walker was here then Monday and said that while it had been reported that they would get 500 bushels to the acre, that was a little overestimated. He said he did expect to get 200 bushels. They are visually assured of that much now.

Within a couple more weeks Mr. Walker says potatoes will begin to reach the stage for curing and they hope to have things in readiness for the work. They have about 120 acres in potatoes.

This is the first attempt any one has ever made in Foard County to raise sweet potatoes on a commercial scale and it looks as though it is going to be a great success. If this potato patch of 120 acres yields 200 bushels to the acre it would be enough potatoes to supply the entire county for a year, provided about 25 bushels would furnish a year's supply to each family.

Has Pleasant Trip to Oklahoma

Henry Gribble and family paid a visit to their relatives and friends in the vicinity of Gracemont, Okla., last week, returning home Monday. They went by auto and found good roads until they reached Anadarko. From that place on to their destination the roads were not so good. They had been terribly washed by heavy rains.

Henry found his relatives and friends in the Gracemont country in a prosperous condition. They have good crops and the finest gardens one ever saw. He and his family took dinner with Washington McClure on Sunday and everything on the table was grown in the garden and on the farm except the sugar and salt. Those people live at home and board in the kitchen. They do not market big crops of grain or cotton—it is not necessary—neither do they carry their rations home from a grocery store in a paper sack. The country is a scene of real home living. Good hogs, cattle and horses cover the hills and green growing crops beset the valleys, so what use would they have for money, except to pay taxes?

There is a whole colony of Georgians in that country—the McClures, Winchesters, Harrisons, Garretts, Groves, Shooks, Chastains, and several other families that once lived on Gamlog where we got our start.

Whitman's Wheat

Last year Lee Whitman of near Thalia made so much wheat to the acre that some people far away became interested in the kind of wheat he had and wanted some of the seed, but this year he does not expect folks to show quite so much interest in his kind of grain, for it did not yield so much by nearly half. Whitman was one of the few men in the entire country that made 40 bushels to the acre last year, and there are not hundreds of them in his class this year with a 20 bushel average, but some have even beaten that, though they are few.

Making 20 bushels per acre on 175 acres is quite a bit above the average this year and would be counted a real good yield any time.

WINS FREE TRIP TO DENVER CONVENTION

Dee Roberts left Tuesday for Denver, Colo., to attend the \$100,000 convention of the Missouri State Life Insurance Company. A free trip was offered to all representatives of the company writing as much as \$100,000 worth of insurance within a year. Dee had a nice margin of ten or fifteen thousand dollars.

For a few months he has been stationed at Wichita Falls but wrote most of his insurance in Foard County before leaving for Wichita Falls. He wrote about \$90,000 here.

He had a business very gratifying to his company as well as to himself when he was here, and he thinks likely he will come back and make Crowell his home.

According to J. W. Bell 60 grain cars have been received at Crowell in the last 12 days, not including those received by Margaret and Foard City. That means that 80,000 bushels of wheat have left Crowell alone during the last two weeks.

MILITARY CO. WILL GO TO CAMP MABRY

The Crowell military company will go to camp at Camp Mabry near Austin Texas, August 15, 1921.

Every member of this company is expected to attend this camp as it was arranged especially for the new companies and we must take 60 per cent of the company. The Federal Government makes it compulsory that each member must make at least one encampment of not less than ten days each year.

The company will meet next Thursday night at the armory where it will be arranged into squads with the squad leaders who will have command of them at the camp, and every member, unless prevented by sickness, will be expected.

Don't let some smart person tell you that you can make this encampment if you want to or stay at home, as you please. The Federal Government says you must attend this encampment. Make your arrangements to make the camp. Don't wait until the last day and then be compelled to go. It makes it very unpleasant on the officers and for you too. Get together and make a splendid showing at this camp.

FORMER CROWELL GIRL GETS SCHOLARSHIP TO TRAINING SCHOOL

It will be interesting to her friends in Crowell and Foard County to know that Miss Alice McLarty has been awarded a scholarship in the Scarritt Bible Training School in Kansas City. It was awarded by the Woman's Missionary Society of the Northwest Texas Conference.

Miss McLarty was reared in Crowell but for the last two years has been engaged as teacher in the public schools of Vernon.

104 in the Shade

July has been remarkably generous with its warm days, we say warm because it has not been boiling hot. Just how many of them have been hotter than Tuesday, when the thermometer registered 104 in the shade, we do not know. Perhaps some days have been hotter, but not much. So it is safe to say that 104 is around the maximum. But one glorious thing about West Texas is that it matters not how long old Sol heats his sunbeams in the furnace before he shoots them at us we can stand out in the open and smile in his face while we are cooled by the ever-present breezes which nature has provided for our own special benefit. That's West Texas.

Business Improved at Thalia

According to reports given by G. A. Shultz from Thalia Monday trade conditions had been improved in that community by the movement of wheat. The crop is reported fair about Thalia but he could not say just what the average was. Some was as low as 5 bushels while other crops were reported to be around the 30 bushel mark.

Eggleston Buys Crowell Grocery

A deal was consummated last week whereby the Eggleston Cash and Carry Grocery Store became owner of the Crowell Grocery Company's store. Mr. Eggleston has closed up the store in the Ringgold building and is moving the stock to the stand of the Crowell Grocery Company.

E. W. Muse was here Wednesday and part of yesterday visiting old friends. Prof. Muse is a former superintendent of the Crowell school, but moved away from Crowell nine years ago to Dallas where he teaches school. During the summer he sells school supplies and was in West Texas on that mission. He left on the north bound yesterday for his home in Dallas.

A party of Orient officials was here Wednesday in a special car. They were on an inspection tour of the road. A. J. Clary, superintendent of the road, was in the party.

W. P. Lockhart of Hamlin was here several days last week visiting his brother-in-law, Robert Cole. He left Monday for his home.

A herd of 15,000 rabbits were recently killed in Brown County by 500 drivers.

A. N. Vernon was here yesterday from Vernon attending to business.

WILL BUILD BRIDGE OVER PEASE RIVER

Over the signatures of the county judges of Foard and Hardeman Counties is to be found an advertisement in the News this week for bids for building a bridge across Pease River on the Crowell and Quanah road.

