\$2.00 A YEAR

BIG CAMPAIGN ENDS SATURDAY

ASPHALT NOW BEING PLACED ON HI-WAY 28

The work of applying the triple bituminous surface treatment to five miles of waterbound broken stone on Highway 28, west of Crowell, was started Saturday afternoon by J. Lee and E. A. Vibbig, contractors for the work. The application of this treatment is the first step in completing this type pavement and at the present time two miles have been completed on the section of the highway which is at the end of the concrete pavement, five miles west of Crowell.

The triple bituminous surface treatment consists of three applications of asphalt along with three applications of different sized stone to the waterbound broken stone which is slightly more than 1/2 inches in thickness.

An interesting method in transferring the hot molten asphalt to its final position is used. The asphalt is pumped from special tank cars on the Santa Fe tracks near the local depot. At this point there are usually cars which are connected by a large boiler of the same type used in oil fields. The tank cars have the steam pipes inside arranged in such manner that steam from the boiler thoroughly melts the asphalt. A special truck, capable of carrying 835 gallons of the asphalt, is used in carrying it to the scene of operations. This truck is especially built for this purpose. Besides its own motor it has another motor which pumps the asphalt from the car to the truck. This same motor is then used in expelling the asphalt along the highway.

The asphalt has a heat of about 300 degrees when it is taken from the car. There is also an oil heat system on the tank truck which heats the asphalt and by the (Continued on Last Page)

Fishing at City Lake Stopped by Officials

The city lake of Crowell has been closed to fishing by city officials on account of lack of patronage. The lake was recently opened for a second time this year.

J. D. SHAWVER ACCEPTS WICHITA FALLS POSITION

Dr. John R. Shawver, who for the last few weeks has been associated with Dr. Hines Clark in the practice of medicine, moved to Wichita Falls Friday after accepting the position as house surgeon for the Wichita Falls Clinic-Hospital. He is the son of Mrs. Lena T. Shawver of Crowell and recently came here from San Francisco, where he completed an internship in the French hospital.

Crowell National Guardsmen Return

Roscoe Brown, Jim Hinds Carter, Lewis Rader, Albert McCluskey, George Meason, Ernest Cox and Eldon Cogdell returned Sunday from Palacios, Texas, where they attended the Texas National Guard camp, which ended Friday after lasting two weeks.

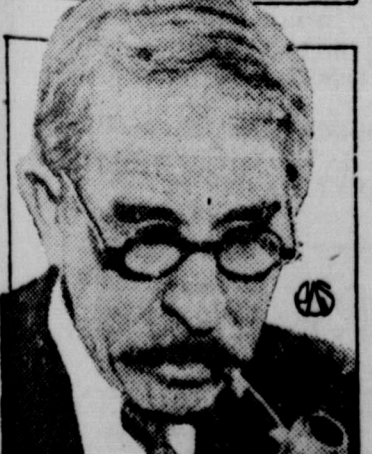

Cogdell and McCluskey were in company D, Wichita Falls, an artillery unit, while the others were in Company I, Wichita Falls, an infantry unit.

It is reported that there were thirteen thousand men in the encampment. Dr. Hines Clark of this city is a major in the National Guard and is in charge of the medical division of the encampment.

Governor Ross Sterling reviewed the troops last week.

Just as the encampment ended six companies of the National Guard were ordered to the East Texas oil fields as the result of martial law declared by the governor for the purpose of enforcing a shutdown of wells in that area.

He's a Fighter

"Alfalfa Bill" Murray, Governor of Oklahoma, jumps to fame by shutting down oil wells to prevent over-production and making interstate toll bridges free.

First Earth Tremors Known to Foard Co. Felt Sunday Morning

What is said to be the first earthquake ever known to this section was felt by a number of people in Foard County Sunday morning at about 5:30 o'clock. The quake felt here was very slight, the disturbance being so little that very few realized that it had occurred until reading newspaper accounts of it the following day, which reported that the quake was felt over a major portion of the state.

Violent earth tremors were felt in the extreme southwest part of Texas, around Valentine, and in Old Mexico. Many houses and buildings were either wrecked or badly damaged at Valentine. A second earthquake did further damage at Valentine on Tuesday.

Crowell Football Practice Begins Wed., August 26

Grady Graves, Crowell High School athletic coach, has sent word from Stephenville, that football practice will start Wednesday, August 26.

He urges all candidates for this year's squad to be prepared to start practice at that time and requests that all of the boys start right now, if they have not already done so, to put themselves in the best possible physical condition before practice starts.

"We are facing a very difficult schedule and the Wildcat squad must be in excellent condition physically if we are to make a successful record. I feel sure that the boys realize this and are trusting each boy to plan to come out for the team to start preparing for the coming season right now," Coach Graves stated.

Rev. Ribble to Begin Series of Meetings at Church of Christ

Elder O. C. Ribble of South Bend, Texas, will begin a series of meetings at the Crowell Church of Christ Sunday morning, August 23, at 10:30 o'clock.

Everyone is cordially invited to attend these open-air services.

This will make the third consecutive year that Elder Ribble has conducted a revival for the local Church of Christ. Those who have heard him before are glad to hear of his return for another series of meetings.

Legion Meeting to Be Held Friday Evening

The regular monthly meeting of the American Legion and Auxiliary will be held Friday evening, August 21, at the I. O. O. F. hall.

Important business relative to the "Luther Gribble Memorial Park," which is being sponsored by the Legion, will come before the meeting. All members are urged to be present.

J. E. McCURE SERIOUSLY ILL

J. E. McClure, who has been very ill at his home for some time, is reported to be in about the same condition, possibly with some slight improvement. The following relatives have been at his bedside: Mr. and Mrs. J. E. McClure and daughter, Lois, of Iowa Park, father and mother and sister of Mr. McClure, Mrs. Tom Brown and three sons, J. B., Euclid and Ottie, of Abernathy, mother and brothers of Mrs. McClure, Olin Brown and wife of Seymour, another brother of Mrs. McClure, and Sam McClure, who is attending school at Denton and who is a brother of Mr. McClure. All have returned to their homes with the exception of Mr. McClure's mother who is still here.

Stolen Hat Used by Youth to Hail Its Owner for Car Ride

O. E. Connell of the Foard City community had the experience Monday of seeing a young man using his own hat to hail him for a ride near the bridge crossing on Wichita River.

After discovering that clothing had been stolen from his home Mr. Connell, in company with E. V. Halbert, followed clues which led them to the Wichita River, several miles from his home and near which point two young men were seen walking along the highway, one of whom was waving the stolen hat. The young men admitted the robbery and after the clothing was recovered it was decided to let them go.

ENTERS CONVENT

Miss Elizabeth O'Connell of this city went to Fort Worth last week to become a nun in St. Mary's Convent. She was accompanied by Fort Worth parents, Mr. and Mrs. M. O'Connell.

REAL CANDIDATES MAKING LAST MINUTE EFFORT TO WIN TRIP TO EUROPE OR \$727.00 FORD SEDAN

All Workers Now Calling On Friends To Make Promises Good By Saturday Night; It's Now or Never

With the close of the Foard County News' big "Weekly Payroll" subscription campaign only a few more hours away, a vast amount of interest is being manifested and speculation rife as to whom the ultimate Grand Prize winner will be.

Every candidate worth support will be making a last, supreme effort to amass a credit total which will spell victory. The real friends of the various workers must respond now if they hope to see their favorite win a big prize. Promises made earlier in the campaign must be converted into actual subscriptions before 9:00 o'clock Saturday night. NEXT WEEK WILL BE TOO LATE!

Campaign Closes Promptly
Remember that the entire campaign will close promptly at 9:00 o'clock Saturday night, August 22. Candidates must make up their reports and have them in the ballot box by that hour. Under no circumstances will the campaign manager permit anyone to enter the judging room after that time with subscriptions for anyone. In the event, however, that any worker has not completed making out subscription stubs, they may do so after that hour, PROVIDED THEY ARE IN THE JUDGING ROOM AT THE CLOSING HOUR.

A sealed and locked box was placed in the show room of the Self Motor Company, earlier in the week, in full view of the public, and all workers have been depositing subscriptions in it all week. The campaign manager has not accepted any reports this, the final week, and is "in the dark" as much as anyone else regarding the outcome. The outcome (Continued on Last Page)

MR. AND MRS. J. T. GRIBBLE FURNISH SITE FOR MEMORIAL PARK; TUESDAY IS DESIGNATED AS CLEAN-UP DAY

Through the generosity of Mr. and Mrs. J. T. Gribble of this city, the people of Crowell and Foard County have been furnished with a public park, consisting of approximately forty acres. It is located on the Gribble farm on Beaver Creek and is about three and one-half miles southeast of Crowell. It adjoins the east side of the main road running south from the cemetery to the Four Corners community.

The park is to be known as "Luther Gribble Memorial Park" and its site has been turned over to the Gordon J. Ford Post No. 130 of the American Legion, the organization which will have charge of the park. It has been named in memory of Mr. and Mrs. Gribble's son, who served bona fide sale of the land, its purchaser shall have the power to terminate the lease contract if he wishes to do so. If this should be the case the Legion shall have the right to remove any improvements placed upon the land. The owners of the land also reserve the right to use it for grazing purposes.

Tuesday Clean-Up Day

In order to place the park in the neatest condition possible and to do this before picnic time is over, Tuesday has been designated as clean-up day at the site, according to A. Y. Beverly, commander of the local legion post.

Everyone is urged to take part in this clean-up drive. The park is for the use of the citizenship of Crowell

MR. GRIBBLE

MRS. GRIBBLE

in the United States army during the World War and who died on December 19, 1919.

A lease contract was signed last Friday by Mr. and Mrs. Gribble which granted the 40-acre site to the local post of the American Legion with the understanding that this site would be used for park purposes only and that when it ceased to be used for park purposes the possession and control of the land shall revert back to Mr. and Mrs. Gribble, their heirs or assigns. In case of a (Continued on Last Page)

THE DOLLARS YOU SPEND WITH YOUR HOME FOLKS SERVE YOUR COMMUNITY WITH A SMILE

Swine Demonstration To Take Place Monday At Joe L. Orr Farm

E. R. Eudaley, swine specialist of the Texas A. & M. College, will talk at a meeting on hog feeding which is to be held at the Joe L. Orr farm, 2 miles northeast of Margaret on Monday, August 24, at 2 p. m.

