AND CROWELL INDEX

CROWELL, FOARD COUNTY, TEXAS, FRIDAY, AUGUST 8, 1924

8 PAGES \$2.00 A YEAR

## HIGHWAY DEPT. PLEASED WITH ROAD UP-KEEP

As was stated in the outset when the State Highway department took the maintenance of State highways in Texas, it was somewhat an experiment, and it might be said that the department has learned some things about it. One of these is that better for a department to hire work done, as it has been done in this county, with the machinery already in use and which is suitable for this kind here than it is to fix a certain standard of machinery for all counties with varied conditions. In other words, the state that tested and tried machinery relied upon, while the purchase of machinery might prove a very experiment, and what might be for Foard County may not be for other counties in east Texas.

The Highway Department is entirely pleased with the results of a maintenance under local supervision since January 1st in Foard county. Following are some figures which might be of interest to the readers:

Are allotted \$150 per mile for maintenance per year, \$20 of which is paid by the state for overhead, which leaves us \$130 per mile for actual work on the highways, including labor, material, machinery, machinery repair work, etc. This amount to \$7280 for the 56 miles now being maintained by the county. Up to the present we have used \$4,795.32 for the first seven months, which is little more than the amount for that period of time, but the heavy grade work has been done on some of the roads which will not be repeated. The county thinks we can easily get through the year with the balance of money left to the county from the state maintenance. It will run around \$1000 per month.

Our reports have been made to the county judge's office and the following reimbursements have been received from the state:

- No. 1 received \$1306.22.
- No. 2 received \$1006.88.
- No. 3 received \$798.15.
- No. 4 received \$1684.07.

The 56 miles of state highway maintained by the Highway Department include 14 miles from well to Wichita River on the south and 42 miles from Ravland on the north to the County line on the north.

## and Election to Build New School House Carries

The election held August 2nd in the Ravland district to vote on the proposition to build a new wooden school building for that district carried being 36 votes for the proposition and 12 against.

## and Mrs. Groves To Teach in Lubbock

Communication from R. T. Groves of Lubbock to one of the Crowell residents states that both Mr. Groves and Mrs. Groves have been employed each in the Lubbock Junior High school next term.

Mr. Groves was engaged in the office of law while in Crowell and Mrs. Groves was teacher in the grades of the Crowell schools for two years. They are well pleased with their work and work.

D. Mahn was in town Saturday at the Beaver Creek community. Mahn told a news representative that he had recently recovered from an attack of rheumatism. He had been down for three weeks but is now entirely well and can do much work as any ordinary man though he is 70 years of age. Mr. Mahn lives with his daughter, Mrs. Johnson and has lived in and around Crowell for many years.

H. Self returned Wednesday of week from Boulder, Colo., where he spent a month with his wife and daughter, Miss Winnie, who are spending the summer in that city. Miss Winnie is a student in the University and will receive her degree at the close of the summer session.

C. Hampton and son, Tucker, called here from Barkdale last week on account of the illness of their mother and sister, Mrs. Walford. They both underwent an operation at the sanitarium. Mrs. Hampton is getting along well and has been discharged from the sanitarium to her home. Mr. Hampton and Tucker left for their home.

## Marshall and Bryan Carry Foard County

In the race for State Senator John C. Marshall's vote in Foard County was nearly double that of both his opponents, Parnell and Martin. The official count shows Marshall to have received 611, Parnell 270 and Martin 137.

G. M. Bryan also carried the county for representative over E. L. Covey. The official count shows Bryan 561 and Covey 432. Complete returns from the three counties, Knox, Hardeman and Foard show the following: Covey—Knox 1425; Hardeman, 960; Foard 422. Total 2810. Bryan—Knox 1020; Hardeman 881; Foard 561. Total 2462. Covey led by 348.

## Johnson and Herring Sell 500 2-Year Old Steers for \$50 Each

L. K. Johnson passed through Crowell Monday afternoon en route from the Johnson and Herring ranch in the West part of the county to his home in Vernon. Mr. Johnson told a News representative that he had just closed a deal whereby he had sold 500 two-year-old steers to a Mr. Isaacs of Canadian. The steers brought \$50 each and are to be delivered immediately.

## Probable Merger May Save Orient

The following is taken from the Kansas City Daily Drovers Telegram of July 29, and may be of interest to our readers. It tells of a very probable big railroad merger which in all probability will include the Orient road and save it. The article follows:

It is almost certain that the Southern Pacific and the Rock Island railways will soon be merged into the greatest railroad system that the United States has ever seen.

And Kansas City will be the greatest center of the greatest system and most mileage when this merger is completed. The merger will also include the El Paso and Southwestern from Tucuman, N. M., to El Paso and westward and the Kansas City Mexico and Orient, this latter phase adding to the situation as it reflects on Kansas City as the gathering point of the largest number of lines of the proposed merger.

To Link Great Area

The Merger means that the entire West and Southwest will be linked up with Chicago and Memphis in the east; New Orleans in the South; Minneapolis and St. Paul in the North and with all intermediate cities linked to the great system that will thus be built up.

The necessity of the merger of the Southern Pacific and the Rock Island and Orient comes from the demand to meet competition that will be set up when the Missouri Pacific takes over the International and Great Northern, and the Gulf Coast lines in Texas and Louisiana and the Chicago and Eastern Illinois from St. Louis to Chicago.

The Southern Pacific and the Rock Island must protect El Paso, Tex., as the greatest gateway to the republic of Mexico which is coming back as one of the greatest potential factors for the extension of the American trade.

