Will H. Roberts Dies When Crushed Under Truck Wheel

One of the saddest accidents having ever happened here was that Saturday morning about 11 o'clock when Will H. Roberts was killed by a truck running over his body, crushing his life out almost instantly.

He was coming from his home at the Pease River bridge riding with Harry Schlager on Mr. Schlager's truck and when they were near J. A. Wright's place two miles north of Crowell, Mr. Roberts fell from the truck over the rear wheel passing over his body. His head was badly bruised, his neck broken and every rib on one side was fractured. Death was almost instantaneous.

Mr. Roberts was born in Cooke County, Texas, January 7, 1883, and when he was two years of age he came with the family to what was then Barham County, landing near old Margaret March 20, 1885. He grew up a young manhood in this county, for many years the family residing near Crowell. He resided here until June 1924, when he went to High Rolls, N. M., on account of ill health. On August 14, 1907, he was married to Miss Frances Massey of High Rolls. Several years ago he and his family moved back to Foard County and made their home until his death.

The deceased is survived by his wife and four children, his mother, Mrs. C. Roberts, of Denton; eight brothers, S. M. and N. J. of Crowell; M. V., S. D., B. H., H. E. and Pat Nett, of Denton; and John C., of Dallas; and by three sisters, Miss Mima of Denton and Mrs. Montie Lincum of Vernon; and Mrs. W. R. Wheat of Quanah. All were present to attend the funeral except S. M. Roberts who was at Brownfield.

The funeral services were held at the Methodist church Sunday afternoon at 2 o'clock after which the casket was conveyed at the home of Mrs. J. A. Wright, where the casket was in charge of the bereaved family, of which he had been a member since he was 21 years of age.

A large company of friends assembled at the church and at the cemetery to pay their last respects to the memory of one who was held in the highest esteem by every one who knew him.

When the present owners of the News came into possession of the News plant with Roberts, the deceased, and his brother, Van, were owners of the property and were operating it. That was in the early part of 1906. They intended to make it their business, but poor health made it necessary for Will to give up the work and he went to New Mexico in search of health. He had intended to study law and was nearly ready to start in the course. Had his health not failed he might have remained one of the owners of the News plant.

Our association with Mr. Roberts has always been the most pleasant, and we always counted him as one of our best friends. He was a young man of brilliant mind and strong capabilities and it is a matter of regret that his physical weakness was the one thing that prevented him from attaining his ideals in an honorable professional life which he had mapped out.

But while that may have been a great disappointment to himself, he seemed to accept with cheerfulness what life had to offer him and met it with a smile and always with a word of pleasant greeting. The passing of any one who lives that kind of life is a loss to his community, and no one but the Maker of us all can know just how great it is.

WILL BUILD CHURCH AT POST CITY, TEXAS

Rev. P. R. Huckleberry left several days ago for Post to consult the physician who has had him under his care in the treatment of what was feared would prove a fatal disease. He went merely to let the physician look him over. His wife has received a communication from him and he states that the physician is well pleased with his condition and says there is nothing to hinder a complete recovery. He is in better condition than he has been for some years and he is taking up active work as district evangelist of the Christian church and will now be engaged in the building of a church at Post City.

His friends here are pleased very much to know that his condition is so much better than formerly and that he will recover and take up his work again.

Bales Ginned

The ginners report for the county shows that up to October 16th, Foard County gins had ginned 2,376 bales.

Two More Streets Will Be Graveled As Far As Alleys

Two more streets are to be graveled back from Main Street as far as the alleys. These are California and Commerce. The extension will be made by grading the streets after which the crown of gravel will put on, making the street almost as firm as concrete. The fact is some towns of Crowell's size and even larger have graveled streets and they are very fine.

These two streets are taxed very heavily to take care of the traffic and it is almost as essential that they be hard-surfaced as those around the square. During rainy spells and even after a big rain water accumulates and stands on these streets and it is difficult to drain them so that they will not get muddy. They need to be built up and constructed of material that will absorb the water and eliminate the mud.

This street work which has been started in Crowell, in all probability, will continue until many of the streets are put in good condition. It is always making the start that counts most. We have made it and we believe it will not be a hard matter to keep it going, at least until the worst mud holes are removed.

Foard Among the 46 Counties Having Displays at Fair

Of the 265 counties in Texas 46 have displays of products at the Dallas State Fair, and Foard County is one of the number, we are pleased to say. When County Agent Rennels left with his exhibits he was not absolutely certain, as we understand, that a booth could be had at that late hour, but the Dallas News reports this county as being in the list of those having displays.

This is not the first time Foard County has had an exhibit at the fair, but it is the first time within the last few years.

