Simmons Choral Will Be at Baptist Church Sat. Night

Simmons University Choral Club, consisting of forty members and under the direction of Prof. H. Grady Harland, head of the voice department of that institution, will render a program at the First Baptist church tomorrow night, February 13. The club is making a tour of West Texas towns and it is said the entertainment they will give will be a treat to the people who avail themselves of the opportunity of hearing the program.

Y. P. Kuhn, advance man, was here the first part of the week distributing advertising matter and giving the coming of this band of musicians to our city all the publicity possible. He stated that the program would not be a religious program but would consist of popular, classical, semi-classical and comical numbers as features, together with a one-act play.

Spring of the Year Is Tree Planting Time

The caption of this item is true if one does not wait too long in the spring of the year. To be more specific, now is the time to plant trees, and with this thought in mind the 22nd day of February has been set aside as arbor day. It is more than that, too, it is Washington's birthday, but perhaps it could be celebrated in no more appropriate manner than by planting trees, for it would mean in the end a more beautiful America in which to live as the father of his country would have our people live, if he were here today.

Carrying out the thought of tree planting, W. P. Maloney of Dallas, who was here this week in the interest of his holdings, told the News it might use an article he has in the Dallas News of Sunday relative to tree planting. So we think it is well to accept his kindness and we are here reproducing it.

"If winter comes can spring be far behind?"

"When you help to preserve our trees or plant new ones, you are acting the part of a good citizen."—Roosevelt.

Mother Earth with her abundance of moisture and warmth that the near spring-like days will give will wonderfully respond to our efforts in tree-planting in the assurance of life and bud and foliage if we use the opportunity afforded us by planting now.

The News, editorially has well said: "Trees do about as much to make a town habitable and presentable as any other one factor which can be called to mind. A city of trees is likely to be a city of provident people, lovers of beauty, friends of the out-of-doors and fellows in the larger brotherhood of good will."

The News might have added that beautiful trees and refreshing shade are as conducive to charm and restfulness and as much needed for the adornment of a home in the country as well as in the city. Not many places there be but will be enhanced in its setting by the peacefulness resident in a flower or in a tall and shapely tree.

Trees will do their part as good citizens in bringing the town and country together—for, one touch of nature makes the whole world akin and when our roadways are beautified as they should be by lovely trees on either side giving an enchanting vista of beauty and charm leading on and out to beautiful homesites—the town growing into the country and the country growing into the town, until we can scarcely tell where the town and the country meet.

February 22 is an occasion of double importance. Washington's Birthday and Arbor Day. Let us pause, meditate, let every flag be raised and celebrate in school, in sermon, in song and in a way to honor this great day, also, in the observance of Arbor Day, by the planting, if not the cherry tree, the lovely elm, our national tree; the pecan, our State tree, or the hackberry, our native tree.

Clemenceau at 84 years of age is planting trees. "What does it matter whether I live one year or ten," he said. "I now propose to give myself to the pleasure of planting things and watching them grow."

Now is the time for trees. We will do well to plant them.

C. P. Sandifer who has been sick at his home for several days is reported to be improving.

George Burk's Station at Covina Is Robbed

An unconfirmed report reached us some days ago to the effect that Geo. Burks and his station in Covina, California, had been robbed some weeks ago, and this week J. W. Allison handed us a Covina paper containing the account of the robbery, which occurred on the night of January 13th. For many years Mr. Burks was in the garage business here. The account of the robbery as given in the Covina Citizen is as follows:

Between eight and nine o'clock last night while Mr. Burks was reading a newspaper and waiting for another customer to turn up, a shot was fired by the side of his service station on San Bernardino Road near the park, and a gun was shoved through the window pane, and he was ordered to throw up his hands and face the window.

He did so. While one hold-up artist kept him covered the confederate walked around through the door and stuck a gun in his side and told him to move over to the Park. He also did this. While he was going to the park, the burglar at the station robbed the cash drawer of \$28 while the one with him stripped his pockets of \$15 more. They then told him to march south and keep going. He walked a little way and watched the burglars and when they got out of sight he crossed over to the Fields residence and phoned Marshal Barry.

The burglars had their caps pulled down and handkerchiefs over their faces. They went across the park. Marshal Barry went after them in his car, and found them—or two others—in a car on a side street and arrested them under suspicion. As they had a car they could not account for, the officers at Los Angeles came out and got the boys, under suspicion of having a stolen car.

Revival Meeting in Progress at Foard City

Rev. Charles Marts of Truscott was in town Wednesday. Bro. Marts stated that a co-operative revival was in progress at Foard City, conducted by the Garrison Evangelistic Party who had closed a very successful co-operative meeting at Truscott last Sunday.

The preaching and singing are excellent, said Bro. Marts, and large crowds are attending.

There will be dinner on the ground next Sunday and a feature for the day will be the "Breaking of the Alabaster Box," at 3 o'clock. Everybody invited to attend all services.

Miss Winnie Jewel Norwood Is Married

Miss Winnie Jewel Norwood, only daughter of Mr. and Mrs. H. W. Norwood of Vernon, and niece of Mrs. Hines Clark and granddaughter of Mrs. Bettie Thomson of this city, was married last Sunday to Lee A. Probst also of Vernon.

