## TERRY GIN TOTALLY DESTROYED BY FIRE

Loss Estimated at \$20,000; Third Gin of the Chickasha Gin Company Destroyed Within Two Days

About 5 o'clock yesterday morning a fire alarm was given which revealed the fact that the Terry Gin was on fire. The night watchman was the first to discover it and quick-ly sounded the alarm but before the engine or any one could be on the scene the gin was wrapped in flames, and it was evident that it had not been saved.

The fire seems to have originated near the building and must have burned some time before it was discovered. The fire fighting forces on the ground within a few minutes did fine work to save other gins near by. The seed house burned so badly that it is useless and the office building was not entered.

Thomas Rasco, manager of the company, said that when he called up the office of the Gin Co. and inquired if the gin had been destroyed he was informed that on Wednesday the company had lost two gins by fire.

It is not known how this fire originated. The loss was total and is estimated at about \$20,000. It is not here what the insurance was, the company carried none with the agents.

## GOVERNOR FAILED TO MEET DELEGATES

Mr. Henry returned Monday from a trip where he went last Friday to meet with officials of the Orient and delegates from other towns along the coast at the call of the Lieutenant Governor for the purpose of trying to arrange some means by which the railroad might be enabled to operate in operation.

When Mr. Henry arrived he learned that the Lieutenant Governor was in Houston with dengue fever and would not be present at the meeting. Other representatives had gone to Austin to meet the same expert and Mr. Henry had and had just returned from their homes a few minutes before Mr. Henry arrived. So that the meeting was not held, because the Lieut. Governor, who was the principal figure in the conference, could not be present.

Mr. Henry got the impression, however, from newspaper reports that the purpose of the meeting was to try to find some means by which the railroad could be relieved from the regulations of the Interstate Commerce Commission and placed in the hands of a special commission resident along the Orient route.

## Festival at Christian Church

The Christian church will begin a series of evangelistic services on Thursday night, October 19th, 7:30 p.m. Evangelist P. R. Huckleberry of Childress will do the preaching. He is one of the leading evangelists in Texas, preaching the gospel lovingly and faithfully, and has been blessed of God richly in winning many precious souls for our Lord and Savior. Rev. I. J. Sparks of Snyder and Rev. C. A. Burris of Benjamin also help in these services a part of the time. The earnest, prayerful cooperation of the Christian citizens of Crowell is invited during this festival. Especially do we entreat those who can sing to have fellowship with us in these meetings. Let us "work together with Him" and let us have a great victory over sin and the devil. To this end, let every Christian pray. Arrange to attend every service possible and bring an evangelist friend, "if you can find one." Let us reason together, saith the Lord. May the Lord count on you.—Minister.

## Died of Heart Failure

Frank S. Williams died at the Fulmer home on the Beazley farm last afternoon of heart failure. He had been picking cotton in that vicinity and at the time when he was at the Fuller home.

The body of the man was prepared and taken to Bruceville, Wagoner County, Wednesday, where burial was made.

## OFFICIAL OPTIMISM AND PESSIMISM

Someone once remarked that a pessimist is a woman whose husband is an optimist. Another kind of a pessimist might be the man who constantly reads the hot air reviews of industrial conditions made by political chiefs within the Government, and then tries to reconcile the cheering news thus obtained with the cold facts he finds in the statistical statements.

Last winter when the President's Unemployment Conference was trying to find work for five million idle workmen, the Federal Reserve Board, the Department of Labor, and whole flocks of Congressmen were telling the country what good times we were having.

Some fantastic author has written a story about "A Corporation with a Soul," and the Steel Corporation thinks so much of the optimistic romance that it has printed a booklet and sent it broadcast into a pessimistic world. The average of eight leading steel products is now \$52.55 per ton, against an average \$42.12 at the low point last February. Rails have been advanced from \$40 to \$43. Record long-hour work days continue in the industry, but the fact is a "soul" concealed somewhere is proved to the satisfaction of the heads of the steel trust, even though they are forced to make an advance of 20 per cent in wages to common labor. Reference is lacking that there was a scarcity of labor and that laborers in the industry were deserting to take positions in more congenial employment.

## The Faculty Club Meets

The teachers of Crowell school have an organization known as the "Faculty Club," which has proved to furnish splendid entertainment once each month. The members of the committee on entertainment for this month are Misses Razor, Crews and Mapp. They took us to Sloan Springs last Friday evening for a beef fry. On our arrival at the place we began immediately to gather wood and prepare a camp-fire. Some insisted that men knew little about building fires but with the help and advice given us we fellows soon had a real camp-fire. In a short time Misses Woods, Cates and Ross were engaged in frying. They deserve special mention as extra good open-fire cooks. Each and all took part in the preparation of the dinner and when it was spread one could not help but recalling the story of Iahabod Crane's dream about the feast at Old Van Tassel's house. After dinner we were amused by telling stories and singing songs. All teachers, but Mr. Tate who had gone to Vernon with our football boys, were present.

The members of the committee on entertainment for next month are Misses Sloan, Black and Higdon.—A Member.

## A. C. Gaines returned from Sweetwater Sunday where he had gone to stand an examination as an optometrist. He passed a good examination, making 97 per cent. He expects to fit himself up to handle the business in that line.

## HIGHWAY MEANS RESPONSIBILITIES

Dr. Johnson and R. H. Coffee Stop for Short Conference with People of Crowell Friday

Dr. Johnson, general director of the Lee Highway, and R. H. Coffee, president of the Texas division of the Lee Highway Association, came into Crowell early last Friday morning according to previous announcements, and found awaiting them a considerable crowd of Crowell citizens, who immediately assembled in the district court room where both men had some statements to make relative to the Lee Highway.

Mr. Coffee stated that some misrepresentations had been published as to the aim of the promoters and that he was running this down and meant to have it corrected. The statement had been made through the press that the Lee Highway was for sale, that is, the community that makes the highest bid for the road will get it. This had found its way into the public press and was likely to injure our prospects of getting the highway. Such statements are branded as absolutely false by Dr. Johnson.

Dr. Johnson, spoke of the building of the Lee Highway as a memorial to the great Southern leader, Robert E. Lee, and he wanted the people to know that he is not building a road on paper, but proposes to actually do construction work and build a road that will become not only one of the principal thoroughfares of the country, but actually the Main Street of America. It is to be a transcontinental street from New York to San Diego, California. It will be an open road 365 days in the year and is not expected ever to be blocked with snow, as is true with the Lincoln Highway, its counterpart running through the North.

Basing his estimate of traffic over such a road on that of the Lincoln Highway, Dr. Johnson said we might reasonably expect 200 cars a day foreign traffic when the road is opened up, and when the local travel is added to that it will mean that unless the road is constructed of material that is durable it will be smashed into smithereens in a short while. It can mean nothing else, then, than that we must within a short while have a hard surface road if we get the Lee Highway designated through Foard County. This Dr. Johnson said would carry with it some responsibilities. The Lee Highway will not go where the people do not want it. It will go where they are willing to assume some burden and some responsibility. It will not have to seek that condition because others are wanting the highway. Dr. Johnson made it plain that he favored this route, because it will pass through the South. A few hundred miles, or even 100 miles north, would carry it too close to the territory served by the Lincoln Highway.

Speaking of the burdens that would come to the people along the route when construction is to commence, the speaker said that nothing would be asked of the people that they could not do. The Government will help build the Lee Highway, but the Government is not going to build it without local co-operation. He made it very plain that this would be expected and told his hearers that if they could not be relied on to assume reasonable responsibilities they might as well dismiss the Lee Highway proposition from their minds.

Dr. Johnson commended our people for the interest they have already taken in this proposition, calling attention especially to the fact that we had succeeded in getting our road in the 7 per cent class, which means federal aid. Another thing attention was called to was that the right-of-way must be straightened as nearly as possible. Life is too short and the world is in too big a hurry to have to go many miles out of the way to get from one point to another. It is all foolishness for a road to go north, west, north and then east, unless there is some obstruction in the way that can not be removed. Then the cost of construction is too great. Again the shortening of distance means shorter hauls of freight and consequently less cost to the consumer. This insistence upon straightening of the route was a fine refutation of the false idea that the Lee Highway could be bought.

Dr. Johnson made it plain that he

## CLUB BOY WINS AT DALLAS FAIR

### Club Members of Several Other Counties in West Texas Win on Agricultural Exhibits

It always gives one pleasure to know that the boys win in some worthy endeavor. It gives them confidence in themselves and lets them know that they can really do something worth while.