El Paso Strategic Point

El Paso is the only city on the border where there is any invested capital of any account and where eastern money plus domestic funds are active in large center of population.

Kansas City is the largest of all the Rock Island centers at this time and will be the largest center under the merger. The lines from St. Paul and Minneapolis, from Denver; from St. Louis, from El Paso and from Ft. Worth now meet here. They reach into the greatest agricultural and live stock states in the union.

Under the proposed merger Kansas City would get a completed Orient touching ports in Old Mexico and the main line of the Southern Pacific at Alpine, Texas.

The merged lines would have another almost direct route from Kansas City to Houston, Texas, and New Orleans, great gulf ports where ocean liners and big freighters of deep draught load. Kansas City would have direct competition to offer to the east which is using the Panama Canal to get the central West.

Details of the merger will probably be announced soon.

## Lecture to Be Delivered at Thalia Sunday 3:30

Rev. A. Reilly Copeland, who is conducting a revival meeting for the Baptist church at Thalia, will deliver a lecture Sunday afternoon at 3:30 o'clock at the tabernacle, on "Roman Catholicism."

Mr. and Mrs. C. W. Thompson and two daughters, Mary Raglan and Peggy, left Tuesday afternoon for Pilot Point to visit Mrs. Thompson's mother, Mrs. Florence Raglan, and other relatives. They will also visit Mr. Thompson's mother and sister, Mrs. J. T. Carter and family at Ft. Worth. J. G. Witherspoon accompanied Mr. and Mrs. Thompson to Gainesville where B. C. Newton and son, Ritchey, of Marietta, Okla., arrived in town Wednesday afternoon for a visit with Mr. Newton's sister, Mrs. T. B. Klepper.

## What Other Newspapers Say About Governer's Race

Well, Mrs. Miriam Ferguson is in the run-off with the Ku Klux Klan candidate. Rather unfortunate for Texas, we think, but nobody will gainsay that Mrs. Ferguson is a good woman and we expect to vote for her.—Quannah Tribune Chief.

In case Mrs. Ferguson is awarded the honor of being in the August run-off with Felix Boutwell, what are you going to do about it? That question is now being asked all Klan opponents all over Texas. The Childrens Post and its editor fall in that class. We have consistently opposed the Klan from the very start and yet we have never thought we should like to have a woman, or Jim Ferguson for Governor. However under the present situation, if Mrs. Ferguson remains in the lead for second place. The Post editor expects to vote for her, believing that her election would be the lesser of two evils. We say this with the full knowledge that Jim Ferguson will be Governor if his wife is elected. With this knowledge we are deliberately preferring another two years of Jim Ferguson in the executive office of this great state to a two years of Ku Klux rule.—Childrens Post.

On the face of the returns to date it seems certain that the run-off for Governor will be between Felix D. Robertson and Mrs. Miriam M. Ferguson, as the latter is maintaining her lead over Lynch Davidson for second place by a narrow margin. Some political wiseacres see a probable victory for Mrs. Ferguson in the run-off, but we can not see it that way. We have nothing against Mrs. Ferguson, save that, in the event of her election, she would be merely a figurehead, and Texas would once more be under the rule of Farmer Jim, impeached governor and discredited citizen, who during his former incumbency sold his honor for pelf, and we cannot believe that the people of Texas are going to stand for anything of the kind. To our way of thinking, Robertson will have a much easier race against Mrs. Ferguson than he would have against Lynch Davidson.—Hall County Herald.

The election did not turn out exactly like anybody wanted it. This is because there are so many different kind of people, even in Texas. There was a time in the young life of the Banner editor when we thought the country would be ruined if an election went wrong. And that has been against us hard sometimes. Governor Neff was no tan ideal chief executive, but the state is going to lack a lot of coming up to his measure for the next term of office. We have had just as poor governors before and we will have them again, and other states have them; and the situation may not be as bad as it seems anyway. Personally, it will be a disagreeable matter to vote for either one of the candidates that will be presented to us for Governor in the next primary. But we take our medicine like a man and wait for the next chance. We will vote for Felix Robertson and at the same time reserve the privilege of not standing for some of the things he stands for.—Baylor County Banner.

We do not claim to have a monopoly of right thinking and it appears on the face of the returns that the majority has rebuked our judgement in the selection of the two candidates for governor. We sincerely believe without being told by any organized click or clan that either one of the

## Make Trip to Mineral Wells

J. F. McMillan and W. B. Griffin made a trip to Mineral Wells Thursday of last week, returning Friday. They report good crops as far as Sevnour but between that place and Mineral Wells the corn has been badly hurt by the grasshoppers and dry weather.

They say Mineral Wells is not the live town it once was, that there are few tourists there.

Roads are bad in Young County and some of them are becoming almost impassable.

Mrs. Thomas Wakefield of Stratford, formerly Mrs. Roxie Ullum and former resident of Crowell, has been very ill for several weeks with a nervous breakdown, but is slowly recovering at this time. According to W. J. Ayers of this city, Mrs. Wakefield's brother, the doctors say she will have to remove to a lower altitude and it is expected that she will make a trip to this county by the first of September where she will remain for an indefinite time.

Mr. and Mrs. W. M. McKinley and son, Frank, and daughter, Miss Lena were here this week from Lorenzo visiting their son, Clyde McKinley, in the Thalia community. Mr. McKinley ordered the address of his paper changed from Petersburg to Lorenzo. He says Foard County has the best roads he has traveled over on the trip.

