"Feeling Fine!"

"I was pale and thin, hardly able to go," says Mrs. Bessie Bearden, of Central, S. C. "I would suffer, when I stood on my feet, with bearing-down pains in my sides and the lower part of my body. I did not rest well and didn't want anything to eat. My color was bad and I felt miserable. A friend of mine told me of

CARDUI

The Woman's Tonic

and I then remembered my mother used to take it. . . After the first bottle I was better. I began to flesh up and I regained my strength and good, healthy color. I am feeling fine. I took twelve bottles (of Cardui) and haven't had a bit of trouble since."

Thousands of other women have had similar experiences in the use of Cardui, which has brought relief where other medicines had failed.

If you suffer from female ailments, take Cardui. It is a woman's medicine. It may be just what you need. At your druggist's or dealer's. E 92

Old U. Tell'em sez.

"They say that we should eat to live and not live to eat. Just the same though, I get a lot of pleasure out of eating, just for the sake of eating pure, clean food adds to the enjoyment. That's another reason why I insist on the wife buying groceries from Russell Grocery Company, where the stock is fresh and where everything is handled in a cleanly and efficient manner."

"U tell'em beads; you've been strung."

All Over Texas

The Attorney General of Oklahoma has ruled that while there is no law in that state to prohibit the parades of mobs through the streets of the towns and cities, it can be prevented by the passing of city ordinances.

According to statements made by the Governor martial law is not to be lifted at Denison yet. Conditions are said to be assuming the normal stage but they have not reached the stage that warrants the safety of withdrawal of the National Guard.

An opinion on the legality of the nomination of George E. B. Peck of Houston as a Republican candidate for United States Senator will not be rendered for several days, pending complete investigation of the State election laws on the subject, according to a statement by Attorney General W. A. Keeling.

The Wichita Falls Pastor's Association has passed resolutions condemning the Texas-Oklahoma Fair Association for having a program on Sunday. Church members were urged in the resolutions to stay away from the Sunday program. Directors of the Fair Association claim that a Sunday program was put on in order to accommodate many workmen in the city who could not attend at any other time.

THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, Sept. 29, 1922

Senator Tom Watson died early Tuesday morning at his home in Washington, D. C., of acute asthma. It is right that all men should be given their just dues. Watson was in some respects a great character. Without doubt he was patriotic and sincere but he seemed to be suspicious of crookedness on the part of his political opponents. We do not believe he belonged to the class of legislators who make constructive legislation. Yet his influence was such as to have the effect of holding in check forces that would go to the opposite extreme. We need such men, if not for doing things positively, for their negative influence.

The Quannah Tribune-Chief says Memphis reduced her tax rate last week from 90 to 75 cents per hundred dollars, which is probably the lowest of any town on the Denver road. Wichita Falls has the highest rate, which is \$4.85 per hundred dollars. It makes little difference what the tax rate is. The question is, "how is the money spent?" If it is wisely spent, whatever the rate may be it merely represents an outlay for municipal needs. A high tax rate is a good thing if the public possesses its equivalent in life's earthly blessings.

Politics continue to warm up in Texas. A protest has been filed by R. B. Creager, chairman of the Republican Executive Committee against Earle B. Mayfield's name being placed on the ticket, it being alleged that he was not nominated according to law. Protests have been entered against both Mayfield and Paddy. What shall we do? It is too late to make other nominations. We judge that the matter will be settled by dropping technicalities and allowing both men to run the race through.

League of Nation advocates may find it a little hard to convince the American people now that we should be in that league, for they know it would also mean that we must send our boys across the waters again to help settle European turmoils. There

is always two sides to such propositions. We can say our entrance into the League would have been a good thing only by supposing that our membership would have prevented the present wars in those countries.

Citizens of Eureka Springs did a noble deed when they armed themselves recently to make war on a bunch of bandits who robbed a bank in that city. The citizens were armed when the bandits emerged from the bank with their loot, and of the five burglars the citizens killed three and wounded the other two. None of the citizens were wounded.

In view of the probable depreciation of Russian money, it is said that it takes more than twice as much to pay for a publication for two months than it does for one month. It is great to live in a country like the United States whose foundation was well laid and has never been shaken. As a rule we do not appreciate what this means to us.

Four policemen have been suspended from the police service in El Paso because of their being members of the I. O. O. F. They were charged with think membership in the organization unfits men for police service.

"The State that tolerates disrespect of any law breeds defiance of all law," says the Youth's Companion. That is exactly the position taken by those who oppose mob law in Texas.

Junior Class

The Junior Class of 1922 met last Friday morning and elected the following officers to serve the remainder of the year: John Carter was elected president; Juanita Campbell, secretary and treasurer; Merl Kincaid, sergeant of arms; Lennis Woods, class reporter. The class motto, flowers and colors have not yet been selected. The president is to call a meeting later to hear from that committee.