Mr. Orr has 24 pigs that he has recently started feeding on a self feeder, using whole wheat supplemented by a protein ration.

The most economical method of pork production for home use will be the subject of the meeting. A demonstration of two types of self feeders will also be given.

Packard Revival Comes to Close Here Sun. Night

The revival at the Christian Church, which is being conducted by Dr. Paul Henry Packard, will come to a close Sunday evening after lasting three weeks.

Throughout the revival the attendance has been good and Dr. Packard is popularly regarded as one of the greatest evangelists that has ever preached in this section. Many people have come from distant points to attend the services. Rev. C. C. Morgan, pastor of the Memphis Christian Church, Rev. Wilburn of Lincoln, Kansas, and Rev. Al B. Nelson of Quanah were among the pastors attending the revival this week.

Nineteen additions to the church have been received thus far as a result of the revival.

Girls Baseball Team Loses to Crowell By Score 5-3 Last Thurs.

Crowell defeated the D. & M. Goldsmith Girls of Wichita, Kansas, by the score of 5 to 3 in a baseball game here last Thursday afternoon. A large crowd was present. Four men played with the girl's team and were the main strength of it. Jaax, the girl first baseman, was one of the outstanding players on her team.

Score by innings:
R H E
D. & M. Girls 102 000 000—3 8 7
Crowell 000 302 000—5 7 3

Rasberry relieved Russell in the eighth as the Crowell pitcher. J. Ashford caught for Crowell.

Board of Judges

The following persons have been engaged to act as the official judges in the Foard Co. News' Subscription campaign which closes this coming Saturday night, Aug. 22, 1931. It will be their duty to assist the Campaign Manager in making the final count and declaring the winners of the different prizes. These people are well known throughout the community for their honesty and fair dealings, and an accurate and fair accounting is assured.

- MISS MARGARET CURTIS
County Treasurer
- REV. WOODIE W. SMITH
Pastor Baptist Church
- REV. B. J. OSBORN
Pastor Methodist Church
- ELI E. SMITH
Pres. Crowell Rotary Club
- GEORGE SELF
Self Motor Company

BIRTHS

- To Mr. and Mrs. Lee Hembree, Crowell, August 11, a boy, Bobbie Lee.
- To Mr. and Mrs. Fred Halenak, Crowell, August 1, a boy, Fred Jr.
- To Mr. and Mrs. J. W. Sewell, Crowell, August 10, a boy, Lee.

GAMBLEVILLE SCHOOL OPENS

The Gambleville school opened Monday, August 10, with Mrs. F. A. Davis and Mrs. Lewellyn Morgan as teachers. The school opened early in order that it may be closed for several weeks during the cotton picking season. No other schools in the county have opened.

MARGUERITE MORRIS MARRIES

Miss Marguerite Morris, sister of C. B. Morris of Thalia and a former teacher in the Thalia school, became the wife of Jack Meeker, a Fort Worth oil man, in a wedding Saturday. They will make their home in Fort Worth. They visited Sunday in the C. B. Morris home.

IRRIGATION IS SUCCESSFULLY DEMONSTRATED

The most extensive irrigation project that has been started in Foard County is now in operation on the S. W. McLarty farm in the Rayland community, about 16 miles northeast of Crowell. This summer two shallow water wells have been used to irrigate twenty-five acres that were planted to truck products.

The McLarty farm is located in the Pease River valley, where shallow water is found in abundance. The two wells which Mr. McLarty and two sons, Shirley and Frank, put down last winter reach a depth of 42 feet and apparently there seems to be an inexhaustible supply of water at this depth.

At present the water from the two wells, which are about one hundred yards apart, is forced to the surface by one power plant at the rate of about 180 to 200 gallons per minute. Compressed air lines from the power plant run to the bottom of each well and forces the water to the surface. A gasoline engine is used to operate the air pump.

A branch from the electric power line, running from Rayland to Thalia, has been constructed to the McLarty farm and in the future electric pumps will be used. The water wells are located near the residence on the farm which is occupied by F. L. Farrah, who operates part of the 640-acre farm. This residence is about a half mile from the high line which follows the route of the old highway from Rayland to Thalia.

This high line has been constructed by the West Texas Utilities and runs from South Vernon to Lockett, Rayland and Thalia.

A number of farmers in the Pease River valley are planning to install irrigation plants as a result of the power line running near their farms. Several such plants are in operation in Wilbarger County.

The McLartys have proven conclusively that truck products can be raised in abundance with the aid of irrigation in the Pease River valley section of Foard County and with proper market facilities the growing of truck products should prove profitable to the farmers of that section. Most every vegetable product known to this section has been grown on the McLarty irrigation project this year and the production in most every case has been excellent, in fact, the production has exceeded profitable market facilities.

The following are some of the products raised on the farm this year: Cantaloupes, water melons, tomatoes, cucumbers, peas, beans, spinach, squash, peppers, sweet potatoes, Irish potatoes, lettuce, radishes, asparagus and various other products.

A considerable acreage on the McLarty farm is given to alfalfa, however, this crop was not irrigated. Just recently over twelve thousand pounds of seed were threshed on the farm and are now offered for sale.

Supt. Graves Returns From Trip to Austin

I. T. Graves, superintendent of the Crowell schools, returned Monday from a business trip to Austin in the interest of the Crowell schools. On his return he was joined at Stephenville by his wife and children, who visited relatives there while Mr. Graves was at Austin.

Mr. Graves stated that the results of the trip were very satisfactory and that the coming school term faces brighter prospects than it did before the trip was made.

MOVES TO VERNON

Mr. and Mrs. T. D. Roberts and baby moved from Crowell last week to Vernon, where Mr. Roberts will have charge of an office for the Western Reserve Life Insurance Company. Mr. and Mrs. Roberts had lived in Crowell for many years and their many friends here regret to lose them as fellow citizens.

Just Folks Now

Alfonso thinks he is still king of Spain, but the Spanish disagree with him. He's living in London and was snapped while calling a taxi.

AND THE LAST CALL! IT IS NOW OR NEVER!

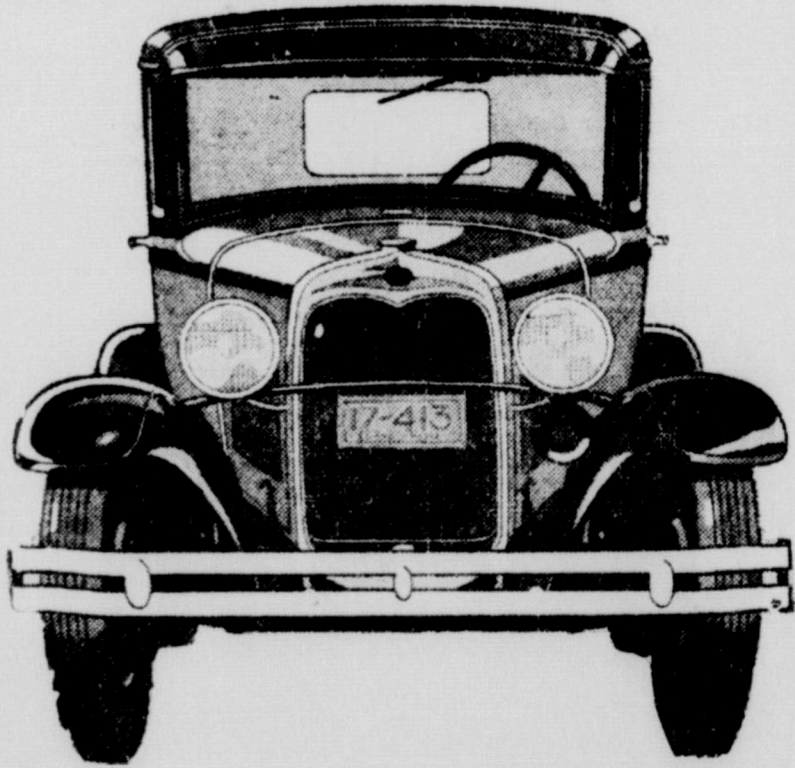

RENEW YOUR SUBSCRIPTION THIS WEEK!

THE CAMPAIGN WILL CLOSE SATURDAY NIGHT!

THIS—

Is The Prize Your Friend Is
Wanting To Win!

\$727.00 FORD 4-DOOR SEDAN

And Not

A Small Commission!

IMPORTANT NOTICE

Only currency, gold and silver, money orders, cashier's checks and certified checks will be accepted in the ballot box. Workers will, during the last week have all checks made out to themselves personally and cash same and deposit the money in the box. This ruling is made in fairness to all workers in the race and will be strictly adhered to.

If You Have a Favorite Candidate in the Campaign That You Want to Help Win the Car, Then Renew Your Subscription Now!

Where Did YOU Finish?

Is what your friends will soon be asking!

The End Is at Hand—Don't Be a Laggard

There is but TWO DAYS left for the "Weekly Payroll" members to work before the curtain falls. Your LAST OPPORTUNITY IS HERE. Will you pass it up or take it as a signal to work as you have never worked before? It is up to you.

**WINNERS NEVER QUIT—
QUITTERS NEVER WIN**

Saturday Night Will Tell The Tale—It Is Now or Never!

HERE THEY ARE

MISS LOU DELL GREEN, Crowell	1,055,925
MRS. S. E. MILLS, Truscott	1,055,450
MISS DOROTHY HINDS, Crowell	1,052,875
MISS LORENE SHULTZ, Thalia	1,051,950
JOHN WISHON, JR., Crowell	1,048,675
MISS CLARA SKIPWORTH, Crowell	602,075
MRS. JOHN L. HUNTER, JR., Margaret	317,725

The above list is a relative standing and does not necessarily mean all the credits each worker has to their credit, for they have the privilege of reserving and each and every worker has reserved.

