## THALIA PUBLIC SCHOOL CLOSED

### Final Exercises Held Friday Night—Commencement Sermon Preached Sunday

The final exercises of the Thalia school marking the close of the term for 1922 were held at the tabernacle at Thalia last Friday night. The exercise was featured by the play, "Her Honor, the Mayor." The attendance was the best ever witnessed at Thalia in the close of a school. The tabernacle was crowded to the limit. Judge Cole also gave a splendid talk on education.

There are ten graduates of the Thalia school this year, two boys and eight girls. The boys are: Claude Roberts and Frank Maine. The girls are: Pauline Pigg, Ruth Grimm, Laura Caldwell, Ruth Haney, Naomi Langley, Annie Woods, Ava McNair and Isabelle Self.

Four of these graduates expect to go to Denton to attend the normal school at that place. These are, Claude Roberts, Ruth Grimm, Ruth Haney and Naomi Langley. Frank Maine will likely go to school in New Mexico. Miss Pauline Pigg expects to teach this fall, as will likely Miss Annie Woods. Miss Ava McNair expects to go to Abilene where she will enter Simmons College. Miss Isabelle Self will come to Crowell where she will graduate in this school next year, and Miss Laura Caldwell will return to Alabama, her home.

The teachers elected for the Thalia school for next term are: Prof. Dockery of Tolbert as principal and his wife as teacher of the first and second grades; Miss Knoxie Burriss, re-elected for the 7th and 8th grades; Miss Opal Cato for the 3rd and 4th grades; Miss Driscoll of Rayland for 5th and 6th grades.

The commencement sermon was preached by Rev. Hankins of Margaret. A splendid talk was also made by Rev. McNair.

## SAYS WHEAT PROMISES 20 BUSHELS TO ACRE

F. C. Borchardt was in town Wednesday and in speaking with a News representative said that his wheat was looking exceedingly well. He has 200 acres which he thinks will make 20 bushels to the acre. Mr. Borchardt is a successful wheat grower and is seldom mistaken in his estimates.

## Comparison of School Credits

Following is a table of comparison that reflects much credit upon our high school work. These figures are sent out by the State Department of Education and are authentic. If Crowell High gets her four additional credits sought this year, and it is practically certain that she will get most if not all of them—we will indeed be proud of our standing.

TOWN	No. in H. S.	Credits
Crowell	118	15 1/2
Benjamin	Not given	0
Knox City	100	6
Anson	138	11 1/2
Hamlin	100	13
Paducah	95	9 1/2
Chillicothe	125	8 1/2
Matador	80	11 1/2
Munday	Not given	0
Seymour	149	14 1/2
Throckmorton	65	0

## Has Early Irish Potatoes

J. L. Kinchloe has already had on the table Irish potatoes grown on his place this spring. Mr. Kinchloe turned the potatoes under last fall in a bed of straw while he was plowing wheat land and after they had come up he decided he would see how they were growing. He found potatoes as large as a hen egg and had fresh potatoes on the table on April 20th. This is doubtless a record for early potatoes in Foard County. It proves, too, that they can be planted under proper conditions and will make very early.

## For Commissioner Precinct 3

Tom Callaway of the Foard City community authorizes the News to say that he is a candidate for the office of commissioner of Precinct No. 3. Mr. Callaway has been a resident of the county for several years and is familiar with many of its needs that would come before the commissioners.

Will Wheeler of Crowell and Walter Ross of Margaret are in Wichita Falls this week attending Federal court.

## CROWELL HIGH TEAM SPLITS DOUBLE BILL

Crowell Hi baseball team divided a double header game last Saturday with Knox City and Munday. Both games were exceptionally good, the scores of each side being small. Crowell won from Knox City with a five to four score and lost to Munday by a four to three score.

The Knox City game was played at ten o'clock in the morning to a small crowd. The grounds were in very bad condition owing to recent rains and this had a deteriorating influence on the players. In spite of this few errors were made and, generally speaking, both teams were in good form. The game was in danger only once, in the 9th inning. In this inning the Knox City men were lucky and scored twice but Pitcher Cates pitched himself out of the hole and saved the game. Kincaid and Cocks each made some excellent throws from their respective fields, Kincaid throwing to home from center field to prevent a man on third from coming home and Cocks, from left, getting a man at first base.

After the Knox City game the team went by way of truck to Munday where they engaged in another hard fought battle in which they had the decided advantage until the next to the last inning. In their part of the sixth Munday team managed to tie the score by a close decision in home by the umpire. In the Crowell half of the seventh the Munday team held them hitless and scoreless and in their half scored, winning the game. Two three-base hits were made by the Munday men and one home-run was made through an error caused by the bad condition field.

Good hitting and fielding on the part of the Crowellites was the order of the day, very few errors were made and nearly everyone took a swat at the horsehide.

**The First Game**

Summary: Three base hits, Atkinson, Hogan; home runs, Elliott; struckout, by Jones 6, by Cates 2, by Mayes 0, by Stodghill 3; bases on balls, off Stodghill 2; time of game, 1 hour and twenty five minutes. Umpires, Jones of Munday.

Mr. and Mrs. Jim Roark were in town from the Y ranch from Saturday until Wednesday. Before leaving town Wednesday morning Mr. Roark ordered the News for a year.

## APRIL HAS NEARLY 6 INCHES OF RAIN

### Record Is Broken for Spring Month and Small Grain Crop Promises Splendid Yield

Many of the old timers say they never saw so much rain in the spring as is recorded for the month of April which has just passed. All together the precipitation amounted to 5.75 inches, according to the register at the First State Bank here. But this does not represent the measurement over the entire county. In a few localities, perhaps, it has not quite reached these figures, but in others it has gone beyond. For instance on Thursday afternoon of last week in the southeastern portion of the county from 7 to 10 miles away a rain of one inch fell, which covered only a small strip of country, but it was in the main wheat belt, and this with the remainder of the rains gives the farmers there something like six and a half inches for the month of April.

The fairly even distribution of the rainfall for the month is another feature that is proving wonderfully beneficial. On the 3rd, 5th, 6th and 7th the drought was broken with about 3 inches, then there were 17 days of dry weather, which finally began to effect the wheat, and some of the farmers were fearful as to the outcome. On the 25th and 26th we had a renewal of moisture that started the crop upward again. Then, on the 30th, the last day of the month, we had a steady downpour for the entire day, amounting to an inch.