This is one of the propositions which confronted us when we voted bonds a while back for road and bridge construction. At that time it was thought that State aid could be had but was learned that no roads were being designated at the time. So we will have to build the bridge ourselves, and that is what is going to be done.

There is no need of arguing the benefits such a bridge will be to the county. It will mean much to Foard County and Crowell, as well as to Hardeman County and Quanah, and we just can not afford to be without it longer. The bridging of Pease river will close the last gap that has cut us off from the outside world so long. What it will mean to the business interests of the county, including the consumer, can only be told in the years to come.

Speaking of the need of the bridge the Quanah Tribune-Chief says:

The need for such a bridge has been recognized for some thirty years, but it appears that it had not been possible for the two counties to get together on the matter until recently. As the Tribune-Chief frequently has stated, business interests of Quanah and Crowell demand the erection of the proposed bridge. In the latter town, merchants complain bitterly over the delay in receiving shipments of merchandise routed over the Orient railroad, and state that shipments from Quanah are often delayed three to six or eight days from date of departure, before being received in Crowell. With the bridge open for traffic, it will be easily possible for the Crowell grocer to send his auto truck for supplies to Quanah in the morning and unload them into his place of business a few hours later at the same time paying himself the freight which he would have paid the railroads.

Also the opening of the bridge to travel will route hundreds of auto tourists across Pease river, to the advantage of hotels, auto supply and accessory dealers and other business interests of both communities. With the added completion of the Red river bridge, both Quanah and Crowell will be on an inter-state highway, which is a matter of no little moment in the way of good advertising for all of us.

Well Down 1400 Feet

F. V. Murray of the Plateau Oil Company was here from Fort Worth this week. His company is drilling the Beverly Well north of town for the Mid-Continent Exploration Co. and have reached a depth of 1400 feet. They had encountered some trouble a few days ago in their drilling but that is all remedied now and good progress is being made.

Mr. Murray says the structure of this country indicates that there is oil here. He says the structure is good and the indications that oil will be found are just as favorable as those in fields already proven. Of course no geologist he says, will tell you that you will find oil, even though the geological structure is the very best. They will tell you that according to the structure there ought to be oil, but nobody knows until after oil has been brought in whether it is there or not. Mr. Murray's company brought in Breckenridge's biggest well about 14 months ago. Soon after it was brought in the daily production went to about 6,000 barrels. It is yet producing 800 daily. The first year, Mr. Murray says, the well produced a little more than \$4,000,000 worth of oil.

O. W. Lilly and C. E. Zickefoose of near Clayton, N. M., arrived by auto Wednesday on a visit here. Mr. Lilly moved to that country about a year ago. Mr. Zickefoose went there from Kansas eleven years ago and is a neighbor of Mr. Lilly. They think New Mexico is the finest place in the world.

According to the Record, the city engineer of Vernon says that town is using approximately 500,000 gallons of water daily. That means nearly 100 gallons to each person in the city. A large amount of this is used on lawns and trees.

The City Drug Store at Vernon was damaged by fire of an unknown origin one morning last week.

CROWELL BOY MAKES GOOD ON OKLA. TEAM

Word has been received that our former short stop, Louis Sloan, featured a game of base ball last week at Duncan, Okla., by hitting three times with one three-bagger. We are glad to hear of this as he is a Crowell boy, but it is not a surprise, as we all knew he could play ball, and this team felt the blow when Louis went away.

Arrives from Arizona

L. H. Mickey and family and Mrs. Mickey's father, W. M. Disdom, arrived from Cottonwood, Arizona, last week, coming by auto. The trip covered a period of about ten days, but some stops were made. The distance from Crowell to Cottonwood by the route these folks traveled is 976 miles. Mr. and Mrs. Mickey who have been living in Arizona will make Foard County their home. Mr. Wisdom had been making them a visit, and had experienced a great time out there in the mountains.

On the evening before the party left they were entertained by Ex-State Senator Mrs. Frances Munds with a six o'clock dinner.

WEST TEXAS CLUB AT THE N. TEXAS STATE NORMAL COLLEGE

At the North Texas State Normal College, of Denton, Texas, there is an organization of more than one hundred and twenty-five students who come from thirty-six West and Northwest Texas counties. The club is known as the "West Texas Club," and its purpose is to promote the spirit of co-operation and to develop good fellowship among the students from West Texas. It also provides the students from this section an opportunity of knowing each other better and furnishes entertainment for them.

C. A. Davis of Rayland, is president; C. C. Doak of Snyder, is vice president; Miss Lottie Woods of Crowell, is secretary. The president appointed a committee of three to assist these officers in planning for the entertainment of the club during the summer. This committee has planned a real West Texas barbecue for next Saturday evening. This will be held near the home of Professor E. L. Anderson. Because of its uniqueness—it is so unlike the usual picnic or swimming party—those in charge believe that it will be a great success.

The enrollment at the Normal College this summer has passed 2,750. There is probably no other State Normal School in America that has as great enrollment. It will probably be of interest to friends of the College in Foard County to know that every department of the school has a representative from Foard County. Twenty-two students are enrolled from this county, and practically all of these will return to this county to teach. I think you will agree with me when I say that all this means a better standard of work in our schools for next year.

Plans are already being made for summer commencement. It is planned to make the summer exercises one of the greatest ever held at the school. Among those who will graduate at the close of the summer school is Miss Lottie Woods of Crowell.

MAKES 20 BUSHELS ON ENTIRE WHEAT CROP

On the entire crop of wheat consisting of 275 acres John Coffey reports an average of 20 bushels. This is a mighty good yield for this year. Mr. Coffey already has his land disced once and part of it the second time, which puts it in mighty good condition to retain the moisture that may fall this summer. He has observed that early plowing makes a difference in the yield of the crop. It also gives one more chances at getting rains and conserving the moisture.

Make Average of 17 Bushels

J. F. Steele, who has been visiting his sons on their farm south of Thalia for two months, was in town Wednesday and reported the yield of their crop of 150 acres as 17 bushels per acre, which was better than they expected this year.