The wedding ceremony was performed at 5:30 Sunday afternoon at the Floral Heights Methodist parsonage in Wichita Falls, the Rev. S. A. Barnes officiating.

The young married couple left for Galveston on their wedding trip. For many years the Norwood family were residents of Crowell and the newly married young lady has a number of friends here who wish her great happiness in her married life.

GRAND JURY

Following is the grand jury for the February term of district court which meets here next Monday, February 15th.

R. B. Lilly, G. J. Benham, C. E. Dunn, A. H. Fish, A. H. Martin, O. N. Baker, F. H. Crews, T. R. Cates, Clarence Ross, Roy Ayers, Claude Nichols, Ben Stokes, H. K. Edwards, J. E. Young, H. C. Roark, W. C. Erwin.

Thalia Missionary Society

The Thalia Methodist Woman's Missionary Society met Monday, Feb. 8, 1926. The meeting was opened by the president, Mrs. W. G. Chapman, with 17 members answering to roll call.

This being time for mission study, "New Days in Latin America," was discussed, with Mrs. C. B. Morris as leader.—Reporter

Mr. and Mrs. E. S. Womack arrived yesterday from Dallas on a visit with relatives here.

Judge Myers in Race for District Attorney

We are authorized to announce the candidacy of Judge John Myers of Crowell, Texas, for the office of district attorney for the 46th Judicial District of Texas, comprising the counties of Wilbarger, Hardeman and Foard.

Mr. Myers has spent considerable time and money in qualifying himself as an attorney and feels that he is well qualified to represent the State in the enforcement of the law. He is thirty eight years of age and was reared in Titus County, Texas, in which county he lived until January, 1925, at which time he moved to Crowell, Texas, and entered the law firm of Oswald & Myers.

Mr. Myers, after graduating at the Southwest Texas Teachers College, served four years as superintendent of schools of Titus County, Texas, during which time he was chosen from among about 200 county superintendents of the State as the one to represent the rural schools of Texas on the Board of Classification and Affiliation of the Schools of Texas, which said board was composed of such men as Dr. Vinson, President of the University of Texas; Dr. Bizzell, President of A. & M. College; Dr. S. P. Brooks, President of Baylor University; B. B. Cobb, Superintendent of Waco Schools, and other leading educators of the state.

Mr. Myers entered the Law Department of the University of Texas in the summer of 1920, where he remained continuously, both summer and long sessions, through the summer of 1922. After leaving the University he returned to his home county and entered the practice of law with the firm of Myer & Myers located at Mt. Pleasant, Texas. During the year 1923 he was elected city attorney of Mt. Pleasant, which position he resigned when coming to West Texas.

Mr. Myers promises, if elected to do his utmost in the enforcement of the law; that he believes every law on the State Statute should be enforced, regardless of the social standing of the violator of such law; that he believes in vigorous prosecution void of persecution; that under the Constitution every man is guaranteed a fair and impartial trial and if elected he will be as anxious to enforce this law the same as others.

Mr. Myers will make the race solely on his merits and hopes to visit every community in the district, if business will permit, before the election.

The people of Foard County will appreciate the opportunity of voting for a home man, since the county has had few such opportunities and has never been represented by such public official. We shall especially prize the opportunity because of the ability and personal worth of our candidate, Mr. Myers.

DIST. CONVENTION CHRISTIAN ENDEAVOR AT OLNEY FEB 19-21

The spring District Convention of the Christian Endeavor will be in Olney from February 19th to 21st. It is reported that Olney has a lively bunch of Endeavorers, and it is expected that they will put this convention over in a big way. Jack Huppertz, the field secretary, will be present, which is indeed an added attraction. The public is invited.

Boy Scout Program at Baptist Church

A program will be rendered by the boy scouts at the Baptist church tonight, and it is for the entertainment of everybody. The parents of the boys who are in the troop are especially urged to come.

The program will be largely informal but will be interesting to all who have their hearts in the boy scout work.

The program as it has been arranged is as follows:

- 7:30 to 8:00—Crowell Band.
- Song—America.
- Prayer—W. J. Mayhew.
- Scouting, history and purpose.—Martin Kamstra.
- Saxophone solo.—Marion Crowell.
- Classes of scouts.—Tom Reeder Jr. Solo.—Mrs. Adolphus Wright.
- Scout oath and laws.—Mabry Kimsey.
- Violin solo.—Mrs. Alva Spencer.
- Refreshments served by scouts.
- Music by band.
- Why a mother should desire her son to be a scout.—Mrs. Reeder.
- What the men of Crowell think of scouting.—Geo. Self.
- Dixie—Band, congregation singing.
- Prayer—S. A. Taylor.

Hugh McLain Is Candidate for Clerk

Hugh McLain authorizes the News to announce his candidacy for county and district clerk, subject to the action of the Democratic primary.

Mr. McLain was born and reared in Texas, and was educated in the public schools of the state and took his finishing course at Columbia College, Van Alstyne, Texas. He taught school in Collin County for nine years, and after having moved to Foard County in 1919, taught in this county one year.

Mr. McLain is one of the progressive and public spirited citizens of the Foard City community and is always found in the ranks of those who stand for the best interests of his community and the country at large.