HOW TO VOTE

Many people in Texas this year will vote mixed tickets. That appears to be a certainty. And in all probability many of these mixed tickets will not be voted according to law and in that case will be thrown out. According to information given out through the daily papers the following is a safe and simple guide by which to go:

"When a voter desires to vote a ticket straight he shall run a pencil or pen through all other tickets on the ballot, making a distinct marked line through such ticket not intended to be voted; and when he shall desire to vote a mixed ticket he shall do so by running a line through the names of such candidates as he shall desire to vote against in the ticket he is voting, and by writing the name of the candidate for whom he desires to vote in the blank column and in the space provided for such office, same to be written with black ink or pencil, unless the names of the candidates for which he desires to vote appear on the ballot, in which event he shall leave the same not 'scratched'."

If we want to vote the entire socialist ticket, except for the man whose name appears for constable precinct No. 1, we do not think Phil Shoap, the socialist constable candidate, is quite the man to fill the office, and we want to go over to the Prohibition party and get Dick Spludgeon, we simply mark out everything on the Prohibition ticket except "Dick Spludgeon," leaving his name in its place in the Prohibition ticket, and then go over and draw a black line right through the center of Phil Shoap's name. Then, we've got it fixed legally.

Now in case Dick's name is not on the ticket for some reason we can just scratch Phil's name and write Dick's name in the blank column for constable precinct No. 1. That is the way we understand the matter. If we are wrong we don't know how to vote unless we vote 'er straight.

J. W. Cope and wife were here Sunday from Seymour to attend the funeral of Will Roberts. They returned home Monday accompanied by R. C. Hoover who will make his home with them. Mr. Hoover is in very poor health. He lived with the Cope family during their many years residence in Crowell, but since they moved away he has been living on a farm north-west of town a short distance.

Mrs. R. L. Kincaid reports that the Stephens No. 1, the original test well on the land belonging to her father in the Vernon oil field, has been made deeper and the result is that it is flowing 100 barrels hourly. The oil is being taken care of with earthen tanks until the pipe line is completed from Electra to the Vernon field.

While Mrs. J. S. Ray was in town from the Ray farm on Pease River Saturday afternoon she called at the News office and ordered the paper sent for a year to Jo Ray at Cornell University, New York, and also to Miss Martha Lou Ray who is in school at Clarendon College.

Some Interesting Facts Relative to Our Public Schools

The assessments for the public schools of the county for 1924, not including the Crowell Independent School District are as follows:

Name	Rate	Amt.
Thalia	\$1.00	\$7,287.10
Gamble	.50	1,333.03
Fish	.50	724.30
Margaret	.50	1,437.25
Black	.75	1,263.56
Vivian	.10	335.58
Jamison	.75	645.74
Ayersville	.70	826.11
Rayland	1.00	1,979.70
Foard City	1.00	3,087.41
Clayton	.75	809.96
Beaver	.75	731.40
Baker Flat	.50	534.40
Lone Star	.35	1,329.60
Good Creek	.50	1,009.05
W. C. L.	1.00	695.70
K. C. L.	.50	81.55
Total		\$24,022.64

On the amounts given here one-half that of Thalia is for bonds, as also is one-fourth that of Foard City and 40 per cent of that of Rayland. The balance is for maintaining the schools for the year 1924-25.

It will be noticed that the rate runs from 10 cents on the \$100 valuation up to \$1.00, the average being a little more than 73 cents. The low rate of the Vivian school is due to the fact that that district had a big surplus and the 10 cent rate was sufficient to provide sufficient funds.

Application for Aid

The schools having applied for aid, together with the amounts, are as follows:

Name	Amount
Thalia	\$500.00
Black	244.00
Jamison	346.43
Rayland	500.00
Foard City	500.00
Claytonville	321.18
Beaver	500.00
Total	\$2,911.61

The first apportionment of the county available funds for the scholastic year has been received, amounting to \$5,867.60. This is apportioned in the various districts according to the scholastics given as follows:

Name	Scholastics	Amt.
Thalia	2285	\$914.00
Gamble	44	154.00
Fish	15	52.50
Margaret	136	476.00
Black	34	119.00
Vivian	70	245.00
Jamison	43	150.50
Ayersville	41	143.50
Rayland	116	406.00
Foard City	109	381.50
Clayton	42	147.00
Beaver	29	101.50
Baker Flat	15	52.50
Lone Star	28	89.00
Good Creek	40	140.00
W. C. L. transfers	26	91.00
Crowell transfers	40	140.00
Crowell Ind.	479	1675.50
Co. Supt. Fund		592.10
Total	1533	\$5,867.60

The entire amount raised by local taxation for the public schools of the county is in the neighborhood of 340,000. The amount coming from the state on our more than 1500 scholastics at \$4.00 per capita gives us more than \$20,000. In other words, there is spent on the schools of the county this year, including buildings and repair on property more than \$30,000 or \$40 per capita. This includes the Crowell Independent School District.

When you think you have "put one over" on someone, remember that the whale thought he had turned a good trick when he swallowed Jonah.