## Two Acres of Chiltex Promises Good Yield

W. A. Cogdell brought to the News office Monday a few heads of Chiltex, a new variety of grain sorghum, which he says is very promising. This variety originated at the government experiment station at Chillicothe and is a cross between feterita and kafir. The State Agricultural Department distributed 30 small sacks of this grain in the county in the spring but Mr. Cogdell is the only farmer that has made a report. He says he had a patch of maize planted by the side of it which the grasshoppers destroyed but they never bothered the Chiltex. He says it remains to be seen whether Chiltex is a good feed or not. The grain is well matured and the head is of good size.

## Two Dollars of School Per Capita to be Paid in Sept.

On July 10th the State Board of Education fixed the apportionment for the scholastic year 1924-25 at \$14 per capita. Mr. Marrs announces that \$2 of this amount will be paid in September, the first time in the history of the state, he says, when a payment on the per capita apportionment will have been made before the expiration of the first month of the school. He further says that the entire apportionment may be reasonably expected by the first of May.

## Methodist Revival at Margaret Closes Sunday With 35 Conversions

The revival meeting which had been in progress for two weeks at the Methodist church in Margaret closed last Sunday evening with 17 being converted in this service.

Rev. V. H. Fisher, conference evangelist, did the preaching, the singing conducted by W. C. Craig of Clarendon.

Bro. Fisher is a capable, consecrated young preacher, and under the influence of his forceful sermons Margaret has had one of the best revivals in the history of the church. During the meeting there were 35 conversions and the church and town greatly revived spiritually.

Rev. T. M. Johnson is pastor of the Margaret church and he feels greatly encouraged with the success of the meeting.

Bro. Fisher went from Margaret Monday to Wesley Chapel where he will hold another revival.

## Cotton Promises Half Bale to Acre

W. B. Griffin says his 75 acres of cotton he thinks will make more than half a bale to the acre if nothing happens to it. Really some of his crop is not promising a bale to the acre unless it comes within a few days it will begin to get it.

## PREACHER FOUNDED

Yes, it happened on our birthday, Monday morning a little past nine o'clock Mr. Van Browning of Truscott and Earl Sparks of Snyder, who has been leading the singing in the meeting at the Christian church at Truscott, visited the home of P. R. Huckleberry and after the usual greetings and many questions were passed and answered, they intimated they were in a very great hurry as they were on their way to Quannah.

They asked for a little help, as they had a little token of "best regards good wishes" which they wished to bring in and leave, as proof that this was so.

Then proceeded an unusual pounding—flour, meal, sugar, canned goods, meat, fruit (home canned), cereals, and even the proverbial "preachers favorite" were "toted in" until the living room looked like a young grocery store. Well, we laughed and we cried, for the tears came in spite of our efforts to hold them back. Such demonstrations as these can only come from the dearest and tenderest of friends and brethren.

Then, again this from the Christian church and friends of a neighboring city twenty miles away. Yes, our throat suddenly seemed to fill when we tried to express our thanks, our tongue was tied and our sense of expression gone, and we could only say thanks, and God bless all of you.

We will never be able to repay our many friends for their loving deeds and sympathetic interest in our welfare, but we hope that we may once again have a strong body with which we may be able to render many years of service for the Master. Praying the richest and the best of the Father's blessings will be showered abundantly on each and every one of you, we beg to be,

In Christian Love,  
P. R. HUCKLEBERRY.

## J. L. Martin Buys Newspaper at Snyder

J. L. Martin, former editor of the News, who has been located at Rovse City for several years has recently purchased the Snyder Times and assumed charge of the paper on August 1st, according to the Rovse City News-Times. Mrs. Martin and daughters will remain in Rovse City until their home is disposed of and they will then join Mr. Martin in Snyder where they expect to make their permanent home.

Hon. Marvin Jones of Amarillo, U. S. Representative of this district, was in Crowell and Thalia Tuesday and Wednesday visiting relatives and many friends. He left Wednesday for Asperment where he had a speaking engagement. He will return to Crowell during the Foard County Fair for a more extended visit.

H. B. Pool left Wednesday for a two weeks sojourn in Southwest Texas with a brother. Together they will visit another brother in McCulloch County whose family Mr. Pool has not seen in 29 years. He saw this brother 15 years ago.

Mr. and Mrs. O. E. Nelson of Cement, Okla., spent last week end visiting Mrs. Nelson's parents, Mr. and Mrs. A. L. Walling. They left Monday for New Mexico to visit relatives and will return here later for another visit before returning to their home.

## CROWELL GIRL AND PITTSBURG, PA. MAN MARRY WEDNESDAY

The marriage of Miss Gladys Brian and Bryan Thomas O'Connell of Pittsburgh, Pa., took place Wednesday evening at 8:30 at the home of the bride's parents, Mr. and Mrs. A. Brian, with Rev. Father Moslar reading the impressive ring service. The home, where friends and relatives made the circle about the bride and groom, was adorned with vases of bright flowers mingled with ferns and evergreens. The sweet song of Mrs. Adolphus Wright, "I Love You" to the accompaniment of Miss Frances Clark, gave the pleasing musical prelude. Then the harmony drifted into the beautiful wedding march played by Miss Clark. The bride entered with her twin sister, Miss Glyn Brian. The groom was accompanied by Mr. Joe Ray. The bride was prettily gowned in blue chiffon and lace. Her flowers were an arm bunch of pink carnations and fern. Miss Glevyn Brian wore a becoming frock of pink chiffon and lace and carried an arm bunch of pink carnations and fern.

After the heartiest congratulations were extended Mr. and Mrs. O'Connell, the dining room was thrown open where the bride's cake and punch were served to the guests.

Gifts many and beautiful attest the popularity of the bride and groom, who have been reared in this city.

