## CROWELL IN LINE FOR LEE HIGHWAY

Delegates Returned from Lawton Convention Highly Elated Over Outlook for Road

Those who attended the annual convention of the Lee Highway last Thursday at Lawton from Crowell were George Self, S. T. Crews and H. E. Ferguson. They returned Friday greatly enthused over our prospects of getting the Lee Highway, one of the few transcontinental highways of America. As stated in last week's issue of the News, this highway runs from New York City to San Francisco, and has already been designated to pass through Lawton, Okla., and on to Clovis, N. M. We are in line for it between these two points. A tentative route had been over the Ozark Trail north of this section of country, but recent investigation of the route through this country over the F. F. F. has gained favor with the field man, Mr. Johnson, and his father, Dr. S. M. Johnson, the director general, so that it seems that we have quite an influence in our favor. This is said to be the shortest route and is much preferred on account of the better road building character of the soil, which is comparatively free from sand.

Another change in the route has been suggested by Dr. Johnson himself, which would leave Altus to the north and come by Frederick and direct to Vernon.

Dr. Johnson came from Lawton to Vernon after the convention and spoke to the citizens of that city relative to this matter Thursday night of last week and next day was taken to Roswell, N. M., passing through Crowell about 6 o'clock. He met a very few of our people here and could have had a splendid audience even at that early hour had our folks known in time that he was coming.

On Monday Mr. Coffey of Vernon who accompanied Dr. Johnson to Roswell, N. M., passed through Crowell on his return home, and he reported that the entire trip was made from Vernon to Roswell, a distance of 400 miles without ever having to change gear of car. The trip was made in a Buick Six. Dr. Johnson said that this was the best stretch of dirt road he had ever ridden over in his life.

These are some of the facts which we have on which to base our hopes of getting the Lee Highway put through Crowell.

### What Is Lee Highway?

To most of our people the Lee Highway is something new. It is new because we have not been interested very much in the proposition until very recently. That interest is intensified because we have an excellent chance of getting the road through by Crowell. The following from the Lawton Constitution fully explains what the Lee Highway is. It follows:

It is a national memorial to General Robert E. Lee. A memorial in a form that it may endure as long as the earth retains its shape yet one with the maximum of usefulness not only to a series of cities and communities spanning the continent, but also to the entire country and to visitors from others, and this for all times.

The path of the Lee Highway is fittingly located in the south. From the point of origin in New York City to its final stage at San Francisco the highway forms a semi-circle of service over the southern half of the United States. It links New York and Muscle Shoals, by way of Philadelphia, Wilmington, Baltimore, and their harbors, Washington, Roanoke, Bristol, Knoxville and Chattanooga. With its wealth of famous springs, with its scenery unsurpassed, with hotels and everything that makes for recreation, the highway continues past Muscle Shoals, links the Tennessee River with the Rio Grande at El Paso.

Between Muscle Shoals, Ala., and El Paso, Texas, Lee Highway crosses the Mississippi at Memphis, the St. Francis and White Rivers, then the Arkansas at Little Rock and follows up the rich, fertile and beautiful Red River Valley through southern Oklahoma and the Panhandle of Texas. It crosses the Pecos at Roswell, and reaches the Rio Grande at El Paso, Texas, on the Mexican border. Across Arizona it follows the Gila and Salt Rivers and crosses the Colorado at Yuma, on the Arizona-California line.

From El Paso back into and across southwestern New Mexico through Lordsburg, Globe, and

## Earthquakes and Heat Annoying in California

In a letter to his grandmother, Mrs. Lizzie Fox of Margaret, Ethridge Truesdell of Calexico, Cal., tells of some fearful experiences in that country recently. The letter was written on July 12, and says that several people in that country had recently died from heat, and that they themselves were having to be quiet for about four hours in the middle of the day, and in addition to that take about three shower baths a day in order to keep from giving away under the effect of the oppressive heat.

Besides the annoyance of the heat, young Truesdell says they recently had some experiences with an earthquake that was severe enough to make one rather uncomfortable. He does not state on what date it occurred, but it was in the day time and lasted about 3 minutes. There were two shocks, the first one being the more severe and lasted for about one minute. It smashed brick buildings, burst cement dams, tanks, etc. Truesdell himself was sitting by the side of a tank of water and the tank swayed so much that the water was thrown out at the top of it.

Speaking of the heat he says it went to 115 and 120.

Notwithstanding the oppressive heat the Truesdell family are in good health.

They went from this country a few years ago and have been engaged for the most part in dairying and farming.

## PICNIC AND BARBECUE AT RAYLAND AUGUST 4

The News has been advised to give announcement to the fact that on August 4 there will be a barbecue and picnic at Rayland. This is to be backed up by the Rayland community. It is understood that they have the promise of Jim Ferguson's presence on this occasion and that he will make a speech there. This, however, is not given out as a certainty, because there are many things to interfere with engagements of this kind. But if Mr. Ferguson should not be there they will have the barbecue and picnic anyway.

## Honoring Visitors from Dallas

Mr. and Mrs. C. Q. Crawford and Mr. and Mrs. C. W. Thompson entertained a few of their friends Tuesday evening at the City lake with a watermelon party in honor of Mr. and Mrs. W. C. Knight of Dallas, who are guests of Mr. and Mrs. Rob Cooper. After a pleasant swim, ice cold watermelons were served to the following: Mr. and Mrs. Rob Cooper, Mr. and Mrs. Knight, Mr. and Mrs. Counts Ray, Mr. and Mrs. Edgar Womack, Mr. and Mrs. Paul Shirley, Mr. and Mrs. J. T. Carter, Mr. and Mrs. T. B. Klepper and the hosts and hostesses.

