Dependable Merchandise

We have always carried in our well assorted stock, good, dependable merchandise. Good goods that we were proud to offer to our friends—because we knew they always gave long service and splendid satisfaction.

For a long time we did not sell stoves, but when we decided to offer stoves we picked the famous RED STAR, a stove that uses no wick of any kind—yet burns perfectly either kerosene or gasoline, or distillate, as our finest, most beautiful oil stove in America. Then we selected the world known "New Perfection" oil stove—one that uses an ordinary wick and the long blue chimney and giant burner—for our best wick stove.

We will announce something in our stove and phonograph departments soon that we think will be very attractive.

CITATION BY PUBLICATION

THE STATE OF TEXAS.

To the Sheriff or any Constable of Foard County—Greeting:

You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in the County of Foard, if there be a newspaper published therein, but if not, then in any newspaper published in the 46th judicial district; but if there be no newspaper published in said judicial district then in a newspaper published in the nearest district to said 46th judicial district,

once in each week for four consecutive weeks previous to the return day hereof, N. R. Lowry, J. L. Craig, J. T. Craig, W. H. Fowler, Trustee, N. E. Dexter, Texas Production Company, Liquid Gold Production Company, Desdemona Oil Company, Apex Petroleum Company; T. D. Doan, Roy Crum, and Bert Woolfolk, Trustees; L. Rosenbaum and J. Fred Johnston, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Foard at the court house thereof, in Crowell, Texas, on the third Monday in September, A. D. 1925, same being the 21st day of September, A. D. 1925, then and there to answer a petition filed in said court, on the 19th day of August, A. D. 1925, in a suit numbered on the docket of said court No. 1234, wherein J. W. Carroll is plaintiff, and George P. Warner, N. R. Lowry, J. L. Craig, J. T. Craig, W. H. Fowler, Trustee, N. E. Dexter, Liquid Gold Production Company; Texas Production Company; Desdemona Oil Company; Apex Petroleum Company; T. D. Doan, Roy Crum and Bert Woolfolk, Trustees; L. Rosenbaum; J. Fred Johnston; Mrs. Joella Hendrix; Frank Hendrix; Joe B. Hendrix and John M. Hendrix, are defendants;

The nature of the plaintiff's demand being as follows, to-wit: A suit in trespass to try title to section No. Thirteen, in Block "X," Certificate No. 30-466, of the T. & N. O. Ry Company survey in Foard County, Texas, containing 320 acres of land, alleging that same was conveyed to plaintiff by F. D. Hendrix by two deeds with general covenants of warranty, one dated December 29th, 1915, and of record in Vol. 34 at page 251, and the other dated October 3rd, 1916, and of record in Vol. 35 at page 198 of the deed records of Foard County, Texas, praying for judgment for the title to and possession of said land, for writ of possession, costs of suit, and general and special relief, both legal and equitable;

And alleging that the defendants, Joella Hendrix, Frank D. Hendrix, Joe B. Hendrix and John M. Hendrix are bound by the covenants of warranty given by F. D. Hendrix for said land, and calling upon them to defend the title or in the alternative for judgment against them for the value of said land, or any interest therein to which they may fail to successfully defend title;

Herein fail not, and have you before said court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same. Given under my hand and seal of said court, at office in Crowell, Texas, this, the 19th day of August, A. D. 1925.

IDLENESS

"The unoccupied man," says an editorial in the Dallas News, "is a menace to himself and those about him. The busy man is healthier than his idle neighbor. Inactive minds are sure to breed inactive thoughts, just as standing water will breed disease germs."

Another thing about the active man is that he is happier than the idle man. It is a mistaken idea that to have no exercise for the mind or body is a state of bliss to be sought. Every one wants happiness but it is found only in honorable employment of some kind most suitable to one's talent and qualifications.

These additional lines are taken from the Dallas News: "Idleness not only breeds dissatisfaction with oneself, but with life and its beauties, duties and glories. And the old trite adage that 'An idle brain is the devil's workshop,' has been proven true down the centuries. God has ordained that all should work. If one is idle he is the more disposed to listen to the devil's own offer of employment, for if you won't work at things he doesn't like it is likely that you will work at things he does like, and when you do—good-bye!"