With many good wishes for a happy future the trip was made at once for Wichita Falls, where they took the train for Pittsburg, Pa., their future home.

The out-of-town guests for the wedding were the grandmother and aunt of the groom, Mrs. B. O'Connell and Miss Margaret O'Connell of West.

## Editor and Family Left Tuesday for Amistad, N. M.

H. L. Kimsey and family left Tuesday morning for Amistad, N. M., where they will make a visit with Mr. Kimsey's sister, Mrs. L. F. Roberts, and family. The family will be away for about two weeks. After visiting Mr. and Mrs. Roberts they will tour the Plains country on their return home, visiting all the principal cities of that section.

This is the first vacation and rest Mr. Kimsey has had in seven or eight years and it is well deserved. We wish the Kimsey family a great trip and a good time and we have no doubt but that such will be the case.

R. F. Hambright of Roby assumed his duties as operator of the linotype Monday. Mr. Hambright is a capable operator and a good printer and we hope to get out the paper on time as usual.

## Election Returns Not Reported Last Week

After the election ballots were canvassed last Saturday by the Democratic Executive committee the following results were reported that we failed to get in last week's issue:

In the race for commissioner of precinct No. 3 Tom Calloway received 85 votes and E. M. Crosnoe 114. For commissioner of precinct No. 4, W. F. Thomson received 178 votes, R. N. Beatty 129, A. T. Fish 6. Mr. Fish failed to get his name on the ticket.

A mistake occurred last week in the report of the weigher's race. G. L. Cole received 144 votes instead of 129.

D. L. Reavis was elected county surveyor and G. W. Walthall, county attorney.

## PREPARING SALES ROOM AND ACCESSORY DEPARTMENT

Claude Barry, Chevrolet agent, is preparing a sales room and accessory department for the Chevrolet car in the Hi-Way Garage. A complete stock of parts and accessories for that car will be carried.

H. E. Bachman, formerly with the Pool-Stogner Chevrolet Co., of Wichita Falls, has been employed as salesman for the Barry Chevrolet Co. He will make Crowell his home indefinitely. Mr. Bachman has been selling Chevrolets for some time and has been very successful.

## REV. J. E. BILLINGTON HOLDING REVIVAL AT FARGO

Rev. J. E. Billington, pastor of the Crowell Baptist church, went to Fargo last Saturday where he is conducting a revival meeting, assisted by Rev. F. D. Pearson, pastor of the church at that place.

M. F. Thurmond, secretary of the Quannah Chamber of Commerce, was in town yesterday advertising the Hardeman County Fair. Mr. Thurmond said a crowd of business men from Quannah together with a band expected to be in Crowell next Thursday afternoon boosting for the Hardeman County Fair.

## Mrs. Ferguson Will Speak at Rayland Picnic Today

According to information given us by J. C. Davis of the Rayland picnic committee, Mrs. Miriam Ferguson, candidate for governor, will speak at Rayland today. It is not known what hour she will make her address. The occasion of Mrs. Ferguson coming to Rayland is being well advertised and no doubt she will be heard by an immense crowd.

# FLOUR

If anyone was forced to live on one item of food alone he had rather that item would be bread, because bread is truly the staff of life.

Since bread is so important, then, it is essential that particular attention be given to the quality of the flour one uses with which to make that bread. We have been guided by that thought in our search for the best flour to be found and we think we have succeeded. We will not permit ourselves to be outclassed in this important item. Therefore we have recently added to our stock of groceries the famous

## WHITE BILLOWS FLOUR

made at McKinney, Texas. It may not be necessary to tell you that this is one of the superior brands of flour, of course we want you to know that before you buy, but a better proof that it is all that is claimed for it is that it bears the severest test and you are to be the judge.

Back of every sack is a guarantee and you take no chances. Try a sack of White Billows and you will try another.

**THE FOARD COUNTY NEWS**

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, August 8, 1921

During the next few weeks we are going to see a mighty marshaling of political forces in Texas. The dictators in a secret order on one hand are already laying their plans for a mighty battle. They have been working secretly for many months to get their man in the run-off. They have succeeded, and not only that, but they have thwarted the will of the majority of Texas voters. On the other hand there are those who want to see Democratic government prevail and these are making a mighty effort to defeat the clandestine movements of the enemy. There is plenty of time to save the day for Democracy if the people of Texas will be guided by their better judgment and go to the polls and vote their choice of the two candidates offered them. That is all. There is no use trying to dodge the issue. The wizzards and titans have forced it and it must be met. They want your vote and they don't care whether it suits you to vote for their man or not. Power is what they want and they are going to be engaged in a death struggle to get it. The sad thing of it is that thousands of our people have played with this enemy to our government too long already. Some of them have already discovered it and are mending their ways. All of them doubtlessly will be accepted back into the fold of the party if they will come. Let no one hold this thing against them for they knew not what they did.

How are you going to vote in the run-off for Governor? Vote for whom you please and you will exercise your constitutional rights. Everybody ought to be satisfied if everybody else does just that thing, but the trouble is that everybody will not vote as he pleases but will vote to please some one else. If you are a klansman you are just as likely as not to vote for Robertson because the Imperial Wizzard wants you to. Robertson is the choice of the klans bosses and you will be expected to walk up to the lick-log and take your medicine whether you like it or not. If you are a free man or a free woman and are under obligations to no secret, oath-bound order you can do as you please, in which case you probably will vote for Mrs. Ferguson, not for Jim. She says she will be Governor and we believe she will. Mrs. Ferguson is an educated, high-minded woman and will make Texas a good Governor. She is not a member of an order that seeks to control the politics of Texas. Robertson is and boasts of the fact. If there would be any evil effects from the administration of a good Christian woman, educated and high minded, Texas could more easily outgrow it than she can outgrow the bad effects certain to result from the administration of a klans Governor. Nobody is going to vote for Jim Ferguson, but thousands of good people are going to vote for his wife because they want to swat that stalwart enemy of our government, the Ku Klux Klan.

