WOMAN CAN EXPLODES IN WOMAN'S HANDS; INJURIES ARE FATAL

Mrs. Lee Roy Statzer died here at the sanitarium Wednesday morning following an accident at her home near Foard City Tuesday morning while she was starting a fire around the house.

The information given the News is that Mrs. Statzer picked up a 5-gallon can of oil that had been sitting in the sun and started to pour some oil into the kindling already started by a small blaze and the can being filled with gas created by the heat of the fire exploded, setting the woman's clothing on fire. She was badly injured. Mr. Statzer was a mile away working in the field and she attracted his attention by waving a sheet. It came at once but it was some time before a doctor could reach the scene.

The woman was brought to the sanitarium here as quickly as possible and medical aid given. At first she seems to have been some hopes for the woman's recovery, but it is said that about 11 o'clock Tuesday night it became evident that she was fighting against great odds and at about 5 or 6 o'clock Wednesday morning she passed away.

Burial took place in the Crowell cemetery Wednesday afternoon.

The deceased is survived by her husband and two small children, also her father and mother, Mr. and Mrs. W. F. Dramer.

This is a very sad incident and brings sorrow and gloom to the entire community.

Burkett Spoke Here Thursday Afternoon

Joe Burkett was due to have arrived in Crowell early enough to speak at 8:30 but for some reason he was a little late and some people no doubt thought that he was not coming and went home. Consequently the crowd was rather small.

Burkett is rather a young man, only 30, and some have objected to him on that account, but he calls attention to the fact that both William Jennings Bryan and Theodore Roosevelt were honored with nominations for high office earlier than that.

Without any doubt Burkett is well educated in thought and he has been a public life long enough to give him good grasp on governmental affairs. He thinks his schooling has been worth very much to him and says that all who seek the governorship of Texas should rub up against real life and real men of the common class and see life from their standpoint.

Mr. Burkett was born and grew up on the farm. His rise to positions of responsibility have been steady. He favors a tax revision and a re-adjustment that will give the rural schools a better show for existence. He does not think higher taxes will solve our problems, but favors cutting out some of the unnecessary pie eaters and bring the expenses of the government within the limits of the public funds.

County's Wheat Crop Best in Years; Making Good Yield Per Acre

According to J. W. Bell, who has been over a considerable portion of the county this week, the average yield per acre will be from 20 to 25 bushels. Some wheat is making 30 bushels per acre and better. T. N. Bell has 1,000 acres he thinks will make an average of 30 bushels per acre and is testing 63. A Weatherall of the Foard City community who is farming John Williamson's place has 400 acres estimated to make a 30 bushel average.

By the first of next week all the threshers will be in operation and a better report of the wheat yield will be given in our next issue.

Railroad Building for West Texas Is Still Being Discussed

According to the Fort Worth Star-Telegram the Santa Fe and the Fort Worth & Denver railroads are interested in building a line from the Plains country to Fort Worth.

It seems that each has been looking over the field and some surveys have been made. One of these somewhat parallels the line proposed by Mr. Powell, the promoter of the Texas Panhandle & Gulf, and it is said that if the new line is built by one of these companies or both it will not ask for bonuses.

It is altogether probable that a proposed line by some strong company would meet the endorsement of the public more heartily than a line that must beg its way both for construction and maintenance. But the Interstate Commerce Commission will have a say in the matter and no road will be built unless that body thinks it can be self-sustaining.

The senate oil committee has taken a recess and the public can take a rest.

The more a man learns, the less of a critic he is.

Former Crowell Man from Georgia Is Visiting Here

J. T. Massingale of Lagrange, Ga., is here visiting. Mr. Massingale has relatives in various portions of West Texas, some at Chillicothe, and many friends and acquaintances here. He says he feels at home in Crowell as much as anywhere. Mr. Massingale was employed as sexton of the cemetery while he was here some years ago, and after he had returned to Georgia to make that his home he was asked to return to locate an unmarked grave, which he did, the relatives of the woman whose grave was lost residing in Oklahoma City. They paid the expenses of that trip.

In speaking of conditions in Georgia, Mr. Massingale says they are not so good as they are here. After the World War many of the negroes emigrated to the North, which left many hundreds of acres of land without laborers to work it. Consequently he says a great amount of the land has been lying out.

Lagrange is the site of several cotton mills but he says not long ago not less than 700 employes in these mills were discharged on account of dull times.

Vernon Man Is Drowned in Lake

The Vernon Record gives the following account of the drowning of Clark H. Ish in Lake Kemp Wednesday of last week:

Clark H. Ish, 27, son of former Sheriff W. A. Ish, was seized with cramps and drowned Wednesday afternoon at 1:30 o'clock in Coffee creek about 25 miles south of Vernon where he with Guy Cain and Eddie Collins were spending the day fishing. The body was recovered at 5:30 o'clock the same afternoon by Dick Bowers, who, with other men, was aiding in the search. The body was located by means of long poles and was found in 12 to 15 feet of water not far from where he went down. A pulmoner was taken from here but was found to be useless on account of the length of time elapsing after the accident.

The men had been fishing on a small island and Mr. Cain had returned to the main land after a minnow bucket. Mr. Collins was still on the island when he heard the drowning man calling for help. He joined two poles together and tried to reach the struggling man but was unsuccessful and Mr. Ish never came to the surface after he sank the first time.

Mr. Collins reached the nearest telephone as soon as possible to summon aid and a party left immediately for the scene. They returned late that evening with the corpse.

Mr. Ish was born and reared in Vernon and was bookkeeper at the Vernon Cotton Oil Company, where he had been for several years. During the war, he served overseas for several months. He was a member of the Presbyterian church, Elks Lodge and American Legion. He is survived by his parents and two brothers, Grady and W. A. Ish Jr. of Antlers, Okla., and a sister, Mrs. Tom Summerour, of this city.

National Guard Officers Here to Give Instruction

Sgt. Dock Kale of Vernon and Capt. Floyd Moore, wife and child of Amarillo, have been in Crowell for a few days while the sergeant and captain were on a tour of instruction with the local National Guard organizations.

The special purpose of the instruction visit was to instruct the enlisted men of the organization in the use of the small arms, especially the Springfield rifle, since it is contemplated that the men will have to undergo a rigid examination at camp this year before they will be allowed to shoot the record course over the range.

From this place the party will proceed to Vernon.

Attending Texas Press Association at Amarillo

H. L. Kimsley of the News force left Wednesday afternoon in his car for Amarillo to attend the annual meeting of the Texas Press Association. He was accompanied to Clarendon by Mrs. Roy Ricks and small son, and his daughter, Miss Lucile, who will visit Rev. and Mrs. J. H. Hamblen while he is in Amarillo.

Dr. Hines Clark returned last Sunday night from Chicago where he attended the American Medical Association. He left Monday for Ft. Worth to accompany Mrs. Eric Wheeler of the Thalia community who went to a sanitarium in that city for surgical treatment. The doctor returned home yesterday.