Methodist Church Notice

Please do not forget that next Sunday is the day we expect to have 300 hundred present in the Sunday School. Let everybody get busy and help. If you haven't been coming to Sunday School start next Sunday. Then it will also be a special day at the church service and we are hoping to see every member of the church present, if it is at all possible for you to come. How would you like to live in Crowell without a church or Sunday School? What are you doing to make the church a success, or do you think someone else ought to keep these things going for the benefit of your children? Lost opportunities will bring sad memories in after life. Preaching at 11 a. m. and 7:30. At the morning hour the subject will be, "Using Our Opportunities;" at the evening hour, "Christian Liberty." Come to church.
W. M. MURRELL, Pastor.

Two feet to go and couldn't make it in two downs! That was Knox City trying to penetrate that good old Crowell line! See that contest between these two well matched elevens at Crowell park today at 4:15 sharp. Buy a season ticket and see 5 games of foot ball and ten of basket ball for \$1.00.

The Baptist ladies will pack a box for Buckner orphans next Monday afternoon at the church. All the members are expected to contribute. Any one having wearable clothes, new goods or any articles they wish to send will please send them to one of the following committee during the week: Mrs. J. H. Self, Mrs. R. B. Edwards, Mrs. J. R. Edgin or Mrs. Jim Long. Or if you prefer bring them to the church Monday afternoon.—Reporter.

THE RIGHT THING
at the
RIGHT TIME
By MARY MARSHALL DUFFEE

DO YOU LIKE TO TALK?

FRANKLY ask yourself the question: "Do you like to talk?" And if you have to admit that you do then bear in mind that certain pitfalls of bad manners lie in your path that do not beset the person who has no such fondness for the sound of his own voice.

Very often the person who likes to talk is the person who actually does talk cleverly. He likes to talk because he can see that people are interested by what he says and their show of interest is gratifying to his vanity. It is very pleasant to see a group of keenly interested faces around you when you are letting your tongue wag and when you tell a droll story it is gratifying, indeed, to hear the peals of hearty laughter. The person who sees readily that his listeners are bored can get no pleasure from talking. And usually, though not always, people who talk too much are persons who have naturally a gift in that direction. But they are wise if they do not abuse it.

The hostess especially should never monopolize the conversation. She should remember even if her women guests are extremely poor conversationalists, even if they are young and shy and timid, that good breeding demands that she bring them out and give them a chance to express their view and tell their funny anecdotes rather than that she should seize every opportunity to show her own wit and fluency.

Don't make the mistake of thinking so intently about what you are going to say when you can get a loophole in the conversation that you do not know what the others are talking about. Do not expect to gain their attention if you do not give them your attention when they are talking.

Germans Eating Less Pork

Meat eating in Germany shows a severe decline. According to the United States Department of Agriculture, the average per capita consumption of meat in Germany has dropped from 108.59 pounds in 1913 to 73.65 pounds in 1921. The biggest drop is in hogs.

Depreciated German currency is given as a reason for decreased consumption as a large majority of Germans can not pay the high meat prices. Also, fewer live stock are being slaughtered because of the need of replenishing the reduced supplies caused by the war, and the compulsory delivery of animals to the Entente under the terms of the Peace Treaty.

Price Change in a Year

Comparing prices in August with those of a year ago, the United States Department of Labor states that the general level has risen 9 per cent. Fuel and lighting materials show by far the largest increase, 47 1/2 per cent. Building materials have increased 10 1/2 per cent, metals 7 3/4 per cent, farm products 6 1/2 per cent, and clothing 5 1/2 per cent in price in the year. Food items, chemicals and drugs, house-furnishing goods, and miscellaneous commodities all show decreases compared with prices of a year ago.

ASPIRIN

Say "Bayer" and Insist!

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-two years and proved safe by millions for Colds, Headache, Toothache, Lumbago, Earache, Rheumatism, Neuralgia, Pain, Pain.

Accept only "Bayer" package which contains proper directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoaceticester of Salicylic acid.

Mrs. J. C. Roberts and daughter, Miss Mima, left for Quanah Wednesday after several days visit with the family of their son and brother, N. J. Roberts.
Crowell eleven plays Knox City high school at the park here today. They have played Knox City two hard fought 0 and 0 games this season already, and this game is to decide the winner.
N. J. Roberts and family, T. P. Reeder and family and Jack Thomas, M. L. Hughston, wife and daughter went to Wichita Falls Tuesday morning to attend the Ringling Bros. and Barnum-Bailey circus.
J. W. Beverly left Sunday with a car of hogs for the Fort Worth market. A card received from him by his son, A. Y., states that he topped the market, getting \$9.85 per hundred, which is very good. The hogs weighed 16,000 pounds, bringing \$1,576.00.

'Sure-fit' Caps
Here is a new kind of cap. Sure Fit is its name. Looks more attractive than any high grade cap. And it has a special feature—a small strap and buckle concealed between the crown and visor that gives you advantage not obtainable in any other cap in the world.
It gives a fit so perfect that you would think the cap was made to your special order, because the adjusting strap can be fixed to the sixteenth or thirty-secondth of an inch.
We carry a full line of these "Sure Fit" caps in the latest styles, and in all the new fabrics from the country's finest mills.
Let your next cap be a "SURE FIT."