Faye Beidleman, manager of the Edwards & Co.'s general mercantile store at Thalia, was in town Monday on business. Mr. Beidleman reports business good.

Garland Burns left Sunday for the Dallas markets to buy fall goods for the Crowell Dry Goods Co. He will go from Dallas to St. Louis.

**FARM LAND DEPRECIATION**

Careful estimates based on reports from reliable persons, collected by the Farm Mortgage Bankers Association of America, discloses as without foundation in fact a statement attributed to the United States department of Agriculture, that farm lands had depreciated 19 billion dollars. The department claims to have been misquoted.

The fact has been established that the drop in farm land values is not general throughout the United States and that the actual conditions have been greatly exaggerated.

There is none to question that farm land does not bring the prices it once did, but the most severe and pronounced depreciation has been in sections where inflated values prevailed in 1918 and 1919. In the major part of the country, the reduction in farm land prices has been very moderate.

Collecting the idea that farm lands are "dirt cheap" will be beneficial to the farmer because it is certain to improve agricultural credit and encourage farm owners as well as owners of farm securities.

The world is full of good people, but it is difficult to distinguish them sometimes.

### Latins Make Much of Fair-Haired Beauties

The ability to admire a stunning woman without flying off the handle is a gift of Anglo-Saxon manhood that is greatly appreciated by American beauties after a taste of the embarrassments that await a blond in a Latin country.

Such is the power of fair-haired comeliness over Mediterranean masculinity that a lone woman of Nordic race is likely to be startled and alarmed at being forced to run a distressing gauntlet of undisguised admiration from total strangers.

When a respectable Latin catches sight of a golden-haired charmer he goes utterly mad. He can't take his eyes off her, but is impelled to prouette around her like a Japanese dancing mouse and tell the world how magnificent she is.

A New York woman who returned home recently after a visit to Italy relates that one day when she was "window shopping" she became aware that two men were following her. She was able with some concentration to muster up enough knowledge of Italian to understand snatches of their gesticulating conversation, and found that she was the subject. The short man wobbled alongside of the fat one and sighed as he remarked to his companion:

"Such beauty—she is like a white rose."

The fat one rolled his dark eyes and contradicted him.

"But no, see how her cheeks flush—she is like a pink rose."

"She is like an angel," ejaculated Fatty.

These tributes to her beauty were entirely wasted on the fair American. When she neared an officer of the law she wheeled around, pointed the two men out and demanded that they be arrested.

The officer looked at the irate, flushed complainant, who made a ravishing picture, and with a bow announced to her:

"Signorina, I cannot arrest these men. They should be complimented. They have been guilty of doing nothing but showing excellent judgment and appreciation of beauty."—New York Sun.

### Take to English Sports

Without propaganda or special publicity sports which had their origin in Britain were taken across to the continent as a novel experiment, first of all as a curious example of Anglo-Saxon lunacy, says the Montreal Herald. And in a little while the penetrated nations realized that they had caught the infection and that it was chronic.

The Englishman, the missionary of physical endeavor for pure glory's sake, had done a big thing—the accomplishment was complete almost before it was realized. Even Germany had, just before the war, taken it up in quite Prussian fashion, as a desirable state activity.

It is a significant fact today that the nations which we least understand, which are about last to win our sympathy or interest, are countries like Russia and Turkey, which have no national sport in any form and which never look like adopting them.

It's only a question of months until the man who makes a habit of gambling for money loses his job.

What you take out of life is precisely what you put in to it and no more.

Timely advice: Put your business affairs in writing, but not your love affairs.

### Not Unusual to Find Humor Among Thieves

Criminals have almost invariably a sense of humor that proves their humanity, says G. S. Dougherty in the Saturday Evening Post. They especially relish a laugh when it is on themselves.

A rope ladder thief had successfully finished one of his difficult jobs. Fastening a rope ladder to a chimney on a roof he had to climb down to a window below, force an entrance, climb up with his loot and make his getaway.

Coming out of the door he saw his shadow in the yard and was so nervous that he fired at it, thereby bringing about his arrest. A mishap of that kind will cause great mirth in criminal circles.

A pickpocket worked all summer without an accident. Every week he sent a good proportion of his money home to his sister and mother. Coming home himself, after warm greetings, he wanted to know what had been done with the money.

"Why, Jim, I'll tell you," said the sister, hesitating a little. "You're in such a dangerous business that we often feel worried about you, so we gave the money to buy a stained glass window in the church."

After his arrest, a skillful counterfeiter told me how his undoing came about. He had been a sign painter and was decidedly artistic and skillful. Coming to New York he took a downtown office, painted "Real Estate" on the door, and used it as a workshop for painting imitation banknotes.

He said that though it took no more time or work to imitate a \$100 bill than a \$20, he had to make five \$20s to get change for \$100, because the \$20 bills were more easily passed.

It was a \$100 counterfeit that led to his downfall. Finishing it late one afternoon, he started for home, but stopped in a lower West side saloon to buy a drink and a bottle of whisky. Laying his \$100 imitation banknote on the bar, it came in contact with a little spilled whisky and the colors ran, leading to his arrest.