All these rains make the wheat look like it could not keep from making a fair yield. Some farmers predict a better crop than last year. Be that as it may, we see nothing to prevent the county from realizing a fair wheat crop this year.

## WILL HAVE RABBIT DRIVE NEXT WEDNESDAY

A rabbit drive is to be staged next Wednesday morning in the eastern portion of the county.

The plan is for those wishing to engage in the sport to meet at Thalia Wednesday morning, May 10, at 8 a. m. At that time and place the details of the drive will be arranged. The drive is to be from Gamble school house east to the county line and to Pease River on the north. This will embrace a large territory of country on which are many of the best wheat crops in the county. It is in such communities that the rabbits are doing great damage. A campaign of this kind is usually very effective in ridding communities of these pests.

It is said that a prize will be offered to the man who gives proof of having killed the most rabbits on this campaign.

Miss Mabel Pittillo, daughter of Mrs. Georgia Pittillo of this city, spent last Monday at Mammoth Cave in Kentucky. Miss Pittillo made the trip as a member of a party of six hundred students from Ward-Bellmont, Nashville, Tenn., where she is pursuing her studies. The trip which was made by special train is an annual outing arranged by the school as an opportunity to inspect one of the great natural wonders of the world.

C. B. Battle was here Saturday from Chillicothe. Mr. Battle and his family resided in this county for several years until some ten or twelve years ago when they moved to the Plains country where they have made their home since until within the last few months. They had been living at Headley but on account of the altitude of that section Mrs. Battle's health failed and they thought by trying a lower altitude her health would be improved.

J. R. Yount was here three days last week visiting his cousin, Tobe Yount, and family. He has recently returned from a prospecting trip to San Pedro, Honduras, and stated to a News man that that country affords great opportunities. Mr. Yount was a pleasant caller at the News office having known the junior member of this firm in California. He left Friday for points in Oklahoma.

Sgt. Major Kale from Major Culbertson's office at Wichita Falls, representing the War Department was here from Wednesday till Friday on a tour of inspection and instruction visiting the local companies, T. N. G., preparatory for their participation in the annual encampment which will be held at Camp Mabry July 28th to August 11th.

## COTTON RECEIPTS EXPLAINED BY ORR

### Distribution of Funds to Be Made in May. Small Amount of Cotton Yet on Hand

In a letter written to W. A. Cogdell, secretary of the Foard County Farm Bureau, by J. F. Orr, president of the Texas Farm Bureau Cotton Association, Mr. Orr makes some explanations as to the sale and distribution of cotton receipts that may interest many of the farmers of this county, so we are herewith reproducing that letter:

My attention has been called to letters from several members which show that they did not read carefully the statement printed on checks sent to them recently. That statement reads as follows: "This check covers only your cotton which has been classed as strict low middling and above which has been entered on ledgers. Some bales remain to be entered on ledgers and these will be covered by a later remittance. An additional distribution will be made the latter part of April."

At the time these checks were mailed we had more than \$500,000.00 on hand, and knowing that many of our members needed money, we did not wait until final classification of all cotton had been entered on our pool ledgers, but began sending checks at once on all bales of strict low middling and better, that had been posted on our ledgers, and printed on the check a statement that additional remittances would be made as soon as all entries were made. So, if your check was on only a part of your cotton it does not necessarily mean that the balance graded below strict low middling.

I am glad to be able to tell you that we have funds for still another distribution on all cotton and that checks will be sent out during the month of May. This distribution will be followed by the final distribution as quickly as the small amount of cotton now on hand can be sold and final statement prepared.

I want all our members to understand that we are doing everything possible to get this money to them as quickly as possible, but I ask them to remember that we have had difficulties to overcome in getting this business started and started right. We have, by hard and patient work, overcome all obstacles, but the time required to get everything right has been more than we wished it to be. The experience gained this year will enable our association to make distributions more promptly and regularly next season than it has been possible in our first season.

When the last distribution is made, every member will be sent a complete statement showing the pools into which his cotton was placed, the sale price, and an itemized statement of costs of operating the association.

Our members have cause to feel good over the wonderful record of their association during its first year, for it has demonstrated that cooperative marketing of cotton is possible and profitable. Our example has been copied by other states, and next season will witness Southern cotton farmers selling approximately two million bales of cotton through cooperative associations in nine states, all coordinated in the American Cotton Growers Exchange, which will be the biggest factor in the cotton trade of the world, and will bring to cotton farmers the power to have a voice in making the price of the product of their labor.

## TEXAS FARM BUREAU COTTON ASSOCIATION

## SELF & SONS PUT IN POWER AND LIGHT

J. H. Self & Sons have installed a Universal light and power system to be used by the Self Motor Company and the J. H. Self Hardware for both light and power. The engine is a large 4-cylinder machine of the latest type and is used as a generator. It will furnish the same voltage as that given by the Yoder Light & Power Company, so that no changes in motors or lights will have to be made.

The Denton correspondence to the Star-Telegram one day this week carried the news item that Arthur Davis of Thalia had been elected editor-in-chief of "The Yucca," school annual of the State Normal at Denton. Mr. Davis is the son of J. C. Davis of Thalia.

## TALKING ABOUT THE PROPOSED RAILROAD

There is a movement on foot to connect New Mexico with Fort Worth by a new railroad one of the routes being via Turkey, Quitaque, Silverton, Tulia to Tucumcari. From observation The Newsman doesn't believe there is a better section of agricultural land in Texas without rail connection than that around Turkey, Quitaque and Silverton. If the project succeeds, as it will sooner or later, these communities will become one of the very choicest sections for farming and pure-bred stockraising in the entire southwest. A mass meeting was held at Turkey last Friday and officials of the proposed road were driven over the route. We are on the eve of great growth and development in the Panhandle of Texas. —Clarendon News.

It seems that this is the logical route for a railroad from the Plains to Fort Worth, because it would traverse one of the most fertile sections of the west. The agricultural possibilities of this section can not be accurately foretold, but the thing to do is to prove it to the cold blooded capitalist interests.

## All Over Texas

Both the Vernon and Quanah school boards are appealing to the voters of their independent school districts to vote the \$1.00 limit of taxes for school purposes. Appropriations for schools of the classes of Vernon and Quanah have been out and the consequence is that there is a serious shortage of funds from the state. This will have to be supplemented by local taxes. Neither of these towns have had the \$1.00 limit.