Mr. and Mrs. W. B. Carter, Mrs. Ora Hunter and Miss Verna Mitchell of Fort Worth, and Mrs. Robert Beck of German, formerly Miss Gladys Benson, arrived here last Sunday night by automobile and are spending the week visiting relatives and friends.

CREAM SALES FROM COUNTY INCREASED OVER 600 PER CT.

Two or three weeks ago our readers remember the News stated that the Mistletoe Creameries of Amarillo promised to send the News figures on its cream purchases from Foard County for the last few years, including the present. We are glad to have these figures at hand this week. In reply to our request the Mistletoe Creameries says:

"Will say that we have in your county only one station in operation, Foard County being on the Eastern boundary of the Amarillo territory and the western boundary of the Ft. Worth territory. Hence the volume of business in the county is not nearly so large as it might be or as it should be."

"For 1920, 1921 and 1922, we bought out of your county about 5,000 pounds butter-fat yearly, for which we paid out approximately \$1,500.00 each year. This year the business has grown quite nicely and we expect to buy for 1924 around 25,000 to 30,000 pounds butter-fat which will represent in round figures something like \$8,000.00 or \$10,000.00 paid to the farmers of Foard County. At the rate of production there now, the above estimates for 1924 are very conservative."

"The above large increase in production over preceding years indicates that your farmers have found dairying profitable and are just now fully awaking to its possibilities. Fully as large an increase next year can be made and should be made for the farmers of the section to get the most out of their farms."

"In general, our plant at Amarillo enjoyed last year an increase of business of 50% over 1922, which was itself a very successful year for us. This year we expect to run 30% ahead of last year. This only goes to show of course that the tendency over our entire territory which consists of parts of five states, is towards more cows and better cows."

"There never has been an over-production of dairy products; the market is always ready to absorb increased production and the price paid for dairy products is higher in proportion to farm costs than most any product sold from our farms. No farmer can go wrong on a method of farming which we have advocated through our Extension Department for years—keep a few good cows, several brood sows and a flock of thrifty hens—these in addition to the regular farms crops of cotton, wheat, oats, row crops etc."

"There is only one problem confronting the creamery industry today, especially in the Southwest where it is generally new, and that is one of quality. Good butter can be made only from good cream and many farmers do not take the care of their cream that they should take, thinking that so long as it is going to the creamery it makes no difference whether the cream is fresh and in good wholesome condition or whether it is stale and old. It makes all the difference in the world and our buying prices depend a lot on the quality of the cream we buy for the reason that the price we sell our butter at is governed by its quality. With better cream we can command higher prices for our butter and thus pay to the farmer eventually a slightly higher price for his product. This is a matter that is in its infancy in Texas but is one that every dairy farmer should give his best attention to for it is only a short while until he will be required to sell his cream by grade strictly and receive for it a price that is governed by such grade."

"The reader will see from the above figures that there has been an increase of production over that of 1922 of about 600 per cent. That is certainly not bad, and since the business is now in its infancy, we may have splendid hopes of the cream business becoming a real revenue producer for the farmers in the years to come."

"We should like for every one to note the fact that there is only one problem to be solved, that being the quality of the product. That should be a pointer to every one who intends to sell cream, and it will be one of the most easily solved problems in the world."

Halsell Well Will Resume Operations After 3 Weeks Delay

The Halsell well, which has been encountering trouble for the past three weeks, will probably resume drilling operations in the next few days. At a depth of 2170 feet the 8-inch casing collapsed. Upon drawing the casing it was found that a joint had dropped off the end. The intervening time has been spent in trying to fish this joint of casing from the hole.

It is reported that these operations are finished and that as soon as the hole is cleaned out, drilling will be resumed. Those concerned are very confident that production will be procured at a depth somewhere above 3,000 feet.

If juries of men can't agree, what are we to expect when it becomes the accepted custom for women to serve in that capacity?

LYNCH DAVIDSON

Lynch Davidson Will Speak in Crowell June 24th, 8:30 P. M.

According to a telegram received yesterday by the News from Chas. G. Thomas, state campaign manager for Lynch Davidson, candidate for Governor, Mr. Davidson will speak in Crowell on June 24th at 8:30. It is not known where the speaking will be held but presumably in the district court room.

Mr. Davidson is touring Northwest Texas completing circuit of the state. He has made over two hundred campaign speeches.

Foard County Boys Win in Childress Judging Contest

In the district stock judging contest Saturday at Childress, in which the livestock club boys of eight counties competed for honors, Foard County's boys took the cup for highest honors.

The order in which the counties stood after the contest was over was Foard, 1st; Gray, second; Baylor, third; Childress, fourth; Cottle, fifth; Wilbarger, sixth; Hall, seventh; Carson, eighth.

The boys entering the contest from this county are Howard Benham, being high man, S. B. Middlebrook second, and Bud Dunn third.

The judging was done with two classes of cattle, dairy cattle, including Jersey and Holstein, and Herefords as beef cattle, and breeding hogs and fat hogs.

The boys left at 5 o'clock Saturday morning, accompanied by County Agent Fred Rennels, and arrived at Childress about 8 a. m., returning home about 8:30 that evening.

Mr. Rennels expects to take these boys to the A. & M. College this summer to enter the judging contests there and hopes to see them win for the state contest at the fair this fall. Other contests will be those of the Southern at Atlanta and the National at Chicago. These boys are in line for bigger things and all they have to do is to go forward just like they have already started.

Mr. Rennels is proud of the record these youths have made, and he is not by himself, for every one is delighted to know that we have lads coming along that are going to make their mark in the world. We are proud of them.

Duncan Glover Is Injured While Riding Wild Horse in Montana

B. J. Glover and family received a message Monday from their son, Duncan, who is at Lodge Grass, Mont., stating that he was very seriously injured while riding a pitching horse.

The horse fell with Glover and he was crushed beneath the animal. He is also suffering from a dislocated ankle. The message stated that the wounded man was rushed to a hospital at Harding, Mont. His condition is reported to be very serious.

Mr. Glover is the oldest son of Mr. and Mrs. B. J. Glover of Foard County and has been making his home in Montana for the last few years.

His friends will regret to learn of the accident.

Fire Forces Called Out Tuesday Night

Three men were shocked Monday afternoon when a small cloud came up at the Halsell ranch and a stroke of lightning struck a wagon near which the men were standing.

Dr. Hill was called to the scene and rendered medical aid. The men soon recovered from the shock.

Ralph Schuffler, editor of the Olney Enterprise, passed through with his wife and child Monday on their way to attend the State Press Association at Amarillo this week. Schuffler is publishing one of the liveliest weeklies in this part of Texas.

Not all of the people who go through life smiling regard existence as a joke.