Man's success and happiness rest upon believing, accepting and acting upon the truth in all things. Sin and crime are the results of believing falsehood.

The boy scout movement is one of the greatest organizations for the moulding of manly character ever launched in this country and it deserves the hearty co-operation of the best citizens of the country. It is in this organization that the boys are taught the great lessons of obedience to authority and the importance and value of personal service. It is there that they get much of the moral and religious training needful to them if their leader is the right kind of a man. Briefly it is one of the most powerful organizations purposing to make of the boys today useful men of tomorrow. As we are giving a portion of our attention to the growing of better cattle and hogs we might well afford to give some to that of making better men of our boys. There is never a dull market for that kind. They are always in demand at a good price and the supply is always short of the demand.

REGISTRATION WEEK AT HAND

In last week's issue of the News, we called the attention of the people of Crowell to the fact that there would likely be a few changes in the organization of the school this year due to a change in administration. One thing mentioned was in regard to the opening of the building. The building will be opened each morning at 8:20 o'clock, and prior to that time no pupil is expected to be on the school yard or about the building, unless upon the request of some teacher for some special work. After the doors are open, all pupils upon arrival will go immediately to their respective rooms for study, and at 8:50 work will begin. All pupils reporting to school after 8:50 will be counted tardy. We sincerely hope that all parents and guardians will cooperate with us in carrying out this regulation by seeing that their children leave home in plenty of time to get to school before 8:50, but not earlier than 8:20.

Probably another change in the general organization is that of registration, which will start Tuesday of next week. All pupils who will be seniors this year are requested to report to the school building Tuesday morning, September 1, at 9 o'clock. If you do not know whether you are a senior or not, but you know that you have eleven credits, you may come at that time for registration. All juniors or those having seven credits but less than eleven are requested to report at 1:30 Tuesday, September 1, for registration. All sophomores or those having less than seven credits but three or more report Wednesday morning, September 2, at 9 o'clock. All freshmen and others who may be classified as irregulars report Wednesday at 1:30.

All high school pupils will be required to take four subjects, unless otherwise arranged, and no one will be permitted to take five subjects unless he or she has made a grade of excellence on each subject for the previous semester, or possibly a senior.

Practically all high school work will be up stairs with the auditorium used as a study hall. All intermediate work, that is the fifth, sixth and seventh grades will be on the main floor, and all primary work will be in the basement. All pupils who have been absent, will upon their return to school be required to present a written excuse from parent or guardian. If the pupil is in high school, such excuses will be taken to the superintendent, who will handle them as he thinks best. Primary and intermediate students will give such excuses to the teacher in charge of their room. Then these excuses must be O. K. ed by the principals of these two departments.

Work offered in the Crowell high school the first Semester is as follows:

Freshman Year, or Eighth Grade
English, Latin, Spanish, Ancient History, Algebra, Physical Geography.

Sophomore Year, or Ninth Grade
English, Latin, Spanish, Modern History, Algebra, Biology.

Junior Year, or Tenth Grade
English, Latin, American or English History, Plane Geometry, Chemistry.

Senior Year, or Eleventh Grade
English, American or English History, Solid Geometry, Physics, Civics. Crowell has a high school of the first class with twenty-two credits of affiliation, and in order to graduate sixteen credits are required. Of these sixteen credits there must be four in English, three in Mathematics, two in History, (one of which must be American) two in a language either in Spanish or Latin, (but not one in each) and one in a laboratory science, either Biology, Chemistry or Physics.

There will be a faculty meeting at the school building at 10 o'clock Saturday morning, September 5. All members are expected to be there at that time. Let's start the year right by adopting as our plan—every teacher on time and ready and willing to do his or her duty on work as outlined for him or her. If we do this I have no doubt but what Crowell will have a successful school year of it.

