## FOARD COUNTY PIONEER GOES TO HIS REWARD

**J. E. Fish, for 21 Years a Resident of This Co., Dies Without Warning**

J. E. Fish died suddenly Sunday afternoon at the home of his son, Egbert Fish, at Vivian between two and three o'clock.

Mr. Fish had been to preaching at Vivian and he and his wife together with other relatives had taken the noon meal with his son, Egbert. He had eaten a hearty dinner and about two o'clock a severe pain struck him in his right shoulder. By the application of hot poultices the pain was almost entirely alleviated and Mr. Fish had become jolly and had played with the grandchildren, but suddenly again the pain struck, taking him away without warning.

The deceased was born in Rockcastle County, Ky., May 25, 1849, and spent his early boyhood and manhood in the famous "Blue Grass" state.

On December 13, 1870, Mr. Fish was married to Miss Kate Davis at Craborchard, Ky. To this union were born nine children, eight of whom are still living.

In 1873 Mr. Fish joined a party of several other families and came west. They first located in Collin County, and Mr. Fish rented a farm. He and his family resided on this farm for two years when they then removed to Williamson County. Here he bought and improved a farm. He remained in Williamson County for ten years, and in 1885 he sold his Williamson County farm at a good profit and again started west. This time the family located near Abilene and resided there until Nov. 29, 1901, when they came to Foard County and purchased land in the Vivian country where they have resided since.

The deceased was one of the substantial and thrifty citizens of Foard County. He was not only a good citizen but he was a Christian character, having been converted in early life and uniting with the Christian church. He was a faithful member until death. Mr. Fish is survived by his wife, eight children, 32 grandchildren and 7 great grandchildren. The children are Mrs. R. N. Beatty, Mrs. A. L. Walling, A. T. Fish, James Egbert Fish, Mrs. J. L. Rasberry, H. H. Fish, A. H. Fish and W. O. Fish, all residing at Vivian except Mrs. A. L. Walling who resides at Crowell. He also has two brothers, one in Kentucky and one in Arkansas, also a sister who resides in Kentucky.

Funeral services were held at the Methodist church in this city Tuesday afternoon at 5:30. One of the largest congregations ever having assembled in Crowell for a funeral service met to pay its last tribute of respect to a good citizen who has passed to his reward.

Out-of-town relatives who attended the funeral were J. H. Davis of Temple, and Hume Davis of San Gabriel, brothers of Mrs. Fish; also a granddaughter, Mrs. Kate Nelson of Oklahoma, and Dr. I. J. Sparks of Snyder, a friend of the family.

## Rule's City Council Likes Our Waterworks

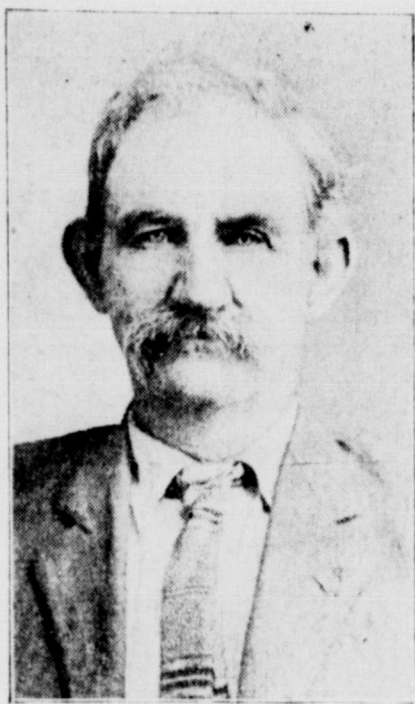

Members of the city council of Rule were here one day last week looking over Crowell's waterworks system. They were very much impressed with the entire system and will put in one similar to ours. It is understood that city has voted bonds for water to the amount of \$40,000.

## Sells Fine Bull

C. W. Carroll of Vivian sold a registered Shorthorn yearling bull last week to H. V. Weekly at Vernon for a fancy price.

The sire of this animal took fourth prize at the Dallas Fair and is pronounced by some stock judges as being one of the best bulls in the country. Mr. Carroll is giving his attention to the improvement of his cattle and his success is gaining attention for him away from home.

Some people glory in the fact that they are regarded as "coming men," while others are quietly satisfied with having arrived.

## Great Time Is Expected at Iowa During Celebration

Iowa Park, Texas, April 17.—With the city rapidly filling with visitors, many from Eastern cities, cowboys and cowgirls in the conventional garb of the Plains country, the city is ready to lay aside ordinary business for the Triangle Ranch Rodeo and Pageant of Progress which will be staged on Tom L. Burnett's ranch four days commencing Thursday 19th, in celebration of the Wichita Valley Irrigation Project.