K. K. K.'s Coming

The konstant kitchen keepers are usually the kooks who know what it takes to make good kakes, koffee and other kinds of catables, and having this knowledge, they are fast learning where the best place is to buy things. That's why we say the K. K. K.'s are coming. Yes, they are coming to this store for their groceries because they find what they want at this place and get it at prices satisfactory to them. And when they are satisfactory to the customers they are satisfactory to us, and under no other circumstances. We are pleased when you are, and not until then.

Keep Koming Kanstantly.

Roup, Colds and Sore Head in Poultry

By F. W. Kazmeier, Poultry Husbandman, A. & M. College of Texas

At this time of the year throughout all sections of Texas, in nearly all flocks, colds of various forms are making their appearance. In those flocks not now affected, owners can well afford to be on the lookout for this disease. The fall rains and damp weather is sure to develop these troubles and diseases, and for this reason it is well to be on the lookout for them, and to make the necessary preparations.

In connection with any and all poultry diseases it is well to remember that it is much more practical to prevent the diseases than to try to cure them. At the same time it is always true that some times it is impossible to do that. Some diseases seem to be so persistent and common that it is extremely difficult to prevent them. Of the difficult diseases to prevent are colds and its allied diseases and troubles.

We do not believe in laying in a large supply of patent medicine and sure cures for all kinds of poultry ailments. We do believe that it is wise to keep on hand a few reliable drugs as, epsom salts, castor-oil, tincture of iron, potash permanganate (chemically pure) calomel, quinine, and one or two others. Some of the advertised roup and cold remedies are also very good.

In this article we shall discuss the diseases chiefly that affect the respiratory system and are very common at this time of the year. We would make no great mistake if we would call them colds. True roup, colds, sore-head and kindred ailments are in some respect different, yet the treatment is more or less alike. They have a great relationship, and the practical poultryman gets after them before they have developed too far. Common colds, not always but frequently develop in roup if allowed to develop unchecked.

Dr. Hines Clark

Physician and Surgeon

Office Russell Building over Owl Drug Store

Office Tel. 27 Res. Tel. 62

Poultry keepers will find it worth while to read this article carefully because this disease, at the time this article is being published, is causing a total loss in Texas among chickens of many hundreds of thousands of dollars. Chickens affected with colds, stop laying, do not grow, in other words they are a dead loss, not to say anything of the mortality.

Common Cause

Fowls affected with lice or bothered with mites are much more apt to contract colds. The lice affect their vitality in such a way that they are not able to throw off the disease.

Undernourished fowls are also more subject to the disease. For this reason well fed flocks are not so badly affected, and when they contract the disease are able to get over it quicker. Feed the fowls liberally of a well balanced ration. Remember that just corn is not a balanced ration.

Crowding is perhaps one of the greatest causes, it is especially so in the case of backyard flocks. Many backyard flocks at this time of the year are too crowded. Go through the flock very carefully and remove all culls, such as those that are too old, weak, surplus males, stunted and off-colored individuals. Get rid of all of this stock now, if you have not already done so. Crowding in the houses is very bad, especially in the fall of the year. While they are on the roosts they should have plenty of room. The roosts should be located where worlds of fresh air. Each fowl should have not less than three square feet of floor space and 9 inches of roosting space. Crowding on the ground is even more detrimental than crowding in the houses. The ground space chickens have the better they will do. The more they are crowded on ground space the more trouble with all kinds of poultry diseases. Backyard flocks should be allowed not less than 30 square feet of yard room per fowl and more is better. Farm flocks should be allowed about one acre to every 250 hens, although they may be more crowded without very bad results.

Allowing the fowls to roost on the floors of the coop or worse on the ground is a sure cause of colds. It will only be a question of time before they will show signs of the disease.

Filthy quarters are also common causes. The houses and yards should be kept clean. Get in that back yard and clean up the pieces of boards, wood, empty cans, weeds and other trash. Spade the ground and sprinkle with lime, and if possible keep growing vegetation.

Lack of green food for the chickens is another common cause. Be sure and feed them all they can eat. If all other ways of providing green feed fail, resort to sprouting oats. Fowls with plenty of green food are in a healthy condition and hence they are better fitted to withstand the disease.

Improper ventilation is perhaps one of the greatest causes of all kinds of colds and roup. Too few people appreciate the importance of plenty of fresh air for chickens day and night. A lack of fresh air is sure to cause colds. Closing the houses up too tight at night is very bad and sure to cause serious trouble. We have found that a lack of fresh air at night will cause trouble in a few days, some times the birds will catch cold over night. To prevent all this we recommend opening for ventilation on all four sides of the hen house. These openings must be large enough so they will answer the purpose. Whenever a hen house smells close and stuffy in the morning it is too poorly ventilated. In the fall and summer drafts are not injurious, but late in the fall and winter or on cold days the opening on the north, east and west ends should be closed to prevent drafts. The opening in the south should be not less than one-half of the entire front and should be kept open all the year including winter, even on cold days, in any part of Texas.

We have taken considerable space to discuss the cause of the group of diseases affecting the respiratory system more commonly known as colds and roup. Readers are urged to remove any or all of those causes if they exist, before it is too late. The CAUSE is the big factor to get under control if you wish to be successful in controlling poultry diseases. Remember, first locate the cause and then remove it. This is all important.

