REUBEN DER KNIFESJOB OR INTO ENGLISH — RUBE WHITTLESWORTH

Interviewed by "Spider" Bell
Have you noticed the new boy who has just enlisted, I mean enrolled, in CHS. Well, it's none other than Rube Whittlesworth, a transfer student fresh from the hills of Kentucky. The monstrosity, I mean boy, is nine feet three inches tall, has flaming red hair, and is always carrying a fire extinguisher in order to put out the flaming red hair.

ject while pencil sharpeners are his hardest subject to understand. Rube's favorite food is roasted crow's breast along with chili sprinkled with sauerkraut. His favorite music is hillbilly with his favorite song being "Adolf Hitler." I mean "Fraulein."

Rube's favorite sport is tiddly-winks. Also, another one of his favorite sports is boxing. Of course, Rube is only a spectator from ringside, the reason for this being that he is knocked out of the ring every time he fights. His favorite hobbies are skinning butterflies, polishing telephone poles, shining shoes for horses, making play money and trying to pass it for real, and making "Kickapoo Joy Juice."

After he graduates, he plans to become a professional bird-watcher. May you escape the largest of vultures, "Buzzard Bait" Whittlesworth!!

HOMEMAKING GIRLS MAKE DOLLS FOR FOREIGN LANDS

The homemaking classes have been busy making dolls to send to Europe and the Far East for Christmas. Each class has made four dolls dressed in different types of clothing. They obtained the material for these dolls from the "Seventeen" magazine and will send them back to the "Seventeen" to be distributed later. These dolls were taken to the Area II meeting at Stephenville and displayed on the stage.

FHA STUDENTS ATTEND MEETING AT STEPHENVILLE

Last week end, Bettie Knox, Joyce Latimer, Cecelia Drabek, Elizabeth Davis, voting delegate; Peggy Cates, candidate for secretary, and their sponsor, Mrs.

Doyle Kenner, attended the Area IV meeting at Stephenville. The theme of the meeting was "Know Your Neighbors." Students from Mexico, Japan and South America talked about their school system, dress, courtship, and demonstrated their ways of dancing. A very realistic "Sputnik" floated around the auditorium flashing on and off and making wierd noises. Peggy Cates was elected secretary of Area IV and was installed in her office Saturday afternoon. Congratulations, Peggy!

NATIONAL LIBRARY WEEK

"Wake Up and Read" is the slogan for National Library Week, to be celebrated March 16-22. Extensive publicity is underway in various media — newspapers, magazines, radio and television. Fifteen major magazines with circulations totaling over 49 million have scheduled tie-in articles about reading, home libraries, books that are favorites of famous people, and so on. Top ranking authors are writing articles to distribute to 540 newspapers, and television executives are scheduling time on major TV programs.

This educational campaign, which is sparked by leaders in all phases of the book world, is designed to show the variety and availability of books for all kinds of tastes to stress the values of reading. There will be lists and displays of the best books for home libraries, books of children, how-to books, books for pleasure, books on our country, and so on. The aim is to make the "best-kept nation the best-read nation." The feeling is growing that an informed citizenry is necessary for survival in this age of trouble. J. D. Meeks, librarian, Dallas Public Library, is state director for the project. It is hoped that organizations in this area will take this opportunity to promote books and the values of reading.

CAT SCRATCHES

How did the "working seniors" do over the week end? Were you busy, seniors? I was! Why? Well, I felt that I ought to go around to the different places and help out a little—wherever I was needed. Things didn't turn out so well though—I just seemed to be in the way. In the drug stores, everyone ignored me—they didn't even notice that I was there. So I went to the dry goods stores. Here, I was kicked, pushed, and stepped on, and no one cared—or even knew I was around. Next, I tried the gas stations. Gads! I almost got run over! When I stepped on the grease gun, grease shot all over the place! It got on everything—including me!! Oh, what a mess! I got out of there before I was noticed!