Governor Neff's speaking tour through the Panhandle ended last Sunday at Amarillo. It commenced a week before on Sunday, the 23rd, at Wichita Falls. The distance traveled by the Governor amounts to about 700 miles. He visited twenty-two towns and made twenty-two speeches. In all it is estimated that 35,000 people heard the Governor on this tour.

It is estimated that 75,000 people have been rendered homeless by the recent floods in Arkansas, Louisiana and Mississippi. Approximately 3,500 square miles, an area equal to the states of Delaware and Rhode Island were flooded.

The higher court has ruled that J. D. Copeland and F. G. Reynolds, the men who refused to answer questions put to them by the grand jury of Travis County, relative to their connection with the Ku Klux Klan, must answer said questions.

The Lamb County courthouse at Olton was destroyed by fire Monday morning with a loss of \$10,000. Most of the important records were saved but the furniture was destroyed with the building. The origin of the fire is unknown.

In the future Clarendon College will grant permanent certificates to teachers taking the prescribed course of study for such certificate. For several years the college has been giving first grade teachers' certificates.

After having been lost 5 years, a watch was plowed up by a farmer in a field near Paris, Texas. The watch belonged to A. J. Coleman and is said to be in good condition.

While plowing with a tractor on his farm near Dalhart last week Cave Bull was instantly killed when his tractor turned over, pinning his body beneath the machine.

The dispute between Texas and Oklahoma over the bed of Red River has been settled against both states, "Uncle Sam" claiming the south half of the river bed.

According to the press the Orient bridges are out between Bronte and San Angelo and no trains have reached Bronte from the south for a week.

Approval has been made of an advance of \$137,000 by the War Finance Corporation for a loan to Texas for agricultural and livestock purposes.

The recent rains are said to have caused a property loss in Ellis County alone to roads and bridges to the amount of \$100,000.

In Scurry County it is reported that one cattlemaster lost 30 head of cattle from their having eaten cockleburs.

## NEW DITCHER PUT TO WORK LAST WEEK

### Pipe Laying Goes Forward with Little Hindrance—Will Connect and Make Test This Week

If nothing happens to seriously interfere with the work of pipe laying we shall likely see water pour into the streets of Crowell this week from the city well. Pipe laying has been going well since the new ditcher arrived last week. It seems to be no job to excavate 1500 feet of earth a day, and as rapidly as this is done the pipe is laid.

In the meantime the tower is well on its way towards completion, so that it looks like the time will not be long until Crowell will have in operation a real system of water works.

It might be said here that the Orient railroad has agreed to buy its water from Crowell, agreeing to pay the highest price it pays anywhere for water, 15 cents per 1,000 gallons. It is estimated that the Orient will use 30,000 or 40,000 gallons a day, which will bring the city a revenue of from \$135 to \$180 a month. This will be quite a help in maintaining the system.

## Pat Neff Penetrates New Territory for a Governor

Some of the counties visited by Governor Neff on his recent tour of the Panhandle were never honored with a Governor's visit before, according to statements made by N. H. Fitzgerald, editor of the Wichita Falls News-Record, who accompanied the Governor on his trip through the Panhandle. The vastness of the possibilities of this country are bound to have made their impression upon the mind of the chief executive as he went from town to town. The West is rich in agricultural possibilities, and it is not entirely void of historical events of worth. Mr. Neff called to mind some of these in passing. The News-Record man who was with Neff when he came into Foard County says:

At the Pease river bridge the governor remarked to the writer, "Pease was governor of Texas when my parents came to the state and his name is attached to the original land grant of the old homestead. Just before the death in her 93rd year my sainted mother said, 'A governor conveyed to us the old homestead; it seems to me just the thing for me to deed it to another governor, his successor and my son.'"

There are three of her children living. Governor Neff made the necessary financial arrangements with the two others and the old homestead in McLennan county taken by his sire in the pioneer days when his father was a frontiersman is now the prized possession of the successor of Governor Pease for whom the Pease river was named and where Quanah Parker and his Comanches in the long ago hunted antelope and buffalo.

It has been a memorial trip to say the least and the chief executive has penetrated sections never before visited by a Texas governor during his term of office, although Hon. O. B. Colquitt visited Mobeetie and Canadian in his campaign for the office of governor of Texas.

It is certainly remarkable the size of the audiences that has greeted him everywhere since his opening address or sermon on the duty and responsibility of the citizens at Wichita Falls. There have been receptions and dinners and barbecues everywhere. And while never once mentioning politics the governor in all his stops placed before the citizens a vast mass of information touching the cost of state government, the need of all men and women who are qualified voters to take more than a passing interest in public affairs and lastly touching upon the marvelous resources and magnificent possibilities which he predicted would some day place the Lone Star State at the head of all the states as to population, intelligence, wealth and patriotic endeavor.

## SWAIM GARAGE IS ADDING REST ROOM

For the convenience of ladies traveling or coming to town E. Swaim is putting in a nice rest room in the southwest corner of his garage. It will be provided with conveniences for the comfort of ladies and children when they come to his place of business. A lavatory and toilet will be at their command. The room will be about 16 feet square and is beaver-boarded and made home-like in every particular.

# Put and Take

You all know the little game of PUT AND TAKE. It's a game of chance but there-in lies the difference in our game of business. You both Put and Take at every spin of the top but you always take more than you put.

Just PUT yourself to the trouble of calling on us and put up a little cash, or a good hard luck story and we will see that you TAKE more for your money than you expected.

You take Quality, Style, Value and Service.

It's PUT AND TAKE WHERE THE PUT IS THE LEAST AND THE TAKE IS THE GREATEST.

Take a look at our show window.

Cleaning and pressing that please.

#### AYERSVILLE NEWS (By Special Correspondent)

Greek Davis made a trip to Vernon Saturday.

Mrs. Mattie Ivie of Margaret spent Monday with Mrs. J. L. Short.

Greek Davis and V. A. McGinnis made a trip to McLean last week.

Mr. and Mrs. Fox attended an ice cream supper given by the Rebecca lodge at Margaret Thursday night.

Mrs. Ford, who has been nursing Mrs. J. L. Short, has returned to her home at Chillicothe. Mrs. Short is improving.