## Married

Mr. S. D. Mitchell of Georgia and Miss Ruby Cates, daughter of Mr. and Mrs. I. M. Cates, were married last Saturday.

Mr. Steve Belsher and Miss Beulah Lloyd, both of Crowell, were married in Quanah last Saturday night.

Samuel D. Tye, oldest son of Mr. and Mrs. John P. Tye of this city, was married to Miss Ailene Vigne of Fort Worth, Texas, Wednesday evening, July 19. They will make their home in Fort Worth.

southern California by Holtville and El Centro to San Diego, Lee Highway is a road of primary importance to each town, city and state, while the region traversed offers attractions equal to any in the United States.

From San Diego to San Francisco choice of route is yet to be made.

The "why" of the Lee Highway is that the Lee Highway association had felt that it was serving not only this generation but also posterity in making provision that the name, the fame and the inspiration of the great southerner should be perpetuated and that all Americans might lend a hand in building the structure to honor this great man.

It seems peculiarly fitting that there should be a Lincoln Memorial Highway through the north and a Lee Memorial Highway through the south. It is fitting that both should begin at New York City and be reunited at San Francisco, for together they will constitute a golden chain binding together through all time, North and South. East and West in the bond of an indissoluble Union.

## The County Vote by Precincts

	Crowell	Thalia	Margaret	Foard City	Good Creek	Rayland	Black	Vivian	Total
Judge	218	64	66	22	19	48	19	33	489
JESS OWENS	391	137	62	61	16	36	29	24	756

S. B. MIDDLEBROOK	52	52	94	13	3	22	13	6	255

For United States Senator Ferguson received the largest vote of any of the candidates. The vote was as follows: Culberson, 140; Ferguson, 275; Henry, 47; Mayfield, 164; Ousley, 232; Thomas, 215.

For Governor the vote was as follows: Neff, 619; King, 33; Rogers, 347; Warner, 104.

For District Judge, Cole, 616; Hankins, 192; Gross, 73; Leake, 159; Warlick, 76.

## Who Is Dr. Johnson?

It might be interesting to our readers to know who Dr. S. M. Johnson is the man who is General Director of the Lee Highway. The following is a brief sketch of the man's life.

He was born in Virginia and went west with his parents in early childhood, locating in Iowa. From the high school of his home town, Fairfield, Iowa, he went to Princeton University and later to McCormick Theological Seminary at Chicago. He served as a pastor in the Presbyterian church for eighteen years, first at Corning, Iowa, then in Denver, Colo., and lastly in Chicago.

His active service and brilliant achievements as a minister were brought to a close by a nervous breakdown and he was forced to go into the open air for a recruiting of his health. Seven years were spent as a cotton planter in North Carolina. Financially he failed. His next venture was that of a builder and promoter of city properties. In this he was fairly successful, but again he sought rural life, and twelve years ago he moved to New Mexico where he settled on a ranch in one of the valleys of that country. It was there that he came to see the great need of highways and first became interested in the building of local highways. The transcontinental line, known as the Lee Highway, is the last great achievement of his life in highway promotion and construction.

Dr. Johnson is a man of recognized ability and has been influential with State Legislatures and the National Congress in getting legislation favorable to his highway building projects.

## NATIONAL GUARD ORDERED TO AUSTIN

One Hundred Men Left Sunday for Vernon Where They Trained for Capital City

It was reported that the boys of the National Guard had been ordered to Denison, but it developed that they were ordered to Austin. They left Sunday under the command of Major Claude Adams.

Company I is commanded by Captain Q. R. Miller and the headquarters company by Lieut. Scales.

At Vernon these were met by Company K from Quanah commanded by Capt. Hankins; Company M from Chillicothe commanded by Lieut. Booth, and Company L by Capt. Watts.

The last reports were to the effect that 300 members of the National Guard had reached Camp Mabry Monday afternoon and had encamped ready for military duty in connection with possible strike guard duty orders from the Governor.

Later it is learned that martial law has been declared by Denison by the Governor, and five companies, including both the companies from Crowell, have been ordered to go to Denison. The Rangers which were first sent to Denison have been transferred to other points in Texas where guard service is required.

## Returns from Guard Duty

Flem Hays returned Wednesday from Texline where he had been acting as guard for the Fort Worth & Denver Railroad for 14 days. On account of Mr. Hays heavy weight it was necessary for him to give the work up, as he could not endure the long standing.

## All Over Texas

Governor Neff has been requested by mail to send rangers to several places in Texas. In each case it is alleged that railroad strikers and strike sympathizers have been guilty of overt acts and that those who would work have been driven away. The Governor promised to give consideration to each of these requests and will send aid where it is actually needed for the protection of property and life. Among the places asked for protection are Denison, Lufkin, Kingsville, De Leon, Wichita Falls and others.

The diverting of the National Guard from Denison to Austin is explained by Governor Neff as the result of a discovery after a long conference with Attorney General Keeling that the "open port law" does not permit the use of the National Guard in a declaration of martial law. The Texas rangers were sent to Denison instead of the National Guard, as was originally intended. The National Guard goes into camp at Camp Mabry.