NOTICE WORKERS—Each and every worker, who desires to be considered ACTIVE, MUST make the equivalent of TWO CASH REPORTS this week and also MAKE UP MISSING REPORTS. OTHERWISE THEY MAY BE DEEMED INACTIVE and forfeit all rights to a prize or commissions. GET BUSY AND WORK!

WHO WILL WIN?

FAIRNESS A FEATURE

In order to maintain the strictest secrecy as to the number of subscriptions and the amount of collections turned in by each worker during the last period of The News' Circulation Campaign, the race will be brought to a close under a sealed ballot box. No subscription collections will be accepted through the campaign department this week, but instead workers themselves will deposit their final collections in the sealed ballot box located in Self Motor Co. By so doing, no one, not even the campaign manager or the publisher of this newspaper, can possibly know the credit strength of the different workers, which precludes any possibility of favoritism and insures FAIRNESS TO THE SMALLEST DETAIL. The sealed ballot box was placed in Self Motor Co. earlier in the week, and it will remain there until the close Saturday. The entire campaign will end at 9 p. m. Saturday, August 22nd, and the count of credits to decide the winners of the various awards, will be made immediately after the close of the campaign. When the final hour for the credit count arrives, the judges will break open the sealed ballot box and immediately begin the final count of credits. The winners will be determined by merely adding the credits turned in to the campaign department, (up to and including August 15), to those contained in the sealed ballot box. It is presumed that it will require some time to canvass the findings in the ballot box and determine the winners, however.

The names of the winning workers will be announced on a bulletin in the windows of the campaign department and Self Motor Co., as soon as the final credit count is completed.

TO BE OR NOT TO BE A WINNER

It's entirely up to you! Don't be afraid to have too many credits at the close of the campaign, because you can't have too many. Better to have a million too many and make sure of your prize than to lose out by a few thousand.

Go after LONG-TERM SUBSCRIPTIONS STRONG.

BE ON TIME

Each worker must bear in mind that the campaign closes promptly at 9 p. m., Saturday night, August 22nd, and that no reports will be accepted after this hour.

Each one is again reminded that they MUST BE AT THE JUDGING PLACE TO CAST THEIR REPORTS BY THE APPOINTED HOUR.

EXTRA CASH AWARDS FOR "WEEKLY PAYROLL" WORKERS

Third Weekly Payroll Winner

In addition to regular "Weekly Payroll" checks, winner of third place will receive extra "bonus" check for 50% of his or her total earnings added.

Fourth Weekly Payroll Winner

In addition to regular "Weekly Payroll" checks, winner of fourth place will receive extra "bonus" check for 33 1/3% of his or her total earnings added.

Fifth Weekly Payroll Winner

In addition to regular "Weekly Payroll" checks, winner of fifth place will receive extra "bonus" check for 25% of his or her total earnings added.

Sixth Weekly Payroll Winner

In addition to regular "Weekly Payroll" checks, winner of sixth place will receive extra "bonus" check for 15% of his or her total earnings added.

THE PRORATION BILL

The compromise proration bill, as it finally came from the legislature, must have been a bitter disappointment to the administration despite the governor's simulated satisfaction and his much quoted remark that "this bill has teeth in it."

In the first place, the governor wanted a separate and distinct commission in charge of oil conservation—a commission appointive by him. He got neither. But the fact that enforcement is entrusted to the railway commission is not a considerable fault, if it be fault at all.

So far as the administration is concerned, dissatisfaction with the bill must come from the fact that it so specifically forbids proration to avoid economic waste. It will be remembered that Governor Sterling testified in one of the legislative hearings to the effect that "if oil were selling at a dollar the barrel, you would not be here." In other words, had oil commanded a decent price, all of the physical waste incurred in exploitation of the East Texas fields would have been overlooked and actually condoned.

Martial law has been declared in Oklahoma and shutdowns were ordered in Kansas, not to prevent physical waste but to enforce a higher price. Under the Texas statute, such procedure is not only frowned upon but actually and emphatically prohibited.

Of course, any operator who may assault a commission order upon the ground that it is issued to prevent economic rather than physical waste, must go into court. But that will not prove to be much deterrent, because the courts have already evidenced a disposition to consider the matter strictly. Proration ordered to effect the price of oil will find it difficult to masquerade as proration ordered to prevent physical waste.

It is doubtful that the proration legislation enacted in the recent special session will accomplish what its proponents and the administration hopes for it. Upon the other hand, there is every probability that the operators themselves—realizing, now, the futility of looking to the legislature for help—will voluntarily do what the law can not make them do.

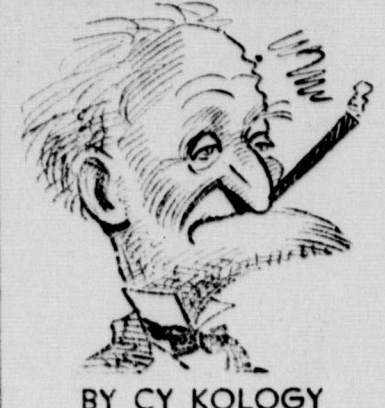

There is no law against voluntary shutdowns to enforce a higher price.

WAGES AND DIVIDENDS

It is a most significant sign of the times that the directors of the United States Steel Corporation, confronted with diminishing profits, elected to make their stockholders instead of their employees stand part of the loss. They reduced the quarterly dividend from \$1.75 to \$1, and at the same time went on record for the maintenance of wages at the old scale.

There have been a few instances of important industries resorting to the old-fashioned method of reducing expenses by reducing wages. On the whole, however, wage scales have been maintained throughout the business depression in a way that clearly indicates that the industrial world realizes that any degree of prosperity depends upon the purchasing power of the common people, and

BULL-I-TINS

BY CY KOLOGY

The first public park for the people of this community has been made possible through the generosity of Mr. and Mrs. J. T. Gribble, who have given the local post of the American Legion an easement on forty acres of land, three and one-half miles southeast of Crowell which will be known as the "Luther Gribble Memorial Park," being named for Mr. and Mrs. Gribble's son who died in 1919 after serving with the U. S. Army during the world war.

This is by no means just an American Legion park but it is a public proposition and the Legion is to be commended for the civic interest it has shown in accepting the work of sponsoring this park and it is now up to the public in general to cooperate with them in making it as attractive and convenient as possible.

Tuesday, August 25, has been designated as clean-up day at the park site and everyone is urged to be present that day to help place the park in the neatest possible order in the shortest possible time. Bring your rakes, hoes, any other clean-up weapons, and a lunch and help in this worthy piece of work. Just the donation of a day's work is all that is being expected of the people of this community. Most everyone now has plenty of time to give that.

In the future nearly every person living in this section will take advantage of the recreational facilities offered by this park. It is an ideal site for picnics and conveniences are to be arranged to make these affairs as enjoyable as possible. Tables, benches, furnaces and such items will be provided. It will be an ideal place for private family outings or public picnics of any kind.

Since the park is to be open to everyone and since most everyone will from time to time get to enjoy its facilities, then is it asking too much

that general wage reductions, by reducing the purchasing power, merely delay the restoration of business prosperity.

We do not know how much John D. Rockefeller, Jr., actually has to do with the management of the Colorado Fuel and Iron Company, but we hope that he will use his influence to restore the wages paid by that company to the former scale, as he has been petitioned to do.

CROWELL WINS

Crowell defeated Medicine Mound Wednesday by the score of 7 to 3 in a baseball game at Medicine Mound. William Bell pitched for Crowell.

The entire telephone system of Stratford, Texas, is being reconstructed employing a large force of men.

that you give just one day's work in its interest?

Wouldn't you enjoy an outing there a little more if you had some part in making the park what it will be? Or would you rather sit back and let a comparative few do the work of putting the park in order and then go out later and selfishly enjoy what others' unselfishness made possible.

Cy feels that a person who got to use the park in the future and who is able to help clean it up and then is not out there Tuesday to help in this work is to be compared with a person bumming a ride on a freight train—he gets the benefit of the ride without furnishing any of the fuel.

Cy wishes to thank "A Reader" for an interesting letter received this week which has lots of complimentary things to say. I just couldn't help throwing my chest out and raising my chin whiskers a notch higher after reading one remark that my photograph "was wisdom itself." Seems that nobody refers to handsomeness though. I guess it is because that cigar in my mouth sort of detracts from my good looks.

"Who Can Beat It" seems to be the latest game being played along main street. It all started in Ferguson Bros. window, where several cars of John Ray's corn were displayed along with a card with the wording, "Can You Beat It?" A few days later Fox Bros. displayed another fine exhibit of corn, raised by C. C. Martin, in their window along with the wording, "Who Can Beat it." It to be bluffed by the other exhibits and feeling that he had the best corn of all, Homer Zeibig brought some corn to town along with some fine maize heads and these are now on exhibit at M. S. Henry & Company's window and a card by their side asks, "Who Can Beat It."

Several farmers have threatened to bring in exhibits that will make these look sick and if this keeps up Crowell should soon have an agricultural display to rival that of the Dallas Fair.

"We're having a hog meeting out at Joe Orr's farm Monday and I want you to come out," so County Agent Fred Rennels said to Cy the other day. Now I wonder if Fred was insinuating something.

Joe W. Beverly says that according to his raising this is the month to plant turnips. He thinks that it is of utmost importance for the people of this section to put in a turnip crop and Cy agrees with him. Turnips require but little attention to raise and after they are grown the whole crop can be eaten, both the portion that grows below and above the ground.

BEEF CATTLE EXPERT TALKS TO LOCAL MEN

Geo. W. Barnes, beef cattle specialist, spent Monday in Foard County visiting ranchmen and farmers in company with County Agent Fred Rennels. Mr. Barnes' visit was made in the interest of feeding cattle, with the special feeding of calves being especially stressed.