Several from here attended the 5th Sunday meeting at Margaret Saturday and Sunday. On account of the all-day rain there wasn't so many attended Sunday as had planned to.

The many friends of Miss Aline Gamble regret to learn that her condition has become so serious that she had to be taken to a sanitarium in Fort Worth Monday. A speedy recovery is hoped for by all.

H. M. Ferrin and wife left Saturday afternoon for their old home in Iowa. They will visit Walter Rector and wife near Vernon for a few days and the families of D. M. Davis and Vernon Pyle at McLean while en route to their old home state.

Ralph, the small son of Mr. and Mrs. John Davis, who has been walking on crutches several weeks on account of a lame hip, was taken to the Crowell sanitarium Saturday and placed in a plaster paris case. He was brought home Monday and will have to remain in this case for three months.

Twenty-eight friends and neighbors of Mr. and Mrs. Ferrin surprised them with a farewell dinner last Wednesday. After partaking of a bountiful dinner each guest was called upon by Bert Bell to make a talk, give a reading or sing a song to show their love and appreciation of Mr. and Mrs. Ferrin. Several responded with talks. We regret very much to lose this old couple as citizens but they still have financial interests in Iowa, their children all live there and its their old home, so they have good reasons for returning, but they have promised to make us a visit occasionally.

#### WEST RAYLAND NEWS (By Special Correspondent)

Pink Haynes and family spent last week with relatives in Vernon.

Eric Wheeler, wife and little son were shopping in Crowell Saturday.

Otis Burrson and wife spent Friday night in the Cap Wheeler home at Thalia.

Joe Huntley and family of Vernon were visiting relatives in this vicinity Saturday.

Paul Parker has returned from Denton where he has been for several weeks.

Jessie and Catherine Wheeler of Thalia spent the week-end in the C. J. Fox home.

Gordon Davis and family of Ayersville spent Sunday in the Cap Adkins home.

Stark Pressley, wife and little daughter visited the former's parents in the Parsley Hill community last week.

Dr. Fike, a veterinarian from Vernon, was called to the Clyde McKinley home Monday night to doctor a sick horse.

Mrs. Hardin Hopkins and children of Vernon spent Saturday night and Sunday with her parents, Mr. and Mrs. J. M. Adkins.

Will Coffman who has been working for the Continental Supply Company in Oklahoma is here visiting his parents and other relatives.

Dr. Maine of Thalia and Dr. Kincaid of Crowell were called to the Will Morris home last Friday to see Mrs. Morris who is very ill.

Mrs. J. R. Coffman happened to the misfortune of sticking a prong of a seed fork in her leg just above the ankle. It has caused her much pain.

Sam Jobe of this community and Miss Elsie Brown of near Odell were quietly married at Vernon April the 22nd. They will make their home with Sam's parents.

#### At the Christian Church Next Sunday, May 7th

Bible School, 10 a. m., A. T. Schooley, Supt.

Communion and sermon, 11 a. m. Sermon subject: "Truth As It Is In Jesus."

No service at the evening hour on account of closing service of Baptist meeting.

Everybody cordially invited to attend our services.

J. FRANK MONTGOMERY, Minister.

Notice—I have for sale some residence property. For information apply to owner at the Collins Watson Yard.

## The Alaska Refrigerator

CorK Insulated

A LIFE PRESERVER FOR FOODS

In buying a refrigerator one should observe certain essential things, namely:

**INSULATION**—Cubed cork, used by U. S. Government in all specifications for its refrigerator systems.

**CIRCULATION**—Cold, dry air continually circulating around provisions.

**CLEANLINESS**—Pure, glossy, white enameled interior—easy to clean.

**DURABILITY**—Long life due to its splendid materials and workmanship. Outside case of seasoned Northern Ash protects the inner materials in such a way that makes it a long lived article.

## BUYING AND SHIPPING HATCHING EGGS

By F. W. Kazmeier, Poultry Husbandman, A. & M. College of Texas

The question of getting a start with standard bred stock is always an important one. One way that has been a long time practiced, is the buying of eggs for hatching.

In buying eggs for hatching, the first thing to do is to investigate the responsibility of the breeder, that you may be assured you will get eggs from the pen you order from. Like in any other business, we always find a few people who are not responsible.

Studying the advertising columns of agricultural papers, newspapers, and poultry journals one finds three kinds of poultry advertisers; claiming three accomplishments for their chickens; viz. one the strictly fancier, claiming wonderful show records, blue ribbon and silver cup winnings; the second, Market poultryman, claiming meat and egg production, and perhaps great egg records from famous

egg laying contests; and thirdly, the poultry breeder who realizes the possibility of combining utility and fancy and has bred his stock along these lines for several years. Naturally he claims both, egg production and show records for his flock. As a general rule for the average person, the last breeder is the most apt to be able to produce what you want. Some people want strictly show stock. Some, strictly utility stock, and some the happy combination—of both of these in the same bird—all three of these are offered and extensively advertised.

In buying eggs for hatching, bear in mind that one should be willing to pay for quality; too many people are still trying to buy a good rooster or a setting of eggs for \$1.00. Remember times have changed, and nowadays, a man must pay for QUALITY. Do not expect to get your eggs the following day you send in your order. The chances are other orders are ahead of you. Plan your work and send in your order at least 10 days or 2 weeks before you wish the eggs. Do not expect more than value received. Remember that the shipper cannot be responsible for the eggs, after they leave his hands. Transportation companies, are in a hurry and too often handle eggs as if they were iron or rock. Not long ago the National Farm Bureau wrote me requesting information and recommendations on how to reduce breakage in eggs, shipped by Express. My reply was "have the Railroad or Express companies put in a school for all employees teaching them the fact that eggs must be handled as eggs and not like as many bricks."

Allow for the fact that rough handling in transit usually affects the hatching of eggs, even though they

are not broken. Shipped eggs should hatch as well as eggs produced at home; by this I do not mean to discourage buying of hatching eggs but I do wish to show why people who buy hatching eggs should make allowances for the fact that "the eggs were shipped." The better they are packed the less the shipping affects them.