Treatments
In discussing treatment we shall first devote space to treatment for entire flock both as a cure and as a preventive. We have found that very practical. To cure colds one of the first things to do is to clean out the digestive system, and the best way of doing this is by feeding epsom salts. The dose is one teaspoonful of epsom salts per fowl. It may be given dry in the dry mash mixture or it may be dissolved in water and used to make a moist mixture and fed to the fowls. A good way is to measure out the required amount of epsom salts, dissolve it in a small amount of water, and then mix the water with about the amount of dry mash they will consume in five minutes. Place it on boards or in troughs so all can help themselves. Repeat this about once every three days until they appear to show signs of improvement but not for more than two weeks. This is a good treatment for colds, roup or sore-head.

For disinfecting the drinking water dissolve as much potassium permanganate as will remain on the surface of a ten cent piece in one gallon of water. This solution should be used for drinking purposes and should be kept before the fowls for several days. The inside of house and all drinking vessels and feed dishes should be cleaned, scalded and disinfected with a 5 per cent solution of crude carbolic acid in water, applied with a fine mist sprayer. We have also found it well to disinfect the heads and necks of every fowl with the following mixture: equal parts of water and kerosene and 10 per cent of some coal tar disinfectant like Kresol or Zenoleum. These may be purchased in any drug store. The mixture must be applied with a fine mist sprayer. Spray their heads and necks, also the entire inside of house and litter. Use it liberally until the odor of the disinfectant is strong inside the house. Spray in the morning, on a sunny day, before the fowls have come off the roosts.

Roup
The first thing to do in any of these diseases is to isolate all infected individuals at once. Place in a dry and well ventilated room with plenty of fresh air. The eyes and mouth should be washed with warm water containing one teaspoonful of common salt to the quart of water. This may be applied with absorbent cotton, at the same time removing as much of the mucous as possible. Next dip the head in the following solution: improvement: 2 per cent solution of potash permanganate.

Chicken Pox
Give flock treatment previously described in detail and the following individual treatment: Give local application of carbolated vaseline after which the crust may be removed and the sores painted with tincture of iodine. Another remedy that has proven very satisfactory is that of mixing 5 pounds of sulphur to each 100 pounds of dry mash. **Special Treatment**
In some cases of colds we have found it well to give each affected bird three tablepoons full of castor oil, once a day, about twice a week. We have also given 1½ grains of quinine to break up colds. (Copyrighted, F. W. Kazmeier, 1922)

Paint Up and Look Up

You may clean up a tramp and put his rags back on him and he will still hang his head. But give him new clothes and he will look up, with pride and self-respect.

You have publicly committed him to cleanliness and respectability.

This philosophy will apply to many owners of faded and run-down homes. When they clean up the yard, and paint up the house, they look up with pride and satisfaction.

And the neighbors follow their example.

It's as poor reasoning to clean up and neglect the painting as it is to wear a clean shave and a dirty collar. There's nothing in either to inspire self-respect or the respect of others.

Consult us about your painting right now.

Cicero Smith Lbr. Co.

R. J. ROBERTS, Manager

The new Goodyear Cross-Rib Tread Cord

A Real Cord Tire for Small Cars at a Popular Price

The new Goodyear Cross-Rib Tread Cord in the 30 x 3½ inch clincher type is a tire that the small car owner will warmly welcome.

It gives him, at a price lower than the net price he is asked to pay for many "long discount" tires, every advantage of quality cord tire performance, for it is a quality tire through and through.

It is made of high-grade long-staple cotton; it embodies the reliable Goodyear quality of materials; its clean-cut tread engages the road like a cogwheel.

The scientific distribution of rubber in this tread—the wide center rib and the semi-flat contour—gives a thick, broad surface that is exceedingly slow to wear.

The tough tread stock in this tire is carried down the sidewalls clear to the bead, making it rut-proof to an extraordinary degree.

In every particular it is a representative Goodyear product, built to safeguard the world-wide Goodyear reputation.

Despite its high quality, and the expertness of its construction, it sells at a price as low or lower than that of tires which lack its important features.

The 30 x 3½ inch Cross-Rib Cord clincher **\$12.50**

This price includes manufacturer's excise tax
Goodyear Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch sizes for trucks

Two Loaves for 15c
Crowell Grocery Co.

THE STATE OF TEXAS
To the Sheriff or Any Constable of
Foard County—Greeting:

You Are Hereby Commanded to summon W. S. Herndon and the unknown heirs of W. S. Herndon; J. C. Pierce and the unknown heirs of J. C. Pierce; George W. Russ and the unknown heirs of George W. Russ; H. J. Jarrell and the unknown heirs of H. J. Jarrell, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 49th Judicial District; to appear at the next regular term of the District Court of Foard County, Texas, to be held at the court house thereof, in Crowell, Texas, on the 8th Monday after the first Monday in September, A. D. 1922, the same being the 30th day of October, A. D. 1922, then and there to answer a petition filed in said court on the 15th day of September, A. D. 1922, in a suit numbered on the docket of said court, No. 1151, wherein J. H. Carter is plaintiff and W. S. Herndon and the unknown heirs of W. S. Herndon; J. C. Pierce and the unknown heirs of J. C. Pierce; George W. Russ and the unknown heirs of George W. Russ; H. J. Jarrell and the unknown heirs of H. J. Jarrell, are defendants and the cause of action being alleged as follows: On the first day of January, 1922, he was and now is lawfully seized and possessed of the tract of land hereinafter described, situated in the said County

of Foard, State of Texas, holding the same in fee simple; that on the day and year last aforesaid the defendants, and each of them, entered upon said land and ejected plaintiff therefrom, and unlawfully withheld from plaintiff the possession thereof, to his damage one thousand dollars. That the premises so entered upon and unlawfully withheld by defendants from plaintiff are described as follows: The southwest one-fourth of section No. 35, located and surveyed by virtue of certificate No. 14-19 issued to the Southern Pacific Railway Company, and containing 160 acres of land. Plaintiff further alleges that he has good and perfect title to said land because he says that he, and those whose estate he has, has had and held peaceable, continuous and adverse possession under title, or color of title, from and under the State of Texas, of the land and tenements above described, for more than three years after defendants rights accrued, if any, and before plaintiff was ejected therefrom, and before the commencement of this suit, and this he is ready to verify. Plaintiff further alleges that he has good and perfect title to said land because he says that he, and those whose estate he has, has had and held peaceable, continuous and adverse possession under a deed, or deeds, duly registered, has had peaceable, continuous and adverse possession of the lands above described, using and enjoying the same, and paying all taxes thereon, for a period of more than five years after defendants right of action accrued and before plaintiff was ejected therefrom and before the

commencement of this suit, and this he is ready to verify.

Plaintiff further alleges that he has good and perfect title to said land because he says that he, and those whose estate he has, now has, and has had, peaceable and adverse possession by an actual enclosure of the lands above described, using and enjoying the same for a period of ten years after defendants cause of action therefor accrued, if any, and before plaintiff was ejected therefrom and before the commencement of this suit, and this he is ready to verify.

That the defendants and each of them are asserting some kind of claim to said land, the exact nature of which is unknown to plaintiff, and that such claims are a cloud upon plaintiff's title.

Wherefore plaintiff prays that the defendants be cited to answer this petition, and upon hearing hereof that plaintiff have judgment against the defendants for the lands hereinbefore described, and that all right, title, interest and claim of the defendants in and to said land be divested out of the defendants, and each of them, and vested in plaintiff, and that plaintiff be quieted in his title and possession of said land, for costs of suit, and for general relief both in law and equity and as in duty bound plaintiff will ever pray, etc.

Herein Fail Not, But have you before said court, on said first day of the next regular term thereof, this Writ, with your return thereon, showing how you have executed the same. Witness My Hand and Official Seal at my office in Crowell, Texas, this 18th day of September, A. D. 1922.
MARIE HARRIS BURRESS,
(L. S.) Clerk District Court,
17 Foard County, Texas.

This is the
Stove Polish
YOU
Should Use
It's different from others because more care is taken in the making and the materials used are of higher grade.

Black Silk Stove Polish
Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Use on range, stoves and wood by hardware and grocery dealers.
All we ask is a trial. Use it on your cook stove, your parlor stove or your oil furnace. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Trial on Black Silk Stove Polish.
Made in liquid or paste—one quality.

Black Silk Stove Polish Works
Stirling, Illinois
The Black Silk Air-Drying Wax Remover on grate, registers, stove-pipes—Prevents rusting. Use Black Silk Metal Polish for pipes, chimneys or brass. It has no equal for rusted metal surfaces.

A Shine in Every Drop

Columbian Club

On Wednesday, Sept. 20, Mrs. M. L. Hughston was hostess to the Columbian Club. It was the first study of the year and one of the most delightful lessons in our memory. Mrs. N. J. Roberts was the efficient leader, "know your county," the subject, and though we seem to have somewhat "stirred" the proverbial "hornets' nest," in our efforts to secure answers to some of the questions, Foard County is a most interesting topic for her citizens. To any who may be "quaking in their boots," we assure you we had no notion of "muck-raking." In fact until you came "halting and lame" with your answer, we had never once thought that the Legislature enacted the Nephotism Law for any other than the sole benefit of the school board.

The program began with roll call, to which each member answered with some interesting facts of Foard County, and Foard County citizens. Mrs. S. J. Ferguson gave an account of our river bridges. Mrs. Clark gave an article concerning Miss Christine Allen, a missionary to Africa, in whom Foard County is especially interested. Mrs. S. T. Crews gave a record of the Crowell high school graduates who have gone to institutions of higher learning. Mrs. Kincaid told the romance of the Lee Highway that we hope will soon be a part of Foard County. Mrs. J. L. Hunter gave the touching story of the capture of Cynthia Ann Parker which took place in our midst. Mrs. C. A. Adams and Mrs. M. O'Connell gave an account of our Nation Guard companies and some of their officers. Mrs. Roberts told of some interesting geological finds along the Peace and Wichita Rivers, and something of the organization and naming of Foard County.

