Crowell High School Football Team Wins Thrilling Game with Burkburnett Bulldogs at Burk Last Friday Night

The Crowell Wildcats, High School football team, won another thrilling conference game at Burkburnett from the Burkburnett Bulldogs last Friday night by the score of 14 to 7 to place them in undisputed second place standing in the district race.

The box score looks like Kendrick Joy, Crowell's little "Napoleon," was the whole show for the Wildcats, as he scored both of Crowell's touchdowns and extra points. However, this was far from right, as the entire Wildcat team did some of the best blocking of the season to send Joy downfield on nice gains. Johnnie Frank Mitchell, fullback for Crow-

ell, teamed up again with guards, V. Bond and Larry Wood, and center R. C. Schlagal, to go for the ball carriers. J. L. Brock, right halfback for Crowell, also picked up several nice gains through the line. Lon Laquey, left halfback for the Wildcats, had half luck on his pass receiving, but did excellent work otherwise. Crowell's tackles and ends were always alert on the defense, with the exception of one drive that scored the touchdown for Burkburnett in the fourth quarter. Joe Glen Gibson, fullback for the Bulldogs, was outstanding for Burk. Crowell led in first downs 12 to 7 and doubled the "Oil Boom Town" boys in yardage gained.

The first half ended without either team scoring. However, Crowell drove 86 yards on one drive before losing the ball on a fumble in the second quarter. The drive started on its own two-yard line and ended on the Burk 12-yard line where the home boys lacked one-half yard making a first down.

Crowell used straight football to push over its first touchdown in the middle of the third quarter. Joy carried over on a line play that was good for five yards. He also plucked the extra point over to leave the score, 7 to 0, for Crowell at the end of the third quarter.

Purkburnett recovered a Crowell fumble in the middle of the field early in the fourth quarter. On straight football, Burk, too, drove down field for a tally. Lloyd Potts, quarterback for Burk, made his touchdown run that was good for six yards. Gibson kicked the extra point that tied the game up at 7 to 7.

The Wildcats recovered a Burkburnett fumble about the middle of the field and made it pay off. Joy broke loose for a thirty-two yard run, and Brock picked up fifteen more. Burk called time out at this point, but the Wildcats were not to be denied, and two more running plays by Joy were good for the winning touchdown. On this series of plays the Crowell boys did some of their best blocking of the season. Joy again plucked the extra point over to make the score, 14 to 7, for the Wildcats. The last minute of the game found Crowell killing time with line plays.

The Wildcats have another rest this week before taking on their old rivals, the Olney Cubs, here on Friday night of next week. However, the Wildkittens, Crowell's "B" squad, will give the local fans plenty of thrills tonight (Thursday) against the Vernon "B" team. This game will start at 7:30 p. m. and the admission will be free.

Two Paducah Men Killed on Highway Tuesday Night

Two well-known Paducah men, Allen Tomerlin, 18, and Tross Taylor, 22, were fatally injured on the Crowell-Paducah highway Tuesday night when the motorcycle they were riding collided with a horse.

The accident occurred about 7 o'clock, approximately one and one-half miles east of Paducah. The men had been in Crowell Tuesday afternoon.

There were no eye-witnesses to the accident, but Sheriff Claude Willingham of Paducah, who was at the scene shortly afterwards, asserted the large hole torn into the stomach of the horse's body indicated that the motorcycle had ploughed into the mid-section of the animal.

Taylor's body was found and sprawled on the highway, but Tomerlin had dragged himself to the side of the road. Both men were taken to the Paducah Hospital, but never regained consciousness. Tomerlin died about midnight Tuesday and Taylor succumbed about 45 minutes later.

Human Foot Found by Jim Roark on "Y" Ranch Monday; Unidentified Body to Match Foot Found on Tuesday

The mystery of the human foot became a deeper mystery here Tuesday following the discovery of an unidentified body to match the decomposed foot found Monday.

The foot was discovered on a lonely section of the Y Ranch 35 miles west of Crowell late Monday afternoon by Jim Roark, foreman.