We have just noticed in the Dallas News that Ragdale Davis of Foard City, who belongs to the agricultural club of Foard County, has won first on ferretia at the Dallas State Fair.

Of course, we are interested first in the boys of our own county, but no true West Texan envies the boys won by those of a neighboring county, and so every one is pleased to know that several other counties in West Texas have been heard from. Following are some of the prizes won by other club members from adjoining counties:

On Milo maize, Farnell Hays of Paducah won first; Guy Orr of Hall County, third; C. H. Riley of Wheeler County, fourth; Arvel McKinney of Childress County, fifth; Daley Howell of Paducah, sixth.

On Sorghum grain, Dawson, Nolan, Cottle, Childress and Foard won over all other counties.

## SENIOR CLASS NOTES

On Saturday evening Misses Martha Louise Ray and Lillian Bell White entertained the seniors with a picnic at Sloan Springs. We met at Miss White's home about seven o'clock and proceeded on to the springs in several cars. Miss Litha Crews and Dr. Schindler and wife chaperoned the party.

After arriving at the springs we built a large fire in one of the dry creek beds. We then went back to the road where we played various games and succeeded in working up a good perspiration. Such exertion sharpened our appetites and we were called back to the fire where an appetizing lunch was served. Roasted wienies, sandwiches and various other things made up a very fine lunch.

After the things were cleared away we sat around the fire, told stories and were entertained by Miss Crews.

At a late hour we departed, thanking Miss Ray and Miss White for one of the most pleasant evenings we ever spent.

The contract has been let for the annual engraving. We are getting ready to do some hard work on it, and we feel that with the hearty co-operation of every one concerned we will put out a book worthy of the school which it represents.—Reporter.

## Supplements Reward

J. H. Self says that he will supplement the reward for the conviction of any party guilty of arson, offered by the City of Crowell, to the amount of \$50, making the total \$150. He thinks the citizens of Crowell could well afford to make the reward \$500.

## CITY GETS REDUCTION IN FIRE RATE

Fire insurance agents here have received notice from the State Fire Insurance Commission to the effect that a reduction of 12 per cent is granted Crowell on its good fire record, effective from Sept. 28, 1922, to Feb. 28, 1923, with instruction that policies to be written after Sept. 28th are to be written at the new rate. This means a big saving, almost as much as the agents' commission, it is said.

But this is not all the reduction we are to expect. We will get additional reductions on our fire fighting equipment, and possibly within a few days we shall be in position to announce that saving.

meant to build a national highway through the South and he is seeking the best and most direct route.

An expression of our people at the meeting Friday morning was that they would stand together for the Lee Highway and will co-operate with Dr. Johnson and Mr. Coffee all along the line in their efforts to get the road. The speaker stated that he expected the designation to be made soon.

## VERNON 25; CROWELL 6

In one of the most hotly contested games ever staged in Vernon Crowell Hi eleven was defeated 25 to 6.

The Crowell team was out-weighted but they worked together and the Vernon team was in danger from the kickoff. We heard nothing but praise from Vernon because of the clean, sportsman-like game Crowell played with three of her veterans on the side lines with injuries.

There were no individual stars on the Crowell team, every man giving his best for Crowell Hi.

The following is the play by play:

### First Quarter

Crowell won the toss and defended the east goal. Vernon kicked and Carter received. He carried the ball ten yards before being downed. Crowell attempted center buck with Cates carrying the ball but failed to gain. Awbrey was called around right end for three yards. Cock substituting for Buckley, who went out on account of injuries. On the next play Awbrey punts out of danger. Cates through center, no gain. Carter through center, no gain. Glover and Norman make a spectacular tackle. Vernon carries the ball over on a trick play. Awbrey attempts pass to Crews, no success. Glover tries pass to Cock, no gain. Glover to Carter nets nine yards. Cates around right end for a two yard gain. Vernon makes a touchdown on a trick play.

On the kickoff Awbrey receives and carries the ball back ten yards. Awbrey goes around left end for twenty yards. Carter through center for 3 yards. Carter around right end for four yards. Cates goes through center for two yards. Awbrey is thrown for a small loss. Awbrey passed to Glover who made a wonderful catch and gained seven yards. Cates through center for a seven yard gain. Awbrey makes two yards through center. Awbrey attempted a forward pass to Cates without success. Again Awbrey passed to Cates gaining two yards. The end of the first quarter, the ball in Crowell's possession on Vernon's eighty yard line. Score, Vernon 14, Crowell 0.

### Second Quarter

Awbrey punted out of danger. Awbrey went around right end but failed to gain. Cock completed a forward pass from Glover and gained ten yards. Cates gained one yard through center. Carter gained five yards around right end. Cates went through center for a gain of two yards. Again Cates goes through center for a one yard gain. Carter recovered punt and advanced two yards. Carter was injured on this play and forced from the game. Glover received punt but was downed in his tracks. Glover attempted pass to Cock with no success. Glover again passes to Cates with no gain. On the next play N. Cock takes Vernon for a five yard loss. Vernon was penalized fifteen yards for off-side. Awbrey gained one yard around right end. Cates was taken for a five yard loss. Awbrey punts out of danger. Awbrey passed to Cates and gained six yards. Awbrey made a beautiful pass to Glover and gained five yards. Awbrey attempted pass to Cock which was incomplete. Awbrey playing a wonderful game. The end of the second quarter. Score, Vernon 13, Crowell 0.

### Third Quarter

Cock completes forward pass from Awbrey, gained nine yards. Awbrey passed to Glover but made no gain. Awbrey passed to Cates with no advance. Awbrey to Glover nets a gain of four yards. Awbrey makes a wonderful tackle, preventing Vernon from making a touchdown. Norman recovers a punt and gains forty yards. Awbrey passed to Cates, who made a great catch, and ran twenty yards for a touchdown. O. Cock made a great tackle on the next play. The end of third quarter the ball was on Crowell's nine yard line. Score, Vernon 13, Crowell 6.

### Fourth Quarter

Vernon was penalized twenty yards for off-side. The ball then was in Crowell's possession. Awbrey attempted a forward pass to Glover but was intercepted by Vernon gaining a touchdown for them. Again when the ball was in Vernon's possession they penetrated Crowell's center for a touchdown. Vernon kicked and Crowell received, Awbrey carrying the ball back to Vernon's fifty five yard line. Awbrey attempted a forward pass to Cates without results. On the next play N. Cock takes Vernon for a five yard loss by a great tackle. Crowell penalized twenty yards for off-side. Vernon is penalized twenty yards for off-side. Cates breaks up

### Final Score, Vernon 25, Crowell 6.

## COTTON CATCHES ON FIRE AT DEPOT

### Quick Work of Fire Department Saves Heavy Loss; Several Hundred Bales Endangered

It was a good wind that blew up about 2 o'clock Saturday morning. One would not have been inclined to count it so, however, as the open doors began to slam and the raised windows commenced to rattle and the sand made its way through crevices and settled down upon the dining table. We say it was a good wind because it prevented a destructive fire at the depot.

It was at this time that Mr. Grimlan got up to close the doors and let down the windows that he discovered a small fire in the cotton on the depot platform. If it had been burning very long it had done little damage, but the wind was the cause of its discovery in time to save the situation. Within a few minutes after the wind struck the flames could have been fanned into a good sized fire that would have been difficult to handle.

The fire was given and the fire trucks were on the ground in a very short time. All that was necessary was to "loosen" the cotton bales near the Grimlan home and turn the water on, and the fire was under control.

Speaking of the probable fire damage that was averted by means of the water at hand, R. B. Edwards made the statement that almost enough cotton was saved to pay for the water works. That might appear to have been putting the statement a little strong, but half that amount of cotton would have been destroyed, and added to this would have been a large amount of railroad property that could not have been saved, possibly the depot included. It was the narrowest kind of escape. Fortunately only some 12 or 14 bales of cotton were partially burned.

## SUBJECT OF SERMON "BEHOLD THE MAN"

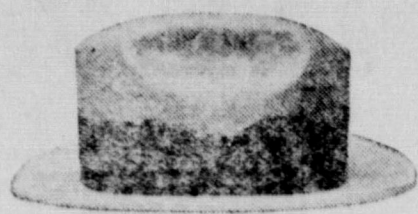

Rev. Wilkins, pastor of the Christian church at Childress, occupied the pulpit at the Methodist church Sunday night. His subject was "Character," and the scripture taken as a text is John 19:5, "Jesus therefore came out with the crown of thorns on his head and clothed with purple garments and Pilot said unto them, 'Behold the Man!'"