### Shipping Hatching Eggs

Select perfectly fresh eggs; if possible not older than 3 days so that by the time they reach their destination, they are not more than 5 days old. Too few people realize the importance of shipping only perfectly fresh eggs. Old eggs will hatch late and many of the germs will be so weak, they die during the period of incubation and many more will die fully developed in the shell at hatching time. Remember that the care and feeding of the breeding stock has much to do with the hatching of the eggs. Free range stock with plenty of green food, and not fed too heavily for egg production—will produce the best hatching eggs.

There are two ways to ship hatching eggs: (1) By express, and (2) Parcel Post. We have found parcel post shipments the cheapest and best excepting in special cases. The eggs shipped by parcel post are delivered by the rural carrier, where in the case of express shipments they remain in the express office until they are called for by the owner who must be notified by the Express Agent. In the shipping of small numbers, we have found parcel post the most satisfactory. In shipping of several hundred, we find express very satisfactory. It is possible to collect damages on eggs shipped by express which get to their destination in bad shape, broken, or lost. This does not apply in the case of parcel post shipments. The only chance for collecting damages is, should the package be insured and become lost. Parcel post shipped eggs are not insured against breakage.

### Packing

It is a real art to pack hatching eggs for shipment by express. We recommend strong wooden boxes, wrapping the eggs individually first in paper, and then excelsior. Wooden baskets also are very satisfactory. The eggs should be packed so snugly that they will not shake in the package when the package is handled. All packages should be properly labeled with the sign "Eggs—Handle with

Care." Some Express employees actually pay some attention to these warnings. If possible fix the package with a handle since all packages should be handled by handing from one person to another. While boxes may be handled any old way. That is one reason baskets are better than boxes. For shipment by parcel the paper or regular egg-shipping cartons are quite satisfactory. These cartons are very convenient and facilitate packing but also add to the expense of the package. The eggs should be packed as carefully as possible, not only to prevent breakage, but also to prevent the unnecessary shaking up of the contents. It is the shaking up in transit that injures or at least effects their hatching power. Frequently eggs are left in a cold place, or too near a fire.

### Receiving the Eggs

If shipped by express and any are broken, have the same fact noted on the express receipt, and immediately put in a claim for damages, based on the stated value of the eggs by the shipper. If the package is in very bad shape, do not except it. Turn it down and notify your shipper. If shipped by parcel post, and the shipment is insured, you are entitled to damages, if any of the packages are missing or a part of the package. You cannot collect for breakage, however.

### Care of Eggs After Receiving

Place in a room with a temperature close to 60 degrees as possible. Allow the eggs to rest for 24 hours. This gives the eggs time to settle and for the yolk to locate its normal position. Handling shipped eggs that have been roughly handled, it will be noticed that in many eggs the air sack has been ruptured.

### Percentage of Hatch

We consider a 50 per cent hatch in incubators, of shipped eggs about a fair average. That means one chick from two eggs. Too many people expect all or nearly all the eggs to hatch. A 70 to 80 per cent hatch of all eggs is exceptionally good. It must be remembered that some chicks die in the various stages of development all through the hatching period, just like they do after they are hatched.

### Fertility

The question is often asked what is a good fertility per cent to expect? That, to a very large degree depends upon the season of the year. In the winter a lower fertility should be expected. We are inclined to believe an 80 per cent fertility is a good average. If the fertility goes much be-

low that percentage it indicates something wrong with the breeding stock. (Copyright 1922 by F. W. Kazmeier)

### Lumber Up, Hardware Down

According to local dealers, lumber has had a general steady increase until it is now a high market with a steady upward inclination. The country-wide building boom is responsible for these advances.

This building boom also sent the price of nails up about ten cents a 100 lbs. While other hardware prices have gradually declined until they are now approaching the old pre-war levels.

Let us furnish you with your oil stove repairs, both New Perfection and Florence.—M. S. Henry & Co.

# THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, May 5, 1922

Education is not to be discounted. No right thinking man approves any form of one-sided education, that is, such as does not develop and round out character so as to bring man to the greatest usefulness. That's what real education proposes to do for one. It may not always do it, but it succeeds so far as it goes in that direction. A great amount of the unhappiness in the world today is traceable to a narrow and self-centered bent of mind. There is a lack of breadth and liberality in the way of thinking that denies the other fellow his opinion. If permitted to control opinions of men, it would make of them apes. It would destroy the principles upon which democratic government is founded. Freedom of thought and freedom of speech put a check on such disposition of our leaders whose education has not been such as to give the efficiency they need.

The News is pleased to say a word for Mr. Covey, who is in the race for representative. We believe him to be a capable young man and worthy of the position to which he aspires. Besides possessing educational qualifications that fit him eminently for this place of trust and responsibility, Mr. Covey is conservative and reasonable on matters that demand judgment and consideration. In addition to this he is a Knox County man, and when one comes to consider the fact that it has been 15 years since Knox County furnished a representative from this district, it would seem that it is only just and right that our sister county to the south be given this honor now. This, combined with the fact that Knox County offers the best candidate, in the person of Mr. Covey, ought to lend strength to his chance of election.

Governor Neff was right when he said the other day at Canyon that no boy or girl ought to have to go out of the state to get an education. It is up to Texas, then, to provide educational advantages as good as our boys and girls demand. Texas can have schools as good as the best provided the people are willing to pay for them. We will get just what we pay for.

The official report of the fatalities in the recent storms of the Central States is 28. It is not possible always to escape from storms, but more precaution might be well. Why do the people of the Central States not follow Texas' example and provide themselves with storm houses? It is seldom that a person is killed by a storm if refuge is sought in one of these safety retreats.

Amarillo is famous for something besides its wind. Judge for yourself what that may be. A grand jury in Potter County summoned the Governor the other day and wanted to know why he issued a certain pardon as Governor of the State. Mr. Neff let it be known that he is not expected to explain his reason for the use of the pardon power.

No old resident of this country recalls a spring season when we had so much rain in this country as we have had this spring. Press reports say that in many portions of Texas the floods of April have been the greatest since April of 1900. These big rains doubtless mean that heavy crops are going to follow.

It requires more than ordinary self-denial for one to give no heed to thrusts and gouges of the consciousness gossipers and to the side-swipes of the cowardly insinuator. However just one's contempt may be for such characters, he must be content to allow the heathen to rage and rise above such hypocrisy.

The Los Angeles klansmen have set an example for their brethren in other states. They have decided to surrender themselves in a body, 150, to the authorities.