Tuesday afternoon a badly decomposed body of undetermined age was discovered by officers and other searchers approximately 100 yards from the scene of the first discovery. Dexter Bevers, a ranch hand, found the body.

Officers working on the case said yesterday the body was still unidentified, and it was not determined if it was a Negro or a white man, however, it was definitely identified as a man. His age could not be determined.

The body was clad in two pairs of trousers and heavy winter underwear, indicating, officers said, that the death came in the winter. However, it was not determined how long the person had been dead. Speculation ran all the way from three months to three years. The outside pair of trousers were described as in tatters.

In the pockets of the clothing officers found a tobacco sack containing a few cents in change and a few papers tightly rolled containing some writing. The papers were sent to Austin where an attempt will be made to decipher the writing.

The skull and other bones of the body were also sent to Austin by Ranger Jim Greer of Vernon, who is making the investigation.

Officers said the skull showed no indication of foul play, but pointed out that the body was in no condition to determine if foul play had been committed.

The lone foot was found Monday afternoon encased in a heavy brogan shoe and showed the marks of coyote teeth. The shoe was described as a size 11 and was definitely not a rancher type.

Officers said the body was discovered in a very lonely part of the ranch at least 500 yards from the nearest dim ranch trail and at least five miles from the nearest highway. No railroad runs within 30 miles of the scene.

Deputy Sheriff R. R. Magee said the remains of the body would be held at Crowell until some disposition of the case had been made.

Officers pointed out that it was unlikely a man would be wandering alone in that remote part of the ranch and said that the chances he died naturally were dim.

Other investigation is now pending findings of the Department of Identification at Austin. While the foot was considered as definitely a part of the body, the mystery thickened when after finding the body both hands and the left foot were missing. Officers said it was possible that coyotes had dismembered the body. All limbs were severed at the joint and there was no indication that they had been severed by a sharp instrument.

The authorized capacity of Veterans Administration hospitals was increased by 1,882 beds during August, mainly because VA began operations that month in three hospitals acquired from the Army.

Under the present income tax law a man with two dependents who has a net income of \$50,000 pays \$24,111 in federal income taxes. If his income is \$500,000 he pays \$406,600 taxes keeping but \$93,400.

Veterans Administration has completed arrangements to provide special orthopedic footwear for veterans with service-connected foot disabilities.

VETERANS' QUESTIONS AND ANSWERS

Q. Does the amount of money I make on the job affect the amount of subsistence I receive while attending school under Public Law 346?

A. Yes. While taking a full time course in school, you are entitled to subsistence of \$65 per month if without a dependent or dependents and \$90 per month if you have a dependent or dependents, but if you also are employed, the rate of such allowance plus compensation received, shall not exceed \$175 per month if you are without a dependent or dependents or \$200 per month if with dependent or dependents.

Q. I sold my home on which I had a G. I. loan with a VA guarantee of \$1,500. Can I get another guaranteed loan to purchase a larger home for myself?

A. Yes, but since you've used up \$1,500 of your \$4,000 guarantee entitlement, your entitlement on any future real estate loan cannot exceed \$2,500.

Q. Does a discharge "under conditions other than dishonorable" mean any kind of discharge except a dishonorable discharge?

A. Yes. An honorable discharge or discharge under honorable conditions qualifies a veteran for benefits under the Servicemen's Readjustment Act. (G. I. Bill); a dishonorable discharge disqualifies him, but a discharge that is neither honorable or dishonorable may qualify or disqualify him, depending upon the determination of the "conditions" under which he receives it. Veterans Administration determines all such cases.

Q. What is the National Service Insurance Fund?

A. National Service Life Insurance is mutual insurance. All premiums paid on this insurance and all interest earned thereon are deposited and covered into a separate trust fund in the United States Treasury designated as the NSLI fund. The Government derives no profit from its administration and acts in the capacity of trustee of the fund for the sole benefit of the policyholders and their beneficiaries.