"Where could I go now?" I thought. "Oh, yes, the business offices—I was sure I could do some good there. So—off I went! The minute I arrived, my eye caught the typewriter. I was sure I could type a letter. Up into the chair I jumped and began to press the keys. Humh — something's wrong. I better fix this typewriter. I "fixed" it okay—the ribbon came out—fell on the floor and began to roll away. Trying to roll it back, I began to get tangled up in it. Before I knew it, I was completely rolled in a ball — helpless. Oh, what a mess! At last I was noticed. (I wish I hadn't been because the man who noticed me was awfully mad). He unwrapped me, kicked me out the door, and told me never to come back. Gheeze!! What a grouch! I was only trying to help! So long. Tabby.

TATTLE TALE

Seen at the party Saturday night were Sue Robertson - Don Welch, Janie B. - Charles, Sue-Jackie, Judy B. - Mike W., Janise-Taylor. Seen at the Plaza Saturday night were Wanda - Eldon W., Ginger-Bobby, Jim Henry-Judy J., Kerry-Shirley.

Carol, did you have fun Saturday night? It seems as if you did. Couples at the basketball game were George M-Lavoy R., Eugene D-Jeanne J., Roy Don-Jerry Ann, Donald - Sandra, Jimmy - Lynn.

Jimmy-Lynn were seen making the rounds in Vernon Sunday night. Mary Ann-Albert were seen in Knox City Saturday night. Double dating Saturday night were David-Lois, Gerald-Robbie, Oecie, how are you and Bobbie Sorraat making out?

Seen in Quannah Saturday night were Jana-Jimmy, Sandra-Donald, Carolyn-Ted. Man, George is really getting to be a lover. He was with two different girls over the week end—Lavoy on Friday and Judy on Saturday.

Looking Tech over Sunday were Shirley and Berry. Something new — Jeannie and Eugene are going steady. Everyone had fun at Jerry Ann's birthday party Sunday night.

We hear that Jerry and Billy have parted ways.

MOON WAVES

Welcome to the fourth exciting series of "Moon Waves." Due to the slight trouble we had last week on our visit, we were unable to visit very long, but thanks to our brilliant CHS scientists, we now have our cameras in working order again, and we are all ready to have another "stab" at it. Ah! Glop — blop — gloop —blop—pling!! Oh good! We're just in time for lunch. The Greencheese are eating dinner—this should be interesting. I wonder what they're having today? The tasty looking meat is steamed plesiosarus neck trimmed in tasty tidbits of ichthyosarus toe nails. The next dish consists of several delicious items: it's called gnom a la king. It is a mixture of anchisarus brains, crocodile toe jam, and lizard gizzards—topped off with cold whipped jarassic cream. That "yummy" salad is very good—it's made of molded fern roots dug up from the local tar pits. Ah, now dessert! This delightful dish is called dragon fly a la mode. The contents are beetles, termites, cockroaches, all jelled together in dragon fly eyeballs!

Of course, no meal would be complete without a drink. Today, the Greencheese are drinking the blood drained from the great gigantosaurus — boiled — then topped off with wonderful spices. The name of this drink is bloody gloat—much like our coffee. Now doesn't that make your mouth water? (I just bet it does.) Well, so much for today. See you next week? If you think I made up all those long names—just look them up in the Book of Knowledge!!

SPOTLIGHTING SPIDER

There's a character roaming the halls of CHS that puts everyone in the "limelight" but himself. It's none other than Mr. Charles Byron Bell—in other words—"Spider." Last week Spider, who does all the interviews for the "Senior of the Week," interviewed himself. We think he left out a few very important things. A few of those that he considered unimportant are that he was elected "Wittiest Boy" this year, is editor of the annual, a member of the Student Council, was picked as having the ideal personality for a boy, is a member of the band, and "beats the skins" in the combo of "Hesse's Madmen." Of course, you know by now that he contributes much to the "Wittiest" each week. These "identifiable characters" that keep turning up in the paper are the brainchildren of Spider. This tall lanky come not only breaks the monotony of school life with his—shall we say "wit?"—but has also contributed much of his time working on school functions. So, Spider, this week we pay homage to you and wish you the best of everything! And as you put it—adios, amigos!!

