## COOPERATION AN ESSENTIAL TO A TOWN'S GROWTH

### Local Business Man Points Out Effects of Mail Order Business

It would seem that people ought to have learned long time ago that the general practice of sending money away from home for merchandise is a bad one, but if they have learned it they do not practice what good reason tells them is right at all times. Nor can it be said of the rural populations alone. Some of our town folks persist in patronizing the mail order houses, and what is even worse some business men do it. It is doubtful if there is any one thing that will tend to break down home trade more than for business men to order merchandise that is carried by the home merchant. And yet this happens right in Crowell, and by business men, too, who are loudest in their insistence that home people buy from home merchants.

This fact was pointed out recently by one of Crowell's merchants, who happened to note the arrival of a package at the post office not long ago that represented a nice sum of money, addressed to a local business man who expects the trade of the very man who discovered this to spend his money with the said patron of the "foreign" concern. "This," said he, "is what hurts the home trade. When business men disregard a trade policy themselves which they expect others to observe how can they expect others to put faith in what they preach?"

All facts considered in matters of trade we believe that as a rule there is very little difference in the price of articles of merchandise bought at home and abroad, quality considered. And if all the merchants of any town handling the same commodities have something like the same price on the same article it is pretty good evidence that the price is about as cheap as it can be made. So we do not believe that people are being robbed by the home man. If we thought so under no circumstances would we favor patronizing them. It hurts when one is brought to face these facts. The News speaks from experience. More than once it has paid bills made on statements printed elsewhere than in Crowell. It is a practice, which, if carried to the limit of possibility, would mean the destruction of an essential home enterprise. Multiply this by that number which represents its application to all home enterprises in a town and its hurtful effects, if they were known, would be very surprising. It means less taxable values as a foundation for civic developments. It means poorer public enterprises. Who are the people that are responsible for our good roads, our splendid courthouse, our water works, our schools and churches? The home people, of course. Then, should not the home people, not only in the towns but over the entire country, co-operate in building home enterprises? It's bad practice, and the business man is the last one would expect to find doing it.

## Style Show Has Large Attendance

The style show put on by R. B. Edwards Company at the opera house last Thursday evening brought together a large crowd of people and the advertising resulted in a good number of sales for the company. The proceeds of the picture shown by Mr. Fields following the show were all turned over to the cemetery association, the amount being \$89.00. This is quite a help to the association and they ask the News to express their thanks to the public for this very much needed and appreciated help.

## Rayland Couple Married

Licenses were issued from the clerk's office here for the marriage of Mr. Willie Oaks to Miss Katherine Beazley, both of Rayland.

The growth of consolidated schools in Texas is shown by the fact, as the Dallas News points out, there were in 1912-13 419 consolidated schools in Texas and last year there were 757.

## Newly Weds Arrive in Crowell After Brief Honeymoon

The marriage of Mr. James L. Cotton of this city to Miss Lyla Sullivan occurred at Sanger Sunday, March 18. Mr. and Mrs. Cotton arrived in Crowell Thursday of last week and have secured rooms for light housekeeping at the home of Mrs. A. E. McLaughlin. The following account of the wedding is taken from the Denton Record-Chronicle:

The home of Mr. and Mrs. A. J. Nicholson was the scene of a pretty wedding Sunday morning at 9 o'clock when James L. Cotton of Van Alstyne and Miss Lyla Sullivan were united in marriage. Rev. Raymond Vermont of Denton officiating with the ring ceremony. An alcove and with jonquils and lilies intertwined and wicker baskets of ferns formed an aisle through the center of the room. Lee Douglas sang "I Love You Truly," after which the bride party entered the church. The wedding took place on March 18. The ring bearer, little Mollie Sullivan, niece of the bride, carried the rings. The bride wore a gown of brown taffeta. Mrs. Gordon W. Sullivan was matron of honor, wearing brown crepe with black hat and accessories and carrying an arm bouquet of pink carnations. The bride was attired in a gray traveling suit with hat and accessories to match and carried a shower bouquet of bride's roses, lilies of the valley and freesias. The groom is a son of Rev. Mr. and Mrs. J. D. Cotton of Van Alstyne and the bride is the eldest daughter of Mrs. J. A. Nicholson and has lived here all her life. She graduated from high school here, after which she attended the "Lady of the Lake" at San Antonio and also the Denton Normal College and has taught school near Sanger. The couple left immediately for Van Alstyne, Dallas, Houston and other points on a brief wedding tour, after which they will be at home in Crowell.