Then Messrs. J. L. Hunter and N. J. Roberts were introduced and very obligingly and intelligently answered a host of questions regarding the city and county government, roads and county schools, county and city officials, the county's indebtedness, etc.

A vote of thanks was tendered the gentlemen and after partaking of a dainty refreshment plate we adjourned.

We welcomed Madams Kimbell, Thomas Hughston and Molsinger as new members, and Mrs. T. B. Klepper as a guest.—Reporter.

KIDDIES SIX By Will M. Maupin

JUNE TIME

SINGIN' o' June, when the roses blow;
Lidin' a song when the sun hangs low;
Whistlin' away
Through th' livelong day—
Singin' an' whistlin' a merry tune
To the rosiest month of them all—
that's June.

Watchin' the clouds as they hasten by,
Catchin' the gleam of the bright blue sky;
Lazyn' 'round
On th' sun-kissed ground—
Hearin' th' wind through the woodland croon
Her songs to the rarest of months—
that's June.

Off through th' meadows cool an' sweet,
Where th' violets bloom in their dim retreat;
Dreamin' dreams
By the purlin' streams,
As they hasten by with their rhythmic rune
To the rosiest, fairest month—that's June.

Home at eve when the moon hangs low
And the sky gleams bright with a silver glow;
Just lazyn' there
In the old arm chair
A watchin' th' man who lives in the moon
And laughs at th' fairest of months—
that's June.

Notice to Patrons

The report cards will be issued next Wednesday, Oct. 4th, and patrons are requested to examine same carefully and return cards properly signed. Stimulate the delinquents and encourage the dutiful.—R. C. Campbell, Supt.

NEXT DOSE CALOMEL MAY SALIVATE YOU

It Is Mercury, Quicksilver, Shocks Liver and Attacks Your Bones

Calomel salivation is horrible. It swells the tongue, loosens the teeth and starts rheumatism. There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Calomel is a dangerous drug, besides it may make you feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No salts necessary. Your druggist says if you don't find Dodson's Liver Tone acts better than treacherous calomel your money is waiting for you.

The End of All-- And the Beginning!

One stinging moment of disillusionment—and a doting love-life shattered!

Maddening jealousy—a fatal shot—and another moth of Broadway's lights fleeing from the law

Then far to the south, on a sun-kissed island washed by summer seas, two lonely victims of wreck. The woman who killed and fled. The man who was sent to bring her back. Is there anything bigger than law, bigger than duty, bigger than love? Come see this heart-stirring romance of a woman who learned to know!

Order You a New Dress

Maybe you think it's funny that the News offers to sell you a dress. But do not become excited over the matter. The News is not in competition with the home merchant because it does not sell dresses to be exhibited on the streets, but to be worn into the business world--dresses for your business correspondence--Letterheads, envelopes, etc.

Dress up your postal communications. It is important. You are judged by the kind of stationery you use. You would not make a visit either for business or pleasure in overalls or a kitchen apron. Then why should you write your letter on the sheet of an old day book yellow with age or on a tablet leaf?

Let your written message be borne on bright, snappy letterheads, such as you will always get at this office.

It's good for the farmer as well as the business man.

Order a new dress for your correspondence

THE FOARD COUNTY NEWS

Ten Young Texans Sail For Foreign Mission Service In Distant Lands

Mr. and Mrs. Paul C. Porter and young daughter (1) of Waco, who will do educational work at Sao Paulo, Brazil; Miss Josephine Ward (2), Austin, who will do educational work in Kaifeng, China; Miss Louise Willis (3), Waco, who will do educational work in Kaifeng, China; Miss Lois Howard (4), of Brownwood, who goes to North China; Miss Jennie L. Swearingen (5), Bellville, who will do educational work at Bellhorizonte, Brazil; Rev. J. R. Mashburn (6), DeKalb, who will do evangelistic work in China; Dr. and Mrs. W. Meredith and young daughter (7), of Pecos, who will do medical work at Oghonona, Nigeria, Africa; Miss Nell Hall (8), Hightower, who will teach home economics in Kaifeng, China.

WITH the sending out this season of fifty new missionaries by the Foreign Mission Board of the Southern Baptist Convention, 250 new workers have been sent to foreign fields during the 75 Million Campaign, or one-half the goal that was set in the number of workers to be provided during that movement. It is anticipated the remaining 250 will go out during the remainder of the Campaign period that will expire in December, 1924. The workers going out this season will enter the fields of China, Japan, Africa, Palestine, Brazil, Argentina, Uruguay, Chile and Mexico.

Inasmuch as the largest missionary effort of the denomination is centered in the Orient, the larger portion of the workers sailed from Seattle Saturday, September 2, on the Admiral Liner President Jackson for stations in China and Japan. The missionaries for fields on other continents sail from New York on various lines and some of them will not depart until September 30.

Varied Types Workers Sent
Included in the list of missionaries are preachers and evangelists, teachers, doctors, nurses, one architect, one expert in domestic science, and special workers among women and children. William Earle Hines of Spartanburg, S. C., who goes to Shanghai to supervise the construction of all missionary buildings in China, enjoys the

distinction of being the first architect ever sent out by the Foreign Mission Board, and his appointment indicates the vast extent of the Southern Baptist work in that country. More than half of the total number of missionaries in the employ of this board are located in China, where the results of their labors are very gratifying to the officers of the Board.