Home Demonstration Notes

MRS. MARY D. BROWN
Last week we finished our 3-day drapery workshop. In all, 15 women attended this workshop. Not all of them made draperies for themselves. Some of the ladies worked on other's draperies. However, I believe that all did enough work to enable them to make draperies on their own at any time. Mrs. Elton Carroll, Mrs. Cecil Carroll, Mrs. Glen Goodwin and Mrs. Johnny Marr actually made draperies for their homes, and between them they had enough panels for everyone to work on. Mrs. Elton Carroll used this new pleator tape on the top of hers. Mrs. Goodwin and Mrs. Marr used crinoline and then made their own pleats. Mrs. Cecil Carroll gathered her's on the rods, so we had all types of headings represented. Don't forget that our H. D. Council meets this Saturday, March 8, at 2:30 p. m. in my office. After council, the THDA committee will meet to elect the 3 delegates to the District Meeting in Rotan and a new THDA chairman. Let's all try to attend this meeting.

McMURRY REPRESENTATIVE MAKES TALK

Gordon R. Bennett, executive vice president of McMurry College, presented a talk to the senior class last Monday. By covering all aspects of college life, and relating many amusing incidents, he pointed out that college rounded out an individual and prepared him for social life as well as preparing him to hold important jobs and positions. Thank you, Mr. Bennett.

INTER-CLASS BALL GAMES PROVE EXCITING

Last Wednesday morning, excited high school students rushed to the gym to see the basketball games between the freshman and sophomores, and the juniors and seniors. In the two exciting games that followed, the sophomores beat the freshmen 40-24 and the seniors beat the juniors 35-30. The class spirit was really evident. Mrs. Davis and Spider Bell really made a couple of good looking cheerleaders. The play-offs were Friday evening. The freshmen vs. juniors and sophomores vs. seniors. The final score of the freshman-junior game was 46-33, in favor of the juniors. The sophomore-junior game was really a thriller. The score was close all through the game, and in the last few seconds, Tom Crowell made a free shot to tie things up. A 3-minute over-time was necessary to break the tie. The final score was 43-42, in favor of the sophomores. Boys who played for the freshmen were Don Welch, Bill Smith, Boob Carpenter, Guy Todd, Geo. Moss, Jackie Hickman and Roy Washburn. Sophomore players were Bill Graves, Tom Crowell, Fredrick Youree, Ivan Cates, Louis Kajs, Jim Henry and Bobby Powers.

The junior class was represented by Johnny Matus, Gerald Bradford, Jimmy Werley, Oecie Tarver, Henry Faske, Joe Wheeler, Jimmy Rader and David Carpenter. Senior players were Robert Wheeler, Eugene Davis, Harvey Smith, Jimmy Weaver, Jerry Sellers, Dale Rettig and Sonny Cates.

HOMEMAKING III CLASS STUDIES VITAMIN B

There are two main reasons why all the vitamins of the B complex should be supplied. One reason is that since these vitamins occur together in foods, no person could be deficient in one of the B vitamins without being deficient in all of them. Another reason is that the efficient action of any one vitamin of the complex depends upon the presence of the other members of the complex. All the vitamins of the B complex are soluble in water, therefore they are lost unless the water in which foods are cooked is used. Of all the vitamins of the B complex, thiamin is the only one harmed by heat. No foods should be over-cooked. Re-heating should be avoided; whole grain, quick cooking cereals should be used, and bread is nutritionally better if used untoasted. Meat should be cooked at low temperatures and eaten rare.

Since water is not stored in the body beyond that needed for immediate use, none of the B vitamins can be stored. Therefore, when the supply of B vitamins in the diet is inadequate, those in the body are quickly used up. To prevent loss of the B complex, one should eat wheat germ, blackstrap molasses, liver and substitute salted peanuts and roasted soybeans for candy. The fact that the vitamins of the B complex cannot be stored

FOREIGN CARS SELLING AT FAST CLIP

A U. S. News and World article points out that foreign-made cars, most of them are small economical models rolling right along in this country. The 1958 total is expected to be 400,000, as against a 34,500 in 1954. Volkswagen leads by a big margin, followed by Renault.

The USS Essex rounded Cape of Good Hope March 1800, becoming the first warship ever to do so.