The first and only woman likely to be nominated by the Democratic primary Saturday is Mrs. Edith Williams of Dallas. Six other women are reported to have sought nomination, but indications are that they failed to secure nominations.

The course of an open safety pin swallowed by an 8-months old baby at Ranger is being watched with much interest by the parents, who are having daily X-Ray photographs made.

The fair dates for Wilbarger County extend from September 20 to 23, inclusive, and R. H. Coffey has been named as manager for 1922.

## SAYS WE MUST WORK TO GET LEE HIGHWAY

Paducah, July 24.—Dr. S. M. Johnson of Washington, who is crossing the continent in the interest of the Lee national highway, spoke in Paducah Saturday. Dr. Johnson expressed his appreciation to Paducah for the committee that went to Lawton, Okla., last Wednesday in an endeavor to secure the highway for Cottle county.

Dr. Johnson in his address said that the United States government is to furnish one-half of the cost of the highway, and that the states which secure the highway are to furnish the remaining half.

He further stated that the state of Oklahoma had made the requirements for the highway and was waiting on Texas, earnestly requesting that she settle conditions and reach a conclusion as quickly as possible. He said that Oklahoma was ready to do what Texas wanted to do.

Dr. Johnson also called to the attention of the citizens of Cottle county, that in order to have a highway what it should be, that it must follow as nearly as possible a direct line, that there must not be crooks or abrupt turns in it, but as straight a line as can be conveniently made.

"Paducah has an excellent chance for the highway," he said. "I like your county, your town and I believe that you will get the Lee highway, but you must work to do it."

Dr. Johnson finished by saying that the two main streets of our nation would be the Lincoln and Lee highways.

## Services at Presbyterian Church

Rev. Kilbourn asks the News to announce that there will be regular service at the Presbyterian church next Sunday morning and evening.

## YOUNG BANKER WEDS FORT WORTH GIRL

The marriage of Mr. H. Lawrence Kimsey to Miss Ithama Huffman was solemnized at the home of the bride in Fort Worth Thursday, July 20, Rev. H. H. Stephens, pastor of the Broadway Baptist church performing the ceremony.

The bride is the daughter of Mr. and Mrs. F. W. Huffman of Fort Worth and for the past two years has been engaged in teaching in the grammar schools of Vernon.

Mr. Kimsey is first assistant cashier of the Bank of Crowell, a position which he has held for two or three years. He is the youngest son of Mr. and Mrs. W. W. Kimsey of this county.

The young couple arrived in Crowell Friday where they will make their home. They will occupy quarters in the Bank Building for the present.

## HIGHWAY HEAD ENTERTAINED AT VERNON

Vernon, July 21.—The probability of establishing Vernon on the Transcontinental-Lee Highway, the building of a bridge over Red River near Frederick, Okla., and the matter of road maintenance were discussed at a mass meeting of citizens held here tonight in honor of Dr. H. M. Johnson, director general of the Lee Highway Association, and United States Senator Lee of New Mexico.

The gathering of townspeople took place in the Chamber of Commerce rooms. The bringing of Dr. Johnson to this city crowned the efforts of the Vernon delegates to the convention in Lawton, Okla., Thursday and Friday and is considered as an exceedingly favorable indication that the establishment of the Lee Highway from Lawton to Vernon, thence to Crowell and on to Roswell, N. M., may take place.

Another proposed route would take the pike to Hollis, Okla., to Childress and from there to Roswell. It is understood that Dr. Johnson is favorably impressed with the Vernon proposition because the Lee Highway will thereby connect with the well known Three F Highway at Crowell and thus receive the added benefit of State and Federal aid.

The director general accompanied by a local delegation will leave Saturday for Roswell on an inspection tour.

## Not the Man

Sheriff Campbell's trip to Harlan, Ky., after the man whom he had reason to believe was John Teal, was in vain. He says the fellow resembled Teal very much, and the sheriff and detective insisted on his identifying him as Teal, but Mr. Campbell knew his man as well as any person in Foard County. The prisoner held at Harlan was of the proper size, complexion, physiognomy, scar on neck, slight bald head, but hair was quite curly, while Teal's was straight. Another respect in which he did not resemble Teal was the shape of his teeth, which was revealed only when his mouth was open.

The sheriff had a hard trip most of the way on account of the strike conditions, which had effected transportation and wire communications. Train wrecks, riots and killings are not uncommon in that country.

Mrs. J. R. Beverly, Mrs. Fannie Thacker and granddaughter, Miss Frances Hill, left Tuesday afternoon for Manitou, Colo. Mrs. Beverly will be joined later by her husband and they will go from Colorado by way of Salt Lake City and San Francisco to Covina, Cal., where they will visit Mr. and Mrs. C. E. Hutchison and other former Crowell people who live in Southern California.

C. W. Sargent and wife were here the latter part of last week visiting their daughter, Mrs. W. F. Draper, near Foard City. They were en route from Frederick, Okla., where they visited their son, Clint, to their home at Ralls. Mr. and Mrs. Sargent are former citizens of this county and are always glad to meet their old friends here.

Mrs. C. E. Banister and little girl left last week for their home at Cleburne. Mrs. Banister had been with her mother and father, Mr. and Mrs. E. T. Kirkman, for several weeks, having prolonged her stay on account of her father's illness, but could stay no longer at the present time.