A mammoth tented city with an arena seating approximately ten thousand has been erected on the ranch together with an immense dance hall, Indian village, irrigation displays and other attractions that will go to make up the biggest celebration ever staged in this section.

## Attend Chillicothe Meeting

Mr. and Mrs. T. L. Hughston, accompanied by Mrs. Sam Bell, Mrs. C. J. Yoder and Miss Wynne Beidleman motored to Chillicothe on Tuesday of this week, the occasion being an all-day get-together meeting of the Missionary women of the Methodist church of Vernon district. This meeting was called as a preliminary to the annual meeting of Missionary women of the Northwest Texas Conference which convenes at Snyder April 24-27.

Lunch was served at the church and an inspirational day was spent. Messdames Yoder and Bell had parts of the program. Mrs. C. A. Burton of Clarendon, corresponding secretary of the Northwest Texas Conference, was present. Mrs. J. H. McDonald, district secretary of Vernon District presided over the meeting.

## Auditor's Work Approved

John S. Oglesby, auditor, was employed by the commissioners in October of last year to audit the county's books. His work was not approved until at a special session of the commissioners' court this week. The auditing showed that the county owed Sheriff Campbell \$609.98 and former Sheriff E. P. Bomar \$87.77. Besides these adjustments others were made in which individuals owed the county.

The Wilbarger County sheriff has put to work on the public roads the jail prisoners of Vernon, which is a good thing. Fellows who have violated the laws of the land and entailed an expense against the citizens of the country should do something to offset the liability they have become.

Chillicothe has a men's organized Bible class with 100 members who meet each Sunday morning at 10 o'clock in the Odd Fellow Hall of that city. It is said to be one of the liveliest organizations of its kind in this part of Texas.

Texas population is said to be growing at a rate which makes certain that she will reach the five million mark by January the 1st, 1924. In population we stand near the top of the list of states. We should come up in point of educational matters.

If some women would spend more time in improving their health perhaps their complexions would not require so much attention.

## CAPT. NUSBAUM WILL LECTURE HERE ALL NEXT WEEK

Commencing Tuesday and Continuing for the Entire Week

Our readers will remember a few weeks ago the News called attention to the fact that, commencing April 24, and continuing throughout the week, Capt. Nusbaum will deliver a series of lectures on Co-Operative Community Building.

Capt. Nusbaum has a national reputation as a lecturer and he is certain to give us something good. These lectures are being put on under the auspices of the Chamber of Commerce and will be free to the public.

We can perhaps do nothing better than quote some of the things said of Capt. Nusbaum where he has been, so we are here reproducing some of them.

Pampa, Texas, First National Bank, Jan. 18, 1922.—Mr. E. H. Powell, Cashier, First National Bank, Canyon, Texas. I Dear Sir: I understand you are having Capt. C. S. Nusbaum there in Community Service work this week. He was here recently with his great work and in my opinion you are having a rare treat by reason of his presence here. Personally I regard Captain Nusbaum as a man of very unusual talent and ability, and probably the best talent of any kind ever in our town. The more of your people who can hear him the greater will be the service to your community.—Yours truly, B. E. Finley, President.

Randall County Commercial League, Canyon, Texas, Jan. 23, 1922.—The officers of the Commercial League desire to express their appreciation of the services of Captain C. S. Nusbaum in Canyon. In spite of very bad weather the largest auditorium was crowded every night. The money came without difficulty and is the most profitable investment the league has ever made. Any community, no matter how well organized can receive a distinct benefit by hearing these lectures.—C. A. Warkick, Pres., W. A. Warren, Sec'y.

Mayor W. A. Cauffman, Sugar City, Colo.—Your lectures are all that has ever been said of them and more. We are planning now to have you here on a return date.

Clarendon (Texas) News, Feb. 23, 1922.—Captain C. S. Nusbaum is a wonderful man with a wonderful message. Singer, Thinker, Community Worker; he put his whole soul into his work. One of the most enjoyable of his lectures was given on Saturday night on "Music in the Community Life." His lecture on Sunday night on the "Life of Lives in the Community" was a masterpiece. Much good will be realized from his lectures and we will all be better for having heard them.—Brazwell, editor.

First Christian Church, Canyon, Texas, Jan. 23, 1922.—I want to give you a brief note of appreciation for your excellent work in Canyon. The large audiences that turned out every night is the best testimonial you could have. The professors and students of the West Texas Normal who came in large numbers and who enjoyed every lecture is another proof of your good work. Your visit to Canyon was a distinct contribution to those forces that make for the building of a bigger and better community life.—Edmund A. Osborne, Pastor.

## Young Couple Wedded

The marriage of Mr. P. D. Moseley to Miss Annie Sanders occurred at the pastor's study in the Methodist church Wednesday morning. These young people are popular and favorably known here and their many friends wish them a happy and prosperous voyage together through life.