He expects to go to Dallas to take the legal end of the investment department of the Great Southern Life Insurance Company at a salary much larger than the salary he received for his services as district attorney. ## SUPERVISOR MAKES GOOD REPORT ON CROWELL SCHOOL

### Commended for Growth and Improvement Since Last Year

The following report of the chief supervisor of high schools shows that the Crowell high school is doing good work and it is a source of gratification to those who have had the interests of the school at heart, but it brings us to face one fact that we should never forget, and that is that we must keep moving. We are not satisfied with our present progress.

Following are the recommendations of the supervisor:

1. That, although two rooms have been added this year, that more be provided and one or two additional teachers be added next year to meet the crowded condition in the intermediate grades. No room in the elementary school should have more than 40 pupils.
2. That an up-to-date encyclopedia be added to the library as soon as possible.
3. That the English course be organized along the lines suggested in Bulletin 151. This will make the course conform more nearly to other schools in the state, will be an advantage to children who move from one school to another, and will give more chance for affiliation.
4. That all consideration be given the English material to be submitted for credit this year. There is undoubtedly some good work being done, although more systematic writing and correcting of themes should be done in the higher grades.
5. That, if the material submitted meets the requirements of the examiners, credit be allowed in chemistry, Spanish (two units) and physics. It was impossible to judge the class work of all these classes, as the recitations were unexpected and not prepared for, but it seemed that standard work was being done.
6. That the school be commended for its growth and improvement since last year.

## PASTOR MAKES PLEA FOR BIBLE

Denouncing as untrue and dangerous the doctrine of some men of today in responsible positions who deny the divinity of Christ, and urging people to take the Bible as the only safe guide, characterized the discourse delivered Sunday morning by the pastor of the Christian church. These were characterized as men who would not endure sound doctrine. They would eliminate not only the divinity of Christ, but the miracles because they say they are not true to certain laws and are contrary to reason.

The preacher used much of his time in proving the truth of the Bible in the fulfillment of prophecy. Many of these prophecies had been spoken from 500 to 700 years in advance of their fulfillment and are among the most conclusive proof. Again, he showed that the Christian religion is the only one upon which civilization has found a sure footing. Confucianism has failed; Buddhism has failed and all the otherisms have proved insufficient as a foundation upon which to build, as is evidenced by the fact that all countries in which they predominate are in a state of darkness or semi-civilization, at least, while the Christianized nations of the world are the most highly civilized and enlightened ones of today. To deny the divinity of Christ, as some professed leaders do today, is to undermine the whole structure of the Christian faith, and send the world back into darkness.

Judge Robert Cole of Vernon spent the latter part of last week visiting friends and relatives in Crowell. He returned to Vernon Sunday. Mr. Cole has recently purchased an interest in the law firm of Cook & Cook at Vernon where he expects to be located permanently.

Reports come from many of the schools of West Texas that additional school buildings must be constructed. Crowell faces the same condition.

## CITY'S BUILDING PROGRAM LIKELY TO REACH \$75,000

### This Includes What Is Under Construction and in Contemplation

The total building program for Crowell now being carried out and under contemplation approximates an expenditure of \$75,000. This includes the two Ringgold brick buildings at a cost of \$10,000; the rebuilding of the gin by the Chickasha Gin Co., which was destroyed by fire, the entire plant to cost about \$27,000; the new school building, which has just commenced, which will cost \$35,000; other residences under contemplation of construction estimated at \$10,000; the paving of Main street at a cost of \$30,000; the completion of the sewer system, which is estimated at from \$15,000 to \$25,000.