Should he be the choice of the voters he promises an honest, impartial and faithful service and the most efficient of which he is capable.

E. M. Crosnoe Runs for Commissioner Again

Earnest M. Crosnoe allows the News to say that he is a candidate for reelection to the office of commissioner of precinct No. 3.

Mr. Crosnoe is serving his first term as commissioner and has proven himself a safe and conservative man in this responsible position. He has been faithful to his trust and loyal to the best interest of his constituents. If elected, he will continue to render to the best of his ability that character of service.

Burns Goes to New York

When Garland Burns left for the markets some days ago he was undecided as to whether he would go to New York, but he wrote his wife stating that he had gone on to the metropolis and expected to be at home by the last of this week.

Negro Is Knocked in Head and Robbed

Ed Johnson, negro 16 years of age, is in the hospital here with a fractured skull, and Charley Stacey, negro 19 years of age, is in jail charged with robbery and attempt to murder Johnson.

The discovery by some school children Monday morning of Johnson lying by the side of a street in the west part of town in an unconscious condition was made known and an investigation followed which lead to the apprehension of Stacey, who confessed to having knocked Johnson in the head with an automobile pump. The two negroes were riding in an automobile at the time of the occurrence, it is said. Stacey's story, according to reports, is that a difficulty arose between the two and Johnson drew his knife, but Stacey saved himself from being whittled up. However he ruined his pump and had to buy a new one at a filling station.

Before leaving the wounded negro, according to Stacey, he took the precaution to relieve him of his money to prevent some unscrupulous person who might happen along from robbing the unconscious man.

Johnson's father says his son must have had about \$27.00 on him when he was robbed.

The wounded negro was operated on and it is reported that he has a slim chance of recovery.

Buys Car Brahma Cattle for Market

J. W. Bell has bought a car of Brahma cattle from a man near Benjamin which he expects to ship to the Fort Worth market.

This breed of cattle is not common in this country, the fact is there are few of them, but here and there is a stockman that likes them better than any breed. They are said to be very hardy.

Mr. Bell shipped a car of common cattle to Fort Worth last week and realized good prices for them. Cattle have been rising in price for some time on account of the growing scarcity.

Crowell Couple Marry at Quanah January 31

The News failed to get the news of the marriage of Henry Gribble Jr. to Miss Beulah Ribble on Sunday, January 31st, in time for publication last week.

The marriage took place at Quanah, Rev. P. P. Lewis, pastor of the Baptist church in that city, performing the ceremony.

The bride has been in the employ of the Haskell Telephone Company here for a few years. The groom is the son of H. E. Gribble of Vernon, formerly of this place.

CROWELL GETS FIRE CREDITS OF 15 PER CT.

According to a report in the Dallas News of Wednesday there are 72 towns in the state that have received fire credits for last year's good fire record beginning March 1st. There are sixteen on which were imposed penalties for bad records, while there are five towns which received neither credits nor penalties.

The credits and penalties range from 3 to 15 per cent, and Crowell belongs in the list of towns making the high record.

There were premiums paid amounting to approximately \$17,000, while the fire losses amounted to only \$3,000.

This is a record of which every citizen in Crowell has a right to be proud, and it can be maintained with a little carefulness and caution.

PETIT JURY

Following is the petit jury of the district court for the second week of the February term.

G. M. Thacker, T. S. Haney, C. E. Gafford, Arthur Marlow, Leonard Boren, Paul Bishop, S. E. Tate, A. L. Cock, B. D. Webb, J. G. Thompson Jr., F. C. Borchardt, G. L. Cole, W. B. Blevins, D. D. Adams, M. F. Crowell, T. T. Gollightly, S. E. Crosnoe, J. J. Choat, J. A. Smith, Len Johnson, Ed Russell, A. J. Dockins, Roy Fox, R. C. Huntley, Jack Ballard, R. J. Roberts, T. J. Ferguson, J. T. Wayland, G. G. Mills, G. S. Benham, J. R. Meadors, J. R. Self, Frank Kirkman, J. F. Belew, D. C. Greer.

Petitions Ask for Consolidation of 2 School Districts

Petitions were circulated last week asking for the consolidation of school district 17, the one lying south of Crowell, with the Crowell Independent School District. Enough signers were soon gotten to order the election, so the election will be held on the 27th day of this month in the two districts on consolidation.

Consolidation appears to be the logical thing to do, since each district is in need of better accommodations in the way of school equipment. When we use the term "equipment" we have special reference to building, but not only to the building. This is the first and all important matter just now, however. And it is not a matter in which one district alone is interested. Both districts must build either together or separately in order to best serve the school interests. The petitions ask for an election for consolidation that the strength of the two districts may be thrown together and a better school building and better school facilities may be had for all who are interested.

As the News pointed out week before last, Crowell school must either build or refuse to accept transfers hereafter. This was plainly indicated by the inspector's report, which we published in the same issue of the News. If it must build it is only reasonable that this district expect district 17 to come in and help, since a large number of the pupils in that district are coming here and have been for several years. A number of the people in that district feel that it is to their interest to do this, since the Crowell school has become almost as much theirs as ours. The school board here has been glad to accept them into our school and make them feel that it is theirs, but the time has come when other arrangements are certain to be forced in order to take care of the situation. In reality consolidation of the scholastics has virtually taken place, but the best interests of each will not have been served until the financial strength of the two becomes one, as we view the matter. Each might build to take care of their own scholastics, but there are decided advantages in consolidation, in that it will offer an accredited school to the pupils of both districts.