ALL TEACHERS FOR CROWELL SCHOOL BUT TWO ELECTED

The Crowell school board has been meeting from time to time and going over the list of applicants for positions as teachers, making the best and wisest selections it could and up to the present time all the faculty except two teachers has been elected and all have accepted.

The following is the list of teachers with assignments of work, subject to minor changes in case of necessity:

High School
Prof. R. C. Campbell, superintendent; Miss Ethel Ross, Latin and Spanish; Miss Caroline Glover, history; Teachers for science and mathematics have not yet been selected.

Intermediate Department
Miss Lena Rason, principal, geography and physiology; Mrs. D. R. Magee, arithmetic; Miss Ida May Switzer, English; Miss Cleo Moreman, drawing and writing; Miss Winnie Self, history; Miss Jettie Arrington, reading and expression.

Primary Department
Miss Lottie Woods, Miss Inez Sloan; Mrs. Oscar Boman, 2nd Grade; Miss Laura Wilhelm, 3rd Grade; Miss Beulah Patton, 4th Grade.

Things Are About Ready for Work to Begin on Streets

All the preliminary work for street paving has been finished and actual work will commence possibly the last of this week or the first of next.

Engineer Rady was getting the records all together, with the legal publications, etc., to be submitted for the approval of the proper authorities Monday. So that actual construction work can begin just as soon as this is done.

Caution is being exercised in getting everything properly shaped up so that there may be no hitch to cause delays hereafter. The company goes on the principle that things well begun are half done. All parties interested in the paving proposition will profit by knowing that they are right before they take a single step. One blunder will cripple the progress of the town for many years to come. Too often have we seen the injection of selfish interests into town and city affairs only to place a blight upon its life.

Everybody is anxious to see actual work commence on our streets. They are becoming more every day and the wisdom of a paving program is more and more apparent.

THE MAKESHIFT TAX LAW

The makeshift tax bill was signed by President Coolidge, not because he approved it, but because it was an improvement on the old law in some respects.

The president said a new law was necessary to reduce taxation and bring about some reforms. The measure he signed will result in some direct reduction in taxes, but it is not only lacking in reform, but adds some undesirable features.

While the law scales down federal taxes to the lowest level since the war, the reductions are made mostly where the taxpayers will note the cut personally, rather than feel it in their living expenses.

Hence it is a political measure—a vote-getting law. It is held out as a sop to the voters because there is going to be an election next fall. Congress refused to follow the recommendations of a tax expert, the secretary of the treasury.

But congress which has been controlled by a small radical minority could not be expected to follow the recommendations of any sane thinker.

Instead, the congress passed a bonus law that will require the raising of \$2,250,000,000 in additional taxes, not counting the expense of administering the law, and then enacted a tax law that reduced the federal revenue close to \$400,000,000 a year.

But congress is not worrying about how much revenue is cut off and how much expense is added. Congress saw to it that the reduction in income tax payments was made effective this year so that the voter will have a visible manifestation of the reduction.

There's an election next November and voters must be made to understand that their congressmen have been working to their interests—reducing their taxes.

The congressmen who will be up for re-election in November are not worrying about how the holes in the federal government's pocketbook will be plugged up after the election.

The main thing is to get in office—then, perhaps, another makeshift can be put over to meet the next emergency.

Northbound Train Moved Up 2 Hours

Changes in the train schedule now gives us the southbound at 11:50, practically the same as the old schedule, but the northbound comes at 2 p. m. or two hours earlier than before the change. The trains pass at Truscott.

Wild oats will never be anything but wild oats, regardless of the opinion in some quarters that every boy has to sow a crop.

Heat Wave Hard on Meat But Good on Grain Harvesting

Closely following lingering, chilly spring weather, hot summer June is welcomed with some reservation, especially when the mercury climbs to 100 almost every day. But while this kind of weather is hard on weighty persons it is good on the wheat and oat crops now being made ready for the threshing machine.

The last two weeks have for the most part been ideal for harvesting. Threshing is now starting up and is going well. The harvested grain is in the very best of condition and thousands and tens of thousands of bushels will be placed in the bin next week.

The price of wheat is the only drawback. The crop is one of the best ever harvested in Foard County. Some say it is even the best one taking all things into consideration, except the price. And even when the fact of long pasturage is to be considered, it will prove to be one that will produce splendid returns.

With a yield of 20 bushels and pasturage charges bringing a revenue of something like \$3.00 per month for each head of stock makes it look fair.

There may be the possibility of better wheat prices later. At any rate it is holding up, buyers say.

Annual Encampment T. N. G. Will Be Held at Galveston July 5-19

Special orders from the Adjutant General's office this week advised Capt. Miller and Lieut. Logan, the commanding officers of the local National Guard organizations that the annual encampment would be held this year from July 5 to 19 at Galveston. According to Capt. Miller, recruiting of the organizations has gained a new impetus by reason of the change of the camp from Austin to Galveston.

According to Major Adams, a part of the enforced curriculum at this camp will be swimming lessons. Every man will be required to either demonstrate his skill in water or be put under the instruction of competent teachers.

Aged Couple Return from 1,000 Mile Trip Visiting with Relatives

Mr. and Mrs. G. W. Wallen arrived Monday afternoon on the northbound train from a visit of five weeks among relatives in different portions of Texas. The entire trip covered more than 1,000 miles.

They left Crowell and visited the family of their son, W. M. Wallen, at Burknett. From there they went to Denton where they visited the family of son-in-law and daughter, Mr. and Mrs. L. E. Huffaker. Then they went to Plano, Mr. Wallen's old home, and saw many old acquaintances and attended the church Sunday. They returned to Denton and then included Fort Worth and Temple in their rounds, finally reaching the last point of their visit at San Angelo, where they visited Mr. and Mrs. Rector.

Mr. Wallen says all the crops here he went are the very best kind. He saw corn that were sorry, except a little corn between here and San Angelo.

Three Men Shocked by Lightning on Ranch

While some persons were passing by the home of Mr. and Mrs. J. R. Gamble about midnight Tuesday night they discovered that there was a blaze in one of the rooms to the home and so they gave the alarm. The fire wagons and several cars speedily rushed to the scene of the fire but a few buckets of water were sufficient to extinguish the blaze before the fire fighters arrived.

The paper to the room was slightly burned but no other very serious damage was done.

It is not known how the fire started.

Methodist Ladies Are Not to Serve Luncheon

In last week's issue the statement was made that the next chamber of commerce luncheon would be served by the ladies of the Methodist church. The facts in the case seem to have been that the Chamber of Commerce understood that the Methodist ladies would serve and with that understanding offered it to them. It has developed since that they did not wish to serve. So that the item in last week's paper carried incorrect information and it is hereby cheerfully corrected and no responsibility for the error placed on any one.

Grady Roberts, editor of the Chillicothe Valley News, passed through Crowell Saturday en route to Haskell where his wife has been on a visit. Roberts Brothers are issuing a dandy good country paper at Chillicothe. They are experienced in the newspaper business and know the game.

