## SPECIAL ELECTION 31ST NECESSARY TO STREET PAVING

On March 31 a special election will be held in Crowell to determine the will of the people relative to street improvement.

By referring to the notice of the election in this issue you will find the wording of the ballot to be voted and it says "For" or "Against" as the voter may choose, "the adoption of Chapter Eleven, Title Twenty-two of the Revised Civil Statutes of Texas of 1911 with reference to the construction of permanent street improvements."

The adoption of Chapter Eleven means simply that the governing body of the city is given the authority to make street improvements. Under present conditions they can do nothing in that direction. Most of the property owners along the principal business streets and around the public square, it is understood, are in favor of bearing their prorata of the cost. Under present conditions if there is one who is not willing he can block the work and nothing can be done unless this Eleventh Chapter is adopted permitting the city council to have the work done and hold the property good for that share of the cost which the owner should bear.

It is like a drove of cattle going down a narrow lane to get water from a tank and one old long-horned steer stations himself squarely across the path and stops the procession. We want to widen the lane so that the rest of the cattle can go around the big steer.

It makes no difference how crude this illustration is, what we want is truth. We want to build Crowell, not simply to show people what can be done, but because we need to build. We must give the town room to expand. We need streets and need them badly. We are going to be compelled to build sidewalks some of these days and the adoption of this Chapter will make it possible to bill them and not have to wait till Bill Grundy in Mobile, who owns a 25-foot lot in the center of some block, gets ready. These non-residence owners should help defray the expenses of the cost of making a town worthwhile. A vote for this thing means just that.

As for the taxes, we can do all that has been outlined without any raise of taxes whatever. So there is no need for property owners getting scared and think they are going to be taxed extra to do this. It will not be necessary for the taxes to be raised one cent.

It might be added that the owners of business property are asking the city council to pave and are willing to bear their part of the expense. The council is asking for this amendment in order that it may be enabled to comply with the request of these property owners in the matter.

Surely if the biggest tax payers of the city, practically all of them, are wanting to pave and want to pay for it, they ought to have that privilege. If you think so, then vote for the adoption of Chapter Eleven on March 31st.

Don't get the idea that you are going to be taxed for this. The property owners are going to pay for the work, except the alleys and crossings, which the city will pave. That will be done without any raise in taxes to any one. It can be done with the revenue now being derived from taxes.

## Former German Crown Prince Selling Farm Machinery for Living

London, March 17.—The former German Crown Prince is now selling farm machinery and is living at the home of his brother, Eitel Friedrich, at Potsdam, with his wife and family, according to the Daily Mail's Berlin correspondent.

Moved by Frederick William's plea that his fortune had suffered through the fall of the mark, the Government gave him permission to go to Berlin and enter business.

He tried to conceal his identity, but when he took the Princess to the movies, the pair were recognized.

The correspondent says his prospects of success are bright, since all the land-holders are staunch monarchists.

## Lieut. Governor Davidson To Speak Here On April 1st

An itinerant announcement has been sent out from Gov. T. W. Davidson headquarters including the time between March 19th and April 1st.

The candidate will be at Crowell on April 1, coming from Benjamin, where he will speak on March 31.

The News is not advised as to the hour the Governor will be here. We hope to be furnished with the time so that it can be announced in time to make it possible to get a good large audience present.

People should avail themselves of every opportunity during this campaign to hear every candidate who is worthy of their consideration and this paper wants to give every one a square deal in publicity matters. Out of the large number of candidates for Governor we ought to get a good one. Let's give them all a fair chance.

## Disclaimers and Story Tellers Selected

At the regular chapel exercises at the high school on Wednesday morning of last week the students who will represent the high school in the senior declamation contests and the primary story telling contests during the Interscholastic League Meet here today (Friday) were selected.

The declaimers and story tellers were selected by committee of judges consisting of T. N. Bell, Mrs. M. O'Connell and Mrs. R. L. Kincaid.

Bailey Rennels won first prize as representative of the senior declamation contest for boys, while James Lynn McCrory was a close second. Hazel Dykes will represent the senior girls, with Gladys Johnson as second. Oliver Briscoe won first prize in the primary story telling contest, and Weldon Hayes won the second prize. Joe Roark won third prize in this branch of the contest.—School Reporter.

## Surplus War Material Now Building Roads

The Congressional enactment that surplus war materials, useful in the construction of roads, be given to the several states for that purpose, has worked out to such good effect that more than \$300,000,000 worth of trucks, tractors, shovels, graders, digging machinery, concrete mixers, and other instruments useful in road construction, are now actively at work in the several states carrying out the policy of Congress to further road building by the resources of the Nation as well as those of the states.