PROGRESS BEING MADE ON STONE MOUNTAIN MEMORIAL

Atlanta, Ga., Feb. 9.—Hollins N. Randolph, President of the Stone Mountain Memorial, on Saturday issued the following progress report to the public:

Since December 10, when work was resumed, twenty thousand cubic feet of granite has been removed from the precipice of Stone Mountain. The granite removed was from the neck, shoulder and flank of "Old Traveler," General Lee's horse. This part of the carving has therefore been advanced at a most gratifying rate.

This is an average of about four hundred cubic feet per day since the work was resumed fifty days ago. The cost per cubic foot has been substantially less than it ever was in the previous operations, according to the report of the Association's engineers.

Plans have been perfected to enlarge the working force on the mountain in the next thirty days or thereabouts, so that by March the carving operations should be going in full blast. The carving will be pushed forward with the utmost possible rapidity until the central group is finished.

Mr. Lukeman believes the central group can be carved inside of two years. He and Mr. Robert, chairman of the Board of Consulting Engineers, have worked out plans for movable working platforms embracing practically the entire carving area, so that operations can be conducted on a maximum scale.

As previously announced, the Association has raised in cash and good pledges an amount sufficient to carve the central group, thus definitely assuring the first unit of the project.

Mrs. Luther Roberts is here for a few days visit with her father, Joe W. Beverly, and other relatives. She is en route from Oklahoma City, her former home, to Dallas where she and J. Choat, J. A. Smith, Len Johnson, Ed Russell, A. J. Dockins, Roy Fox, R. C. Huntley, Jack Ballard, R. J. Roberts, T. J. Ferguson, J. T. Wayland, G. G. Mills, G. S. Benham, J. R. Meadors, J. R. Self, Frank Kirkman, J. F. Belew, D. C. Greer.

"That Comic Valentine"

Fish School

R. F. D., Swearingen, Texas
(By Special Correspondent)

Tom Anderson who lately moved to his new home on the Plains 150 miles west, from here, together with his

wife and daughters, Cordia, Lucile and Lorado Sundayed with his daughter, Mrs. L. L. Whatley.

Mrs. T. A. Janes and family moved back from south of Paducah last Saturday and the children re-entered Fish school Monday morning. Mr. Janes will remain south of Paducah and "batch it" and work that farm while Mrs. Janes and son, Alvin, will work the farm from which they moved. We wish them success in their enterprise.

Mr. Deen and L. L. Whatley visited the "TL" Ranch Sunday.

Mr. and Mrs. Hagan Whatley and daughter, Lora, were business visitors to Crowell Saturday.

Miss Bossie Fish returned from Kirkland Sunday where she had been visiting friends.

Mr. G. Hog did not see his shadow here on the 22nd, but sunshine was reported at Wichita Falls and on the plains 150 miles west of here. Now won't we feel sorry for those people east and west of us when we are

having nice spring weather and they are still having winter?

SICKLY, PEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by

Panhandle Club to Have Party

Denton, Texas, Feb. 9.—The Panhandle Club of the College of Industrial Arts will have a party at the cabin, February 7, and each county group will give some stunt as a part of the entertainment.

Honesty bids you to be truthful and wisdom admonishes you when to be silent.

You can scarcely flatter a man more than asking him for his advice. You can follow your own inclination about using it.

If it's a fair question, do you suppose these people who write advice to husband and wife for the newspapers were ever married?

ing at West Rayland Sunday night.

Mr. and Mrs. Vernon Pyle and family visited Mrs. Pyle's sister, Mrs. Addison, and husband in Quanah Sunday.

Miss Virgie Borchardt spent the week-end with homefolks at Foard City.

Mr. and Mrs. Greek Davis and children arrived her from Lorenzo Thursday of last week.

Vera Davis from Lorenzo spent from Sunday night until Tuesday with Eula Shultz in Vernon.

Good Creek Items

(By Special Correspondence)

Lonnie Scott of Burkburnett visited his parents a few days last week.

Mrs. Fred Cox and children of Henrietta are visiting her parents, Mr. and Mrs. G. L. Scott.

Aus Hanks of Crowell visited friends in our community Saturday and Sunday.

Mrs. Black and daughter, Nettie, are improving fine. They were poisoned by eating canned apples.

Mrs. W. J. Chatfield returned a few days ago from a month's visit in Houston with her mother and grandmother.

Bert Hanks and Pat McDaniel of Crowell were in our community last week.

Those in Crowell Saturday were Jack Whitley, Andy Hinkle, D. N. Fortner, S. E. Dunn, and P. M. Hinkle.

Mr. and Mrs. J. T. Daniel visited friends in Crowell Sunday afternoon.