The speaker spoke for the most part of national ideals and made a beautiful summary by comparing the ideals of Greece, Rome and Judaea. Greece placed importance on knowledge and produced the world's greatest philosophers, and the national ideals of Greece reached their highest perfection in the philosophy of Plato. Greece was proud of its achievements in that respect and said to the world "Behold the philosopher." Rome sought power by the sword and developed great military strength. Her ideal was that of a hero, and Caesar became her idol. Rome said to the world, "Behold the hero." Judaea was long on the Jewish religion and her ideal ran in that line. World stirring events clustered about the Christ, and without professing acceptance of doctrines taught by the Savior and unconscious of the true meaning of the words, Pilot put much into the exclamation when he said: "Behold the man!"

Almost any one can see the thought to be applied. You can run the argument out for yourself. It might be said in this connection that nations are made up of men and the ideals of a nation are the prevailing ideals of the people. These are to determine largely the destiny of nations. Greece passed from her high station and is today one of the weakest of the nations. The glory of Rome became a faded flower centuries ago, but the Christian religion, the new world ideal that emanated from little Judaea furnishes the surest foundation upon which to build with the hope of permanency.

long pass but is unable to catch it. O. Cock intercepts forward pass and gained fifteen yards. Awbrey attempted pass to Cates without results. This play ended the game. Final score, Vernon 25, Crowell 6.

### THALIA ITEMS

(By Special Correspondent)

Ava McNair has been on the sick list this week.

L. D. Campbell was here from Crowell Sunday.

Ralph Gregg of Rayland visited relatives here Sunday.

Born to Mr. and Mrs. Ben Henry October 7th, a fine boy.

Elmer Roberts of Vernon transacted business here Friday.

Mr. and Mrs. Atcheson of Crowell attended church here Sunday.

The picture show Friday night at the tabernacle was well attended.

John Thompson, Jr., is building a new horse and harness shed this week.

Mr. and Mrs. J. E. Dockery spent the week-end with friends at Tolbert.

Miss Stephens of Crowell was here Monday looking after an expression class.

Frank Williams died Sunday. His remains were shipped Monday to Marlin for interment.

Mrs. Belle Thompson visited her sister, Mrs. Fred Rennels, in Crowell last Friday and Saturday.

Mr. and Mrs. Frank Ward and Mr. and Mrs. Tom Ward of Rayland attended church here Sunday.

Willie Johnson came home Sunday from Wichita Falls where he spent awhile with his wife and baby.

Elder J. T. Cabe preached to a large and appreciative audience Saturday night, Sunday and Sunday night.

Mr. and Mrs. Sim Gamble and Mr. and Mrs. Forest Durham of Aversville attended church here Sunday.

Mr. and Mrs. C. H. Wood and Mr. and Mrs. Less Hammons left Monday night for Dallas to attend the Fair.

H. L. Fisher, Ed Self and Bob Huntley went to Crowell Saturday to take examination for the post office.

Will Banister and Tom Abston and several others whose names we failed to get left last Friday for the State Fair at Dallas.

Mr. and Mrs. T. M. Haney, Arthur Phillips, Fred Rennels and the club boys of this county left Sunday for the Dallas Fair.

Mrs. Grimm was shopping in Crowell Friday afternoon. Her daughter, Miss Ruth, returned home with her for the week-end.

Fred Brown and Hiram Grey left last week for Lubbock to attend the funeral of the latter's brother-in-law, Nat Killens, near Lubbock.

Emmitt Powell visited friends in this community Saturday night. Several from here attended the show at Crowell Saturday night.

Mrs. Fred Rennels and son, F. L., of Crowell are here visiting her parents, Mr. and Mrs. J. A. Abston, while Mr. Rennels is at the State Fair.

Cap. Wheeler and wife, Fred Brown and wife, Opal Cato, Dave Shultz, Bob Huntley, Charley Wood, Will and Charley Webb, motored over to Margaret Sunday to listen to the radio-phon.

Rev. Frank McNair and daughter, Miss Ava, returned Sunday from Leuders, Texas, where they went to attend the bedside of their mother and grandmother who died Friday afternoon.

### MARGARET NEWS

(By Special Correspondent)

Alf Bond returned from Electra last Friday.

Mr. Johnson and wife went to Quanah Friday.

Dr. Wrenn's car of household goods arrived Monday.

Tom Goodman and wife went to Vernon Monday.

Mr. Haney of Crowell was in Margaret Sunday.

S. B. Middlebrook and mother returned from Altus Monday.

Orval Awbrey and others from Thalia were here Sunday.

Sim Gamble and wife attended church here Wednesday night.

Grandpa Bond and Rev. McCrory were in Crowell last Thursday.

Mr. and Mrs. Homer White of the Black community visited here Saturday.

"Uncle" Jake Middlebrook had one of his "spells" Saturday night, but he is feeling better now.

Rev. McNair of Thalia, who has been preaching in the meeting here, was called away on account of the illness of his mother at Leuders.

Leo and Arthur Owens and John Bradford went to Electra Saturday to hunt work, but when they got there and found a job it scared them so bad they came home.

The Allison Mercantile Co., Goodman's Grocery and the drug store at this place were burglarized last Friday night. A diamond ring, a six shooter and \$1.10 were taken from the drug store. Nothing was missed from the other two stores.

### WEST RAYLAND NEWS

(By Special Correspondent)

Born to Ben Henry and wife, Oct. 7th, a boy.

Johnnie Cantrell hauled cotton to Vernon Monday.

Dr. Maine of Thalia was called to see Mrs. Jim Cantrell Friday.

Clyed McKinley and wife are entertaining a new boy who arrived the 9th.

Frank Tiggert and family of Vernon have moved to the J. C. Wade farm.

Dick Coofman, Frank Matthews and

## Two New Lines of Worthy Merchandise Added

We have told you from time to time that we handled the very best lines of merchandise that it is our ability to acquire. You know we handle the Sealy and Dreamland mattresses, the Hossier kitchen cabinets, the Leggett and Platt springs for beds, New Edison phonographs and records. Goods that you all know are dependable and absolutely reliable.

We feel like we have offered our trade the best in Oil-burning stoves. We sell them the two best on the market. The New Perfection (wick), and the Red Star (wickless) stoves. They have made good.

Now, we offer for the first time the FAMOUS BUCK'S line of cast cook stoves and ranges and Hot Blast heaters. We offer this line with the full confidence that we are offering you stoves and heaters that are as perfect as it is possible to build and in their class they measure up fully with any other high grade of nationally advertised line of goods such as we mentioned above. We now have for your inspection a sample of the Hot Blast heaters, and the cook stoves and ranges will arrive in a few days.

The other line is the BRUNSWICK phonograph and records. We will tell of them next week. Over 100 Brunswick records now in stock.

## W. R. WOMACK

FURNITURE AND UNDERTAKER

Cap Adkins were business visitors in Crowell Monday.

Mrs. Mamie Bailey came in Monday from Quanah on account of the death of her brother, Frank Williams.

Cap Wheeler and family and Fred Brown and wife of Thalia were callers in the C. J. Fox home Sunday afternoon.

Carroll Lindsay and wife and Walter Johnson and wife of Thalia took dinner Sunday with Melvin Ruckman and family.

Cecil Coe, wife and three children of Wellington, Texas, came in Sunday for a short visit with the family of T. F. Lambert.

Louis Williams of Eddy, Texas, came in Tuesday morning to accompany the body of his brother, Frank, to Falls County for burial.

Tish Pool and Katy Ryan and Eddie Bird and Beulah Rine were quietly married Saturday. These young people are well known here and our best wishes go with them.

Our community was saddened Sunday evening by the sudden death of Frank Williams at the home of Mr. Fuller, death being due to heart trouble. Frank was well known in this community being a cousin to Will and Bailey Webb. He leaves a mother, three brothers and two sisters and a host of friends to mourn his loss. His body was prepared for burial and shipped to Eddy, Falls County, Texas, Tuesday morning and will be buried in the Bruceville cemetery.

25c COTTON 25c

To help young men and women get ready for guaranteed positions, the Abilene Draughton Business College will accept cotton at 25c a pound, middling basis, on complete life scholarships at regular catalog rates. No trespassing or hunting permitted in my pasture.—Furd Halsell, 17p

For sale or trade for larger place my farm consisting of 100 acres 7 miles northwest of Crowell.—Charley Matysek. 21p

Registered bull yearlings and calves for sale.—J. E. Bell. 17p

### CALOMEL SALIVATES EVEN WHEN CAREFUL

Treacherous Drug Can Not Be Trusted and Next Dose May Start Trouble

Calomel is dangerous. It may salivate you and make you suffer fearfully from soreness of gums, tenderness of jaws and teeth, swollen tongue, and excessive saliva dribbling from the mouth. Don't trust calomel. It is mercury; quicksilver.