It's bad enough to put the name of the Russian, Tchitcherin, in print, but any one who tries to pronounce it ought to be put in jail.

E. L. Covey and J. W. Melton were here last week from Goree in the interest of Mr. Covey's candidacy for representative of this district. Mr. Melton was reared in Collin county and met up with many old-time friends here who formerly lived in that county. He also met his cousin, Mrs. M. F. Bowley, whom he had not seen in 35 years. Mr. Melton is a candidate for sheriff of Knox County.

Rev. J. H. Hamblen was seen yesterday and he stated that he was not hurt to amount to anything when the lightning got so close to him a week ago, but his wife was hurt considerably at the time. The bolt seems to have entered the house of the wiring.—Stamford Leader.

Fay Eggleston of Vernon spent Tuesday night in Crowell while en route to Paducah on business. Mr. Eggleston still owns a grocery store at Paducah.

Some small children will give some music on violin and piano at 3 p. m. and 8:00 p. m. Saturday at Crowell Theater.

## ANNOUNCEMENTS

- For District Judge: M. M. HANKINS, ROBERT COLE, J. V. LEAK

- For County and District Clerk: S. E. SCALES, MRS. PEARL CARTER, MISS CORA CARTER, MRS. GRACE NORRIS
- For Sheriff and Tax Collector: L. D. CAMPBELL, M. F. CROWELL
- For Tax Assessor: G. A. MITCHELL, S. B. MIDDLEBROOK, W. I. AWBREY, D. W. PYLE
- For County Treasurer: EMILY PURCELL
- For District Attorney: ARTHUR C. NICHOLSON
- For Public Weigher: C. W. THOMPSON
- For Representative, District No. 114: E. L. COVEY, DR. J. T. HORTON, Also Unexpired Term 102nd Dis.
- For Justice of the Peace, Pre. No. 4: N. P. FERGUSON
- For Constable, Precinct No. 3: J. G. FORD
- For Commissioner, Precinct No. 1: C. D. STEPHENSON
- For Commissioner Precinct No. 2: DAVE SOLLIS, J. L. HUNTER
- For Commissioner, Precinct No. 3: H. E. DAVIS
- For Commissioner Precinct No. 4: J. W. CURTIS, J. E. EASLEY

To the Voters of Foard County  
Inasmuch as we have had but a short time, with some unfavorable weather for travel, since the Governor called the special election to fill the vacancy caused in this Representative district by the resignation of J. C. Marshall of Quanah, it has been impossible for me to completely cover the district and see every voter as I would like to have done.

I, therefore, am taking this method of soliciting your support in the election to be held Saturday, May 6th. If I have not seen you, I ask that you take this as a personal solicitation for your vote.

If I am elected, I hope to meet every man and woman of the entire district and familiarize myself with every question of interest to the people of this district and thereby be able to serve you better.

Assuring you that I shall appreciate your support and trusting that I may have an opportunity to see you, I am,

Sincerely yours,  
E. L. COVEY.

The time is coming when Crowell will have to consider the proposition of paving some of the business streets. Main street is worse than almost any second-class road in the county, and it will always be a problem as to how it can be kept any better until it is paved. Crowell is going to become a more important trade center in the immediate years, because of the rapid development of the territory surrounding the town, and this will increase the necessity for the town to improve and expand so as to take care of the growing business that will find its way to Crowell.

### CROWELL TESTIMONY

Home Proof, Here, There and Everywhere

When you see Doan's Kidney Pills recommended in this paper you most always find the recommender a Crowell resident. It's the same everywhere—in 3,800 towns in the U. S. Fifty thousand people publicly thank Doan's. What other kidney remedy can give this proof of merit, honesty and truth? Home testimony must be true or it could not be published here. Read this Crowell recommendation. Then insist on having Doan's. You will know what you are getting: J. L. Sollis, farmer, says: "My back was lame and sore. My kidneys were in bad shape; they were weak, and acted irregularly; they didn't act freely enough and I was troubled at night. I was advised to use Doan's Kidney Pills and they gave me excellent results. Doan's soon gave me good relief." Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Sollis had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

For sale my place in Crowell, consisting of a 4-room house with underground cistern, 3 lots, outbuildings, etc. Close to school building.—Mrs. M. J. Davis. 49p

Prices Potato Plants Reduced  
The prices of my potato plants are reduced and I will have plenty of them after May 10th. See me and place your order as early as possible.—J. C. Davis, Thalia, Texas. 4f

# John Deere "KC" Cultivator

A Distinctive Riding Cultivator You Will Like

An Exceptionally Easy Machine to Guide. Slight pressure on the foot levers guides the wheels and shifts the rigs. Crooked rows can be followed easily. Shovels remain in ground—no skips—no jumps.

Cultivator Shovels Face Work Squarely. Under all conditions, the shovels on the "KC" Cultivator cut their full width—no ground is left uncultivated.

Cultivator Instantly Adjusted from the Seat of the Machine. Levers are provided for changing the distance of cultivation from the rows, for depth of cultivation, and for level cultivation without leaving the seat.

Front and Rear Shovels Penetrate to Same Depth. The front and back shovels of each rig enter the ground level and continue level as they are lowered by the depth lever. The "set" and "suck" of the shovels are always the same regardless of the depth of cultivation. This is an unusual advantage.

Master Lever Raises Both Rigs and Balances Machine. Both rigs are raised and the machines balanced by raising the master lever. Separate adjusting levers are provided for each rig.

# Fordson

## THE UNIVERSAL TRACTOR

Read what these satisfied owners say about the Fordson tractor. We ask you to take their word and profit by their experiences. With the present outlook for a bumper wheat crop, it is now time for you to get in line for one. Can you really afford to be without one at the present low price—\$457.10—delivered at Crowell, or to your farm.

"I threshed all my crop last year pulling a 22 inch I H. C. separator. It worked perfectly and I am more than pleased with its performance."—Jim Minnick, Foard City, Texas.

"I like my Fordson because I can get the extras for it at Crowell, and because I can fix it myself. I would not be without one at all."—Geo. Mapp, Margaret, Texas.

"My Fordson is one of the biggest assets that I have on my farm. I would not be without one."—L. D. Campbell, Crowell.

T. N. Bell claims the best wheat in the county and he uses two Fordsons twenty-four hours a day. He says, "You can't beat them at the price."

If these big farmers are profiting by the use of their Fordsons, can't you? See us at once.