H. E. Davis of Crowell was in our community Sunday.

Notice

I have a fine Jersey male, service \$1.00. If you can't pay do not bring nor send cows. The one who brings is held responsible. It costs something to keep animal, so bring a dollar when service is wanted.—W. E. and Mrs. B. F. Hallmark. 33p

"The Store With a Fraternal Spirit"

THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, February 12, 1926

The State Commerce Commission has recommended to the Interstate Commerce Commission that permit be granted to build the proposed Texas, Panhandle & Gulf railroad from Tucumcari, N. M., to Fort Worth, Texas, and people along the proposed route are expecting a favorable decision from the I. C. C. It proposes to touch only a small corner of Foard County and therefore will not render very valuable service to the county. In the meantime the Santa Fe has its surveying crew at work looking out a route for a line to parallel the T. P. & G. It is not probable that both these roads will build, and there may be a sufficient degree of uncertainty about either building to disquiet the anxious expectants.

The Hamlin Herald tells of a mad dog scare in that town when some persons were bitten and had to go to Austin to take the Pasteur treatment. According to the Herald 100 dogs were killed following the incident. That's a good many dogs for one town, but assuming that the town needed them one wonders how it will get along without them, now that they are gone. Possibly it would be well for Crowell to take a dog census and ascertain just how many it has, so that, in case of an emergency, such as has come to her sister town on the south, it would know just how many dogs could be spared without creating an alarming shortage by wholesale killing.

Yes, impossibilities are still being accomplished! We wondered at the radio and other scientific impossibilities, but one of the more recent impossibilities astounding in its nature is the stunt pulled by a Texas farmer in raising more than five bales of cotton on one acre of land. If one had expressed the opinion ten years ago that three bales of cotton could be produced on an acre, people would have asked for a trial of such person for insanity. Then they came along with the 200-egg hen, then her 300-egg sister, and now they are telling us that they have developed a hen that lays two eggs a day.

It is said that dandelions and strawberries are in full bloom at Juneau, Alaska, and that baseball is now the prevailing sport there. It is not generally known in this country that portions of the Alaskan coast are very much tempered by the warm Japan current which makes it possible to produce oranges there. Yet, we are not figuring on spending any winters there, but are willing to take the other fellow's word that Alaska has its fine winter resorts.

And now it has come to where a woman may exercise the authority to join a couple in the holy bonds of wedlock. A man should be very careful about the solemn vows he permits to be extracted from him by an officiating female at the sacred altar. If a man is not handy to tie the knot our advice is to postpone the wedding until one can be had.

It's a good time to plant trees. Of course everybody knows that and we are not expecting this suggestion to be followed by a general rush with spade and pick to the front yard, yet it would be a fine thing to do. If husbands find their time wholly occupied in other pursuits, they might pass the suggestion to the good wife, and if necessary, be generous enough to buy her a new spade.

It looks like we are going to have a full field of candidates in the county, but there is no objection to that, especially since they are highclass representative citizens. It may be hard to make selections because of the high average but if no other kind run, the danger of the voters' making mistakes will be minimized.

FATHER OF SISTER TAYLOR DIED FEB. 5

The sad message came to Sister Taylor, wife of Rev. S. A. Taylor, pastor of the Baptist church, that her father, R. P. McCullough, had died on Feb. 5th, after an illness of one month. He was 75 years of age at the time of his death.

Mr. McCullough was born near Salem, Alabama, and at the time of his death resided in Birmingham. He is survived by his wife and five children. Funeral services were held at Ruhama Baptist church in Birmingham and interment took place in Forest Hill cemetery, Dr. J. C. Stivender conducting the services.

Mrs. Taylor had recently made a trip to the home of her parents but was advised to return to Crowell on account of her health. Her father was in a critical condition while she was there and the news of his death was not unexpected.

Mrs. Russell Beverly returned from market last Friday where she made heavy purchases of seasonable goods for the millinery and ready-to-wear department of the Crowell Dry Goods Company. Attention is being called this week in the ad. to some of the styles and patterns.

Mr. and Mrs. Lawrence Kimsey were called to Fort Worth Monday of last week on account of the serious illness of Mrs. Kimsey's little niece. She is reported to be improving at this time.

Mr. and Mrs. C. E. Thacker are here from Sawtelle, California, for a visit with Mr. Thacker's mother, Mrs. Fannie Thacker, and Mrs. Thacker's father, J. R. Bell and other relatives and friends.

Mrs. J. R. Eldridge, who has been in declining health for several months, is reported to be in a critical condition at her home in the northeast part of town.

Mrs. J. M. Allee returned last Friday from Rockwood where she made an extended visit with her daughter, Mrs. A. S. Hart, and family.

Sherwin-Williams paints, varnishes, enamels.—Crews-Long Hdw. Co., Crowell and Thalia.

PREVENTS INFECTION

The greatest discovery in flesh healing is the marvelous Borozone, a preparation that comes in liquid and powder form. It is a combination treatment that not only purifies the wound of germs that cause infection but it heals the flesh with extraordinary speed. Bad wounds or cuts which take weeks to heal with the ordinary liniments mend quickly under the powerful influence of this wonderful remedy. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Our prices are reasonable and we are prepared to take care of your tire needs.