Some folks are called "has-beens," but a good "has been" is better than a "was not."

The nation's veteran population by the end of September had increased to more than 17,500,000 veterans of all wars and peacetime service, Veterans Administration said.

I the Lord have called thee in righteousness, and will hold thee in hand, and will keep thee, and give thee for a covenant of the people, for a light of the Gentiles. —Isaiah 42:1.

One of the chief obstacles against balancing the national budget is that while a few groups speak in a whisper that national expenses be reduced and the budget balanced other groups shout and clamor that this and that appropriation be granted or increased with no new source of revenue suggested.

About the time we get to taking our home town for granted and begin to forget the praiseworthy things it has, some strange drifts in and begins to sound his praises of it. He thrills over the good things that have become to us common place and forgotten. It suddenly boosts our own appreciation and regard for the place.

saw the squeeze coming. He might have weathered it had he reduced his expenditures in time. He argued to himself that he could not. He would get around to it later. It happened that later was too late. In the end he was forced to reduce his expenditures to a point considerably below that which would have saved him and permitted him to weather the depression in a solvent state.

A good deal has appeared in the papers about the city of Trieste in connection with the peace parleys and negotiations. A bit of history in connection with this important city might be interesting. Situated at the head of the Adriatic sea it serves as an outlet for the water borne traffic of much of Southwestern Europe.

War pensions now being paid by the government total \$90,000,000 a month.

HISTORY

The Institution of the Monroe Doctrine—December 2: The Monroe Doctrine was first announced to this nation by President Monroe in his annual message to Congress on December 2, 1823. The Monroe Doctrine announced that this nation as a matter of principle was opposed to the extension of the control of European countries over territory included in the American continent.

What We Think (By Frank Dixon)

One of the most interesting developments of the past week, in my opinion, is the announcement by John Lewis that unless the government forthwith and instantaneously straightens up the difference that Lewis fancies exists between the miners and the government, a general strike of soft coal miners will be called.

The announcement was accompanied by a peremptory demand that federal officials meet Lewis in Washington on a specific date determined by Lewis—or else. Lewis presented the demand without previously consulting department officials to know whether or not the date set by Lewis would be mutually agreeable. It happens that it will not.

Some five months ago the government stepped in and took over the mines from the operators, lock, stock and barrel because the owners refused to grant the sweeping demands made by Lewis. The government at that time granted to Lewis all of his demands and more, and proceeded to operate the mines.

The government notified the operators and owners of the mines that they could have their mines back when, as and if they agreed to grant to Lewis all the concessions that the government had granted, and under which the owners said the mines could not be operated.

To date, five months after taking over of the mines by the government not a single operator or owner has accepted the terms laid down by the government or is in possession of his property. The indications are that none will claim his property under the conditions imposed and it may be necessary for the government to continue to operate the mines for some time to come, if not indefinitely.

The fact about the proposed strike that makes it news above the general strike pattern, with which the country is being plagued, is that even though a government obviously partial to labor has granted the demands in full and has gone even further than the demands, it cannot, in spite of its generosity and compliance to the Lewis will and demands, work in harmony with the boss of the miners union. Lewis claims the Interior Department has violated the government's contract. Secretary Krug insists that there has been no violation of contract.

Two states, Arizona and Nebraska, will vote on a "Right to Work" amendment. If adopted it will outlaw the closed shop. In other words a workman will not be required to join a labor organization in either of these states to get a job.

Pay as you go and don't go too much.

"Bride Wore Boots," New Laugh Film

Two men, two women and a horse participate in what is reported to be a laugh-packed, five-sided matrimonial comedy-romance, "The Bride Wore Boots," due next Sunday and Monday at the Rialto Theater with Barbara Stanwick, Robert Cummings and Diana Lynn. These three, plus Patric Knowles and an intelligent equine called Albert, complete a delicious design for living which is said to be enough to make a horse laugh.