### Price \$457.10

# Self Motor Comp'y

Business getters—Dollar Day at Self's.  
Look at the John Deere godevil before you buy.—M. S. Henry & Co.  
Positively no fishing allowed on my premises. Do not ask permission.—Mrs. W. S. Bell.  
P. & O. cultivators, something that will do the work and give satisfaction.—J. H. Self & Sons.  
Mrs. Karl Meyer and little nephew, B. F. Hallmark, went to Knox City Monday to visit relatives.  
For Sale—Good maize and oats.—Farmers Co-operative Society, phone 16, Medicine Mound, Texas. tf  
Eddie Russell has recently returned from Clarendon where he finished a bookkeeping course in the Clarendon College.  
Mrs. B. H. Daughtry, who had been visiting friends in Crowell, left Monday for Quanah to visit her daughter, Mrs. M. M. Hankins.  
Roy Beidleman of Bristol, Tenn., arrived in Crowell last Friday for an extended visit with his uncle, C. W. Beidleman, and family.  
Jimmie Self came in last Saturday from Buffalo, Mo., and will be employed as bookkeeper in the hardware store of his uncle, J. H. Self.  
Red Star wickless oil stove, absolutely no wicks. Easy to keep clean, always ready, always efficient. Let us show you any day.—W. R. Womack.  
Guard your stomach. It is the foundation of health or disease. The world's most famous stomach medicine is Tanlac. Sold at Owl Drug Store.  
Have you seen the new 1922 model, improved Red Star stove? It is beyond doubt the best oil burning stove on the market now.—W. R. Womack.  
The Baylor County Banner carried an item last week announcing the death of T. H. Clark, father of Arthur Clark, who was formerly a citizen of this place, and who married Miss Estelle Thacker, daughter of Mrs. Fannie Thacker, of Crowell. T. H. Clark resided in Britton, Ok., and Arthur died in Oklahoma City.  
Davis was here from the G. farm in the eastern part of county Monday to take Ralph, his 10-year old son home, who had been here under treatment of the doctor for tuberculosis of the bone. Mr. Davis reports the boy as getting along very satisfactorily and states that the doctors think he can be cured within a few months.

Hit of the season—Dollar Day at Self's.  
Little Overland touring car, \$660.00 f. o. b. Crowell.—Burruss & Spencer. tf

PENSLAR AGENCY CROWELL TEXAS

# Attention, Crowell

Commencing Monday, April 17th, 1922, we will install a delivery service and include several towns, among them being Crowell and place our service at your door on a weekly schedule that will be of untold service to the household, business, hotels, barbers, shops, rooming houses, etc., of your city.

On account of the excessive express rates it has been almost prohibitive to send laundry of any amount by express. By installing a service of this kind when our Mr. Miller will call at any residence in your city and deliver this week within the month of a week. Instead of going to C. T. Schaub's through the week, you will be given prompt attention Monday morning of each week. We will maintain an office at C. T. Schaub's Store.

**Kindly Note the Following Schedule Carefully:**  
 Monday, A. M. To Crowell. In this trip our representative, Mr. Miller, will gather soiled laundry and return to Channah. Tuesday, A. M. We will deliver Crowell laundry.

We guarantee you perfect satisfaction and will maintain the above service to the very best of our ability. For other information see Mr. Miller, who will be at your service.

### POSTAL IMPROVEMENT WEEK IS OBSERVED

May 1 Day inaugurated First General Campaign of United States.

Without the postal service the business world would be almost paralyzed. It is the backbone of the modern industrial and commercial system.

The postal service is a public utility. It is a service which is essential to the life of the nation. It is a service which is provided for the benefit of all.

Postal improvement week is a time when we can all do our part to make the postal service better. We can do this by using the postal service more and by helping to improve it.

### WOMEN WHO CARE FOR THEIR TEETH

When a girl chooses to smile brightly and cheerfully, she is sure to be popular. Her smile is her best asset.

Women who care for their teeth will find that their smiles are more attractive and more lasting.

It is not enough to brush your teeth. You must also use a tooth powder that will keep your teeth clean and white.

### THE AMERICAN LEGION

**Texas Legislation for Ex-Service Men**  
Texas furnished about 200,000 men for military service during the World War. This was roughly speaking 5 per cent of the total strength we had under arms.

The American Legion has asked nothing for the able bodied ex-service man of Texas; rather has it made demands looking to the relief of disabled veterans. Nor has a public demand been built up rendering unto the veterans any marked recognition along legislation lines. And it has only been recently, and then only because of the serious phases which have developed in unemployment census, that the attention of state officials has been called to the fact that out of over 500 employees in the State House only 10 of them are ex-service men.

Laws relative to ex-service men have been passed by Texas Legislatures as follows:

**Recording Discharges**  
County clerks are required to record military discharges without cost.

**Statutes of Limitations Extended**  
The Statutes of Limitations were suspended for an additional 12 months after discharge as far as they pertained to any debt right of cause of action.

**Exempted from Poll Taxes**  
Franchise was granted all veterans in 1919-20 without payment of the usual poll tax fees.

**Extended Classification As An Inhabitant of Texas**

Veterans were by Chapter 82, Laws of 1922, given classification of inhabitants of Texas during the time they served in military service for more than six months, for the purpose of extending jurisdiction of the courts in divorce actions.

**Memorials and Monuments**  
The State of Texas took over and undertook to complete the construction and operation of the American Legion Tubercular Hospital at Kerrville, Texas. \$1,500,000.00 was appropriated for this purpose and when completed the hospital will take care of 600 patients. One unit of the hospital is now completed and is taking care of 65 patients.

\$30,000 was appropriated for the erection of a monument to the "Soldiers, sailors, Marines and Nurses from Texas who lost their lives in the recent world war." The committee in charge is also authorized to receive donations and subscriptions from individuals to augment this fund.

ceive donations and subscriptions from individuals to augment this fund.

Dallas, Texas, April.—Ex-service men of the country were asked to go back to the home town and get a job, in an appeal Wayne Davis, Department Commander of the American Legion today asked the newspapers to broadcast to jobless veterans who, he said, are congregating in larger cities where unemployment is becoming worse.

The Legion's effort to find employment for the jobless ex-service men, began three weeks ago, is gaining in effectiveness, Mr. Davis said.