If you feel bilious, headachy, constipated and all knocked out, just go to the druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate. 68

Look the International disc harrow over before you buy.—J. H. Self & Sons.

### What Neighbors Are Doing

Fire recently destroyed the Garrison Hotel at Sulphur Springs, the loss being about \$40,000.

The bridge between Texas and Oklahoma crossing on Red river at Vernon has been completed and traffic opened.

Chillicothe has decided to put in more street lights in the business section of the city, and the aim is to make it one of the best lighted towns along the Denver road.

The Texas Highway Association has started an educational campaign looking to the enactment of such legislation in the state as will aid in highway construction. Special attention is being given to the Democratic platform dealing with this subject.

The Governor has declared that martial law will be maintained in

Denison and sufficient force will be kept to enforce it, until such time as seems proper to lift it. That time does not yet appear, according to statements recently made by the Governor.

W. M. Melton, a farmer living near Tolbert, was found dead near his barn Sunday morning, after a search had been instituted for him when he failed to respond to his wife's call to breakfast. A razor was found by his side and his throat had been cut. He is said to have become despondent over financial troubles.

A farmer living 12 miles west of Sherman is reported to have exhibited an ear of popcorn recently in Sherman which had been popped by the heat of the sun while the corn was in the ear in the field. Some of the grains were wide open and as white as if they had been popped in an oven.

### AYERSVILLE NEWS

(By Special Correspondent)

Mrs. Smith of Fort Worth is visiting her daughter, Mrs. Henry Blevins.

Eric Wheeler and family of Thalia callers at W. N. Warren's Sunday.

E. D. Owens was here from Lubbock last week looking after his farm and visiting old friends.

Mr. and Mrs. J. B. R. Fox attended church at Margaret Sunday and took supper with Mr. and Mrs. Bond.

Miss Jewel Davis spent Saturday night and Sunday with her friend, Mrs. Flora Bradford, near Margaret.

Mr. and Mrs. Will Gamble, Mr. and Mrs. Greek Davis and Mrs. E. W. Brown were Vernon visitors, Saturday.

Mr. and Mrs. Richard Johnson of Abilene spent Saturday night with the latter's parents and Sunday with Mr. and Mrs. Ray Pyle.

### W. Y. A.

The Y. W. A. met Monday evening, October the 9th, with Mrs. C. C. McLaughlin in our regular business meeting. The following officers were elected: Counselor, Mrs. J. C. Self; president, Miss Emma Pendleton; vice president, Mrs. George Hinds; secretary, Miss Lottie Meadors, vocalist, Mrs. Adolphus Wright; pianist, Mrs. Arnold Rucker; press reporter, Miss Susie Johnson.

We meet twice a month in a missionary and a business meeting.—Reporter.

### KILLING OF WEEVIL DECLARED POSSIBLE

Dallas, Oct. 8.—The boll weevil pest in the Texas cotton fields can be controlled and practically eliminated, if proper methods are pursued, according to opinions expressed at a conference of agricultural and business organizations held here recently, and plans to carry out the meeting's decisions are being worked out. This meeting, which was held under the auspices of the Texas Chamber of Commerce, had for its purpose the securing and co-operation of all forces in the state for a year-around fight upon the boll weevil.

The boll weevil's vitality is lowest in the autumn and the campaign should be conducted intensively during this season of the year, according to Dr. W. D. Hunter of Houston, of the federal horticultural board. Dr. Hunter explains that the boll weevil can survive on nothing but green foliage of the cotton stalk and that it quickly starves to death if deprived of this food before the frost season, which marks the beginning of the hibernation period of the boll weevil.

ing the fair and visiting Mrs. Blevins' mother, Mrs. John McCall.

Mrs. S. O. Woods and daughter, Miss Lottie, of Crowell, and Mrs. Woods' grandson, James Madrey, of Wichita Falls visited Mrs. D. M. Shultz last Thursday afternoon.

The children and other relatives of Mr. and Mrs. Sim Gamble surprised them with a bountiful dinner Tuesday, Oct. 3rd, in honor of their 25th wedding anniversary. Mrs. Luke Johnson and Mrs. Durham were present besides a number of relatives from Crowell and Thalia. Mr. and Mrs. Gamble were the recipients of a number of nice pieces of silverware.

## The New International Speed Truck

WITH the addition of the new Model S speed truck the great International line includes a size and a style for every hauling purpose. Sizes now range from the 1,500-pound truck, with a speed of 35 miles, to the 10,000-pound truck for heavy-duty service.

The new model is a successful combination of strength and speed. In every detail, it is designed and built to measure up to the quality standard so firmly established by International Motor Trucks. The same combination of skill and experience gained through 90 successful years of high-grade manufacture stands back of every International Motor Truck.

The four-cylinder engine has the neces-

sary margin of power, sturdiness, and durability to cope with all road, weather, and traffic conditions. The internal gear drive rear axle and all other units measure up to the standard of quality set by International engineers. The Model S is regularly equipped with 34x5 pneumatic cord truck tires, electric lighting and starting equipment, and power tire pump.

Back of this dependable line of trucks stands the International free inspection service, which fully assures low-cost operation for all Internationals.

It will pay you to know more about International trucks and service. Come in at your convenience and let us explain just what low-cost haulage really means.

## J. H. Self & Sons

Experiments which have been performed in the past have shown that destruction of the green cotton in the fields before frost greatly reduces the weevil infestation the following year.

Plans are now being made in the counties of the lower gulf coast regions to destroy all cotton stalks as early as possible. This part of the state is particularly adapted to this method of fighting the weevil, because the cotton is usually picked long before the season of hibernation sets in, experts declare.

### Statement of Ownership

of the Foard County News, published weekly at Crowell, for October, 1922.

STATE OF TEXAS, County of Foard.

Before me, a Notary Public, in and for the state and county aforesaid, personally appeared H. L. Kimsey, who having been duly sworn according to law, deposes and says that he is the publisher of the Foard County News, and that the following is to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in Section 443, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

That the names of the publishers, editors, managing editors and business managers are: H. L. Kimsey and T. B. Klepper, whose addresses are Crowell, Texas. That the owners are H. L. Kimsey and T. B. Klepper, whose addresses are Crowell, Texas. That the known bond-holders, mortgagees and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages or other securities are Mergenthaler Linotype Co., New York City.

H. L. KIMSEY, Publisher.  
Sworn to and subscribed before me this 9th day of October, 1922.  
(Seal) LEO SPENCER, Notary Public.

### Woman's "Paramount Issue"

Miss Alice Paul, leader of the National Woman's Party, has issued a statement from her Washington headquarters, saying that women voters are demanding that the suffrage victory be carried to its logical fulfillment in the granting to women of "complete political, legal and civil equality with men." It may be a valuable tip to some of the politicians

to learn from Miss Paul that "candidates who wish to appeal to the women voter will adopt such a plank in their platform."

### B. Y. P. U. Program

Lesson topic—Consecration.

## City Meat Market

Carries everything in the line of an up-to-date meat market, together with packing house meats such as Boiled Ham, Mince Ham, etc., except beef. Also carry Pure Hog Lard, the kind your mother used to make during hog-killing time. Come in for a fresh tender steak of beef or pork for dinner, or maybe it's pure hog sausage you want. If so the City Meat Market is the place to get it.

F. J. MEASON, Proprietor

# THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, October 13, 1922

Some of our newspaper contemporaries are lamenting the fact that politics in Texas has got into a terrible muddle. The time to lament was when things started towards the muddle. The arrival makes things no worse than the progress in that direction. It serves merely to awaken the public to the fact of the muddle. It was alright so long as the prospects of their candidate's election was not impaired. They could gloat over what looked like certain victory. There is where the danger exists. We are not ready to submit to the rule of a few plutocrats. This is still a democracy. Right must prevail. Our system may undergo some operations, but so long as these are ordered by the public they can have no hurtful consequences. Let the people rule and we are safe.

Things that we buy never get cheap enough for some of us, and things that we sell never get high enough. You may reduce your wares to nothing and we want you to hire us to buy them, and what we have to sell may command three times its value and we complain that we do not get enough. All that prevents us from forcing conditions just as we would have them is powerlessness to do so. But happily the world is too strongly saturated with the spirit of Democracy for much of that. What we need to do is to pen what hogs there are running loose.