The farm of Dr. R. L. Kincaid was visited by Mr. Barnes along with several farmers and ranchmen. Creep feeding was discussed to this group. Mr. Barnes explained that for growing cattle whole shelled oats fed in a self feeder makes an excellent ration. He also explained that wheat and oats supplemented with cake or cottonseed meal, makes an excellent ration for use in a creep self feeder. It was pointed out that it costs only 50 per cent as much to secure gains on calves that are fed a grain ration when running with their dams as it does after the calves are weaned.

Finishing of choice baby beef, and the fact that the cows will be in better condition thereby insuring a heavier calf crop, and also the fact that calves can be sold at an earlier date and at a higher price were some of the advantages of self feeding that were pointed out by the visitor.

PUTTING AMERICANS ON THE JOB

There is food for thought for all state governments in a recent action by the Federal Government, taken at the instance of the State of Massachusetts. Briefly, Massachusetts asked the Federal Commissioner of Labor to stop issuing labor permits to French-Canadian workers until times improve, and Washington thereupon cancelled all existing permits and issued an order to refrain from granting any more for a time. As a result hundreds of American workmen are back on the payroll.

The situation arose from the closing down of many newsprint mills in Canada, where paper for most of the newspapers in the United States is made. This action threw hundreds of French-Canadian wood-choppers out of work and they flocked across the border into Maine and readily got jobs cutting timber for pulpwood for American mills.

French-Canadians have a special aptitude for chopping down trees. It takes a special knack to fell a tree so that it will not injure standing timber in its fall, and this is an art that has long been mastered by Quebec workers. They are much sought after by all companies who are felling forests.

In former years many of these men emigrated to New England and became naturalized, pursuing their former calling. Recently, however, they found work slack and flocked by the hundreds to Boston and other Yankee coast towns, waiting for hard times to end. Meanwhile hundreds of French-Canadians have been

Fly Time

By Albert T. Reid

working in the Maine woods while their American fellow-workers were idle. This has all been changed by action from Washington.

Other states might profit by following Massachusetts' example. It might pay Florida to investigate how many Cuban cigar-makers are working in Tampa; Texas might study while American cowboys are whitening; Kansas may be employing many Canadian harvest hands, and so on.

There is hardly a state in the Union which might not be able to return many of its taxpayers and citizens to work by uncovering a similar situation to that of the alien wood-choppers in the Maine woods and following the lead set by Massachusetts.

NEWSPAPER TALK

When one reads an unusual news story about somebody who proposes to perform an unheard-of feat, the item is often viewed with skepticism, and dismissed with a shrug of the shoulders as being "newspaper talk." And more often than not that is all it amounts to.

Files of daily newspapers of February 5, 1927, contain such an item, which it is interesting to read again, in view of what really happened later. It is an Associated Press dispatch from St. Louis, in part as follows:

"A St. Louis-to-Paris airplane flight for the \$25,000 Orteig prize is under contemplation by Captain Charles A. Lindbergh, chief pilot on the St. Louis-Chicago air mail route. Captain Lindbergh proposes to go alone, using a small plane. The flight to New York would be made in one day. The second leg of the trip, 3,200 miles, Lindbergh believes he can make in 32 hours."

Three and a half months later that dispatch was verified except that it took the flyer an hour and a half longer than he had estimated. This made more "newspaper talk," and Lindy is still making it.

HOW THEY STARTED

Countless stories, true stories at that, have been published to illustrate how poor boys have risen to fame and fortune in this land of opportunity. A new list recently compiled includes the following:

John J. Bernet, once fired from his job as a blacksmith's helper because he could not accurately judge when a piece of iron was properly heated, became president of the Erie railroad.

Walter L. Ross, president of the Nickel Plate system, and Harry M. Adams, head of the Western Pacific, both started as messenger boys. R. B. White, president of the Jersey Central began as a telegraph operator. Lawrence A. Downs, head of the Illinois Central, was once a roddman with a surveying crew.

Edward G. Steubert, president of the Standard Oil Company of Indiana, was once a newsboy, and Robert H. McElroy, vice-president of the same company, was a messenger boy.

Samuel Rubel, owner of millions of dollars worth of New York property, quit a job at \$3 a week thirty years ago because his employer would not raise him to \$4.50 a week. Thomas Moses, president of the United States Fuel Company of Illinois, once a mule driver, now has 40,000 men under his management.

The list might be extended to a great length. In every community are examples of men who have risen from poverty and obscurity by sheer energy and grit. The road is open for thousands more.

WHAT OF OLD AGE

While not a pleasant subject to dwell upon, an occasional look ahead to the condition which may surround old age would be advisable, even for those whose circumstances in early life are satisfactory.

We may well be reminded that nearly 80 per cent of all old people are dependent upon others for support. Yet many of these in early

and middle life were prosperous; some even wealthy.

Who can not look about him and see acquaintances who were once the envy of their neighbors, but who through business reverses, accidents, illness or extravagance are now brought to feel the sting of poverty?

Usually such disasters might have been averted by a reasonable exercise of prudence and thrift. Keeping up with one's neighbors in a false display of prosperity is one fruitful source of old age poverty, and there are many others. Much of the misery which usually accompanies old age might be avoided by looking ahead before it is too late.

Head of Cotton Co-op Welcomes Investigation

In connection with charges made August 12th against former employees of the Texas Cotton Cooperative Association by Representative Westbrook, before the House of Representatives, the Association through General Manager R. J. Murray has issued the following official statement:

"Representative Westbrook, on August 12th, before the State Legislature, made certain charges against the former officers of the Association, which resulted in a motion to investigate the Texas Cotton Cooperative Association.

"There is nothing new in the attitude shown by Mr. Westbrook towards the former officers of the Association, and the cotton member of the Federal Farm Board which deserves public interest or discussion, and is largely a personal controversy

on the one hand and internal organization matters on the other hand.

"A fuller legislative investigation will be welcomed by the Association in the meantime the regular season membership conference will be utilized to make known to membership every phase of the organization's business and plans. The association has no fear from the sensational actions and charges made by Mr. Westbrook, a former employee of the association."

Boys and Girls

Bob Mobissette of Pasadena, youthful outboard motorist, holds the American record for mile in Class B competition.

Hilda Mae Hall of Easton, who is an expert swimmer and skillful golfer, was chosen the thirteenth 4-H club girl in Florida will enter the national contest in Chicago in November.

Billy Hartley, 6, of Hills Fla., who saved Robert Anderson from drowning, has been named for a Carnegie hero.

Josephine Blake, 4-year-old prodigy, typewrites by the system, reads by phonetic and the violin.

Nola Pugliese, 13, was named the holder of the Merchants Bank of Philadelphia. Who saw the robbers she hurled tins of soda water at them, and them to flee.

ARE ALL THE CHANCES GONE?

You run across all sorts of surprises in the course of a business week. For instance, the vice-president of a big chain store organization was telling me a business story. And what do you suppose based it on? The Bible.

He has charge of the company's personnel. It is a job to cover a hundred young fellows in order to find the one who will survive at small wages, work long hours, and fight his way up to the top.

The prizes are big, but the battle is hard, and only the toughest survive.

The part of the Bible to which the vice-president referred was the Feeding of the Five Thousand. Five thousand tired and hungry people. The Lord said, "Feed them."

His disciples, who were practical men, were aghast. "We can't do it," they protested. "It would take too much money."

Others urged: "Send them away."

Finally a boy was discovered in the crowd with five small loaves and two fishes. Said my friend: "All they had to work with was what that boy had."

"So with our company," he continued. "It's one of the best yet there isn't a really brilliant man in it. We've all come up the ranks."

"We can get money to do anything that we need; but we won't do it."

"We can get materials and equipment."

"But all we really have to work with is what our four thousand boys have. They are going to decide what this business will be in years to come."

When we had this conversation business was booming and big industries were employing more people. Since then we have had a heart-breaking period of unemployment.

But, good times or bad times, the search for ability goes on. At the bottom of the depression the president of one great industry asked me if I knew where he could find a twenty-five-thousand-dollar man. The president of another said: "We have installed a system of compulsory pensions. We must make sure that this business will continue in the future to be run by young men."

The size and and the set-up of businesses change, but their message to youth is just the same: "Come on with your five loaves and two fish. All we have to go on is what you boys have."

Locals

Joe Rickard of Quanah was here Tuesday.

Mrs. Frank Hill left Wednesday for Fort Worth to visit relatives.

We are in the market for wheat every day.—T. L. Hughston Grain Co.

Tom Shirley has returned from San Francisco where he has been for several months.

Miss Leta Milner returned to her home in Vernon last week after visiting Mrs. M. L. Bird.

Mrs. J. S. Hardy of Waxahachie, Texas, is visiting in the home of her niece, Mrs. M. O'Connell.

Mr. and Mrs. R. H. Cooper went to Dallas Wednesday of last week, returning home Saturday.

J. B. Lambert of Fort Worth, brother of T. F. Lambert of Rayland, was a visitor in Crowell Thursday.

J. G. Ford of Wynnewood, Okla., was here a few days this week on business. He returned to Oklahoma Tuesday.

Dan Hines Clark and his grandmother, Mrs. Betty Thomson, are spending a week or two in Vernon and Wichita Falls.

Mrs. J. R. Edgin and daughter, Mrs. Arnold Rucker, returned Saturday from Tolar, Texas, where they visited relatives for the past two weeks.

Lee Bradford of Plainview was a visitor here this week to visit his mother, Mrs. Sudie Bradford, at Margaret. He returned to Plainview Thursday.

Mr. and Mrs. J. P. Price visited Saturday in the home of Mr. and Mrs. J. E. Thompson. They had come from Bisbee, Ariz., where Mr. Price superintended the construction of a jail. He went from here to Amarillo to build another jail. He was in charge of the jail construction here.

Sam McClure, who has been here at the bedside of his brother, J. E. McClure, has returned to Denton where he is attending State Teachers College. Mr. McClure will receive his degree from that college next week.

Robert Bryant of Lubbock spent a few hours here with his aunt, Mrs. C. W. Thompson, on Tuesday.

Announcements have been received here by friends of the birth of a baby boy to Mr. and Mrs. George Wells of Dalhart on July 29.