(By Special Correspondent)

H. H. Fish of Paducah was in our community Wednesday of last week on business.

M. H. Bishop and Mr. and Mrs. George Bishop were shopping in Crowell Saturday afternoon.

Mrs. Allen Fish and sons, John Allen and Hughes Haley, were visitors in Crowell Wednesday of last week.

Ray Whatley of Electra was here Sunday. He was accompanied home by his wife and small son.

E. C. Reeves brought his wife home from the sanitarium at Crowell Wednesday of last week and she is improving nicely.

Mr. and Mrs. George Messenger and daughter, Lorene, of Swearingen were in our community Monday afternoon.

Bro. Smith of Crowell preached at Vivian Sunday morning.

Mr. and Mrs. Newt Lemons and children were visitors in Crowell Saturday afternoon.

Hubert and Opal Carroll of Crowell spent last Sunday with their Uncle, J. W. Carroll.

Mr. and Mrs. Leslie McAdams and children are visiting relatives in Quanah.

Mrs. S. E. McGee left Wednesday for Allen, Okla., where she will visit her son.

T. S. Patton spent the week-end with his family at Crowell.

A man who steals a second hand automobile just has to be an optimist.

RAWLEIGH PRODUCTS

I am stationed in Crowell as agent for the Rawleigh products. My home is at the Uncle Bart Fox place, 4 blocks west and 2 blocks south of the court house. I will make regular trips over the county in the interest of the business. I shall be glad to supply anyone with these goods.—F. F. Rush.

A public speaker with terminal facilities is more to be desired than who never comes to the place to speak.

Everybody Likes Bread

It isn't strange at all that everyone likes bread, because bread is the main thing in the daily menu. It is the first and all-essential item of every "square" meal.

That being true, isn't it all-important that bread be the right kind—that is made right and, above all, made of the right kind of flour? Sure it is.

And realizing that fact, we safeguard our customers against buying cheap flour, by giving them the best quality on the market today. The good qualities that meet the demands of most bread makers are combined in the celebrated

MARECHAL NEIL AND ORIOLE.

If you are not pleased with your bread making it is due more than likely to the fact that you are not using one of these brands.

Try them. Every sack carries all the guarantee you would ask for.

Quality And Quantity

These are the two main essentials to take into consideration when buying groceries.

We are willing to submit to a comparison as to quality and quantity. Our groceries are all standard brands, guaranteed to be the best the market affords.

You always find that you can get as much for your money here as in any grocery and still be certain that there is nothing inferior in what you buy.

Quality is never sacrificed for the sake of profit.

CROWELL, TEXAS

AYERSVILLE NEWS (By Special Correspondent)

A baby boy was born to Mr. and Mrs. E. E. Broadus Saturday, the 14th.

Wes Hembree and mother are here from the Plains. Wes came to harvest his wheat crop.

C. J. Smith is here from Floydada harvesting his wheat crop.

Miss Bessie Edwards was taken to the sanitarium in Crowell last Friday and underwent an operation for appendicitis Saturday.

W. L. H. Johnson and family of Tolbert spent last Saturday night with W. J. Dunahoo and family.

Marvin Phillips made a business trip to Vernon Sunday.

Frank Hukill and Perry Gamble were visiting in Vernon Saturday night and Sunday.

M. F. Meadors and wife and Homer Zeibig and family of Crowell visited Vernon Pyle and family Sunday afternoon.

Mrs. Marvin Phillips and baby visited Mrs. C. E. Flowers in Crowell Monday.

Vern Reed of Vernon and Malcolm Rollins of Talmage are working for D. M. Shultz and son, Dave Jr.

Will Tarver and family, E. V. Cato and family and Claud Fox and children of Thalia spent last Sunday afternoon with J. B. R. Fox and wife.

Herman Greening and wife of near Crowell spent Saturday night with Will Gamble and wife.

Claude Davis and family of Antelope spent Sunday with John Davis and family and attended the singing at the school house in the afternoon.

Ray Pyle and family returned home from Bay City last Saturday where they had gone on account of the serious illness of the former's mother, Mrs. R. M. Pyle. She was some better when they left but still not much hope for her recovery. Emmitt took us riding in his motor boat while there which we enjoyed very much.

Raymond Shumate and wife of Wellington took dinner with Mrs. J. B. R. Fox last Sunday. They had been to visit her parents at Baker Flat.

The wheat is practically all harvested in this locality and people are very busy working out their row crops.

Mrs. Alice Shultz and little daughter, Rebecca, and the former's sister, Miss Annie Burrelsmith of Vernon brought Mrs. C. D. Haney out last Sunday to visit her parents a few days. She is still under the doctor's care at Vernon.

Mr. and Mrs. H. M. Ferrin arrived in Board County Wednesday of last week and are visiting among old friends.

TALCUMS

for Every Toilet Use

There is no toilet preparation so widely used as talcum powders. Men, women and children of all ages use talcums because of their soothing, cooling and refreshing properties.

- Jontee Talc,
- Bouquet Ramee,
- Georgia Rose,
- Dazira,
- Gentlemen's Talc,
- Violet Dulce,
- Talc Midi and others,
- Tiny Tot Talcum.

SEASONABLE SUGGESTIONS

For the Home--Both Inside and Outside

IT'S REFRIGERATOR TIME. Has the old one out-lived its usefulness? If it has, inspect one of the ice savers that we have on our floors. Nothing quite like it for appearance and service. You've never had a refrigerator until you've owned one of these.

A WELL GROOMED LAWN. The only way to keep it clipped nicely and looking spic and span is to be the owner of a good ball-bearing lawn mower. We have them in several sizes at reasonable prices.

HOW ABOUT A KEROGAS OIL STOVE? The oil stove without a fault. Light a match and you have a clear blue flame, just like gas and much cheaper. Our ovens bake perfectly without burning on the bottom. Our stoves are leaders, yet they cost no more.

SUMMER TIME IS PLAY TIME. The completeness of our sporting goods department will amaze you, if you have not seen it. Here the fisherman can be completely equipped.

SCREEN OUT THE ENEMIES OF HEALTH. When the flies begin to buzz, it is time to guard against them. We carry a line of screens to meet any requirements.

YOU CAN FIND ANYTHING IN THE HARDWARE LINE HERE

Crews-Long Hardware Co.

Phone No. 124

Ella Mae, the little daughter of Mr. and Mrs. Henry Blevins was brought home from the sanitarium in Crowell last week where she was operated on for appendicitis. She is improving rapidly.

GOOD CREEK NOTES (By Special Correspondent)

For some reason our notes failed to appear last week, so we will give an account of the storm which struck our community Monday, the 16th. Granaries and chicken houses were wrecked for H. E. and Tom Davis, Audran Davis' house blown from the blocks, a barn blown away for Bill Cox, granaries for Nugent Birdsong and E. D. Livingston blown over and in several instances window lights and doors blown out. No loss of livestock, other than a few chickens drowned, were reported.