The county commissioners of Hardeman County will call an election to vote bonds to the amount of \$1,750,000 for the purpose of taking up outstanding bonds and will use the balance for the construction of first-class highways.

When you feel like cussing your engine because it won't go fast enough, just remember that others are cussing you because you are going too fast.

## CROWELL HIGH WON EASY VICTORY OVER CHILDRESS HI

Local Boys Outclass Visitors Resulting in a Score of 15 to 0

The Crowell high school baseball team signalized Friday the thirteenth by defeating Childress high school by a score of 15 to 0. Childress diamond men will always remember Friday the thirteenth as the unluckiest day of their history.

Outclassed from the first, the visitors fought a hard but uphill fight. Their pitcher, Bellah, was bingled all over the field until in the sixth Coach St. Clair was forced to remove him after Beverly had hit a home run followed closely by singles by Ashford and Sloan, effecting three scores. Only three hits were garnered off Carradine, who succeeded Bellah in the box. However, these hits combined with poor support and several walks made the home team six more runs before the game came to an end.

Jones was the star of the day pitching baseball par excellence. The Childress men were helpless from the first against his stellar twirling. He allowed only one hit throughout the game, one going to Carradine in the seventh. He walked no one and struck out eight of the opposition players. Ashford received in big league style and ably seconded Jones' efforts.

## BUYS FINE STALLION

Sam Russell went to Fort Worth recently and bought a fine Percheron stallion, in the class of \$500 animals. The horse arrived by freight the first of the week. He weighs around 1600 pounds. Mr. Russell still believes in keeping the grade of his horses up and will use this animal for breeding purposes on his own farm.

## Marrs Will Seek More Money for Rural Schools

Austin, Texas, April 14.—Prof. S. M. N. Marrs, State Superintendent of Public Education, said Saturday that he will ask the coming special session of the Legislature to adopt a concurrent resolution providing that State scholastics apportionment shall not be less than \$15 per capita. It now is \$13.50. Mr. Marrs further said that he will ask for an appropriation of \$2,000,000 for each of the two years to aid the rural schools.

Other educational bills will be asked only in the event the Governor would submit the subject of education to the special session.

Some people are always complaining because they don't get what they deserve—and they would help mightily if they did.

## AUDITOR FINDS CITY BOOKS IN GOOD CONDITION

The following is self explanatory and needs no comment. It is a letter from Jno. Oglesby, auditor, who examined the books of the city. The letter follows:

April 17, 1923.  
Honorable Mayor and Council,  
Crowell, Texas.

Gentlemen:  
I have made an audit of the books of The City of Crowell covering the period 1909 to October 31, 1922, and have to report that your receipts and disbursements have been properly accounted for, your books in balance with the depository.

I have talked with your officials as to the necessary improvements in the matter of system, and for the purpose of keeping check on property belonging to the City of Crowell, suggest that an inventory be taken. Also suggest that a correct record be made of delinquent taxes.

The bonded indebtedness of the city is \$100,000, waterworks improvement, and I found all receipts and disbursements of this fund properly accounted for.

Yours truly,  
JNO. S. OGLESBY, Auditor.

## Shower for Mrs. Sylvan Haney

On Thursday, April 12, at 4 p. m., the home of Mrs. Georgia Pittillo was the scene of a pretty reception and shower which was given by Mrs. S. S. Bell honoring Mrs. Sylvan Haney. Mrs. Haney before her marriage to Sylvan Haney on April 10th was Miss Floy Cheek.

Guests were met at the door by Messdames Thomas Hughston, A. Y. Beverly and L. A. Andrews. Those composing the receiving line were, Mrs. S. S. Bell, Mrs. Sylvan Haney, Mrs. Jim Cotten and Mrs. Ida Cheek.

After having passed the receiving line, guests were ushered to the table holding the bride's book, over which Mrs. Lawrence Kinsey presided, then into the dining room where punch was served by Miss Mary Cook with Miss Lottie Woods assisting. Peach blossoms and other units suggestive of the Easter season were used as decorations.

Entertainment was offered through a program consisting of a piano solo by Mrs. J. S. Ray; two vocal numbers by Mrs. Jim Cotten with Miss Jennie Belle Ray at the piano; a violin solo by Miss Una Self accompanied by Miss Winnie Self; and readings by Misses Geneva Wishon and Marion Cheek.

At the close of the program, Little Miss Frances Campbell addressed the bride with a dainty little poem informing her that an Easter rabbit had in her nest some material expressions of the good wishes of her friends, whereupon a large basket resembling a nest on which sat a large Easter rabbit was brought in and placed before Mrs. Haney. On examination, the nest was found to contain a large assortment of linens, cut glass, silver and pyrex.