Steps Taken by Our Business Men to Bridge the Wichita

A company of Crowell men went down to Wichita River Monday, accompanied by an engineer, to look over the situation for a low concrete bridge across the river connecting the Gilliland territory to Crowell. An estimate of the cost of the bridge was made, as also was that of some culverts on the road this side of the river, and that estimate is placed at something like \$1,000.

A committee has been appointed to solicit donations with which to defray the expense of this proposition and already several hundred dollars have been subscribed. It seems reasonably certain that the necessary funds will be raised and the work done.

The Gilliland people are very anxious to come to Crowell to do their trading. This is the logical place for them to come, and it is up to Crowell to help them make it possible to get here by the shortest route.

It is thought that a low concrete bridge can be made that will serve the needs of that community, as well as that of the business men here who may have occasion to make that territory from time to time. It is estimated that at least three-fourths of the trade of that territory will come to Crowell when it is made possible for those people to get here. It is understood that they want to come into our county fairs just as our own communities do and become a part of our community in an industrial and commercial sense. Surely since they are knocking at our door we should make an effort to swing it open and give them a cordial welcome.

Every business in Crowell can well afford to make a reasonably liberal donation to this cause, and we believe they will do it.

"CHEAP-JOHN" DEMOCRACY

The cheapest thing in all the world today—the cheapest thing that I know of—is Democracy, yet the most dear, if you will stop for only a moment to reason.

We have had just two presidents in seventy years. Why? Mainly because we have not been willing to pay the price.

We pay \$40,000 in taxes a year for support of our schools; we pay \$20,000 a year for the support of our churches; we pay \$25,000 a year for the sake of good roads. Our lodges and other benevolent societies come in for a goodly sum. Some of us subscribed \$25.00 for the Lee Highway; quite a number subscribed various amounts for the Farmers Co-operative Gin. Why all this? Simply for the best interests of the county. Good! I say "bully for you."

But what about Democracy? A very large majority of us have never given as much as a penny. Would you not call that "Cheap-John"?

What about some Democrats who say, "Oh, we'll never know the difference?" Isn't that cheap-John, or what?

The Republican party is a sectional party, a party for the interests, while Democracy is national in its scope, a party by the people, of the people and for the people.

But it has been entirely too cheap. Give us a dollar once in your life. If Democracy isn't worth that to you, in the name of heaven what is it worth? The election comes off the 4th of next month. Go down in your jeans and dig up a dollar. Let Democracy cost you a little and it may be that you will appreciate it more.

Yours for John W. Davis for President of these United States.

G. A. MITCHELL,
Chairman Democratic National Campaign Committee.

Vernon Scout Master With His Company to Be In Crowell Tonight

Mr. Taylor, scout master of the Vernon Boy Scouts, has sent word to the boys here that he will be in Crowell tonight, Friday, with his boys and with their band and wants to meet the Crowell Boy Scouts in the district court room tonight. He has something to say to our boys relative to their work. He wants as many of the parents also as possible to attend this meeting.

The News insists on the parents of these boys, as well as all others interested in the Boy Scout movement, to attend this meeting. It will be interesting to you and your presence will be an inspiration to the boys and to Mr. Taylor. He is one of the most enthusiastic leaders of the Boy Scouts in this part of Texas. He is a fine young man and is giving much of his time to this work.

Go to the court house Friday night and see this large company of young Americans bubbling over with life and enthusiasm that only needs proper direction to make it a power for good in the town and country. You will get some enthusiasm from the meeting that will be worth while. The home boys are anxious for you to be there.

The News does not know whether there will be a program or not, but that makes little difference. We can meet with them and show a spirit of co-operation with them in the movement.

Crowell Talent Wins Recognition at San Angelo State Fair

J. Edgar Kimsey returned the first of the week from San Angelo where he attended the fair at that place and exhibited some of his paintings and otherwise demonstrating his ability as an artist. He entered the contest with non-professionals and won a blue ribbon on one of his paintings.

His report to the News upon his return is as follows:

"I left home Friday noon to be early enough to make the entry on Saturday into the art exhibit. The first person I met was a movie queen fresh from Hollywood. I deeply felt the call of the screen. Next, I put part of my pictures on display in one of the most prominent parts of town and spent the greater part of my time while I was there, showing them off, telling folks about myself and making the acquaintance of everyone possible.

"I entered five paintings in the exhibit. When I put them up I felt very hopeless but I was already there and had the work so I thought I might as well enter. I was surprised when I saw the blue ribbon and I was sure there was some serious mistake. I talked with the superintendent of the exhibit and she explained that it was the action in my pictures that got me by. I had the only paintings on exhibit with figures in action. There were other figures but they were poses. But I am still wondering if it wasn't just a mistake.

"I did some exhibition work on Monday and Thursday nights before big audiences and got more applause than ever before in my life. I believe I got the biggest 'kick' in my work before the grandstand than anything I did. Still, the movie queen and I never hope to quite recover from the shock of the blue ribbon, but the real 'kick' came when I got a satisfying applause from the packed grandstand.