JESSE OWENS SOLICITS YOUR VOTE AND INFLUENCE at the DEMOCRATIC PRIMARY JULY, 1958 FOR RE-ELECTION TO THE OFFICE OF DISTRICT JUDGE
Age, Experience and Understanding People as well as law are good qualifications for a District Judge. Jesse Owens has the following experience:
1. Sixty-two years of age.
2. Taught school six years.
3. County Judge four years. (This experience good Judicial background.)
4. District Attorney four years.
5. Assistant Attorney General three years.
6. Trial lawyer more than twenty years. (This experience beneficial to a District Judge.)
7. Approximately eight years District Judge.
Our Judicial Retirement Plan primarily financed out of Judges' salaries. The state keeps 5 per cent of each Judge's salary for that purpose. As of date I have contributed approximately \$4,000.00 to the Judicial Retirement fund. On September 1, 1957, there was a balance of approximately \$560,000.00 of contributions by the Judges in our Judicial Retirement Fund. And as of this date our retirement plan has not cost the Tax Payers one penny.
After one becomes sixty-five years of age he never knows when he might become disabled. While I have not said that I intend to retire, I would like to be eligible to the benefits of our plan. By serving another term, I will be eligible for retirement and if re-elected, I can assure you that I will serve you another four years.

## THIS IS THE PROMISED LAND, WHY GET PANICKY?

Somewhere between 4 1/2 and 5 million persons are unemployed and looking for work. It seems as though farm surplus is not alone in our everyday market that would cause disruption in our home life. But I have news for all union labor who wants to live without working. Just buy a farm and don't farm it. When you put it out of business, you are in business. Just promise Uncle that you won't grow anything for anybody to eat or wear, and Uncle will rent your whole shebang for 10 years. If you already have a farm, stop farming. Uncle will probably let you live in your house, just so's you don't work the land. Just work the Government. Get out your old whittlin' stick, sit on your front stoop and watch Uncle "bringing in the sheaves" — the rent, that is. No more plowing, hoeing or fighting grasshoppers, chinchbugs or boll weevils. No crops to fail, no toil or moil from sunrise to moon-up. There's still more. Uncle will pay 80 per cent of the cost of planting your idle land with trees. So draw up the old rocking chair, fill up your corn-cob, and watch the days go by. In addition to your cash rent, the trees will grow while you snooze and in time turn into capital gain. Since so many of our unemployed were formerly workers on the farm under the Brannan Plan, and since that plan has only been changed through name only; there is a great security for those who are of a privileged character.

Talk about the life of Riley! Riley never had it that good. Neighbors, this is the Promised Land. All you need is for Congress to act. In an election year, how can you fail? Over-production in our industrial activity is just as dangerous as over-production of cotton, corn, wheat, rice or sweet potatoes on the farm. Tell it to your Congressman.

# American Consumers Will Spend Two Billion Dollars on Sporting Goods in '58

By T. B. Klepper

American consumers will spend two billion dollars on sporting goods this year, a research agency has estimated.

Expenditures for recreational goods are three times larger today than in 1950. Here is one of the great new markets open to any alert retailer.

Because the sporting goods market is new and growing, it may be greatly influenced by advertising. In fact, it can't be captured without advertising.

The new buyers of boats, bowling balls and badminton birds have not established retail preferences. They do not know where they can

## HOME BUILDERS CIRCLE

Mrs. Rusty Russell was hostess to members of the Home Builders Circle of the Methodist Church Tuesday afternoon.

In the opening exercises, Mrs. J. A. Bell discussed brief business and led the opening prayer.

Prayer was the subject of the evening devotional given by Mrs. Gordon Erwin. As accompaniment to the devotional, her daughter, Cindy, sang the "Prayer Song." Mrs. Jack James talked on "Finding God through my Life."

Mrs. Russell served refreshments to the members present: Mesdames Jack James, Sonny Eddy, Clyde James, Glenn Shock, J. A. Bell, Grady Adecock, Gordon Erwin, and three visitors. Miss Dorothy Erwin, Mrs. A. Y. Beverly and Mrs. Mike Raspberry.

The next meeting will be with Mrs. Glenn Shock on March 11.

## FOARD COUNTY FEDERATION

The Foard County Federation of Women's Clubs met Friday, Feb. 28 at Margaret in the community house. The Riverside H. D. Club was charge of the program.

A covered dish lunch was served at the noon hour, after which J. B. Foye of Burk Burnett gave a talk on social security.

The next meeting will be April 29 and the Adelpian Club will be the hostess club. The Columbian Club will bring the program.