Proponents of the idea that the present Federal Aid plan, by which the Government gives money to the states to match their appropriations for road building, is but the forerunner of the day when the National Government will build, own, control and forever maintain a backbone system of national highways, find in this cooperation of the National Government but another reason for the Nation to take over the building of from 100,000 to 200,000 main north and south and east and west highways.

It is contended by friends of this idea in Congress that if the Nation can give valuable property to the states to build roads, and give national money to the states to help them build roads, there is neither moral, legal, economic or political reason why the Nation can not give the whole cost of a main trunk line system to the states, thus nationally binding the states together in a closer brotherhood for the better unity and preservation of the whole body politic.

## Will Plant 1,000 Acres of Cotton

Len Johnson of the Ben Smith farm southwest of town will plant 1,000 acres to cotton this year. This will be one of the largest crops on one farm in the county. Mr. Johnson planted 1,100 acres last year but on account of the blow-out in June and then the worms later the crop was cut short and he made only about 100 bales.

He has about 100 acres in wheat which looks promising.

Some men are so steeped in inefficiency that they are blind to ability and integrity in others.

## J. B. FOX DIED WEDNESDAY NIGHT OF LAST WEEK

J. B. Fox, familiarly known as "Uncle" Bart passed away on Wednesday night of last week after some weeks of failing health.

He was born August 29, 1843, in Jackson County, Tenn. He was married to Miss Mousie Allen in 1861, to which union two children were born, a daughter and a son, W. W. Fox.

The family moved to Grayson County, Texas, in 1866, and from that county to Cooke County in 1872, then to Wilbarger County in 1887, and finally to Foard County in 1903.

The wife died in December 1907, and the daughter, Mrs. Mary Fox Pigford, died in 1916.

Mr. Fox was married to Mrs. Bettie Cook in 1909, who passed away March 20, 1923.

The deceased is survived by his only son, W. W. Fox, of Norman, Oklahoma, who arrived shortly after his father's death, and by three brothers and two sisters. Two of his brothers, J. B. R. Fox of Margart, and T. H. Fox of Davidson, Okla., were present at the time of his death. His other brother, R. L. Fox, and sister, Jessie Cheneworth, of Clovis, N. M., and Fannie Spencer of McLoud, Okla., were unable to be present.

Funeral services were held at the Thalia cemetery on Friday afternoon, where the remains were laid to rest.

## Goes to Fort Worth For Operation

D. M. Ferebee, who has been ill for several weeks, with facial neuralgia, left for Fort Worth Wednesday night where he will submit to an operation. He was accompanied there by Dr. Jenkins of Clarendon.

Mrs. Ferebee and son, Claude Ferebee, will leave tonight to be with Mr. Ferebee for the operation. A daughter, Mrs. J. D. Key of Hedley, will arrive in Vernon tonight.

Dr. Hines Clark, physician of Crowell, visited Mr. Ferebee here Wednesday.—Vernon Record.

For several years Mr. Ferebee was a resident of this county and many of our people are acquainted with him. They will regret to learn of his illness. We learned Wednesday from Claude Ferebee that his father had undergone the operation and when he left there Monday was getting along as well as could be expected.

## Delegates Attend Grand Lodge and Rebekah Assembly

According to the Star-Telegram, 75,000 Odd Fellows and Rebekahs attended the eighty-fourth annual session of the Grand Lodge and the thirtieth annual session of the Rebekah Assembly of the I. O. O. F. in that city this week.

Those representing the Rebekahs from the lodge in this city were Mrs. E. W. Burrow, Mrs. C. P. Sandifer, Mrs. Arnold Rueker, Mrs. L. D. Campbell and Mrs. Grace Norris. T. J. King went as a representative of the Odd Fellows. They left Sunday.

## Ohio Cow Gives Birth To Three Calves

According to the Greenville Advocate, Greenville, Ohio, handed to us by H. F. Luebking, tinner for M. S. Henry & Co., a Jersey cow owned by a farmer of Jackson township, gave birth to three fine calves. This is a very rare occurrence among animals of the bovine tribe, and the mother and her interesting family have had many visitors to see them since the babies arrived, according to the Advocate. It also states that the calves are small and look like fawns and all of them are healthy and are thriving.

### Undergoes Operation

Mrs. W. B. Griffin submitted to an operation Thursday of last week for appendicitis and is reported to be improving very nicely. Her father, W. R. Harrison of Hereford, was here for a few days after the operation but returned home the first of the week.