"I won a small premium for a part I had in the town parade, just a souvenir from Mr. R. J. Andrews for riding the silver mounted premium saddle he gave to the champion. Got a small newspaper write-up and more compliments than I deserved and some thirty thousand people came to know me for my pictures. I believe my trip was worth while to me."

Judge Goss Speaks to Large Audience at Christian Church

Judge D. F. Goss of Seymour addressed a pretty full house at the Christian church Sunday night and he expressed his appreciation of the splendid audience that was present to hear him. The audience was larger than it would have otherwise been but for the fact that the Methodist people dispensed with their regular services and many of them went to hear the visiting speaker.

Judge Goss stated that he is a lawyer by profession but that he lectures occasionally as a means of recreation. He says one likes to get away from the grind of professional work sometimes and he takes these opportunities to give himself a sort of rest. Then, too, he says he wants to do something if he can to help people in their religious lives and he feels that he is making some contribution in that respect if he can help somebody by these lectures.

His subject Sunday night was "The Reasonableness and Necessity of the Christian Religion." His lecture was such as to help any one who is anxious to have the thoughts of men who have made a study of religious matters and it showed steady. He had the closest attention of his hearers throughout. He made a personal application of religion and stressed the thought that real Christian living lies in service and that with that service comes contentment and happiness. Only men of service, according to the speaker, have lived lives worth while. In confirmation of that statement he called attention to such men as Luther, the great reformer, Wesley, the founder of Methodism, Alexander Campbell, the great leader of religious reforms that gave rise to the Christian forces. Then further back in history he cited such characters as Abraham, Moses and Paul, whose lives were spent in service.

But, said the speaker, we can not all be great and renowned like these. We may possess five, or two, or perhaps only one talent, but with whatever we possess we can use that and be just as serviceable in our humble capacity as were those world characters, so far as is concerned the discharge of individual responsibilities.

Judge Goss said he was always glad to return to Crowell and renew his acquaintances with his old friends here and was pleased to form new acquaintances. That is one of the things that gives him most pleasure of all things. He likes to meet people and likes to have friends over a wide territory. He has been delivering lectures for many years. Only a few years ago he delivered his favorite lecture here on the Divinity of Christ.

Many years ago Judge Goss represented this section of the country in the State Senate and he has always been held in high esteem by those who have known him.

TOO MUCH PAPER

Last Sunday's Dallas News was a humdinger. It was difficult to count the pages, since a number of them were half pages, that is half the regular size, but allowing these to be half size, if we made no mistake, there were 266 pages to the issue. It weighed 2 3/4 pounds.

Figuring that the Dallas News has a circulation of 60,000 it required 165,000 pounds of paper, or more than 82 tons, for the issue. Enough paper to run a country weekly of 2,000 circulation for 16 years! At 3 cents per pound the paper for the one issue cost \$4,950, half enough to cover the cost of equipment of the average country newspaper plant. If the postage on the Dallas News is near that of the Foard County News per 100 pounds, on this single issue it cost not less than \$1,650 to mail it.

We're not going to run such a paper as that, and they need not try to get us to. Too much paper for us.

BERT BAIN BUYS INTEREST IN THE POOLE GROCERY

Bert Bain, who has been operating the meat market on the north side since selling his interest in the Miller & Bain Grocery store, this week leased his meat market to Pat Svels who has been in his employ for some time, and has bought a half interest in the grocery store of M. V. Poole on the west side of the square. Mr. Bain has already assumed his duties. Both Mr. Poole and Mr. Bain are experienced grocers and no doubt this store will receive its usual liberal patronage from the buying public.