It might be said here that in all probability an additional building for school purposes will be found desirable to our needs before the present program is completed, but that is yet under contemplation.

All these activities in the way of building and improvements shows that Crowell is yet alive and growing. The fact is there are few towns in this portion of Texas, regardless of size, that can show more substantial and steady growth than Crowell. This is due to no boom but is a healthy expansion that comes in proportion to the city's needs, and is an expression of confidence in the future of the town and country.

## District Attorney of 39th District Killed

Joe Randell, district attorney of the 39th judicial district, which embraces Fisher, Kent, Stonewall, Throckmorton, Haskell and Jones counties, was killed Wednesday afternoon at the hands of an assassin concealed in ambush while the district attorney was going from Aspermont to Hamlin. District court was in progress at Aspermont and the attorney, together with others from Hamlin, were returning for the night to their homes in that city. The attorney was shot about half way between Aspermont and Hamlin, the bullet striking the man in the head. That was about 4 o'clock Wednesday afternoon and he lived until 3 a. m. Thursday morning.

The assailant was never seen by any one of the party and at this time the officers have found no trace of the murderer. Randell has a record of having been a vigorous prosecutor and has made it hot for bootleggers, and it is understood, was prosecuting some of that class of law violators at Aspermont.

## Crowell Couple Married

The marriage of Mr. Archie McMillan to Miss Nora Glover at the home of the bride east of Crowell last Sunday morning was solemnized, Rev. J. E. Billington performing the ceremony.

The groom is a son of Mr. and Mrs. J. F. McMillan of Hereford, formerly of Crowell, and the bride is the daughter of Mr. and Mrs. J. L. Glover of near Crowell. The young couple are popular young people and are favorably known by a wide circle of friends in and around Crowell.

For the present they will make their home in Electra, but will possibly later remove to Hereford. The best wishes of all go with these young people as they enter life in their new relations.

## Bridge Party Given

On Tuesday evening of last week, March 20th, Mrs. Claud Barry and Mrs. Fay Beidleman entertained with a bridge party at the home of Mrs. Barry.

After three delightful games of bridge, high score being won by Mr. Rasco, a tempting salad course was served to the following: Miss Verna Henson, Mr. Oscar Boman, Messrs. and Mmes. T. P. Reeder, T. V. Rascoe, Bert Bain, Thomas Hughton, Lawrence Kimsey, Fay Beidleman, Claud Barry, little Glendon Reeder and Dwyatt Barry.

## An Aged Veteran Has Passed Away

After an illness covering a period of more than two weeks, G. G. McLarty passed away at his home in Vernon March 27, at the advanced age of 78 years, 10 months and 17 days.

Mr. McLarty was born near Atlanta, Ga., May 10, 1844. He enlisted in the service of the Confederacy as a volunteer at an early age at the beginning of the war in the year 1861 and remained in the service until the close, receiving an honorable discharge. He was married to Miss Lavinia J. Owen at Cullman, Ala. In their early married life the couple came to Texas, locating in Wood County, and afterwards removing to Baylor County, from which county he was elected to this country then Hardeman County, in the year 1888. They remained here until the death of Mrs. McLarty in August, 1919. In the year 1918 Mr. McLarty removed to Vernon where he and his two daughters, Misses Essie and Alice, made their homes until Mr. McLarty's death.

The deceased is survived by three sons, C. A. McLarty of Vernon; G. G. McLarty, Jr., of Vinemont, Ala.; Owen McLarty of Thalia; and two daughters, Misses Essie and Alice.

Mr. McLarty has one brother, Charles McLarty of Vernon. All the children were with the father during his serious illness except C. A., who was ill with pneumonia, and who is just now beginning to recover, and G. G., who resides in Vinemont, Ala. The widowed wife of his brother, Parks McLarty, of Seymour, was present during the last week of his illness.

The death of Mr. McLarty marks the passing of another of Foard County's pioneers, whose residence here covered a period of 30 years, the earlier ones being fraught with hardships incident to life in the early settlement of any country. Thus did this man contribute in no small degree to the laying of the foundation of this country's marvelous growth and prosperity.