Large interest centers, also, in the launching of an intensive missionary work in Palestine, to which country there go Rev. and Mrs. Fred Bunyan Pearson of Moulton, Ala., and Rev. and Mrs. J. Wash Watt's, of Laurens, S. C. Some native missionaries are already at work in Palestine, and the outlook there is considered very encouraging, despite the present complicated political and racial controversies.

Campaign Brings Enlargement
In addition to the sending out of 250 new workers to foreign fields the 75 Million Campaign has made it possible to increase the number of native workers from 771 to 1172, to practically double the missionary equipment in the older fields of China, Japan, Africa, Italy, Brazil, Argentina, Chile, Uruguay and Mexico, and to enter the new fields of Spain, Juno-Slavia, Hungary, Roumania, Southern Russia, Palestine and Siberia. Southern Baptists now have a practically unbroken string of mission fields encircling the globe, and a possible mission audience

of 900,000,000 people, or one-half the total population of the globe.

And the results on the field have kept pace with the larger investment in the work and number of workers. Since the outset of the Campaign the Foreign Mission Board reports the organization of 117 new churches, 21,723 baptisms, 211 new Sunday schools with a gain of 17,576 pupils, native contributions to Baptist work of \$1,003,390.68, and 529,642 treatments administered by missionary physicians. Churches on the foreign fields, exclusive of the new territory in Europe and the Near East, now number 622 with 64,251 members. There are also 971 Sunday schools with 53,691 pupils, and 694 mission schools of all grades with 26,507 students.

Expense Rate Is Low
More than \$6,250,000 net has gone from the Campaign into foreign mission work, and so economically have these funds been handled, the Board reports, that 96.24 cents out of every dollar has actually reached the foreign fields, only 3.74 cents out of each dollar being required to care for the total cost of administration. But with these larger receipts and economical administration the Board is unable to meet the demands upon it, and at its last annual meeting it was compelled to reduce the requests of the missionaries on the field for appropriations by more than \$1,000,000.

THE STATE OF TEXAS

To the Sheriff or Any Constable of Foard County—Greeting:

You Are Hereby Commanded to summon W. L. Power by publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 46th Judicial District; to appear at the next regular term of the District Court of Foard County, Texas, to be held at the court house thereof, in Crowell, Texas, on the 8th Monday after first Monday in September, A. D. 1922, the same being the 30th day of October, A. D. 1922, then and there to answer a petition filed in said court on the 14th day of September, A. D. 1922, in a suit numbered on the docket of said court, No. 1150, wherein T. B. Klepper is plaintiff, and W. L. Power is defendant, and the cause of action being alleged as follows:

On the first day of August, 1922, he was and now is lawfully seized and possessed of the tract or parcel of land hereinafter described, situated in the said county of Foard, holding the same in fee simple; that on the day and year last aforesaid defendant entered upon said premises and ejected plaintiff therefrom, and unlawfully withholds from plaintiff the possession thereof, to his damage five hundred dollars; that the premises so entered upon and unlawfully withheld by defendant from plaintiff are described as follows: A part of Sec-

tion No. 445, Block A., H. & T. C. Ry. Co. surveys and being lot No. 22 in block No. 34 of the town of Crowell, as shown by the map of said town as same is recorded in Vol. 2, pages 290-291, of the deed records of said Foard County.

Plaintiff further alleges that on the 28th day of July, 1909, said lot or parcel of land was the property of Crowell Realty Company, a corporation incorporated under the laws of the State of Texas, with its principal office and place of business at Crowell in Foard County, Texas, and on the day and date last above mentioned said Crowell Realty Company sold said lot to one S. S. Thompson of Madison County, State of Alabama, and by mistake conveyed to said S. S. Thompson lot numbered 21 of said block No. 34 of the town of Crowell, in Foard County, Texas.

That afterwards, the exact date of which is unknown to plaintiff, the said Crowell Realty Company was dissolved and became defunct, and its assets became the property of the stockholders in the proportion of their respective holdings and at the time of said dissolution the said W. L. Power, defendant herein, owned all the stock of said corporation and all the assets of said Crowell Realty Company. That on or about the first day of October, 1920, the said S. S. Thompson, claiming good and perfect title thereto, conveyed said lot No. 22, in block No. 34, of the town of Crowell, in Foard County, Texas, for a valuable consideration, to R. L. Kincaid,

of Foard County, Texas, by deed duly executed with covenants of general warranty, and under whom plaintiff claims title to said lot. Plaintiff further avers that the mistake in the deed from Crowell Realty Company to S. S. Thompson in describing said lot as being No. 21 instead of 22 is a cloud upon his title.

Wherefore plaintiff prays that the defendant be cited to answer this petition and upon hearing hereof that he have judgment that all title, interest, right and claim in and to the above described lot of land be divested out of the Crowell Realty Company, its stockholders and W. L. Power and invested in the plaintiff, for costs of suit and for general relief both legal and equitable and as in duty bound plaintiff will ever pray, etc.