"The Bride Wore Boots" is an original screenplay which fits Miss Stanwick and Cummings as well as the smartly-tailored riding clothes they wear in the picture. Diana Lynn has her first really grown-up part, and advance notices indicate that she makes the most of her juicy role of the female wolf with the Southern howl. The glamorous Miss Stanwick is said to be equally alluring in the chick riding habits and in the seductively flimsy negligees and attractive house-coats she wears in the picture.

The supporting cast, in addition to Knowles, includes such popular standbys as the late Robert Penchley, Willie Best, pop-eyed Negro comedian who, as a philosophical staidhand, is said to steal many a scene, and Percy Wood, star of scores of Broadway successes.

If Isabella had ice cubes...

Christopher Columbus would never have discovered America!

Isabella, Queen of Spain, had caskets full of jewels. She had velvet robes and silken gowns and handsome hand-made shoes. But she had no electric refrigerator! So the jewels were pawned. Three little ships set out against the sea. And Columbus happened on America back in 1492.

Fantastic? Not really. In Isabella's day, they tried to keep food from spoiling by spices brought overland at great expense from India. Columbus believed he could reach the Indies by sailing westward on the unknown Atlantic. The rest is in history books. Poor Isabella, with all her clumsy luxuries, never dreamed of ice cubes—nor any of the miracles of modern electric living!

Though electricity plays such a great part in today's comforts and conveniences—you're scarcely conscious of electric service. That's because it's always on hand—all you want—at little cost.

Handicapped Are Efficient

More than 1,000,000 handicapped workers served the country during the war period, and frequently, it is stated, they excelled the output of non-disabled employees. The handicapped people are anxious to make good. They do their best to overcome whatever obstacles their handicap places in their way, and so in many cases they excel the average person.

One can be sure that they will do their best, that they will be attentive to their work, and try hard to improve their skill and knowledge. They are likely to prove very valuable workers.

COLUMBIAN CLUB

Wednesday, Nov. 6, Mrs. Charlie Thompson was hostess for the regular meeting of the Columbian Club.

Miss Elizabeth Elliott was leader for a delightful study of textiles and plastics.

The following subjects were discussed: "Cotton Magic," by Mrs. M. O'Connell, in which she stated cotton was first grown for its flowers, and considered rare because the blooms changed from white to pink. The story of smuggling cotton into new territory by stuffing the bodies of dolls with cotton seed was interesting.

Mrs. C. R. Ferguson discussed plastics. She stated, during war times, science progresses in one year as much as in 50 years of peace. She exhibited a paper doll dressed completely in plastic garments and traced weaving which began with bamboo and feathers worn by the early Indians to the synthetic textiles of today. She stated synthetic rubber was proving better for production of shoe soles and tires than real rubber.

Mrs. Mabel Burns told something of the care of the new textiles and plastics.

Miss Elliott had on exhibit a packet of the new things in textiles sent out from Dupont's in New Jersey. Especially telen, a new water resisting material, very beautiful and suitable for draperies, upholstery and children's play clothes. It seems to shed water, dust and dirt in a way to prolong the life of the cloth and keep it clean.

Several other new materials, velon, lanatil and saran were shown.

Mrs. Jack Roberts presided for a short business session in the absence of the president, Mrs. Grady Halbert.

The next meeting will be with Mrs. O'Connell on Nov. 20.

It is predicted by those who specialize in such things that the tide of deflation will set in in the early part of 1947. The feeling usually. The adjustment is not predicted to be as severe as that which happened in 1920 and 1921. The decline in prices will start first with the items that are more abundant and for which the demand can be most easily met.

On the day before price ceilings were lifted hogs sold on the country's markets at \$16.25 a hundred, three days after the ceiling was abolished the price went to \$21.50. The day before the controls were lifted from beef the price was \$19.62½ per hundred. Three days after price control was abolished the price jumped to \$26.50.

Some people are said to lack "push." If they are good pullers and will help move the load along, they are helpful.

FOR GIRLS ONLY

Are you one of those students who claim the privileges of a pep squad member but who manages to drop in to pep meetings only three days a week and loaf around the campus the other two days?