Mr. Steele is a school teacher by profession and has been employed in the school room since 1878. He is now superintendent of the schools at Tatum, N. M., and will return with his wife to that place in a short time.

WHY WE OUGHT TO HAVE CO. FAIR

(By Fred Rennels, Asst. Co. Agent)

Our July the 4th program and celebration which was supervised by the Foard County American Legion has demonstrated clearly to those who were present that Foard County can have one of the best county fairs in West Texas.

Our agricultural products will compare favorably with any county in Texas, because of the fact that Foard County has a variety of lands, and some sections produce abundantly regardless of weather conditions. It is one of the best wheat counties in Texas, as has been proven by test and yield this year. Some wheat is yielding 30 bushels per acre and testing as high as 61.

Foard County's feed crop is fine, corn which will make as high as 45 bushels per acre, maize that will yield 2 to 3 tons to the acre, would look mighty good exhibited at our County Fair, and also help advertise our county at the Dallas Fair.

There is 100 acres of sweet potatoes in one farm in Foard County that is estimated will yield between 2 to 3 hundred bushels per acre, and plans are being made to erect a \$7,000 curing plant on this farm. The potato industry, if it is a success this year, will be a very important addition to Foard County's food and money crop in the future.

The hog industry of Foard County is in its infancy but we have some of the best hogs in the State; hogs that are as large to their age, that conform to type and show as good breeding as there is. These would also add much interest and be important in our live stock exhibit.

Foard County's beef cattle, according to Secretary of Short Horn Breeders Association, rank among the best in the State, and by placing these in the county fair exhibit would do much to stimulate the beef cattle industry in the county.

Dairy cattle, sheep, poultry, etc. are well represented, and a good county fair would do much to develop all these live stock industries and cause more interest in better stock.

The great majority of Foard County's farming land can be cultivated with the tractor, and the county fair would be the proper place for the tractor demonstration.

The club boys and girls of the county will have agricultural and live stock exhibits, and this would be the proper place to judge these exhibits before taking the winners to the State Fair.

The rodeo that Foard County is capable of perfecting would be a source of entertainment and interest that would attract wide attention through the adjoining counties. We have some of the best "bronco busters" in the West, and as the wild west days, in most counties have entirely disappeared, we would attract many people from other parts of the state by exhibiting one of the best rodeos to be seen.

With all of this material at hand would it not be proper to organize a fair association?

We do not know who are the proper ones to take this up, but we as county agents are ready to co-operate to the fullest extent in securing these exhibits, and in helping make it a successful undertaking.

Goes to Mineral Wells

J. W. Klepper, who had been on the sick list for several weeks, and E. F. Sears drove over to Mineral Wells last Saturday in Mr. Klepper's car, Mr. Sears going on business. Mr. Sears returned on the train Tuesday and reports Mr. Klepper well located and he expects to remain there for several weeks.

Making Auto Trip to Colorado

Mr. and Mrs. J. F. Hays came up from Wichita Falls Monday and left Tuesday morning with Mr. and Mrs. Lee Allan Beverly and Mr. and Mrs. Parker Churchill for an automobile trip to Colorado. The party expects to visit all the places of interest in Colorado and will be away for several weeks.

Baptist Church Started

Excavation work has commenced for the building of the new Baptist church just east of the old tabernacle. A superintendent has been employed to superintend the work. The cost of the building, it is thought, will be somewhere between \$40,000 and \$60,000.

He Has the Wrong Idea

--the man who hasn't bought a cool summer suit, Palm Beach or Cool Cloth, is just like the man above--wears an overcoat and yet "tries to keep cool."

The Magee Toggery

City Meat Market

Carries everything in the line of an up-to-date meat market, together with packing house meats such as Boiled Ham, Mince Ham, etc., except beef. Also carry Pure Hog Lard, the kind your mother used to make during hog-killing time. Come in for a fresh tender steak of beef or pork for dinner, or maybe it's pure hog sausage you want. If so the City Meat Market is the place to get it.

THALIA NEWS

(By Special Correspondent)

Fred Lightsey left Monday for his home in Paducah.

Mrs. J. A. Abston was in Crowell shopping Tuesday.

Luke Johnson was a business visitor in Crowell Friday.

Alex Neill left Wednesday for points in New Mexico on a prospecting trip.

C. W. Beidleman of Crowell was looking after interests here this week.

Walter Banister, wife and son, Billie, made a business trip to Vernon Tuesday.

Mr. Flesher and daughter, Mrs. Dee Roberts, of Crowell were in our town Monday.

Whooping cough is the style now among the youngsters as well as some of the older folks.

Quite a number of Rayland people came over Sunday to attend the Christian meeting.

Mrs. Eric Wheeler who has been quite sick for some time is doing nicely at this writing.

Mr. and Mrs. Feacock of Gambleville were in our community attending church Sunday.

Wright Randolph of Crowell spent the week end visiting homefolks and attending church here.

Mr. and Mrs. Allen Shultz left Tuesday for Paducah where they will visit relatives and can fruit.

Misses Mattie Belle and Della Choat and Lucile Erwin of Crowell were here Sunday night.

Tom Davis and daughters of Rayland visited in the home of his son, Gordon, and family Sunday.

Audie Chapel moved his family from Hugh Thompson's store building to the Sam Thorn farm Monday.

Leroy Johnson of Altus, Okla., spent the week end visiting his cousins, Garland and Ben Thompson, and other relatives.

Mr. and Mrs. Greek Davis and children and Walter Rector and wife of Ayersville have been attending the meeting here.

Mr. Huffaker and family of near Foard City attended church and took dinner with Mr. and Mrs. W. Luke Johnson Sunday.

Mr. and Mrs. Erwin and two daughters of Crowell spent Sunday here and attended church services both morning and evening.

Mrs. Cap Morris has recently had a friend visiting her, Miss Jennie Dale Powell. She left Monday, Mrs. Morris taking her as far as Crowell.

Several fishing parties have been to the Wichita river fishing recently. The hot weather doesn't discourage the fishermen, nor keep the fish from biting.

Miss Fannie Shultz of Ayersville had for her guests Sunday Misses Blanche and Fay Randolph, Ruth Haney and Minnie Wood, and Roy Awbrey and Lynn Walker of Thalia.