According to the Trade Record of the National City Bank of New York Uncle Sam has exported 30 times as much refined sugar during the seven months of this year as for the entire year preceding the war. Maybe that's why we get so little for a dollar.

Dr. O. W. Wilson, eye, ear, nose and throat specialist, will be in Crowell on professional business Saturday, Oct. 21st.

## Paducah Has Cotton Compress; Crop Estimate Is 16,000 Bales

Paducah, Oct. 8.—The new cotton compress here will be completed in the next few days and will be ready to compress in a short time. More than 8,000 bales of cotton have already been gathered in Cottle County, according to the Cottle County Chamber of Commerce. This is estimated to be about one-half of the crop. Normally Cottle County produces 28,000 bales.

Compress, gin and business interests are much dissatisfied with the inadequacy of communication facilities here. All telegrams must be sent by telephone to Quanah or some other point on the Denver. The West Texas Chamber of Commerce has been appealed to to rectify this condition.

## Senior League Program

Subject—True patriotism. What it is and what it does.  
 -Leader—L. B. Buckley.

 Gathering love gifts. The model prayer in unison.

## BILL SAM'S DICTIONARY

By J. L. MARTIN  
 While it was raining so hard the other day, Bill Dooley suddenly ran out of chewing tobacco; but Bill, not to be outdone, ran nearly a mile over to Lem Gardner's and borrowed Lem's umbrella so he could go to the store for his tobacco without getting wet.  
 UMBRELLA: A well-known household article, which, whenever you need it, causes you to study for an hour before you can remember just who borrowed it last, or at which one of your friend's home you left it.  
 BILL Sam's Dictionary, page 759.

## Mother's Cook Book

Mothers feel more keenly than others that they have given hostages to the future. They know that they are wrapped up in the welfare of posterity. If that influence falls, there is no influence for good that can succeed.—Coolidge.

### GOOD THINGS FROM CARROTS

THERE are many housewives who make a practice of canning a few jars of tender young carrots to use in the winter. These are especially good for little children, as they lack the tough fiber of the vegetables that are used for winter.

#### Carrot Soup.

Take one cupful of cooked carrots pressed through a sieve, add two tablespoonfuls of butter, one tablespoonful each of onion juice and minced parsley. Cook one tablespoonful of butter with one of flour and add to a pint of hot milk, stir in the other ingredients and serve hot.

#### Buttered Carrots.

Shred carrots with a potato cutter into shoe strings, cook until tender in very little water, adding butter, lemon juice and a grating of nutmeg with salt and cayenne to season. Serve very hot.

#### Carrot Catchup.

Take one pint of diced carrots cooked, three green peppers chopped, removing all white fiber and seeds, two medium-sized onions, one teaspoonful of mustard seeds, one cupful of sugar, three-fourths of a cupful of vinegar, one teaspoonful of salt and one-half teaspoonful of paprika. Cook all together until thick.

#### Carrot and Apple Butter.

Take one pint each of grated raw carrot and tart apple, two cupfuls of sugar, the grated rind and juice of lemon. Cook all together until thick. Seal in hot jars.

#### Carrot Salad.

Put through the meat grinder enough tender carrot to make a cupful, add one-half cupful of finely diced apple, two tablespoonfuls of minced walnut meats, a tablespoonful of grated onion, salt and cayenne to taste. Mix with a highly seasoned dressing and serve on lettuce.

Belle of Vernon flour is guaranteed to please you. There is none better.

## THE STATE OF TEXAS

To the Sheriff or Any Constable of Foard County—Greeting:

You Are Hereby Commanded To summon W. S. Herndon and the unknown heirs of W. S. Herndon; J. C. Pierce and the unknown heirs of J. C. Pierce, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 46th Judicial District; to appear at the next regular term of the District Court of Foard County, Texas, to be held at the court house thereof, in Crowell, Texas, on the 8th Monday after the 1st Monday in September, A. D. 1922, the same being the 30th day of October, A. D. 1922, then and there to answer a petition filed in said court on the 20th day of September, A. D. 1922, in a suit numbered on the docket of said court, No. 1152, wherein J. H. Carter is plaintiff, and W. S. Herndon and the unknown heirs of W. S. Herndon; J. C. Pierce and the unknown heirs of J. C. Pierce, are defendants, and the cause of action being alleged as follows:

On the first day of January, 1922, plaintiff was and now is lawfully seized and possessed of the tract of land hereinafter described, situated in the said County of Foard, State of Texas, holding the same in fee simple; that on the day and year last aforesaid the defendants entered upon said premises and ejected plaintiff therefrom, and unlawfully withhold from plaintiff the possession thereof, to his damage one thousand dollars.

That the premises so entered upon and unlawfully withheld by defendants from plaintiff are described as follows:

The southeast one-fourth of section No. 35, located and surveyed by virtue of certificate No. 16-22 issued to the Southern Pacific Railway Company, and containing 160 acres of land.

Plaintiff further alleges that said land was patented to W. S. Herndon, as assignee of the Southern Pacific Railway Company on the 18th day of December, 1874, and was by said W. S. Herndon, at some time prior to the 7th day of June, 1875, conveyed to J. S. Bogzus, but that the deed from W. S. Herndon to J. S. Bogzus was never put of record and plaintiff does not know whether said deed has been lost, destroyed or is in the possession of some person unknown to him.

That on the 5th day of May, 1878, J. S. Bogzus conveyed said land to one B. K. Smith, who afterwards died, and on the 16th day of October, 1916, M. J. Smith, his surviving widow, and Jule G. Smith, Ben K. Smith, Marshal H. Smith and Marcus C.

THE HOUSE OF SERVICE

Smith, conveyed said land to L. W. Williams, and on the 31st day of October, 1916, L. W. Williams conveyed said land to W. Y. Grimlan, and on the 22nd day of December, 1917, W. Y. Grimlan conveyed said land to Pete Moody, who afterwards conveyed same to L. D. Harris and L. D. Harris conveyed to plaintiff, and under which conveyances plaintiff claims title to said land. That all of said deeds of record in the office of the county clerk of Foard county, Texas, except the deed from W. S. Herndon to J. S. Bogzus.

That J. C. Pierce and his unknown heirs, are claiming said land under and by virtue of a tax deed executed by John Bland, tax collector of Hardeman County, Texas, dated April 5, 1886, to J. C. Pierce.

Plaintiff further alleges that he has good and perfect title to said land and premises because he says that he has had and held peaceable, continuous and adverse possession under title (or color of title) from and under the State of Texas, of the lands and tenements above described, for more than three years after defendants' right of action accrued, if any and before the filing of this suit, and this he is ready to verify.

Plaintiff further alleges that he has good and perfect title to said land and premises because he says that he, and those whose estate he has, claiming the same under deeds duly registered, has had peaceable, continuous and adverse possession of the lands

and tenements above described using and enjoying the same, and paying all taxes due thereon, for a period of more than five years after defendants' cause of action, if any, accrued and before the filing of this suit.

Plaintiff further alleges that he has good and perfect title to said lands because he says that he now has and has had peaceable, continuous and adverse possession of lands and tenements above described, cultivating, using and enjoying the same for the period of ten years after defendants' cause of action, if any, accrued and before the filing of this suit.

Plaintiff further alleges that the fact that the deed from W. S. Herndon to J. S. Bogzus is not recorded and can not be procured for record and the tax deed to J. C. Pierce, aforementioned, is a cloud upon his

title. Wherefore plaintiff prays that the defendants be cited to answer this petition and upon hearing hereof that he have judgment against the defendants and each of them for the lands and tenements above described and that plaintiff be quieted in his title and possession thereof and general relief both in law and equity and as in duty bound plaintiff will ever pray etc.

Herein Filed Not, but have you before said court, on said first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness My Hand and Official Seal at my office in Crowell, Texas, this 25th day of September, A. D. 1922. (L. S.) MARIE HARRIS BURRESS, Clerk, District Court, Foard County, Texas.

Mr. and Mrs. Hoard have recently returned from a year's automobile tour of the western states, going as far as Van Couver. They visited for a short time with Mr. and Mrs. J. L. Klepper in San Diego, Cal.