Some years later I saw him in a penitentiary and said, "Well, Emanuel, I see you're still working at the old line." He was plying a brush, whitewashing a prison wall.

### One Department Awake

Some departments of the government may be said, with justice, to fall asleep occasionally on the job, but one Detroit housewife is willing to testify to the wide-awakeness of the United States bureau of animal industry. The housewife had ordered a set of dishes from London, England, and long before their arrival was the recipient of a letter from the bureau stating a case of goods, packed in straw and excelsior had been consigned to her and adding that, because of the danger of importing germs of the hoof-and-mouth disease into the country, the straw must be destroyed. However, the bureau heads did not trust to the housewife's discretion in burning the packing. She was requested to notify the local bureau of the consignments' arrival, whereupon an inspector would call to see personally to the destruction of the straw.—Detroit Free Press.

### Farming in Portugal

Portugal will aid its agriculture by supplying farmers with implements and fertilizers and instruction in how to use them. The scheme, as announced by Doctor Oliveira of the Banco Agricola of Lisbon, involves teaching the unskilled farmer to get the most possible from his soil by means of intensive cultivation. The government will supply the necessary agricultural machinery and will also designate one or more directors who will have the supervision of the work undertaken. There is no intention to profit at the expense of the farmer, it is announced, and all profits gained by the intensive and systematic cultivation practiced will revert to the owner. There is a shortage of animal power in the country districts and this fact, it is thought, will stimulate the demand for tractors.

### To Fit the Price

A Topeka physician prescribed orthoform for a patient. This is a powerful medicine in powdered form for use in serious throat infections. The physician didn't say how much to get or intimate what the cost might be. The man of the house walked into a drug store.

"Want some orthoform," he said.

"All right, how much of it?" asked the druggist.

"What does it cost?"

"Sixty-four dollars a pound."

"Gimme two drams."—Kansas City Star.

### Volcano Worth Owning

Prince Ginori-Conti of Italy has on his estates an old volcano which no longer spouts lava but which does blow out a great deal of steam and hot water. By boring holes in the ground the prince collects this steam and makes it drive electric generators. He gets power totaling more than 3,000 horse power. Out of the steam, after it has condensed, he extracts valuable quantities of boric acid, the familiar drug used in eye drops.

### Writings Children Like

Five thousand children of Texas were recently "questionnaired" as to their favorite books. The ten "toppers" were "Little Women," "Treasure Island," "Tom Sawyer," "Robinson Crusoe," "Huckleberry Finn," "Robin Hood," "Little Men," "Black Beauty," "Pollyanna" and "The Call of the Wild."

### Trustees of Church Insure Pastor's Life

A new idea in church building finance made its appearance in Rochester, N. Y., recently when the trustees of the Baptist temple, who are putting up a combined church and office building in that city, insured the life and health of their pastor, the Rev. Clinton Wunder, for \$100,000 for the benefit of the church, the premium to be paid out of the building fund.

Success of the undertaking depends so much upon the Rev. Wunder's energy, initiative and devotion, the trustees explained, that his death or disability would be an irreparable blow to it, and the insurance is taken out to protect the plan so far as money can do it.

The policy calls for fifteen payments. In the event of the pastor's total disability the church will receive \$3,000 a year; in case of the death it will receive the full amount of \$100,000.

At the expiration of twelve years, if the church desires to surrender the policy, it will have \$50,000 in cash to apply on the payment of its second mortgage bonds, which become due at that time. The premium will amount to approximately \$4,000 a year.

### Tit for Tat

Dr. George McK. Lunn, the Samoan missionary, said at a missionary meeting in Denver:

"They tell a story in the Marquesas about a chief named Tusi-vai-yala, who was baptized by a French missionary priest. The priest, finding the chief's name hard to handle, baptized him Jean.

"Now, chief," he concluded, "your name is Jean, remember, and you must never eat meat on Friday—only fish."

"Tusi-vai-yala was none too pleased, perhaps, to lose his high-sounding name. Anyhow the missionary found him, the very next Friday, eating roast pig.

"Jean, Jean, eating pig on a fast day!" he cried.

"But the chief laughed easily.

"No, no! I no eat pig," he said, "I put him in water and christen him 'Ash'."—Detroit Free Press.

### Fictitious Marvels

There recently appeared in Vancouver, B. C., a man who was credited with performing marvelous cures. Thousands attended his meetings, and tremendous stories went about as to his powers. Finally twelve honest and capable men investigated him, and discovered that not a single marvelous thing could be credited to him; that the thousands who told wonderful tales were indulging in plain falsehood. This is also the history of every other marvelous story.—From E. W. Howe's Monthly.

#### Birds May Share Fate of Antelope and Bison

America's effort to preserve her game bird supply has proved a complete failure, according to T. Gilbert Pearson, president of National Association of Audubon Societies. He says that many species of birds are declining so rapidly that they are as sure to pass as have the antelope and bison.

"Some time ago," said Mr. Pearson, "Prof. Henry Fairfield Osborn, head of the American Museum of Natural History, issued a widely quoted statement that the animal kingdom is tottering. He said that nothing in the history of creation has paralleled the ravages of the fur and hide trade, which threatens the entire vertebrate kingdom, and he added that final cause of the close of the age of mammals can only be arrested through the creation of sound sentiment and education of the women and children."

"In the same manner the bird kingdom is tottering and will fall unless the National Association of Audubon Societies keeps up its work of arresting the destruction of birds."