Married

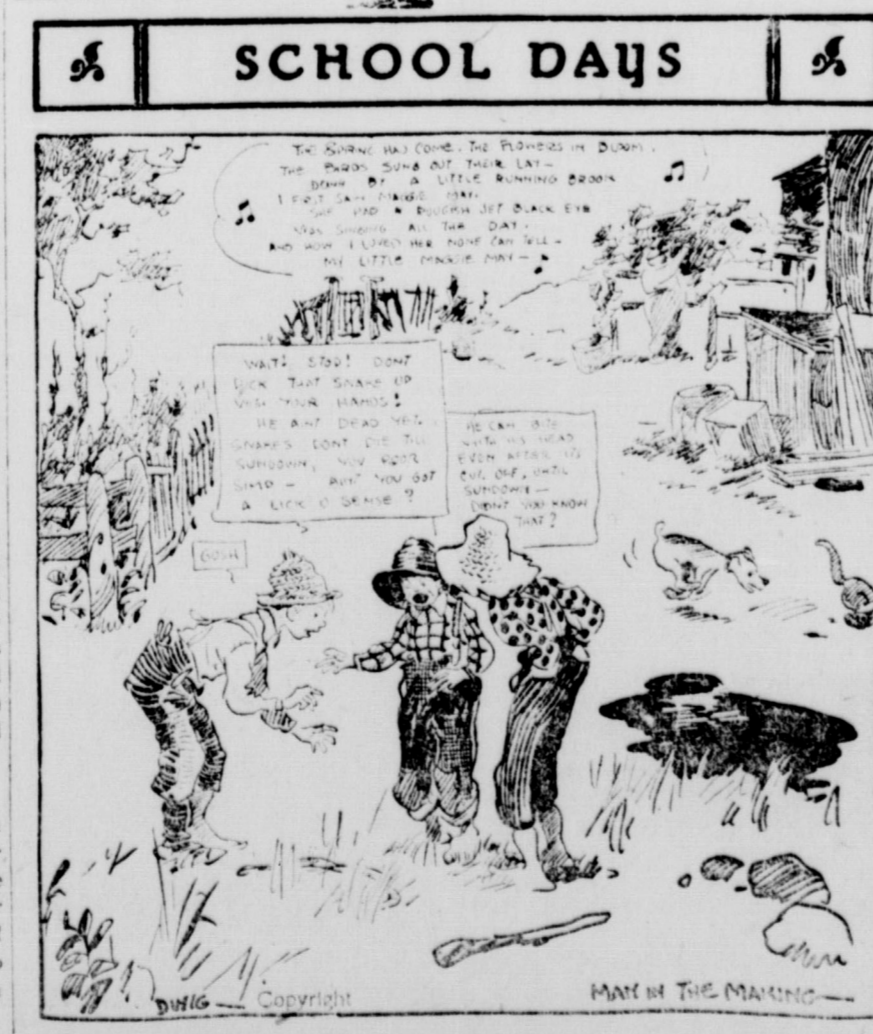

Mr. W. B. Short and Miss Wynne Rucker were married at Vernon Saturday.

Mr. Short is mail carrier from Thalia to Crowell and Mrs. Short is the daughter of Mr. and Mrs. C. L. Rucker of this city and has been engaged in teaching in this county.

Rev. O. P. Clark, presiding elder of the Vernon District, and wife were here Wednesday afternoon from Vernon. The elder was in conference with the officials of the Methodist church of Crowell.

Arthur Stephens of Dallas and Miss Marguerite Stephens of Bryan were here Saturday night visiting their sister, Mrs. R. L. Kincaid and attending to some business matters.

N. J. Roberts and family left yesterday for Dallas in their car where they will visit Jack Jr. and Mrs. Roberts' sister, Miss Leona Young, and will also attend the State Fair.

ANNOUNCING

The Arrival of the World Famous Super Hetrodine Radio and Brunswick Double Ultano Combined into One Super Musical Instrument Sold to the Trade as
THE BRUNSWICK RADIOLA

In July we tried to tell the people about it. Those who read about it then will remember that we told them that the "RCA" Radio Corporation of America, build the Radio Sets; that the Brunswick, Bolke, Collender Co., build the same sets into their fine Double Ultona Phonographs, making the world's most popular combination musical instrument. So simple a child five years of age can operate. One at their own option, can by placing on suitable phonograph record of any disc type, be entertained by world famous musicians and stage artists, or, when any broad casting station is in action, under favorable weather conditions, pick up the news of the day, fine musical programs, of the leading orchestras and artists of America, in action in the great centers of entertainment

—the Big City Theaters, Church Choirs and World Renowned preachers of Christ's Gospel, by simply turning a knob or two, "tuning in" on the kind of program one likes to hear.

Folks, we are anxious for you to both see and hear this wonderful instrument. Watch for our announcement in the near future. We expect to give a public demonstration at the Crowell Opera House in connection with Mrs. Fields' picture program, when we can arrange it so. When we do we want every one to come then. But we especially invite you to call at our store any time, see it and hear it.

Vessel Construction Marvel of Ingenuity

An achievement like that of the ocean liner which met and survived a gale in which the waves ran 100 feet from trough to crest, represents for the layman an almost incredible triumph of design, says the New York Herald-Tribune. The unimaginable fury of seas which could break over a bridge 65 feet from the water-line, which could rip away rails and life-boats, flood the rooms on the upper decks by coming down upon them from above, throw a man through a bulkhead and set the whole ship awash, would seem to be a thing which no human construction could possibly live through.

As a matter of fact, every modern steamship is a miracle, and almost all of them are successful ones. The loss of a sound vessel in the open sea is of astonishingly rare occurrence, and memory does not recall any Atlantic passenger liner which has been destroyed in a fair fight with the ocean alone. A ship is attacked in two ways. She must withstand the terrific pounding and crushing of the water and of her own weight, and she must be able to recover her balance no matter how long or violent the roll. Vessels have been rolled under in storms—sometimes through faulty designs, sometimes through the shifting of the cargo—but it is of rare occurrence. More often they founder through the weakness of the hull construction—their seams are opened or their backs broken. But that seldom happens to new ships; it seems never to happen to good ones.