Mr. and Mrs. Garland Burns went to Crowell visiting Tuesday of last week. They were accompanied home by Mrs. Burns' mother, Mrs. N. A. Crowell, who spent a few days here.

Threshing is about over in this section. Every one is rejoicing over the fine weather which enabled them to garner their wheat without damage, but some crops are now needing rain.

Grandpa Wisdom has just returned from Cottonwood, Ariz. His daughter and son-in-law, Mr. and Mrs. Mickey, accompanied him home for a visit among relatives. Grandpa has been gone for some time and we are glad to have him home again.

The Christian meeting began Friday night with good interest. Brother W. T. Cypert is doing the preaching. The singing is being conducted by Mr. Rennels of this place and Lynn Walker of Fargo. There was Baptismal services Monday afternoon at Pease river.

Mrs. Jeffie Wood and children left Sunday for Dallas where she will place Miss Connie in the Baptist sanitarium for treatment of cancer. The other children, Cleo and Marshal, will visit relatives in Gainesville during the time of their stay at the sanitarium. They were accompanied to Vernon by Mr. and Mrs. Mark Self and Miss Isabelle Self.

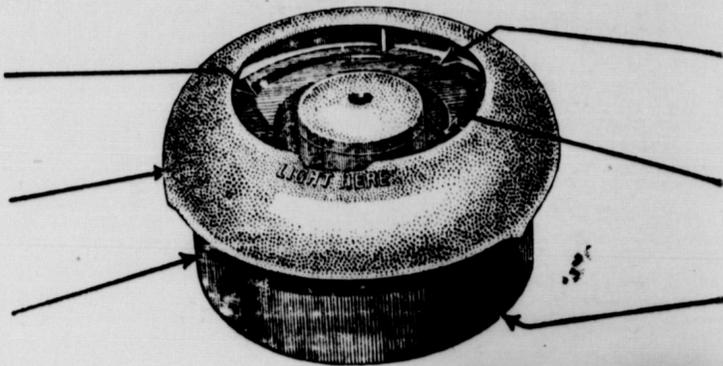

A Surprise Birthday Dinner

The children of Mrs. J. G. Thompson gave her a surprise dinner Sunday, July 17th, it being her 60th birthday. Each one had his dinner prepared and carried in and when all was spread together there was quite a sumptuous dinner. Mrs. Thompson has been sick for some time, and being thus remembered by her children, made her very happy, and all enjoyed the day very much. She is now con-

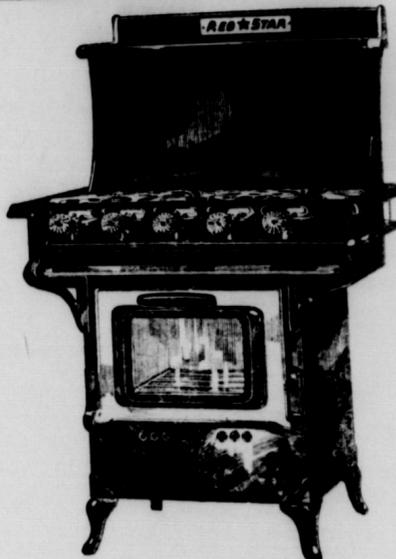

lessing. There were present all her children, six in number, son-in-law and daughters-in-law, five in number, grandchildren, twelve, and the following: Mr. and Mrs. Lat Johnson and daughter, Miss Myrtle, and Miss Nannie Sneed; B. W. Johnson and son, Leroy, of Altus, Okla., and Bro. W. T. Cypert of Merkel, Texas.

RED STAR

Detroit Vapor Oil Stove

Above picture shows wonderful burner of RED STAR OIL STOVES. There are 5 of them in this stove, each weighs 8½ pounds, become red hot in 20 minutes. The most efficient, the most economical oil burning stove on the market. Uses no wicks.

W. R. WOMACK
FURNITURE AND UNDERTAKER

I have taken charge of the Smith Hotel and expect to give the very best service that it is possible to give, and ask a share of the public patronage. The following prices are in effect at this hotel: Single meals, 50c; board and room per week, \$10.00.—C. E. Jones, Prop.

Money back without question if HUNT'S GUARANTEED SKIN DISEASE REMEDIES (Hunt's Salve and Soap), fail in the treatment of Itch, Eczema, Ringworm, Tetter or other itching skin diseases. Try this treatment at our risk.

ECZEMA!

OWL DRUG STORE

Buy a pipe— and some P.A.

Get the joy that's due you!

We print it right here that if you don't know the "feel" and the friendship of a joy's jimmy pipe— GO GET ONE! And—get some Prince Albert and bang a howdy-do on the big smoke-gong!

For, Prince Albert's quality—flavor—coolness—fragrance—is in a class of its own! You never tasted such tobacco! Why—figure out what it alone means to your tongue and temper when we tell you that Prince Albert can't bite, can't parch! Our exclusive patented process fixes that!

Prince Albert is a revelation in a makin's cigarette! My, but how that delightful flavor makes a dent! And, how it does answer that hankering! Prince Albert rolls easy and stays put because it is crimped cut. And, say—oh, go on and get the papers or a pipe! Do it right now!

Prince Albert is sold in tippy-red tugs, tidy red tins, handsome pound and half pound tin humidors and in the grand crystal glass humidor with sponge moistener top.

BEAVER NEWS

(By Special Correspondent)

N. H. Jones returned from Electra Sunday.

D. B. Guess went to work on the Halsell ranch Monday.

R. E. Dillon and L. B. Johnston left Friday for the Plains to look for work.

W. E. Robbins of Foard City was a visitor in this community Saturday night.

Bob Thomas and wife of Crowell were visitors of the W. B. Jones' family Sunday.

W. C. Golden and family of Foard City visited the John M. Johnston family Sunday.

Walter Ely and family visited relatives in the Margaret community Saturday and Sunday.

Mr. Howell and family from Paducah were visitors of F. C. Borchardt and family Sunday.

Misses Ruby and Vera Johnston called on Miss Susie Belle Tye at Crowell Friday morning.

A large crowd was present and there was a good singing at the John M. Johnston home Sunday night.