The rule of having to be present for at least three meetings a week was made for a reason. It is for the benefit of any member who is absent for part of the week and who could not otherwise be eligible for the trip out of town or a free pass to the next game.

When you joined the Wildcat pep squad, you showed interest in your school. However, merely joining is not enough. New yells must be learned and practiced, co-operation exercised, and above all, our school spirit kept keen and alive. You can see what kind of cheering section we would have if only half of the girls came all week and on Friday night only half of the pep squad knew the new yells. And besides that, it just isn't just to come to only three meetings a week, so that you can ride the bus to Archer City.

Come on, girls, the football boys think you are plenty wonderful. Let's show them we think they are, too, by really going out to pep meeting four days a week. P. S.: (Hint—Anyone who does not come three times next week will not get a pass to the Olney game.)

SENIORS PLAN BIG DOINGS FOR FUN NIGHT CARNIVAL FRIDAY

Exclusive! Yes, sir, that's exactly the description of the CHS Senior's brain child, the Fun Night frolic in the gay and mysterious halls of our dear old CHS. Bingo, cake walks, and other phases of fun bait will bring people from miles around. So just phone those friends you won't be over for that bridge party or send a telegram to the hostess of the huskies' bee telling her it's impossible for you to be there, and come on up for a night of fun and fellowship with your hundreds of friends. (They'll be there.) Start thinking about it now!

Just Remember:
 What? The Fun Night Carnival!
 Who? The Seniors!
 Where? The halls of CHS!
 When? Friday Night, 7:30!
 P. S.: Don't forget your pocketbook!

NOTICE

This week the Rialto Theater invites Mary Ray Ayers and Bob Edwards to attend any show for the coming week.

PATRONIZE SENIOR STAND

We, the seniors of CHS, want to thank those who have helped to patronize us by buying cuts and drinks at the senior stand during the ball games. We are going to use the money made here to help pay for our senior trip.

If you haven't been around to the stand, why not drop around Friday night, Nov. 22, during the Olney game. We serve candy, pops, coffee, sandwiches and hot dogs! Ummm Delicious! Especially after yelling and being so excited during the game. We surely appreciate it.

We especially want to thank those Class Mothers who have so faithfully helped us: Mrs. T. S. Hanev, Mrs. Dwight Campbell, Mrs. Roy Barker, Mrs. Veatrice Brock, Mrs. Walter Thomson, Mrs. Gordon Cooper and our sponsor, Henry Black.

GIRLS, ATTENTION!

National scholarships are offered for students outstanding in their high school work. These scholarships offer a year of college work in these women's schools: Barnard, Bryn Mawr, Mount Holyoke, Radcliff, Smith, Vassar and Wellesley. They are colleges that have gone together to offer this award to girls. If a winner is on the college honor roll her freshman year, she is then given a scholarship until her graduation. Winners are given enough money to pay all their college expenses.

Twenty-two scholarships are given each year.

To be admitted, four years of English, three years of foreign languages, one year Algebra, and one year plane geometry, and one

year of history are required. We have only one year of Spanish offered here. Exceptions are made for those who attend schools not offering all these subjects. Awards will be based on a questionnaire filled out by the applicant, and she must have a personal interview with the representative of the seven colleges. It's worth working for!

SMILING BLONDE, MARTHA JOHNSON

Born to Mr. and Mrs. Richard Johnson on Oct. 18, 1929, a baby girl, Martha Ann, who after seventeen years of growing steps up as a smiling, sweet and sensible girl, whom everyone loves.

Under her list of likes, dating a certain guy tops the list while eating chicken and dill pickles tags behind. She dislikes onions and people who slap other people. Also among her list of favorites comes actor and actress John Wayne and June Allyson; song, "Laughing On the Outside," "Beer Barrel Polka," subject, Plane Geometry; sport, volleyball and her favorite pastime, which is putting chum's locks on backwards. (Better not let the teachers find this out, Martha). After leaving dear old CHS comes college, preferably "Tech," from there to become a secretary, and from there—well draw your own conclusions.