## Well Known Foard County Ranchman Died At Clarendon Sunday

W. F. Minnick, for many years a ranchman of this county, died at Clarendon last Sunday at the age of 50 years, 11 months and 1 day.

Mr. Minnick was born April 15, 1873, in Livingston, Mo., came with his parents to Collin County, Texas, in 1874, and to Seymour in 1878, remaining there until 1901, when he came to Foard County, where he resided until 1919, when he moved his family to Clarendon to send his children to school there. Mr. Minnick himself moved to Colorado for the advantages he had there in ranching and his family moved to him last year.

After having moved to Foard County Mr. Minnick was married to Miss May Robinson of Seymour. He is survived by his wife and four children, two boys and two girls, Glen 21, Zella May, 19, Willie Frank, 16, Orval 9. The family will continue to reside in Colorado, their post office being Kenton, Okla.

Funeral services were conducted under the auspices of the Odd Fellows at Clarendon Tuesday morning from the residence of Mrs. George A. Keck, Rev. Garland Shell conducting the funeral. Interment took place in the Childress cemetery.

Mr. Minnick had been in poor health for some time and his death was not a surprise. His friends here and abroad will regret to learn of his death.

## FORT STOCKTON FURNISHES BRIDE FOR CROWELL MAN

Mr. Paul Logan returned last week from Fort Stockton, accompanied by his bride who was before marriage Miss Ruby Brannon.

The young couple were married Tuesday morning, March 11th, at the parsonage of the First Baptist church of Fort Stockton, the Rev. Davis B. Hill, pastor of the church, performing the ceremony. Only a few friends were present to witness the ceremony, none of the relatives of either party being present.

The bride is the youngest daughter of S. D. Brannon of Fort Stockton and grew from childhood to maturity in that city. Some years ago the family resided in Crowell for a year or two but returned to their former home.

The Fort Stockton Pioneer says of the bride: "Her attractive personality, her appealing modesty, her high ideals, her graciousness of manner and her womanly accomplishments especially fit her to grace the home and be the helpmate of the man to whom she has pledged her troth." All of which her friends here accept as worthy compliments.

Mr. Logan has been reared in Crowell and is held in high esteem by every one who knows him. He is employed at the Crews-Long Hardware Company where he holds the confidence of his employers as a capable and honest young man.

On the day of the marriage after luncheon at the home of the bride's father they left for Crowell, arriving here the following day and are now happy in their own home in the western part of the city.

## Out-of-Town People Attended Christian Science Lecture the 9

Due to an oversight the names of the out-of-town people who attended the Christian Science lecture here on the 9th failed to appear in the News last week. These are as follows:

Quannah—Mr. and Mrs. E. H. Young, W. M. Young, Mrs. Mona Sanders, Mr. and Mrs. O. S. Whitehurst, Mrs. Ed Wilson and son, Bert, Mrs. Jim Perry, Mr. and Mrs. Lontz, Mrs. N. Dickerson and Mrs. Kene.

Vernon—Mr. and Mrs. J. S. Blanton, Mrs. Owen Brunson and Mrs. Leutz.

Haskell—Mr. and Mrs. Grissom, Benjamin—Mr. and Mrs. Hamilton and son.

Wichita Falls—Mrs. Beulah Gafford and son.

Men who want to live long in the memory of their friends ought to give something of their substance to their home community before they die and make certain that the community gets the benefit of it.

## GOOD SEASON WILL GIVE SMALL GRAIN SHOW TO MAKE

In addition to the snow of about 4 inches which fell last week, making a fine season itself, we have had a splendid rain, coming Sunday afternoon. The rain amounted to about a fourth of an inch.

It did not reach far west, however, according to reports, but over a large portion of the south and east part of the county it seems to have been about like it was at Crowell. It will furnish a good season for most of the small grain crops of the county and will put the ground in excellent condition for spring crops.

It appears now that 1924 is going to be a great crop year. The farmers will start in with favorable conditions, to say the least of it, and they will be encouraged in their work because of the splendid season now in the ground.

According to the history of this country we should have a bumper crop this year. And if we do things will look mighty good here some of these days.

A big cotton crop is almost certain. The wheat acreage was cut down quite a bit last fall, so there will be an additional acreage for cotton. Many of the wheat farmers are thinking more about planting cotton than usual because wheat growing has become too unprofitable on account of the decline in price within the last few years.