Frequent Bilious Attacks

"I suffered with severe bilious attacks that came on two or three times each month," says Mr. J. P. Nevins, of Lawrenceburg, Ky. "I would get nauseated. I would have dizziness and couldn't work. I would take pills until I was worn-out with them. I didn't seem to get relief. "A neighbor told me of

BLACK-DRAUGHT

and I began its use. I never have found so much relief as it gave me. I would not be without it for anything. It seemed to cleanse my whole system and made me feel like new. I would take a few doses—get rid of the bile and have my usual clear head, feel full of pep, and could do twice the work."

Bilious attacks are "seasonal" with many people. Millions have taken Theodor's Black-Draught to ward off such attacks, and the good results they have reported should induce you to try it.

School Days Are Near

As school days roll around again you are confronted with the proposition of making purchases of school supplies.

Those days are just around the corner. You will soon be rushing to town with a list of things you will need in your school work. There will be pencils, tablets, pens, pen staffs, pen points, theme books, inks, etc. We can not begin to name all the things you will need and perhaps you can not begin to enumerate all of them, but you can hold this store in mind and when you come to buy you will find it to your advantage to make this store your headquarters for these buys.

OBITUARY

Mrs. Kate Nelson, the daughter of Mr. and Mrs. Lee Walling was born at Abilene, Texas, November 6, 1895, and died at Anadarko, Okla., Aug. 20, 1925. The most of her life was spent near Crowell. She was married to O. E. Nelson on January 17, 1925. She confessed her faith in Christ at the age of twelve at Vivian, Texas, and since that time has been a consistent member of the Christian church.

She was conscious to the very last, and said, "I am going to sleep." She said she was not afraid to die, and was prepared to meet God, and the last words spoken were "Meet me there." As her loved ones gathered around the bed and prayed, she asked that they sing a song. She led two verses of that beautiful song, "When the Roll is Called Up Yonder." In a sorrow like this there is nothing more comforting than the promises of God's word. Especially when we are told that Jesus is the resurrection and the life. And that he has gone back to the Father to prepare a place for all who have the faith in God that Sister Nelson had. Let the loved ones sorrow not as those that have no hope. But let us take hope in what Paul said: "All things work together for good to all of them that love him."

Mrs. Nelson is survived by husband, O. E. Nelson, and son, Otho Lee, father and mother, also three brothers and two sisters.

Funeral services were conducted at the Methodist church in Crowell at 5 p. m. Saturday by Rev. E. M. Wheatley, pastor of the Christian church. Out-of-town relatives at-

YOUR DAILY VITAMINS

Have you had your daily portion of vitamins today?

That's a fair question. It's one that the family physician will be asking you, if he is consulted, before long, because greater importance is being placed on essential food factors in relation to health, than ever before.

The United States bureau of chemistry, in a summary of present knowledge of vitamins, says that vitamins should be sought in the garden or in the market, and not in the drug store.

It is now known that there are at least five vitamins, designated as A, B, C, D, and E, and it is probable that others will be discovered. The absence of any one of the five from the diet will develop certain characteristic effects.

The function of vitamins has been compared to that of a spark plug in an engine. They are accessory food factors, in that they contribute neither energy nor tissue building material, but are essential to growth, health and life.

People and animals are not able to provide vitamins within their bodies, and for this reason, if they are not present in the food you eat, affections known as deficiency diseases may appear.

Therefore, the exhortation that you get your daily portion of vitamins, every day, is well worth following, because it may be the means of preserving health.

The only place a speed demon can drive in front of a train and get away with it is in the movies.

Another way to get out in the open is to refuse to pay the rent.

West Texas News

Sonora—A two days' meeting of the sheep and goat men of this territory has just been closed at the Experiment Station near here. Over two thousand persons were in attendance at this meeting. B. Youngblood and J. M. Jones, both of A. & M. College were the principal speakers.

Brady—The Brady Chamber of Commerce Egg Demonstration farm may now be said to be in actual operation. The half-dozen eggs representing the first output of the farm are on exhibition in the show window of the Broad Mercantile Co., and are creating considerable interest.