"GADABOUT"

Yes, he is found nearly anywhere on the CHS campus. You may find him in the gymnasium because he likes basketball. You will find him in English IV class the seventh period because that's his favorite class, and he says he really means it. And speaking of a person who gets around, he does. (Or at least he did this last summer). To find out more details ask him or one of his buddies about their trip to Mexico. Oh! I almost forgot this "speed ball" football player can sometimes be found in the office, too. (Could this be because he has affection for the new secretary, Evelyn Barker?) (It could be possible).

You probably know who it is by now, but just in case you do not, he is about five feet, nine inches tall (and a good looking blonde to all girls). He likes all kinds of sports and dislikes anyone who doesn't try in some sport.

His favorite foods are: T-Bone steaks and French fried potatoes. He dislikes digging ditches and boy "sots."

His favorite sport is football (of course) and his favorite pastime is fishing, hunting and seeing Evelyn Barker.

Who else could this be but Johnnie Mitchell!

CROWELL WILDCATS WHIP BULLDOGS, 14-7

The Crowell Wildcats stepped high Friday night in showing off some of their power and speed to district foes by defeating the Bulldogs of Burk Burnett, 14-7. It was a thriller all the way and for a while looked as if it might end in a tie.

The first half was scoreless as Gibson of Burk kept the Wildcats deep in their own territory with his fine punting.

It was in the third period that the Wildcats finally drove across the double stripe with Joy carrying over after receiving fine assistance from Brock and Laquay. Joy also carried for the extra point.

Another long drive was made by the Wildcats late in the fourth frame after Burk tied the score 7-7. Joy again carried the mail for this score.

Some good blocking and tackling was shown by the team as the Wildcats fought hard throughout the game.

Another thing needed to be mentioned was the fine sportsmanship given the Wildcats by Burk after the game.

The Wildcats have an open date this week which they will use in preparing for the home game with the Olney Cubs the following week.

WILDCAT PURRS

KATTY CULTURE:

When someone asked Sharon whom she goes with, Larry W. promptly said, "me." How true. The split between Floyd Borchardt and Marlene Mitchell may be only temporary, but you had better watch Faye Jones.

Billy R. Cooper can't decide whom he likes. Is it a blonde, William?

This is getting old, but why doesn't R. C. Slagle and R. E. Johnson give the CHS girls at least a glimmer of hope?

Has anyone else invited Pat Fox because of that cute boy friend, J. V. Cunningham?

WONDER WHY?
 Martha Johnson has that happy gleam in her eye? Must be Don Wilkins.

Billy Johnson looks longingly at Elizabeth Joy? That's right; it's love.

We haven't heard of a cute couple—Emilie Kajs and Bobby Cato—before?

Lora Abston and Jimmy Fox just can't keep that look out of their eyes when they meet?

AMBLING AROUND.
 Newest heart throb of Booty's is Ray B. and speaking of heart-throbs how about Kathleen E. and Marion Hord?

A gruesome twosome seen around a lot are Ray Gable and Mary Ayers.

George McNeese and Helen Reithmayer conversing in the study hall. Wonder what that

note was all about?
 Glad to see Vera Lee and Icy-phene Wharton in CHS again. They are classed as sophs, and are plenty O. K.
 V. and C. D. seem to have on their string some cute QHS girls. Just ask them about Quannah.

 IT'S NEWS WHEN—

 Baxter Gentry has that look in his eye for only Betty Brock.
 Joann N. spends a Sunday night without Bill. This isn't very often.
 Kenneth Ownbey and Myrtle Bartley are seen together on Saturday night.
 What happened to E. W. or will this be a triangle?
 Also news when the Seniors start planning a carnival which will be Friday night. Don't miss it.

SIDE SPLITTERS

Mr. Black: Do you have trouble meeting your obligations?
 Brock: No. I never have trouble meeting them; my trouble is finding them.