Mrs. M. S. Henry as toastmistress then called on Mrs. J. S. Ray for a toast to the bride and followed with a toast to the groom. Both toasts expressed fully the wishes of all those present.

## Half Million Dollar Deal At Quanah

A forfeit of \$50,000 was put up Friday to bind a deal between the J. M. Radford Grocery Co., of Abilene and the Carroll-Brough-Robinson-Gates Co. About half a million dollars is involved in buying the former's stores in Quanah, Wichita Falls and Graham. No changes in management here are anticipated. The deal was brought about by Mr. Gates wanting to devote all of his time to oil interests. The new owners will probably take charge next Saturday. They own over two dozen stores in Texas.—Quanah Tribune-Chief.

## PATIENTS AT SANITARIUM

There are six patients at the sanitarium, Miss Evelyn Harris, Mrs. Elbert Edgin, Mrs. Nix, Jimmie Russell, Mrs. Ashbey, Lee Bradford. Three of these were operated on for appendicitis, Evelyn Harris, Jimmie Russell and Lee Bradford. All the patients are reported to be improving.

## BAPTIST REVIVAL TO CONTINUE TILL SUNDAY NIGHT

Rev. Adams Has Made Very Strong Appeals to Unsaved to Accept Christ

Interest throughout the Baptist revival has been fair and the preaching has been excellent. To almost every service men and women have come in the expectation of receiving religious benefits from them and they have not been disappointed. Rev. Adams is a logical thinker, a real Christian character, whose life is bubbling over with religious enthusiasm, and he puts his whole soul into every sermon he delivers, making very strong appeals to the unsaved of the town. There have been several conversions, and many others are expected before the revival closes. But if in any respect the meeting falls short it can not be charged up to the preacher. There may be obstacles in the way, as is usually true with any meeting of this kind, but only those who have placed them in the way have the power to remove them, and the responsibility of results short of the hope and the prayers of the Christian people whose hearts are devoted to the right, will rest on their shoulders.

Temple, Texas, April 14.—Leslie Mauldin of Waco, aviator, and D. D. McLean of Belton narrowly escaped death at Bruceville, twenty miles north of here, early Saturday morning when the engine of the airplane in which they were riding was torn in two by an unusual accident, half of it falling to the ground and carrying the front end of the ship with it.

While flying at an altitude of 3,000 feet the engine broke a center connecting rod, and so great was the momentum of the crankshaft, it was said, the motor was rent apart, the front end of the engine base being severed from the ship. The wings of the plane were not damaged, and Pilot Mauldin was able to bring his ship down in a wheat field near Bruceville without a jar. Neither pilot nor passenger was injured.

## In Midair, Aviators Drop Half of Engine But Land in Safety

Miss Alice McLarty to Take Up Home Mission Work

According to the Vernon Record Miss Alice McLarty of that city will graduate at the Seavitt Bible Training school at Kansas City in June and will then be assigned to work in Dallas, having already received notice to that effect. She has specialized as pastor helper and in kindergarten work. Miss McLarty spent most of her childhood life with her parents in Crowell and she has many friends here who will be pleased to learn that she is to assume a work that carries with it such responsibility.

## Quanahites Hear Their Former Pastor Preach Here

The following attended the revival at the Baptist church Tuesday night and heard their former pastor, Rev. E. F. Adams, preach: Dr. J. J. Hanna and family, C. W. Hanna and two daughters, Misses Amy and Anna, Dr. T. D. Frizzell, wife and daughter, Mrs. Spencer, Mrs. J. W. Freeman, Mrs. E. J. Wall and daughter, Mrs. Frank Triplett, Mrs. Reoley Hart and daughter, Emma Jones and sister, Miss Ora Lee Wilson and others. Rev. J. C. Hughes, also of Quanah attended services Wednesday.

## Ranch to Be Opened for Settlement

It is said that 150 sections of the C. V. ranch, located west of here on Pease river, will be placed on the market before long. This land is located in the north part of Cottle and Motley counties, and very good agricultural land. It belongs to the Hughes estate, managed by Denver parties.—Quanah Tribune-Chief.

"Well, well," exclaimed the favorite customer, "who'd have thought a little hair-rem would make my cap too big?"

"If I may suggest, sir," replied the head barber, "try one of these 'SURE-FIT' caps, that you can snug in after a hair-cut. They always fit."

AND that's only one reason why "SURE-FIT" is the world's most comfortable cap. No elastic to bind the forehead. The simple adjusting

strap (hidden above the visor) works the same way as a belt. A slight pull, and your "SURE-FIT" is tighter or looser, as you prefer.

All the new Fifth Avenue styles, in the latest patterns from American and overseas mills. Prices the same as you'd pay for any stylish cap—and you get "SURE-FIT'S" unrivalled comfort.