# WILL THEY?

## Yes, We Think They Will

We are often asked the question, "When will shoes ever get back to old-time prices?" To be frank with you we don't know, but we think—

When hard coal is back to \$7 a ton.  
When railroad fares are back to 3c a mile.  
When a modern house rents for \$20 a mo.  
When gasoline is back to 15c a gallon.  
When farm labor is back to \$25 a month.  
When milk is back to 8c a quart.  
When newspapers are back at a penny.  
When a meal is possible at 30 cents.  
When shaves are back at a dime.  
When local freights are back at 15c a hundred.  
When haircuts are back at a quarter.  
When movies are back at a dime.

When those good old days return, we believe shoes will be right in line with all other necessities of life. Taking everything into consideration we believe shoes are now in line with other things.

Our shoes stock is more complete than it has ever been. And we believe you will find our prices right.

# Self Dry Goods Co.

Please turn to our regular advertisement and read it.—W. R. Womack.

Our heaters are a standard brand and will give you good service.—M. S. Henry & Co.

Try a sack of La France flour, every sack guaranteed. You will like it.—Russell Grocery Co.

A free ticket to Martin Sisters' matinee Saturday afternoon will be given for every new yearly subscription to the News.

If you like good bread you should try a sack of La France flour, one of the finest brands made.—Russell Grocery Co.

Full-blood Rhode Island Reds, cockerels \$1.25 each, hens and pullets \$1.00 each.—Mrs. Pete Gamble, Thalia, Texas. 26p

G. D. Owens was here several days this week from Lubbock. Mr. Owens has some property in this county and comes down several times during the year to see how things are getting along.

Clayton Hutchison arrived in Crowell Monday from San Dimas, Cal., and will visit with relatives here for several weeks. He was quite a small boy when his father and mother, Mr. and Mrs. J. R. Hutchison left with him and went to California 12 years ago, and he had grown to be a young man during that time, consequently many of his relatives did not know him. He posed at the furniture store as a new comer and wanted to buy some furniture, and after having been shown several articles, revealed himself. He came to the News office and wanted a job as a tramp printer but was told that the work was being held down with the present force, and then drew from his pocket a card bearing his name. This is his second time to have come back to Crowell within the 12 years mentioned, the first visit being about 7 years ago.

### "THE RIDDLE SOLVED"

(By Chalmers Kilbourn)  
Presents a Scriptural solution for an age-old question—scientific, simple, satisfactory. Biblical and man-made baptism contrasted. Is Baptism necessary to salvation? A Biblical answer.

## Interior Equipment of Poultry Houses

By F. W. Kazmeier, Poultry Husbandman, A. & M. College of Texas

The question of constructing proper equipment for the interior of hen houses is given some thought at this time of the year. Too many people neglect it entirely. Others go to the other extreme and fill the house full of expensive and useless contraptions. There must be a sensible way, and that is the side we wish to bring out. First let us make up our minds we will have fixtures as few in number as possible. That represents a saving in initial expenditure, as well as in labor to keep them repaired and

clean. We have entered some poultry houses constructed by beginners, that had an unnecessary waste of space in a passage way. They had ropes and pulleys to work the windows, doors and nests. From appearances the interior looked more like a trap or factory than a comfortable home for the hens. So let us remember one fact. The fixtures must be few in number, simple and all of them must be raised at least 18 inches above the floor. This is to save room, which is valuable, and to induce the fowls to exercise, which they do when they jump up and down from the feed hoppers and drinking vessels raised up from the floor.

### Passage Ways

Passage ways in poultry houses are out of date. They are a waste of space. They are an unnecessary expense. They take valuable room and time to keep clean. Let us put it down for another fact that passage ways may be necessary on trains and

poor you or on any 'soudp' appo up them in the most practicable hen houses. Beginners are the worst ones to feel the necessity for passage ways. Practicable poultry raisers have no use for them.

### Roosts or Perches

Every hen house must be equipped with roosts or perches. They furnish the resting places for the hen. A hen spends at least half her time on the roosts, hence they must be provided and constructed correctly. The perches must all be on a level. Slanting perches are not satisfactory, because all the hens want to roost on the upper or highest perches, causing considerable fighting, flying and falling which is very undesirable. The roosts should not be too high nor too low from the floor. About two feet for the heavy breeds, 3 feet for the medium breeds and four feet from the floor for the small breeds seems to be about right. If they are too high it will cause many hens to de-

velop hump back. If they are too low, the space beneath is wasted. The perches should be movable, they should be suspended by wire or chains from the ceiling of the hen house. The perches should not touch the sides of the poultry house, to facilitate the control of poultry vermin. The perches should provide not less than 8 inches of roosting space per fowl for the small breeds, 9 inches for the medium weight breeds and 10 inches for the heavy breeds. It is important to have sufficient roosting room for the entire flock. The roosts are generally located in the rear of the house. They are best constructed to run with the width of the house instead of with the length of the house. This insures better ventilation while the birds are on the roosts at night. The roosts should be made out of dressed material to do away with hiding places for vermin. We have found 2 by 4's framed together and the top edges rounded off excellent material for roost construction. Locate the perches so the fowls have plenty of fresh air in the summer and no direct drafts in the winter.

### Nests

Most people when they come to building nests, do not stop to think about the number necessary. On our way to town we pass a new hen house just constructed, half of the inside or more is taken up with nests. One nest to every hen. The nests look like a battery. In looking at the hen house you first see the nests and then the hen houses. Too many nests are a waste of money. As a general rule one nest to every eight or ten hens is sufficient. In the case of trap nests one nest to every four hens is necessary. The nests must be built simple, movable, and with one quarter inch mesh hardware cloth for bottoms. They may be built in series of four or five, and movable, attached to the wall with hooks or other ways of fastening. They should be located so they are cool in the summer yet they must be located in a more or less dark and secluded place. The or less secluded place for them to lay in. The nests should have plenty of litter to prevent broken eggs. Nest eggs may be used to get the hens to lay in all the nests instead of a favorite few. The nest should be 14 inches square and ten to twelve inches high. The more roomy the nests the better. One other good way of providing nests, where trap nests are not wanted, is to build a trough about eight or ten feet long. This trough to be about 14 inches wide on the inside and eight or ten inches deep. No partitions are necessary. In practice you will find the hens will lay in this trough, which is easily cleaned out. Plenty of litter should be used on the floor of the trough. This is the simplest form of common nests, and very satisfactory. These nests are used quite extensively on the large California egg farms. If you prefer to buy nests, buy galvanized iron nests, the simpler the better. Many makes or kinds are on the market today.

Trap nests are of course the best where you have the time to look after them. It is necessary to release the trap nests about every hour commencing at ten in the morning until about three in the afternoon. The trap nests are becoming more and more popular all the time. It will only be a question of time before most up-to-date hen houses will be equipped with trap nests. In constructing these do not forget simplicity. The complicated trap nests are a failure. Many reliable ready made trap nests may be purchased. It is also possible to make your own trap nests. You can secure free plans of making trap nests from the United States Department of Agriculture, Washington, D. C., asking for bulletin, "How to make a simple trap nest." The trap nest is the babcock tester in the poultry yard. We urgently recommend the trap nests, where people are interested in increasing their poultry flock.

### Dry Mash Hoppers

Experimental data clearly indicates that the best way of making hens lay is to feed them plenty of dry mash. It is the dry mash mixture that makes hens lay. To keep the dry mash mixture before the hens all the time we use so-called dry mash hoppers. Plans for making dry mash hoppers may be secured from the Extension Service, A. & M. College of Texas. The dry mash hoppers are of various construction. Most of them are built on the principle of keeping a supply of dry mash before the hens without wasting it, and without the hopper clogging. We have found it wise to locate the dry mash hopper on a table about 18 inches from the floor. Many kinds of dry mash hoppers may be purchased from poultry supply houses. The very best kind are built out of galvanized iron.

### Drinking Fountains

We have found common pails, fitted in so-called water stands very satisfactory to keep drinking water before the hens. A 16 quart pail is large enough for a flock of 100 hens. We build a platform out of slats, two inches apart, hinged to the house. In the center of this we cut a hole large enough, so the pail may be dropped about half way down into it. The platform is about 18 inches square giving the hens enough room to stand around the edge of the platform and drink the water out of the pail. Another good arrangement is to use shallow pans, made out of galvanized iron, 6 inch sides, 15 inches in diameter at the bottom and 18 inches at the top. These pans are placed on the platforms described. The drinking vessels should be such that are simple and readily cleaned.

### Ventilators

The ventilators may be considered apart of the house and not a fixture. However ventilation is such an important factor, that it will be well to mention it along with this article. At the present time galvanized iron ventilators may be purchased and fitted into the roof of any poultry house. They will add to the comfort and well being of the flock. A poultry house

LIGHT-SIX

COUPE-ROADSTER

**\$1225**

The Studebaker Light-Six Roadster and Coupe-Roadster were primarily built for business use. In meeting the urgent demands of business, they naturally have fulfilled the needs of the small family.