Mrs. M. E. Ayers leaves today for Plainview to spend the summer with her daughter, Mrs. Stan. Westbrook

## FAIR ASSOCIATION IS ORGANIZED

Full Set of Officers and Directors Chosen and Outline Made for Fair This Fall

As per announcement at the last meeting of the Chamber of Commerce, the committee appointed to see about getting up a fair this fall, met in County Agent Fred Rennels office in the court house Monday afternoon and threshed out some things. They found it too big a job to settle every detail relative to putting on a fair, so they decided to take another hitch at it next Monday afternoon.

This is what was done Monday. J. B. Easley was elected as president, N. J. Roberts as secretary and Leo Spencer as treasurer. The directors were named as follows: J. B. Easley, N. J. Roberts, J. L. Orr, H. E. Ferguson, Fred Rennels, Leo Spencer, T. P. Reeder and M. L. Hughtson.

It was pretty well decided that enlargement of the grounds would almost be a part of the question for this fall, so that the old grounds will have to serve at least for one more season. It was thought well, however, to make investigation as to the availability and cost of material, and if it should be found at all possible new grounds might yet be provided. Whether or not this will be accomplished for this fall, it is generally understood that it will be before another exhibit season comes. It is regarded as absolutely essential. General interest in an annual fair is growing so rapidly and our county is developing so fast that there is no way out of it. So at least by another year it is expected that Crowell will have an up-to-date fair ground with ample buildings and all necessities for the accommodation of our needs in this line.

Mr. Easley will have the matter in hand and can do it well. His experience with the rodeo recently was worth a great deal to him and he is confident that he can handle a county fair. Of course, he will get his helpers, the best men he can find, who will help him share the responsibility and burdens of the undertaking, and the best possible program will be worked out. One thing for amusement has been definitely settled upon, that is a rodeo, and plans will be made for even a better one than was ever held here before. But that will be only one of the interesting features. The matter of livestock and farm exhibits will receive more attention this fall than before. Better pens for the hogs will be provided and better shades for all livestock. More attention will be given to display, etc. In short, every improvement possible will be made to make it worth while.

The date has not been set on account of the fact that it has not been learned when the fairs of the adjoining counties will be held. Most of them have annual fairs and we can hardly expect to fix the date of ours independent of them, at least this year. We want everybody to come to the Foard County Fair, and they will want to come, so we are going to arrange it so we can have them and so they can come.

More will be said on the subject from time to time.

## Oil Discovered Near Farm of Former Crowell Man

Mrs. Albert Schooley told the News this week that a good producing oil well had been discovered near the farm of her father, T. J. Foreman. Mr. Foreman's land is located two of Sayre, Okla., and he has recently leased 80 acres for a good sum. Several years ago Mr. Foreman lived in Crowell and is remembered by many of our people who will be glad to learn of his good fortune.

## Gets Leg Broken

While returning to his home in the Black community from Crowell Tuesday night on horseback, Lynn Mc Kown happened to the misfortune of getting one of his legs broken in a place above the knee. It is said the horse fell with him. Dr. Hill was called to set the broken member.

## A BUSINESS CHANGE

The News should have announced last week the fact that S. M. Robber and Fred Bomar had bought the Crowell Meat Market, but it escaped us. The name of the market is changed to the Standard Market, and the style of the name as proprietors is Roberts Bomar.

Mrs. N. A. Scales of Crowell is spending the week with her daughter, Mrs. J. R. Coffman, and family.

Jack Wood and family and Bob Huntley and family of Thalia spent Sunday in the Cap Adkins home.

Mr. and Mrs. Adkins, father and mother of Milton Adkins, are here on an extended visit with their son and family.

Mrs. Nettie McKinley and children returned home Monday from a two weeks visit with relatives in Cooke County.

Mr. and Mrs. Archie Williams, Mrs. Jim Long and Mrs. Maggie French of Crowell were visitors in the J. D. Jobe home Sunday.

Mr. and Mrs. Alf Hagerman of Dallas and Alva Wade spent Saturday night and Sunday with Tom Wade and family who live south of Thalia.

Mrs. H. H. Hopkins and children, also G. W. Adkins and baby of Vernon, were visitors in the Mrs. J. M. M. Adkins home one day last week.

The little son of Jim Farrar and wife happened to the misfortune of falling off the porch last Saturday evening, hurting his head very badly.

Jim Rogers and family and Ed Shannon motored to Vernon Saturday to see Mrs. Rogers' brother, Clay Wayland, who had undergone an operation in a local sanitarium one day last week.

Oran Maynard and wife and Otho Murphy and wife of Electra spent Saturday night and Sunday in the Claude Williams home. They were accompanied home by Mrs. Maynard and daughter, Annie, who were here from Sweetwater visiting.

That good Gulf gasoline—service, quality and price. Kerosene, lubricating oil and greases.—Walford Thompson, Res. phone 171, office phone 230.

I take this means of publicly expressing my gratitude for the support given me in the campaign just closed. I extend to you my sincere thanks and appreciation for this support. And now that I am in the run-off or second primary, I come before you again asking that you cast your vote for me in the second primary August 26th.