Important: Our better grade "SURE-FIT'S" are specially treated so that they shed showers. Thus they keep their shape, last longer, look better, and give you 100% comfort on a rainy day.

**Why "Wiggletail?"**

"It does away completely with the leg-weariness caused by other cultivators." That's what one man said of the P&O Wiggletail Cultivator. He said a mouthful, and he touched on but one feature of this cultivator.

That word "Wiggletail" is an odd name for a cultivator, but it fits this one to perfection. Cultivators are made to loosen the ground and to destroy weeds. Can you imagine a better way than by wiggling a hoe or a cultivator shovel along between the rows?

**Dodging in and Out Among the Crooked Rows**

On the Wiggletail Cultivator, the tongue is pivoted both to the frame and arch. When the rear end of the tongue is moved sideways to the right or left by the shifting of the seat, the same movement angles the frame in the opposite direction and with it the arch and gangs. In crooked rows, the gangs can be instantly thrown out to prevent the destruction of growing crops, and in straight rows it is the easiest running cultivator ever made.

No cultivator on the market is so easily controlled, has such a wide range of adjustments to suit every condition, nor affords as great comfort to the driver as the P&O Wiggletail. And what we say about the "comfort" of the driver also applies to the team.

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, April 20, 1923

The clamor for an equalization of taxes in Texas by West Texas people, who have been paying the fiddler about as long as they think they ought to, is getting louder and louder. Even the Governor, it seems, is giving the matter serious consideration at last. In view of the fact that East Texas out votes West Texas in the Legislature because it has more representatives makes our case one similar to that which caused the colonies to rebel against the mother country—"taxation without representation."

The Crowell school board is doing its best to think out some means by which the school interests may be cared for another year. Possibly the proposition of building a new building will be presented for consideration within the next few weeks. This can be done, provided valuations can be placed a little higher for school purposes only.

We have thought that the man who sits back and does nothing but scheme is a detriment to a town, but we have come to think differently. His presence with us only reminds one how corrupt the devil is and offers a striking contrast between a real man and a counterfeit.

Whenever a wrong is committed by one person against another the offender must go back to the place where it was committed and correct it. You can't smear over the past with insincere smiles and expect to get by with them.

When all Christian people drop the hate they hold towards their fellow man they are in line for a revival of religion. Otherwise they are shorn of their influence for good. Strange that this fact is never learned by some folks.

Some of our good friends want to know what we have done with the Ku Klux Klan. Why, we just left the corpse where the poor old thing died.

"Whatever a man soweth that shall he also reap." Then the harvest of wild oat sowing is wild oats and not Indian corn.

### At the Methodist Church

The Sunday School meets promptly at 10 o'clock. The primary department meets in the basement for its opening exercise and the other departments meet in the main auditorium for their opening. There is a class for every one. Make the teachers and superintendent glad by being in your place on time.

On account of the Baptist revival there will be no services at the Methodist church Sunday evening. Sermon subject for the morning hour, "The Denial of Peter." Peter's sin was grievous but his repentance was genuine. Anybody can follow him in his sin, but who can follow him in his repentance? A message and a welcome for you at the Methodist church.

T. C. WILLETT, Pastor.

### Coe-ism?

What do you believe about Coe-ism? Enlightening facts will be demonstrated at the opera house Monday night, April 23, in our play, "Where East Meets West." This play is an interesting combination of the humorous, dramatic and tragical. We have many things in store for you besides Coe-ism—one is the true spirit of the westerner. Advt.

The popular method of suppressing corns among women is to wear shoes so tight the corns can't grow.

Don't lose sleep over the things you want. It's the ones you have that get you into trouble.

## 83-Year Old Milano Man Issues Defi on Horseback Contest

Rockdale, Texas, April 15.—Astride his horse, a spirited gray, as straight and erect as a young man of 25, and defying the weight of his 83 years, Boyd Taylor of Milano, intent upon business and affairs as in his forties, rides every day to and from his home to Cameron and other county places. He takes as much joy in life as most men do in their prime, and challenges all comers, age not barred, to ride him down in the saddle between sun and sun.

He declares he will give any horseman in Texas a fair start and cover more miles under his saddle, by ten at least, than any rider who dares to tilt against him.

Mr. Taylor is a veteran of the Civil War, having been one of Gen. N. B. Forrest's hard-riding cavalrymen. He followed that impetuous leader through all the campaigns and battles from the winter of '61 until the last shot was fired in April, 1865. He is a native of Alabama.

### Tau Epsilon Bridge Club Meets

Mr. and Mrs. Thos. Hughston were host and hostess to the Tau Epsilon Bridge Club March the 29th. A number of hands of bridge were played with Mr. Que Miller winning high score.