Miss Ruth McDuck who has been visiting in the P. H. McLain home returned to her home Saturday.

Rev. Richard and wife from Clovis, N. M., were visitors of the Jim Harper family the latter part of last week.

Misses Lucy and Eunice Randolph of Jamison are spending this week with friends and relatives in this community.

Garnett and Glenn Jones and Misses Evelyn Jones and Vergie Borchardt motored to Sloan Springs Sunday afternoon.

Clint Sargent and wife from Oklahoma are visiting W. F. Draper and family. Mr. Sargent once resided in this community and is Mrs. Draper's brother.

Mr. McDonald and family from Collin County, who were en route to New Mexico stopped a few days with Mr. Mulder and family last week. Mrs. Mulder is Mr. McDonald's daughter.

D. M. Shultz went to Crowell Friday

to have some dental work done.

Mrs. Dickson of Margaret visited a few days last week with Mrs. William Blevins.

W. E. Rector and wife spent Sunday with S. M. Tole and family near Thalia.

Mrs. Hugh Shultz has been quite ill the past week, but better at this writing.

Mrs. Charlie Stokes went to Crowell Friday and had a mole removed from her lip.

Mesdames Bond and Goodman of Margaret spent Wednesday with Mrs. Charlie Stokes.

Miss Jessie Lissenby of Spur, Texas, spent Tuesday night with her aunt, Mrs. Will Gamble.

Lonnie Goodman and wife of Margaret spent Sunday with her parents, Mr. and Mrs. Hembree.

Will Gamble and family spent Saturday night with their daughter, Mrs. Herman Greening, near Crowell.

Sim Gamble and family attended church at Thalia Sunday and took dinner with their daughter, Mrs. W. A. Johnson.

Mr. and Mrs. Hukill took their daughter, Mrs. Grady Finnie, who had been visiting them, back to her home at Vernon Saturday.

Mr. and Mrs. R. L. Alexander and son, George and little son, came in from Henrietta Tuesday to visit their daughter and sister, Mrs. William Blevins.

J. R. Gamble and wife of Crowell spent Sunday afternoon with Will Gamble and family. Mrs. Sarah Johnson returned home with them for a short visit.

W. E. Rector and wife left Monday for the place they have rented south of Vernon where they will stay until they get the land plowed and ready for wheat sowing.

The families of William, Henry and Charlie Blevins, Mr. Goodman and Mrs. Dickson had a big fish fry on the Creek Monday. They report plenty of fine fish to eat.

Misses Ruth Haney, Blanche and Faye Randolph, Emma Woods and Roy Awbrey, Lynn Walker and Milburne Fox were guests of Fannie and Dave Shultz Sunday afternoon.

Crowell, Texas, July 22, 1921

Bond Election Next Tuesday

On next Tuesday Crowell will decide whether or not it is willing to vote on itself \$100,000 worth of bonds for water purposes. All the necessary preliminary work has been done and further steps in the direction await the action of the citizens of the town in voting bonds. So the vote Tuesday will say that the work is to be continued or that it is to be stopped.

In case we go forward with the proposition of developing water, it will mean a better town in many ways. Water is one of the essentials of this life, it is not a luxury, and no town ever voted to buy a luxury, and no town ever voted to buy a luxury when it voted for water. Mistakes have been made, to be sure, but in this case we do not believe any mistake has been made.

In the first place a competent engineer was employed to make the preliminary test and his work was done thoroughly and upon the basis of what has been found to be true, so far as human knowledge is able to ascertain the truth all subsequent developments rest. When the test was made the engineer was in position to estimate the supply, which, according to the well put down, justifies the belief that there will be ample water for the town. Then the cost of putting in a water system was figured, which approximated about \$71,000, and an election ordered for \$100,000, an amount thought to be needed to put the proposition up to where it would have to be.

Some little objection has been reported to the issue on the ground that water is not going to be furnished the entire town. Some have said it was only for the business section. Others have been a little more liberal by saying that it will cover the business section and a small portion of the residence section. The News is in position to say that this is a mistake. The system was figured to cover the entire town as completely as it is possible for it to be done. That is exactly why it is to cost \$71,000, instead of \$25,000. It is planned to put in a real water system and if it is a failure it will be because the water supply is not what it is thought to be, and in that

case we shall all suffer alike. No one will have water when his neighbor can have none.

If those who are raising objections to the proposition on the ground just mentioned had been at the meeting of the chamber of commerce when Mr. Nolan read the report which he prepared for a complete water system some weeks ago they would have understood the extent of the system proposed. Every detail was given in that report, and as to the pipe lines through the city every street to have one was named and no home in Crowell, unless it might possibly be in a very few of the most remote and out of the way places will be further than one block from a pipe line. The News would be glad to publish that part of the report relating to the extent of the system if we had it at hand, but it is in Mr. Nolan's possession and he is in Austin and will be there for several days to come. Quite a number of the citizens were present at that meeting and they expressed themselves as particularly pleased with the fact that such a system would cover the town so well. The people on the outskirts of the city will have the same water advantages as will those who live in the town, because none of them will be further than one block from a line, as above stated, and many in the middle of town will be that far away. No one need fear that water will be out of reach, unless it be in extreme cases. That, of course, can not be avoided if one lives outside the city limits.

As to the water supply, that is something that nobody can ever tell anything about until after a thorough test covering a period of time. Few towns can have an absolute guarantee of an ample supply of water until after they have tried their system for some time. The best that can be done is to gather all the facts to be procured with reference to the supply and base estimates on these. This is what has been done in this case. We may not get enough water, but it is thought we can. In any event we will have more than we have now by many thousand gallons daily. If our well holds up like it ought to we shall have plenty of water to supply our town for several years. Time will come, likely, when it will have to be augmented by additional supplies. We are not building now for all time, but for the present and immediate future.

A water system will cost us some money, but it will also save us some. Roughly estimating the saving on insurance premiums alone it will range around \$3,000 a year, and when the town is larger and more business comes to Crowell the saving will go far beyond that. It is reasonable that the saving from this source alone will equal the amount of the sinking fund on the \$100,000, so that the interest, which itself will regularly decrease, is all we need worry about.