Richard Ferguson: Johnny, can you pay your bill now?
 Johnny: No, see me Thursday.
 Richard: I'll be out of town Thursday.
 Johnny: So will I.

Walter: I went diving in a brand new swimming pool today, but it'll be more fun tomorrow.
 C. D.: Why?
 Walter: They're going to put some water in it.

Talkative Children

Someone remarks that children seem usually to talk a good deal more than children did in former years, and that many parents encourage their children to talk. There was an old motto, that children should be seen and not heard. The idea in those times seemed to be that adults and old folks while the adults and old folks spoke, and that the kids should be content to drink in this wisdom from above.

Older people remark that they were young, and that they should be taught that they should be seen and not heard. They might be encouraged to talk just as much as the children are now.

In so far as there has been a change in this respect, because parents feel that for their children to grow up early age, and that they should help them to talk with their friends, and that they should make friends readily.

SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Released by Western Newspaper Union.

Lesson for November 17

PAUL MINISTERS TO THE THESSALONIANS

LESSON TEXT—Acts 17:1-7; 1 Thessalonians 1:2-4; MEMORY SELECTION—Be not weary in well-doing.—1 Thessalonians 3:13.

A great city, commercially active, religious to a high degree, a military center and a harbor, a fine that it is the city of Thessalonica. It presented a challenge to the preachers of the gospel and, in the name of Christ, Paul accepted and won a great victory.

In the face of persecution, bitter and persistent, the believers in this city remained faithful. The reason for that appears in our lesson. Rooted and grounded in Christ, they had brought forth the fruit of real Christian living under circumstances which were difficult and trying. Our lesson tells of both the preaching of the gospel by Paul and the living of the gospel by the Thessalonians.

I. The Gospel Preached—Accepted and Rejected (Acts, 17:1-7). Paul began his long and successful ministry in Thessalonica in the synagogue. It was to the Jews who worshipped the one true God that he came with his message about their expected Messiah—Christ the Lord. Here he established a strong church.

What was the message which so signally succeeded in this great strategic center? Well, it was not (as some modern preachers in large cities seem to think necessary) a series of social, political, or literary discourses. Paul preached Christ. He reasoned with them and presented the Saviour (v. 3) as One who was 1. Dead for our sin. These people were like us in that they needed a solution for their sin problem.

Without the death of Christ there is no salvation for any man. Only through the shedding of blood can there be remission of sin (Heb. 9:22). Paul had no part in the folly of a "bloodless gospel"—as though there were any such gospel.

2. Raised for our justification. It was not enough that Jesus died, marvelous as that is in our sight. For many a man has died for his convictions, but none has risen from the dead. Christ could not be held of the grave. He arose the victorious Redeemer.

3. Declared to be the Christ. He is more than a man, more than a great leader and an earnest teacher. He is God's anointed One, himself divine—and our Lord.

Some believed (v. 4), including many devout Greeks, and not a few of the leading women. The gospel does have life-giving power as the Holy Spirit applies it to the hearts of willing men and women.

Others opposed (vv. 5, 6). Note that they were "of the baser sort." They always are, even when they appear to be cultivated and educated, for there is something fundamentally wrong in a life which rejects Christ.

It was a serious charge they made against the Christians (v. 7), for it was treason punishable by death to have any other king but Caesar if one lived in a Roman colony.

But the thing which they hated worst in these Christians was the fact that their topsy-turvy world was in danger of being set right, (they put it the opposite way, v. 6), and they did not want to be made right. It is interesting to note that these early preachers had divine power to turn over the social order. Would that we showed more of that power in the church today!

Accepting the truth is good, but it must go on in daily living. The Thessalonians knew that and they are models of

II. The Gospel Lived—Followers and Examples (1 Thess. 1:2-8). Paul, the missionary, was a courteous preacher. He recognized the faithfulness of Christian brethren and did not hesitate to commend them. We could do more of

Jesus' Ministry of Love

Jesus said that he "must work the works of him that sent him" (John 9:4). And so we find him going straightaway about his Father's business.