Refreshments were served to 12 members and the following guests: Mr. and Mrs. Claud Barry, Mr. and Mrs. Jimmie Cotten, Mr. and Mrs. W. C. Thompson, Jack Brian and Miss Winnie Self.

Then on Thursday evening, April 12, Mr. and Mrs. Lawrence Kimsey were at home to the bridge club members and the following guests: Mr. and Mrs. T. S. Haney, Mr. and Mrs. Jim Cotten, Miss Jennie Belle Ray, Miss Mary Cook, Mr. Jim Self and Mr. Glynn Shults. The tables of progressive bridge with Thomas Hughston winning high score.

A tempting plate was served consisting of sandwiches, pickles and ice tea. Following this course ice cream and cake were passed by the hostess. —Reporter.

### Where Will You Be?

How do you spend your Sunday evenings?

Some good people take up the current issue of a Sunday newspaper, or a highly illustrated magazine, or the latest novel, and gently deposit themselves in an easy chair for an hour of "instructive" reading.

It is instructive—most of the reading.

A fellow reads all about the latest scandal in high life, or devours the details of the latest murder, or ponders over the facility with which crooks and grafters and sluggers escape punishment. In short, he reads of the seamy side of life, with the seam gaping wide open and exposing its appalling hideousness.

He learns a lot in that hour that has anything but an elevating influence upon life.

But there are others who spend that hour in quite a different manner.

They take the family to church, where they find other families, and friends, and neighbors.

As a contrast to the sordidness of a week of toil and money grubbing, they listen to the sweet music of the choir, and digest the wonders of the Good Book and the better life it portrays, as the minister speaks to them in the name of the God who made them.

No scandal—no murders—no crooks—none of the seamy side of life to mar a perfect evening.

Another Sunday evening will soon be here!

Where will you be?

The most comforting thought you can have when the Doctor comes, is that there is money in the bank to meet the increased expense that comes with him.

Live in the present, as though you were a little poorer than you are—and when adversity comes, you will be richer than you seem.

A small amount set aside each week will soon give that feeling of comfort.

The Battle of San Jacinto, that decided the independence of Texas, was a desperate engagement between a Mexican force of 1600 in command of Santa Anna and 783 Texans led by Sam Houston, April 21, 1836. The Mexicans were defeated and utterly routed. The scene of the battle was on the banks of the San Jacinto River, 17 miles from the present city of Houston.

During this bloody struggle, in which the Texans were far outnumbered by the foe, Sam Houston was wounded, and Santa Anna, the Mexican commander was taken prisoner. Because of the atrocities that were imputed to him, the Texans clamored for his death. But Houston was merciful and Santa Anna returned to Mexico the following year.

San Jacinto Day always will be observed by patriotic Texans who will recall with pride the bravery of that little band of men who won independence for Texas.

**The League Again**

This country is very much divided on the question of the United States becoming a full member of the League of Nations, and that division is not along party lines.

The league has strong advocates and bitter opponents in both of the great political parties.

Millions of Americans are opposed to this country mixing up in European affairs. They dread the possibility of being drawn into another foreign war.

But there are other millions who contend that there can be no stability in world affairs until America takes her stand by the side of the other nations and assumes her share of the burdens and responsibilities of world reconstruction.

Even the wisest men of our nation are at variance on this question.

One thing, however, is morally certain. Unless the nations of Europe reach some fair and just basis of an early settlement of their rapidly growing differences, thereby making possible a restoration of the industry and commerce of the world, it is but a question of time when the lid will be blown off again.

Our first duty is to our own country and to our own people, but un-

doubtedly we owe a duty to the world in the present crisis.

Just how far that duty should carry us is the question of the hour, and it is a difficult one to solve.

We can not afford to ruin our own country, and neither should we contribute to the collapse of civilization through the withholding of our cooperation and assistance.

Solomon should be alive today.

*"I will build a car for the multitude"*  
said Henry Ford in 1903--Read how the fulfilment of that prophecy is made possible through the

*Ford Weekly Purchase Plan*

For many years it has been Henry Ford's personal ambition to make the Ford the universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership.

During the past fifteen years over 7,500,000 Ford cars have been placed in the hands of retail customers—more than a million and a half of them within the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.

And now the way is open.

Under the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest.

Think it over. Five dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters each doing a little.

Why not start today. Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of the plan and help you get started toward the ownership of a Ford car.