When we get water we can have ice. These hot days remind us of the need of an ice plant. We are paying \$1.25 per hundred. Part of this goes to the railroads for hauling about a hundred miles and just as well be put into a home enterprise. We have noticed that the price of ice at Vernon is from 60 cents to \$1.00 per hundred. So we are paying an excess of 25 per cent over the maximum price at Vernon. We can have as cheap ice here as anywhere. And even at \$1.25 we can always get ice. It is not the fault of the local men, it's because we are depending on other towns to furnish us and there are too many doing like we are.

It might be interesting, and perhaps profitable, to know how much water other towns use. Unfortunately we do not have at hand information of this kind from more than one town, that is Vernon. We read in the Vernon Record where the city engineer of that city had estimated that Vernon is now using 500,000 gallons of water daily. In the winter this is cut about half. Vernon is a city of a little more than 5,000, so the consumption of water there is now approximately 100 gallons to the person daily. Statements made by the Record indicate that there is a heavy waste of water in Vernon by reason of defective connections and carelessness on the part of the users. Vernon's system has been in long enough for the people of the town to get in the habit of being extravagant with water. There are thousands of trees and hundreds of lawns and a sewerage system, all of which require a large amount of water, and yet, they use only about 100 gallons to the person in the summer and 50 gallons in the winter, while our supply is conservatively estimated to give us daily about 60 gallons to the person.

Taking all things into consideration it appears that Crowell will be making the best step of its history in voting bonds for water next Tuesday.

Three good 4-year-old Jersey cows with young calves for sale or trade.—C. C. Joy, 5 miles south of town.

Mrs. M. L. Allee and daughter, Opal, left this week for their home in Dallas after a visit with relatives here.

When in need of oil of any kind see me or phone 326.—Texhoma Oil & Refining Co., W. B. Wheeler, agent at postoffice.

L. M. Howard of Hamlin who had been working with Mr. McLain's thresher for several weeks left Sunday for his home.

Miss Litha Crews was in Paducah last week attending a house party given by Mrs. Jesse Arp. She returned home Saturday.

Rev. J. D. Standifer made a trip to Fort Worth last week and was accompanied home by his son, M. L. Standifer of Sherman, who visited him for several days, returning Tuesday.

Mr. and Mrs. W. R. Womack went to Quanah Tuesday where Mrs. Womack had a growth removed from her nose. Their son, Reecy, was also operated on for the removal of his adenoids.

Mr. and Mrs. R. A. Wells and son, George, left yesterday for McLean, where they will get George's wife and will go from there to Ware, Texas, to visit Mr. and Mrs. W. W. O'Neal and family.

Mrs. Bart Fox and daughter, Mrs. S. E. Tate, left Tuesday for Honey Grove, their old home, to visit relatives and friends. This will be Mrs. Fox's first visit to that place in 25 years. There were taken to Vernon by Mr. Fox and Mr. Tate.

Miss Ruth Pool who has been visiting her father and brothers for the past week left Wednesday morning for Houston to assume her duties as comptometer for Allnoch & Co., wholesale dry goods merchants. She was accompanied to Vernon by her sister and brother-in-law, Mr. and Mrs. Evans Mitchell, and Decker Magee.

This ghost was a 1921 model

LAST MONTH, on a bet, WITH THE boys up home, I SPENT a night, ALONE IN the old, HAUNTED HOUSE, AND WHEN I heard, MOANS AND groans, I SAID "The wind," AND TRIED to sleep, I HEARD rappings, AND SAID "Rats," AND ROLLED over, THEN I heard steps, AND IN the light, OF A dying moon, A WHITE spook rose, I WASN'T scared—much, BUT DIDN'T feel like, STARTING ANYTHING, BUT THEN I caught, JUST A faint whiff.

OF A familiar, AND DELICIOUS smell, WHICH TIPPED me off, SO I gave the ghost, THE HORSE laugh, AND SAID "Ed, YOU FAT guys, MAKE BUM ghosts, BUT BEFORE you fade, LEAVE WITH me one, OF YOUR cigarettes, THEY SATISFY."

THAT spicy, delicious aroma of fine tobaccos, both Turkish and Domestic, makes you almost hungry for the "satisfy-smoke." And there isn't a ghost of a chance you'll ever find its equal anywhere—for the Chesterfield blend is an exclusive blend. It can't be copied.

MARGARET NEWS

(By Special Correspondent)

Mrs. J. H. Taylor has been very sick this week.

Mrs. O. E. Haseloff's mother from Arizona is visiting her.

Wesley Taylor left for his home in El Reno, Okla., Wednesday.

D. M. Ferebee and family of Vernon visited relatives here Sunday.

Mr. Eggleston of Crowell was a business visitor in our town Tuesday.

S. B. Middlebrook moved his family to his farm on Mule Creek this week.

W. D. Bhrress and Leon Solomon of Thalia were visiting in our town Tuesday.

Miss Lydia Belle Ferebee of Vernon is spending the week with relatives of Margaret.

Mrs. Will McCord of Elmer, Okla., visited with relatives here Saturday and Sunday.

Mrs. Isabelle Hunter left Wednesday for an extended visit with her daughter at Waco.

B. W. Self of Crowell was in Margaret Wednesday looking after his business interests here.

Mr. and Mrs. W. T. Dunn and Temp Fletcher were called to Quannah last week to the bedside of Albert Fletcher.

Mrs. John L. Hunter went to Vernon last week to be with her daughter, Mrs. J. W. Spotts, who was very sick.

J. D. Wright and M. T. Reinhardt left for the oil fields of Electra this

week to look over the oil situation and take notes for probable developments of other fields.

Salaries Paid to Governors

New York	\$10,000
Pennsylvania	10,000
Illinois	12,000
Ohio	10,000
California	10,000
New Jersey	10,000
Indiana	8,000
Louisiana	7,500
Georgia	7,000
Arizona	6,500
Texas	4,000

In each of these states the salaries of other state officers are correspondingly higher than those of this state. One of the proposed amendments to the constitution is to increase the salaries of the state officers. Some of these are now ridiculously low. For instance, the salary of the Secretary of State is only \$2,000 a year salary, not much if any more than that of a common laborer. The honor of holding an office is worth something but it is not sufficient to fill these offices with the best men.