All hands and the cook are busy harvesting the wheat crop, which promises to be a good one.

There was a party at Mr. Birdsong's Saturday night, and singing at Ocho Fortner's Sunday night.

Jack Gilland and Cecil Dunn of Hackberry were visitors in our community Sunday.

W. O. McDaniel and family, Bert Hanks and family were Sunday evening visitors at Mr. Hanks'.

Mrs. Osborn Hix of Talmage visited her mother, Mrs. J. T. Cox, from Sunday until Wednesday.

Joe Moncus and son, Calvin, of Kingsville, who visited at Frank Gilland's last week, have gone to New Mexico to visit Joe's brother.

BAD BOYS

The former governess of Nathan Leopold, one of the self-confessed slayers of young Robert Franks in Chicago, says the death of a bird or an animal never seemed to have any effect on him, except perhaps one of curiosity, when he was a lad.

He was always head-strong and had no respect for his parents, she adds. In other words, he was a bad boy.

And the plight in which Leopold now finds himself is the fate of bad boys. The boy who will not listen to advice from his elders is destined to have his name on the role at some penal institution.

Parental guidance is essential and young folks who are not compelled, if not willing, to follow in the paths that are shown to them, will come to no good end.

Leopold had a mania for killing and collecting birds. He regarded life lightly—all to lightly. "I should give a damn" was his code as a boy.

Boys and girls who resort to the familiar phrase, "I don't care," express the same sentiment, though in more polite language. Unless this tendency is arrested by careful parents, a sad future awaits them.

Parental discipline, even if enforced with the rod, is still the hope of the nation.

Sometimes it takes a hard jolt to wake folks up.

A man may know a great deal, but he can never suggest a menu for the next meal when his wife asks it.

There is one satisfaction in paying an income tax—you can always brag about it.

CONTRACT WORK

See me individually for your contract work. I shall be glad to make estimates on any kind of carpenter work you want done.

H. D. POLAND

Harvest supplies.—M. S. Henry & Co.

Knox City Sanitarium

A nice quiet homelike place, where you can have the comforts of a home with the advantages of a light, sanitary, up-to-date operating room ready for any emergency. Under the care of the best of nurses with my careful personal attention.

T. S. EDWARDS, Surgeon

Harvest Groceries

Bring us your bills for harvest groceries. We shall take great pleasure in making you the closest possible prices on bills, and let it be understood that we will not sacrifice quality for price. We realize that most people feel the need of good wholesome food during the harvest time, as well as at any other time, and we stock up with the view of supplying your wants for such groceries. But while that is true we make our prices right, selling on the plan of getting our profit out of the volume rather than the per cent.

That plan makes good quality groceries come as cheap as inferior qualities sold with the profit idea contained in the per cent.

So that volume is what we strive for when the thought of profit is considered.

We can prove what we are here saying if you will just give us an opportunity, and we know that you will be satisfied with you business transactions with us when you have once tried us.

Matthews-Crawford Grocery Co.

THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, June 20, 1924

The best investment one ever makes is that which is put into the training of the boys and girls for life's activities. It matters not what legitimate calling your boy may enter, he will be a better man at the job if he is educated. Then, let's be more liberal in the support of our educational institutions.

Money can be made one of the greatest blessings in the world. Or it may become a great curse. It all depends upon the way it is used. But the same thing is true as regards one's capabilities to serve. Men serve the world with their money, or they may serve themselves. They also serve the world with their talents or they serve themselves with them. The presence or the absence of self has a very great part to play in the affairs of men.

The Texas Press Association is meeting in Amarillo this week. It is a great thing not only for Amarillo that the association is held in that city but for all the Panhandle country. It was expected that some two hundred scribes would be in attendance and of course many of them are from points farther east and for some of them this will have been their first visit to the Great West. They have found the biggest hearted people and the greatest country they have ever seen in all the world. Amarillo will get valuable advertisement from the meeting of the Texas scribes and all this part of the state will profit by their coming.

It is amusing how men and parties will play politics for votes. In some particulars the Republican convention showed great weakness in that it did not come out plainly on some matters. Through the fear of loss of votes it was not outspoken. The soft pedal was placed on some of its declarations and the public is disappointed. And since the Democratic party is made up of folks just like the Republican party is, we may expect the same thing in the Democratic National convention. Its leaders are today feeling of the public pulse with the view of framing a vote winning platform. President Coolidge was right some time ago when he said the American people are losing their ideals. He meant that the great truths and principles for which the founders and former leaders of our government stood are fading.

Speaking of automobile accidents, there is another thing to be considered that many people either do not know about or if they do they think little about it, and that is the liability of the owner of a car to damage caused to the life or property of another car driver. There is a case on record where a boy slipped his daddy's car and while he and other joy riders were out in it they ran into another car and severely injured the other driver, and the final result was that the jury in the court of that state, Iowa, rendered a verdict for \$17,000 damages against the boy's daddy, the owner of the car. Some of these times a crimp is going to be jerked in the vertebra of some fellow who has allowed his kids to take matters in their own hands and get out upon the highways and act like wild Indians. Life is too valuable to be sacrificed at the hands of reckless boneheads in any such manner.

The increasing multiplicity of laws is something to astonish the world. A hundred and fifty years ago we had as good government, or better, than we have today, and we had fewer laws. The difference is that the laws were enforced then. Human nature has always been about the same and so long as we have a high standard of citizenship why should the number of laws be constantly increased? Oh, of course, all truth and wisdom was not embodied in the first laws enacted, but one fails to see how the little faults are cured by the constant grinding out of new laws by our legislative bodies from time to time. We need very few more, if any, laws than we already have, but we do need them enforced, if they are good ones. If they are not good ones they ought to be repealed. So long as public officials whose duty it is to enforce the laws spend their time trying to wear out cases in court, law becomes null and void and justice is made a farce and a joke. It is up to the voters of the land to see that good men are placed in office.

Methodist Church T. C. Willett, Pastor

The Church with a MESSAGE and a WELCOME

11 A. M. — Services — 8:00 P. M.

Welcome The Stranger

The stranger is with us. He has come from all parts of the country. He is here to help us. While he is here he will receive a lasting impression of us and our country. Whether that impression shall be favorable or unfavorable depends upon our treatment of him while he is in our midst. He is probably a member of the church in his home community. Give him a hearty invitation to attend church with you and then try to make it possible for him to do so.

There is no better place in Crowell to worship than at the Methodist church. Cool, comfortable auditorium, inspiring music. Helpful and interesting sermon and a hearty welcome.

ORCHESTRA MUSIC at 11 o'clock service.