## Knox County Man in Race for Representative

The News is authorized to announce the candidacy of G. M. Bryan of Knox County for representative of the 11th district. Not knowing much about Mr. Bryan we are here reproducing what the Knox City Journal has to say about him in making his announcement last week:

Mr. Bryan is one of our own citizens having lived in this community for a number of years. He is a progressive farmer and a citizen who stands well in his community. He states that he is opposed to every move to make higher taxation and that he believes the taxes should be lowered. His platform will be published and distributed later and will show what he stands for and what the people of this district may expect from him if he is elected. His duties on the farm will demand all of his attention for some time, but he expects to make a thorough canvass of the district before the election.

## Panhandle Road Will Delay Submitting Case

Austin, Texas, March 17.—Counsel for the Texas Panhandle & Gulf Railroad Company, construction of which has not started, have advised the opposition that they will not be prepared to submit the case to the Interstate Commerce Commission before next October.

This company is seeking a certificate of public convenience and necessity from the Interstate Commerce Commission to construct a line from Tucumcari, N. M., to Fort Worth, Texas, a distance of 403 miles, contemplating the acquisition of the Gulf, Texas & Western, and using it as a link between Seymour and Jacksboro. This would require the construction of but 303 miles.

The Texas Railroad Commission heard the testimony in this case last December for the Interstate Commerce Commission and a voluminous record was made, the hearing having lasted nine days. The argument, therefore, will not come for nearly a year after the completion of the evidence. This means much delay in starting construction of the line, if the certificate is granted.

### Wants the News

Mrs. Ira Coker, formerly Miss Idalee Bryson, youngest daughter of Mr. and Mrs. J. N. Bryson, writes from Snyder, Okla., and wants the Foard County News for a year. She was married at Vernon on March 4th to Mr. Ira Coker of Snyder. The young couple visited near Crowell after their marriage until the 8th of March, when they returned to Snyder and will make their home in that city.

## Judge Leak Quits Bench to Engage in Law Practice

Judge James V. Leak has mailed to Governor Neff his resignation as judge of the Forty-sixth judicial district, to become effective Saturday, March 22. There has been no intimation from Austin as to whom the Governor will appoint to the vacancy. The district is composed of Wilbarger, Hardeman and counties.

Judge Leak will engage in the practice of law in Vernon, but said yesterday he was not in position to announce his plans any more definitely than that he will likely form a partnership. He is serving his first term as District Judge having been nominated and elected in 1922, from Memphis, Hall County, which was then a part of the Forty-sixth district. Prior to his election as Judge he was District Attorney. When the district was divided Judge Leak established his residence in Vernon.

So far as known there are no formal applications before the Governor for the office, but a number of lawyers in the district have endorsed L. P. Bonner of this city for the place. The appointee will serve the remainder of this year. The term of a District Judge is four years, but a successor will be chosen in this year's election to serve the remainder of the full term to which Judge Leak was elected in 1922.—Vernon Record.

## Recorder of Moslah Temple Visiting Nobles of West Texas

Morgan H. Jones, recorder of Moslah Temple, A. A. O. N. M. S., of Ft. Worth, was in the city Wednesday and Thursday getting acquainted with the nobles who are members of Moslah Temple. Mr. Jones is on a tour of the towns in West Texas that have nobles who are members of Moslah. It is another manifestation of that friendly spirit which Fort Worth holds for West Texas. T. P. Reeder of Crowell is the present Aide to the Potentate of Moslah Temple.

## Inspectors of Co. I Make Fine Report

Lieut. Andrew J. Patterson, field inspector, Lieut. J. H. Jones, inspector of the National Guard, Sergeant Dr. Cale, Sergeant instructor, were all here Thursday of last week making an inspection of Co. I, 142nd Inf. They made a good report. The personnel and paper work of the boys were 100 per cent perfect.

## Beat Plan Limiting Presidential Term

Washington, March 17.—Senate advocates of a one-term for presidents received a double defeat in that body Monday.

A resolution by Senator Willis (Rep.), Ohio, that future chief executives be limited to a single term of four years was defeated 70 to 4 and an effort by Senator Harris (Dem.), Georgia, to make the term six years was lost later, 45 to 10.

The resolutions were both offered as amendments to a joint resolution by Senator Norris (Rep.), Nebraska, proposing a constitutional amendment which would eliminate "short session" of Congress by convening that body in January after elections.

Several Senators opposing the one-term proposals explained they did so to prevent that issue being confused with the purpose of Senator Norris' resolution, and indicated they might support the plans of either Senator Harris or Senator Willis under different circumstances. Other opponents however, such as Senator Robinson of Arkansas, the Democratic leader, and Senator Wadsworth (Rep.), New York, declared the limitation upon the President's term would be an error unless the terms of Senators and Representatives also were altered.