The deceased had been a member of the Methodist church for many years and was known as a real Christian character, which is the highest tribute that can be paid any man.

Interment took place at the Crowell cemetery Wednesday afternoon and a large crowd from Vernon and Crowell met at the cemetery to pay their last tribute of respect to this splendid man, good citizen and Christian character.

## Law Student of University of Colorado Visits in Crowell

Reid Williams, law student in the University of Colorado at Boulder, and president of the student body, spent the latter part of last week and up till Wednesday of this week visiting in the home of Mr. and Mrs. J. H. Self of this city. He left Wednesday for Dallas where with a fellow student he will represent the University of Colorado in a debate Thursday evening with students of S. M. U. of that city. From Dallas Mr. Williams and his colleague will go to Austin where they will debate with students of the University of Texas.

Mr. Williams and his associate were chosen to represent their college in this tour of debates out of a class of forty young men.

## Reception and Shower

The home of Mr. and Mrs. Henry Burruss was the scene of a pretty and most enjoyable party on Tuesday evening with Mrs. Burruss and Miss Floy Cheek, hostesses.

Progressive Hearts was played, also several interesting contests, all appropriate to the occasion. The climax of the evening was reached when Mrs. C. A. Adams, in a few very appropriate words announced that the "Express man" had appeared with an "express wagon" load of gifts for Mr. and Mrs. Cotten, "expressing" the love and esteem which the people of Crowell have for Mr. Cotten and the young woman he has chosen for his life partner. The "express man" who was impersonated by little Fred Allen Beverly brought in the gifts which were numerous and beautiful. The hostesses served ice cream and cake to about forty guests.

Chinese aliens are said to be smuggled into El Paso by airplanes.

## At the Methodist Church

Next Sunday is Easter and the whole program at the Methodist church will be in keeping with the occasion. The Sunday School will meet at 10 o'clock sharp with an Easter lesson. The morning sermon subject will be "The Miracle of the Resurrection." I wish that everybody in town would go to church next Sunday. It seems to me that if we really appreciated the hope of the resurrection and fully understood what it means to the human race we would have a desire to celebrate this season with a special service.

Subject for the evening sermon will be "What Is That in Thine Hand?"

A message and a welcome at the Methodist church.

## Columbian Club

There was a goodly number present at this meeting and a very interesting lesson on "Egypt the Land of Mystery," was led by Mrs. T. L. Hughston. At present no place on the globe is attracting more attention than the Royal burying ground of Luxas, and until "King Tut's" tomb is finally opened we shall wonder if he is really the Pharaoh of the oppression.

Mrs. Thompson's two-course refreshments were unusually attractive as well as delicious.

Guests for the afternoon were Mrs. Dorothy Fast of Ranger and Mrs. T. N. Bell.—Reporter.

"RESULTS"

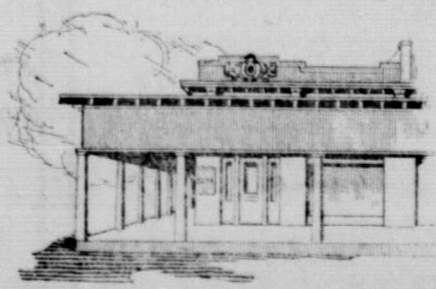

That's the Measure of a Bank

We might spend months and years in making claims, but if we couldn't produce results our efforts would be fruitless.

Therefore we spend just as little time as possible in "making claims" because we find that it takes all our time "making good." Experience has taught us that if we make good our claims will take care of themselves.

We are willing to be judged on the testimony of those we have served.

If you are not one of those, we would like for you to come with us upon that basis.