BIG WHEAT CROP IN NORTHERN OKLAHOMA

Clyde McKown came down from Clinton, Okla., Friday where he has his headquarters, and spent a few days here with his folks. He had just started his new work and had been in Kansas. He will be stationed at Clinton and will operate out from that place.

Clyde says they have a big wheat crop in Oklahoma and Kansas. In Texas County, Oklahoma, he says they are estimating the wheat to be a 7-million bushel crop.

LEAGUE OF NATIONS IS FOR DISARMAMENT

Paris, July 16.—President Harding's disarmament program will have the full support of the League of Nations. Delegates to the meeting here today of the league's commission on disarmament, representing twenty countries, cheered enthusiastically when Rene Viviani, former Premier of France and presiding officer of the commission, pledged wholehearted support to the Washington disarmament conference.

"We are happy to greet the initiative of President Harding," said Viviani.

"We are glad to associate ourselves with it and to give it our assistance."

In Harmony with League
Lord Fisher of Great Britain, following Viviani, declared the Washington conference would be in entire harmony with the disarmament ideas of the league. He suggested, however, that land disarmament will be difficult as long as Russia and Germany remain uncertain elements in the situation.

After a preliminary meeting, the delegates adjourned to meet again tomorrow. Only the broad general outlines of the discussions to be engaged in during the sessions was gone over today. The object of the commission is to have munitions manufacture declared a Government monopoly in every country, prohibit trading in arms and limit the amounts of military budgets in all nations for a term of years.

DODSON'S LIVER TONIC INSTEAD OF CALOMEL

Calomel is quicksilver. It attacks the bones and paralyzes the liver. Your dealer sells each bottle of pleasant, harmless "Dodson's Liver Tonic"

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

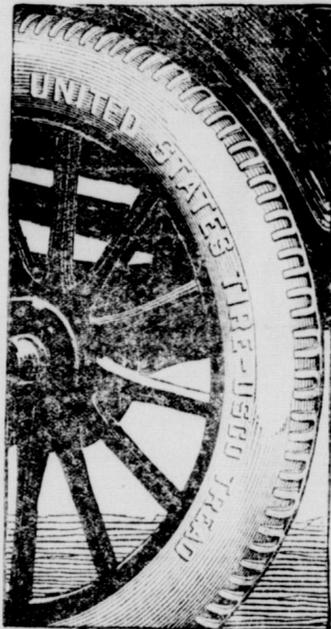

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. . . I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E 55

under an ironclad, money-back guarantee that it will regulate the liver, stomach and bowels better than calomel, without sickening or salivating you—15 million bottles sold. E 55

THE U. S. USCO TREAD

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

United States Tires are Good Tires

- U. S. USCO TREAD
- U. S. CHAIN TREAD
- U. S. NOBBY TREAD
- U. S. ROYAL CORD
- U. S. RED & GREY TUBES

The standard tire likes nothing better than to prove its service

PEOPLE used to be secretly envious of the young fellow who came tearing up the street and stopped his car with a jerk.

Now they are inclined to criticize such abuse of tires. A mark of the growing consciousness about tires—their service, their work, their value.

This same respect for a good tire is the reason why the four-square tire dealer has passed up odds and ends, "job lots", "seconds", "cut prices"—and come out squarely with the standard quality service of U. S. Tires.

He is getting a bigger, and also better, tire business than he ever had before.

He is dealing now with his own kind

of people. The substantial citizen. The man who knows that you can't get something for nothing. The steady customer—not the bargain hunter.

To the man who has not yet learned the standard tire service he is entitled to we say—

Go to the dealer in U. S. Tires and make him show you.

Here is a man in close touch with one of the 92 U.S. Factory Branches—a constant supply of fresh, live U. S. Tires.

The U. S. Tire you buy is a tire built for current demands. No overproduction. No piling up of stock. No loss of mileage by hanging around on the dealer's racks.

Every way you look at it, a par quality tire at a net price.

"Enforce Laws to Do Away With Ku Klux Klan," Judge Declares

Fort Worth, Texas, July 18.—"If you would do away with the Ku Klux Klan in Tarrant County, do your duty as jurors and enforce the law," Judge Ben B. Terrell of the Sixty-Seventh District Court told 200 talesmen lined up for jury service this week. "I want to say as a judge of your county that it is a bad state of affairs when men must hide in the darkness with masks upon their faces to enforce the laws," Judge Terrell said. Bootlegging was referred to by Judge Terrell as "the seat of all crime."

The Quanah Tribune-Chief thinks the wheat acreage in Hardeman County for 1922 will be increased 40 per cent, and estimates a 75,000 wheat acreage. This increase is attributed to the possible work of the combination machines which were introduced there this year.

Three courses of study will be added to the high school course at Vernon this fall, trigonometry, Spanish and home economics.

in the corporate limits of the City of Crowell, and all closets to be erected in the future shall be provided with a screen either of wood or woven wire, so adjusted as to be easily raised or removed and replaced by the scavenger, and placed at the rear of said closets so as to prevent the blowing away of paper or other loose matter from such closet, and any owner or occupant of premises who fails to comply with the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be fined in any sum not less than one dollar nor more than ten dollars, provided each day shall constitute a separate offense.

Section 11. Be it further ordained that the person who shall be appointed scavenger by the City Council is hereby empowered to enter all buildings, lots or yards for the purpose of inspecting privies and removing sewage and fecal matter therefrom in compliance with this ordinance, and any person or persons refusing to allow the scavenger to enter such buildings, lots or yards for the purpose named, or who shall in any wise hinder him from the performance of his duty shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not less than one dollar nor more than ten dollars.

Section 12. This ordinance shall become effective and be in force on and after the first day of August, 1921.

City Ordinance

An ordinance providing for the cleaning of closets or privies within the corporate limits of the City of Crowell, Texas, and keeping same in a sanitary condition, and prescribing the way said closets or privies shall be constructed and maintained, fixing a license tax and making penalties.

Section 1. Be it ordained by the city council of the City of Crowell that the cleaning of all closets or privies within the corporate limits of the City of Crowell shall be done exclusively by the Sanitary Department of the said City of Crowell and it shall be unlawful for any private citizen to do said work.