To those who supported my opponents, I am frank to say that you exercised a privilege that every American citizen is entitled to, and you did right in supporting the candidate of your choice. But now, that you are called upon to choose again, I ask you to give my claim an impartial consideration. It will be impossible for me to make a close canvass of the county, yet I will make an effort to meet as many as I can, and should I be successful in the second primary, I will endeavor to render you service that none of you may ever have cause to regret having cast your vote for me.

Thanking you for any consideration you may see proper to give me, and for every kind word that you may speak and pass on for me, I am,

Yours respectfully,  
MRS. GRACE G. NORRIS.

**King Solomon's Temple**

We often hear discussed these days the greatness of King Solomon's temple of Bible times, but few people even in these days of palmy extravagance and millionaire displays have any adequate impression of the cost of the great temple of Solomon, says the Masonic Sun of Toronto, Canada. According to Villapandus, the "talents" of gold, silver and brass were equal to the enormous sum of \$34,399,111,000; the worth of the jewels is generally placed at a figure equally high. The vessels of gold, according to Josephus, were valued at 140,000 talents, or \$2,876,481,015. The vessels of silver, according to the same authorities, were still more valuable, being set down as worth \$3,231,720,000. Priests' vestments and robes of singers, \$10,050,000; trumpets, \$1,000,000. To this, add the expenses of building material and labor, etc., and we get some wonderful figures.

Ten thousand men hewing cedars, 70,000 bearers of burdens, 80,000 hewers of stone, 3,300 overseers, all of whom were employed for seven

**Soda Fountain SERVICE**

Is not only giving you what you order promptly, REAL SODA SERVICE makes a study of cleanliness and purity to insure your having the best drink or sundae procurable.

OUR FOUNTAIN is cleaned and inspected daily to ensure that cleanliness so necessary to palatable foods.

As to ingredients, we use only the purest freshest, cream, and the famous LIGGETT FRUITS, than which there are none better.

And at that, our prices are moderate.

**CALOMEL SALIVATES AND LOOSENS TEETH**

The Very Next Dose of This Treacherous Drug May Start Trouble

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

Many foresighted thinkers believe that the great war just closed is only a prelude to a greater one yet to come. Unfortunately, however, the Lord doesn't tell all that he knows.

Dodge Brothers cars, one of the best made. Sold by E. Swaim.

**City Meat Market**

Carries everything in the line of an up-to-date meat market, together with packing house meats such as Boiled Ham, Mince Ham, etc., except beef. Also carry Pure Hog Lard, the kind your mother used to make during hog-killing time. Come in for a fresh tender steak of beef or pork for dinner, or maybe it's pure hog sausage you want. If so the City Meat Market is the place to get it.

**F. J. MEASON, Proprietor**

Entered at the post office at Crowell, Texas, as second class matter.

Crowell, Texas, July 28, 1922

Two of the candidates who were defeated for state offices in the primaries are Bob Henry for United States Senator and W. A. Johnson for Lieutenant Governor. It must be very painful to them to be turned down by the Ku Klux Klan, whose cause they so valiantly espoused. Mr. Henry was an avowed member and assumed authority as its spokesman over the state but he did not get the Klan vote. Mr. Johnson was one of those fellows who said "I am not a member, but—" and he always availed himself of the opportunity of putting in to give the Klan his endorsement and all the free advertisement he could in his paper. He even admonished his townsmen to "stand hitched" when the Klan paraded the streets of Memphis. That meant nothing else but to submit to the will of the mob. Mr. Johnson was the first candidate in Texas to make the Ku Klux Klan an issue in Texas politics. The dear Klan turned Mr. Johnson and Mr. Henry down. Why? Because the Klan was afraid its endorsement of these men would kill the Klan as dead as heck. Now, we wonder what these defeated candidates will do about the Klan.

If there was hope of a settlement of strike troubles a few days ago that hope seems to have vanished. Martial law has been declared at the railroad shops at Denison and state troops ordered to go in there. The Rangers have been ordered to Childress and Sherman. Others, it is said, will be sent to Cleburne, Temple, Amarillo, Marshall and other points. Perhaps the unions are expecting compromises, such as Mr. Wilson made with them while he was President. President Harding does not seem to compromise so easily. We believe this thing just as well be fought out now as any time. A compromise now would mean another few months hence, they merely prolong the trouble. Of course, under the circumstances President Wilson perhaps acted wisely, because we had foreign troubles then, but they are settled now and certainly we ought to be able to handle the present situation. Unions are all right as long as they do not try to arrest the commer-

cial progress of the country, but they are all wrong when they would jeopardize the interests of the public to carry out their own schemes.

#### LEE HIGHWAY TO HIT FREDERICK

Frederick, Okla., July 24.—Citizens here are jubilating over the prospect that Frederick will be on the route of the transcontinental Lee Highway, a mid-southern inter-ocean paved highway, originally marked to run west from Lawton via Hollis and Childress and on to Fort Bliss, but now planned to run from Lawton through Chattanooga, Frederick and Vernon, which would be almost a bee-line from Lawton to Fort Bliss. Thus it would serve as a superb military highway. The proposed new route would have very sandy roads west of Altus.

A delegation from Frederick attacked a conference at Lawton Saturday and later in the day motored to Vernon, and was given an intimation by Dr. H. M. Johnson, director general of the association, and Senator Lee of New Mexico, who are now at Roswell, N. M., that the new route would be adopted.