"Prisons" May Yet Be Maintained in Open

Prison in the open air seems a contradiction in itself, for the very word "prison" calls up the idea of incarceration in locked and walled-up buildings.

However, there is such a thing, and it is in Holland that very successful experiments have been made with outdoor prisons.

Sixty persons were drafted to the town of Veenhuizen, to serve their term there. Their task was to convert moorland into cultivated field, and they showed themselves very industrious in the undertaking. They are divided into gangs, each containing a few persons, but are not supervised or watched by any sort of warden or official; these prisoners may live in common and advance their social sense, unsubjected to supervision.

The foreman of each gang is, however, not a prisoner, but a workman who joins voluntarily. It would not be difficult to escape under such conditions, but no one has hitherto attempted to do so. The environment is much more favorable than in an ordinary prison, and the Dutch government is considering setting up several centers of this sort.

KLENZO
DENTAL CREME

What is the Cool, Clean Klenzo Feeling?

IT IS a freshness like a spring morning on a mountain peak. It spreads over your teeth and tongue. But it's more than a flavor—it's a testimony of thorough cleanliness—cleanness that has extended to the countless little taste nerves and has freed them of the sticky mouth secretions. Any wonder your breakfast tastes better after you use Klenzo? Get a tube to try today.

THE POLITICAL SITUATION

The political situation in Texas is becoming more interesting and complex with each day. Many people seem to be at sea without oars or compass. They have lost their bearings and are sending out a call for help. Many Democrats cannot reconcile themselves to the thought of voting for Mrs. Ferguson because they think it will virtually mean support of Jim whose record is that of a bolter. Others can't vote for Butte because of the apparent coalition of the Republicans and Ku Klux Klan. It is not improbable that many Republicans will not support the Republican nominee for the same reason. So in all probability voting will be very much mixed.

There has never been such a political situation before in Texas. There is a cause for this and we want to attribute that cause to the political activity of the klan for the last two years. For if it had not been that the klan developed into a strong political body Lynch Davidson would have been the Democratic nominee and the Republicans would have put their man in the field free from the embarrassing mixup with the klan. It might have meant defeat to the Republicans, but such defeat would have been better for them than even success would be by the aid of the klan. In other words, we can see no permanent advantage to be gained by any party's coalition with a force that is re-

nized as a menace to constituted government. It seems to us that the Republicans of Texas had an opportunity to strengthen the party, if not to elect their man for governor, had they not offered the klan a seat after it had been handed a lemon. Hundreds of staunch Democrats would have voted for their man in the absence of Klan-Republican fraternizing.

The situation still seems to offer us a choice between two evils.

At the Methodist Church

Two more Sundays and my pastorate in Crowell will in all probability come to a close. At any rate the conference year will have gone into history. From that day on it will be known by its history. The records will show that the two years of my pastorate will average well with any two years of the church's history. But the records kept by man cannot tell all of the story. The rest is written in "another book" and that is the record that we will be measured by when we stand before the Judge of all the earth. I do not know of anything that would give me more pleasure than to have the privilege of preaching to all the members of the Methodist church on these two remaining occasions. And not only to the members of the Methodist church but to my friends, and enemies as well, who live in Crowell and vicinity. You all have a cordial invitation to come to church on these two Sundays. Let's make them two great days in attendance.

T. C. WILLETT.

Christian Church

Rev. E. M. Wheatley of Knox City will be at the Christian church Sunday night and will preach. All members of the church are urged to be present and a cordial invitation is extended to all others.

Rev. Wheatley is a young man and a strong preacher, so that every one will have the opportunity of hearing a splendid message, no doubt. Come and hear this man.

Thalia Woman's Missionary Society
The Thalia Woman's Home Missionary Society met at the Methodist church on Monday afternoon, October 13th. There were ten present and three new members. Mrs. T. M. Johnston gave a very interesting account of the district meeting which was held at Chillicothe last week. Also a brief outline of the work for this quarter.

Mrs. C. B. Morris was elected superintendent of social service. As our literature has not come we adjourned to meet Monday afternoon of October 20 at 2 o'clock. We hope in our next meeting to have our literature and start on our regular work.—Superintendent of Publicity.

The Adelpian Club

On October first, Mrs. Sandifer was hostess to the Adelpian Club. Roll call was answered with current events. An interesting paper by Mrs. Stovall, "The Technique of the Short-Story," was given after which Mrs. Kimsey led the lesson on short-stories of Helen R. Martin and Mary Hartwell Catherwood.

A tempting ice course was served.—A Member.