# In the News... 30 YEARS AGO

News items below were taken from the issue of The Foard County News of Friday, March 2, 1928:

Crowell is losing two pastors. Rev. L. Guy Ament, pastor of the Christian Church, and Rev. E. L. Mayfield, pastor of the First Baptist Church. Bro. Ament will go to Roy, N. M., and Bro. Mayfield to Wilbarger County.

Claude Callaway, tax assessor, commenced his work of assessing taxes on Feb. 10.

Crowell will get a 15 per cent credit on account of its good fire record.

Paul Bishop is building a 4-room house with bath and other modern conveniences.

On Thursday evening, Feb. 23, the senior basketball boys were honored by an informal party in the gymnasium by the senior basketball girls.

Merrill Allee was slightly burned on the face and had his hair and eyebrows singed last week when he lighted a match and threw it into a hot stove where he had poured some coal oil.

A 25x40 foot frame building to be covered with sheet iron is going up on property belonging to Henry Ross south of J. H. Olds' feed store to be occupied by Dayton Clapp, painter, and Ray Johnson, furniture repair man.

A large number of Crowell people are taking advantage of attending grand opera in Wichita Falls this week.

Mrs. Esca Brown was hostess to the Adelpian Club Wednesday afternoon, Feb. 22, at the home of Mrs. J. A. Johnson.

Miss Florence Hinds was leader of the Epworth League program Sunday on the subject of "Love Your Enemies." Others on the program were Ella Patton, Rachel Stewart, Chas. Ashford, Marie Jinks, Marion Cooper and Jewel Brown. Mrs. Klepper talked on "How We May Love Our Enemies."

Mrs. Baxter Johnson, Mrs. Joe Johnson and Mrs. J. H. Lanier were hostesses to the Methodist Missionary Society in a social meeting at the home of Mrs. Baxter Johnson on Feb. 27.

Miss Ball was leader for the B. Y. P. U. program last Sunday. Others on the program were Susie Johnson, E. C. King, Mr. McBurnett, Lee Black, Valton Wallace and Ruth Sparks.

into the waterway to increase the moisture in order to speed up the establishment of a good sod cover.

Some of the farmers who are cooperating with the Lower Pease River Soil Conservation District are taking advantage of the moisture conditions and are shaping, repairing, and preparing their waterways for seeding to grass. Leon Speer has just completed shaping a waterway that is approximately one mile long. He plans to seed his waterway with native grasses such as blue grama and buffalo grass. Grady Halbert has been re-shaping one of his waterways that needed a few minor changes. He already has some K. R. bluestem established in his waterway. Henry Borchardt has constructed one diversion terrace and one ridge type terrace that have been turned into a waterway in order to get more moisture which will help him in establishing a sod of permanent grasses.

If you are interested in constructing a waterway, assistance is available in shaping waterways and establishing cover and sod in the waterways through the Great Plains Conservation Program and Agricultural Conservation program.

Other SCD cooperators that have applied practices are: constructing ponds, Alton Abston and Leon Speer; terracing, Mrs. Gladys Crossno, Moody Bursey, A. J. Morris, Bill Tysinger and Henry Borchardt; erosion control, I. dam, Bax Middlebrook; diversion terraces, R. H. Borchardt; waterways, Leon Speer.

Marine Corps Brigadier General Henry L. Larsen became the first military governor of American Samoa on Jan. 15, 1942.

Austin, Tex.—What will happen to Texas without a sure flow of oil money to grease the wheels of government and business?

March oil allowance was set at 2,517,249 barrels a day (a drop of 513,814 barrels a day from February) with only nine producing days. Railroad Commission said the cutback to lowest level since pre-World War II days was necessitated by excess stocks.

Over-supply developed this way, according to officials: Texas production was shoved to record highs a year ago to supply Europe while the Suez Canal was closed. Then Suez re-opened, Middle East oil flowed to Europe again and Texas was left holding unwanted surplus. Further aggravating the situation was the rush of foreign oil into the U. S., taking part of the market from Texas production.

Digging into causes and effects is Governor Price Daniel's Oil Imports Study Commission. At first-round hearings in Austin these views were presented:

By Gov. Daniel—Texas is facing its most serious economic threat in 25 years. "Mandatory federal controls" are apparently the only way to stop excessive importing.