Section 2. That a scavenger shall be appointed by the city council of the City of Crowell whose duty it shall be to visit each and every closet or privy in the town; if it be at a private residence once in each month, and if it be at a business house, wagon yard, hotel, restaurant, or place used by the public, once each two weeks and remove all fecal matter therefrom, using therefor a metal lined vehicle, to be approved by the City Marshal, and after the removal of said fecal matter, the scavenger shall disinfect said privies, which said disinfectant shall be furnished by the town.

Section 3. That the scavenger in removing the sewage and fecal matter shall drive the vehicle in which it will be removed as close to the privy as possible and practicable and in such

a manner as will attract the least attention and shall remove all substances taken from privies to the city dumping ground beyond the city limits, and shall dispose of it in the manner directed by the City Health Officer and approved by the Mayor and City Council.

Section 4. All privies located near or over any ditch, drain, ravine or branch, are hereby declared a nuisance, and the owner thereof shall be given five days notice by the City Marshal to remove same at least five feet from such ditch, drainway, ravine or branch, and upon failure to remove such owner shall be guilty of a misdemeanor and upon conviction thereof shall be fined not less than one dollar nor more than ten dollars, and each day the same shall remain after notice shall constitute a separate offense.

Section 5. It shall be unlawful for any person to bury within the corporate limits of the city any sewage or fecal matter removed from any privy, unless authorized by the City Health Officer, and any person so doing shall be guilty of a misdemeanor and upon conviction thereof shall be fined not less than one dollar nor more than ten dollars.

Section 6. Be it further ordained that it shall be the duty of every person, firm or corporation to procure a license for the privilege and right to maintain or permit the use of any privy or closet, owned, occupied or leased by them, or under their control or superintendence, and to pay the City Marshal the license fee prescribed herein.

Section 7. That the following fees shall be paid quarterly and in advance for the license required herein, and shall be paid to the City Marshal at his office, and if not paid before the tenth day of the month after the same becomes due twenty-five cents shall be added to same as a penalty, and the following prices shall be required for the right and privilege to maintain or permit the use of any privy or closet within the corporate limits of the City of Crowell: For each private residence \$2.00 per quarter; for each business house, \$3.00 per quarter; for each hotel, restaurant, wagon yard, or other closet used by the public, \$4.00 per quarter.

Section 8. That upon the payment of the proper fee or tax the City Marshal shall issue a license for the right and privilege to maintain or permit the use of any privy or closet, which license shall state the name of the licensee, the amount of the fee or tax paid and the period of time for which the same is issued.

Section 9. Be it further ordained that any person or persons exercising the privilege of using and maintaining, or permitting the use of any closet or privy under their control, who shall fail or refuse to pay the license as herein required, shall be guilty of a misdemeanor, and shall upon conviction be fined in any sum not less than one dollar nor more than ten dollars.

Section 10. Be it further ordained that all closets now in existence with-

Report from Junior League

The Junior Leaguers are glad to report that they have not gone into summer quarters, neither are they thinking of doing so.

The hour of meeting has been changed from two o'clock to five-thirty, the latter hour being more pleasant and convenient for the summer.

Next Sunday afternoon during the opening exercise an alphabetical drill will be conducted, led by Mildred Cogdell.

The A division of the League will have for their lesson the story of Esther.

The B division will have the story of the Captive Maid, illustrated in the Sand Table.

Let every member be present and bring some one with you. We were glad to enroll a new member last Sunday.—Reporter.

T. E. L. Monthly Class Meeting

The monthly meeting of the T. E. L. Class of the Baptist S. S. was held in the home of Mrs. Duke Wallace July 14th, this being the first anniversary of the class.

New officers were elected and work planned for next year. Mrs. Bell gave the class history showing how the number has increased from 9 to 41, and more than five hundred dollars raised for local work.

Mrs. Billington gave the class prophecy telling of work we hope to do next year. Mrs. Wallace proved herself a good hostess, for the social hour was well planned and carried out, having a contest and the story of the Catherine Wheel, also a puzzle. The meeting was well attended. The "Hustlers" showed up a little better this time. Look out for the "Rustlers" next month with Mrs. Bell.—Reporter.

Y. P. Missionary Society

Mrs. R. R. Magee was hostess to the Young People's Missionary Society Tuesday afternoon, July 12th. Several members answered roll call with interesting current events on the missionary work.

After the devotional exercises, the lesson on the "New Health Crusade" was discussed. The subject was interesting and instructive as it told of the many ways in which we might make our neighborhood better and more healthful.

 County Judge, Foard Co.,
 CHAS. Y. WELCH,
 County Judge, Hardeman Co.

J. A. Shawver leaves today for his home in Clarendon after spending a week here attending to some business.

NOTICE OF BOND ELECTION

Notice is hereby given that an election will be held at the court house in the City of Crowell, on the 26th day of July, 1921, to determine whether the bonds of said City of Crowell shall be issued to the amount of \$100,000.00, payable forty years from their date, and bearing interest at the rate of six per cent per annum, said bonds to be paid serially in from one to forty years, for the purpose of purchasing and constructing water works within the limits of said City of Crowell, and whether there shall be annually levied, assessed and collected on all taxable property with said City of Crowell, for the current year and annually thereafter while said bonds, or any of them, are outstanding, a tax sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity. Joe W. Beverly has been appointed manager of said election, which shall be held as nearly as possible in conformity with the general election laws of the State.

No person shall vote at said election unless he be a qualified voter under the constitution and laws of this State, and property tax payer in said City of Crowell.

Those in favor of the issuance of the bonds and the levying of the tax shall write or print on their ballot, "For the Bonds and the Tax," and those against the issuance of the bonds and the tax shall write or print on their ballot, "Against the Bonds and the Tax." Said election was ordered by the City Council of the City of Crowell at a regular meeting of said council by order passed on the 21st day of June, 1921, and this notice is issued pursuant to said order.

Dated this 22nd day of June, 1921.
 C. T. SCHLAGAL,
 Attest: Mayor of the City of Crowell,
 CLAUDE A. ADAMS,
 City Secretary.