### Gets Finger Almost Mashed Off

Leslie McAdams and family were in town Sunday afternoon from the McAdams ranch in the west part of the county. While working on a windmill Mr. McAdams got the little finger of his left hand almost cut off. The finger was set and dressed by a doctor here and it is thought that it will grow back.

THE BIG POWERFUL  
8½ Pound Cast Iron Burner

COOK AS FAST AS GAS  
(We mean natural gas)

Please come to us for the truth about the RED STAR oil stove. We will not deceive you. We will answer all your questions freely and frankly. We have right here in and around Crowell about 40 families using the RED STAR oil stove. We can give you their names, practically every one of them have told me they liked their RED STAR—in fact, we do not know of a dissatisfied owner.

The RED STAR oil stoves, on account of its all-iron burner—no wicks or

wick substitutes of any kind—uses small quantity of gasoline to heat the iron until it will take the raw kerosene. This small amount of gasoline is in a pint can so arranged that one can only pour just enough. One has to deliberately pour the second time to get more than needed. After burner has been heated, then never needs priming—lights any time you please. It is not true that if a burner is turned out or goes out, one can not light again without priming. It can be lighted any time.

Note the all-white porcelain, one-piece roll top shelf, the curve back wall back of burners. Note the new, easy to clean grates.

No screws or bolt heads or any scroll work of any kind to catch and hold dirt.

1924 MODEL RED STAR

The Finest, Most Beautiful oil burn-

ing stove in America. Anyone can see it's beautiful lines. It is easy to keep clean. We know it is all we claim for it, but you do not know it. We ask that you call for a demonstration, or you may try it in your own home.

### BAPTIST CHURCH NOTES

The revival meeting of the Baptist church will begin April 20th, or Easter Sunday. The services are to be held by our regular pastor, Rev. J. E. Billington. In order to make this meeting a revival the support of every member of the Baptist church is necessary. Unless every member does his Christian duty he should consider himself in the way of the extension of the gospel to sinners. The church considers Bro. Billington the right man to hold this meeting as he knows our weakness. Come, get your heart right with God and sinners will follow in your footsteps. Every singer in town is invited to come and help our regular choir then no outside help with the singing will be necessary.

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, March 21, 1924

## WHY THEY WERE LEFT OUT

There have been papers submitted to the News for publication recently which did not appear in the paper. One should always have a reason for doing or for not doing things and we have no hesitency in stating here why these did not appear in the paper.

One of these was a paper writing up a social function of some nature and it came in too late to get into type. It was set for the following week and was crowded out on account of the fact that we had more legal matter than ordinarily. Consequently it failed to get in that week. By agreement, as we took it, the paper was then too old for publication.

Last week some church notes were submitted late Wednesday afternoon for publication. It was impossible to get this into type before Thursday. Practically all of Thursday morning is used in making corrections and getting ready for the press. The linotype runs in the afternoon cleaning up matter that must be printed. If we happen to have set matter for the last run in excess of our needs we must make the best selection we can. Sometimes a correspondent from the country can not reach us before Thursday morning, and since this is one of the main features of our paper, we can not think of leaving that out. It happened last Thursday that the notes of the church were the only item that we could leave out unless it had been a paid advertisement.

In this connection we want to say that you will greatly accommodate the News by getting your matter in not later than Tuesday. Of course, if it is paid advertisement we can handle it Wednesday. The space is reserved for advertisers, and some churches and clubs buy space just like other advertisers do. One of the churches in this town has paid space. It is always there for its use.

Churches are coming to regard newspaper advertisement as a part of their business, just as any progressive commercial enterprise does. One church in a neighboring town is spending \$700 a year for advertising. It takes a quarter page space in the two papers of the town. It might have submitted notes for publication and they might have been accepted but it made the proposition to use and pay for its space.

We have always thrown our columns open for use by associations, clubs, churches, etc., and do not anticipate a change in that policy soon, but we must insist on these reaching this office by Tuesday night at least. And if you knew how hard the work is that sometimes piles up on us, you would not blame us for asking that you use a very modest space. Many times much of the matter that goes into some of these articles might be cut and made more pointed. They will be worth more to you and can be handled more easily by us. Often we have eliminated paragraphs from the correspondents' items and they have not "kicked" about it. If they had, we would feel mighty bad. May we ask our reporters to do their cutting when good judgment would suggest it?