By State Comptroller Robert S. Calvert—Continuation of the present oil production pattern for another 50 days would put the state \$20,000,000 further in the red by the end of the current fiscal period. This would mean a \$32,000,000 shortage rather than the \$12,000,000 deficit estimated earlier.

By Maurice Aners, Texas Employment Commission—Employment in the Texas oil industry has declined 8,000 since last July. A drop of five per cent in oil employment takes \$50,000,000 in wages from the Texas economy.

By A. T. Mullins, General Land Office—One company has said it will stop seeking oil from state-owned lands, and others have said they will, unless the state reduces lease prices.

By J. Warren Hitt, Texas Education Agency—Approximately 31.3 per cent of state school money comes from the oil and gas industry.

By Marshall Formby, Texas Highway Commission—Reduced oil production would eventually cut back construction of highways.

By John H. Winters, Commissioner of Public Welfare—Loss of oil revenue could reduce payments to the aged, the blind and

Many more individuals are needed for work with young people. You can volunteer to serve in one of the numerous organizations crying for help on every hand—the Scouts, the YW and YM, club activities for boys and girls.

Does your town have a community center where teenagers can hold meetings and play games? It takes work to establish such a center, but it doesn't need to be elaborate. Sometimes a very simple one is the best, but somebody has to sponsor it.

**You Are Needed**

We should also remember that after a community center is established, your help will be needed. It doesn't just run itself, of course. Ideas and volunteer help are a MUST.

There is need likewise for constructive activities for boys and girls in the churches. Get together a group of young people. They will have ideas about what they want to do, but they need your suggestions as well as your assistance.

**Gathering at Home**

Make your home a center for young people. Have a barbecue party in the back yard; start a song fest around the piano in the living room—or sing without a piano. Teen-agers enjoy home more than we imagine—if there is something to do.

This job of promoting activities for young people is a tremendous one, but it is well worthwhile.

WAR FATALITY RECORD

Over the New Year holiday, the fatalities in this country established a postwar record, and a total of 160 was well above expectations. An outstanding exception to the general rule was provided by Connecticut, where there was no traffic death. The state has been waging a tough war against sedans. Licenses are suspended for 30 days on the first conviction, 60 days on the second, and indefinitely on the third.

Texas' lowest recorded temperature was 23 below zero at Tula Feb. 12, 1899.
In 1950 Texas' population was 10th in the nation.

Our Weekly Sermon

Everlasting Love A nine-year-old girl in Pacifica, California, has told authorities a heart-breaking story of being rejected by both her stepfather and her real mother. She wrote her school secretary a note which began, "I love you very much. Please take me home with you." The stepfather, a 35-year-old sheetmetal worker, has been charged with felony child beating for whipping the little Susan Sherwood. The girl showed multiple bruises and welts which she said were made by her stepfather's belt. Police who investigated said they found Susan's mother to be indifferent to the child's plight. "My father is not my real father—he's my second father. And he does not like me," Susan wrote in her note to the school official. "My mother is my real mother," she added, "but she does not like me either." She said her father wanted her to run away and live with "someone else" and that she would be whipped if she didn't. "So will you take me home with you? I will be very good to you. Please

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, M.D., Commissioner

For the first time in Texas history, live births passed the quarter-million mark. More than 252,000 births were recorded as the year ended, compared with 72,000 deaths. That's a healthy 3 1/2 to 1 ratio of births over deaths, and indicates a natural population increase of 180,000.

Other health events were equally significant. An influenza epidemic—the worst since 1918—caused a flurry of activity among health officials in months just before the year died. Before it was over two million doses of vaccine were rushed into the state. Vaccine—and early warning—undoubtedly lessened the epidemic's impact.

As the official state agency for city planning assistance, the State Health Department processed 14 applications for federal financial aid. Total cost of projects, all in cities of less than 25,000, is \$451,252, of which the federal share is \$215,483.

Spring floods were behind the urgency of 58 special health projects costing \$417,000, including control of insect vectors, rehabilitation of water plants, and chlorination of thousands of farm wells. Almost 1,100,000 pounds of food had to be removed from sale channels as being unfit for human consumption during the year. Four separate episodes of radioactive isotope mishandlings were

Hot Fighters Now "Sweat It Out"

Supersonic fighter planes are "sweating it out" in ground tests to insure that they can withstand the high operating temperatures caused by high-speed, high-altitude flight.

