VARIETY IN REVIEW' ATED FRIDAY NIGHT

annual Crowell High Band's "Variety in Review" will be presented this Friday night, March 23, at 7:30 p. m. in the high school auditorium.

This year, as in past years, the stage band, the beginner band, and the variety bands will be featured along with many other special acts. Everyone is invited to attend this program.

in-Law of garet Couple ed in Accident

Young, 25-year-old farm-son, resident and rancher to 1, Chillicothe, died Sunday afternoon in a Chillicothe horse-burn accident at his ranch home.

son-in-law of Mr. and Mrs. McGinnis of Margaret—died in a horse-burn accident when a barrel he was attempting to cut into with a torch

Suzetta Abston Repeats as County Spelling Champion

To Represent Foard County in Contest in Wichita Falls

Suzetta Abston, 12-year-old student in Crowell Grade School, won the Foard County spelling bee championship for the second time last Thursday afternoon at Thalia.

The runner-up and the only other contestant in the contest, was Janice Gray, 11-year-old, of Thalia School.

Suzetta and Janice battled through 70 words before Janice slipped on the word "annual," spelling it "anual." Suzetta spelled "annual" correctly and then spelled "anxiety" to become the county champion.

Suzetta, a seventh grader, is the daughter of Mr. and Mrs. Alton Abston and Janice is a fifth-grader and the daughter of Mr. and Mrs. Fred Gray, all of Thalia.

By winning the Foard County spelling bee, Suzetta will again have the opportunity to compete in the district spelling bee to be held April 14 in Wichita Falls. She finished ninth in the district meet last year.

Pronouncer in the contest was Grady Halbert of Foard City. Judges were Mrs. L. A. Andrews, Mrs. Sally Archer and Foster Davis. Foard County Judge Leslie Thomas was the director.

Harry McKown Funeral Held in Quannah Thursday

Funeral services for Harry W. (Doc) McKown of Quannah were held Thursday, March 15, at 2 o'clock at the Knowles Funeral Home Chapel in Quannah, with interment in the Quannah Cemetery.

Conducting the service was Rev. Walter White of Quannah Methodist Church, and Rev. John Fitzgerald of the Crowell Methodist Church.

Two special songs were sung by Mrs. Annie Woolbright, "Uncolored Day" and "When They Ring The Golden Bells."

Mr. McKown died at his home in Quannah Tuesday evening after suffering a heart attack.

Mr. McKown was born Aug. 5, 1897, in Foard County, son of the late Mr. and Mrs. G. W. McKown. He was reared to manhood at the family farm 8 miles northwest of Crowell. He was married to Elva Hopkins Bailey in 1941, the same year he moved to Quannah where he worked as a carpenter and finisher.

He was employed by the late W. B. Johnson of Crowell for 18 years.

He was converted when a young man and lived a Christian life, always ready to lend a helping hand to the sick and needy.

Survivors are the widow and one daughter, Mrs. Kenneth McSpaden, one granddaughter, Lynn, all of Quannah; one brother, Lynn McKown of Memphis; two sisters, Mrs. Frank Elton of Quannah and Mrs. Grover Cole of Crowell.

Crowell Student Among Those Honored at Texas Tech Sunday

Texas Tech College's outstanding students were honored Sunday, March 18, at the annual all-college recognition service.

Tech President R. C. Goodwin delivered the principal address at 2 p. m. ceremonies in the student union building.

Two More Wildcats Will Be Drilled in Foard County

Locations have been staked for two Foard County wildcats. The ventures are:

Socony Mobil Oil Co. No. 1 John Glenn Haisell, eight miles southeast of Crowell, 2640 feet from west and 1600 feet from south lines of section 415, block A, H&TC survey, to 6,000 feet. The Pennsylvania wildcat is five miles south of the Effie Caddo pool.

AmTexas Oil Corp. of Midland, No. 1 Self, seven miles west of Crowell, 1650 feet from west and south lines of section 8, block A, SPRR survey. Contract depth is 4700 feet.

The No. 1 Self is three miles southeast of the Raspberry 6100-foot Caddo pool.

145-Barrel Oiler Completed on Land of Milburn Carroll

Socony Mobil Oil Co., Inc., No. 1 Milburn Carroll (A), 4 1/2 miles north of Crowell, has been completed as an oiler with initial production of 145 barrels daily of 39.1 gravity crude.

Location is about 2300 feet from north line and 1900 feet from west line of section 440, block A, H&TC survey.

Total depth was 5805 feet.

Gin Meeting Set For Saturday

The annual membership meeting of the Farmers Co-Operative Gin will be held in the District Court room in Crowell Saturday afternoon, March 24, beginning at 1 o'clock.

The purpose of the meeting is to receive the annual reports and the election of four directors, plus any other business that may come before the meeting. All members are urged to attend.

Lester Patton is president of the Farmers Gin in Crowell.

1961 Graduating Class Ranks High in College Courses

Crowell High School has received the college grades for the first semester of the 1961-62 school term. Of the 36 students who graduated in 1961, 64 per cent entered college and 58 per cent completed the first semester.

In all subjects the students ranked well above average, Mr. Black said. As English is the only subject that all students took, it has been interesting to compare the grades made in that subject with the average grades made in various colleges and universities.

Ninety per cent of the Crowell students passed; whereas, statistics from North Texas State University, West Texas State University, and other colleges show that no more than 60 per cent passed the course.

"These figures prove that students from Crowell High School are making creditable records in college," Mr. Black concluded.

Six New Vehicles

Six new vehicles were registered here last week, as follows: March 9, Laura Belle Whitfield, 1962 Chevrolet 4-door; March 9, Mrs. Blake McDaniel, 1962 Ford 4-door; March 9, V. A. Johnson, 1962 Ford pickup; March 12, C. L. Glazner, 1962 Chevrolet 4-door; March 13, Barbara G. Griffith, 1962 Chevrolet coupe; March 13, Martin Diehl, 1962 Chevrolet 2-door.

Rotary Club Meets

With Hubert Brown in charge of the program, Marion Crowell, president of the Foard County Little League, made a talk on the upcoming Little League baseball season here. He was assisted by Marcus Mills and Bill Bell, managers of two of the teams.

J. A. Brown Died Early Monday in Local Hospital

Funeral Services Held in Crowell Wednesday

Funeral services for J. A. Brown, 75, were held at the Crowell Methodist Church Wednesday afternoon at 3 o'clock, March 21, conducted by the pastor, Rev. John Fitzgerald, assisted by Rev. Warren Everson, pastor of the Bethel Church, and Rev. Clarence Bounds.

Mr. Brown passed away in the Crowell Hospital Monday, March 19, following a heart attack.

Interment was in the Crowell Cemetery under the direction of Womack Funeral Home.

Pall bearers were Pat McDaniel, Virgil Johnson, Andrew Calvin, Delton Coffey, Buster Borchardt and R. Gidney.

Mr. Brown was born in Murphy, N. C., on April 3, 1886, and had been a resident of Crowell for many years.

He was married to Miss Totsie Griffin in 1905. Six children were born to this union. They moved to Foard County in 1911 and Mrs. Brown passed away in 1919. Mr. Brown moved to California in 1920.

In 1925 he was married to Callie Ollie May. Five children were born to this union. The family moved back to Crowell to make their home in 1950. He worked for a time at Sletiff's Welding Shop and since that time he had been employed as a blacksmith at Calvin Welding Shop. One son, Audie Brown, preceded him in death in 1959.

Survivors include his wife; seven sons, Roscoe Brown of Fort Worth, Joe Brown of Abilene, Louis Brown of Ballinger, J. M. Brown of Pecos, John Calvin Brown of Snyder and James Arthur Brown of Crowell; three daughters, Mrs. Cressie May Reed of California, Virgie Marie Austin of Oklahoma City and Wanda June Atchey of Fresno, Calif.; 26 grandchildren and nine great grandchildren.

Fred Lowery to Be Presented at Assembly Friday, March 23

On March 23 at 8:45 a. m., the Southern Assembly Association will present Fred Lowery, the king of the whistlers, in the high school auditorium to the student body. There will be approximately fifty seats available for the general public if they care to hear this program for which a nominal charge will be made.

Mr. Lowery was a former member of the staff of WFAA in Dallas. He has appeared with Bob Hope, Steve Allen, Ed Sullivan, Jackie Gleason, Edgar Bergen, Bing Crosby, Stan Kenton, Paul Whiteman, Vincent Lopez and others. His many hit recordings are known the world over. His records, such as "Indian Love Call," (which sold over two million copies), "The High and the Mighty," "Theme from the Proud Ones" and countless others have reaped fantastic successes.

He has parlayed his love for whistling into an important, lucrative professional business.

RED CROSS FUND DRIVE WILL BE HELD IN COUNTY FRIDAY, MARCH 23

IT RAINED TUESDAY!

The first moisture of any appreciable amount received here since January came to Foard County early Tuesday morning as .39 inch of rain was recorded by the government gauge. According to reports, the rain was general over the county.

This .39 inch brings the total for 1962 up to 1.34 inches—which is just over two inches below normal for this period.

A total of .9 inch was received in January, .05 in February and the .39 received Tuesday was the first moisture for March.

Foard County has had an exceptionally dry winter and although the rain Tuesday was not as much as needed, it will be of great benefit.

High and low temperatures recorded during the past week follow:
Thursday: high 57, low 26.
Friday: high 66, low 32.
Saturday: high 68, low 35.
Sunday: high 66, low 52.
Monday: high 70, low 48.
Tuesday: high 73, low 52.
Wednesday: low 37.

John Black of Truscott Died Here Wednesday

Funeral Services Held at Truscott Thursday Afternoon

John Calvin Black of Truscott died in the Foard County Hospital Wednesday afternoon of last week following a long illness. He was 69 years old.

Funeral services were conducted in the Truscott Church of Christ at 2:30 p. m. Thursday. Officiating was Stanley Neeley, minister of the Eastside Church of Christ in Crowell.

Interment was in the Truscott Cemetery under the direction of Womack Funeral Home.

Pall bearers were Homer Black, J. B. Eubank, J. G. Adeock, J. D. Cook, E. J. Jones and Carlton Browder. Honorary pall bearers were Bill Rake, A. Horne, D. S. Ellis, A. S. Tarpley, Marion Chowning Sr. and Lester Hickman.

Mr. Black was born June 4, 1892, in Cooke County, but had lived at Truscott since he was five years old. He and Miss Lillie Bette Hutton were married May 11, 1914.

Surviving are his wife; one son, W. R. Black of Amarillo; one daughter, Mrs. J. M. Cook of Gillette; one brother, Ed Black of Abilene; two sisters, Mrs. Monroe Cash of Truscott and Mrs. Nettie Myers of Bowie; and four grandchildren.

Heart Fund Drive to Be Made Next Tuesday

The annual Heart Fund drive for funds will be made in Crowell next Tuesday afternoon by the members of the Sub-Junior Adolphus Club. The girls will make a house-to-house canvass of the town following their dismissal from school.

Jack Welch, chairman of the Foard County Heart Association, is asking that Foard County residents give generously to this worthy cause.

To Head District V. A. Teachers

Walter P. Todd of Quannah and his brother, Francis E. Todd of Vernon, were elected co-chairmen for the Vocational Agriculture Division of the District 7 Texas State Teachers Association, Abilene, Friday, March 9.

The Todd Brothers are sons of Mrs. D. E. Todd of Crowell.

Absentee Voting Opens in City and School Elections

Absentee balloting in the upcoming city and school elections opened last week.

In the city election in which there are two vacancies to be filled, no one announced and voters will find two blank lines on their ballots for them to fill in with the names of their choice.

The terms of John Cogdell and Houston Adkins are expiring and neither are seeking re-election.

The Crowell Independent School District's election to fill three places will take on a little sharper flavor as six candidates are vying for those places. The three candidates receiving the most votes will be seated on the board. Two of the candidates, R. J. Owens and W. F. Bradford, are asking re-election.

Making the race for a place on the Crowell Consolidated Independent School board are the following candidates as they are listed on the ballot: J. D. Smith, R. J. Owens, W. F. Bradford, Walter H. Stapp, W. F. Statser, Edmund Tomanek.

Nearly 400 Children Receive "Shots" at School Last Monday

Close to four hundred school children were given various serum shots at the Crowell Grade School last Monday morning. There were 183 smallpox inoculations, and 309 schick tests. Fifty-eight of these children were from the Colored School and twenty-eight were from Thalia School.

Mrs. M. M. Kralicke and Mrs. Roberta Barker administered the shots. They were assisted by the following school students: Jo Carol Cooper, Linda McClain, Vicki Spikes and Mike Manard. The serums were furnished through the local Medical Clinic by the State Department of Health.

Dr. Kralicke states that the tuberculosis serum is not available at this time. The children will be notified when this serum arrives.

Former Resident of Margaret Died Thursday in Kermit

Funeral services for Mrs. Arthur Powers were held Saturday, March 17, in Kermit, where Mrs. Powers had lived for a number of years. She was a sister of the late W. A. Priest of Margaret.

She passed away March 15. Mrs. Powers was a long-time resident of Foard County.

Mr. and Mrs. Fred Priest and son, Tommy, attended the services. Mrs. Powers was Mr. Priest's aunt.

Revival Now in Progress at Assembly of God Church

A revival is now in progress at the Assembly of God Church in Crowell with Rev. J. S. Haynes of Odell doing the preaching.

The revival will continue through April 1 and everyone is invited to attend. Rev. Kenneth Bingham, pastor, said Tuesday.

Methodist Men to Meet Monday Night

A regular monthly meeting of the Men's Fellowship of the Methodist Church will be held in the church basement Monday night beginning at 7 o'clock.

"Screwworm" Eradication Program Going

A house-to-house canvass in the interest of the Red Cross will be made in Crowell Friday morning. The drive will start with a breakfast at the Community House with the county chairman and workers attending.

An attempt will be made to contact every house in Crowell. The goal this year for Foard County is \$1,134. This is not very much if shared by many. About half of the money is used locally; the rest is sent to the National Headquarters.

L. H. Wall Jr. and Moody Bursley are county chairmen of the fund drive. The local committee is composed of Charles Branch, president; Miss Lennis Woods, secretary-treasurer; and John Fitzgerald, home service director.

"Open your door—and your heart to the Red Cross worker."

Local Committee Invites Farmers and Ranchers to Donate

The Federal-State-Rancher effort to eradicate screwworms from Texas and the Southwest is moving at a fast clip, according to announcements made by officials of the cooperating agencies at Kermit last Thursday.

Sterile screwworm flies are being dropped at the rate of 10 million a week in thirty counties. Dr. S. C. Gartman of the Kermit fly breeding facility said. This operation will be stepped up to 20 million a week as soon as possible, he said.

Dr. R. G. Garrett, Executive Director of the Texas Animal Health Commission announced that a control line has been established across the southern part of the state, from Del Rio through San Antonio, Columbus to Bay City. Inspectors will man key points along the line and inspect all animals crossing the line. Garrett said. This is being done to help contain screwworms in the area south of the line where flies are now being dropped.

Buildings at the former Moore Air Force Base are being remodeled in to permanent headquarters for the eradication effort. This facility is expected to be ready by July 1, to produce 50 to 75 million sterile flies each week.

John Cogdell and J. G. Haisell Jr., co-chairmen of the Foard County Animal Health Committee, urge all farmers and ranchers who have not already done so to support this program. Those desiring to help can contact Merl Kincaid at the Crowell State Bank who is secretary-treasurer of the county committee.

Foard County Car Registrations Still Lagging

Nearly half of the vehicles owned by Foard County residents remain to be registered before the April 1 deadline, according to figures released by R. B. Magee, deputy Tax Collector, Monday.

Of the 1200 vehicles in the county, 525 had been registered up to Monday noon. According to Texas law, all vehicles must have 1962 license plates by April 1, or the owner be subject to arrest.

News About Our Men in Service

Sp. 5 James Doyal and his wife of Slaterville, Rhode Island, are here visiting his mother, Mrs. Pearl Doyal, and her parents, Mr. and Mrs. Grady Johnson of Quannah.

Fire Department Extinguishes Grass Fire at Vivian

The Crowell Volunteer Fire Department was called to the Vivian community Friday afternoon to extinguish a grass fire near the home of Mrs. Mattie Carroll on the Crowell-Paducah highway.

Curriculum
letin Received
Local Schools
A new curriculum bulletin is-
sued by the Texas Education
Department has been received by
local schools. Grady Graves,
superintendent, says the bulletin
gives all the requirements for
grades 7-12 that lead to
college.
The principal changes in the
bulletin is in the field of
science. The requirement in the
bulletin has been two laboratory
courses in high school. The
new requirement calls for one
high school science course in
general science is taught
seventh and eighth grades,
and another in high school.
Mr. Graves says, as Mr.
Graves points out, Crowell offers
high school science courses:
physics, and chemistry.
General science is taught by
James Wood Bell, graduate of
the University, who has com-
pleted courses in college
biology, physics and
chemistry. He is taught by James
Wood Bell, graduate of the
University, who holds a master's
degree from the University.
Mr. Graves urges all of those
preparing to work toward
college degrees in medicine,
engineering to take all five of
science courses.
The Crowell graduates
are practicing medicine at
present time, according to
Graves: are Dan Hines,
Charles S. Clark, Lowell
Bell, C. D. Campbell, Tom
Roberts, Bobby Jack Stine-
comb, Albert Bird, Paul Johnson,
Flesher and Stanley Womack.
The Crowell graduates
are in the engineering field
K. Edwards, Tom Andrews,
K. Kajs, Rudolph Richter,
Johnson, F. L. Ballard, Jack
Long, Billy Cox, Bill Hal-
lock, Brock, Gordon Graves,
Crews, Clifford Orr, Ken-
ox, J. M. Crowell and Joe
Sax, according to Mr. Graves.
Faculty members of the
per grades of the Crowell
Schools are presently study-
ing new requirements and
Graves states that he will be
to discuss any phase of the
creditation standards with
patrons who may be inter-
ested.
Mrs. Richard Ferguson
and Mrs. Fergeson
were visitors in Crow-
ell. At the evening ser-
vice at the Methodist Church Sun-
day, Mrs. Ferguson showed
her new home and gave a com-
mentary on the trip she made recently to
America.

EDITORIAL

Why I Hate Chewing Gum

The other night at a pleasant little gathering, I had the misfortune of sitting on a small "glob" of chewing gum. Now in the first place, I don't like chewing gum; it loses its flavor in about a minute and twenty-two seconds in one's mouth; it has a pronounced tendency to come apart in little bits while being chewed; it sticks in such precarious positions as the bottom of cafe tables; it—a fresh, spongy, sticky, slimy sphere—is noted for its adhesion to shoe leather.

These minor unpleasanties lead one to wonder why a vast cross-section of the youth of America should indulge in such a degrading practice. As a matter of fact, the so-called chewing enjoyment of the "biggest little treat in all the land" is actually the scourge of all America. Naive teenagers are "duped" into chewing it by unscrupulous "gum pushers." When you get into a car with a group of youngsters, the first you know someone is shoving a stick of gum under your nose. Beware! This person is actually an agent who gets "Double Bubble" money by getting the other unsuspecting teenagers on the "stuff." The "Mafia" is behind it all, using the gum for a front.

You must understand that I am not making derogatory remarks about gum. When it is used for patching dams and snaring elephants, chewing gum is a useful product, but Americans must arise to the alarming fact that chewing gum is the corrupting agent of the country's youth.

—Bill Fitzgerald.

Senior Personalities

Earlyn Hammonds is the first personality for this week. Earlyn is a member of the Drill Team, FHA and Wildcat staff. She has been an officer in FHA, a member of the basketball and volleyball teams, and a member of the annual staff. Earlyn, also, is a member of the Sub-Junior Columbian Club.

Her favorites include pink, sea food, Ral Donner, Rock Hudson and Yvette Mineaux. Earlyn's favorite subject is English; her hardest, bookkeeping; her easiest,

RADIO REPAIR

Marion Crowell

OUR CHIEF DESIRE

is to benefit this section with a service consistent with the soundest banking principles.

The interests of the people of this section and this bank are mutual. Whatever benefits this section will benefit us. Naturally we want to do our part in helping this section and its people in any constructive and sensible way.

CROWELL STATE BANK

Member Federal Deposit Insurance Corporation

home economics. Horseback riding, swimming, skiing, listening to music, and riding around are Earlyn's favorite pastimes.

Earlyn's pet peeve is red-headed people.

She has received her chief influences from her parents and Mr. Black. Earlyn plans to become a first grade teacher. She should have the very best of luck in the future.

The other senior personality is Marion Payne. Marion's favorites include the color, black!!! food, fried chicken and gravy; actress, Gina Lolarbrida; actor, Rock Hudson, and the singer, Ricky Nelson. His favorite and easiest subject is band, and his hardest, English.

Marion likes to build model craft and to make music in his spare time. This pastime of music is, also, one of his school activities; Marion is a member of the stage band and "Charlie Brown" Combo. He, too, has been a member of the FFA for several years.

Marion dislikes people who talk too much. His mother and daddy have been the main influences in his life. Marion has no other plans now besides graduating from C. H. S. We hope he has the very best of luck after leaving Crowell High.

Library News

The latest bulletin display in the library was very fitting. The bulletin board was a stork with the caption, "Look! New Arrivals!" Several books, from the many new books that have recently been received, were featured. Fauncine Fairchild and Patricia Brown arranged the display. Thank you, girls.

Girls' Jackets Finally Arrive

After many weeks of anxious waiting, the basketball girls' jackets finally arrived. The body of the jacket is old gold accented with black, white, and gold trim. The white leather sleeves make a striking contrast with the dark body. The black and gold letter "C" has a bright white background, and a basketball is set in at the bottom of the letter. Those girls who received jackets were Carria Driver, Alta Bartley, Gloria Brown, Evelyn Fiske, Betty Kals, Barbara Bell, Carolyn Werry, and Carolyn Eubanks. The manager, Seth Halbert, also received a jacket.

Track Boys Enter Meet

On Thursday afternoon, March 15, the Crowell track and field teams participated in a practice meet at Chillicothe.

Vernon, Chillicothe, Oklaunion, Lockett and Crowell were the five schools represented. The record of the places our boys made in the various events is too long to print—but in the words of Coach Amonett, "Our boys made a good showing!"

Felicitations from Javier!

Sunday, March 19, Mr. Black received a picture and good wishes from Javier del Corral, the 1961 exchange student from Mexico. The message, addressed to all the students of CHS and to the families in whose homes he had visited during his stay in Crowell, is as follows:

"With all my love for all my brothers and friends as an example of gratitude during my stay in Crowell. From your brother and friend that loves you and will never forget you.—Javier del Corral."

Sports in Short

Sports fans, last week saw a lot of action in the sports field. The Crowell Wildcat track team hit the road for a track meet at Chillicothe last Thursday. The same day the annual intramural basketball games, 'wild and wooly' as ever, were scheduled. In those games, the Senior Jamaicans swamped the Junior Leprecons in a fast moving game. The Sophomore Astronauts fought off the fired-up Freshman Yellowjackets to win their berth in the play-

offs. The crowd, although small in number, was big in enthusiasm, and I believe everyone enjoyed the spirited games. The big play-off games, pitting the seniors and sophomores and juniors and freshmen, are scheduled for a later date.

This week the track team journeyed to Vernon Wednesday and then to Chillicothe Friday for some big competition meets. As the gambler who lost his life savings at the casino said, "That's about all for this week!"

Shots! Shots! Shots!

It's shot time again! Last Monday each Crowell student was given the opportunity to take the diphtheria shot, small pox vaccination, and Schick test. This free service is made possible by the State Department of Public Health and by the local medical staff. Thanks to Mrs. Kralicic and Mrs. Roberta Barker for their free service too; they gave the shots.

Jokes

1. Tim: "What's pink and green, has purple eyes, is two inches long, and has big teeth?"
 Carria: "I give up. What?"
 Tim: "I don't know, but there's one on your collar."
 2. Wendell: "What's the difference between a garbage can and

a mail box?"

Mark: "I don't know. What?"
 Wendell: "I'll never ask you to mail my letters."

3. Dentist: "Stop yelling, I haven't pulled your tooth yet."
 Winston: "I know, but you are standing on my corn."

4. Mr. Cates: "Don't you like to go to school and learn all kinds of things?"

Rhetta: "Sure, but not this school. All they teach are things I don't know anything about."

The Blab

Everyone be sure to come to the Variety in Review Friday night at 7:30 p. m. at the high school auditorium.

Together Wednesday night were Marshall-Rhetta.

Together frequently are Marshall-Rhetta.

At the show Friday night were Billy - Jo Wynn, M. L. - Mary Ann, Claude - Vicky.

Together Friday night: Arcina - ? , Teresa - Junior, Beverlie - ? .
 At the Canteen Friday night:

Philip - Ruth, Kenneth - Scherry, Terry - Judy T., Jon Lee - Sharon, Paul Bax - Barbara.

Linda McClain, did you get someone else's letter?

At the Plaza Saturday night were Jackie - Sue, Ronnie - Carria, Boob - Elly, Terry - Judy T., Philip - Ruth, Dale - Carolyn, Kenneth - Scherry, Jon Lee - Barbara, Ed - Ella, Gerald - Gena, John - Beverlie, Otis - Arcina, Bobby - Lynda.

Rhetta, did you finally get rid of the Lockett jacket?
 Seems as though Jim Mac has a bad temper.

Together Sunday afternoon were Jackie - Sue, Ed - Ella Ann, Larry - Alta.

At the canteen Saturday night: Paul Bax - Barbara.
 Sunday night: Winston - Carolee, Dale - Carolyn, Ronnie - Carria, Larry - Alta.

Together often are Bill-Linda. Together Sunday night were Tim - Fauncine, Tim, for once, was not in a sleepy mood!

Billy, what happened to you and Jo Wynn Saturday night? Was it the Woollybugs, Phantoms, or four girls?

What were Jo Carol, Carolee, and Alta doing behind the Dairy Bar Saturday afternoon? What's the matter, girls, you look a little green.

The two hide-out victims of Friday night were LaRue and

Beverly.
 The scandal hears Barry, Ken and Freddy had a good time in Wichita Falls.

Larry H., whose house were you seen near Saturday night? Could her initials have been L. W.?

Why is Kenny called "Little Boy Blue"?

Who is called "Rebel"? We bet Scherry G. knows.

Elly, what did Kenny do last Wednesday? The scandal knows. Who were those two couples out at the airport Saturday night? They looked odd.

Seen together lately: Billy - Jo Wynn. Something new? Sharon G. and Johnny T. were seen together Sunday night.

Who were those cow girls in Crowell Sunday? Could it have been Sue C., Jo Carol, Carolee? Jerry L., did you have fun Sunday afternoon? Was one of those Ann, or did Ann know anything about it?

Wildcat staff members: don't forget the party in your honor Thursday night at 7 o'clock at the Community Center.

Menu

Monday: light rolls, baked ham, creamed potatoes, green beans, celery strips, fruit cocktail, and cookies.

Tuesday: corn meal muffins,

pinto beans, spinach, deviled fresh cucumber slices, and nut pudding.

Wednesday: light rolls, loaf, candied sweet potatoes, peas, carrot strips, and apple-bler.

Thursday: hamburgers, salad, cheese and crackers, popcicles.

Friday: hot biscuits, loaf, macaroni and tomato white beans, pepper and other rings, and bananas.

BIGGEST PENNY'S WORTH YOU'LL EVER GET

THIS BEAUTYREST BY SIMMONS COSTS ONLY A PENNY MORE A NIGHT THAN A "BARGAIN" MATTRESS

BEAUTYREST
 gives you more comfort
BEAUTYREST
 gives you better sleep
BEAUTYREST
 lasts lots longer

BRAND NEW 1962
 BEAUTYREST MODELS
 NOW ON DISPLAY!

A penny packs a lot of power. That's something you'll discover for yourself when you see the new Beautyrest, the happiness money can buy. Yes, for only a penny more per night you can own the world's finest mattress, enjoy the refreshing comfort, the buoyant body-supporting individual coil construction of Beautyrest. For only a penny more per night you can own the longest-lasting, the most economical mattress made. Test after test conducted by the United States Testing Company has proven that Beautyrest outlasts ordinary mattresses 3 to 1. So come in today, make your selection from the large family of Beautyrest mattresses. See how much power that little red cent can pack!

Tufted or quilted, regular or extra firm, **\$79.50** twin or full size

Matching boxspring also \$79.50

We have super sizes, too!

Ordinary mattresses have 200 to 300 wired-together springs. Push one down ... and the other nearby springs sag down too. They can't support body hollows ... give a "hammock" kind of sleep.

Beautyrest has over 800 individual springs ... not tied together ... each is in separate cloth pockets. Each spring works independently to push up under the body ... give firm, buoyant support to all parts of the body.

Soil Testing Increasing in This Area

Soil testing is definitely on the increase in the Rolling Plains area, Roy L. McClung, Baylor County Agent, reported this week. McClung stated that the soil testing lab at Seymour had the biggest February they had ever experienced and second biggest month since opening the lab in January, 1956. This lab serves all the counties in the Rolling Plains area.

McClung, Baylor County Agent, who operates the lab under the direction of Texas A&M College, and makes the recommendations, says the more samples they receive the more evidence they find showing a definite need for soil testing. Many of the soils are showing an unbalanced condition in fertility. Many of the soils show a need for both nitrogen and phosphorus, some show a need for nitrogen only, while many of the sandy soils show a need for nitrogen, phosphorus and potash. Until the lab started operation it was generally understood that the soils in this area contained plenty of potash but many of the sandy fields all throughout the Rolling Plains area are showing a definite need for potash. "There is no method of telling what the soil needs until you have the soil analyzed," McClung stated.

"Just as an oil gauge measures the oil level in your car or truck; a soil test measures the fertility level in your soils."

This soils lab located at Seymour to serve the rolling plains area has recently added another \$1,500 worth of equipment to increase the speed and accuracy of the tests. "We are now in a position to make the analysis and get the reports back to the farmer within 3 days to a week," McClung stated.

J. E. Burkett, Foard County Agent, reports that more and more Foard County farmers are using the soils lab and getting good results. Burkett urges Foard County farmers to have their soils tested and try small demonstration plots according to the recommendations as shown by the test. In this way you can see for yourself whether or not it will put more dollars in the bank for you. Burkett says his office has a supply of soil sample cartons, and information sheets and he will be glad to help the farmers in any way possible with his soil problems, or in establishing demonstration plots.

The fee for testing the soils is \$2.00 per sample. One sample should not represent more than 30 to 40 acres and should be taken in several places in the area being tested, mixed thoroughly and a composite sample taken and sent to the lab. Samples should be mailed or carried to Soil Testing Lab, Seymour, Texas.

F. L. Ballard of Chanute, Kansas, spent Monday night here visiting his parents, Mr. and Mrs. Lewis Ballard.

Mr. and Mrs. Glen Shook and sons spent the week end at Athens attending the wedding of his cousin. They also visited Dr. and Mrs. Hugh Haynes in Dallas and Mr. and Mrs. F. J. McDougle in Wichita Falls.

Mrs. Willie Vessel and Mrs. Morris Diggs visited Tuesday with Mrs. Glen Taylor in a Wellington hospital. Mrs. Taylor was hospitalized following a fall in her home in Wellington Saturday when she broke her shoulder in three places. The Taylors are former Crowell residents.

PROMOTE Senator ROBERT BAKER to LT. GOVERNOR

- Local ad valorem tax powers
- Creation of a Texas Tourist Commission
- Padre Island as a national park
- Limiting a cities annexation powers
- Equitable congressional representation
- Equality for women under the law
- Public education for traffic safety.

"Be" for BAKER
(Pol. Ad paid for by Baker friends)

STATE CAPITAL Highlights AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

Austin, Tex.—State campaign headquarters for candidates for Congressman-at-Large report that considerable confusion exists about this particular race.

Many voters seem to think that the various candidates for Congressman-at-Large are running against present office holders. Namely the Congressmen now representing the various Congressional districts in the State. They are not!

This is a statewide race where in Texas gets an extra Congressman—not just a district.

This office is being created because the population of Texas has increased sufficiently to entitle it to an additional representative in Washington.

The Texas Legislature has the right to re-district the state to provide for an extra Congressman. But the Legislature has not yet done so. Alternative therefore is to create a statewide position.

Therefore, the following candidates are competing against each other for this high post and not against any present office holder:

Democratic Primary: Judge Woodrow Wilson Bean of El Paso, Manley Head of Austin, Warren G. Moore of Tyler, Joe R. Pool of Dallas, Charles H. Stevenson Jr. of Corpus Christi, Russell T. Van Keuren of Houston, and Phil Willis of Searcy.

Republican Primary: Desmond Barry of Houston, Giles E. Miller of Dallas, and Joe B. Phillips of Lubbock.

A Congressman-at-Large race is not without precedent in Texas. The same thing happened in 1952. Martin Dies was elected and served from 1952 to 1958.

THUNDER FROM THE TOP—When GOP's from all over the state gathered in Austin for the State Republican Executive Committee meeting Monday, democratic pressure to hold primaries in every precinct was a topic of conversation.

Jim Leonard, GOP executive director, criticized the SDEC for urging county clerks to refuse to place Republican candidates on the November ballot unless the Republicans held a primary in every precinct. Leonard charged that it was the same as asking them to break the election laws.

He likened the democratic announcement to "thunder from the top," and called the issue a tem-

pest in a teapot and a compliment to the growth of his party in Texas.

TEXTBOOK CHOICES POSTPONED—The State Board of Education voted to postpone the decision of whether to reorder high school solid geometry, economics and shop texts, as well as one on driver education, until the matter of revising these courses is decided.

Several board members also asked a committee to read the economics textbook, because they objected to its content. Objectors were all attorneys.

Penrose Metcalfe of San Angelo asked to hold up on the drivers' course text, because he questions a recent decision to change this class from eighth to ninth grade.

He said some West Texas superintendents want it kept in the eighth grade, since most of their students drive by that time, anyway. He will ask for a vote at the April meeting, to put the course back in the eighth grade.

WATER WORK DIVIDED—After 10 years, Vice President Lyndon Johnson finally got an answer as to who will do what toward implementing the \$4,000,000 plan to provide for Texas water and soil conservation, flood control, navigation, water supply and irrigation projects.

Federal agencies now have agreed that the Army Corps of Engineers and the U. S. Bureau of Reclamation each will take on about \$1,000,000,000 worth of dam and conveyance construction; local and state agencies will assume \$1,000,000,000 worth of work; and the U. S. Soil Conservation Service will handle \$200,000,000 worth of small dam and soil conservation work.

Balance of the project is navigation, irrigation, recreation and local flood protection.

Agreement still needs approval at the Washington level, but for the first time in its history, Texas has a water plan and water agencies and engineers have come to an understanding on Texas' future water needs.

The Texas Water Commission endorsed the work division agreement.

Mr. and Mrs. J. R. Beverly returned home Tuesday from Dallas where Mrs. Beverly has been undergoing medical treatment.

Two Minutes With the Bible

"What's Behind Our Moral Decline?"

One does not have to be a prude to conclude that our country is suffering a serious moral decline. Our rulers and law enforcement agencies seem powerless to cope with it. Campaigns to check it seem vain. J. Edgar Hoover of the FBI has warned us again and again that the alarming rate of this downward trend spells ruin for America if it isn't checked soon. But what most people fail to realize is that behind this moral decline there is a spiritual decline. People have departed from God and His Word.

Paul's letter to the Romans tells us how the heathen got that way. Rom. 1, 21, 22 says, "When they knew God they glorified Him not as God, neither were thankful, but became vain in their imaginations and their foolish heart was darkened. Professing themselves to be wise they became fools," and the following verses tell how God finally had to "give them up" to "uncleanliness" and "vile affections"—all because "they did not like to retain God in their knowledge" (Ver. 28).

St. Paul further describes them in Eph. 4:17-19, walking "in the vanity of their mind, having the understanding darkened, being alienated from the life of God through the ignorance that is in them, because of the blindness of their heart; who being past feeling (conscience) have given themselves over to lasciviousness, to work uncleanness with greediness." This, sad to say, is an accurate description of increasing numbers in America today. They are throwing off restraint and going after uncleanliness "with greediness."

But this is not liberty, it is enslavement. It is not a sign of strength, but of weakness. It does not indicate superior intelligence, but grossest ignorance, and results from alienation from God.

How much better off are those who have come to know God through Christ! Of these the apostle says: "And you, who were once alienated and enemies in your mind by wicked works, yet now hath He reconciled, in the body of His flesh, through death, to present you holy, and unblamable, and unreprouvable in His sight" (Col. 1:21,22). Through faith in Christ who died for our sins, then, we may be reconciled to God and delivered from "this present evil age" (Gal. 1:4).

Week after week carefully tabulated figures published in "Automotive Market Reports" show that Chevrolet trucks are worth more in resale value.

why?

If you were a professional used truck buyer, why would you pay more for one make than another?

There may be several reasons, but among them would be:

- A greater demand for the product
- A more desirable product for resale

So if used Chevrolet trucks consistently bring higher prices at auctions all over the country, it means that their quality features pay off for you not only as long as you own them but also when you are ready to trade them—double-wall cabs, doors and side panels, roof insulation, select wood floors, reliable and economical engines, real rugged tailgates, a suspension system that helps prolong truck life.

See your Chevrolet dealer for a quality '62 Chevrolet Jobmaster truck.

"Automotive Market Reports" is a weekly authoritative wholesale publication which reports the average prices paid for used trucks and cars by professional buyers at auctions all over the U.S.

18th District P-TA Conference to Be Held in Stamford April 17

Preliminary planning for the seventh annual spring conference of the 18th District of Texas Congress of Parents and Teachers has been made by the District Executive Committee, announced Mrs. D. W. Boren of Abilene, president of the 18th District.

The conference will be held in the First Baptist Church at Stamford on April 17 with registration beginning at 8:30 a. m. Registration fee will be \$1.00. All registrants will be asked to present membership cards and credential slips.

Host council of the conference is the Stamford City Council of Parents and Teachers with Mrs. C. O. Richards, president, and Mrs. A. C. Berry and Mrs. Joe High as chairmen of planning activities.

Mrs. Marvin Armstrong of Lubbock, regional vice president, and Mrs. Angus McDonald of Austin, state chairman of Congress Publications and Magazines, will be state representatives attending the conference.

The Board of Managers of District 18 will convene in pre-conference meeting at the church in Stamford at 2:45 p. m. on April 16.

Eighteenth District is comprised of Cottle, Dickens, Fisher, Foard, Haskell, Jones, Kent, King, Knox, Motley, Scurry, Stonewall and Taylor Counties.

August Rummel Honored on Birthday

Mrs. August Rummel honored her husband on his birthday on March 14 with a party in their

home that night.

Refreshments were served to Mrs. Maude Kubitz, Mr. and Mrs. Edgar Schoppa Jr. and Lisa Kay, Mr. and Mrs. Alvin Hobratchek, Mr. and Mrs. Charles Coker, Mr. and Mrs. James Boone and Melissa, Mr. and Mrs. Richard Morgan and Stevie, all of Vernon; Mr. and Mrs. Leroy Hobratchek and Douglas, Mrs. Emma Hildebrandt, Mr. and Mrs. Elmer Kubitz and Sherry, Mr. and Mrs. John Daniels and Vicki, all of Hinds; Mr. and Mrs. Robert Rummel and Mrs. Ewald Schulz, Wayne, Janet, Mrs. Herman Schulz, Mr. Donna, Patty and David, Mrs. Clara Schoppa and Dolores, all of Lockett, Mr. and Mrs. Henry Karbacher of Rayland, and Mr. and Mrs. Robert Hudgens of Riverside.

Columbian Club

The Columbian Club met at the home of Mrs. H. A. Smith in Truscott on Wednesday, March 14 for business and study with Mrs. J. M. Chowning presiding. Pledge of allegiance was led by Mrs. M. N. Kenner.

The devotional was by Mrs. R. J. Thomas on "A Life Without God." Minutes and roll call were read by Mrs. John Ray.

Mrs. Jack Roberts told of the convention to be held at Childress on April 13.

Mrs. Fred Wehba was leader for the study on "The Space Age." Mrs. Marion Crowell gave a talk on Red China, and Mrs. Roberts talked on the same subject.

The hostess served refreshments to nine members. The next meeting will be at the home of Mrs. Jack Roberts on March 28.

Home Builders Circle

The Tuesday evening meeting

of the Homebuilders Circle was held with Mrs. Hulen Monkres who served as hostess in her home.

The president called the meeting to order. After a short business session, Mrs. C. V. Barker introduced Cindy Erwin who sang for the group. Following this part of the program, Mrs. Arthur Bell presented a devotional in which the parallel comparison of the seven days of creation was compared to seven qualities a Christian should possess.

Delicious refreshments were then served to eleven members, the club mother, Mrs. Bob Thomas, and two guests, Mrs. Thomas Hughton and Mrs. Leslie Thomas.

Mrs. Bob Thomas dismissed the group with prayer.

The next meeting will be on March 27th with Mrs. Glenn Shook.

Gambleville Club

Mrs. Nick Chatfield was hostess to fourteen members and three visitors of the Gambleville Home Demonstration Club at its last meeting. Mrs. Bernice Carroll, president, conducted the business for the afternoon. Roll call was answered by "the type of clothes I enjoy wearing most." Mrs. C. S. Bartley conducted a quiz and the hostess presented a gift to Mrs. Leotis Roberts, a new member.

Mrs. J. C. Prosser was program leader of the afternoon and presented the program on "The Psychological Effect of Clothes." She said "If you are concerned about your personal appearance because of a peculiarity, make them into desirable assets. Your challenge is to make the most of your best features. Incorrect dress for the occasion can result in depression, loss of courage or lack of ambition."

Secret pal gifts were exchanged and delicious refreshments with a St. Patrick's day motif were served by Mrs. Chatfield to the following: Misses, Elton Carroll, Johnny Marr, Clyde Cobb, J. C. Prosser and Stephanie, Andrew Calvin, Frank Cates, Cecil Driver, Charlie Bartley, Milton Hunter, Bob Abston, Herman Gentry, John Potts, Warren Haynie and Joe, Flo Tanner and son, a new member, Mrs. Leotis Roberts, and visitors, Sue Robertson and Mrs. Jim Free.

Tate explained that even if all of these papers are not available, no one should delay filing an application for benefits. The social security office located in Wichita Falls will suggest other proof that may be used.

Mrs. S. E. Tate March 13 for a regular meeting. Mrs. L. G. Simmons, president, was in charge.

Mrs. Tate read the opening exercise called "My New Year Meditation." The roll was called by Mrs. Donald Norris and answered by the members on "the first thing I notice about a person." Mrs. Norris read the minutes of the last meeting and Mrs. T. A. Dunagan gave the council report. A vote was carried to entertain one of the clubs. Business was discussed on having a workshop.

A committee report was given on members who were sick and cards to be sent.

The Home Demonstration Agent Mrs. Janet Carroll demonstrated "making a good appearance" and stated that standing and sitting are to be considered.

Refreshments were served to 13 members, one visitor, Mrs. E. V. Halbert, one new member, Mrs. Charlie Wishon. The next meeting will be in the home of Mrs. A. L. Davis on March 27.

Can Save Time in Receiving First Social Security Checks

People who are nearing or are past 62 years of age can save time and speed up the payment of their first social security checks if they get in touch with the social security office early.

Erton F. Tate, District Manager of the Wichita Falls Social Security office, said that an application for retirement payments can be filed as much as 3 months before the person actually retires. He also noted that people who plan to go on working past retirement age should get in touch with the office to find out whether a recent change in the law will permit them to collect some payments in addition to their earnings.

To insure prompt payment of the first check, persons who call at the office should bring their social security cards, proof of age or date of birth, and evidence of 1961 earnings — withholding statement (Form W-2) for employees or copies of Federal income tax returns and proof of payment of taxes for self-employment.

Tate explained that even if all of these papers are not available, no one should delay filing an application for benefits. The social security office located in Wichita Falls will suggest other proof that may be used.

Highline routes to **GROWTH UNLIMITED**

High voltage transmission lines carry electric energy throughout our service area.

As the area grows, our high lines must be expanded to keep pace with this growth.

The pictures here show construction progress on current and recent high line additions. This vast undertaking is part of our multi-million dollar expansion program.

It is a symbol of our faith in the future of The Center of the Southwest. What's more, it is tangible evidence that we are convinced this area faces GROWTH UNLIMITED.

dents, are the grandparents of a baby girl born March 12, named Mayme Lou. Parents are Mr. and Mrs. Royce McLaury.

Mr. and Mrs. Calvin Hutton of Wichita Falls are visiting Mrs. John Black for awhile.

Preston Smith Has Plans for Betterment of Texas

A "man with a plan" for Texas is how friends of Senator Preston Smith describe the Lubbock businessman.

The veteran legislator has served six years in the Texas House of Representatives and is in his sixth year as a State Senator.

He now seeks his highest goal, that of Lieutenant Governor of Texas, his native state.

This "man with a plan" has drafted a program of progress as the platform for his campaign for Texas' second highest office.

His plan calls for simplification of the general sales tax; correction of the auto insurance merit plan; economical government without waste; correction of the inequities in Texas' women's rights; better schools; safe, efficient highways and farm-to-market roads; vigorous water and soil conservation projects; providing hunters and fishermen with an improved game and fish program; and better recreational facilities for our parks and lakes.

He is for small loan regulation and adequate care of the aged, the needy and the blind.

"If I am elected Lieutenant Governor," he said, "I will work hard to help build a program of progress whereby Texas can attract new industry, new tourists, and new income that will mean better jobs, and more jobs, for all Texans."

He is a graduate of Texas Tech in Lubbock, where he has been in the theater business and an active civic worker since 1936.

What Does Tax Cut of \$1 Billion Mean?

What does a cut of \$1, \$2 or \$3 mean to the taxpayer? The Tax Foundation, Inc. says, "... each \$1 billion cut from the Federal budget means, on average, \$18 which an American family of four can keep for its own" to spend on house or garden.

ATTENTION Irrigation Farmers!
 Foard County farmers are eligible for Government assistance, under ACP, for the installation of underground plastic pipelines. If you need additional irrigation pipe or the economical features of a permanent, trouble-free underground system, it will pay you to investigate "Southwestern" Plastic pipelines. Compare these pipeline costs with those of competing pipeline materials for an estimate of the dollars you save with the installation of a "Southwestern" plastic pipeline. 4' 45c; 6' 60c; 8' 75c; 10' 90c. * base on average cost per foot of one-fourth mile of pipe complete with valves and vents, plus ACP payment. In order to get your pipeline installed before cotton planting season, our field representative, Bill Davis, will be in Cottle-Foard area from March 21st through March 28th to assist you with planning and design and to answer any questions you may have concerning plastic pipe. Please get in touch with him at the Town House Motel, room 132, Paducah. **PLASTIC PIPELINE DISTRIBUTORS**, P. O. Box 5663, Phone PO3-6531, 2204 Erskine Avenue, Lubbock, Texas. Distributors for all types of plastic. Dealers in aluminum irrigation pipe. 37-1tc

Home Demonstration Notes
 JANET CARROLL
 Members of the County Junior Leaders 4-H Club, who are advanced in clothing construction techniques, are assisting with the 4-H clothing workshop. These girls include Betty Ann Welch, Gena Adeock, Jean Burkett and Lynda Mechell.
 Lovely spring fabrics are now available for every type of garment. Read labels carefully and prepare fabric properly before cutting.
 Look for labels that state shrinkage control. If sanforized or guaranteed not to shrink more than 2 per cent, additional shrinkage is not necessary.
 Check the grain line of the fabric before cutting. Correct grain line insures proper hang and drape of garment. During weaving, warp yarns are parallel to the selvage and filling yarns are at right angles. By the time fabrics are purchased in the store, these conditions may have been changed. Yarns may have been pulled or stretched "off grain" in the handling process.
 To check the grain: straighten each end of fabric by pulling a thread or tearing; fold fabric lengthwise with selvages together; lay folded fabric flat on a table; if crosswise yarns are on the diagonal, stretch in place by carefully pulling on the true bias. If after stretching, the grain of fabric is on diagonal it should be steam pressed or dampened, dried and pressed so the grain will return to its correct position.

 Words cannot express how we appreciate all the things that were done at the passing of our loved one: the flowers, food, cards and kind words that were spoken. May God bless and keep you all. The Relatives of Harry McKown. 37-1tp
Card of Thanks
 I wish to express my sincere thanks to Dr. Kralicke, Dr. Stapp, nurses and the entire hospital staff for their kindness and consideration during my stay in the hospital; also to all of my friends who remembered me in any way. Dave Shultz. 37-1tc

Notice of Sale of Estray
 There is a stray white faced steer calf on W. C. Smith's place in Foard County, Crowell, Texas. This yearling has been on Smith's place since May, 1961. He has a brand on the right hip but it is blocked and not readable. This steer will be sold on or about the 12th day of April, 1962, according to the Texas Estray Laws. Contact Crowell Sheriff's Office or Boots O'Neal for further information. 37-3tc

Thalia
 MRS. MAGGIE CAPPS
 Mrs. C. C. Wisdom and Mrs. Maggie Capps visited the Charlie Grays at Riverside Sunday night. Mr. and Mrs. Ira Toke of Riverside visited the Welton Nickels Sunday night. Guests in the home of Mr. and Mrs. G. A. Shultz Sunday were Mr. and Mrs. Hollis Dockins of Amarillo, Mary Ann Dedek and Wanda Nichols of Crowell, Mr. and Mrs. David Carpenter of Fort Campbell, Ky., Pat Prosser and Jimmy Dean Werley of Crowell. Mrs. Bertha Chapman and Mrs. Pearl Gray visited their sister, Mrs. S. J. Boman, in Vernon last Tuesday. Mrs. B. A. Whitman is spending the week with her mother-in-law, Mrs. Alice Whitman, in Vernon. Mr. and Mrs. G. A. Shultz visited Mr. and Mrs. Dave Shultz of Riverside Sunday and Mr. Shultz visited the Hugh Shultzes of Margaret Wednesday. Rev. Weldon Stephenson filled his regular appointment at the Methodist Church Sunday. His wife and daughters are visiting his mother at DeLeon. Mr. and Mrs. Duane Capps and children and little Angie Miller of Vernon visited Mrs. Maggie Capps Friday afternoon. Mr. and Mrs. Edward Shultz of Lubbock visited Friday and Saturday with his parents, Mr. and Mrs. Lee Shultz. Mrs. Mary Ruth Boyd of Amarillo spent the week end with her father, Milton Adkins, and they were Sunday dinner guests of Mr. and Mrs. E. J. McKinley. Mr. and Mrs. Clyde McKinley, and Mrs. Katherine Hinton and Mrs. Veda Allen of Fort Worth spent the week end with Mrs. Celeste Johnson and Miss Irene Doty and other relatives. Will Johnson went to Amarillo Friday for a few days visit with relatives there. Mrs. Eudale Oliver has been on the sick list several days. Mr. and Mrs. Forrest Durham of Littlefield and Mrs. Frank Gamble of Vernon spent Monday of last week with Mrs. W. A. Johnson in Bethania Hospital in Wichita Falls where she is a patient. Mrs. Maggie Capps visited Mr. and Mrs. Litter Cook of near Crowell Sunday afternoon. Oliver Holland was returned to his home Wednesday from General Hospital in Wichita Falls where he had undergone surgery.

From the News
THIRTY YEARS AGO
 News items below were taken from the Friday, March 25, 1932, issue of The Foard County News:
 For the third consecutive year, Crowell High School took first place in the district one-act play contest here Friday and Saturday. Those in the Crowell cast are Recie Womack, Mitchell Allee, Leslie Thomas, Jim Lois Galford, Dan Hines Clark and Josephine Griffith.
 A sign bearing the following lettering, "Luther Gribble Park—Welcome" has been erected over the entrance to the Gribble Memorial Park southeast of Crowell.
 Born to Mr. and Mrs. Frank Halenack, Crowell, March 18, a girl, Josephine.
 Exactly 937 persons of this section were counted as they stepped from the Santa Fe-A&M farm and home special train in Crowell last Saturday morning.
 A rabbit drive will be conducted in the Black community on Tuesday, March 29, beginning at 8 o'clock in the morning and lasting the entire day. Everybody in the county is invited to be present with their shotguns, some shells and lunch.
 The local post of the American Legion will assist relatives of any deceased war veteran, World War, Spanish American War or Civil War, in securing headstones for veterans' graves if they desire them.
 The home of Allen Fish, 20 miles northwest of Crowell in the Vivian community, was completely destroyed by fire last Saturday afternoon.
 Ignace Zacek, Joe Coufal and John Matus were business visitors in Wichita Falls Wednesday.
 J. S. Bridwell, independent oil operator of Wichita Falls, was a business visitor in Crowell Wednesday.
 Mesdames A. Y. Beverly and Clint White entertained the Adelphean Club members at one of the prettiest parties of the season Wednesday afternoon at Mrs. Beverly's.
 Mrs. Curtis Ribble honored her little daughter, Ruth, with a party at her home Tuesday afternoon.
 Miss Annie Rettig went to Dallas last Saturday night with W. W. Kinsey and is visiting this week with Mrs. Joe Brown and Bette Shaw Kinsey.
 Miss Margaret Curtis of the local Rebekah Lodge, and J. E. Harwell of the local I. O. O. F. Lodge, represented these two organizations at the annual meeting of the Grand Lodge of Odd Fellows and Rebekahs that was held this week in Waco. Miss Mae Solis of this city also attended the annual meeting.
 On the average, 85 cents of every Red Cross disaster relief dollar goes for long-term family rehabilitation aid, around 10 cents for emergency mass care, and five cents for operating costs.

 JANET CARROLL
 Members of the County Junior Leaders 4-H Club, who are advanced in clothing construction techniques, are assisting with the 4-H clothing workshop. These girls include Betty Ann Welch, Gena Adeock, Jean Burkett and Lynda Mechell.
 Lovely spring fabrics are now available for every type of garment. Read labels carefully and prepare fabric properly before cutting.
 Look for labels that state shrinkage control. If sanforized or guaranteed not to shrink more than 2 per cent, additional shrinkage is not necessary.
 Check the grain line of the fabric before cutting. Correct grain line insures proper hang and drape of garment. During weaving, warp yarns are parallel to the selvage and filling yarns are at right angles. By the time fabrics are purchased in the store, these conditions may have been changed. Yarns may have been pulled or stretched "off grain" in the handling process.
 To check the grain: straighten each end of fabric by pulling a thread or tearing; fold fabric lengthwise with selvages together; lay folded fabric flat on a table; if crosswise yarns are on the diagonal, stretch in place by carefully pulling on the true bias. If after stretching, the grain of fabric is on diagonal it should be steam pressed or dampened, dried and pressed so the grain will return to its correct position.