The voters of Texas should be very careful in their choice of a man for Governor. In all probability there are those seeking the nomination who have only their own interests at heart. Some of them want to get before the public and they would use the governorship merely as a means to that end. We want capable men for our offices, especially do we want such one for Governor, and we can make such choice if we will not be sidetracked by wrong influences. Let Texans name the man and do not let some organization whose aim is political power do it. Now is the time for the citizens of the state to assert their rights and their independence. Every man will have the opportunity to hand that right over to some clan or clique who would be his boss and the consideration will be a poor substitute for a mess of pottage. Better government can come only through an uninterrupted exercise of the franchise of Texas free men and women who have the right to be the power behind the government.

## St. Patrick "42" Dinner

On Thursday evening of last week Mmes. Ferguson, Oswalt, Rude Magee and Miss Pet Cates proved delightful hostesses to the Adelpian Club members, husbands and escorts at the home of Mrs. Henry Ferguson.

The rooms were decorated in green Irish flags and three leaf clovers. Twelve tables were laid with covers with three leaf clover napkins and nut cups of green. Place cards also carried out the Saint Patrick scheme. Promptly at seven-thirty a delicious turkey dinner was served. Irish melodies were played during the hour and was followed by an Irish reading by Miss Cates.

At the conclusion of the dinner the tables were cleared and ten games of "42" were enjoyed by guests, the high score going to Mrs. Bob Allee. Charles gave a humorous reading.

As the doors to the dining room were opened the guests were ushered into the room which was beautifully decorated. Streamers of green hung from the chandelier to the four corners of the table, and a beautiful centerpiece decorated with three leaf clovers with a bowl of punch carrying out the same color was presided over by Mrs. Magee.

Besides the members of the club and husbands who enjoyed the evening were: Mrs. Ida Cheek, Mr. and Mrs. Harwell and Glen Offield.—Reporter.

### DELIVERING THE GOODS

We all know plenty of smart fellows who never get anywhere. They always made the best grades in school and were always ready with an answer to every question. Yet they never accomplish much.

We also know plenty of dull fellows who take home so much money on Saturday night that if they were paid in silver, they would have to call a five ton motor truck. In school they were slow to learn. The teacher told them they would never amount to anything—but they did.

The answer is plain. We are all paid in proportion to the ability we use, not what we possess. The man who buries his talents finds they have rotted when he goes to dig them up. The man who uses his to their utmost develops them and keeps them working to the maximum.

Human ability is purchased C. O. D. Delivering the goods is the main thing in life and is the true measure of any man. The person who pays sees only what he gets; not how he got it. He is not interested in what is in the other fellow's head, but what comes out of it.

Are you delivering the goods?

It's becoming increasingly more difficult to place your finger on a man who is under no one's thumb.

The average farmer retires at 55 and raises 30 crops during his lifetime, not counting the wild oats crop.

### ALL KINDS OF PEOPLE

It takes all kinds of people to make community, but some are more indispensable than others.

There are those who go through life with a smooth serenity that is seldom if ever disturbed. They are never ruffled because they do not exert themselves enough to go thoroughly into any condition of affairs that demands their attention. They scarcely ever do any harm in the world and rarely trouble themselves enough to do any good. They are generally popular, but they command little admiration.

Then there is a second kind who never hesitate to speak their mind when the occasion demands it. As a rule, they are fair students of men and affairs, they are willing to make an effort to get the facts, reach a conclusion after a careful study of the situation, and then stand by their convictions, whatever the consequences. They give praise where it is due and they are not afraid to criticize where criticism is necessary. They are the constructive citizens of the community, and right or wrong, they are very much to be desired, because they are honest in their opinions.

And the third kind—need we mention him at all—the chronic kickers who see no good in anything, who question others' motives and who never were known to compliment any good deed or any public-spirited movement. They came in the world kicking, go through life with one perpetual kick and raise an awful kick when they have to leave. They are a destructive force in society, but more destructive to themselves.

The calm and placid citizens are not undesirable, the chronic grouches are very undesirable, but most desirable of all are the citizens who are a constructive force for good.

Where do you belong?