The facility used for these vital tests consists of two 35-foot sections, each 12 feet in diameter. One section is mounted on wheels to allow access to the forward half of the fuselage under test.

The chamber can duplicate altitude conditions up to 100,000 feet and is designed to subject an entire fighter plane fuselage, complete with its electronic fire control and air conditioning equipment, to thermal conditions at supersonic speeds. Not only must the equipment be properly ventilated to remove the heat it generates itself, but the heat conducted, convected and radiated inward from the aerodynamically-heated fuselage skin must be removed.

Nearly six hundred tubular heat lamps inside the chamber can produce the desired temperature in one minute flat. Air evacuation for altitude simulation is handled by steam ejectors and semi-barometric condensers.

Remote control of the system is handled through a graphic panel in the control room.

## Bridal Shower and Party Honors Mrs. Frost at Vernon

Mrs. Delbert Frost, formerly Miss Carol Marie Orr, was honored Friday evening with a bridal shower in the home of Mrs. Roy Brazil of Vernon.

Co-hostesses with Mrs. Brazil were Mesdames Laura Huffman, Wayne Bell, Floyd Carlton, Milas Childress, H. D. Frost, F. H. Reed, Jessie Miller, George White, Ed Mitchell, Gene Thomas, John L. Hunter, Thelma Collins and Frank Cooper.

Junior hostesses included Misses Betha Stinnett, Patsy Condon and Sarah Ann Brandon.

Guests were greeted by Mrs. Brazil and presented to the honoree by her mother, Mrs. E. W. Orr, and the groom's mother, Mrs. H. R. Frost.

The register table was centered with a large pink heart sprinkled with glitter and outlined with pink net ruffling. Miss Brazil secured signatures of 45 guests in a white leather bride's book.

Mrs. Frost was attired in a powder blue jersey and lace sheath dress and wore a white carnation corsage, which was a gift of the hostesses.

Featured in decorations throughout party rooms were the bride's chosen colors of white and blue. A white organza cloth over blue covered the refreshment table. An arrangement of white gladioli centered the mantle. Burning tapers in crystal candelabra flanked the center arrangement.

Misses Marietta Bell, Stinnett, Condon and Mesdames Childress, Bell and White alternated at the crystal pub service.

Mesdames Cooper, Frost, Carlton, Miller and Huffman attended the gift rooms. Gift of the hostesses was a set of aluminum cookware and a crystal water set.

Mrs. Frost is the daughter of Mr. and Mrs. Earl Orr of Vernon, and Mr. Frost's parents are Mr. and Mrs. H. R. Frost of Kirkland. The couple was married Feb. 2 in Quakake.

Out of town guests for the shower were Mrs. W. S. Carter Jr. and daughter, Linda, of Burkburnett; Mesdames H. E. Frost, Roy Reese, Don Reese and D. J. Reese of Kirkland; Mesdames Henry Borchardt and Clyde James, and Misses Janie Bowers, Wanda James and Judy Borchardt of Crowell.

## Mrs. S. T. Crews Presents Pupils in Musical Program

The pupils of Mrs. S. T. Crews with their parents and a few friends were honored with a reception and musical program at the home of Mr. and Mrs. Crews last Friday evening.

A well-prepared program was rendered by Misses Janice Daniel, Renee Cooper, Jo Nell Bradford, Carolyn Eubanks, Pauletta McBeath, Susella Smith and Elaine Crowell.

The house was beautifully decorated with cut flowers, gifts from friends.

Delicious refreshments were served to thirty guests.

## PIONEER CIRCLE MEETS

The home of Mrs. R. H. Cooper was the meeting place of the social meeting of the Pioneer Circle of the Woman's Society of Christian Service of the Methodist Church Monday afternoon. Co-hostesses with Mrs. Cooper were Mrs. A. R. Sanders and Mrs. Ed Tharp.

Mrs. A. Y. Beverly was program leader on the subject, "The March of Missions in Healing." Mrs. J. W. Bruce gave an inspirational devotional, basing her thoughts on Matt. 5:24, 25. "Help Somebody Today" was sung by the group with Mrs. C. W. Thompson leading. A prayer was led by Mrs. Hines Clark.