TAKE NO CALOMEL**

*"Dodson's Liver Tone" Straightens You Up Better Than  
Salivating, Dangerous Calomel and Doesn't Upset  
You—Don't Lose a Day's Work—Read Guarantee*

I discovered a vegetable compound that does the work of dangerous, sickening calomel and I want every reader of this paper to buy a bottle for a few cents and if it doesn't straighten you up better and quicker than salivating calomel just go back to the store and get your money back. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your thirty feet of bowels of the sour bile and constipation poison which is clogging your system and making you feel miserable. I guarantee that one spoonful of this harmless liquid liver medicine will relieve the headache, biliousness, coated tongue, ague, malaria, sour stomach or any other distress caused by a torpid liver as quickly as a dose of vile, nauseating calomel, because it will not make you sick or keep you from a day's work. Calomel is poison—it's mercury attacks the bones often causing rheumatism. Calomel is dangerous—it sickens—while my Dodson's Liver Tone is safe, pleasant and harmless. Eat anything afterwards, because it can not salivate. Give it to the children because it doesn't upset their stomach or shock the liver. Take one spoonful tonight and wake up fine and ready for a full day's work.

**Commissioners Court**

The accounts against the county were examined and approved.

The monthly report of L. D. Campbell, the sheriff, was examined and approved.

The monthly report of Emily Purcell, the county treasurer, was examined and approved.

It was ordered by the court that one thousand dollars be transferred from the Public Building Fund to the Road and Bridge fund.

It was ordered by the court that five hundred dollars be transferred from the Public Building fund to the Jury fund.

It was ordered that Claude Davis be allowed \$11.22 as an error of assessment on the 1922 tax roll.

It was ordered that on the application of J. E. Stone and John Lilly an agreed road, second class and 30 feet, be opened as follows: Beginning at a point in which is known as the Derrick road at the northwest corner of section 75, block 44, H. & T. C. Ry. Co. Survey, running south with the line of section 75 to a point 30 feet south of the dividing line between J. E. Stones land out of the north part of said section 75 and the John Lilly land out of the southwest part of said section No. 75, then east and to run on the south side of said dividing line between the Stone tract and the Lilly tract to the northeast corner of the Lilly tract, intersecting the Derrick road at this point.

It was ordered that the galvanized cistern on the tower at the court house be sold to H. E. Davis for the sum of \$30, terms cash.

It was ordered that \$3.00 per day be paid men for digging the road on the highway. The sum of \$5.00 per day to be paid men for driving engine on highway.

A jury of view, having viewed the road from Pease River to Margaret on the west side of the railroad recommended damages to be granted at the rate of \$20 per acre. The report of the jurors of view was accepted and the following received damages: W. T. Dunn, H. Schindler, Frank Miller, J. D. Wright, H. L. Muesse.

The resignation of C. D. Stephenson as Commissioner of Precinct No. 1 was accepted and A. B. Wisdom was appointed in his stead.

**Special Session of the Court April 14**  
J. D. Wright and Dr. H. Schindler

filed claims for more compensation for their land than the jurors of view allowed on the Pease River and Margaret road. The court allowed them \$30 per acre damages in lieu of \$20 per acre.

**Second Special Session April 16**

It was ordered by the court that the report of John S. Oglesby, auditor, be accepted, and the parties owing the county be notified by the county clerk to pay the same, and the county pay those whom amounts are due.

It was also ordered by the court that the county reimburse the bondsmen of E. P. Bomar for amounts paid the county.

**Things to Think About**

Hundreds of thousands of bright minds in this country are being destroyed by the dope habit, which has flourished since the advent of prohibition.

If the habit continues to grow at the rate it has grown in the last few years it will only be a question of time when we will become a nation of dope fiends—a race of people deprived of their mentality and daily sinking below the level of a beast. The beast does not use dope.

The remedy?  
Change our laws—make them more drastic—let the punishment for trafficking in the stuff be so severe the seller would sooner cut off an arm than dispose of even an atom of these destroying drugs.

There will be no end to the traffic until we enact laws capable of putting an end to it, and find officials with honor and nerve enough to enforce them to the letter.

Is the mentality of a nation worth the effort?

Big business has developed this country to a wonderful degree. It is necessary for our future development and expansion.

But there is one nauseating fly in the commercial pudding. Big business is making too many multi-millionaires and billionaires through excess profits. Those excess profits are filched from the pockets of our millions of consumers.

The government should set a reasonable limit to the wealth of an individual, and when that wealth exceeds the limit the surplus should be diverted into the federal treasury.

Limitation does not mean bolshevistic or communistic confiscation. It is common sense applied for our mutual salvation.

It may even prevent this country becoming Russianized in the near future.

**Married today—tired of each other tomorrow—divorced the next day—and looking for another!**

We haven't quite reached that stage in this country, but we are hopping right along.

In some courts it is about as easy

to get a divorce as it is to buy a license to wed. The principal difference is in the cost.

The rising generation just growing to maturity is being brought up to look upon divorce as a matter of fact—as a natural means of settling family differences.

With divorce rampant today and running amuck tomorrow, how long will it be before the parson will have nothing to do?