#### To the Voters of Foard County:

I wish to thank every one who voted for me in the recent primary, and as it was understood that the two high men would run off in the second primary I wish to say I am still in the race, and will appreciate every vote that may be cast for me, and promise to do my very best to discharge the duties to the best interest of the citizenship of Foard County, if elected.

I am running on my record as a citizen of Foard County for 25 years, and if I did not feel that I was qualified to fill the office with fairness to all, regardless of whether they vote for me or not, I would not ask you for your vote.

Inasmuch as the time is short until the second primary, I may not be able to see every voter personally, but ask that you consider me, and if you can consistently do so on August 26, 1922, cast your vote for,

Yours very truly,  
S. B. MIDDLEBROOK.

#### MENTS AT SCHOOL BLDG.

The school board met Wednesday morning and decided definitely on preparing a room for the unders who will enter school this fall. The room in the northeast corner of the basement will be floored, plastered and fitted up with new seats for the little folk. Also a teacher has been employed for this work, one of the best to be found in the country. The board also decided that school should commence the first Monday in September.

#### PIPE ORDERED FOR RAILROAD WATER

As stated some weeks ago, the Orient has found the city water of an excellent quality and it expects to supply its engines here. Pipe has been ordered for that extension and is expected to arrive at any time.

In order to be safe on the water proposition the road will try it out first, and then if it is found to be of a quality that will suit the road's needs a standpipe will be erected for that purpose. This will be necessary in order to not cut the city's supply short at any time.

#### Former Crowell Girl Weds

On Monday July 17, 1922, at 6:30 Mr. Dez Thornton and Miss Ozella Blanchet were happily united in marriage at the home of Rev. C. A. Waterfield, pastor of the First Methodist Church at Vernon.

The bride is the oldest daughter of Mr. and Mrs. J. C. Blanchet, formerly of Crowell. She was a graduate of Crowell high school in 1917, later she taught one term in one of the rural schools. The groom is the son of Mr. and Mrs. E. Thornton of Vernon.

The young couple left immediately for a few days visit in Denver, Colo. After returning Mr. and Mrs. Thornton will make their home on 717 East Marshal street, Vernon.

#### Services at Christian Church Next Sunday, July 30th

Bible School, 10 A. M.  
Communion and sermon, 11 A. M., Sermon subject, "A Study of the Lord's Prayer."

Song, "Bring Them in."

Playlet, "True Americans, by eight sunbeams.

Closing exercise with Mizpah benediction.

Saturday morning at 9 o'clock in the hour.

#### Card of Thanks

I desire to express my thanks to all of those who voted for me in the recent election. I assure you I appreciate every kindness shown and will say I hold no ill feelings against any one. Thanking each and every one again, I am,

Yours very truly,  
W. I. AWBREY.

Want to sell your farm? List it with me. Insurance of all kinds and farm loans. Life insurance my specialty.—T. D. Roberts, office in post-office building.

It is officially given out that 10,000 acres of growing crops were ruined by the floods in the Lower Rio Grande Valley. This consisted principally of cotton. There was some injury to the corn crops of that country.

#### THE PROPER COURSE

Information of Priceless Value to Every Crowell Citizen

How to act in an emergency is knowledge of inestimable worth, and this is particularly true of the diseases and ills of the human body. If you suffer with kidney backache, urinary disorders, or any form of kidney trouble, the advice contained in a valuable statement should add a knowledge. What could be more convincing proof of the efficiency of a Crowell citizen who used them and who publicly tells of the benefit derived?

Mrs. M. E. Young, Crowell, says: "My back began to pain and my kidneys were out of order as they acted irregularly. It only took a few of Doan's Kidney Pills to cure me of the trouble and put me in fine shape." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Young had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

By F. W. Kazmeier, Poultry Husbandman, A. & M. College of Texas

In the new standard of perfection there are to be found the descriptions of over 60 varieties of fowls, outside of games and bantams. Besides these there are a few varieties not yet admitted to the Standard. Nearly all varieties are advertised to a very large extent in heavy print, extolling their exceptionally good qualities, often way beyond the facts. Upon looking over a few large poultry journals you are sure to find at least 40 varieties represented and each lauded as the best of all varieties. Is it any wonder that under these circumstances the beginner does not know which variety to select because according to the advertisements, they are all "the best" and each breed meets his requirements.

There is probably no "best breed" no matter what some advertisers may say. Some breeds are better for some purposes than others and there may be some just a little better adapted for certain climates, but you want to remember that all and everyone of the common varieties adapts itself to all climates and surroundings. Take for instance the S. C. White Leghorn, which comes from near warm Italy, and is one of the most profitable varieties, and is raised as far north as Alaska. No doubt if you should get them direct from the south they would not do well the first years until they had time to get acclimated to the cold climate. Study your surroundings, conditions, demands and select a breed that meets your fancy and is noted to meet the purpose best that you want them to supply. There is no variety of fowls that cannot be profitably raised by an expert poultryman. But with a beginner it is different, and he does wisely to select a breed of reputation, one that has withstood the test of time. There is more importance in the feed, care and strain than in the breed. The success or failure of most breeds to be profitable, depends mostly on the man or woman with the feed pail.

Another important fact that one wants to consider when making his choice, and that is, are you buying your stock or eggs from the strains that are bred for egg production, or for show purposes. It would be a very grave mistake to select stock that you wanted as egg producers, and go to work and buy stock from a breeder who was breeding a show strain of fowls of your selection. It is very hard to combine both utility and fancy qualities in one bird, that will excel in each, but it is being done now by quite a few breeders.