A REAL GOOD SHOW

Cole Bros.' Shows will visit Crowell Wednesday, Oct. 22, for two performances. With each successive season one looks forward to the visits of the various tented aggregations that travel the country for the amusement of the people and no show is ever more heartily welcome than Cole Bros. They have made a reputation for themselves by giving the people a good highclass entertainment which appeals to all as interesting, amusing and instructive. Everybody loves horses and ponies. More especially does this apply to the ladies who with the little ones are the most loyal patrons. They are assured of the highest form of entertainment free from everything at all calculated to offend the most sensitive. In addition to the trained animal features, Cole Bros. have the very best of lady and gentlemen performers. The performing elephants and rare wild beats, Banty Bunny, the cute little baby elephant, the good night pony, together with the many prancing ponies in military drills and marches are especially pleasing to the little ones. The funny clowns, the many beautiful lady artists, the feature acts by the world's greatest gymnast, Mlle. Roberts, in her death defying act in mid-air, the like of which has never been witnessed, will live long in memory when many other shows have faded away into forgetfulness. Don't fail to see the grand free street review. Two complete performances daily.

Things in General

HUMAN WEAKNESS

Human weakness has been put to a hard test in recent months.

An Illinois minister has confessed poisoning his wife and conceiving the plan for his affinity to poison her husband that they might wed.

An Oklahoma minister ran away with a fourteen-year-old girl and was arrested for the crime.

A New York state preacher was convicted of the charge of outraging public decency by his associations with a young woman.

But it is not good logic to reason that all clergymen are of the same stripe. Where one minister reveals himself a moral pervert, there are thousands who are pure and spiritual.

Because two college students brutally murdered an innocent young boy, it does not follow that all college students are fiends.

It is well to remember that men who violate the laws of society do not represent their class or profession, but that they are exceptions.

If all men were like those who have succumbed to the frailties of the flesh, there would not be much hope for the future.

OBSERVE THE HOG

The hog has been maligned and libeled, according to John M. Evvard, professor of animal husbandry of Iowa State College.

When we think of hogs we think of gluttons. When human beings gorge themselves on food, in derision people call them pigs.

But human beings can learn a lesson from the hog, according to this educator, who advises those who want to learn how to keep fat and fit, to study the occupants of the sty. Long ago the hog was a slender, bony fellow, when the business of rooting for a living was more serious than it is now. Then man took him in hand and made life easy—and now look at him.

All this because farmers treat hogs more like humans.

Hogs have profited by being domesticated, but some people, with all their superior ability, have not learned as much as the hog.

The hog is possessed of the same traits as man and he isn't as low in intelligence as the majority believe, but stands with the horse in reasoning power.

So let's give the hog credit for making something of his opportunities, which is more than can be said of people who waste or bury their talents.

GOOD MANNERS

The ill-mannered boy invariably becomes an ill-mannered man and the girl who has no manners grows up to be a woman whom everybody dislikes.

An ill-mannered man is not often successful in a business, which requires that he come into daily contact with the buying public.

An ill-mannered woman never has

any friends and lives a dissatisfied and discontented life.

School teachers are always endeavoring to improve the manners of their pupils, but they find it difficult where good-manners are not taught in the home.

Parents who wish a happy life for their children both in a business way and socially, will begin to teach early that to have friends, it is necessary to recognize the wishes and privileges of others.

You may have the faith that moves mountains and still not be as useful as the person who can move a stalled automobile.

Long trousers were born one hundred years ago. It was along about that time when men's legs began to lose their plumpness.

A community is not made by the number of square miles it covers, but by the number of square people who live in it.

Walking has its advantages. You can say what you like, as loud as you care to, without fear of your friend making a dub shot.

All occupation is good except tary and the bootlegger's.

The best styles in murders seem run to poisoning.

HOW DOCTORS TREAT COLDS AND THE

To break up a cold over night or a short attack of gripe, influenza or throat, physicians and druggists are recommending Calotabs, the new Calomel tablet, that is purified from germs and sickening effects. These have tried it say that it acts like far more effective and certain than the style calomel, heretofore recommended by physicians.

One or two Calotabs at bed time a swallow of water—that's all. No nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your tem feels refreshed and purified. Calotabs are sold only in original sealed packages at ten cents for the vast majority, thirty-five cents for the large family package. Recommended and guaranteed by druggists. Your money back if you are delighted.—adr.

MESDAMES BELL, GRIFFITH AND MCLAUGHLIN ENTERTAIN

On last Thursday afternoon the
hospitable home of Mrs. T. N. Bell was
the scene of the regular business and
social meeting of the T. E. L. Class
of the Baptist church.

The president called the meeting to
order at the appointed time and Mrs.
Burns led a sweet and inspiring devo-
tional, using the love chapter of
the Bible, after which we sang the
greatest love song yet written.

Good reports were given by all of-
ficers and heartily accepted. Mrs.
Geo. Hinds was elected treasurer and
Mrs. Tom Bell, class teacher.

Mrs. Billington conducted round
table on the duties of the officers
that was interesting and instructive.

Mrs. Adolphus Wright and Mrs.
Griffith favored us with a duet "Liv-
ing for Jesus," and as they sang we
wondered if this fast growing class
was each day doing its best to live
for Jesus.