Claude Cannon of Waco arrived in Crowell Monday to visit his grandfather, C. S. Clark, who is ill at the home of his daughter, Mrs. W. R. Wornack.

B. W. Self and Floyd Thomas made a business trip to Dougherty, Texas, Thursday. Mr. Thomas will be there for over a week to ship out some wheat for Mr. Self.

Miss Addie Coffman of Idalou, Texas, returned to her home Monday after visiting over the week-end with her grandmother, Mrs. N. H. Scales, and other relatives.

Mr. and Mrs. George Keller and sons, Clayton and Edwin Lee, have returned to their home in Dublin after a visit with their daughter and sister, Mrs. Eli Smith, and family.

Rev. Al B. Nelson, pastor of the Christian Church at Quanah, and a number of others from that city were in Crowell Wednesday evening in attendance at the Packard revival.

Rev. Morgan, pastor of the Christian Church at Memphis, was a visitor here for a day or two, in attendance upon the revival being held at the Christian Church by Dr. Packard.

Miss Elizabeth and Miss Belle Locke are visiting their mother, Mrs. Viola Locke. The Misses Locke are taking a nurse's training course in Baylor Hospital in Dallas. They are on a two weeks vacation.

Mr. and Mrs. J. R. Meason left Sunday for their home at Big Sandy after an extended visit with their son, Frank Meason, and family. They were accompanied by Beady Meason and wife and Everett Meason.

County Judge Claude Callaway and wife and Miss Margaret Curtis, county treasurer, returned to Crowell last Friday from Dallas and Austin, where Mr. Callaway and Miss Curtis had gone on business for the county.

Mr. and Mrs. E. B. Forgy and son, Jackie, of Chillicothe spent Saturday night and Sunday with Mr. and Mrs. W. G. Forgy.

Mr. and Mrs. B. F. Slaughter and daughter of Freeport, Texas, visited Mr. Slaughter's sister, Mrs. N. H. Scales, Monday and Tuesday.

Rev. and Mrs. B. J. Osborn left Tuesday for Lubbock to be at the bedside of their daughter-in-law who underwent an operation in that city Wednesday.

Mrs. C. A. Walker and three children, Raymond, Orlean and Daisy Belle, of Galveston are visiting Mrs. Walker's mother, Mrs. H. J. Crostnoe, and other relatives.

G. M. Neely and G. D. Neely and family of Littlefield came Monday for a visit with their sisters, Mrs. G. H. and Mrs. Tom Patton. They returned home Wednesday.

Mr. and Mrs. A. W. Cook and daughter, Frances, returned Tuesday from Amarillo, where they have been visiting for the past few weeks in the home of Mr. and Mrs. Cook's daughter, Mrs. M. B. Sloan. Mr. Cook reported excellent crops from Amarillo to Memphis.

Miss Winnie Self returned to Crowell Wednesday night from a visit with her sister, Reid Williams, at Loveland, Colorado. She will leave Friday to visit Mrs. Clarence Smith at her home in Norman, Okla. Mrs. Smith is the daughter of Dr. and Mrs. J. J. Hanna of Quanah and formerly taught school here.

Mrs. Lee Shirley and son, Ray, of Vernon are here visiting relatives. Ray has just returned from a 21-day Boy Scout trip into the Northwest, including Salt Lake City, Yellowstone Park and returning by way of El Paso. Seventeen scouts, most of them from Wichita Falls, enjoyed this trip. Ray was the only boy from Vernon.

Mr. and Mrs. J. N. Bryson have returned to their home in Mineral Wells after spending several weeks visiting relatives in Foard County. They are the parents of Mrs. E. A. Dunagan, Mrs. E. S. Flesher and Chas. Bryson. Another daughter of Mr. and Mrs. Bryson, Mrs. Bob Holman of Hobbs, Ne. M., returned to her home last Friday after a short visit here.

DIRECTING ALL-TEXAS TOUR

Miss Leona Young of Dallas, sister of Mrs. N. J. Roberts and former resident here, is the official hostess and tour director for the All-Texas and Vacation Tour which left Dallas Saturday on a 6,500 mile trip through the Pacific Northwest and Canada.

The tour is sponsored by the Dallas News, of which Miss Young is an employee, and the Rock Island, Great Northern and Canadian railway systems. In view of her efficient service Miss Young's expense on the trip is being taken care of by the Dallas News. She is also acting as staff correspondent for The News while on the two-weeks trip, which is being made by 25 Texans. At St. Paul the group was joined by another delegation from Wisconsin.

One of the principal reasons for the tour is to encourage people to "See America First."

Miss Laura B. Clayton of Weatherford, Okla., is here this week visiting Mrs. Barney Deason.

Mr. and Mrs. Robert Goodfellow left Thursday of last week for Haskell to attend a sheriff's convention before returning to their home in Austin.

J. M. Keffer of Shattuck, Okla., and G. H. Williams of Lubbock, representatives of the telephone system serving Crowell, were visitors here last week.

Mr. and Mrs. Paul Wallace and son, A. G., left last week for a short visit in the home of Mrs. Wallace's parents, Mr. and Mrs. J. H. Freudinger, who live near Muleshoe.

Mrs. G. W. Walthall and Misses Lida Sue Gorrell, Virginia Sue Crowell and Bernice Poland returned Monday from a visit of several days in Wichita Falls and Bowie.

Emil Schargie of Medicine Mound is here this week visiting his cousin, Mrs. F. W. Mahe. He was released from the Quanah hospital Sunday afternoon following an operation for appendicitis several days before.

Miss Ella Patton arrived in Crowell last week for a visit of about two weeks in the home of her parents, Mr. and Mrs. T. S. Patton. Miss Patton is an enrolled in the Baylor School of Nursing at Dallas where she has been for the past two years.

Mrs. Fannie Thacker and son, Grady, and Mrs. N. A. Crowell left Saturday for Oklahoma City, where they will visit Mrs. Thacker's daughter, Mrs. A. H. Clark, and Mrs. Crowell's granddaughter, Mrs. Stark, sister of Miss Kathryn Crowell, who has been visiting her this summer.

Misses Bernice and Dorothy Wisdom, students in the Baylor School for Nurses in Dallas, who have been visiting their parents, Mr. and Mrs. C. T. Wisdom, of Foard City, returned to Dallas Thursday of last week to resume their duties. Miss Bernice expects to graduate after ten more months as a student nurse.

J. H. Lanier Jr. returned Monday from Dallas, where he had gone for a short visit. He collapsed on the streets of that city after becoming suddenly ill and was taken to the Methodist Hospital. After spending two days there he recovered sufficiently to return to Crowell in his car, which was driven by his brother, Ragsdale, who went to Dallas after hearing of his illness.

Annual Barbecue Is Held at Black, Aug. 14

The people of the Black community had their annual barbecue Friday, August 14. Those present were the Clifford, Gafford, Bursley, Bradshaw, Adams, Grover, Claude and Walter Nichols, Davis, Huckabee, Naron, Simmons, Mullins, Horn, Newman, McKown, Gibson, Martin, and 8 families. Mrs. Pos Thompson, Louise Pechacek, Miss Bostie, Curtis and John Bradford, visitors from out of the community were Rev. Osborn, Dr. Packard, Rev. Smith and daughters, Rev. C. V. Allen and family, Mrs. Ringgold, Ethel Bonan and family, Mrs. Lee Shirley, Tom Cates, Mrs. Clyde McKown and daughter, Pearl Saunders, Frank Moore and family, John Nichols, Mrs. W. R. Tuttle, Robert Long, Ernest Patton, Merle Banister and Mr. Martin and family of Knoxville, Tenn.—Contributed.

Twenty Years Ago in The News

August 25, 1911

On Thursday night the people of Crowell were permitted to witness the culmination of a romance extending over a period of time almost equal to that usually consumed by novelists in bringing the hero and heroine through a labyrinthine series of adventures to Hymen's altar to "live happy ever afterwards."

At 8:45 p. m. in the home of the bride's mother, Mrs. James Milton Allee, the ceremony uniting forever and aye the destinies of Mr. Aron Hart and Miss Carrie Belle Allee was performed according to the beautiful ritual of the Methodist Church.

Mr. Hart is one of the most prominent business men of Margaret. A few minutes before 8:45, a way was opened through the throng of guests for the bridal procession. In the lead came Miss Lone Young and Mr. Tully Klepper, followed by Miss Bettie Allee and Mr. Rude Magee. After them came the bride and groom. Rev. G. J. Irvin, pastor of the bride's family, officiated.

Whooping, yelling and pistol shots gave the regulation west Texas fire alarm to the sleeping denizens of Crowell about 2:30 Saturday morning, all occasioned by the burning of several bales of jute bagging stored between the gin and cotton house of the Terry Gin. The fire was soon extinguished.

Judge Cole and Messrs. J. W. and T. M. Beverly made a business trip to Wichita Falls this week and stopped off at the Electra oil field. They say that it is an impressive sight to see eight gushing wells pouring forth oil at the rate of \$800 worth an hour.

Clip and mail at once for special plan. First come, first served.—Draughon's College, Wichita Falls, Texas. 10p

Seed Loan Collector in Foard This Week

Ralph L. Hunter, a field representative of the United States Department of Agriculture, now attached to the Farmers' Seed Loan Office at St. Louis, Mo., is in Foard County, making such investigations that are necessary and making inspections of crops under mortgage to the United States government. At this time the St. Louis office has several representatives in Texas for the purpose stated above and to supervise the selling of the crops under mortgage and make collections. Mr. Hunter states that it is agreeable that the farmers make remittances direct to St. Louis, making the checks payable to the "Disbursing Clerk, United States Department of Agriculture." The Department of Agriculture endorses co-operative marketing and is willing that cotton be placed through the association, and in addition to this it is agreeable for the cotton to be stored in bonded warehouses, according to Mr. Hunter.

Mr. Hunter will be in this county for just a short while but states that other agents are working in the field and at the right time a representative will devote such time that is necessary in each county.