In making your selection, the first thing to decide is whether you want them for egg production, or meat, or both, or do you want them for show purposes? Some breeds surpass in egg production, especially those breeds having a reputation as non-setters. Of these doubtless the Leghorns hold the front rank, and as all the year round layers, are not excelled by many breeds. This is the reason why most of the large egg farms are stocked almost exclusively with the Leghorns of the S. C. White variety. Another reason why they are preferred is because they are very hardy and easy to reproduce. Of course with proper care any of the pure bred breeds can be made to produce eggs at a profit.

If you want to produce meat in large quantities, select a variety from either the Asiatic or American class. If you make meat production a specialty, then the Brahams stand at the top, closely followed by the Cochins, Langshans and Orpingtons. All of them have large compact bodies. Some people object to the feathered shanks of the breeds in the Asiatic class. True that is a well founded objection but their large plump bodies make excellent market poultry and too, they are the largest and heaviest of all pure bred fowls. The American and English breeds have no feathers on the shanks and mature earlier, but again they lack in weight as compared to the Asiatics.

If you want a breed that is noted for both meat and egg production or what we generally term "a general purpose fowl" then select a variety from the American or English class, preferably from the American. The Plymouth Rock, Wyandotte, and R. I. Reds are the most common of the American class. The Orpingtons and Dorkings are the most common of the English class, and of these the Orpington is believed to have advantage over the other. The Redcabs also belong in the English class but are not raised to any extent now.

If exhibiting breeding, be your aim, you will do well to select a fancy breed of tried reputation. A breed which has a good prospect for future popularity and demand. There are always a few breeds that are boomed by large advertisers and as soon as they go out of business the breed sud-

## Ranger 2nd

Here he is, a son of the \$20,000 boar, THE RANGER, owned by Lewis Bros. of Childress, Texas.

Forty bred sows and gilts bred to this boar and Captain Orange, the good smooth son of Long Orange.

## Will Hold Sale Mon., Aug. 7

At the Farm 5 Miles East of Margaret

Be sure to attend. We are confident you will find what you are looking for.

Twelve o'clock lunch. Sale called for at 1:00 o'clock sharp.

Don't Forget the Date, Monday, August 7

C. E. Blevins & Ferguson Bros.

denly drops from notice and into obscurity. It is just these breeds that the novice wants to let alone and put his time in instead, on a breed of long and tried standing.

### Foundation Stock

In the buying of the foundation many times rests the future success of the poultry business. It is a great mistake to for a minute think of keeping mongrel stock, because it will only be a question of time before it will be discovered that it is almost impossible to make any money keeping mongrel or scrub chickens. It is a mistake that many beginners make, keeping mixed chickens. One of the prime requirements of success in the poultry business is high grade stock. Only those without experience will think for a minute of staking their success with a flock of mongrel fowls.

So, that the first step in the right direction, is to select a standard breed. Even among our standard bred varieties, we have varieties and strains that are inferior. For this reason study the question carefully before parting with your money. Remember one thing it pays to buy good stock. Don't do like one party I am acquainted with who was planning on getting his foundation stock by watching the local produce houses, and pick the best in that way. It was only a little while before he realized his mistake. It is much better to invest \$50 in a pen of say, ten hens and a good male than to invest it in 40 females and two males. It pays to start where the other fellow left off and you can only do that by buying the best he or she has to offer, instead of their culls.

In Texas at the present time, the money is in eggs, for this reason make your plans to produce eggs for the biggest part of your income and select your stock accordingly. Select bred-to-lay stock; bear in mind that such stock costs a little more money than just common stock. It is necessary for some people to stop valuing chickens at fifty cents each. You cannot buy good stock of any kind nowadays for less than at least \$1.50 each. For choice stock you must figure on paying still more.

Sell your mongrel hens this fall and invest the money thus realized in a smaller flock of bred-to-lay standard bred stock. Remember to buy the best you are able, any other procedure is a mistake and a step backwards.

## Fordson

THE UNIVERSAL TRACTOR

395  
F.O.B.  
DETROIT

## Nothing Like This Low Price Has Ever Been Known Before

No farm tractor ever offered more money value, or more work value, than the Fordson Tractor at this astounding new low price.

No farm power unit you can possibly buy will do more for so little—and no farm, regardless of size or location can afford to be without a Fordson Tractor.

Place your order now—there is no time for delay or comparison. Price alone makes your choice the Fordson. After that, performance will prove to you, as it has to 170,000 owners, that this light, compact Fordson is the most efficient power plant ever hitched to a farm tool. Let us prove it to you. Write, call or phone today.

# CLEARANCE SALE

Sale Ends  
Saturday,  
August 5

In accordance with our regular custom, we are putting on this Annual Sale of extraordinary values to clear the store of the remainder of our large stock of high-grade seasonable merchandise. In view of the tendency of leading merchants everywhere to do their utmost to reduce the high cost of living, as far as lies within their power, we are exerting our greatest effort to make this sale one of real and lasting value to the buyers of this vicinity.

## 1/2 OFF

on many desirable articles in our enormous stock of fresh clean merchandise is sufficient evidence of the many money-saving opportunities presented by this sale.