Beverly Filling Station

Frequent Bilious Attacks

"I suffered with severe bilious attacks that came on two or three times each month," says Mr. J. P. Nevins, of Lawrenceburg, Ky. "I would get nauseated. I would have dizziness and couldn't work. I would take pills until I was worn-out with them. I didn't seem to get relief. "A neighbor told me of

BLACK-DRAUGHT

Liver Medicine

and I began its use. I never have found so much relief as it gave me. I would not be without it for anything. It seemed to cleanse my whole system and made me feel like new. I would take a few doses—get rid of the bile and have my usual clear head, feel full of pep, and could do twice the work." Bilious attacks are "seasonal" with many people. Millions have taken Thedford's Black-Draught to ward off such attacks, and the good results they have reported should induce you to try it.

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

A SPLENDID FEELING

That tired, half-sick, discouraged feeling caused by a torpid liver and constipated bowels can be gotten rid of with surprising promptness by using Histogen. You feel its beneficial effect with the first dose as its purifying and regulating effect is thorough and complete. It not only drives out bile and poisons but builds up a new and healthy condition of the liver, stomach, and intestines.

How To Quickly Stop Bad Coughs

It is often surprising how quickly the heaviest cough disappears when treated by a remarkable new method.

Here is the method, based on the famous Dr. King's New Discovery for Coughs: You simply take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals irritation, but also loosens and removes the phlegm and congestion which are the real cause of the coughing. So the severest cough soon disappears completely.

Dr. King's New Discovery is for coughs, chest colds, bronchitis, spasmodic croup, etc. Fine for children, too—no harmful drugs. Very economical, as the dose is only one teaspoonful. At all good druggists. Ask for

WHAT'S DOING IN WEST TEXAS (By West Texas C. of C.)

Perryton—Taxable values in Hutchinson County have increased more than ten fold during the past two years. The increase gives this county more than twenty million dollars taxable values. The great increase is because of the discovery of oil in the county.

Childress—A white way of such brilliance that Broadway will blush for shame is going to blaze in Childress. In addition to the high powered street lights maintained by the city, merchants are stringing awning lights down both sides of the streets and numerous brilliant electric signs of novel design are being erected.

Fort Worth—Col. C. C. French, Industrial Agent for the Fort Worth Stockyards Co. who has the immediate supervision of the joint Fort Worth Stockyards Co. and the West Texas Chamber of Commerce hog importing campaign now under way throughout West Texas, stated today that car load shipments were now under way at Midland, Big Springs, Colorado, Sweetwater, Abilene, Rising Star, Cisco, Stamford, Haskell, Quanah, Swenson and Spur. He also stated that he was visiting all important centers in West Texas interested in the hog importing campaign. Under this plan selected gilts will be shipped into West Texas at cost from selected stock taken from the packeries at Sioux City, Iowa, and elsewhere in the Middle West. 200,000 of these hogs are needed to completely restock West Texas. Col. French stated that just as a farmer imported cotton seed for the purpose of planting cotton, it is necessary for him to import basic stock for hog production and that is what this government is doing, and therefore, it is not necessary for a farmer to have a large supply of feed stuff in order to make a reasonable importation.

Decatur—Wise County shipped one million gallons of milk during the year 1925. The value of this milk and of the butter fat sold totaled a third of a million dollars. Decatur lays claim to being the largest milk shipping point south of Kansas City.

Stamford—The West Texas Chamber of Commerce will operate a special train to Philadelphia to the Sesqui-Centennial International Exposition there. The train will leave immediately after the Amarillo Convention. The West Texas Chamber is to send an exhibit to the exposition.

Breckenridge—Porter A. Whaley, manager of the West Texas Chamber of Commerce, and B. M. Whitaker, exhibit manager of the organization, were guests of the Chamber of Commerce Luncheon Club here recently. They had attended the annual banquet of the Olney Chamber of Commerce and were en route home. They each delivered a short talk here.

Olton—A drive is underway here to increase the membership of the Olton Chamber of Commerce. Dues have been reduced from \$12 to \$6 in order to encourage new members to enroll.

Vernon—The purchase of Fair Park by the City of Vernon is proposed and a bond election has been ordered for the purpose.

Merton—Jake Biler, local hunter found thirteen raccoons in one tree while on a hunting trip on the Pecos River. He killed them all and sold their skins for a price of \$5 to \$13 each. He claims a world's record for treeing coons in one tree.

Littlefield—Preparations are under way for the district convention of the West Texas Chamber of Commerce to be held here Feb. 22. A good attendance is anticipated and an interesting program has been prepared.

Taboka—Lynn County is to have a county school superintendent. The population of the county has increased to the point that the office has been automatically created.

Stanton—E. H. Whitehead, publicity manager of the West Texas Chamber of Commerce, spoke here at a meeting of the newly organized Stanton Chamber of Commerce. The directors held their first meeting immediately following the meeting and Mr. Whitehead discussed phases of work with them.

Columbian Club

Mrs. L. S. Spencer was hostess to the Columbian Club on Wednesday of last week. It was our first meeting in Mrs. Spencer's pretty new home, and its tasteful appointments gave a very pleasing atmosphere for a club study.

After a short business session Mrs. C. R. Ferguson led the lesson from Browning which dealt with English National life. The greater part of the scenes being from the time of George I of England and the stormy days of the Long Parliament.

Guests for the afternoon were Madams Griffith, Edgar Kinsey and J. H. Lanier.