Each is built for hard usage, day in and day out. And as they are completely Studebaker built—you know they will stand up under hard going.

The bodies are attractive, roomy and thoroughly comfortable for all-day travel. Ample

luggage space is provided under the rear decks.

There's an internal hot-spot to reduce gasoline consumption to a minimum. Valves are inclined at a 20 degree angle to give a new measure of power, greater flexibility and better acceleration. Crank shaft and connecting rods are machined on all surfaces, thus eliminating vibration and insuring longer life to the motor.

Studebaker low prices are made possible by great volume and complete manufacture. Studebaker quality is traditional.

The Studebaker Light-Six Coupe-Roadster seats two passengers, has side coach lamps, rain vane, and windshield wiper; eight-day clock.

The three-passenger Roadster has cowl lights, storm curtains opening with doors, large plate glass window in rear curtain, and inside and outside door handles.

Both models are upholstered in genuine leather; have ample space under the rear deck for luggage; ignition and thief-proof transmission locks, and cowl ventilator.

### THE STATE OF TEXAS

To the Sheriff or Any Constable of Foard County—Greeting:

You Are Hereby Commanded to summon W. L. Power by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 48th judicial district; to appear at the next regular term of the District Court of Foard County, Texas, to be held at the court house thereof, in Crowell, Texas, on the 8th Monday after first Monday in September, A. D. 1922, the same being the 30th day of October, A. D. 1922, then and there to answer a petition filed in said court on the 14th day of September, A. D. 1922, in a suit numbered on the docket of said court, No. 1150, wherein T. B. Klepper is plaintiff, and W. L. Power is defendant, and the cause of action being alleged as follows:

On the first day of August, 1922, he was and now is lawfully seized and possessed of the tract or parcel of land hereinafter described, situated in the said county of Foard, holding the same in fee simple; that on the day and year last aforesaid defendant entered upon said premises and ejected plaintiff therefrom, and unlawfully withheld from plaintiff the possession thereof, to his damage five hundred dollars; that the premises so entered upon and unlawfully withheld by defendant from plaintiff are described as follows: A part of Section No. 445, Block A., H. & T. C. Ry. Co. surveys and being lot No. 22 in block No. 34 of the town of Crowell,

as shown by the map of said town as same is recorded in Vol. 2, pages 290-291, of the deed records of said Foard County.

Plaintiff further alleges that on the 28th day of July, 1909, said lot or parcel of land was the property of Crowell Realty Company, a corporation incorporated under the laws of the State of Texas, with its principal office and place of business at Crowell in Foard County, Texas, and on the day and date last above mentioned said Crowell Realty Company sold said lot to one S. S. Thompson of Madison County, State of Alabama, and by mistake conveyed to said S. S. Thompson lot numbered 21 of said block No. 34 of the town of Crowell, in Foard County, Texas.

That afterwards, the exact date of which is unknown to plaintiff, the said Crowell Realty Company was dissolved and became defunct, and its assets became the property of the stockholders in the proportion of their respective holdings and at the time of said dissolution the said W. L. Power, defendant herein, owned all the stock of said corporation and all the assets of said Crowell Realty Company. That on or about the first day of October, 1920, the said S. S. Thompson, claiming good and perfect title thereto, conveyed said lot No. 22, in block No. 34, of the town of Crowell, in Foard County, Texas, for a valuable consideration, to R. L. Kimeaid of Foard County, Texas, by deed duly executed with covenants of general warranty, and under whom plaintiff claims title to said lot. Plaintiff further avers that the mistake in the deed from Crowell Realty Company to S. S. Thompson in describing said lot as being No. 21 instead of 22 is a cloud upon his title.

Wherefore plaintiff prays that the defendant be cited to answer this petition and upon hearing hereof that he have judgment that all title, interest, right and claim in and to the above described lot of land be divested out of the Crowell Realty Company, its stockholders and W. L. Power and invested in the plaintiff, for costs of suit and for general relief both legal and equitable and as in duty bound plaintiff will ever pray, etc.

Herein Fail Not, But have you before said court, on said first day of the next regular term thereof, this Writ, with your return thereon, showing how you have executed the same. Witness My Hand and Official Seal at my office in Crowell, Texas, this 15th day of September, A. D. 1922.

MARIE HARRIS BURRESS,  
(L. S.)  
Clerk District Court,  
Foard County, Texas.

### DEMOCRATIC NOMINEES

The following named persons are the nominees of the Democratic Party as certified to me by T. P. Reeder, chairman of the Democratic executive committee of Foard County, Texas, who are entitled to have their names printed on the official ballot for the general election Nov. 7, A. D. 1922. This list of the Democratic nominees is published to comply with article 1339, Complete Texas Statutes of 1920.

- For County Judge: JESSE OWENS.
  - For Sheriff and Tax Collector: L. D. CAMPBELL.
  - For County Attorney: R. T. GROVES.

  - For Constable Precinct No. 3: W. G. CHAPMAN.
  - For Constable Precinct No. 4: For Constable Precinct No. 5: For Constable Precinct No. 6: For Constable Precinct No. 7: For Constable Precinct No. 8: For Constable Precinct No. 9: For Constable Precinct No. 10: For Constable Precinct No. 11: For Constable Precinct No. 12:
- Witness my hand and seal of office, at Crowell, Texas, this 10th day of October, A. D. 1922.
- MARIE HARRIS BURRESS,  
Clerk County Court, Foard Co., Texas

### Cleaning Up Stock Frauds

An energetic grand jury in Washington has been returning indictments against concerns that have been using the mails to promote stock-selling schemes. A gullible public that has long since forsaken merchants doing business on the policy of "let the buyer beware" has been lending itself as a prey to stock schemes where worthless mining and oil stocks, imitation manufacturing enterprises, and other sorts of blue sky, have been the bait to separate honest people from their hard-earned savings. This kind of a game cannot be carried on without a certain amount of use of the mails. In consequence Federal statutes are supplemental, and sometimes more effective than state laws, in reaching the financial fakirs. Large press associations are giving considerable publicity to the methods employed by the Washington authorities in the hopes that the good example set in the capital city may be followed to rout the rascals in other localities.

### The Cost of Federal-Aid Roads

Accepted bid prices on Federal aid roads averaged for the whole United States for the month of July are given in a statement issued by the Bureau of Public Roads of the United States Department of Agriculture. The prices are as follows: Common excavation, 35 cents per cubic yard; unclassified excavation, 63 cents per cubic yard; and rock excavation, \$1.29 per cubic yard. The following prices per cubic yard are for surfacing material in place on the road: Surfacing per square yard in place on the road cost as follows: gravel 50 cents; bituminous concrete, \$2.40; bituminous macadam, \$1.64; plain cement concrete, \$2.09; brick, \$3.40. Reinforcing bars, 4 1/2 cents per pound, and structural steel 8 cents per pound, both in place.

There is considerable variation in the cost of the various items in the different states, due to various reasons. The complete table listing the items by states may be obtained upon request from the Bureau of Public Roads.

### Thirty-Three Pay Taxes on Million Dollar Incomes

Complete statistics of income for the calendar year 1920, made public by the Commissioner of Internal Revenue, show that 7,259,944 individuals filed income tax returns, paying a total tax of \$1,075,053,686 and that 203,233 corporations reported net incomes taxed at \$1,625,234,643.

Thirty-three individuals in the United States paid taxes on incomes of \$1,000,000 or more, nineteen paying on \$1,000,000 to \$1,500,000, two of these being listed from Illinois.