#### Shaking Mop Out Window

In a loud voice she was telling a friend in the subway of a slumming trip she had recently made. "And do you know, my dear," she said, "the people are too lazy to dispose of rubbish in the proper way. They fling it from the windows into the street. It's all your life's worth to walk down there after dark. It's a wonder some one wouldn't teach them better."

"There's a law against it, of course," the friend agreed. "But even people who know also break it. Up where I live it is a common sight to see housewives shaking mops out of the windows over the sidewalks, and that's only one step away, don't you think?"

But the loud-speaking one suddenly became silent. The shot had gone home.—New York Sun and Globe.

#### Smoothing Concrete

Concrete in the rough was for a long time treated with carborundum or some other abrasive stone to remove from it unsightly surface board marks. Concrete houses where a cement wash or paint is later used are usually treated in this way.

An electric surfacing machine which works dry, that is, without the application of water, performs the task much more quickly and produces a more perfect surface. The cutter discs operate at a speed of 2,000 revolutions, under pressure. One set of cutters will do about 3,000 square feet of surfacing.

The discs revolve only when pressed upon the surface of the concrete, and operate absolutely square to it.

#### COMMUNITY INTEREST

There is no community apart from those who compose it.

There is no community interest apart from the sum total of the individual interests of those who make up a community.

All too often nowadays the idea prevails among a large class that community interest should take precedence over individual interest and that, therefore, the community should control the individual both for its own good and his as well.

This is false doctrine. It is for each individual to work out his or her own destiny, and in so doing, build a stronger character and thus develop a stronger community through the strength of the people living in it. There is no way to reverse the process.

Let the community by force deprive the individual of his initiative, his ambition, the fruit of his labor, or the power to shape his own opinion, his own conduct, his faith, and you deprive him thereby of the power to build his character and to make himself.

This is not to make excellence possible, but to produce mediocrity. This does not enrich the community, but impoverishes it.

The weak who are in the majority, are always ready to control and restrict the activities of the strong, who are in the minority.

The power to work out our own destiny is what we commonly term liberty. But even liberty has its limitations, and the misuse of this power has given rise to the conception that man-made government should control human conduct.

Recognition of the rights of others by the individual in shaping his own life is the essence of liberty and license means the individual has failed to attain self discipline because of ignorance, greed and selfishness.

Recognizing the interests of the community by all those who compose it is the only means of building up a strong and prosperous community, but the community should not go too far in attempting to deprive the individual of the freedom to work out his own salvation.

The "nuisance taxes" may have been repealed, but there are a lot more which are a nuisance.

### Old Romany Patteran Thing of the Past

Romany patteran is a gypsy phrase that is seen only occasionally in print. Kipling, Jack London and a few other writers have used it to describe the signs or trails left by gypsies. While the phrase is used only occasionally, it is used probably more in the United States where gypsies are abandoning their red warrios for speedier though less romantic automobiles.

Patteran, patrin, and patten are three words in Romanes, or the gypsy language, which signify the signs which one gypsy leaves in the road to show the route he has taken to friends who are following. The sign, or patteran, is usually found at the forks of a road. It may be a handful of grass or leaves thrown down at the head of a road, a bit of colored cloth tied to a fence, a cross mark on the ground, or a branch of a tree stuck in the ground by the roadside. However, the true patteran is a handful of leaves; for the word in the gypsy language means the leaf of a tree.

The use of a patteran is understood, but not extensively practiced by gypsies. American gypsies probably use it less than those of some other countries. Highways and automobiles make the leaving of a trail impracticable, and the Romany patteran is even now spoken of by modern gypsies as a method used by the puro folkies drey the puro cheeros; that is, the old people in the old days.—George Gatlin in Adventure Magazine.

### Made Students Laugh

A description of how football is played in America provoked mirth in an assembly of Danish students, according to a letter received at Columbia university from John Dymaley Prince, American minister to Denmark. He lectured to the Copenhagen University Students' association on "Student Life in America."

"I went into the subject of hazing," says Professor Prince, "and gave them a view of some freshmen newly painted, and I also endeavored to describe a cane rush, for which there is of course, no expression in Danish. All this caused much laughter, and one of the professors expressed the hope that it might not set a bad example!"

"Of football, as we play it, they know nothing, so I showed some illustrations and gave a brief lecture on our methods. They asked whether we did not have to have a field hospital and stretcher bearers, and on my reply, 'Of course,' the whole hall went into spasms of laughter."

### Miscellaneous Shower for Bride-Elect

Miss Frances Clark complimented Miss Gladys Brian, bride-elect, Tuesday afternoon with a miscellaneous shower.

On entering the spacious home the guests registered and were then served punch in the dining room by Misses Elizabeth O'Connell and Arline Willett.

Shortly after the guests arrived a messenger boy called at the door and asked for Miss Brian. On being told she was there he presented a large package which proved to be filled with linen and silver gifts for the bride-to-be from the guests present. Mrs. Clark then led Miss Brian into another room where the table and bed were spread with many gifts too large and numerous to be placed in the box. A cook book with a favorite recipe from each member was included in the gifts.

Toasts were given to the bride by Mrs. Dewey Moseley, to the groom by Miss Vera Crews, and to the girls left behind by Mrs. T. P. Reeder.

Miss Clark then entertained her guests with several beautiful piano solos.

This shower of many gifts was but a slight token on the part of many Crowell friends and loved ones, of the love and good wishes which will go with Miss Brian to her far away home.—Contributed.