Not Engaged to Think

Many are the stories told about the late Judge Walter C. Ong, and here is a characteristic anecdote related by that veteran Cleveland newspaper man, Elmer E. Bates, whose "beat" at the time the incident happened included the old courthouse in the days when the judge was on the bench.

"One day," says Elmer, "the judge was explaining to me the intricacies of a technical case, when a country veterinarian came in to report that a valuable horse that the judge had entrusted to his care was dead.

"Did you give the horse the medicine left with you exactly as I instructed you to do?" the judge inquired.

"Why, why, no," stammered the man. "You see, judge, I thought some medicine I prepare myself would be better."

"You thought!" thundered the judge. "You thought! Good heavens, man, do you suppose for a single moment that if I had been engaging a man to think I would have hired you?"—Cleveland Plain Dealer.

Careless Driver

The dear old lady went up to the taxicab driver and told him to drive her to the British museum.

"Right-ho, mum," replied the man. "Jump in!"

But the old lady stood her ground. "Not until you've started the engine," she said.

The driver got down from his seat and started the engine with half a turn of the crank.

Proceeding up a steep hill, the engine suddenly slacked off and then stopped dead.

The old lady put her head out of the window and with a knowing smile, said to the driver:

"Ah, driver, I thought you didn't wind it up enough!"—London Answers.

Lighten Her Burden

You wouldn't let your wife carry a fifty-pound suitcase

That fifty-pound scuttle of coal—how long is your wife going to carry it?

It isn't that you wish her to carry it, but it probably never occurred to you that you can save her the strain of this load.

You know yourself what it means to lug a heavy load, especially on a hot summer day.

Give her a Florence Oil Range. It will make her kitchen cooler. It will preserve her health and youth. She will have no coal to lug or ashes to handle. And you can soon pay for the cost of a Florence out of the difference in cost between kerosene and coal.

Bring your wife in and have us demonstrate and explain to both of you the good-looking, quick-cooking Florence.

FLORENCE OIL RANGE

M. S. Henry & Co.

To the Voters of Foard County

Owing to the fact that I was under the impression that I had until June 23 to file my name with the County Chairman, and being busy in the harvest field, I failed to come in Saturday and file, so my name will not be on the ticket. So when you go to vote just write my name on the ticket and I will greatly appreciate it.

I will see as many of you personally as I possibly can between now and July 26.

Thanking you for your support, I am,

Yours truly,
S. E. SCALES.

Be sure pure water goes into your battery. We have it.—Swain's Garage.

H. F. Leubking, who has been in charge of M. S. Henry & Co.'s tin shop for the past six months will leave some time next week with his family for New Weston, Ohio, his former home. They will make the trip by automobile.

Mr. and Mrs. R. P. Womack and daughter, Miss Lela, and W. R. Womack and children made a trip to Vernon Sunday. Mr. and Mrs. C. M. McKown returned with them and Mrs. McKown and children will visit for a few days.

Fly Flu in bulk, keeps flies off your stock and out of your house. For sale at Allee's Feed Store.

Try a local want ad. in the News. They get results.

Mattress Factory

We make over old ones; make new ones any size. See our ticking before you buy. We also have the quick drying auto paint, or will paint your car cheap. Located two blocks north of one west of standpipe.

Trespass Notice

On account of the fact that persons who go into my pasture are scattering my cattle I am bound to prosecute it by prosecuting anyone found there. Please stay out and avoid trouble.—J. W. Bell.

Trespass Notice—No fishing, hunting, or trespassing of any kind allowed in my pasture in the west part of the county. Anybody caught in this pasture will be prosecuted, and that don't mean maybe.—Leslie Adams.

The Housewife's Lament

"I need a new dress and I don't know what to buy." Or—"What shall I have to eat today?"

The housewife is constantly facing these questions—what she is going to have for the next meal and what she is going to wear every time she leaves her home. Three times a day, year in and year out, she asks herself the question about a menu. No so many times, but frequently during the year, she is confronted with the problem of buying new clothes.

The housewives of Foard County know where to seek the answer. They find it in the advertising columns of the Foard County News. For years they have found it there. The advertisements keep them as well informed on the subject of food and wearing apparel as the editorial columns do on current events.

The advertisements of this newspaper are as much an institution as any of the editorial features. They are anticipated, expected, read, and most important of all—believed.

Are You?

Are you fighting the battle for Financial Independence? Striving onward up the hill of life to the day you can say—"Well, guess I'll call it quits. I've enough money to see me through the rest of my days?"

Better be thinking about it. There are many ways of achieving Financial Independence, but the safest method—is to save your money, place it in a good reliable bank and hold on to it until you have saved enough with which to make a good investment that will bring you a profit on the investment. That is the fundamental secret to independence.

This bank is the place to make the start.

Proposed Amendment to Constitution

Relating to Granting of Confederate Pensions
Senate Joint Resolution No. 10.

Proposing an amendment to Section 51 of Article 3 of the Constitution of the State of Texas to provide that the Legislature may grant pensions to Confederate soldiers, sailors and their widows, who have been citizens of Texas since prior to January 1, 1910, providing that all soldiers, sailors and their widows eligible under the provisions hereof shall be entitled to be placed upon the rolls and participate in the pension fund created hereunder; levying a tax of seven (\$07) cents on the one hundred (\$100.00) dollars valuation of property in this State for the payment of such pension, providing that the Legislature may reduce the rate of pension for such purposes, fixing a time for the election to be held on such amendment and making an appropriation to pay the expenses thereof.

Be it resolved by the Legislature of the State of Texas:

Section 1. Section 51 of Article 3 of the Constitution of the State of Texas shall be amended so as to hereafter read as follows:

Section 51. The Legislature shall have no power to make any grant or authorize the making of any grant of public money to any individual, association of individuals, municipal or other corporations whatsoever, provided, however, the Legislature may grant aid to indigent or disabled Confederate soldiers and sailors, who came to Texas prior to January 1, 1910, and to their widows, in indigent circumstances and who have been bona fide residents of this State since January 1, 1910, and who were married to such soldiers or sailors prior to January 1, 1910, and to indigent and disabled soldiers who under the special laws of the State of Texas during the war between the States served in organizations for the protection of the frontier against Indian raiders or Mexican marauders and to indigent and disabled soldiers of the militia of the State of Texas who were in active service during the war between the States and to the widows of such soldiers who are in indigent circumstances and who were married to such soldiers prior to January 1, 1910, provided that the word "widow" in the preceding lines of this Section shall not apply to women born since

the year 1861, and all soldiers and sailors and widows of soldiers and sailors eligible under the above conditions shall be entitled to be placed upon the pension rolls and participate in the distribution of the pension fund of this State under any existing law or laws hereafter passed by the Legislature, and also to grant aid for the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the Confederacy under such regulations and limitations as may be provided by law, provided the Legislature may provide for husband and wife to remain together, in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas a State ad valorem tax on property of seven (\$07) cents on the one hundred (\$100) dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate herein levied, and provided further that the provision of this Section shall not be construed so as to prevent the grant of aid in cases of public calamity.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at an election to be held on the first Tuesday after the first Monday in November, 1924, at which all voters shall have printed or written on their ballots: "For amendment of Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers, sailors and their widows."