The hostess was assisted by Misses Aylene Lanier and Frances Allison in serving a delicious refreshment plate. We meet next week with Mrs. Morris Kenner.—Reporter.

A. and M. Band Will Be at C. I. A.

Denton, Texas, Feb. 8.—The Texas A. and M. Band will come to the College of Industrial Arts sometime in the spring term. There are 105 members in the band.

Rayland News (By Special Correspondent)

First Hints of Spring in New Modes

The reflection of the bouyancy and youth of springtime is in these first fashions of the season. Fabric, line and color combine in creating this freshness and smart jauntiness.

Coats are versatile and are smart when, straight, flared or caped at the back, and frocks bring novel ways of widening skirts—new flares, flounces, godets and panels. Our new collection of millinery and ready-to-wear invite your early inspection.

Crowell Dry Goods Co.

MUSIC MEMORY NOTES

"Anita's Dance" and "In the Hall of the Mountain King," from Peer Gynt Suite by Edvard Grieg, are two selections being used in the music memory contest which find immediate favor with listeners.

Edvard Grieg was a Norwegian and his musical endowment and artistic taste were derived primarily from his mother, an accomplished singer and pianist. In 1874, when Grieg was 31, the dramatist, Henrik Ibsen, wrote him that he was planning a stage version of his dramatic poem, Peer Gynt (pronounced pare-gint), and that he wished him to write the incidental music for it. Of the twenty-two numbers which he wrote, Grieg selected four of the best and published them separately as a suite. The first number is called "Morning Mood." The second number, "The Death of Aase" (pronounced Aw-seh), is extremely mournful.

Gayly contrasted is the mood of Anita's Dance, which is played very softly behind the scenes as accompaniment to Peer Gynt's monology, spoken while watching a slender Bedouin girl dance. Orchestrated for strings, the movement is full of life and color. A few bars of introduction, then a light tripping theme, like the pattering of tiny feet, weaves in and out. Crowded with trills and grace notes, and almost all of it staccato. Now come four bars of ascending strain, as if the girl were holding out her arms to Peer, then a fragment of the dance figure, and once more the pleading in higher key, followed by a development which leads back to the first part.

The fourth number, "In the Hall of the Mountain King," is an excellent example of musical picturing. Peer Gynt has refused to marry the hideous daughter of the mountain king and is pursued by trolls and gnomes. The movement starts rather slowly in the deep bass, the staccato notes of the big bassoon humorously suggesting the ungainly caperings of the misshapen dwarfs that dwell underground. Gradually both tempo and sounds are increased, the chase grows wilder and wilder, the rumbling rocks beneath the flying feet of the maddened throng, while triplet figures in the upper registers are like the shrieks of the pursuing trolls. The climax and the end of the movement is a thunderous crash that represents the collapse of the hall at the sound of a distant church bell.

It's easy to listen to both sides of the question if you don't have to decide it.

It isn't in history any place that any people became great by ridiculing religion.

All laws have teeth, but the difficulty is that so many of them are false.

He who hesitates gets bumped and he who bolst ahead has a damage suit.

Adelphian Tea Party

One of the loveliest and most enjoyable occasions was that of the tea of the Adelphian Club given at the beautiful home of Mrs. Mark Henry's last Thursday afternoon. The members of the club composed the house party, which welcomed the many guests during the afternoon.

Decorative motifs, using the club colors of purple and gold, were used to enhance the attractiveness of the spacious reception suite. The tea table was laid with cluny lace, silver candle sticks with purple and gold, and a centerpiece further carrying out

the color scheme.

An exceedingly interesting program was rendered throughout the afternoon. The following numbers were enjoyed by all: piano solo, Miss Sloan; vocal solos, Mrs. Palm, Mrs. Geo. Self and Miss Carrie Maurice Allee; readings, Mrs. Baxter Johnson, Misses Cates and Wishon; vocal duet, Mrs. Couch and Miss Woods.

Tea was poured and a delicious salad and sandwich course was served. Artistic favors were pinned on each guest as she departed. About one hundred and fifty registered as having attended this delightful reception. —Contributed.

W.B. WHEELER

FEBRUARY HOLIDAYS

Two patriotic holidays fall in February, each or both of which should awaken renewed interest in the lives of men whose memory we owe the utmost respect.

Although they wrought in different periods of the American republic's development, each was particularly adapted for the services rendered to posterity.

Washington was a man in whom the people of the new nation had the utmost confidence. He was a man around whom all could gather to make secure the foundation of what was destined to be the greatest nation the world had ever known.

Lincoln's great forgiving spirit, his nobleness of purpose and uncanny knowledge of human nature fitted him for the seemingly impossible task of holding the several states together so that they could fulfill their destiny.

As we come to the time when their birthdays are observed, all true Americans should reconsecrate themselves to the same ideals as those to which the Father of Country clung and to which the savior of our country held steadfastly when the privations of a people, divided one against the other, weighed heavily upon him.

The radio "setting up" exercises that are most in favor keep the listeners up until morning.

People who fail to make the best of what they have should remember that there are others waiting to take their places.

Now and then you'll find a man who admits his word isn't law at home.

More Than a Bakery

While bread is the chief product of our ovens, we have a wide assortment of pastries that may be purchased as cheaply as they can be baked at home.