For Sale—Section 77, practically all tillable, all or part. Write John A. Shawver, Clarendon, Texas, Box 361, or see Clyde Burnett, Benjamin, Texas. 17p

THE STATE OF TEXAS  
To the Sheriff or Any Constable of Foard County—Greeting:

You Are Hereby Commanded to summon W. S. Herndon and the unknown heirs of W. S. Herndon; J. C. Peirce and the unknown heirs of J. C. Peirce; George W. Russ and the unknown heirs of George W. Russ; H. J. Jarrell and the unknown heirs of H. J. Jarrell, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 4th Judicial District; to appear at the next regular term of the District Court of Foard County, Texas, to be held at the court house thereof, in Crowell, Texas, on the 8th Monday after the first Monday in September, A. D. 1922, the same being the 15th day of October, A. D. 1922, then and there to answer a petition filed in said court on the 15th day of September, A. D. 1922, in a suit numbered on the docket of said court, No. 1151, wherein J. H. Carter is plaintiff and W. S. Herndon and the unknown heirs of W. S. Herndon; J. C. Peirce and the unknown heirs of J. C. Peirce; George W. Russ and the unknown heirs of George W. Russ; H. J. Jarrell and the unknown heirs of H. J. Jarrell, are defendants and the cause of action being alleged as follows: On the first day of January, 1922, he was and now is lawfully seized and possessed of the tract of land hereinafter described, situated in the said County

of Foard, State of Texas, holding the same in fee simple; that on the day and year last aforesaid the defendants, and each of them, entered upon said land and ejected plaintiff therefrom, and unlawfully withheld from plaintiff the possession thereof, to his damage one thousand dollars. That the premises so entered upon and unlawfully withheld by defendants from plaintiff are described as follows: The southwest one-fourth of section No. 25, located and surveyed by virtue of certificate No. 16-19 issued to the Southern Pacific Railway Company, and containing 160 acres of land.

Plaintiff further alleges that he has good and perfect title to said land because he says that he, and those whose estate he has, now has, and has had, peaceable and adverse possession under title, or color of title, from and under the State of Texas, of the land and tenements above described, for more than three years after defendants' rights accrued, if any, and before plaintiff was ejected therefrom, and before the commencement of this suit, and this he is ready to verify.

Plaintiff further alleges that he has good and perfect title to said land because he says that he, and those whose estate he has, claiming the same under a deed, or deeds, duly registered, has had peaceable, continuous and adverse possession of the lands above described, using and enjoying the same, and paying all taxes due thereon, for a period of more than five years after defendants' right of action accrued and before plaintiff was ejected therefrom and before the

commencement of this suit, and this he is ready to verify.

Plaintiff further alleges that he has good and perfect title to said land because he says that he, and those whose estate he has, now has, and has had, peaceable and adverse possession by an actual enclosure of the lands above described, using and enjoying the same for a period of ten years after defendants' cause of action therefor accrued, if any, and before plaintiff was ejected therefrom and before the commencement of this suit, and this he is ready to verify.

That the defendants and each of them are asserting some kind of claim to said land, the exact nature of which is unknown to plaintiff, and that such claims are a cloud upon plaintiff's title.

Wherefore plaintiff prays that the defendants be cited to answer this petition, and upon hearing hereof that plaintiff have judgment against the defendants for the lands hereinbefore described, and that all right, title, interest and claim of the defendants in and to said land be divested out of the defendants, and each of them, and vested in plaintiff, and that plaintiff be quieted in his title and possession of said land, for costs of suit, and for general relief both in law and equity and as in duty bound plaintiff will ever pray, etc.

Herein Filed Not. But have you before said court, on said first day of the next regular term thereof, this Writ, with your return thereon, showing how you have executed the same. Witness My Hand and Official Seal at my office in Crowell, Texas, this 18th day of September, A. D. 1922.

## PLATFORM DEMAND TO BE EXPLAINED

Texas Highway Association to Conduct Campaign of Education.

Waco, Tex.—The Texas Highway Association, with headquarters here, is preparing to conduct a campaign of education between now and the regular session of the Legislature to call attention to the full meaning of the highway plank in the Democratic platform adopted at San Antonio.

The platform declares in favor of a State system of highways but recognizes that without Federal aid such a system cannot be built. It then accepts the provisions of the recent act of Congress, "which declares that in the near future Federal cooperation in road building will be extended to those States only that provide that the State, through a properly authorized and equipped agency, shall finance from funds under the direct and exclusive control of the State the construction, maintenance and operation of a State system of public highways." The platform then adds the following:

"We therefore recommend and urge upon the 28th Legislature the necessity for favorable action on all legislation, whether constitutional or statutory, that may be deemed requisite to enable the State to take over the construction, maintenance, control and operation of a system of public highways without prejudice to the constitutional rights of the counties and of the State.

The Texas Highway Association calls attention to the fact that what this proposal is to give the State Government the authority to construct a State "system" and to maintain and operate that system. Under the Federal law such a "system" shall not exceed seven per cent of the total post road mileage of the State, so far as Federal aid is concerned. In Texas this seven per cent system would embrace about 12,000 miles of highways, touching practically every county in the State. The authority it is proposed to give the State over to this system would not interfere with the powers and jurisdiction of the counties over the remaining 93 per cent of the roads nor disturb any of their present revenues nor their powers of raising revenue.

The Association points out that it is necessary to pass such legislation in order to continue to receive Federal aid for highway construction in Texas, and it is necessary also if a State system of highways, such as is being constructed in other States, is ever to be a realized fact in Texas.

### WILL TEXAS FORFEIT FEDERAL AID?

According to the Texas Highway Association, Texas receives five dollars from the Federal Government for highway construction for every dollar which this State contributes in taxes to the Federal highway fund. The other four dollars are paid in by other States. Texas receives more Federal aid for highways annually than any other State in the Union. But this Federal aid is threatened, the association points out, unless the laws of Texas are changed to conform to Federal regulations. The States that are paying the extra Federal taxes being spent in Texas have conformed. The association is carrying on a campaign to have the necessary changes made in our laws.

Mrs. A. W. Crawford of Winterset, Iowa, renews her subscription to the News for another year. Mrs. Crawford says she had the misfortune recently of getting her left wrist broken.

## We Want to Meat You

We will give you as good product as you can get in town and throw in the best service possible. We know what you want and we will give that if it is in our power. We do not ask all your fresh meat trade, but we do want a part of it.

## STANDARD MEAT MARKET

ROBERTS & BOMAR, Proprs.

nal northeast corner of said section No. 82; thence west 920 varas; thence south 19 minutes, east 1979 varas to the south line of said section; thence north 88 degrees and 16 minutes, east 920 varas to the original southeast corner of said section; thence north 19 minutes, west 1959 varas to the place of beginning, containing 321 acres more or less and situate in the southwest part of said county, with all the rights and appurtenances thereunto in anywise belonging.  
And whereas, the said F. H. Applegate did under said date of January 1, 1917, execute and deliver to the said Charles Baird five interest notes for \$30.00 each, due on the first days of January, 1918, 1919, 1920, 1921 and 1922, respectively, as additional interest on the principal bond or note above described and for better securing the payment of said five interest notes did under said date of January 3, 1917, execute his second deed of trust bearing date of January 1, 1917, and recorded in volume 8, page 568, deed of trust records of said Foard County, to which reference is here made, where he conveyed to the said A. A. Hughes, trustee, the above described premises, all of said notes being more fully described in said deeds of trust.  
And whereas, the said Charles Baird is the owner and legal holder of said principal bond or note for the sum of \$1500.00 which was due January 1, 1922, of said interest coupons for \$90.00 which was due January 1, 1922, and of said interest note for \$30.00 which was due January 1, 1922, on each of which there is due interest at the rate of 10 per cent per annum since date of maturity, and default has been made in the payment of said principal bond or note, of said interest coupon and of said interest note and the same are each now past due and unpaid with interest as above set forth and 10 per cent attorney's fees by reason thereof and as provided for in each of said notes and both of said deeds of trust, said notes having been placed in the hands of an attorney for collection.  
And whereas, said principal bond or note, said interest coupon and said interest note now past due together with attorney's fees, aggregate, principal, interest and attorney's fees, \$1933.47, to which will be added trustee's fees as provided in said deeds of trust.  
And whereas, I, the undersigned, Chas. O. Erwin, have by instrument in writing duly recorded in the office of the County Clerk of said Foard County, Texas, as provided in said deeds of trust, been appointed substitute trustee, in place of the said A. A. Hughes who is now deceased; and whereas, I have been requested by the said Charles Baird to enforce said trust; Now therefore, by virtue of the authority vested in me as such substitute trustee, I will offer for sale, between the hours of 10 o'clock A. M. and 4 o'clock P. M. at public auction to the highest bidder for cash in hand on the first Tuesday in November, 1922, the same being the 7th day of said month, at the door of the court house in the town of Crowell in Foard County, Texas, the east one half of section No. 82, block No. 44, Houston & Texas Central Railway Company lands in said Foard County containing 321 acres, more or less, as above and as described in the deeds of trust under which this sale will be made, and this notice is given as required by law for such notices.  
Witness my hand this 12th day of October, 1922.  
CHAS. O. ERWIN,  
Substitute Trustee.  
ELLIS DOUTHIT, Attorney.