Sec. 3. The Governor is hereby directed to issue the proclamation for said election and have the same published as required by the Constitution and laws of this State, and the sum of five thousand (\$5,000.00) dollars or so much thereof as may be necessary is hereby appropriated out of the general funds of this State not otherwise appropriated for expenses of publications and elections thereunder.

Approved, March 20, 1923.
S. L. STAPLES,
Secretary of State.

GIRL DROWNS IN WATER TROUGH NEAR MUNDAY

Munday, Texas, June 12.—The small daughter of G. W. Russell, manager of the Farmers' Union Gin, was drowned Monday evening at 6 o'clock at their home, two miles north of this place. The child was missing only a few minutes and after a search the body was found in a twelve-barrel galvanized water trough where it is thought while playing the child lost her balance and fell in. All efforts to revive the little girl failed.

The man who can invent a dollar stretcher has his fortune made.
Doing your share is a lot more important than taking it.

GRADE CROSSING PSYCHOLOGY

When ill, people will spend weeks or months in bed and money for doctors, nurses and medicine, with the hope of saving their life.
But, judging from the number of grade crossing accidents, many of them place their life in imminent peril by dashing across the track in front of a fast-moving train and even into the train rather than spend 10 seconds waiting for the train to pass.

The psychology of this is not easily discernible. It is evident, however, that not grade crossings, but carelessness in effecting a crossing is the seat of trouble.
Many devices have been installed for protection of public at grade crossings but the most effective safeguard is for drivers of autos to stop look and listen.

North Carolina enacted a law requiring autos to stop before crossing and in six months with this law in effect, in spite of increase in registered autos, grade crossing casualties on the principal railway system of that state were reduced 50 percent fatalities being 4 instead of 8, injuries 11 instead of 22.

When it is considered that such a law is intended to safeguard the drivers of autos against injury or death at crossing, it would seem that they above all others should favor its enactment.

If the "stop law" effects such a reduction in North Carolina, how much greater would be the saving of life from passage of a similar law in all states.

Five miles up in the air, it is plenty cool enough for a summer vacation, but like other resorts, none of us could afford to stay there very long.

In the good old days, the head of the house could generally be found in the parlor on Sunday. Now, look for him in the garage.

Honesty is the best policy, even though it doesn't always come out ahead.

Expert testimony is the kind that is accepted as fact because nobody disputes it.

Actions will carry you further than idle words—a fact that some of our congressmen seem to have overlooked.

You can't teach an old dog new tricks unless you are smarter than the dog.

One nuisance in a town, when you get rid of it, is invariably followed by another one.

The future holds little for a woman who has more beauty than she knows what to do with.

Fools and their money soon part, providing they bet on a sure thing or buy blue sky stock.

Britain's labor government is no different from any other government. They all labor to stay in.

People who do not profit by the lessons they are taught in life deserve no more consideration than those who waste their talents.

ATTENTION EX-SERVICE MEN!

The Gordon J. Ford Post of the American Legion of this place has secured a limited supply of the "Victory Number" of the American Legion Weekly which will be given to any ex-Service men in the county.

This number of The Weekly contains, in addition to the complete text of the Adjusted Compensation Act, a detailed simple-language explanation of its operations and benefits, and a face value of insurance policies, and a sample filled-in facsimile of the blank application form which every veteran or beneficiary must send to Washington, together with directions for its use. Also tells who is and who is not entitled to the benefits of this act, in fact is a complete manual of the new law.

It is the desire of this Post to render every service and assistance possible in presenting claims under this new law, but as our supply of this number of The Weekly is limited they will be given to ex-service men or to the beneficiary of an ex-service man only.

See D. R. Magee, post adjutant, at The Magee Torrey for your copy.
Signed:
EXECUTIVE COMMITTEE,

comment on the timeliness of the Dodge Brothers advertisement which appears this month in national magazines and on billboards in every part of the country. "Quick-action brakes—extra large and extra safe," the advertisement reads.
"This ad is a very helpful influence in the nationwide safety campaign," he said. "It is reminding people of the importance of their brakes. And, of course, it also emphasizes the desirability of buying a car that is equipped with good brakes. Dodge Brothers foresaw the present congested traffic conditions and took special precautions years ago against unnecessary danger. The brakes in Dodge Brothers motor car are considerably larger than the average, having 14-inch drums and 2 1/4-inch linings. Naturally, the extra surface thus provided develops more friction when the brake bands contract over the drums—and it is this friction that stops the car."
"Because of the design of the various connecting levers, the slightest pressure on the brake pedal has an immediate effect. Women have no difficulty in bringing their Dodge Brothers cars to a quick stop. There is practically no tendency to skid because the pressure is distributed evenly between the two rear wheels by a highly efficient equalizer. Thus both wheels are retarded simultaneously. The lining is protected against irregular wear by the fact that the brake bands grip evenly all around the drum. This also accounts for the fact that Dodge Brothers cars stop so quickly and quietly."

Watch Brakes Dealer Urges

Safety of Passengers and Pedestrians Often Depends on Proper Adjustment.

Extra Large and Extra Safe Brakes on Dodge Brothers Cars Cited as Asset to Safety Campaign.

The vigorous manner in which police departments all over the country are checking up automobile brakes is good evidence of the important part that brakes play in the nation's safety.

In many large cities and in hundreds of smaller ones, motorists are being stopped on the streets and put through driving tests. If the test develops that the brakes do not grip evenly or quickly, the officer orders the driver to have them adjusted. If they function satisfactorily, the driver is given a windshield sticker certifying to the good condition of his brakes and thus saving him the annoyance of another halt and another inspection.

"These inspections are an excellent thing," said Mr. Swaim, the local Dodge Brothers dealer, "and should be made regularly and universally. The average man hates to drive with poor brakes, but the average man is also very busy. However, the man who stops to consider what faulty brakes might result in, will realize that the necessary few minutes in the service station are well spent. Good brakes protect lives. And it is certainly the duty of every motorist to make driving as safe as possible."
Mr. Swaim also took occasion to

BETTER TIMES AHEAD

Experts say that important problems are confronting agriculture. It is estimated that the population of the United States will be near 150,000,000 souls within twenty-five years and these experts are wondering where the food they will eat is coming from.

Conservatively estimated, it is said that 38,000,000 acres will have to be added to the nation's present actual crop land to support a population that the United States will probably have by 1950.

That can mean only one thing—that the demand for products of the farm is going to increase constantly and that the consequent reduction of supply will operate for the benefit of the farmers of the United States.