How One Woman Lost 10 Lbs in a Week

Mrs. Betty Luedeke of Dayton, writes, "I am using Kruschen to reduce weight—I lost 10 pounds in one week and cannot say too much to recommend it."

To take off fat easily, safely and quickly take one half teaspoonful of Kruschen in a glass of hot water every morning before breakfast—an 85 cent bottle lasts 4 weeks—Get it at any drug store in America. If this first bottle fails to convince you this is the easiest, safest and surest way to lose fat—money back 7

Foard County News

THE STATE OF TEXAS To the Sheriff or any Constable of Foard County—Greeting: You are hereby commanded to summon Louise Slovak by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Foard County, to be held at the Court House thereof, in Crowell, Texas, on the second Monday in September, A. D. 1931, the same being the 14th day of September, A. D. 1931, then and there to answer a petition filed in said court on the 14th day of August, A. D. 1931, in a suit, numbered on the docket of said Court No. 2296, wherein A. A. Slovak is plaintiff, and Louise Slovak, is defendant, and a brief statement of plaintiff's cause of action, being as follows: Suit for divorce wherein plaintiff alleges that defendant voluntarily

left the bed and board of plaintiff on or about the 3rd day of October, A. D. 1927, with the intention to permanently abandon said plaintiff, since which time she has not returned, and that they have lived separate and apart for a period of more than three years; that marriage relations between plaintiff and defendant still exist; that defendant's conduct toward plaintiff generally is of a nature as to render their further living together as husband and wife insupportable, the premises considered.

Wherefore plaintiff prays that defendant be cited to appear and answer this petition and that upon final hearing herein that he be granted a divorce and that he have and recover judgment for all costs in this behalf expended, etc.

Herein fail not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Crowell, Texas, on this the 12th day of August, A. D. 1931.

(Seal) A. G. MAGEE, Clerk, 11 District Court, Foard Co., Texas.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Foard.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Foard County, of the 4th day of August, 1931, by A. G. Magee, district clerk of said Foard County, for the sum of Two Thousand Six Hundred Seventy-Eight and 89/100 Dollars and costs of suit, under a Judgment, in favor of H. K. Campbell in a certain cause in said Court, No. 2267 and styled H. K. Campbell vs. Etta Hays, Sybil Hays, Ura Lee Hays, Blanche Hays, Weldon Edgar Hays, Gerald Raymond Hays, Henry Glendon Hays, Marian Hays, Marilyn Hays, Jim Hays and Anna Bell Johnson joined by her husband, Bryan Johnson (except Jim Hays, whom plaintiff dismissed), placed in my hands for service, I, Que R. Miller, as sheriff of Foard County, Texas, did, on the 4th day of August, 1931, levy on certain real estate, situated in Foard County, Texas, described as follows, to-wit:

Lying and being situated in the County of Foard, State of Texas, and described as follows: 120 acres of the David D. Palmer 1476 acre survey, Cert. 121, the same being described by metes and bounds, viz:

Beginning at a point in the S. line said Palmer Survey, 956 vrs. W. of the S. E. Cor; thence N. 1064 vrs.; thence W. 647.2 vrs.; thence S. 1064 vrs.; thence E. 647.2 vrs., to the place of beginning, and levied upon as the property of Etta Hays, Sybil Hays, Ura Lee Hays, Blanche Lenore Hays, Weldon Edgar Hays, Gerald Raymond Hays, Henry Glendon Hays, Henry Glendon Hays, Marian Hays, Marilyn Hays, Jim Hays and Anna Bell Johnson joined by her husband, Bryan Johnson (except Jim Hays, whom plaintiff dismissed), and that on the first Tuesday in September, 1931, the same being the first day of said month, at the court house door, of Foard County, in the city of Crowell, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above described real estate at public vendue, for cash, to the highest bidder, as the property of said Etta Hays, Sybil Hays, Ura Lee Hays, Blanche Lenore Hays, Weldon Edgar Hays, Gerald Raymond Hays, Henry Glendon Hays, Marian Hays, Marilyn Hays, Jim Hays and Anna Bell Johnson joined by her husband, Bryan Johnson, (except Jim Hays, whom the plaintiff dismissed).

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Foard County News, a newspaper published in Foard County.

Witness my hand this 4th day of August, 1931.

QUE R. MILLER, Sheriff Foard County, Texas.

Helium gas from Amarillo, Texas, will inflate the world's largest lighter-than-air ship, the dirigible Akron. 1,000,000 cubic feet of helium was produced by the Amarillo plant in June running at thirty per cent capacity. This is the only helium gas plant in the United States.

CHURCHES

Christian Science

Sunday, 11 a. m. and 8 p. m. Subject for Sunday, August 23, "Mind." Sunday School at 9:30. Wednesday evening service at 8 o'clock. The public is cordially invited.

Christian Church

Dr. Packard has delivered the greatest sermons ever heard by the people of Crowell. They have been scriptural, logical, practical, interesting to an unusual degree and delivered with power and earnestness. To have missed any one of them was to miss a great message.

Attendance, attention and co-operative interest has been good and we thank everyone in the whole community who in any way has contributed to the revival.

Response to the invitation from night to night has been good, though not what we hoped for. May we do our part these last few days to get our unsaved friends to accept Christ. This will likely be the last revival many of them will ever get to attend.

Don't forget that Sunday is the Lord's day and that every Christian should be at the Lord's house for worship. If you don't go elsewhere we invite you to come and worship with us.

Make your offering towards the meeting to Bro. Jim Cook between now and Sunday and save him the trouble of seeing you. The very best we can possibly do will not be enough. Let us be sure to do our best and I know that God will richly bless us.

C. V. ALLEN, Pastor.

Christian Endeavor Program

Subject—Bible Truths Based on Nature. Leader—Jewell Mullins. Scripture, Gal. 6:7-9; John 5:1-8, and comment.—Marjorie Schooley.

Leader's Talk. God's two revelations of Himself to man.—Margaret Cates.

Nature in the parable of the sower.—Mary Clayton Giddings.

Nature in the parable of the rich farmer.—Mary Edna Bursley.

Nature in the tenth chapter of John.—Gusta Mae Davis.

Quotable poetry—Elsie Mae Cook. Consecration prayer.

Christian Science Churches

The lesson-sermon subject in all Churches of Christ, Scientist, Sunday, August 16, was "SOUL."

"Truly my soul waiteth upon God: from him cometh my salvation," was the golden text, taken from Psalms 62:1.

The service embraced the following verse from the Bible (Psalms 16:10): "For thou wilt not leave my soul in hell; neither wilt thou suffer thine Holy One to see corruption." Included in the lesson-sermon were also the following citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy (pp. 427, 247):

"Life is the law of Soul, even the law of the spirit of Truth, and Soul is never without its representative. Man's individual being can no more die nor disappear in unconsciousness than can Soul, for both are immortal. Immortality, exempt from age or decay, has a glory of its own,—the radiance of Soul."

Sunday School Lesson

International Sunday School Lesson for August 23

A GOSPEL FOR ALL MEN

Rev. Samuel D. Price, D. D.

Here is a lesson with an unusual amount of action. The Bible is far from being a dull book. To test this read from Acts 10:1 to 11:25 for the entire setting of the narrative. You will need your map in following the travelers as they journey between Caesarea, Joppa and Jerusalem. Cornelius is a Roman centurion who had found the emptiness of the

Roman mythology for purposes of religion and had developed faith in Jehovah as the only God. He was making practical use of his religion through prayer and practise. The knowledge that he gained made him eager for a fuller understanding of spiritual truths. In the midst of a certain prayer season he was directed to send messengers to Joppa and get Peter as a teacher of still larger spiritual conceptions.

Now Peter was a devout Hebrew as well as a growing Christian. National customs were part of his very life. He was strict in maintaining kosher diet. While awaiting summons for dinner he had a vision of animals let down from heaven in a sheet, and was told to kill and eat. At once his Hebrew training asserted itself as he declared that some of the animals were unclean. He was told that what God cleansed could not be unclean and the teaching of the vision was applied to those who at that very time were knocking at the gate. The messengers from Cornelius were admitted and next day Peter went to the home of a Gentile that he might preach there and have full fellowship with them.

When Peter preached the full gospel as it is in Jesus Christ there was a renewal of the outpouring of the Holy Spirit, as on the day of Pentecost. The same spiritual forces were released and without hesitation the evangelist proceeded to baptize the many believers.

SERMONETTE

PROFANITY

By Arthur B. Rhinow

The nonchalant youth with the air of sophistication that spelt a thorough grasp of all the problems of life, felt it incumbent upon himself to release his views of the weather. "I am d— glad the sun is shining today," he pronounced.

Now we know he is very busy, but if he can spare just a little while for a critical examination of his statement, he will discover that the word d— adds neither clarity nor vigor to the sentence. In fact, it is nonsense.

Profanity is an indication of weakness. Strong me do not have to use "strong" language. A great general utters a few words and armies move. A millionaire writes a few lines and they are worth thousands of dollars. A true saint makes a simple confession of faith and many listen with awe. But a weak man wants to cover up his weakness with "strong" language, with the result that he exposes his weakness all the more.

Profanity is an indication of ignorance. The profane man's vocabulary is limited. When he does not know the right word, he uses a "cuss" word to cover up his ignorance, but that shows it up all the more.

Profanity is blasphemous. It makes holy things profane. It uses holy names in vain. Every profane word, even d—, has a right and proper use, but the filipian curses uses it in vain, and by and by, what those words signify become vain things to him. That is the curse of profanity. To the man who uses God's name in vain, God himself becomes vain, an empty word.

What was written thousands of years ago still holds: Thou shalt not take the name of the Lord thy God in vain, for the Lord will not hold him guiltless that taketh His name in vain.

Railroad Construction in West Texas continues with the granting of a permit to the Fort Worth & Denver authorizing the construction of two branch lines in Gray County from Pampa.

Farmers of Ochiltree County, Texas, are planning to use wheat for fuel this winter, finding it cheaper than coal at its present price. Special type grates are being obtained for the purpose.