Plainview—The first district meeting of the West Texas farm bureau was held here on August 20-21. The district comprises thirty eight counties immediately surrounding Hale County and more than 2000 farmers attended this meeting. Col. Clarence Ousley was the principal speaker.

Cisco—The Williams Service Company, airplane transportation and mail service, to operate between Fort Worth and Los Angeles has notified the Cisco Chamber of Commerce that the company will use the Cisco aviation field for landing passengers, mail and freight. The company will have a representative here shortly to install the forty acre tract secured for the landing field in Cisco.

Loraine—In a special election held here this week, bonds amounting to \$30,000 were authorized for the purpose of improving and extending the water works system.

Mineral Wells—The first bale of cotton for the 1925 season was brought here today by W. W. Harrington of the Pleasant Valley community. After being ginned the bale was auctioned off in front of the Chamber of Commerce building by the Davidson-Caldwell Hardware Co. for 23.65. The bale weighed 420 pounds, bringing a total of \$99.33.

Amherst—Amherst votes bonds amounting to \$50,000 for a water works system. The election was carried by a large majority. Contracts will be let shortly.

Friona—The Friona Star, published by John White, secretary of the commercial club, is said to be the newest weekly newspaper published on the Plains. The paper is now being printed in Clovis, pending the arrival of the machinery for the new plant.

Artesia, N. M.—The first high line for power transmission in this section has recently been completed from Roswell to Artesia. The line carries 33,000 volts and the juice will be turned on this week. This system will enable Hagerman, Dexter and Lake Arthur to have the same class of service as will be maintained here.

Munday—According to H. F. Barnes, agent for the Wichita Valley Railroad, who has just returned from Boulder, Colo., the receipts at Munday exceed those at Boulder, Colo., a city of 16,000 population by more than \$60,000 per year. Mr. Barnes says this is due to the extraordinarily large amount of agricultural products shipped from this territory.

Lubbock—W. D. Benson, Sr., of Breckenridge, who has a large amount of property here, let contracts this week for a two story brick building in the business section of Lubbock to house a United stage depot which has been needed here for a long time with stage lines operating in every direction out of Lubbock.

T. E. L. CLASS

On Thursday afternoon, August 14, the class met with Mesdames George Hinds, Albert Dunagan and Duke Wallace in the home of Mrs. J. H. Self.

The reception room was pretty with flowers and soft electric lights lent charm. After singing our class song, our new 3rd vice president, Mrs. Bert Self, led an interesting devotional and gave quite a bit of history relative to the name of the class and of Timothy, Eunice and Lois. Then Mrs. Hinds gave a beautiful selection of Rodeheaver's on the Victrola. Mesdames Griffith and Bell sang an appropriate duet. Then Mrs. Griffith, the new president, presided. After the business session Mrs. Couch conducted a Bible quiz which was quite interesting and made us wish we read the book more.

Mrs. Arnold Rucker rendered a saxophone solo, "Sing Me to Sleep," with Miss Annie Lee Long piano accompanist. Then followed the "high stepping" contest. Mrs. Griffith proved to be the highest stepper.

The class was delighted to have as visitors one of its first members, Mrs. McGonagle of Texon. Mrs. Geo. Allison, Mrs. Edgar Kinsey, Mrs. R. J. Roberts, Miss Annie Lee Long and Mrs. Ernest King were guests.

Delicious cream and cake were served to the visitors and 17 class members.—Reporter.

No priming necessary for the Florence oil stove, just a simple turn of the lever and it is ready to burn.—M. S. Henry & Co.

DON'T START ANY ROUGH RIDING unless you are shod with Gates Super Tread Tires. I quit an A-1 good job with the City to sell Magnolia products and Gates Tires because I have utmost confidence and faith in both. It would not be right to give me all your trade. I do not expect or wish all of anyone's trade nor do I expect a part of everyone's trade. I believe I have the very best stuff money can buy and I appreciate folks coming by to see me and try my stuff. I have a few cans of really good cold patch I am giving to every tire customer and for every Ford re-filled with Magnolene oil for Fords. I'll write some more of this next week even if I can't have a new picture.
