A farmers' and ranchers' inome tax training school will be held from 9:30 a. m. to 3:30 p. m., Wednesday, January 8, in the basement of the First Methodist Church in Crowell, according to Joe Burkett, County Agent.

This school will be conducted by C. H. Bates, Extension Farm Management Specialist, and J. tas tax refund, treatment of soi self-emloyment tax problems, and rights f taxpayers if returns are ques-

The main purpose of this meet-ng is to help those who work with armers and ranchers on part-time basis with their income tax and those who counsel with farmers and ranchers on tax management decisions.

However, anyone who has in-come tax problems is invited to attend, Burkett said.

AUSTIN — After signing a proclamation designating the month of January, 1958, as "March of Dimes Month" in Texas, Gov. Price Daniel has some words of encouragement for tiny polio victim George Craig DeVilleneuve, Jr., 22-months-old, of Austin. Stricken at the age of 10 months, Craig will eventually make a 100 per cent recovery, his doctors say. Cost of his treatment is paid by March of Dimes funds supplied by the Travis County Chapter of the National Foundation for Infantile Paralysis.

DAVID E. SOULES, candidate for the Ph.D. in immunology at DAVID E. SOULES, candidate for the Ph.D. in immunology at Wadley Research Institute in Dallas, demonstrates the Institute's newly acquired Spinco Analytical and Preparative Ultracentrifuge. One of 275 such machines in existence, the Ultracentrifuge is used for the separation of various components of the blood and for determination of molecular weights. The powerful machine, which is capable of 70,000 rpm, offers new techniques in the study of leukemia and cancer of the blood. Wadley is the first private institution in northeastern Texas to acquire the Ultracentrifuge.

New Mineral Named or Santa Fe Ry. Co.

A rare, new mineral discovered ar Grants, N. M., has been nam-Santafeite in recognition of anta Fe Railway's pioneer exoration and development of uraum deposits in that area.

Dr. Ming-Shan Sun, mineralost for the New Mexico State Buau of Mines and Mineral Reurces, is the discoverer of the w mineral. A complete paper his findings will be published rly next year in "The American neralogist."

Santafeite is a new hydrated madate. It was found in 1951 an outcropping of Todilto limeone near Haystack Mountain here, in 1950, uranium-bearing es were discovered on lands hose mineral rights are owned a subsidiary of the railroad. After more than six years of udy, Dr. Sun was able to classit as a new mineral.

Ordinarily, new minerals are amed after elements, the discov- Loot for the night-a rare oriamed after elements, the discov-rer, or places where found. This s the first instance where a new nineral has been named after a ailroad company, according to T. O. Evans, Santa Fe's mining en-tineer. CANDY AND GUM BIG

A NEW AND EXPANDED LINE OF STATION WAGONS BY FORD, producer of the most popular wagons, is offered for 1958. New to the line is the six-passenger Fordor Ranch Wagon (above), one of Ford's six new models built on body shells entirely separate from the Ford passenger cars. Ford spent \$185.000,000 on changes, including safety dual headlights, new jet intake grille and massive bumper, sculptured metal treatment throughout the car's exterior, and twin safety taillights as well as a completely new power train from engine to axle, all-new Cruise-O-Matic drive and optional Ford-Aire suspension. The 1958 Fords will be displayed at all Ford dealerships beginning November 7.