A coliseum building costing \$75,000.00, seating 20,000 people and to be dedicated by President Ortiz Rubio of Mexico during the Amarillo Tri-State Fair this fall is to be erected at Amarillo.

ASPIRIN

BEWARE OF IMITATIONS

LOOK for the name Bayer and the word genuine on the package as pictured above when you buy Aspirin. Then you'll know that you are getting the genuine Bayer product that thousands of physicians prescribe.

Bayer Aspirin is SAFE, as millions of users have proved. It does not depress the heart. No harmful after-effects follow its use.

Bayer Aspirin is the universal antidote for pains of all kinds. Headaches, Colds, Sore Throat, Rheumatism, Neuritis, Neuralgia, Lumbago, Toothache.

Genuine Bayer Aspirin is sold at all druggists in boxes of 12 and in bottles of 24 and 100. Aspirin is the trade-mark of Bayer manufacture of monoacetic acid ester of salicylic acid.

Made World's Longest Flight

Russell Boardman (in cockpit) and John Polando, his co-pilot, set a world's record when they flew the Atlantic to Istanbul, Turkey. They flew 4,759 miles in 49 hours and 17 minutes, 43 minutes under the time they had set for the hour.

Penny Beggars Live On 25 Cents Weekly

El Paso, Aug. 21, (UP).—The cry of "Un centavo, senior, un centavo," is a familiar one in south El Paso stores on Saturday when "penny beggars" make their weekly visit asking proprietors for only 1 cent.

The beggars are old women, all past 60, some near the century mark. They cover regular "beats" on Saturdays among the stores asking for their one penny.

Oddly faithful to the sum of one cent, they will carefully count out

the change if given a nickel or any other coin larger than a penny. Every clothing store, book company or bakery shop makes its weekly contribution to the "mendigas del sabato."

The old women accumulate about 25 cents on their Saturday alms pilgrimage. They live on this sum all week.

CONDUCTING SINGING SCHOOL

W. H. Dunagan is conducting a series of vocal lessons most every night at Vivian with about forty people of that community enrolled in his singing school.

GILLILAND

(By Special Correspondent)

Mr. Combest and family have moved to the W. H. Cash farm. Carl Burgess and family will move to Petersburg the 20th. He owns there and is going to get ready for the ginning season.

Mr. Kenner and wife and Ben Lee family of Crowell spent Sunday at Mrs. O. M. Olson.

Mr. D. L. Patton and Mrs. Arthur were in Crowell last Tuesday. Miss Baird took his wife to Knox Monday to have a minor operation on the face.

The Church of Christ meeting held Saturday night. Rev. John Bond from Montague County is preaching. There has been large attendance so far and we expect the crowds continue to grow.

Most Wright of Haskell is leading singing. Mr. Wright has taught the past two terms at Dixon, Texas northeast of Gilliland and is now a good teacher and singer.

Mr. and Mrs. A. T. Iseng were from Benjamin Sunday. Mr. and Mrs. Ed Feemster went to Sunday.

German Cook went to a Magnolia and gas program at Haskell Wednesday night.

Mr. J. Farris (Ginner) returned from a business trip to Abilene last Sunday.

A few men attended the girls' meeting at Crowell last week. Mr. and Mattie Brian are visiting brother, Calvin, at Eastland.

Bradshaw had the misfortune of having his home by fire last week. He saved quite a few things while the fire was on but at this writing is much improved.

We are happy to report Mrs. Jilly Myers home again after a siege of illness in a Quamah hospital. She is constantly improving and will soon be feeling strong again.

Ethel Mae Chilcoat gave a slumber party last Friday night to a number of friends. The girls in attendance had a delightful time and pronounce Ethel Mae an excellent hostess. Those in attendance were, Nina Sowders, Jewell Scarbrough, Louise Tumlinson, Billie and Peggy Burnett, Elise Brown, Lamoin Tarpley, Fannie Pearl Phillips.

Mrs. Carlton Browder has been ill this week. Mr. and Mrs. Dallas Binyon and children have returned from a visit to Mr. Binyon's old home near Sherman.

Mrs. S. S. Turner made a visit to Clovis during the past week. Truscott ball team came home one day this week wearing a crown of victory, having won over Thalia for the first time this season.

Clyde Bullion made a business trip to Clovis during the past week. Mr. and Mrs. A. A. Clark and daughter, Mrs. E. P. Storm, and Imogene, are visiting in Austin at the present time. Mrs. Zant of Austin is a daughter of Mr. and Mrs. Clark.

Mrs. Calvin Hutton is visiting her mother, Mrs. Wood, in Wellington. Cotton is looking very promising the country over, but a good rain of three or four inches would be welcome.

Carbon black from the Panhandle oil field is packaged and shipped at Berger for foreign consumption. All Europe must depend upon the United States for carbon black for the manufacture of automobile tires and other products.

Irrigation of 70,000 acres in the vicinity of Winters and Bronte, Texas, will be made possible by building a reservoir on the Colorado River near Robert Lee. The project is well advanced.

PHILLIPS MILK OF MAGNESIA
For Troubles due to Acid INDIGESTION ACID STOMACH HEADACHE GASTRITIS

When PAIN Comes

WHAT many people call indigestion is very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food soured. The corrective is an alkali, which quickly neutralizes acids. And the best alkali known to medical science is Phillips Milk of Magnesia.

One spoonful of this harmless, tasteless alkali neutralizes instantly many times as much harmful acid, and then the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try.

Get the genuine Phillips Milk of Magnesia, the kind physicians have prescribed for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore.

Modern Electric Refrigeration—An Investment in Health
YOUR Electric Refrigerator will maintain automatically a constant temperature under 50 degrees—no matter how high the thermometer registers this summer. This definite assurance of food-safety, you will agree, represents a gilt-edged investment in health.
Why wonder about your foods when you can install a modern Electric Refrigerator and know that your family is safe from the danger of tainted foods? Millions of modern Home-managers have found in this automatic, trouble-free system an efficient and inexpensive solution to their refrigeration problems. You can end your worries in a similar manner.
The accurate and dependable Electric Refrigerator offers unusual economies, too! You'll save money by eliminating food spoilage, by buying in larger quantities at lower prices, and by freezing inexpensive but delicious frozen desserts and salads right in your own home. Ask a salesman to demonstrate this modern Electrical Servant—you're sure to appreciate the many advantages and superiorities of the new Frigidaire.
Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?
West Texas Utilities Company

Haney and Bell Make Good at Electra Meet

T. S. Haney and Gordon Bell made a creditable record in the golf tournament at Electra this week. Haney qualified for the championship flight by shooting an 84. He then defeated A. C. Blessoe of Electra, 1 up, 20 holes in the first round. In the second round Tuesday afternoon he and Bill Wright were all square at the end of the 21st hole when darkness overtook them. Wednesday morning Wright defeated him 1 up on the 23rd hole. Wright reached the finals Thursday.

Many Attend 2-Day Ford Exhibit Here

Much interest was shown in the two-day Ford exhibit which was held here Monday and Tuesday at the Self Motor Company. A total of 850 people filled out registration cards. A. N. Jaeger and H. C. McGarity of Dallas, assisted by George Self, local dealer, had charge of the show. Miss Lella Ben Allee of this city was in charge of the registration booth.

Mints Given One Year Contract by Ft. Worth

Roy Mints returned to his home at Thalia last week after signing a year's contract with the Fort Worth baseball club of the Texas League. Mints was recently called to Fort Worth to try out as a pitcher with that club. His performance before officials of the club was satisfactory enough that he was signed up for a year and will officially report for practice prior to the opening of the baseball season next spring.

Bring Rakes and Hoes

The people of Foard County are requested to bring rakes and hoes with them to the park, along with any other clean-up equipment. Any donations of material for the park will be gratefully accepted. Benches, tables, swings, brick for furnaces, and such items are needed for equipping the park. The Legion Auxiliary will have charge of placing the equipment.

Asphalt

time it is ready to be squirted on the highway its heat is from 325 to 340 degrees. When the truck reaches the point on the highway where the asphalt is to be placed an attachment is arranged on it which extends clear across the road base. The second motor on the truck then runs a pump which squirts the asphalt along the entire width of the highway. The 835 gallons of asphalt, one truck load, is capable of covering the highway for a distance of over 1,300 feet in length for one of the three applications.

CLEANLINESS —Is an outstanding feature of Raymond's Sandwich Shop and whatever you buy here—hamburger, sandwich, candy, cold drinks, etc., you have the assurance that it comes from a clean, sanitary shop. CURB SERVICE Raymond's Sandwich Shop Next to Self Motor Co.

Campaign

(Continued from Page 1) will not be known until the appointed judges open the box and add this week's reports to the reserve credits already placed in it. Friends Must Rally This article is written particularly for the friends and supporters of the workers. If you are going to do anything at all for your friend you must do it now. There are just two days for you to get that subscription to the worker of your choice. Many of you good people have been telling your friend who has worked so hard to win a prize that you would "do something for them before the close." Now do you mean it? In all probability you did when you said it. And now the time has come to redeem that promise. Listen, a subscription to the Foard County News if given next week will do you just as much good, but it will not benefit your friend who has been striving for weeks to win a valuable award.

Unredeemed Promises Every worker has a long list of unredeemed promises. Many of these promises were made in absolutely good faith but they won't buy any credits until the worker has the money. Readers, have you made a promise to one of these faithful workers which you have not redeemed? Listen! Suppose the lack of that subscription your favorite is depending on should lose your friend the prize of his or her choice. Would you ever forgive yourself for your carelessness? Get busy and hurry that subscription to the one of your choice without further delay. The time is now too short to delay any longer. Don't turn your back on that friend. HELP NOW! NEXT WEEK IS TOO LATE.

Mr. and Mrs. Gribble

(Continued from Page 1) berry and Elm trees, commonly known as the Kirkman grove. E. T. Kirkman, deceased, settled on this site in 1884. The site is covered with grass, which will be run over with a mower.