Notice Is Hereby Given That by virtue of a certain Execution issued out of the Honorable Justice Court of Precinct No. 1, Foard County, of the 13th day of March, 1924, by N. P. Ferguson, Justice of the Peace of said Court, for the sum of Forty-two and 90-100 dollars and costs of suit, under a judgment, in favor of W. R. Womack & Co., in a certain cause in said Court, No. 83 and styled W. R. Womack & Co. vs. G. L. Scott, placed in my hands for service, I, L. D. Campbell as Sheriff of Foard County, Texas, did, on the 13th day of March, 1924, levy on certain real estate, situated in Foard County, Texas, described as follows, to-wit: Beginning as N. W. corner of section 81; thence south along the west line of said section 81 957 varas; thence north 957 varas to north line of said section 81; thence west 116.8 varas to point of beginning, containing about 20 acres, and levied upon as the property of G. L. Scott and that on the first Tuesday in May, 1924, the same being the 6th day of said month, at the court house door, of Foard County, in the town of Crowell, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Execution, I will sell said above described real estate at public vendue, for cash, to the highest bidder, as the property of said G. L. Scott.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Foard County News, a newspaper published in Foard County.

Witness my hand, this 13th day of March, 1924.

L. D. CAMPBELL,  
Sheriff Foard County, Texas.

### Announcement Party

A lovely dinner party was given by Mrs. J. C. Self and Mrs. H. K. Edwards at the home of Mrs. Self Tuesday evening. The home was pleasantly decorated with pink rosebuds and carnations.

Covers were laid for twelve. A wishing well intertwined with maiden fern and surrounded by lilies of the valley, furnished a beautiful centerpiece. Excitement and interest was added to the dinner by place cards. These featured miniature brides with a difference at the place of honor where the bride was peeping through a wedding ring of orange blossoms. This place was occupied by Miss Mary Cook. During the last course Mrs. Self announced that we might draw a bucket of water at the wishing well. Upon pulling the ribbons which extended to each place little cupids came up from the well bearing the following message, "Wishing well to Mary Cook and Marion Sloan 3-27-24."

Although friends were looking forward to the announcement of this engagement, the date of the wedding was earlier than had been expected.

Those present were Misses Cook, Wilhelm, Liles, Cates, Moreman, Brian, Finklea and Andrews; Messdames E. B. Edwards, D. R. Magee, T. S. Haney and L. A. Andrews.—A Guest.

### Efficiency in Industry

The winter automobile shows are proving the truth of the assertion that automobile manufacturers today are giving the greatest dollar-for-dollar value of all the leading industries.

With the prices in general 72 per cent higher than they were 10 years ago, motor car prices are at least 20 per cent lower than they were 10 years ago. And the cars, as everyone knows are better. The buyer of any make of car nowadays expects more miles per gallon, longer life, more comfort and convenience in driving and less trouble in caring for his car than he did before the war.

It is a remarkable thing that this record for growing cheapness and economy, combined with higher quality, should have been attained in a time of greatly increased costs for materials and labor and high taxes. It is a triumph for the scientific efficiency which masters the art of quantity production and makes cheapness possible.

The automobile industry has accomplished its remarkable results, and placed itself at the head of American industries, in progress and prosperity, by a rare combination of brains and enterprise which ought to be an inspiration for industry.

### Notice of Trustee Election

Notice is hereby given that an election will be held at the county court house in the town of Crowell, Foard County, Texas, within the Crowell Independent School District, on the 5th day of April, 1924, same being the first Saturday in April, for the purpose of electing three white trustees, to serve as trustees of the Crowell Independent School District for a period of two years.

S. E. Seales has been appointed manager of said election which shall be held as nearly as may be possible in conformity with the general election laws of the state of Texas.

Said polls shall open at 8 o'clock a. m. and shall close at 6 o'clock p. m. of the same day.

No person shall vote at said election unless he be a qualified voter under the constitution and laws of this State and a tax payer in the said Crowell Independent School District. Said election was ordered by the board of trustees of said Crowell Independent School District by order passed on the 25th day of February 1924, and this notice is issued pursuant to said order.

Dated this the 4th day of Mar., 1924.

Attest: R. R. MAGEE,  
Secretary of Board of Trustees of said District.

H. L. KIMSEY,  
President of Board of Trustees of said District.

### Peace in Coal Industry

If the three-year soft coal miners wage scale contract, approved at Jacksonville, Florida, for the central competitive field, really becomes binding, it ought to bring peace in the coal industry as well as peace of mind to the consumer.

During the war and ever since that hectic period, we have been in suspense from year to year, never knowing when the coal miners would throw up the sponge and leave us flat.

The old plan in the central competitive field was a one-year contract. The new scheme is to make the contract binding for three years. It ought to give some stability to the

coal industry and also have the effect of settling prices.

Other coal mining states will undoubtedly follow the lead of the central states miners and operators in signing three-year contracts.

Why shouldn't coal mining be a peaceful occupation?