Resolutions of Respect

We, as a committee appointed to... death of Mrs. Bart Fox, wife of Mr. Bart Fox and mother of Mrs. S. E. Tate, respectfully submit the following: Whereas, God has seen fit to call from our midst our esteemed and loved sister; Therefore be it resolved that we bow in humble submission. But think of one who careth for us all and has prepared a bright and beautiful home beyond the grave, and the spirit of our dear sister will only wait a brief period when in sweetness and in love she will meet her loved ones to depart no more. We recognize that our loss is her gain, and that the husband and daughter have lost one whose noble life was worthy of emulation. We can say no more; human consolation is weak. May God bless the bereaved ones in their hour of sorrow. Hereby be it resolved that a copy of these resolutions be spread on the minutes of Mildred Rebekah Lodge No. 388, that a copy be published in the local newspaper, and a copy be sent to the sorrowing family. MRS. C. P. SANDIFER, FLORENCE BLACK, MRS. STANLEY SANDERS.

Adelphian Club

The Adelphian Club met at the home of Mrs. Bob... afternoon, March 22, the meeting... ular day, March 21, because of the funeral services of Mrs. Bart Fox. The lesson hour was spent in an... "The Great Divide" by William Vaughn Moody. This play is an artistic treatment of the different viewpoints of life found on each side of "The Great Divide," the strict observance of conventions by the East in conflict with the disregard of them as practiced by the West.

A biographical sketch of the writer brought him before us as an ardent English student and teacher, a dramatist of note, tho' having contributed but one really successful play, "The Great Divide," and as a poet whose worth is being appreciated more and more by students of literature. It is through his poetry that Moody will hold a place high among the notables of American literature. The hostess, assisted by Misses Carrie Maurice Allee, Mary M. Bell and Louise Thomas, served a delightful refreshment course to a large number of the club membership and to Mrs. Evans Mitchell, club guest.—Reporter.

President Hadley of Yale Says:

"Before the art of printing was invented the teacher had to give his pupils the information they needed; now that we have books and newspapers, it is enough for him to tell them how to get it and get it right. He cannot train the boy to compete with the Encyclopaedia; he can train him to use the Encyclopaedia. If parents and teachers can once realize that it is the business of the student to get the information and of the teacher to tell him how, we shall have laid the foundation for a twentieth century school system which shall combine the merits of both of those which have preceded it."

IF SICK, TODAY! TAKE NO CALOMEL

"Dodson's Liver Tone" Straightens You Up Better Than Salivating, Dangerous Calomel and Doesn't Upset You—Don't Lose a Day's Work—Read Guarantee

I discovered a vegetable compound that does the work of dangerous, sickening calomel and I want every reader of this paper to buy a bottle for a few cents and if it doesn't straighten you up better and quicker than salivating calomel just go back to the store and get your money back. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clear your thirty feet of bowels of the sour bile and constipation poison which is clogging your system and making you feel miserable. I guarantee that one spoonful of this harmless liquid liver medicine will relieve the headache, biliousness, coated tongue, ague, malaria, sour stomach or any other distress caused by a torpid liver as quickly as a dose of vile, nauseating calomel, besides it will not make you sick or keep you from a day's work. Calomel is poison—it's mercury attacks the bones often causing rheumatism. Calomel is dangerous to children—while my Dodson's Liver Tone is safe, pleasant and harmless. Eat anything afterwards, because it can not salivate. Give it to the children because it doesn't upset the stomach or shock the liver. Take one spoonful tonight and wake up feeling fine and ready for a full day's work.

Owing to the intense heat under which your motor operates it is very important that motor oil that will stand the highest temperature without thinning down quickly should be used.

## Frequent Headaches

"I suffered with chronic constipation that would bring on very severe headaches," says Mrs. Stephen H. Kincer, of R. F. D. 1, Cripple Creek, Va. "I tried different medicines and did not get relief. The headaches became very frequent. I heard of

### Theford's

## BLACK-DRAUGHT

and took it for a headache, and the relief was very quick, and it was so long before I had another headache. Now I just keep the Black-Draught, and don't let myself get in that condition."

Theford's Black-Draught (purely vegetable) has been found to relieve constipation, and by stimulating the action of the liver, when it is torpid, helps to drive many poisons out of your system. Biliousness, indigestion, headache, and similar troubles are often relieved in this way. It is the natural way. Be natural! Try Black-Draught.