The people of Foard County are requested to bring rakes and hoes with them to the park, along with any other clean-up equipment. Any donations of material for the park will be gratefully accepted. Benches, tables, swings, brick for furnaces, and such items are needed for equipping the park. The Legion Auxiliary will have charge of placing the equipment. The people of this community should take a personal pride in this park and help make it as pleasant and attractive as possible. It is hoped that a large group will be present Tuesday to aid in the clean-up and the American Legion and Auxiliary should be aided in every way possible in this effort of community service.

Asphalt

(Continued from Page 1) time it is ready to be squirted on the highway its heat is from 325 to 340 degrees. When the truck reaches the point on the highway where the asphalt is to be placed an attachment is arranged on it which extends clear across the road base. The second motor on the truck then runs a pump which squirts the asphalt along the entire width of the highway. The 835 gallons of asphalt, one truck load, is capable of covering the highway for a distance of over 1,300 feet in length for one of the three applications.

The first application of the asphalt is placed directly on the rock base at the rate of about three-tenths of a gallon to the square yard. One to one and one-half inch stone is then placed on top of it to a thickness of about one and one-half inches. The second application of asphalt, at the rate of about one-half gallon to the square yard, is next given. One-half to one and a quarter inch stone is then placed on top of this and is then rolled into the asphalt with a ten-ton roller. After that the third and last application of asphalt is given at the rate of three-tenths of a gallon to each square yard. The final application of stone, one-tenth to three-quarters of an inch, is placed on top of this and is rolled into the asphalt, with the heavy roller passing over it several times to give it a thoroughly smooth surface. As soon as this is done the pavement is completed and is then around nine and one-half inches in thickness.

Raymond Bailey of Dallas and George White of La Pryor, Texas, act as fireman for the plant near the railroad tracks which is steamed up 24 hours every day. Raymond Dennis and Herb Dennis, brothers, of Dallas are in charge of the special asphalt truck. Sam Pulliam of Dallas is supervising the work at the point on the highway where the asphalt is being applied. He and A. Jensen of Dallas are the general supervisors of the work.

The 5-mile stretch of the highway will likely be open to traffic in about two weeks, making ten miles of pavement west of Crowell that is completed.

Chillicothe Defeats Crowell 5-1 Tuesday

Chillicothe defeated Crowell by the score of 5 to 1 in a baseball game at Chillicothe Tuesday afternoon. Dink Russell pitched a good game for Crowell but due to poor swatting support on the part of his teammates, he was unable to gain a victory.

SINGING AT MARGARET

The public is invited to attend a singing at the Margaret School auditorium, Sunday beginning at 2:30 in the afternoon.

Truscott Wins Over Thalia By Score 7-6

Truscott defeated Thalia 7 to 6 in a baseball game at Thalia Sunday to retain undisputed leadership of the second half race of the Wheat Belt baseball league. A double and single in the 8th inning provided the winning tally. This was Truscott's first victory over Thalia this season. Thalia tied the score in the sixth inning with a five-run rally, climaxed by Roy Mints' home run with one man on base. Mints pitched the entire game for Thalia, while Black and Abbott occupied the mound for Truscott.

ROTARY LUNCHEON

John Ray was in charge of the program of the Rotary luncheon Wednesday at which time talks were made by M. S. Henry, I. T. Graves, Fred Rennels, B. W. Self and H. E. Ferguson. President Eli Smith urged all members to assist with the clean-up at the "Luther Gribble Memorial Park" on Tuesday, August 25.

Mrs. Arnold Rucker, club pianist, was back after an absence of two weeks and accompanied the club in a few songs. Mr. Graves was back with the club after being absent during the summer while attending the University of Oklahoma.

EDISON

The last time I talked with Mr. Edison I asked him how long he was going to keep on working. "I'm never going to stop," he said, "unless my stomach goes back on me. There's where most men give out first, in their digestion. There's only one rule for keeping young," he went on. "That is to watch your digestion and never stop working. That's the important thing—never stop working. Keep your mind active. The brain is more durable than any other part of the body."

Mr. Edison was 81 when he said that, and was launching into a new line of research with the enthusiasm of a boy. He was as interested in everything new as he was when he was twenty.

GANGSTERS

As long as the gangsters in the big cities confined their activities to shooting each other up there was very little public protest. But when five children were shot, one of them fatally, in a New York gang battle, the authorities began to get active. It is my guess that the clean-up movement in New York at least has actually started, and that there will be less tolerance of murder and less sympathy for murderers in the future.

APPENZELL

Newton Baker drove thousands of people to their encyclopedias the other day when, in the course of his speech at the Institute of Politics, he said that "of course, Appenzell is the only pure democracy." Not one out of ten thousand of those who heard or read Baker's speech had ever heard of Appenzell. It is one of the little independent states which form a part of the Swiss Federation. It is in the northeast of Switzerland, and has about 70,000 population. The only government it has is a sort of magistrical town meeting at which everybody votes.

The oldest of all republics is San Marino, in the Italian Alps, which has existed unchanged since 400 A. D. and is still governed by the old Roman laws and customs. But San Marino is not a pure democracy in the sense that Appenzell is, and neither is Andorra, that other tiny European republic which is entirely surrounded by Spain but which is under the protection of the French government and a Spanish bishop.

George Bernard Shaw came back from Russia enthusiastic over what he had been permitted to see. Lady Astor, who accompanied him, was equally enthusiastic. They saw, as all visitors to Russia see, what the authorities permitted them to see.

If one thing can be more certain than anything else, it is that the truth about Russia and the condition of the people does not get out of Russia. Neither does the truth about the rest of the world get into Russia. All Russian newspapers are controlled and practically edited by the Soviet government. News from America that is permitted to be printed presents this country in the most unfavorable light and is intended to make Russian workers and peasants believe that they are the most fortunate people in the world. News coming out of Russia is controlled also by the government.

This results in making intelligent people in each country highly suspicious of the other. There is no chance for a friendly understanding between Russia and the rest of the world until freedom of speech and of press are established in Russia.

FASHIONS

Paris dressmakers have decreed

Monarch of Skies Nearly Ready for First Flight

The U. S. S. Akron, largest of all aircraft, which was christened by Mrs. Herbert Hoover releasing a flock of doves. The craft is 785 feet long, almost twice the size of the Graf Zeppelin and three times larger than the Los Angeles.

"Happy Warrior" Greets His Successor

Former Governor Al Smith, without the brown derby, was snapped by Gov. Franklin D. Roosevelt at a lawn party. The picture does not justify any talk about friction between the two. In a genuine democracy everybody would dress as he pleased, but everybody would choose to dress just like everybody else. The only place today where democracy in dress prevails is in fashionable restaurants where it is impossible to distinguish a customer from a waiter.

TEXON TALES

Just read where "Alfalfa Bill Murray" claims to be a "bridge player." Well, we should pass over that as freely as possible. Bill may be "oil" right yet.

Again we read a game similar to polo was played over a thousand years ago. Shucks, they still play that kind.

One of the surest ways to find out just how many cranky people there are in this old world is to be a grouch yourself.

It is the running expenses that keep us out of breath while there are a lotta people still driving cars who can't afford them.

Just been over to the baseball cafe and ate some aeroplane pie. You know, the kind with flies.

Maybe matches are made in Heaven but our lighter doesn't say where it was made.

A story drifts in from another town about how many bills a ten spot paid off in one week's time. However, they didn't say where they first got hold of the ten.

Now "daze" a good many of our people are sending their old clothes to the organizations for the poor and needy and we feel we are right in line with the movement, sending our old clothes to the poor tailor as usual.

One fellow here has had several operations trying to get a collar button he swallowed several years ago. Oh! Well, he might as well go ahead and buy a new one, the depression is nearly over anyway.

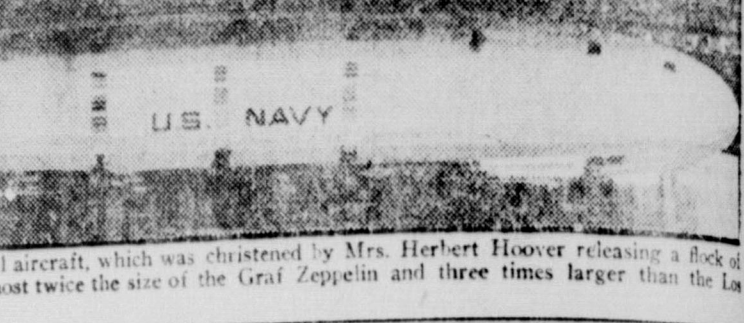

Judging men by their clothes it looks as though many of them should get married or else get a divorce. If you wear glad rags you are supposed

California; Not Iowa

Florence Linstein is shown picking corn from stalks twenty feet high in C. J. Edwards' backyard near Los Angeles.

Former Governor Al Smith, without the brown derby, was snapped by Gov. Franklin D. Roosevelt at a lawn party. The picture does not justify any talk about friction between the two.

to feel glad and if you wear snappy clothes you should feel happy but if you wear just anything you can get you know how the rest of us feel.

Down here in the oil field as well as in all oil districts we are doing everything we can to establish oil and as soon as we get that we will start holding out for a dollar.

TEXON TAILOR

CORONA

...in colors!

CORONA has always been the most popular portable typewriter. Now you can have this famous Personal Writing Machine in a beautiful Duco finish to match or harmonize with the color scheme of your room or desk. Never was there a typewriter to compare with this new Duco Corona in beauty—and as for the machine itself, it is easily the finest Corona ever built. Better come in today and pick one out. We will accept an old machine in trade and will gladly arrange easy terms.

THE FOARD COUNTY NEWS

VACATION RATES

The Crazy Water Hotel at Mineral Wells, Texas, announces very low rates for those who desire a real health vacation. Excellent room with outside exposure, ceiling fan, circulating ice water and private bath as low as \$1.50 per day. Other good rooms as low as \$1.00. You can be a guest of this magnificent Hotel, built at a great cost of approximately a million dollars, as cheap as you can stay at home. Come on to the Crazy Water Hotel, Mineral Wells, Texas, "Where America Drinks Its Way to Health." For further information, write or wire, CRAZY WATER HOTEL COMPANY MINERAL WELLS, TEXAS