Miss Dorothy Erwin, a guest, gave an article on "Korean Methodism Today." Mrs. Beverly had provided a worship center consisting of a lighted candle and an open Bible before a map of the United States. She told that the first Methodist Church was in Maine and the first college was in Maryland.

Mrs. Beverly and Mrs. S. S. Bell presented a skit which concerned the Brewster Hospital in Jacksonville, Fla. A question and answer period followed. Mrs. Clark talked on "Sawako."

The meeting was brought to a close by "The Lord's Prayer," repeated in unison.

The hostesses served a dainty refreshment plate to fifteen members.

## WEST SIDE H. D. CLUB

A very enjoyable day was spent at Mrs. J. T. King's home when the West Side Home Demonstration Club held an all-day meeting Tuesday, Feb. 25. Collect for club women and THDA Prayer repeated in unison opened the meeting. Mrs. Bayler Weathered brought the opening exercise titled "Johnson's Grocery Store," with Mrs. Henry Rose reading "Don't Pretend."

Business was discussed, with an Easter forty-two party planned and the making and wearing of an homemade Easter hat or headdress. Mrs. Weathered gave an interesting demonstration on "Good breakfasts," stressing that skipping or missing this important meal is causing noticeable loss of efficiency at work and of youth at play, much ill health, and a lot of bad manners. The members present were Mesdames J. T. King, Donald Jones, E. Norris, Henry Rose, S. E. Tate, Bert Mathews, Oscar Gentry, Walter Thomson, and J. B. Weathered and Mike.

## \$12 BILLION FOR RECORDS

A reliable estimate says the maintenance of records costs American business a cool \$12 billion a year—which explains the fast-increasing use of electronic computers and memory machines.

## GAMBLEVILLE H. D. CLUB

At the home of Mrs. Andrew Calvin Friday, Feb. 21, the Gambleville Home Demonstration Club met for its regular meeting. Presiding was Mrs. Willie Garrett, president, and in the absence of Mrs. Cecil Carroll, secretary, Mrs. Garrett called the roll. The council report was given by Mrs. Calvin who also conducted a quiz for the recreation period. The hostess gift was drawn by Mrs. Rusty Russell.

For the program, Mrs. W. A. Johnson of the Thalia H. D. Club, demonstrated how to monogram glasses and other glassware. Also, different hobby magazines were shown to the club by Mrs. Johnson and different members ordered various articles.

There were 12 members and one visitor present. Mrs. Archie Campbell will be hostess for the next meeting Friday, March 7, at 2 p. m. Visitors are welcome.

## VIVIAN H. D. CLUB

The Vivian Home Demonstration Club met Feb. 27 in the home of Mrs. C. M. Carroll for an all-day meeting. A covered dish dinner was enjoyed by 9 members and 2 visitors. Plaster of Paris planters were made by 3 members and 1 visitor. The demonstrators were Mrs. J. A. Marr and Mrs. Arthur Sandlin.

Mrs. Clyde Bowley was in charge of the afternoon session. Mrs. Sandlin read a poem and they sang "The More We Get Together" for the opening exercise. Mrs. C. M. Carroll was elected to be a delegate to the THDA district meet and Mrs. J. A. Marr to be a nominee for the THDA chairman office. The club project of cleaning the Vivian Cemetery was set for April 1. There will be a covered dish dinner on that day and all interested people are invited.

The club will meet March 13

## T. E. L. CLASS

The T. E. L. Class of the Baptist Church met Feb. 27 with Mrs. Cora Belle Whaley and Mrs. W. R. Womack as co-hostesses. The meeting was opened by prayer by the president, Mrs. Doyle Callaway. Mrs. Leotis Roberts quoted from memory First Corinthians 2-9 for the devotional thought. Mrs. Frank Moore led in prayer for the coming revival.

After a short business session, the meeting was closed by prayer by Mrs. Maggie Fox. The ladies had a very interesting Bible quiz for the social hour. Refreshments were served to 12 members and 3 guests. Mrs. Bill Bell and daughter, Barbara, and Mrs. Ola Weathered.