## A Sale Event of Unusual Merit

We appreciate the fact that the people of this community have been watching for this event with much interest, and you may be sure this sale will insure you some real reductions on all lines of seasonable merchandise, and, as usual, retain for us our reputation as "Leaders in Value-Giving." If the following prices don't convince you, a look at the goods themselves will surely do so.

Don't Miss This Opportunity

**STANDARD MEAT MARKET**

We have bought the Crowell Meat Market from Roy Reynolds and have changed the name to that of the Standard Meat Market. We have an experienced meat cutter and will make this an up-to-date market in every particular. Fresh and cured meats will be handled, and no efforts will be spared to meet the demands of the public in quality of product we handle. On this basis we ask a share of the public trade.

ROBERTS & ROMAR, Props.

For Sale—Some extra fine registered Hereford bulls, Anxiety line of breeding. Also some fine Big Boned Poland China pigs, born 2nd day of March, just right for club boys. Have papers with all my stock.—J. E. Bell, phone 176.

**WEAK, NERVOUS, ALL RUN-DOWN**

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have hearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. . . . I saw after taking some Cardui . . . that I was improving. The result was surprising. I felt like a different person."

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me. . . . My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere.

**Card of Thanks**

While I was not a successful candidate in the late campaign, I nevertheless, feel grateful to my friends for their loyal and liberal support. I shall hold no ill will towards anyone for not having supported me, and prefer to think of them as my friends, although they saw fit to give their vote to some one else. That fact makes me none the less appreciative of those who did support me. Let us join hands and hearts in our endeavor to support those whose success in the campaign brings to them heavy responsibility in the administration of the county's affairs.

Yours truly,  
D. W. PYLE.

**Card of Thanks**

It is very gratifying to me to know that those who supported me in the race for sheriff are real friends. I appreciate it even the more since you took care of my interests while I was out of the county on election day and for a week prior thereto, trying to look after the interests of the public. It shall be my aim and constant effort, as long as it is mine to attend to the duties of the sheriff's office, to serve each and every citizen in Foard County impartially and to the very best of my ability, as I have tried to do.

Again thanking you, one and all, I am,

Yours truly,  
L. D. CAMPBELL.

**Methodist Church Notice**

Sunday School at 10 o'clock. Please be on time for the opening.  
Preaching at 11 A. M. and 8:30 P. M. At the morning hour the sermon will be especially for the children and young people, but if you are not over 85 or 90 years old, you may come.  
We are still having some very fine singing at the evening hour. The church is cool, the pews are comfortable. It's a nice place to rest if the preacher does not keep you awake. It will be perfectly alright to take a nap.

Come to church.  
W. M. MURRELL, Pastor.

**TRUSCOTT ITEMS**  
(By Special Correspondent)

Mr. and Mrs. Cecil Long left one day last week for Altus, Okla., where Mr. Long has a gin job.

Miss Elizabeth Stover has returned from Denton where she has been taking some summer school work.

Mr. and Mrs. Chas. Haynie of Monday spent Sunday and Monday with friends and relatives at Truscott.

John Holmes and family are moving to Deadman, N. M. Mr. Holmes will probably ship his thresher there later.

Herman Holmes, Clovis Moody, Chester Haynie and a number of other Truscott boys went out on their first trip with the National Guard Sunday.

In 27 of the leading cities in the United States last week 67 persons were killed by automobiles. Most of these accidents could have been avoided, as they were caused by carelessness or reckless driving.

Mrs. W. L. Ricks and daughter, Mrs. A. Wiggins, came in yesterday from Vernon where Mrs. Wiggins had been under medical treatment for several weeks.

Notice—I have for sale some residence property. For information apply to owner at the Collins Wagon Yard.

Mrs. T. L. Hayes and son, Travis, returned yesterday from a visit with relatives in Gainesville.

Mr. Kellum, a merchant of Seymour, was in Crowell yesterday.

**Nature's Linemen.**

The downy woodpecker, the hairy woodpecker and the flicker all seem possessed with a mania for killing destructive wood-boring larvae, says the American Forestry Magazine. Better equipped than a telephone lineman for climbing; supported by a spurred tail; provided with hooked claws for clinging to the bark; hammer-headed, chisel-beaked, and armed with a tremendously long, strong, lance-pointed, barbed, extensible tongue, the woodpecker drills through the wood directly into the spot where the borer lies hidden, pushes in the tip of his barbed tongue, sears the victim and whips it quickly into his open beak.

**Drama in Crimson Gulch.**

"How did you come to mob that show?"  
"They advertised 'Ten Nights in a Barroom,'" answered Cactus Joe, "and the stage hiker wasn't nothin' but sarsaparil."

**A Heavy Burden.**

Ethel—Stella carries her age well, doesn't she?  
Clara—Yes. It's a wonder she doesn't grow tired of the burden.

## People Who Buy from Us Feed Well

You do not hear of any kicking about the price or the quality of the foodstuffs we sell. That is the reason so many folks like to buy their groceries here. We treat them right in the goode we sell and in the service we render. That's simple, is it not? And yet how many fall short of it.

Phone us your orders and we will do the rest.

## Matthews-Fox Gro. Co.

### The Highest Grade of Lumber Service Is Rendered Here

The first and all important thing in buying lumber is quality of material. This is the first step towards economy in building. It reduces labor costs and adds long life to the structure. Why spend money for poor materials that will not last long and never give satisfaction?