This is a special service afforded the housewives of this community to lessen their kitchen duties.

If you have never tried any of our cakes and pies, you have been missing something good.

We have whole wheat bread each day.

Electrically Cooked Foods Are Better

Electrically cooked foods are better than foods baked under any other method, and more wholesome. Roasts cooked in electric ovens are all juicy flavor that is so often cooked away by other methods, and breads and cakes are cooked in the electric oven at just the desired temperature not—too hot—not too cold but just right.

Electric ranges are adjustable to every requirement of the home. They eliminate waste from burned foods and shrin, and every burner is adjustable to any desired temperature by the mere turn of a switch.

We will install one in your home and give you a liberal allowance on your present stove, and you may pay the balance cash or on easy terms.

West Texas Utilities Company

Saucy Spring Styles in Footwear

There's aptness and piquancy about the new oxfords and pumps for Spring that's very appealing. They're more than smart—they're distinguished. You'll see this for yourself if you'll see this for yourself if you'll look in our windows, and if you'll drop inside for a moment we'll be glad to show you other new style for the coming season.

1892 **R.B. Edwards Co.** 1925

So many things are not appreciated until they are gone. For example, there's the headlights on an automobile.

Scientist estimates the speed of the earth at 65 miles a second, adding further proof that this is a fast life we live.

Judge's Notice of Election

THE STATE OF TEXAS,
County of Foard.

Notice is hereby given that an election will be held on the 27th day of February, 1926, at the County Court House in Crowell Independent School District of this County to determine whether a majority of the legally qualified voters of that district desire to consolidate the said district with Common School District Number 17 of this County forming thereby the Consolidated Crowell Independent School District in Foard County, Texas.

S. E. Scales has been appointed presiding officer for said election and shall select two judges and two clerks to assist him in holding the same, and he shall within five days after said election has been held make due return thereof to the Commissioners Court of this county as is required by law for holding a general election.

All persons who are legally qualified voters of this State and County and who are resident qualified voters in said district shall be entitled to vote at said election and all voters

who favor the consolidation of the aforementioned school districts shall have written or printed on their ballots the words:

"For Consolidation."
And those opposed to such consolidation shall have written or printed on their ballot the words:

"Against Consolidation."
Dated the 4th day of February, 1926.
JESSE OWENS,
County Judge, Foard Co., Texas.

Lectures for C. I. A.

Denton, Texas, Feb. 8.—The faculty members of the College of Industrial Arts will give a series of lectures, one a week for the next six weeks. The lectures are sponsored by the Y. W. C. A. as a part of their annual missionary work.

Greatest Enrollment at C. I. A.

Denton, Texas, Feb. 3.—The greatest enrollment of the College of Industrial Arts was reached when 1775 students registered at the beginning of the second term of 1925-26. The registrar believes that the number will go over the 1800 mark before the end of the year.

Black Community News

(By Special Correspondent)

Mr. and Mrs. Gentry spent Sunday with Mr. and Mrs. S. E. Scales of Crowell.

Mr. and Mrs. W. W. Nichols spent Sunday with Mr. Nichols' sister, Mrs. John Shirley, and family of Jamison.

Mr. and Mrs. Ed Address visited Mr. and Mrs. Flem Hays of Crowell Sunday afternoon.

Mrs. Ora Graham and sister, Thirabelle Campsey, of Crowell were in our community Tuesday afternoon.

Forest McKown of California visited his uncle, Geo. W. McKown, and family last week.

Mr. and Mrs. Sherman Nichols visited in the home of Mr. and Mrs. John Shirley of Jamison Sunday.

Bill Sparks, Lynn McKown and Tom Nichols were in Wichita Falls Sunday.

Silver Wedding Anniversary

Mr. and Mrs. Martin O'Connell have completed a quarter of a century of wedded life, and on Sunday, Feb. 4, their silver wedding anniversary, they entertained their neighbors and a few friends with a sumptuous turkey dinner. The beautiful table was centered with a pink Cyclamen plant in full bloom and pink candles in silver holders.

The wedding cake tastefully decorated in pink and white was cut by the bride of twenty-five years, and served with cream. The favors were dainty valentines.

Many beautiful gifts of silver were received by Mr. and Mrs. O'Connell, and the guests were unanimous in thanking the host and hostess for a delightful social occasion and wishing for them twenty-five more happy years until the time of their golden anniversary.—A Guest.

Judge's Notice of Election

THE STATE OF TEXAS,
County of Foard.

Notice is hereby given that an election will be held on the 27th day of February, 1926, at A. P. Barry's residence in Common School District Number 17 of this county to determine whether a majority of the legally qualified voters of that district desire to consolidate the said district with the Crowell Independent School District of this county forming thereby the Consolidated Crowell Independent School District in Foard County, Texas.

C. D. Stephenson has been appointed presiding officer for said election and shall select two judges and two clerks to assist him in holding the same, and he shall within five days after said election has been held make due return thereof to the Commissioners Court of this county as is required by law for holding a general election.

All persons who are legally qualified voters of this State and County and who are resident qualified voters in said district shall be entitled to vote at said election and all voters who favor the consolidation of the aforementioned school districts shall have written or printed on their ballots the words:
