Gas Heaters and Gas Ranges

The White Star Range

The White Star Range has 14 exclusive patented features. The burners are even heat from center to outer rim.

The oven is even heat and bakes in a bath of fresh air. No gas range will "bake better," regardless of others unsupported and exaggerated claims. The White Star is an honest contender and is forging to the front day by day—500 manufactured daily and from 10 to 15 days behind with actual orders all the time. We have the Roper and Leonard, differently constructed and varying in price. We guarantee satisfaction in each.

The Superior, radiant type gas heater, the Century, the Beauty, and the Albright, in plain sheet metal and heavy cast brass and colors—with some asbestos lined sheet metal gives a price range \$4.50 to \$27.50 and \$32.50, that we think can't be surpassed for service.

Lawson
ODORLESS
Radiant Heaters

YOUR guests will be impressed by the comforting warmth and beautiful ember glow of these remarkable Radiant Heaters. They will also admire their beauty of design, because all of these new LAWSON Radiant Heater models are the artistic productions of leading authorities. They bring into your home the traditional charm of the open fireplace; but banish all of its disadvantages.

Efficient - Economical - Safe

The patented LAWSON Burner has been approved by leading gas companies and endorsed by the highest authorities on scientific heating and ventilating. Its special construction assures complete combustion of all gas. Large glowers radiate heat in abundance and the clay back sends it directly into the room, keeping

the back of the heater cool. Due to large production, the cost of all of these models is surprisingly low.

In addition, perfect combustion keeps gas bills down to a positive minimum. The LAWSON brings into your home the very best word in modern heating comfort.

RAYLAND

(By Special Correspondent)

Prof. and Mrs. Mrs. Ira V. Younger delightfully entertained the young folks with a play party at the Antelope school house Saturday night. There were approximately 150 present. Chairs were placed in the yard and various games were played such as Great Ziss, Three Deep, Black Man and the boys chose up and played a game of basket ball which proved to be very interesting. Punch and cake were served to all present. Those who attended from the community were Misses Lorraine At-taway, Oneta Boatenhamer, Hazel Rutledge, Alma Capeheart, Laura Nell Price, Gracie and Bonnie Crisp, Gladys Bailey, Margie and Ora Davis, Hazel Jordan, Marie Abston, Ruth Austin, Mattie Funk, Vena Lawson, Evelyn Beazley, Nina Corzine, and Messrs. Cecil Patterson, Joe Hix, Elijah Young, Hubert Abston, Earl Skiyworth, James Frazier, Thomas Curry, Buster and Pete Crisp, Jerry and Horace Young, Homer, Ira and Emmett Martin. Also a large number of juniors, and L. G. Lawhorn and family, Mr. and Mrs. J. C. Davis, Arnold Crisp and wife, Mrs. Pearl Caldwell and Mrs. Martha Price. Others from West Rayland, Talmage and Thalia communities.

Cap Tuggle and Louis Mansel piped gas into their houses this week. Mr. and Mrs. Pete Gregg, Hattie Lura Prescott, Eula Mae and Morris Gregg of West Rayland were supper guests of Arnold Crisp and wife Sunday.

Dr. and Mrs. R. D. German left Sunday morning for Dallas where the doctor will undergo an operation. They were accompanied to the train by Mr. and Mrs. A. T. Beazley and G. T. German and wife.

Mr. and Mrs. Raymond Bailey spent Sunday with his parents, Joe Bailey, and family of Chillicothe.

The Rayland married ladies basket ball team played the Antelope girls Tuesday afternoon. The scores were 9 to 9.

Ernest Ayers of New Mexico came Saturday night to visit his parents, Mr. and Mrs. W. J. Ayers.

Mr. and Mrs. Alfred Greenway of Gail came Saturday for a few days visit with his parents, L. W. Greenway and family.

Buster Olive of Taylor is visiting M. T. Simmons and family.

F. M. Elland made a business trip to Fargo, Sunday.

Mrs. M. E. Bushon of Childress came Monday for several days visit among relatives.

Lester Martin and sister, Miss Josie, and Mrs. Louis Ivana spent the week end visiting at Pauls Valley, Okla. They also attended the singing convention there Sunday.

Mrs. Irvin Edwards who has been very ill is able to be up again.

Miss Bonnie Crisp and Mrs. A. C. Crisp visited Miss Ruby Simmons who is ill at King's Hospital in Vernon Saturday.

Gas pipe was laid to the Antelope school house and teacherage this week.

Mr. and Mrs. W. J. Ayers spent Sunday with her sister at Electra.

Miss Vera Corzine and Nelma Lambert who are attending school at Vernon spent the week end with homefolks.

Mrs. A. A. Russell and children of Lockett attended the singing at the Baptist church Sunday afternoon.

Cap Tuggle and family moved from Hardeman County to his new house he erected in Rayland this week.

Luther Martin spent the week end visiting friends in Chickasha, Okla.

Mr. and Mrs. Dewitt Edwards spent Sunday with her parents, P. H. Davis and wife, at Iowa Park.

A large crowd attended the community singing at the Baptist church Sunday afternoon.

J. N. Roberts went to Vernon Monday to visit his son, H. D. Roberts, who was shot in the hip at his filling station four miles south of Vernon Thursday. He was rushed to King's Hospital.

The Thalia boys senior basket ball team defeated the Antelope boys in the game that was played Friday afternoon.

Mr. and Mrs. Maurice Fite of Harold spent the week end with her parents, A. H. Martin and wife.

Mr. and Mrs. J. C. Greenway visited relatives in Crowell Sunday afternoon.

Stark Pressley and family of Parsley Hill spent Saturday night with J. C. Davis and family.

There will be sacred harp singing at the Baptist church Sunday afternoon. Every one is invited.

PARTY FOR SENIORS

The Seniors of '29 were entertained for the first time at the lovely country home of Mrs. Sam Bell on Friday evening, September 28, from 8 to 11 o'clock. Out of a class of forty seniors thirty-one were present. Many games were played and enjoyed by all.

Refreshments of sandwiches, fruit salad and tea were served to the following seniors: Misses Elizabeth Kincaid, Opal Barry, Eva Todd, Zell Saunders, Dorothy and Bernice Coffey, Virgie Callaway, Rosalie Fish, Nola Bradford, Inez Johnson, Edith Schooley, Pauline Norris, Rachel Stewart, Grace and Ann Russell; Messrs. Vance Swaim, Jack Welch, Price Lovelady, Lewis Bell, Charles Fergeson, Erwin Lankford, Charlie Harper, Ernest Johnson, Homer Johnson, Weldon Cogdell, Moody Bursey, William Gafford, Herman Bell, Glenn Key, Preston Rettig, Jim Hart. Guests of the evening were, Misses Elizabeth West and Autie Anthony, and Teddy Burrow, Henry Black and Wayland Griffith.

Mrs. Bell was assisted in the entertaining by the social committee and her son, Arthur.—Reporter.

According to the Floyd County Hesperian, unsettled weather conditions have seriously interrupted attendance at the county fair and the farmers are hoping that they have fair weather so that they can finish sowing wheat.

For Sale—Second hand shafting, pulleys and belts. Also one-third horse-power motor. All good.—The News.

ATTRACTION SUPREME FOR THE STATE FAIR AUDITORIUM PROGRAM

Dallas—(Special)—Roy Rupard, secretary of the State Fair of Texas, announces that the advance ticket orders and the mail orders from out of town for "The Desert Song" are three times in excess of those of any previous attraction brought to the State Fair as an amusement feature. "There is a reason for this," says Mr. Rupard. "Hundreds and hundreds of Texas people have already seen 'The Desert Song,' in New York, Chicago, Los Angeles and St. Louis. They report that it is in many ways the best show we have ever brought to the State Fair. They are telling their friends that we have booked a show that will delight everyone and that the prices being charged are only three-fifths of those charged in the other cities. They are also buying seats for themselves and for friends to whom they want to give a treat, and so the advance orders continue to pile in from all part of Texas. They come addressed to me at Fair Park and I am filling them strictly in the order in which they are received."

"The Desert Song" is by Romberg, who composed "The Student Prince." The prima donna is Bernice Claire, of whom John Rosenfield, Jr., dramatic critic of the Dallas News, who saw the company in St. Louis says "She is the most remarkable combination of good voice, good looks and charming personality I have ever seen or heard." There are 109 singers in the company and the best orchestra ever brought to Dallas with a traveling company.

WORLD FAMOUS FILM "THE KING OF KINGS" AT THE STATE FAIR

The latest feature to be added to the amusements which the State and of Texas will offer its patrons this year is that world-famous moving picture, "The King of Kings," an absorbingly interesting and thrilling picture of the last days of the Saviour.

The picture has been endorsed everywhere by the clergymen of all denominations as the most reverentially correct treatment of this sacred subject ever put on the screen or stage. Aside from this, as a spectacle, the picture is said to be tremendous. Many of the best known actors on the screen portray the parts in the Biblical drama and the picture is said to be one which will live forever in the memories of those who see it.

It will be produced in the Auditorium on Monday, Wednesday and Friday afternoons only for the reason that the theatre will be occupied by "The Desert Song" at all other periods.

For the first time in the history of "The King of Kings," the admission will be 25 and 50 cents. This is made possible by the large capacity of the Auditorium. No person who happens to be on the State Fair grounds on Monday, Wednesday or Friday afternoons, should miss this great opportunity, says, Harry Olmstead, president of the State Fair.

SHOWER FOR BRIDE-ELECT

On Tuesday of this week, Mrs. F. C. Brooks, Thelma Bell, Mildred Nicholson and Ola Carter were hostesses at a miscellaneous shower given in honor of Miss Anne Lee Long, bride-elect of Sidney A. Miller, at the home of Mrs. W. C. McKown. The bride-elect was met at the door by cupid, Raymond Bell, Jr., and guided to the place of honor. Miss Johnson very charmingly read "That Old Sweetheart of Mine." Then to the strains of Mendelssohn's wedding march, the little bridal party entered, Mary Evelyn Edwards as the flower girl, with Dorothy Faye Nicholson and J. C. Ross, the bride and groom. The party stood before an altar banked with ferns and roses while Louise Thomas sang "At Dawning," accompanied by Mrs. Alva Spencer. Then as Miss Long went up to congratulate the bride and groom a bell which hung above the altar was released and the gifts showered about her. She was the recipient of many beautiful and useful

gifts. Punch was poured throughout the afternoon by Edythe Jones.—Contributed.

The Foard County News

KIMSEY & KLEPPER
Owners and Publishers.

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, October 5, 1928

Our people may have thought little of the value of a north and south highway through Crowell. Of course it is too early to begin to boost this but it is coming one of these days. Highway No. 51, when completed, will bring thousands of people through Crowell. It is said that Hardeman County has the promise of Federal aid on this road to the Foard County line and it is going to be built a considerable distance in Oklahoma before long. Those who are acquainted with the facts relative to highway needs think there is no question but that this road will be built from Oklahoma City to the Texas oil fields. It will be the shortest and most direct route.

If Al Smith should be elected president it is reasonably certain that Brother Raskob would be given a nice place in his cabinet. That's all right. Nobody would have a right to criticize Smith for appointing Raskob, but we wonder how good dry Democrats can cast votes which they know will land a wet Republican in the cabinet. Talk about hybrids, whoever heard tell of one greater than the Smith-Raskob sample?

That oil will be developed in Foard County some of these times not far distant is the belief of every one. Several tests are being made now and others will be made soon, we are told. And these are pretty well scattered over the county. There is one north of Thalia, one south of Thalia, one southeast of Crowell and one west. By next spring we ought to begin to see something happen.

When one hears a political orator he has pictured to him one of two extremes. The country is either very prosperous or it is going on the rocks right away. It all depends on who the speaker is. If he represents the party that is in power, all is well. If he represents that party wanting to get in, everything is bad and will continue to be that way as long as the opposing party is in. As a matter of fact neither has much to do with it. The great big family of Americans constitute the force that makes the country, and it has been in process of making all these years. We know of no time, regardless of who has been in, politically speaking, when the country has taken a backward step. We believe as long as the people keep their mental poise we shall continue to see general progress in practically all lines. Henry W. Grady spoke a great truth when he said that the power of Government lies not in the capitol at Washington, but in the millions of people who constitute the nation.

Estimates of the cotton crop for this season in Foard County run from four thousand to six thousand bales. Practically it will be about one-fourth of a crop. But Foard County is not by itself. Most of the adjoining counties will have the same crop shortage, both in cotton and feed. The man who is selling cream and eggs possibly has a better show of coming out without a loss.

Practically all arrangements have been made for the starting work on the highway. There will be about 36 miles of grade work done within the next few months and this will mean the expenditure of nearly one hundred thousand dollars. It will be quite a help in contributing to the relief of the financial situation caused by short crops. At least 75 per cent of that money will be spent in Foard County.

As a general rule the fellow who kicks the hardest against any constructive movement in the town or community is the very fellow who has least to do with promoting any progressive step. He is a natural kicker and he furnishes a commendable example to those who would lie down on the job. The kicker never lies down but stands ready to use his heels at any time he sees fit.

Candidate Robinson has about knocked the stuffing out of his straw men, the "whispering campaign" and "religious bigotry." His further stage performance will likely show declining interest until a new dummy is set.

NOTICE

Before the contractors can begin work, the right-of-way on Highway 28 will have to be cleared by removing all obstruction, such as fences and buildings. We will ask all to move fences immediately and otherwise clear the right-of-way so work can be started.

J. E. ATCHESON, Judge.

THE WIG-WAGGING TONGUES

Many a life of purity has been clouded by the crimson tongue of shame—blasted by the idle gossip of tongues that never cease to wag.

Purity is never safe as long as gossip is at large.

Sometimes it is not vicious gossip, but rather thoughtless or idle remarks that are not intended to harm, but that are taken in the wrong spirit in character crucifixion.

Good things said of a person are taken as a matter of course, and are often forgotten.

A detrimental remark, though small and of no material consequence, will be taken up and magnified from day to day until it becomes a mountain of iniquity.

That is what tongues do that talk too much.

Talking movies at least does away with the fellow who sits behind you and reads aloud all the titles.

Reznor Orthoray Gas Heaters

Satisfaction or Your Money Back

Reznor Gas Heaters are well known wherever gas is used for heating, and such confidence in Reznor products has been built during the past 40 years by reason of Reznor ideal of building at all times the best possible, we continue to jealously guard this reputation for excellence and dependability in every Reznor heater sold.

Reznor Orthoray, the latest and greatest advance in gas heaters in 40 years, brings to you all the well known characteristics—safety, efficiency, quick room-warming capacity, and uniform distribution of heat—to a degree never before attained.

EVERYTHING FOR THE FARM AND HOME
Hardware, Furniture, Implements
Plumbing and Sheet Metal

ON THE FARM

By the County Agent

Grape Budding

Herb Wesley, postmaster of Margaret, has a farm that has a number of wild grapevines growing on it. The native grapevine has never produced any fruit. This is not only the case on this particular farm but it is the condition with most native vines.

Mr. Wesley is planning on grafting some of the improved varieties on the native stock, which should make a very prolific producer. This has been proven a success and is not extremely difficult to do.

Mr. Prayor, who lives north of town, is also planning to do some budding on native vines as soon as the proper season is here.

Breaking Sandy Land

Those who are farming light sandy blow land are usually looking for some method that will prevent crops blowing out in the early spring.

J. G. Adkins who lives on the east side of the county flat broke about forty acres of his blow land last year. It was broken very deep so as to throw out some of the clay sub-soil. This land was planted early in cotton and the stand was kept without any trouble. In addition to keeping the land from blowing, it also causes the land to produce more. Mr. Adkins thinks that breaking will pay on sandy land where the sub-soil is close enough to the top to be thrown out.

Mr. Adkins has a good cotton crop on his land and is planning to break some more this winter. It is also his opinion that crops should be rotated and not planted to cotton each year.

JUNIOR PARTY

On Wednesday evening September 26, the Juniors of Crowell High school were entertained with a party at the home of Miss Blanche Schooley.

Games of every kind were played, and everyone enjoyed the evening immensely.

After several hours of fun and entertainment, delicious sandwiches, cakes and lemonade were served, and the party dispersed, each Junior loudly proclaiming the success of the party and the ability of the hostess. —Reporter.

VICIOUS SLEEP

Sleep becomes a vicious habit when carried to excess, Dr. H. M. Johnson, "sleep expert," at the University of Pittsburgh, has declared. Most people, Johnson believes, get sufficient

rest in the course of six and a half to nine hours to carry them through the day and make their work enjoyable.

Sleep is vicious, he said, when it interferes with more interesting activities. Dr. Johnson studied 90 persons of both sexes, ranging in age from 16 to 63 years in an attempt to discover the secrets of sleep. Women are less restless than men as a rule, he finds, and spend more time in bed. Persons engaged in mental activity during the day, sleep less than persons engaged in work that only feebly stimulates.

Wouldn't it be nice if summer came every winter, and winter came every summer?

SOME FINE FEED

This has been a year when the News has had few opportunities of calling attention to fine crops of feed. But Mr. Hysinger who lives in the Margaret community has some feterita that is just about as fine as one ever sees. He brought a few heads to the News office a few days ago and it shows for itself what it is. Unfortunately, however, Mr. Hysinger has only a few acres of this.

Only a few more shopping weeks until heavy underwear.

When the political pot boils, it usually gets someone into hot water.

Let us show you a Detroit Jewel gas range. Began baking better when grandmother was a baby, bakes still better for her grandbabies.—M. S. Henry & Co.

J. G. Thompson returned Sunday from Levelland where he had been visiting his son, Hugh. He said they have the finest feed crop in that country he has ever seen.

Miss Elsie Schindler and a friend, Miss Gwendolyn Garrett, of St. Mary's Academy of Wichita Falls were week-end guests in the home of her parents, Dr. and Mrs. H. Schindler.

F. T. Collingsworth and son, Clint, of Shamrock were here Tuesday looking for cotton pickers. They report crops fine in that section of the state. Mr. Collingsworth is a former resident of this county.

For Sale—Three stoves, Smith's system of heating, suitable for school rooms, price \$25 each, one-fourth of the original cost. Stoves are in good shape. See A. T. Beazley or B. P. Abston at Rayland. 16

Tom Beverly left Saturday for Hot Springs, N. M., where he has accepted a position as pharmacist in a drug store. Tom is a registered pharmacist of the State of New Mexico, having passed the examination of the State Board some weeks ago.

Mr. and Mrs. J. S. Woods who have been here for several days visiting relatives and old friends left Tuesday for Abilene where they will reside for a time. Their daughter, Miss Willie, was here last week from Abilene visiting relatives and friends.

Mrs. R. P. Womack returned from Dallas Sunday where she has been for several months under the care of an eye specialist. She has not regained the sight of one of her eyes from which a cataract was removed and it is feared that she will not, but the other eye has been strengthened.

J. M. Thurman, 73, half brother of T. L. Hughton of this city, died at his home in Anson Tuesday of last week. Mr. and Mrs. Hughton attended the funeral which took place Wednesday. The deceased is survived by his wife, 9 children, 23 grandchildren and 4 great grandchildren, all of whom were present at the funeral.

Mr. and Mrs. C. W. Thompson were called to Pilot Point Tuesday on account of the sudden death of Mrs. Thompson's brother, Stell Ragland, who dropped dead Monday at noon. Mrs. R. L. Bryant of Ralls, Mrs. Thompson's sister, accompanied them. The deceased was a druggist of Pilot Point for many years up until the time of his death.

The case of J. B. Easley vs. George P. Warner et al. and T. S. Patton and G. H. Patton vs. George P. Warner et al. in which Easley and the Pattons were trying to reclaim mineral rights to lands owned by these men was tried in the district court here last week and resulted in a verdict in favor of Easley and the Pattons. The case created quite a lot of interest and was a hard fought case.

The News has been unable to get the ginners report for the county, but we have made an estimate of a thousand bales up to the present. This is based on reports we have gotten from the Crowell gin, which is running well up towards 400 bales. The Rayland gin was reported to have ginned more than 300 the first of the week. These, with the two Thalia gins and the Margaret gin, ought to bring the total to 1,000 or more by this time.

M. B. Oates, agent for the Fort Worth & Denver road, was in Crowell Wednesday. He had been to the Lubbock fair and also to Plainview and Amarillo. He stopped in Crowell for a short time. He says the Plains country has a wonderful crop of feed and fair cotton but the worms have hurt the cotton very much. The farmers, he says, will have lots of feed to sell and will likely be looking for a market soon.

The Foard County News

KIMSEY & KLEPPER
Owners and Publishers.

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, October 5, 1928

Our people may have thought little of the value of a north and south highway through Crowell. Of course it is too early to begin to boost this but it is coming one of these days. Highway No. 51, when completed, will bring thousands of people through Crowell. It is said that Hardeman County has the promise of Federal aid on this road to the Foard County line and it is going to be built a considerable distance in Oklahoma before long. Those who are acquainted with the facts relative to highway needs think there is no question but that this road will be built from Oklahoma City to the Texas oil fields. It will be the shortest and most direct route.

If Al Smith should be elected president it is reasonably certain that Brother Raskob would be given a nice place in his cabinet. That's all right. Nobody would have a right to criticize Smith for appointing Raskob, but we wonder how good dry Democrats can cast votes which they know will land a wet Republican in the cabinet. Talk about hybrids, whoever heard tell of one greater than the Smith-Raskob sample?

That oil will be developed in Foard County some of these times not far distant is the belief of every one. Several tests are being made now and others will be made soon, we are told. And these are pretty well scattered over the county. There is one north of Thalia, one south of Thalia, one southeast of Crowell and one west. By next spring we ought to begin to see something happen.

When one hears a political orator he has pictured to him one of two extremes. The country is either very prosperous or it is going on the rocks right away. It all depends on who the speaker is. If he represents the party that is in power, all is well. If he represents that party wanting to get in, everything is bad and will continue to be that way as long as the opposing party is in. As a matter of fact neither has much to do with it. The great big family of Americans constitute the force that makes the country, and it has been in process of making all these years. We know of no time, regardless of who has been in, politically speaking, when the country has taken a backward step. We believe as long as the people keep their mental poise we shall continue to see general progress in practically all lines. Henry W. Grady spoke a great truth when he said that the power of Government lies not in the capitol at Washington, but in the millions of people who constitute the nation.

Estimates of the cotton crop for this season in Foard County run from four thousand to six thousand bales. Practically it will be about one-fourth of a crop. But Foard County is not by itself. Most of the adjoining counties will have the same crop shortage, both in cotton and feed. The man who is selling cream and eggs possibly has a better show of coming out without a loss.

Practically all arrangements have been made for the starting work on the highway. There will be about 36 miles of grade work done within the next few months and this will mean the expenditure of nearly one hundred thousand dollars. It will be quite a help in contributing to the relief of the financial situation caused by short crops. At least 75 per cent of that money will be spent in Foard County.

As a general rule the fellow who kicks the hardest against any constructive movement in the town or community is the very fellow who has least to do with promoting any progressive step. He is a natural kicker and he furnishes a commendable example to those who would lie down on the job. The kicker never lies down but stands ready to use his heels at any time he sees fit.

Candidate Robinson has about knocked the stuffing out of his straw men, the "whispering campaign" and "religious bigotry." His further stage performance will likely show declining interest until a new dummy is set.

NOTICE

Before the contractors can begin work, the right-of-way on Highway 28 will have to be cleared by removing all obstruction, such as fences and buildings. We will ask all to move fences immediately and otherwise clear the right-of-way so work can be started.

J. E. ATCHESON, Judge.

THE WIG-WAGGING TONGUES

Many a life of purity has been clouded by the crimson tongue of shame—blasted by the idle gossip of tongues that never cease to wag.

Purity is never safe as long as gossip is at large.

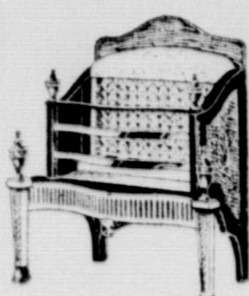

Sometimes it is not vicious gossip, but rather thoughtless or idle remarks that are not intended to harm, but that are taken in the wrong spirit in character crucifixion.

Good things said of a person are taken as a matter of course, and are often forgotten.

A detrimental remark, though small and of no material consequence, will be taken up and magnified from day to day until it becomes a mountain of iniquity.

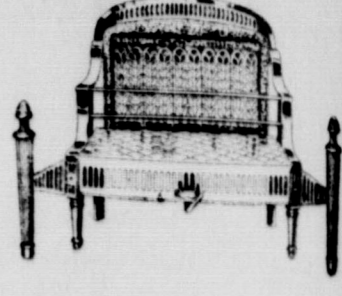

That is what tongues do that talk too much.

Talking movies at least does away with the fellow who sits behind you and reads aloud all the titles.

Reznor Orthoray Gas Heaters

Satisfaction or Your Money Back

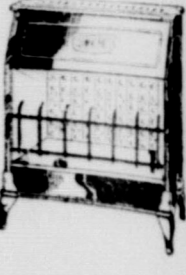

Reznor Gas Heaters are well known wherever gas is used for heating, and such confidence in Reznor products has been built during the past 40 years by reason of Reznor ideal of building at all times the best possible, we continue to jealously guard this reputation for excellence and dependability in every Reznor heater sold.

Reznor Orthoray, the latest and greatest advance in gas heaters in 40 years, brings to you all the well known characteristics—safety, efficiency, quick room-warming capacity, and uniform distribution of heat—to a degree never before attained.

M. S. Henry & Company

EVERYTHING FOR THE FARM AND HOME
Hardware, Furniture, Implements
Plumbing and Sheet Metal

ON THE FARM
By the County Agent

Grape Budding
Herb Wesley, postmaster of Margaret, has a farm that has a number of wild grapevines growing on it. The native grapevine has never produced any fruit. This is not only the case on this particular farm but it is the condition with most native vines.

Mr. Wesley is planning on grafting some of the improved varieties on the native stock, which should make a very prolific producer. This has been proven a success and is not extremely difficult to do.

Mr. Prayor, who lives north of town, is also planning to do some budding on native vines as soon as the proper season is here.

Breaking Sandy Land
Those who are farming light sandy blow land are usually looking for some method that will prevent crops blowing out in the early spring.

J. G. Adkins who lives on the east side of the county flat broke about forty acres of his blow land last year. It was broken very deep so as to throw out some of the clay sub-soil. This land was planted early in cotton and the stand was kept without any trouble. In addition to keeping the land from blowing, it also causes the land to produce more. Mr. Adkins thinks that breaking will pay on sandy land where the sub-soil is close enough to the top to be thrown out.

Mr. Adkins has a good cotton crop on his land and is planning to break some more this winter. It is also his opinion that crops should be rotated and not planted to cotton each year.

JUNIOR PARTY

On Wednesday evening September 26, the Juniors of Crowell High school were entertained with a party at the home of Miss Blanche Schooley.

Games of every kind were played, and everyone enjoyed the evening immensely.

After several hours of fun and entertainment, delicious sandwiches, cakes and lemonade were served, and the party dispersed, each Junior loudly proclaiming the success of the party and the ability of the hostess. —Reporter.

VICIOUS SLEEP

Sleep becomes a vicious habit when carried to excess, Dr. H. M. Johnson, "sleep expert," at the University of Pittsburgh, has declared. Most people, Johnson believes, get sufficient

rest in the course of six and a half to nine hours to carry them through the day and make their work enjoyable.

Sleep is vicious, he said, when it interferes with more interesting activities. Dr. Johnson studied 90 persons of both sexes, ranging in age from 16 to 63 years in an attempt to discover the secrets of sleep. Women are less restless than men as a rule, he finds, and spend more time in bed. Persons engaged in mental activity during the day, sleep less than persons engaged in work that only feebly stimulates.

Wouldn't it be nice if summer came every winter, and winter came every summer?

SOME FINE FEED

This has been a year when the News has had few opportunities of calling attention to fine crops of feed. But Mr. Hysinger who lives in the Margaret community has some feterita that is just about as fine as one ever sees. He brought a few heads to the News office a few days ago and it shows for itself what it is. Unfortunately, however, Mr. Hysinger has only a few acres of this.

Only a few more shopping weeks until heavy underwear.

When the political pot boils, it usually gets someone into hot water.

BETTER LIGHTING CAMPAIGN ON Mazda Lamps

FREE A BEAUTIFUL LITTLE DOLL-HOUSE WITH SIX SIXTY-WATT LAMPS

In the the days of Governor Bradford, light was so expensive that the frugal Puritan family extinguished its single candle during prayers. The early settlers had to learn to make candles themselves—the most arduous of tasks. Your light comes to you at a finger touch—and it is more than 100 times cheaper than a candle light.

Entered at the Post Office at
Crowell, Texas, as second class mat-
ter.

Crowell, Texas, October 5, 1928

Our people may have thought little of the value of a north and south highway through Crowell. Of course it is too early to begin to boost this but it is coming one of these days. Highway No. 51, when completed, will bring thousands of people through Crowell. It is said that Hardeman County has the promise of Federal aid on this road to the Foard County line and it is going to be built a considerable distance in Oklahoma before long. Those who are acquainted with the facts relative to highway needs think there is no question but that this road will be built from Oklahoma City to the Texas oil fields. It will be the shortest and most direct route.

If Al Smith should be elected president it is reasonably certain that Brother Raskob would be given a nice place in his cabinet. That's all right. Nobody would have a right to criticize Smith for appointing Raskob, but we wonder how good dry Democrats can cast votes which they know will land a wet Republican in the cabinet. Talk about hybrids, whoever heard tell of one greater than the Smith-Raskob sample?

That oil will be developed in Foard County some of these times not far distant is the belief of every one. Several tests are being made now and others will be made soon, we are told. And these are pretty well scattered over the county. There is one north of Thalia, one south of Thalia, one southeast of Crowell and one west. By next spring we ought to begin to see something happen.

When one hears a political orator he has pictured to him one of two extremes. The country is either very prosperous or it is going on the rocks right away. It all depends on who the speaker is. If he represents the party that is in power, all is well. If he represents that party wanting to get in, everything is bad and will continue to be that way as long as the opposing party is in. As a matter of fact neither has much to do with it. The great big family of Americans constitute the force that makes the country, and it has been in process of making all these years. We know of no time, regardless of who has been in, politically speaking, when the country has taken a backward step. We believe as long as the people keep their mental poise we shall continue to see general progress in practically all lines. Henry W. Grady spoke a great truth when he said that the power of Government lies not in the capitol at Washington, but in the millions of people who constitute the nation.

Estimates of the cotton crop for this season in Foard County run from four thousand to six thousand bales. Practically it will be about one-fourth of a crop. But Foard County is not by itself. Most of the adjoining counties will have the same crop shortage, both in cotton and feed. The man who is selling cream and eggs possibly has a better show of coming out without a loss.

Practically all arrangements have been made for the starting work on the highway. There will be about 36 miles of grade work done within the next few months and this will mean the expenditure of nearly one hundred thousand dollars. It will be quite a help in contributing to the relief of the financial situation caused by short crops. At least 75 per cent of that money will be spent in Foard County.

As a general rule the fellow who kicks the hardest against any constructive movement in the town or community is the very fellow who has least to do with promoting any progressive step. He is a natural kicker and he furnishes a commendable example to those who would lie down on the job. The kicker never lies down but stands ready to use his heels at any time he sees fit.

Candidate Robinson has about knocked the stuffing out of his straw men, the "whispering campaign" and "religious bigotry." His further stage performance will likely show declining interest until a new dummy is set.

NOTICE

Before the contractors can begin work, the right-of-way on Highway 28 will have to be cleared by removing all obstruction, such as fences and buildings. We will ask all to move fences immediately and otherwise clear the right-of-way so work can be started.

J. E. ATCHESON, Judge.

THE WIG-WAGGING TONGUES

Many a life of purity has been clouded by the crimson tongue of shame—blasted by the idle gossip of tongues that never cease to wag.

Purity is never safe as long as gossip is at large.

Sometimes it is not vicious gossip, but rather thoughtless or idle remarks that are not intended to harm, but that are taken in the wrong spirit in character crucifixion.

Good things said of a person are taken as a matter of course, and are often forgotten.

A detrimental remark, though small and of no material consequence, will be taken up and magnified from day to day until it becomes a mountain of iniquity.

That is what tongues do that talk too much.

Talking movies at least does away with the fellow who sits behind you and reads aloud all the titles.

Reznor Orthoray Gas Heaters

Satisfaction or Your Money Back

Reznor Gas Heaters are well known wherever gas is used for heating, and such confidence in Reznor products has been built during the past 40 years by reason of Reznor ideal of building at all times the best possible, we continue to jealously guard this reputation for excellence and dependability in every Reznor heater sold.

Reznor Orthoray, the latest and greatest advance in gas heaters in 40 years, brings to you all the well known characteristics—safety, efficiency, quick room-warming capacity, and uniform distribution of heat—to a degree never before attained.

M. S. Henry & Company

EVERYTHING FOR THE FARM AND HOME
Hardware, Furniture, Implements
Plumbing and Sheet Metal

ON THE FARM

By the County Agent

Grape Budding

Herb Wesley, postmaster of Margaret, has a farm that has a number of wild grapevines growing on it. The native grapevine has never produced any fruit. This is not only the case on this particular farm but it is the condition with most native vines.

Mr. Wesley is planning on grafting some of the improved varieties on the native stock, which should make a very prolific producer. This has been proven a success and is not extremely difficult to do.

Mr. Prayor, who lives north of town, is also planning to do some budding on native vines as soon as the proper season is here.

Breaking Sandy Land

Those who are farming light sandy blow land are usually looking for some method that will prevent crops blowing out in the early spring.

J. G. Adkins who lives on the east side of the county flat broke about forty acres of his blow land last year. It was broken very deep so as to throw out some of the clay sub-soil. This land was planted early in cotton and the stand was kept without any trouble. In addition to keeping the land from blowing, it also causes the land to produce more. Mr. Adkins thinks that breaking will pay on sandy land where the sub-soil is close enough to the top to be thrown out.

Mr. Adkins has a good cotton crop on his land and is planning to break some more this winter. It is also his opinion that crops should be rotated and not planted to cotton each year.

JUNIOR PARTY

On Wednesday evening September 26, the Juniors of Crowell High school were entertained with a party at the home of Miss Blanche Schooley.

Games of every kind were played, and everyone enjoyed the evening immensely.

After several hours of fun and entertainment, delicious sandwiches, cakes and lemonade were served, and the party dispersed, each Junior loudly proclaiming the success of the party and the ability of the hostess. —Reporter.

VICIOUS SLEEP

Sleep becomes a vicious habit when carried to excess, Dr. H. M. Johnson, "sleep expert," at the University of Pittsburgh, has declared. Most people, Johnson believes, get sufficient

rest in the course of six and a half to nine hours to carry them through the day and make their work enjoyable.

Sleep is vicious, he said, when it interferes with more interesting activities. Dr. Johnson studied 90 persons of both sexes, ranging in age from 16 to 63 years in an attempt to discover the secrets of sleep. Women are less restless than men as a rule, he finds, and spend more time in bed. Persons engaged in mental activity during the day, sleep less than persons engaged in work that only feebly stimulates.

Wouldn't it be nice if summer came every winter, and winter came every summer?

SOME FINE FEED

This has been a year when the News has had few opportunities of calling attention to fine crops of feed. But Mr. Hysinger who lives in the Margaret community has some feterita that is just about as fine as one ever sees. He brought a few heads to the News office a few days ago and it shows for itself what it is. Unfortunately, however, Mr. Hysinger has only a few acres of this.

Only a few more shopping weeks until heavy underwear.

When the political pot boils, it usually gets someone into hot water.

Will a DAYTON Rim-Cut?

Try One and Be Convinced THAT IT WILL NOT

It has been demonstrated that Daytons will not rim-cut. W. E. Emery put a 30x3 1/2 Dayton casing without an inner tube on a Ford sedan rear wheel and drove 53 miles. The casing was uninjured and is at our station to show for itself.

These tires sell at the following prices:

- 30x3 1/2 \$11.85
- 29x4.40 \$11.50
- 30x4.50 \$12.95
- Tubes \$1.25 up

Favorite gas ranges, all colors.—Crews-Long Hdw. Co., Crowell and Thalia.

For Sale—1,000 bushels last year's seed wheat, testing 60 lbs., at \$1.30 per bushel at granary. First come, first served.—J. W. Wishon. tf

Let us show you a Detroit Jewel gas range. Began baking better when grandmother was a baby, bakes still better for her grandbabies.—M. S. Henry & Co.

J. G. Thompson returned Sunday from Levelland where he had been visiting his son, Hugh. He said they have the finest feed crop in that country he has ever seen.

Miss Elsie Schindler and a friend, Miss Gwendolyn Garrett, of St. Mary's Academy of Wichita Falls were week-end guests in the home of her parents, Dr. and Mrs. H. Schindler.

F. T. Collingsworth and son, Clint, of Shamrock were here Tuesday looking for cotton pickers. They report crops fine in that section of the state. Mr. Collingsworth is a former resident of this county.

For Sale—Three stoves, Smith's system of heating, suitable for school rooms, price \$25 each, one-fourth of the original cost. Stoves are in good shape. See A. T. Beazley or B. P. Abston at Rayland. 16

Tom Beverly left Saturday for Hot Springs, N. M., where he has accepted a position as pharmacist in a drug store. Tom is a registered pharmacist of the State of New Mexico, having passed the examination of the State Board some weeks ago.

Mr. and Mrs. J. S. Woods who have been here for several days visiting relatives and old friends left Tuesday for Abilene where they will reside for a time. Their daughter, Miss Willie, was here last week from Abilene visiting relatives and friends.

Mrs. R. P. Womack returned from Dallas Sunday where she has been for several months under the care of an eye specialist. She has not regained the sight of one of her eyes from which a cataract was removed and it is feared that she will not, but the other eye has been strengthened.

J. M. Thurman, 73, half brother of T. L. Hughston of this city, died at his home in Anson Tuesday of last week. Mr. and Mrs. Hughston attended the funeral which took place Wednesday. The deceased is survived by his wife, 9 children, 23 grandchildren and 4 great grandchildren, all of whom were present at the funeral.

Mr. and Mrs. C. W. Thompson were called to Pilot Point Tuesday on account of the sudden death of Mrs. Thompson's brother, Stell Ragland, who dropped dead Monday at noon. Mrs. R. L. Bryant of Ralls, Mrs. Thompson's sister, accompanied them. The deceased was a druggist of Pilot Point for many years up until the time of his death.

The case of J. B. Easley vs. George P. Warner et al, and T. S. Patton and G. H. Patton vs. George P. Warner et al, in which Easley and the Pattons were trying to reclaim mineral rights to lands owned by these men was tried in the district court here last week and resulted in a verdict in favor of Easley and the Pattons. The case created quite a lot of interest and was a hard fought case.

The News has been unable to get the ginners report for the county, but we have made an estimate of a thousand bales up to the present. This is based on reports we have gotten from the Crowell gin, which is running well up towards 400 bales. The Rayland gin was reported to have ginned more than 300 the first of the week. These, with the two Thalia gins and the Margaret gin, ought to bring the total to 1,000 or more by this time.

M. B. Oates, agent for the Fort Worth & Denver road, was in Crowell Wednesday. He had been to the Lubbock fair and also to Plainview and Amarillo. He stopped in Crowell for a short time. He says the Plains country has a wonderful crop of feed and fair cotton but the worms have hurt the cotton very much. The farmers, he says, will have lots of feed to sell and will likely be looking for a market soon.

A letter from W. B. McCormick of Los Angeles, Cal., to the News contained a check for the News for another year. Mr. McCormick says, "We enjoy the News immensely and don't want to do without it, for we still remember our good friends there and like to keep up with them through the News. With kindest regards to all."

Mr. and Mrs. H. W. Norwood and daughter, Mrs. Winnie Jewel Probst, and their daughter-in-law, Mrs. Earle Norwood, of Vernon were here last Friday visiting in the home of Mrs. Norwood's sister, Mrs. Hines Clark. About twenty-five years ago Mr. Norwood was editor of the Foard County News and while here he called to see our new home.

Statistics show that women spend about 85 per cent of the money in circulation, and these figures don't have to be contradicted.

WHY NOT HARDWOOD FLOORS FOR YOUR HOME?

No improvement that you could possibly make on the interior of your home could make it more beautiful and livable than hardwood floors.

Hardwood floors are a part of the furnishings as well as a part of the house. They make the interior much more attractive and eliminate much floorcovering. You'll get constant enjoyment and satisfaction from them.

Let Us Figure with You Now

Now is the time to make the improvement on your floors before the winter season. Come in and let us figure with you. You will be surprised how cheaply it can be done and what economy hardwood floors afford.

We have the high quality hard oak that you want for good floors.

ANNOUNCEMENT TEA

"We've a tale which must be told which is new and yet quite old."

Such was the beginning of the invitations which summoned a group of expectant friends to the home of Mrs. Howard Bursey with Mrs. Bursey and Mrs. J. E. Long, hostesses, to see what news was to be "whispered in our ear."

Soon after the guests gathered there came the strains of Lohengrin's wedding march and little Miss Margaret Long came in dressed as a miniature bride, bearing in her arms a large white bouquet for Miss Anne Lee Long and one large flower for each of those present. To the flowers were tied tiny cards bearing the words: "Announcing the marriage of Anne Lee Long to Mr. Sidney Miller on October 4, 1928."

The guests then enjoyed a reading, "The Jealous Wife," by Mrs. Roy Steel and a contest, "The Garden Romance," in which were used the names of trees and flowers, after which tea was served to the following guests: Misses Anne Lee Long, Ola Carter, Mildred Nicholson, Marge Andrews, Lottie Woods, and Mesdames Que Miller, Morris Kenner, A. Y. Beverly, J. R. Beverly, George Self, L. A. Andrews, F. C. Brooks, Thelma Bell, John Myers, Roy Steele, Fred Rennels and Tom Russell.—Contributed.

OCTOBER

The Month for Laying By

Fall is in the Air! Cool days and cooler nights are here—social activities and school days are back—the lassitude of Summer is gone—crops are being gathered—all the animals of the outdoors are preparing for the winter, storing food, growing warmer coats and making warm homes.

October is the month for laying by, for preparing for the hard winter ahead. It is in the Great Plan—this having a time between the intense heat of summer and the bitter cold of winter for preparation.

Crisp, cool, peppy days! Days to lay by for inevitable winter!

We have the merchandise and the PRICES are RIGHT!

BLAW & ROSENTHAL

O. O. McIntyre says the greatest folks on earth are those who have been reared and live in New York City. He must be right, or else Tammany leaders wouldn't have the nerve to attempt to dictate to Southern prohibitionists how they are to vote, threatening them with expulsion from the Democratic party if they fail to be led willingly by a liquor head. Southerners are more devoted to principle than men of any other section, and if the Democratic party is to remain in the hands of the Smith-Thammany-Liquor gang there are millions of our people who have voted their last party ticket. Principle first.—Clarendon News.

Having the printing done out of town is one good way to keep the home printers feeling happy. In Vernon, Texas, not a job that amounts to anything ever leaves that town—in fact, the home people are so loyal to their home printers, and they have some good ones, that they do not give the outside man a chance. That is one reason why Vernon now has more than 12,000 loyal people, whereas it used to have 6,000 folks who just thought the mail order houses were quite the things, but have had a change of heart, it seems.—Stamford Leader.

Every business almost has something like the same experience. While the printer must pay bills made out on statements printed out of town the dry goods man, the hardware man, the furniture dealer and all the others see money go out of town for the things they have to sell. The real town and community builders are those who stay with the home people.

Symbol of Good and Evil

Bats are found in all parts of the world, and, as might be expected from their powers of flight, inhabit many remote islands, such as Bermuda and New Zealand. They are absent, however, from the coldest parts of the world and are most numerous in eastern tropics. In Chinese art the bat signifies happiness; as the Chinese character Fu, meaning bat, is identical in sound with the character Fu, meaning blessing. Among Bicolis and other Malays the bat is the messenger of Asutang "God of Evil."

GOOD GAS AND OIL

You will find the "peppiest" gasoline, the most soothing oil and other good motor tonics in town at this station. Give your crank case a bath in that good oil of ours and then let us fill your tank with that sparkling gasoline we handle and you will note the difference in the performance of your car.

THE FAMOUS

Crowell, Texas

Watch for Our Big
Signs
Follow the Crowds

Because it's new . . . Because it's individual . . . Because it's the most beautiful automobile of the day. This new Buick . . . the car of cars is enjoying the year of years . . .

THE NEW BUICK in THE NEW STYLE

Drawing the greatest crowds—winning the most enthusiastic praise—rolling up the biggest demand in all fine-car history—the Silver Anniversary Buick with New Masterpiece Bodies by Fisher is scoring the most sensational success ever won by any new quality car!

Millions of spectators thronging Buick shows rooms in all parts of the country! Tens of thousands enthusiastically placing their orders for the Buick of Buicks and car of cars!

And all because it is not only a leading engineering achievement of the past twenty-five years—em-

bodiment performance abilities un-matched anywhere in the world—but also because it ushers in an entirely new style—a fascinating new mode—of automotive beauty and luxury!

The motorists of America "looked to the leader for leadership" in automotive design. Buick answered with this epic car. And the public is responding with overwhelming demand—a demand that has forced the great Buick factory to production levels unprecedented in its entire history!

Things Worth Knowing

There are more than 3,500 distinct varieties of gladiolus.

Swordfish sometimes attack boats, mistaking them for whales.

The word malaria comes from the Italian "mal aria," meaning bad air.

Women of the Samoan islands sometimes wear beauty patches made of a thin luminous fungus that shines at night.

Ladybird beetles, which are avoided by birds, are a chief article of food for trout.

Persons exposed to measles almost invariably take it if they have not been previously infected.

Tungsten, which is so important a factor in making incandescent lamps, was scarcely known a generation ago.

A recent survey shows that only 1.4 percent of all the doctors graduated in this country in the last ten years have gone to practice in rural districts.

Steel tapes used in international boundary surveys and other measurements of outstanding importance permit of a precision of better than one part in a million.

British farm experiments show that strawberries should be planted as closely together as possible, because a picker spends more than one-fourth of each hour in walking from plant to plant.

A raindrop is an accumulation of water condensed upon a particle of dust in the air.

Clouds are classified as cirrus, or feathery clouds; cumulus, or clouds with rounded tops; stratus, or sheet clouds; and nimbus, or rain clouds.

Twelve million people died in India during the influenza epidemic of 1918-19.

Cockroaches are fond of the starch or rother material used as filler in cloth bookbindings.

The liver of the polar bear is poisonous and is never eaten by the people of the arctic.

Barnacles and other sea creatures that damage ships avoid corner and zinc more than other metals.

Ruins of a Roman soldiers' temple to the sun-god Mithra, dating back to before 352 A. D., were recently discovered in Germany.

The Aztecs had considerable knowledge of dyeing and other chemical processes long before Columbus came to America.

Weather records covering twenty years showed that San Francisco had fewer thunder storms than any other city in the United States.

Beecher Made Victim of Children's Prank

Henry Ward Beecher was a great lover of children. He was happiest when, seated in his favorite armchair in the evening, his grandchildren climbed and pawed over him or nestled in his lap. It was on such an occasion when one evening he remembered with a start that it was time for the evening service, relates Thrift Magazine. Without stopping to arrange his toilet he hurried to the Plymouth church in Brooklyn, and appeared before the large audience. There was a tittering that grew to a positive roar of laughter. For, as the great divine stood before his audience with all his majestic dignity, the audience discerned that his flowing locks had been done up in curl papers. Momentarily, he was non-plussed, then placing his hand to his head, his fingers found the offending pig-tails. Some one nearby heard him say, much to himself, "That rascal Daley," and then he joined in the general uproar.

Nolan County is to have one-half state aid in surfacing Highway No. 70 between Sweetwater and Blackwell. This is expected to total \$74,710.

Matter of Invention Subject to Dispute

Among all the inventors of whom popular history tells, only three—Archimedes, Ericsson and Edison—have been credited with more than one important invention. Others may have equaled them in genius, but not in luck. So, leaving aside these three "great inventors," let us take up the "inventors" who did everything else, and later the question of who were really great inventors.

Who invented the telegraph? Any American who has been through the eighth grade knows that it was Morse and Vail, in 1844. But there was an English commercial line seven years earlier, and the German credit the telegraph to Sommering, of Munich, in 1809, and in Switzerland there was an electric telegraph in 1774, and one was proposed in Scotland in 1753.

The matter becomes rather confusing for the eighth grade. Who invented the friction match? There are so many claimants that we don't know who invented it.

Who devised the aneroid barometer? In Paris in 1848 two men, Vidi and Bourdon, each claimed it, with apparent sincerity, and different courts decided for each of them. But 152 years earlier the philosopher, Leibnitz, had suggested such a barometer, describing it exactly.—Scientific Monthly.

Only Five National Holidays in America

Although individual states observe many holidays every year there are only five days a year which are celebrated everywhere in the United States and its possessions, explains Grace Robinson, in an article in Liberty.

"These holidays are New Year's day, Washington's birthday, Independence day, Thanksgiving, and Christmas," Miss Robinson points out.

Some of the more important holidays which are not celebrated by all the states, the writer explains, are: Labor day which is kept by 46 states; Election day, by 43; Memorial day, by 38; Columbus day, by 35; Lincoln's birthday, by 25; and Armistice day, by 23.

In the South the birthdays of Jefferson Davis and Robert E. Lee are still observed by ten and nine states, respectively, and four states celebrate April 25 as Confederate Memorial day.

Had No Change

The other day a man stuck his head out of a trolley window at Market street and whistled to a newsboy for a paper. The boy possessed in the news paper and waited for his money.

The man searched through his pockets one after another. A look of dismay suddenly clouded his countenance. All he could find was a \$5 bill. As the trolley began to move the newsboy trotted along at the window still waiting hopefully for his money.

He ran with the car at least half a block before his customer realized that he had no change. The paper was sorrowfully handed back to the newsboy, who "cussed" so loudly that several of the young women near by had to muffle their ears.—Philadelphia Record.

Bald Heads Rapped

One Sunday morning Joseph Bucklin Bishop heard Henry Ward Beecher preach a stirring sermon to a great congregation. After a specially eloquent passage the preacher paused a moment and then continued:

"The churches of the land are sprinkled all over with bald-headed old sinners, whose hair has been worn off by the friction of countless sermons that have been aimed at them and have glanced off and hit the man in the pew behind."

That was a trying moment for the bald-headed men present, comments Mr. Bishop in "Notes and Anecdotes of Many Years."

Their Three Selections

Auntie had written the children to write to her and tell her the three things they most desired for Christmas. Then, she said, she would select one of the three for their gift from her. Marjorie, being the older, wrote the following:

"Dear Auntie—We were tickled to get your nice letter and I will now tell you the three things we want most for Christmas. Buddy wants three bicycles and I want three wrist watches. These are the only three things we can think of. With love Marjorie."—Kansas City Star.

Get Rid of Troubles

People in Korea seek to rid themselves of all their distresses by painting images on paper, writing against them their troubles of body or mind and afterward giving the papers to a boy to burn. Another method of achieving the same object is to make rude dolls of straw, stuff them with a few copper coins, and throw them into the street. Whoever picks up such an effigy gets all the troubles and thereby relieves the original sufferer.

The One Sane Man

Out of every ten people alive today at least five (at a conservative estimate) have at some time or other wanted to act in a play. Of the remaining five, three have had the urge to write one, while one, at least, has had the urge to direct or produce one. The tenth man does not believe in this kind of magic at all. He is quite convinced that the other nine are crazy.—Leslie Howard, in Vanity Fair Magazine.

PURE WATER FOR SAN ANGELO

San Angelo, Texas, Oct. 1.—Insuring the city of San Angelo an inexhaustible supply of chemically pure and clear water, the new filtration plant of the West Texas Utilities Company under construction here will be put in operation by October 1st, it was announced by E. R. Hoppe, chief engineer of the company.

About 90 per cent of the construction work has been completed and within a comparatively short time the plant will be ready for operation, Mr. Hoppe said. "One pump has been set and the other pumps in the high lift pump station are being set. There remains yet a small amount of electrical and building work to be done."

"The clear well and conagulating basins are completed as are the river intake and low lift pumping stations. The pumping capacity of the new plant will be 12,000 gallons daily, almost four times the present consumption of San Angelo, which has been averaging 3,000,000 gallons daily."

Mr. Hoppe pointed out that with the new plant San Angelo would evade the possibility of muddy water as has happened occasionally in the past when the Concho River was at flood stage and carrying much sediment.

The building program also included the water mains of the city, these now being in better shape than any time in the past. The pump house or water works building will be fire-proof, using brick, concrete and steel red face brick will be used on the exterior and the inside will be finished with white faced brick.

Pursuant with the policy of the West Texas Utilities Company, landscape artists will lay out parks and flower beds, making it one of the most beautiful spots in San Angelo.

STATEMENT

Statement of the ownership, management, circulation, etc., required by the Act of Congress of August 24, 1912:

Of the Foard News, a weekly publication published at Crowell, Texas, for October 1928.

STATE OF TEXAS, County of Foard.

Pudding Is "Detoured" The mister had a boyish habit of visiting the pantry after the cook's departure and devouring all surplus sweets. One morning after a night's invasion of the pantry the cook asked her mistress: "When you all want for dessert for dinner?" "I think the date pudding left from yesterday will be sufficient for today," said the thrifty wife. "That pudding's been detoured by that meddlin' husband," was the irritated reply.—Indianapolis News.

Fat Men Stand Heat Beat Fat men can stand high temperatures better than thin ones, according to tests made by the bureau of military medicine at the Army Medical School. The fat men lost more weight than the thin men, but the experiments were over, says Popular Mechanics Magazine. The trials revealed that high pulse rate rather than mere increase in bodily temperature is the important factor that brings discomfort under high heat and humidity. A fly lays from 300 to 400 eggs in a lifetime.

Roby public schools lay claim to having the unique distinction of serving 100 sections of land. The school has had a phenomenal growth and its scholastic and athletic records draw recognition all over the state.

A check of the building program in Dublin reveals expenditures in excess of \$100,000. These include \$50,000 by a products company, \$35,000 by the Katy Railroad, a \$10,000 creamery and \$3,000 fair exhibits.

A building twenty-seven feet by one hundred feet, built of brick with concrete floor will house the Lockney Beacon at Lockney soon. Part of the building will be available for meetings of organizations without buildings.

Woman's Missionary Society
The W. M. S. of the Methodist church met Monday, Oct. 1st, at the church with seventeen members present. Mrs. Crews presided at the business session. Reports from all the officers were very encouraging.

After devotional led by Mrs. Klepper we were pleased to have Mrs. Sanders give us the first two chapters of "Women and the Kingdom." We wish that every member in the society could have heard Mrs. Sanders for you would have certainly enjoyed her talk.

Commencing with next Monday, we will meet at 3:45 in order that some of the school girls may take the study with us. Our lesson will not last more than one hour.

Let every member make an extra effort to be with us next Monday at 3:45.—Reporter.

P. T. A. PARTY

The members of the Crowell P. T. A. were very happy to greet the large crowd at the school auditorium on Friday evening. We take it as a token of your approval of our work and hope you will be present at our regular meeting on next Tuesday, Oct. 9.

The captains of the teams of the 3-day membership drive reported. The "Reds" won, having secured 103 members and the "Blues" 39 paid memberships. This was a great success. The "Blues" paid their penalty for defeat by three members of their team giving a clever stunt.

Prof. Graves and Mrs. B. W. Self gave short talks in interest of the work. Miss Cryer's room gave an interesting pageant interpreting various Mother Goose rhymes. An artistic folk-dance in colonial costume was rendered by Leoma Knox and Elizabeth Kincaid. Miss Johnson, teacher of expression, spoke in regard to organizing a dramatic club for Crowell. This would be valuable for those interested in developing dramatic talents. A quartet composed of Misses Woods, Sloan, Self and Patterson sang several clever songs.

Punch was served in the entrance hall and the guests were introduced to the teachers who formed the receiving line.—Reporter.

CITY TAILORS

BROOKS & MILLER

SALE Men's Suits \$1.00

75 suits to select from. Sizes 32 to 46. Here's the plan. Pick any two suits of the same price. Pay regular price for one, get the other for \$1.00. If you do not need two suits, bring a friend and split the cost.

These 75 suits go on sale Friday and Saturday and all next week.

At this low price it is necessary that the terms be strictly cash.

R. B. Edwards Co.

WEST RAYLAND (By Special Correspondent)

Morris Gregg of Post came Thursday for a few days visit with his brothers, R. M. and Pete Gregg, and his sister, Miss Eula Mae Gregg.

Miss Hattie Lura Prescott of Elliott is spending the week with her uncle, R. E. Prescott, and family.

Horace and Jerry Young made a business trip to Anton Thursday and returned Friday. They were accompanied by George Cribbs.

M. L. Cribbs and son, Clifford, made a business trip to Idalou Saturday.

Mrs. Jack Robertson and daughter, Jackie Bell, of Amarillo, Mr. and Mrs. Bill Anderson of Vernon, Joe Huntley and family, Misses Merlene and Jerlene Whittton, spent Sunday with Cap Adkins and family.

Mrs. Allie Huntley is ill.

Mrs. Hiram Jones is visiting her son, Mr. and Mrs. Hugh Jones, of Fargo.

Miss Era Mae Derrington moved to Parsley Hill Monday where she will teach school.

F. L. Farrar, M. L. Cribbs and Fred Belew made a business trip to Idalou Saturday and returned Sunday.

Mrs. Ralph Gregg went to Childress Tuesday to spend the week visiting her sister, Mrs. Nora Brown. She was accompanied by Mrs. Mae Graham.

Rev. W. V. O'Kelley and Horace Young went to Wichita Falls Monday night to hear George W. Truett speak.

Mr. and Mrs. Owen McLarty and children visited her parents, Mr. and Mrs. J. D. Jobe, of Vernon Saturday.

Mrs. Allie Huntley and Mrs. Cap Adkins visited Mrs. Owen McLarty Wednesday afternoon.

Mr. and Mrs. Ralph Gregg were dinner guests of J. E. Young and family Sunday.

M. T. Simmons and family, Buck Clark and daughter, Marie, John Hulon, Ross Funk, Melvin Prescott, Otto Schroeder and family, E. W. Crisp and family and R. L. Garrett were Vernon visitors Saturday.

Miss Marie Clark and J. D. Long of Vernon were united in marriage at the Thalia Christian church Sunday morning. A. F. Thurman officiated. Those who attended the wedding dinner were Mr. and Mrs. Jerry Clark, Mrs. G. Schultz and children, E. V. Courtney and family and Bud Clark.

Mrs. W. W. Wood and son, Wilbur Joe, of Rayland, Mr. and Mrs. R. L. Garrett were dinner guests of Mr. and Mrs. Owen McLarty Sunday.

Mrs. Owen McLarty visited Mrs. T. L. Curry of Lockett community Friday.

Miss Pearl Ward of Thalia, Mr. and Mrs. Frank Ward, visited Buck Clark and family Sunday afternoon.

E. V. Courtney and family returned Thursday from Waxahachie where they have been visiting for the past six weeks.

Jeff Prescott and family of Elliott spent Sunday with his brother, R. B. Prescott, and family.

Owen McLarty is suffering with a broken toe caused by dropping a sledge hammer on it while working at the Parsley Hill school house Tuesday.

Miss Lillian Moore, who is attending school at Vernon spent the week end with homefolks.

J. E. Young purchased a Chevrolet sedan Friday.

Mr. and Mrs. Davis, who have been living south of Thalia, moved Monday to Cap Adkins farm.

Naomi Ward, small daughter of Mr. and Mrs. Tom Ward, is ill.

Of Course This Didn't Happen in Real Life

Once upon a time, a man got wrecked upon a ship. The other passengers had all left. When the alarm was sounded, he probably had taken a bit too much. Well, anyway he found himself, left with plenty of food and water. But no companions. Of any sort. But a number of current magazines. Being intelligent, he realized these. Would in time give out. So he restricted himself. To only so much a day. However he was not rescued. As soon as he had expected. And he began to go over them again. Still no ship in sight. Time passed. He forced himself to review the tattered periodicals. Though he knew them from cover to cover. They palled. Lost even the effect of distraction. At last in despair, he seized all of them. Crying, "Heaven have mercy on me. There is nothing left. But to read the stories!"—Eugene Case, in Los Angeles Times.

Curious Storage

There is practiced in Kashmir, in India, a novel method of putting fodder up for winter use. The country lies in a valley among the Himalayas. The chief industry of the people consists of raising fine wool and in making this into fabrics which have carried the name of the country all over the world.

A curious custom in some places is that of hanging quantities of hay up among the branches of trees. Why this is done is more than the stranger can guess, and he is much puzzled until some native informs him that in winter the snow lies five and six yards in depth, and that the supplies of hay, which as he now looks at then seem only as if intended for giraffes, are then easily reached by the flocks of sheep which abound there.

SPLINTERS

VOL. 1 October 5, 1928 No. 39

Published in the interest of the people of Crowell and vicinity by the Cicero Smith Lumber Co.

R. J. ROBERTS, Manager.

We had a nice shower Tuesday evening and even if it wasn't a large rain it has sure cooled things off and makes everybody feel a lot better.

The cold and dusty season will soon be here and it is a good time to install Numetal Weather Strip before they arrive. It will help to keep cold and sand out and makes your house warmer.

If you have a house and no garage you should see our book-let of garage plans. A garage is as necessary as a front door these days.

Lewis Ballard has Oriental stucco on his home. Don't you like it?

Isn't it nicer to do your shopping at home where you know you will get courteous treatment from merchants and clerks who know you personally than it is to deal with strangers?

Put good buildings on a piece of land and it becomes a farm. Before it is improved it is just land.

It is surprising to know at what small cost you can modernize your home with hard wood floors, and extra bathroom, or a sleeping porch. We will gladly assist you with plans, and will help you work out the details.

You always find men who are willing to ride on the band wagon. What our town needs are men who are willing to fill it with gas and crank up.

Husband (arriving home late): "Can't you guess where I've been?"
Wife: "I can; but go ahead and tell your story, anyway."

"My wife doesn't know what she wants."
"You're lucky. Mine does."

ADELPHIAN CLUB

The Adelpian club met with Mrs. H. E. Ferguson Wednesday with Mrs. E. D. Oswalt as leader. During the business session the club voted to sponsor the art contests in the schools of Crowell.

The lesson for the day was a study of a Contemporary Novel "The Shadow Line," by Joseph Conrad. Conrad was a Russian by birth but became a naturalized British citizen and a master mariner in the British Merchant Marine. In 1894 he gave up seafaring and began writing novels.

The club members answered roll call with descriptive selections from

"The Shadow Line." Conrad's descriptions are so vivid that he is capable of making his readers hear, feel and see.

The novel is a story of character development, the crossing of that invisible line which divides youth from manhood. The background of the story is the sea and the Eastern Archipelago. The main characters are all seamen, yet each is characterized by steadfastness and fidelity. Conrad creates atmosphere around each character, each of which is essential to the interest, instructiveness and development of the plot.

The club was glad to have Mrs. Brown Franklin as a new member. A refreshing ice course was served to the members.—Reporter.

METHODIST CHURCH

Regular services Sunday at the Methodist church.

Beginning with the Sunday School at 10 o'clock under the direction of Bro. M. S. Henry, superintendent, we hope that all the services may be well attended.

We are now beginning the new Sunday School year, and it is a fine time for new students to join the school. As last Sunday was observed as promotion day a number of new classes were formed in most all the department of the school and special opportunities are offered to children and young people to begin Bible study. Too much can not be said of the courses of study now being offered in our school for all intermediate-senior young people, while all other courses are up to a very high standard.

Special preparations are now being made for another teacher-training class to be conducted in the near future.

Worship at 11 a. m. and 7:15 p. m. Young people's meeting at 6:30. Sunday will be observed as catch-up day for all who may be behind with their weekly payments to the support of the church.

Let us all try to make next Sunday a day of real worship and service. Let us be in the Lord's house on the Lord's day.

W. ROBT. McCARTER.

Mrs. Roberts Entertains Bridge Club

The Swastika Bridge club was entertained on Thursday, September 27th by Mrs. R. J. Roberts.

High score prize was given Mrs. Sylvan Haney and second high score prize was awarded to Mrs. Bryan O'Connell.

Mrs. McAnear was received into the club as a new member.

Refreshments were served to the members of the club and Mesdames Haskell Norman and Evans Mitchell and Miss Althea Saunders.—Reporter.

Swastika Club Entertained by Mrs. Alton Bell

On Thursday, September 20th, the Swastika Bridge Club was entertained at the home of Mrs. Alton Bell.

The colors of orchid and pink were carried out in the candies and table appointments.

Favors in the games were awarded to Mrs. Sylvan Haney for high and to Mrs. Jack Brian for second high scores.

Lovely refreshments were served to the members of the club Mesdames Johnson and McAnear and Miss Lozelle Kincaid.—Reporter.