"I cannot emphasize too strongly" he said, "That the first obligation of a community is to the men who claim that community as their home."

"The drifter who has not thought enough of any community to become identified with it and assume his fair share of the obligations of citizenship and community responsibilities has no reason to believe that community to be under obligation to him now."

"There is congestion in the cities. Here employment is at its worst. He is a poor man indeed who in his own home town has not a job waiting for him if he will put himself in the way of getting it. The Legion's advice is: Get back home. Get back among your own comrades. Get back among the people who have watched you grow from boyhood to manhood and who naturally feel the greatest gratitude toward you for your service in the war."

Clarksville, Texas, April.—The third Annual American Legion Follies staged here last night met with very great popular favor. There were forty people in the cast and the program covered a minstrel act, numerous specialties and comedy playlet.

Hempstead, Texas, April.—The ex-service men of this community have just organized an American Legion Post to be known as "Waller County Post." The officers elected are: A. A. Blumberg, post commander; A. M. Amsler, post adjutant, and Tom R. Cooke, finance officer. It is believed memberships will reach 150 within a very short time.

Moran, Texas, April.—The American Legion Post recently organized here enjoys several unique distinctions. There is not a former army officer nor even a 2nd lieutenant, holding membership in the post nor do any reside within membership radius. Harold G. Scroggins, a Methodist minister who was formerly a truck driver in the 2nd division supply train, has been elected post commander, W. O. King is post adjutant. King was formerly sergeant and is the ranking ex-service man in the county.

#### Look Facts in the Face

When a merchant sells an article he makes a certain profit over and above the wholesale cost of the goods, the transportation, and the cost of handling. This rule applies the world over.

Suppose the people of this community have \$500,000 to spend within a given length of time.

Is it better to keep the profits at home and in circulation among us, or is it wiser to send it all away?

For purposes of illustration, we will say the dealer's profit is 15 per cent, or \$75,000.

If the people send away for this \$500,000 worth of goods all of the money they send away will stay away. We will never see it again.

If, on the other hand, the people buy those goods from local dealers the only money to be sent away will be the wholesale cost of the goods and the transportation charges.

The 15 per cent profit will remain at home, as well as the overhead expenses, such as clerical hire, insurance, heat, light, and various other items.

Keeping that money at home does two important things. It increases the money in circulation at home, and it gives employment to local people.

People who are in the habit of patronizing their home merchants invariably have a better and more prosperous community than those who have the catalogue habit.

These are facts worth looking in the face.

Large numbers of Russians are said to be resorting to cannibalism to escape starvation. That ought to increase their value in their own estimation.

If we had our say about it we would see that a law is passed abolishing "capitalless" punishment.

A woman with a pretty leg can disperse a mob quicker than a squad of police—if she walks away.

According to a local oracle the best time to kill a fly is before it begins to fly.

**SAYS HENS PAY HANDSOME PROFITS**

The Fort Worth & Denver Railroad has compiled some interesting statistics on the poultry business in the territory traversed by that line. This furnishes some good reading and may be worth something to farmers of Foard County.

The average farm, says this report, has 83 hens and the average sales are \$61.00 a year. The income would be much larger, it is claimed, if standard bred stock were kept instead of the common breeds on all the farms. But in spite of the fact that 63 per cent of the chickens are of mixed breeds, the results show splendid profits. Of the \$161.00 worth sold \$132.00 of the amount is claimed as profit.

The fact is brought out that 16 per cent of the eggs sold for hatching in Northwest Texas are from scrub stock or mixed breeds. This being the case success in the poultry business cannot be what it ought to be without standard bred stuff. With good chickens it is said the profits ought to double those from the scrubs.

The average farm ought to have at least 125 hens, and if the revenue from so many scrubs amounts to \$200 a year, from good stock it ought to be around \$400.

We are buying thoroughbred hogs and cattle because they are more profitable. Why not apply the same rule to the poultry business?

**Baptist Church Notes**

Our meeting has been good and interest never has weakened. A number have been saved, others reclaimed and a general reinlistment.

There will be services each day at 10:00 a. m., prayermeeting at 7:45 and regular services 8:00 p. m.

Sunday, beginning with Sunday School, we want a home-coming service. All members of our church, with their friends come.

Services at 11:00 and 8:00. We are looking to and are expecting a red letter day, weather permitting. There will be baptizing Sunday afternoon at church. We hope all candidates will be ready.

Come now, let's make the remaining days of our meeting the best. To do this your presence and help is necessary. We are counting on you. Remember May 14, next Sunday week will be Mothers' day at our church.—Pastor.

**Notice**

By order of the District Court of Foard County, Texas, I have been appointed Receiver of the properties of the Mid-Continent Exploration Corporation, (This is the company that drilled the Beverly well north of Crowell), and after investigation I find that the locks on the tool boxes have been broken and a good many of the tools and supplies carried off. I know where some of this stuff went to, and some of it I do not, but this is to notify all parties who borrowed or carried any of the tools and supplies away from the rig to either return it to the well or to me at my office at once, otherwise you will be prosecuted to the full extent of the law.

Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer. Manufacture of Monoaceticacidester of Salicylicacid. 169

"An' Missus Johnson, you be sure to get Kellogg's Corn Flakes, because the children won't eat any other kind. Kellogg's have the good flavor and they are never tough and hard to eat!"

**Children are quick to know Kellogg's superior goodness**

Little folks instantly recognize Kellogg's Corn Flakes from imitations! They know the delicious Kellogg flavor and they know that Kellogg's are never tough or leathery or hard to eat!

Kellogg's Corn Flakes are so superior in flavor and in wonder crisp crunchiness that once you know Kellogg's you will always serve Kellogg's.

And, Kellogg's should be best because they are the original Corn Flakes—the most delightful cereal ever made! Insist upon Kellogg's—the kind in the RED and GREEN package, because none are genuine without the signature of W. K. Kellogg, originator of Corn Flakes!

Don't forget, KELLOGG'S Corn Flakes are made by the folks who gave you the JUNGLELAND Moving Pictures. Coupon inside every package of KELLOGG'S Corn Flakes explains how you can obtain another copy of JUNGLELAND.

**WEAK, NERVOUS, ALL RUN-DOWN**

**Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.**

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui... that I was improving. The result was surprising. I felt like a different person."

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me... My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere. E. 93