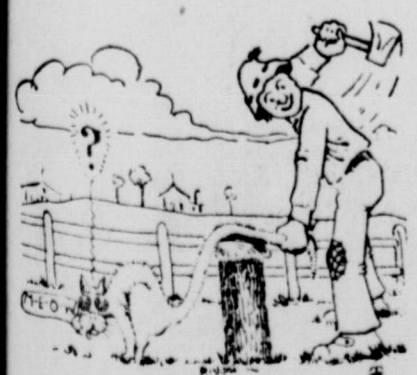

There were lots of business crowd-
ed into one short hour after which we
enjoyed several musical contests,
each one proving to be great soloist?
There were nineteen young women

present with Mrs. Geo. Allison and
Mrs. John Rasor as guests.

Late in the afternoon we were
served to a real six o'clock dinner.
I call it, for the plates were filled
with every namable good thing and
some things we failed to name.

Next meeting will be with Mrs. Fred
Rennels and Mrs. Jesse Owens.—Re-
porter.

Tears will lead a man into debt, but
they won't pay the debt off.

Something to Think About

By F. A. WALKER

INTIMACY WITH NATURE

WHEN troubles come, which are as much a part of earthly life as the leaves on the trees, or the blades of grass, go forth at every available opportunity among these wretched humans who are less fortunate than you, crowded in narrow city streets or isolated in out-of-the-way places in country lanes, and compare, if you can, their conditions with yours.

If you will do this with your vision unclouded and take accurate note of everything you see, you will find by comparison that whatever your hardships may be you are but one of the world's thousands who are bearing the heavy cross, the common heritage of mankind.

Through the clouds which have been hovering over you for days and weeks, you may among these burden-bearers see a rift of sunshine in your own dismal sky and return from your brief tour of observation a far more patient man or woman than you were when you started.

Ill-luck, broken fortune, disappointment, affliction and trial cannot be overcome by courting, coddling and keeping them ever at your elbow.

To get away from their depressing and injurious influences you must turn your back upon them, seek a new atmosphere in new surroundings which, without your suspecting it, will gradually unchain your imprisoned self and enable you to regain your former freedom and light-heartedness.

When time is out of joint, cares oppress, wealth takes wings and old friends snub and turn their backs upon you, seek closer intimacies with Nature.

Take solitary walks among the silent hills, in the shadowed woods and among unfrequented paths where wild flowers lift up their lovely faces and the birds chirp in gladness, unmindful of lurking enemies.

It was in such communions as these that John Burroughs, the great, beloved naturalist, found unspeakable relaxation and pleasure which inspired him to write:

Serene, I fold my hands and wait,
Nor care for wind, or tide, or sea;
I rave no more against time or fate,
For, lo! my own shall come to me.

The Young Lady Across the Way

The young lady across the way says woman's gentle influence is now being felt everywhere in the business world and she sees by the paper that sentiment is ruling even in Wall Street.

FARM BOY DEAD, BROTHER SHOT; TWO ARE HELD

Chillicothe, Oct. 15.—Hall Elliott, 19, is dead, and Ralph Elliott 17, is sprinkled with shot as the result, it is reported, of a quarrel that came up over a dog fight in the front yard of the farm home of Charles Martin about 2½ miles from this town.

Martin, 45, and his son, about 19, were placed under arrest by Sheriff Frank Aiken and taken to Quanah.

A. F. Elliott, the father of the shooting victims, is a farmer in the same neighborhood. All parties to the affair bear excellent reputations as law-abiding people.

Miss Essie McLarty, who has been spending the summer in the mountains of Colorado for her health, is here for a visit with her brother, C. A. McLarty. She will leave the latter part of the week for Dallas, where she will make her home with her sister, Miss Alice McLarty.—Vernon Record.

Mrs. M. E. Lanier of Knox City is in the city visiting her son, J. H. Lanier, and family.

MARGARET AND THALIA METHODIST CHURCHES

Sunday will be a great day in Sunday School and church to the extent that you come. We will be expecting all to be in their places on time. Rev. C. M. Killian of Quanah will fill the pulpit. Rev. Killian has a host of relatives and friends that will be glad to know that he is to preach for us.

Rev. V. H. Fisher will preach at Rayland Saturday night and Sunday. Let me urge the Thalia church to come and help us in these services.

T. M. JOHNSTON, Pastor.

Mrs. R. L. Kincaid and daughter, Elizabeth, leave today for Dallas to visit relatives and attend the fair. They will be met in Dallas by Miss Lozelle Kincaid of the C. I. A. at Denton, and Merl Kincaid of the State University.

D. B. Lanford, real estate dealer of Farwell, stopped here Saturday to visit Mr. and Mrs. W. A. Matthews. Mrs. Matthews and Mrs. Lanford being sisters. Mr. Lanford was en route to Vernon.