1. Healing (Mark 1:32-34). Also in verses 29-31 we find him tenderly sharing the sorrow of the home of a friend. All at once there was new hope, and soon there was joy. Jesus had come and had brought healing. Christianity is not a selfish faith if it follows its Lord. All the city came to his door with the diseased and demon-possessed, and he healed them all.

2. Praying (Mark 1:33-37). The Son of God sought out a place and a time for prayer communion with his Father. Certainly we need the grace and power that prayer can bring far more than Jesus did, but we say we are busy; so was he. We are tired; so was he. People will not let us alone; they also followed him. We make excuses, but we have no real reasons for our unfortunate delinquency. All men were seeking

that when we meet true and faithful believers. They were followers of Paul, but only because he followed Christ (v. 6). His power was from above (v. 5), even as they also were chosen from above (v. 4).

Following Christ meant affliction to them (v. 6), but it also meant the joy of the Holy Spirit, which is entirely independent of the circumstances of life—and above them.

These Thessalonian believers were examples of what it meant to be Christians. Wherever Paul went their faith toward God was recognized and he did not need to explain or argue for his gospel. People knew the Thessalonian Christians, and thus they knew real Christianity.

There could be no finer witness to the faith of anyone than to be able to bear testimony that it is an example—a model—to which others may look and not go astray. Do we dare to measure our Christian lives by such a standard?

Mr. and Mrs. Alva Spencer Honor Newly Weds with Reception

Mr. and Mrs. Alva Spencer were hosts at a reception Saturday evening, Nov. 9, honoring Mr. and Mrs. Joe R. Spencer, who were married recently in Lubbock and Mr. and Mrs. James O'Hair.

Mrs. Spencer met the guests at the door and presented them to a receiving line of Miss Nora Banister, Mr. and Mrs. James O'Hair, Mrs. Mina O'Hair, and Mr. and Mrs. Joe Spencer and Mr. H. L. Greener.

After registering in two guest logs, where Mrs. Ralph Burrow presided, guests were invited into the dining room by Mrs. Arnold Rucker.

The table, covered with a lace cloth, was decorated with two large wedding cakes which were cut by the honorees. The punch bowl was surrounded by white rosebuds and fern.

Mrs. Joe Burkett and Mrs. L. A. Andrews served the cake as Mrs. Nelson Oliphant poured. Assisting in the dining room were Misses Peggy Walls, Ruth Michaels, Ann Harrell and Elene O'Hair.

Wedding gifts of Mr. and Mrs. Joe Spencer were displayed in the back bedroom.

Mrs. Woodrow Lemmons played incidental music throughout the reception hours.

Throughout the house chrysanthemums were used as decorations.

Other members of the house party were Mesdames Henry Burckhardt, Moody Bursley, Misses Nancy Jo Godwin, Janet Roark, and approximately 200 guests attended the reception.

Columbian Club Entertains with Husbands Evening

On Halloween Eve, the Columbians entertained their husbands and friends with a delightful covered dish dinner and "42." Mesdames Grady Magee, H. A. Smith and Kenneth Halbert were hostesses at the Adelpian Club House.

Quartet tables were laid with Halloween cloths and centered with bowls of popcorn. The receiving rooms were decorated with autumn leaves and flowers. The dining table was beautiful in an Irish linen cloth, centered with an unique arrangement of seasonal fruits and vegetables and groaned with all good things to eat. Every appointment throughout the club house was Halloween.

After dinner the tables were cleared and ten spirited games of 42 followed. Prizes were given for high score for both men and women. Johnny Cope won for men and Mrs. Leo Owens for women.

Guests for the evening were: Mr. and Mrs. W. B. McCormick of Los Angeles, Calif., Mr. and Mrs. J. H. Cope of Lubbock, Mr. and Mrs. J. R. Beverly, Mr. and Mrs. R. R. Magee, Mr. and Mrs. Leo Owens and Madams Carrie Hart and Pearl Schindler.