**Inactive Liver**

"I have had trouble with an inactive liver," wrote Mrs. S. Nichols, of 4412 Spencer St., Houston, Texas. "When I would get constipated, I would feel a light, dizzy feeling in my head. To get up in the morning with a lightness in the head and a trembly feeling is often a sign that the stomach is out of order. For this I took **Thedford's Black-Draught**, and without a doubt can say I have never found its equal in any liver medicine. It not only cleans the liver, but leaves you in such a good condition. I have used it a long time, when food does not seem to set well, or the stomach is a little sour."

If it isn't

## Two Important Factors Go to Make a Good Meal

Good Groceries and a good cook are the two. It is your business to furnish the good cook and it is our business to furnish the good groceries. The two will come as nearly causing a man to live forever as any other two things in the world. But even a good cook can not make a wholesome meal without good wholesome groceries. ## BAPTISTS COLLECT \$38,918,000 CASH

Growth of Denominational Activities in Every Direction is Indicated as Result of Forward Program

### LARGE ADVANCES ARE MADE

REPORT ON CONTRIBUTIONS TO 75 MILLION CAMPAIGN ISSUED BY HEADQUARTERS OFFICE

DR. EVERETT GILL  
European Representative Baptist Foreign Mission Board.

Up to January 1, 1923, Southern Baptists had paid in cash on the 75 Million Campaign, their five-year program for the advancement of the general missionary, educational and benevolent activities of the denomination the sum of \$38,918,911.10, according to a report issued by the general headquarters office.

These contributions have come from the various states and other sources as follows: Alabama, \$1,653,739.49; Arkansas, \$1,185,153.35; District of Columbia, \$143,564.70; Florida, \$609,016.02; Georgia, \$3,569,516.70; Illinois, \$320,482.95; Kentucky, \$4,122,039.78; Louisiana, \$1,035,640.23; Maryland, \$489,494.29; Mississippi, \$1,591,011.34; Missouri, \$1,537,067.49; New Mexico, \$170,998.36; North Carolina, \$3,365,330.21; Oklahoma, \$1,052,438.20; South Carolina, \$1,309,252.60; Tennessee, \$2,340,766.77; Texas, \$5,002,755.32; Virginia, \$1,102,802.12. Special designated funds: Texas, \$1,220,440.55; New Mexico, \$403,972.85; Louisiana, \$105,100; Illinois, \$148,591.11; Tennessee, \$192,853.25; Oklahoma, \$59,000; received direct by Home Mission Board, \$15,340; received from special sources by Foreign Mission Board, \$86,103; contributed by native churches on foreign field and expended by them directly on their work there, \$1,003,350.68.

Indicating something of the progress which the impetus of the Campaign has brought to various phases of denominational effort in the South, it is reported that during the three years of the Campaign period that have expired, Southern Baptists have had 150,000 more baptisms than they did for the three years immediately preceding the Campaign; organized 3,000 more new Sunday schools with 400,000 new pupils; enhanced the value of their local church property by \$33,000,000; increased their contributions to local causes by \$22,000,000; gave \$18,938,862 more to missions and benevolences, and advanced their contributions to all causes by \$43,450,490 during the three years of the Campaign over what they gave to all causes for the three years immediately preceding the Campaign.

Gains in Special Fields.  
The Campaign has enabled the various state mission boards to greatly enlarge their programs of state and associational missions within their respective boundaries. It is pointed out: made it possible for the Home Mission Board to complete its \$1,000,000 Church Building Loan Fund, extend its work among the foreigners, Indians and Negroes; administer 13,282 baptisms, secure 218,371 additions to the local churches, provide larger equipment for its system of 38 mountain mission schools, establish the Southern Baptist Tuberculosis Sanatorium, and greatly increase its work in other directions.

Some other gains in the homeland include the better equipment and maintenance of the more than 80 academies, colleges and seminaries in the older fields of China, Japan, Africa, Italy, Brazil, Argentina, Paraguay, Uruguay, Chile and Mexico, and open up new work in Spain, Jugoslavia, Hungary, Roumania, Russia, Palestine and Siberia. In the territory now occupied by the Foreign Mission Board there is a total population of 900,000,000, or more than half the people of the world.

Due to the enlargement of the missionary program in Europe the board has been compelled to station a general representative there in the person of Dr. Everett Gill, who has general oversight of the work on the continent and maintains his headquarters at Lausanne, Switzerland.

The government is reported to be investigating the latest sugar steal, in the shape of the recent boost in the price of that commodity.

We hope it amounts to something more than an investigation, otherwise the sugar thieves will be at it again as soon as the hue and cry is forgotten.

Investigations are all right, provided they result in convictions, proper punishment. But investigations that start out with a whole end with a whine only serve to grieve the public and impair its confidence in the general government. There are plenty of jails to put the thieves in.