### Honoring Kentucky Visitors

On last Friday evening on the lawn at the home of Mr. and Mrs. T. M. Beverly was held a picnic which will long be remembered by the participants. The occasion was complimentary to Mr. and Mrs. W. A. Martin of Paducah, Ky., who have been visiting Mrs. Martin's sister, Mrs. T. L. Hughston and brothers, J. W. and T. M. Beverly. The guests were all relatives of the Beverly family and it was indeed a happy occasion. Besides the delightful picnic lunch, consisting of everything good to eat and enjoyed to the fullest extent, the happy conversation and joyous laughter attested to the enjoyment of all present. This is the first time Mr. and Mrs. Martin have visited Crowell in a number of years and it has been a happy reunion of brothers and sisters. They have been entertained by a large number of relatives and friends. They, accompanied by Mr. and Mrs. T. L. Hughston, left Wednesday for Plano for a visit with other relatives before leaving for their home in Kentucky.

### Celebrates 8th Birthday

A number of friends of Josephine Griffith were entertained on Tuesday afternoon by Mrs. Griffith, assisted by her daughter, Florence. The occasion was Josephine's 8th birthday and she received a number of nice gifts. The following boys and girls were present: Leland Stovall, Archie Campbell, Markham Spencer, Reecie Womack, Frances Couch, Frances Campbell, Frances Allison, Bertha Womack, Mattie Belle Greening, Juanita Billington, Ruth Billington, Doris Oswald, Mary Eva Meason, Evelyn Swan, Eloise Saunders, Dorothy Lou Wofford and Jewell Lee Wofford of Chillicothe and Maricre Spencer. Miss Liva Jones of Truscott was also a guest. Refreshing punch was served throughout the afternoon and refreshments of ice cream and cake.

### 6th Birthday Celebrated

Honoring Milton's 6th birthday Mrs. R. R. Magee entertained a number of his little friends last Monday afternoon. Many games were played on the lawn, then an interesting contest was held. Each one was given paper and pencil and told to draw the wise old owl. Lillie Mae Edgin's drawing was pronounced the best and she received the prize, a wise old owl. The birthday cake and ice cream were served to the following: Leslie and R. J. Thomas, Archie and Banks Campbell, Genevieve Ferguson, Ruth Ferguson, Modena Stovall, Dorothy McKown, Keith and Charles Ray Hunt, Sam Crews, Wilbur Willett, Mitchell and Merrill Allee and the honoree. Each one enjoyed a happy time.

### Have Family Reunion

The family of Mr. and Mrs. S. E. Gover had a reunion last Sunday at the home of the parents one-half mile northwest of town. Mr. and Mrs. Gover's daughter, Mrs. John Maxwell, and husband and two daughters, Misses Pearl and Jewell, of Foreston, and also their daughter, Mrs. Myrtle Young of Hamlin, were here paying them a visit, and on Sunday the children who live in this county, Mrs. J. McCoy and family of the Black community, and Mel Gover and family of the Foard City community, gathered at the home of the parents and enjoyed a happy reunion of the entire family.

### Bride-Elect Honored with Luncheon

Miss Lozell Kincaid entertained with a five-course luncheon Thursday, July 24, honoring Miss Gladys Brian. By putting together bits of verse found in a mystery course the guests learned that Miss Brian would become the bride of Mr. Bryan T. O'Connell August 6 at 8:30 o'clock.

Covers were laid for Misses Frances Clark, Glevyn Brian, Eva and Frances Blakemore, Bernice Long, Vera Crews and Verna Henson.—A Guest.

# Let It Be "Light Crust"

This flour stands in a class, if not by itself, among the most celebrated brands of the day.

You can't make a mistake in buying Light Crust flour. There is no better. It is everything that is claimed for it.

We unhesitatingly guarantee this flour to give you entire satisfaction or your money back. That's fair. You run no risk in buying Light Crust flour.

We don't have to push Light Crust among those customers who have tried it, and the object of this advertisement is that those who may not have tried it may be induced to do so.

Let your next order for flour be Light Crust.

## The Safe Way

Have your car examined or overhauled before beginning to regular Spring and summer use.

Automobiles get more or less out of order during the season. Winter weather and do not work as perfectly as they should. The wear and strain on the affected parts means increased expense if allowed to continue.

Failure to correct these defects in time has wrecked many a good car.

### PLAY SAFE AND AVOID ACCIDENTS

With modern equipment and expert mechanics, we are prepared to put your car in first class condition and assure your safety.

## What My Neighbor Says

Is of Interest to Crowell Folks

When one has had the misfortune to suffer from backache, headaches, dizziness, urinary disorders and other kidney ills, and has found relief from all this sickness and suffering, that person's advice is of untold value to friends and neighbors. The following case is only one of many thousands, but it is that of a Crowell resident. Who could ask for a better example? T. F. Lindsey, blacksmith, Smith Hotel says: "I suffered with a dull mean backache and sharp pains cut into me, too. My back got sore and stiff and I could hardly get about. For two days I had to go to bed. My kidneys didn't act right and the secretions passed too freely, making me get up too freely at night. After taking Doan's Pills, all backache left and my kidneys were in good order. I had no return of the trouble." Price 60c at all dealers. Don't ask for simply a kidney remedy—get Doan's Pills—the same kind that Mr. Lindsey had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

### An Appropriate Place

An editor and a merchant were discussing the virtue of billboard advertising. The merchant contended that more people read the billboard than the newspapers. After a lengthy conversation in which neither man would give in, the men parted. The next week the merchant came tearing down the street to the newspaper office wanting to know why the obituary of his wife's mother was not in the paper, especially after he had seen that a copy was taken to the newspaper office. "Well," said the editor, "I knew you wanted the obituary read by the people so I took it out and nailed it on your billboard."—Dell Rapids (S. D.) Tribune.