NOTICE OF SPECIAL ELECTION

Whereas, at a special meeting of the City Council of the City of Crowell, Texas, held at the city office on the 27th day of Feb., A. D. 1924, the following resolution was duly offered by Alderman M. S. Henry and seconded by Alderman D. R. Magee, and adopted by the following vote, to-wit: Ayes, M. S. Henry, J. C. Self, E. Swain, A. R. Sanders and D. R. Magee, aldermen.  
Nayes, none.

Resolution

"Whereas, the City Council of the City of Crowell, Texas, deems it advisable to order a special election for the adoption or rejection by the City of Crowell of the benefits and terms of chapter eleven, title twenty-two, of the Revised Civil Statutes of Texas, of 1911, shall be submitted. Said election shall be held at the fire hall in the City of Crowell, Texas, on the 31st day of March, A. D. 1924, and the following officers are hereby appointed to hold same: Presiding judge, H. E. Ferguson; assistant judge, J. H. Self; and the said presiding judge shall appoint two clerks to assist in holding the said election as prescribed by law. The polls at said election shall be kept open from 8 a. m. to 7 p. m., and at said election only resident property tax-payers of Crowell, Texas, who are qualified voters, shall be allowed to vote. Voting shall be by an official ballot as required by law and numbered as required by law in the following form, to-wit:

Official Ballot

"For the adoption of Chapter Eleven, Title Twenty-two of the Revised Civil Statutes of Texas of 1911, with reference to the construction of permanent street improvements."

"Against the adoption of Chapter Eleven, Title Twenty-two, of the Revised Civil Statutes of Texas of 1911, with reference to the construction of permanent street improvements."

The manner of holding said special election shall be governed by the laws of the State of Texas, regulating regular elections in the City of Crowell, Texas.

Copy of this Resolution, signed by the Mayor of the City of Crowell, Texas, shall serve as a proper notice of said election and the said Mayor is directed to cause the same to be posted up at the said voting place, the same being a public place in said city and to cause the same to be published in a newspaper published in the City of Crowell, Texas, for 30 days prior to the time of said election.

Now therefore notice is hereby given: That the said election will be held in the said City of Crowell, Texas, at the time and place and within the hours mentioned in the said resolution and in the manner therein set out.

C. T. SCHLAGAL,  
Mayor of the City of Crowell, Texas.  
Attest: J. EDGAR KIMSEY,  
City Secretary-Treasurer,  
STATE OF TEXAS,  
County of Foard.  
I, J. Edgar Kimsey, City Sec.-Treas. of Crowell, Texas, hereby certify that

the above is a true and correct copy of a notice of special election, posted up at the Fire Hall, in said city of Crowell, Texas.

Signed at Crowell, Texas, this 27th day of Feb., A. D. 1924.

GOOD CREEK NOTES  
(By Special Correspondent)

On account of the unfavorable weather there was no Sunday School Sunday.

Singing at the school house was very well attended Sunday night. We have our new song books and everybody is invited to come and learn the new songs.

H. E. Davis and wife, Audran and Gusta Davis, visited their daughter and sister, Mrs. I. A. Wilson, at Petrolia from Saturday till Monday. Miss Opal Davis, who is attending school at Denton, met them there for a short visit, also. She returned to her school work Monday.

Floyd Fortner visited his sisters, Misses Lela and Flossie, at Keene where they are attending school.

Bill Short was seen in our neighborhood Sunday afternoon.

Paul Logan and wife of Crowell were visiting at Earl Logan's Saturday night.

Pat McDaniel of Crowell visited Byron Davis and attended the party at Earl Logan's Saturday night.

There was a dance at Orho Fortner's Monday night.

G. L. and Rural Scott are at home after spending several months working in a gravel pit on Pease river.

Mr. Wethered, Elmer Livingston, Lonnie and Rural Scott, Charlie Hinkle, Tom Davis and sons went on a wolf hunt one night last week. They say the wolves were so numerous the dogs couldn't strike a trail.

Luther Whitley and children are visiting Jack Whitley and family. Mr. Whitley has had the misfortune of losing his wife since they left here in the fall.

The friends of Mrs. Ben Bates, formerly of this place, but who now lives in New Mexico, will be glad to know that she is slowly recovering after being very low with measles and pneumonia.

Adelphian Club

The Adelphian Club met on Wednesday of this week in the home of Mrs. Yoder with Miss Emily Purcell hostess. The lesson under the leadership of Mrs. Yoder was very interesting. When it was finished a drawing contest proved to be the social feature of the afternoon, after which dainty refreshments were served.—Reporter.