Herein Fail Not, But have you before said court, on said first day of the next regular term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness My Hand and Official Seal at my office in Crowell, Texas, this 15th day of September, A. D. 1922.

MARIE HARRIS BURRESS,
(J. S.) Clerk District Court,
17 Foard County, Texas.

THE SANITARY CAFE

When in town eat at the Sanitary Cafe, west side square. We are here to please you.

known heirs of W. S. Herndon; J. C. Peirce and the unknown heirs of J. C. Peirce, are defendants, and the cause of action being alleged as follows:

On the first day of January, 1922, plaintiff was and now is lawfully seized and possessed of the tract of land hereinafter described, situated in the said County of Foard, State of Texas, holding the same in fee simple; that on the day and year last aforesaid the defendants entered upon said premises and ejected plaintiff therefrom, and unlawfully withheld from plaintiff the possession thereof, to his damage one thousand dollars.

That the premises so entered upon and unlawfully withheld by defendants from plaintiff are described as follows:
The southeast one-fourth of section No. 35, located and surveyed by virtue of certificate No. 16-22 issued to the Southern Pacific Railway Company, and containing 160 acres of land. Plaintiff further alleges that said land was patented to W. S. Herndon, as assignee of the Southern Pacific Railway Company on the 18th day of December, 1874, and was by said W. S. Herndon, at some time prior to the 7th day of June, 1875, conveyed to J. S. Boggs, but that the deed from W. S. Herndon to J. S. Boggs was never put of record and plaintiff does not know whether said deed has been lost, destroyed or is in the possession of some person unknown to him.

That on the 6th day of May, 1878, J. S. Boggs conveyed said land to one B. K. Smith, who afterwards died, and on the 16th day of October, 1916, M. J. Smith, his surviving widow, and J. C. Smith, her son, conveyed said land to L. W. Williams, and on the 31st day of October, 1916, L. W. Williams conveyed said land to W. Y. Grimlan, and on the 22nd day of December, 1917, W. Y. Grimlan conveyed said land to Pat Moody, who afterwards conveyed same to L. D. Harris and L. D. Harris conveyed to plaintiff, and under which conveyances plaintiff claims title to the above described lot of land. All of said deeds of record in the office of the county clerk of Foard county, Texas, except the deed from W. S. Herndon to J. S. Boggs.

That J. C. Peirce and his unknown heirs, are claiming said land under and by virtue of a tax deed executed by John Bland, tax collector of Hardeeman County, Texas, dated April 5, 1886, to J. C. Peirce.

Plaintiff further alleges that he has good and perfect title to said land and premises because he says that he has had and held peaceable, continuous and adverse possession under title (or color of title) from and under the State of Texas, of the lands and tenements above described, for more than three years after defendants' right of action accrued, if any and before the filing of this suit, and this he is ready to verify.

Plaintiff further alleges that he has good and perfect title to said land and premises because he says that he, and those whose estate he has, claim-

the same under deeds duly registered, has had peaceable, continuous and adverse possession of the lands and tenements above described using and enjoying the same, and paying all taxes due thereon, for a period of more than five years after defendants' cause of action, if any, accrued and before the filing of this suit.

Plaintiff further alleges that he has good and perfect title to said lands because he says that he now has and has had peaceable, continuous and adverse possession of lands and tenements above described, cultivating, using and enjoying the same for the period of ten years after defendants' cause of action, if any, accrued and before the filing of this suit.

Plaintiff further alleges that the fact that the deed from W. S. Herndon to J. S. Boggs is not recorded and can not be procured for record and the tax deed to J. C. Peirce, aforementioned, is a cloud upon his title.

Wherefore plaintiff prays that the defendants be cited to answer this petition and upon hearing hereof that he have judgment against the defendants and each of them for the lands and tenements above described and that plaintiff be quieted in his title and possession thereof and general relief both in law and equity and as in duty bound plaintiff will ever pray, etc.

Herein Fail Not, but have you before said court, on said first day of the next term thereof, this Writ, with your return, showing how you have

executed the same.

Studebaker LIGHT-SIX CLOSED CARS

Present prices are the lowest at which Studebaker Light-Six closed cars have ever been sold.

Yet the intrinsic values are emphatically the greatest Studebaker ever offered. This means they are the best values that the industry affords, because Studebaker cars have always been above par in the amount of value per dollar invested.

Capacity production and the savings resulting from Studebaker methods of complete manufacture make these low prices possible.

Light-Six closed cars are sturdily built of finest materials and best workmanship. The bodies are the product of Studebaker skill and craftsmanship, and the prices of \$1550 for the Sedan and \$1225 for the Coupe-Roadster are no index to their inherent value.

When you buy a car you want to look at several makes. Include Studebaker in your list and after you have ridden in the Light-Six Sedan or Coupe-Roadster it will not be difficult to make up your mind.

The foundations of Studebaker success are quality, durability, comfort and integrity—principles that have been upheld steadfastly by Studebaker for seventy years. You can depend upon Studebaker automobiles because of the name they bear.