The tillers of the soil everywhere have been downcast and heavy of heart. Being dropped suddenly out of a cloud of affluence that came with the war and remained for a few years afterwards, it is little wonder that farmers became discouraged at the sudden change which took away their war profits and made it practically impossible to make much more than a living off their land.

But they should not be too impatient. The troubles that have beset agriculture for the past few years are going to pass, and when they do, agriculture is going to come into its rightful place in the business world, such as it never did before.

It is natural to reason that in due time, farm products are going

We Take Pains

to tell you that we are positively Headquarters for GOOD MEAT-FRESH MEAT-The BEST Meat.

Sanitary Market

Q. R. Miller, Propr.

PURCELL CHIEF WINS LONG FIGHT

Fighting for his health as well as for law and order, Chief of Police M. L. Thomas, of Purcell, Okla., has at last been victorious after an eight years battle.

"It was this new medicine Karnak that finally stopped my troubles and fixed me up with a gain of twelve pounds in weight," says Chief Thomas.

"It made no difference what I ate, everything seemed to settle in a hard mass in my stomach with a knotty, lumpy feeling and then I could hardly get my breath. Although I tried every sort of treatment I finally got so weak and lost so much weight it looked like I would soon have to give up entirely. But I have not had a bit of trouble since I finished the first half bottle of Karnak and three bottles of the medicine has put me back in tiptop health in every way with a gain of twelve pounds in weight and lots of strength and energy. Karnak is all that is claimed for it and I am glad to help others by recommending it publicly."

FERGESON BROS.

FLY IN BROWN COUNTY KILLS GRASSHOPPERS

Brownwood, June 13.—A strange looking fly has made its appearance in the grasshopper stricken fields of Brown County, and is killing the grasshoppers by the millions, according to reports brought in by farmers. The fly lights on the object of its attack and deposits eggs in the joint that connects the head and body of the grasshopper. The sting stung the grasshopper and while in this state the eggs hatch and the larvae at once begin to feed on the carcass of the grasshopper.

It was said that in many localities the ground for miles is literally covered with dead grasshoppers killed by the fly.

Let the women have permanent waves, but we'll take permanent hair.

"Intellectuals" are generally the folks who talk about the new ideas, but never have any.

BLACK COMMUNITY NEWS

(By Special Correspondent)

The biggest rain of the season visited this part of the county Monday evening of last week.

The farmers are all badly behind with their crop work on account of the big rain, some having to plant their cotton over about the third time.

Mrs. S. L. Powell and daughter, Miss Jessie Mae, visited Mr. and Mrs. Jim Clifford in the Jameson community last Sunday.

Miss Veda Clifford of Vernon is visiting relatives in this community.

P. H. Ford and wife had visitors from Crowell Sunday.

Mr. and Mrs. Delmar Powell spent Sunday with Jim Clifford and family in the Jameson community.

Mr. and Mrs. W. D. Stubblefield entertained the young folks with a party Saturday night.

Mrs. Clyde Cobb spent Sunday afternoon with Mrs. W. W. Nichols.

The young folks enjoyed a singing at the home of Mr. and Mrs. Riley Free Sunday night.

Miss Marion Cooper and Miss Irene Patton of Crowell spent last week visiting in the home of Mr. and Mrs. Oscar Gentry.

the village to get a newspaper. The biggest surprise the city of London has had was given by another bachelor, Charles Morrison, a haberdasher of Coleman street. He left more than fifty million dollars—the biggest fortune of which any one in Great Britain has had absolute disposal.

A bachelor also was Lord Clanricarde, who died in 1913, disposing in a 200-word will of more than ten million dollars, the bulk of which went to his great-nephew, Lord Launelles. The ordinary man who saw him sitting on a bench in Hyde park, as was his custom, would never have imagined that he was a millionaire peer, for he was supremely indifferent to dress.

Has Anyone Laughed At You Because—

By ETHEL R. PEYSER

You stop to play with a child on the street?

Maybe the folk that laugh at you wish that they, too, could be natural enough to give in to the feeling of loving children enough to stop and pat or speak to them. Think of the fun it is to get a little smile or a "hello" out of the little things? You are enriched every time you get a smile out of anyone, much less a baby, who is so trustful. Keep it up; don't let any sneering pal let you lose so simple, so sweet, even holy a joy.

Too many people think so much of what the other fellow thinks that they strangle every decent instinct they have. Be glad that you have good instincts and hold on to them in this bustling, bustling, thwarting (unless we hold on tight) world. Don't worry if they call you old batch or old maid when you meet a child.

SO

Your get-away here is: The greatest souls in the world have celebrated the child in story, picture, verse and song. Why shouldn't you have your share of celebrating, too?

(© by McClure Newspaper Syndicate.)

Mrs. W. T. Razor arrived Friday from Vernon where she had been visiting her daughter, Mrs. O. T. Ball. Mrs. Ball drove them over and Mrs. Johnnie Davis and daughter, Louise, came with them also and will visit here for a few weeks.

Get Your Harvest Eats Here

Make our store your headquarters for buying harvest groceries. It will be to your advantage for several reasons.

We have a complete stock of everything you need.

We can give you quick service.

We can give you as good quality as any store in town.

And last but not least, we will positively not be undersold.

Massie-Stovall Gro. Co.

M. H. Bishop was here Saturday from Vivian. He says the storm last week did quite a bit of damage for some of his neighbors, Ike Everson being the heaviest loser, he thinks. Lightning killed a mule for Mr. Everson and the wind did some damage to out buildings.

J. H. Self returned Tuesday from a visit with his father and other relatives in Buffalo, Mo. Mr. Self reports lots of rain in that country, and also states that he found crop conditions here better than any place he passed through.

In a tourists' camp without a can opener is a poor place to be.

If Congress would levy a tax on scandal, there wouldn't be any trouble about reducing the income tax.

HOME OWNERS--

We Want Your Attention for a Moment

Men of Millions Kept Their Wealth a Secret

To the ordinary man it would appear that the millionaire must necessarily be a conspicuous figure. But the case of the late J. T. Mills of Leighton Buzzard, Bedfordshire, whose will revealed the fact that he owned more than twenty million dollars, shows once more that the eight-figure man may be quite unknown to the public.

Who, for instance, suspected that Maurice Marcus, a lonely, shabbily dressed bachelor, who could be seen on fine days working with his gardener in the grounds of his house at Redhill, Surrey, and on dull or wet days spent his time indoors making the mats on which his specimens of rare china were displayed, possessed more than fifteen million dollars, asks a writer in the London Mail. For after making a fortune in the diamond trade in South Africa in the '80s and increasing it as a stock broker, he had ceased for some years to figure in the city and by the time of his death last year had been practically forgotten.

The bachelor millionaire seems to find it easy to keep his secret. There was, for instance, Alexander E. Thistlethwaite, lord of the manor of Southwick and Porchester, who left \$7,000,000 in 1915. Little was seen of him outside his estate near Fareham, except when he drove every night into
